Notice: TLC Accepting Electric Vehicle License Applications Beginning October 19

As of today, October 19, 2023 For-Hire Vehicle Licenses are available for electric vehicles (EVs) for any qualifying person or entity. Mirroring the current exemption for wheelchair accessible vehicle (WAV) licenses, TLC will be taking applications for EVs and WAVs pursuant to the recent [For-Hire Vehicle License Report](#).

New applicants must already own an EV or a WAV to apply.

Prior to applying for an EV license, TLC encourages applicants to understand the economic and operational considerations of owning and driving an EV.

We also encourage applicants to utilize federal and state incentives that may be available to EV drivers, such as the [Federal Clean Vehicle Credit](#), and the [Drive Clean Rebate](#).

To apply for an EV license, your Base must first submit a Base Affirmation in TLC's online portal [TLC Up](#). Once submitted, you may apply for the EV license through the [License Applications, Renewals and Summonses \(LARS\) site](#).
