

TLC OpenData Mine – Search (using a search on the ‘Medallion Drivers – Active’ list for the TLC driver’s license number)

This list only shows the current day’s snapshot and no longer contains historical data. In order to determine whether a particular driver appears on the active list for the current day, first locate the dark blue ‘Filter’ button as shown below:

The screenshot shows the NYC OpenData viewer interface. At the top, there is a banner for '1100+ Datasets Available'. Below that, the viewer title is 'Unsaved View' with options to 'Save As...' and 'Revert'. The main content is a table titled 'Based on TLC MEDALLION ACTIVE - History'. The table has columns for License Number, Name, Type, Last Updated Date, Expiration Date, Last Updated Time, and Active_Flag. A yellow arrow points to the 'Filter' button in the top toolbar, which is circled in red. The footer contains copyright information for 2013 The City of New York and links for Contact Us, FAQs, Privacy Statement, Terms of Use, and Site Map.
