#### INDEPENDENT AUDITORS' REPORT

To the Board of Directors of New York City Transitional Finance Authority

We have audited the accompanying financial statements of the governmental activities of New York City Transitional Finance Authority (the "Authority"), a component unit of The City of New York, as of and for the years ended June 30, 2009 and 2008, as listed in the table of contents. These financial statements are the responsibility of the Authority's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the governmental activities of the Authority as of June 30, 2009 and 2008 and the respective changes in financial position thereof for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

The accompanying management's discussion and analysis on pages 2-6 is not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

New York, New York September 25, 2009

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

The following is a narrative overview and analysis of the financial activities of the New York City Transitional Finance Authority (the "Authority") for the fiscal years ended June 30, 2009 and 2008. It should be read in conjunction with the Authority's government-wide financial statements, governmental fund financial statements and the notes to the financial statements.

The annual financial statements consist of three parts: (1) management's discussion and analysis (this section); (2) the government-wide financial statements; and (3) the governmental fund financial statements.

The government-wide financial statements of the Authority, which include the statements of net assets (deficits) and the statements of activities, are presented to display information about the reporting entity as a whole, in accordance with Governmental Accounting Standards Board ("GASB") Statement No. 34 - Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments, as amended.

The government-wide financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting. Accordingly, revenue is recognized when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows.

The Authority's governmental fund financial statements (capital and debt service funds) are presented using the current financial resources measurement focus and the modified accrual basis of accounting. Revenue is recognized when it becomes susceptible to accrual, which is when it becomes both measurable and available to finance expenditures in the current fiscal period. Revenues are considered available if received within two months after the fiscal year end. Expenditures are recognized when the related liability is incurred, except for interest on bonds payable, which is recognized when due.

The reconciliations of the statements of revenues, expenditures and changes in fund balances of the governmental funds to the statements of activities, and the balance sheets of the governmental funds to the statements of net assets are presented to assist the reader in understanding the differences between government-wide and fund financial statements.

The Authority's authorizing legislation limits the amount of Authority bonds and notes issued for The City of New York's (the "City's") general capital purposes ("Future Tax Secured Bonds" or "FTS") to \$13.5 billion as of June 30, 2009. Subsequent to the Authority's year end, authorizing legislation was enacted under Chapter 182 of the Laws of New York, 2009, which permits the Authority to have outstanding \$13.5 billion of FTS. In addition, the Authority may issue additional FTS provided that the amount of such additional bonds, together with the amount of indebtedness contracted by the City, does not exceed the debt limit of the City. In fiscal year 2009, the Authority issued \$219.30 million of FTS, Series A and B, and received a premium of \$15.39 million. The total proceeds of \$234.69 million were used to refund \$228.17 million of the Authority's FTS debt and pay the related costs of issuance. The Authority had FTS outstanding, excluding Recovery Bonds, as of June 30, 2009 and 2008 of \$11.14 billion and \$11.31 billion, respectively.

The Authority is also authorized to have outstanding \$2.5 billion of Recovery Bonds and notes to pay costs related to or arising from the World Trade Center attack on September 11, 2001. The Authority had Recovery Bonds outstanding as of June 30, 2009 and 2008 of \$1.52 billion.

The Authority is also authorized to have outstanding up to \$9.4 billion of Building Aid Revenue Bonds, notes or other obligations ("BARBs"), secured by building aid from New York State ("State") that is received by the Authority pursuant to the assignment to the Authority by the City in fiscal year 2007 (the "Assignment"). The City assigned its building aid, which is subject to annual appropriation by the State, to the Authority for the purpose of funding costs of the five-year educational facilities capital plan for the City school system. The Authority issued \$2.27 billion and \$700 million BARBs in fiscal year 2009 and 2008, respectively. The Authority had BARBs outstanding as of June 30, 2009 and 2008 of \$4.25 billion and \$2.0 billion, respectively. In accordance with GASB Statement No. 48, Sales and Pledges of Receivables and Future Revenues and Intra-Entity—Transfers of Assets and Future Revenues ("GASB 48"), the building aid revenue is treated, for reporting purposes, as City revenue pledged to the Authority, as discussed below.

In fiscal year 2008, the Authority implemented GASB 48, which establishes accounting and financial reporting standards for governmental entities that have exchanged an interest in expected cash flows from collecting specific receivables or specific future revenues, and established the criteria that are used to determine whether the exchange should be reported as a sale or as a collateralized borrowing.

The implementation of GASB 48 changed the accounting and financial reporting for the Authority's disbursements of BARBs proceeds to the City and receipt of building aid from the State to the Authority pursuant to the Assignment. The Authority retains sufficient building aid revenue to service the BARBs debt and to pay its administrative expenses. Under the criteria established by GASB 48, this assignment of building aid revenue by the City to the Authority is considered a collateralized borrowing, due to the City's continuing involvement necessary for collection of the building aid. The Authority reports as an asset (Due from New York City—future State building aid) the cumulative amount it has distributed to the City for the educational facilities capital plan, net of the cumulative amount of building aid it has retained. The effect of the implementation of GASB 48 on the fund financial statements is to report distributions to the City for its educational facilities capital program as an other financing use of funds, rather than as an expenditure, as these distributions are now accounted for as loans to the City. Building aid retained by the Authority is treated as an other financing source as the amount retained is accounted for as repayments of the amount loaned to the City.

#### FINANCIAL HIGHLIGHTS AND OVERALL ANALYSIS - GOVERNMENT-WIDE FINANCIAL STATEMENTS

The following summarizes the activities of the Authority for the years ended June 30,

|                                |                        |                        |                        | Vari             | ance                |

| Net deficit, end of year       | \$ <u>(12,275,166)</u> | \$ <u>(12,374,641)</u> | \$ <u>(12,083,362)</u> | \$ <u>99,475</u> | \$ <u>(291,279)</u> |

The Authority issued BARBs in the amount of \$2.27 billion, \$700 million and \$1.30 billion in fiscal years 2009, 2008 and 2007, respectively. The bond proceeds are used to finance a portion of the City's educational facilities capital plan. The Authority distributed \$2.31 billion, \$1.24 billion and \$748.3 million of the BARBs proceeds to the City in fiscal years 2009, 2008 and 2007, respectively. These distributions to the City are reported on the Authority's government-wide financial statements as Due from New York City-future State building aid and this receivable is reduced by the amount of building aid retained by the Authority for its BARBs debt service and its operations. The remainder of the building aid received by the Authority is remitted to the City. The issuance of \$2.27 billion of BARBs increased interest expense in fiscal year 2009, compared to fiscal year 2008.

Below is a table summarizing the total building aid revenues, remittances to the City and the balance retained by the Authority for the fiscal years ending June 30.

|  | 2009                    | 2008                    | 2007                           |
|--|-------------------------|-------------------------|--------------------------------|
|  |                         | (in thousands)          |                                |
| Building aid received from the State Building aid remitted to the City | \$ 757,199<br>(530,490) | \$ 696,566<br>(483,519) | \$ 505,818<br><u>(443,645)</u> |
| Total retained for BARBs debt service and operating expenses           | \$ <u>226,709</u>       | \$ <u>213,047</u>       | \$ <u>62,173</u>               |

Personal Income Tax ("PIT) decreased by \$2.54 billion or 29.25% in fiscal year 2009 from fiscal year 2008, while in fiscal year 2008 PIT increased by \$466.19 million or 5.4% over fiscal year 2007. The decrease in PIT in fiscal year 2009 is attributable to the recession. The Authority retained \$138.27 million, \$163.76 million and \$684.61 million of PIT in fiscal years 2009, 2008 and 2007, respectively. The PIT retained is used for the Authority's debt service on its FTS debt and its administrative expenses. The decrease in retention of personal income tax from fiscal years 2009 to 2008 and 2008 to 2007 was due to the Authority's receipt of unrestricted grants from the City. The Authority received grants of \$545.75 million and \$1.26 billion in June 2008 and 2007, respectively. The receipt of City grants reduces the amount of PIT needed to be retained by the Authority in future fiscal years for its debt service payments on FTS and its administrative expenses. In fiscal year 2009, the Authority received a grant of \$645.75 million from the City which will be used for its debt service payments on the FTS and it administrative expenses in fiscal year 2010.

Below is a table summarizing the PIT revenue, remittances to the City and the amount retained by the Authority for fiscal years ending June 30,

|  | 2009               | 2008              | 2007               |
|--|--------------------|-------------------|--------------------|
|  |                    | (in thousands)    |                    |
| PIT revenue  | \$ 6,156,177       | \$ 8,700,965      | \$8,254,777        |
| PIT remitted to the City   | <u>(6,017,903)</u> | (8,537,209)       | <u>(7,570,170)</u> |
| Total retained for tax secured debt service and operating expenses | \$ <u>138,274</u>  | \$ <u>163,756</u> | \$ <u>684,607</u>  |

Distributions to the City for its general capital program decreased to \$11.45 million in fiscal year 2009 from \$412.49 million and \$1.635 billion in fiscal years 2008 and 2007, respectively. As the Authority had reached its statutory debt limitation in fiscal year 2007, no additional new money FTS were issued in fiscal years 2009 and 2008. The remaining balance from fiscal year 2007 bond issuances and interest earnings on this balance was transferred to the City in fiscal year 2009 and 2008.

The continuing decrease in investment earnings is due to the lower interest rate environment and the timing of the distributions to the City for its capital programs, which reduces the amount available for the Authority to invest.

The following summarizes the Authority's assets, liabilities, and net assets (deficits) as of June 30,

|  | 2009                       | 2008                   | 2007                      | Varia<br>2009/2008      | ance<br><u>2008/2007</u>      |
|--|----------------------------|------------------------|---------------------------|-------------------------|-------------------------------|

| Assets:<br>Total assets  | \$ <u>5,306,497</u>        | \$ <u>3,473,776</u>    | \$ <u>3,821,830</u>       | \$ <u>1,832,721</u>     | \$ <u>(348,054)</u>           |
| Liabilities:<br>Current liabilities<br>Non-current liabilities | 587,865<br>16,993,798      | 924,807<br>14,923,610  | 1,127,085<br>14,778,107   | (336,942)<br>_2,070,188 | (202,278)<br>145,503          |
| Total liabilities  | <u>17,581,663</u>          | <u>15,848,417</u>      | <u>15,905,192</u>         | 1,733,246               | (56,775)                      |
| Net assets (deficits):<br>Restricted<br>Unrestricted           | 619<br><u>(12,275,785)</u> | 11,440<br>(12,386,081) | 1,075,372<br>(13,158,734) | (10,821)<br>110,296     | (1,063,932)<br><u>772,653</u> |
| Net deficit, end of year                                       | \$ <u>(12,275,166)</u>     | \$ <u>(12,374,641)</u> | \$ <u>(12,083,362</u> )   | \$ <u>99,475</u>        | \$ <u>(291,279)</u>           |

Total assets increased in fiscal year 2009 primarily due to the increase in the amount Due from New York City—future State building aid. As discussed previously, under GASB 48, the amount due from the City is increased when the Authority distributes BARBs proceeds to the City for its educational facilities capital plan and reduced by amounts retained for BARBs debt service. In fiscal year 2009, the Authority distributed \$2.31 billion to the City compared to \$1.24 billion in fiscal year 2008 and \$748.30 million in fiscal year 2007.

As of fiscal year end 2009, the Authority does not carry a receivable for PIT from the State or a corresponding liability of PIT payable to the City due to the increase in the amount of projected PIT refunds due to taxpayers at year end. This increase in projected refunds of fiscal year 2009 PIT tax resulted in a receivable from the City of

\$12.24 million, which will be deducted from fiscal year 2010 remittances. In fiscal year 2008, PIT receivable and the corresponding liability to the City was \$446.45 million.

Bonds payable increased in fiscal year 2009 primarily due to the issuance of \$2.27 billion of BARBs compared to \$700 million and \$1.3 billion in fiscal years 2008 and 2007, respectively.

The amount due to the City for reimbursement of its capital expenses increased \$37.71 million in fiscal year 2009 compared to a decrease of \$105.29 million in fiscal year 2008 from fiscal year 2007. The change in the payable to the City for capital expenditures is a result of timing differences between the City's incurrence of the capital expenditures and requesting reimbursement from the Authority.

In fiscal year 2009 and 2008, the changes in bonds payable were as follows:

|   | <u>Balance</u>       | <b>Bonds</b>      | Retired or          | <u>Balance</u>       | <u>Bonds</u>        | Retired or          | <u>Balance</u>       |

#### FINANCIAL HIGHLIGHTS AND OVERALL ANALYSIS - GOVERNMENTAL FUNDS FINANCIAL STATEMENTS

The Authority reports governmental activity using four funds, comprised of two capital projects funds and two debt service funds: (1) a building aid revenue bonds capital project fund ("BARBs CPF"), (2) a future tax secured capital project fund ("FTS CPF"), (3) a building aid revenue bonds debt service fund ("BARBs DSF") and (4) a future tax secured debt service fund ("FTS DSF").

The following summarizes the BARBs CPF activities of the Authority for the years ended June 30,

|                                 |     |                |     |           |     |                |     | Va             | riance   | )                 |

The Authority's bond proceeds and distributions to the City are reported as other financing sources (uses) in the governmental funds. The Authority distributed \$2.31 billion, \$1.24 billion, \$748.30 million in fiscal years 2009, 2008 and 2007, respectively, to the City to finance its educational facilities capital program.

Expenditures reported are the Costs of Issuances related to the issuance of BARBs.

The following summarizes the FTS CPF activities of the Authority for the years ended June 30,

|                                 |                 |                  |                   | Var                | iance               |

| Other financing sources (uses)  | <u>(19,215)</u> | (8,259)          | 2,067,946         | (10,956)           | (2,076,205)         |
| Fund balance, end of year       | \$ -            | \$ <u>30,411</u> | \$ <u>443,777</u> | \$ <u>(30,411)</u> | \$ <u>(413,366)</u> |

Expenditures in the FTS CPF are distributions to the City for its general capital program. As the Authority had reached its statutory debt limitation in fiscal year 2007, no additional new money bonds were issued in fiscal years 2009 and 2008. The remaining balance from fiscal year 2007 bond issuances and interest earnings on this balance were transferred to the City in fiscal years 2009 and 2008.

The following summarizes the BARBs DSF activities of the Authority for the years ended June 30,

|                                 |                   |                   |                  | var               | rance             |

Expenditures in the debt service fund are primarily for the interest expense on outstanding BARBs. The other financing sources consisted primarily of \$226.7 million, \$213.04 million and \$62.17 million of State building aid retained by the Authority in fiscal years 2009, 2008 and 2007, respectively.

The following summarizes the FTS DSF activities of the Authority for the years ended June 30,

|                                 |                   |                   |                     | Var               | iance               |  |

| Fund balance, end of year       | \$ <u>850,975</u> | \$ <u>749,404</u> | \$ <u>1,094,289</u> | \$ <u>101,571</u> | \$ <u>(344,885)</u> |  |

The FTS DSF revenue consists primarily of grants from the City and PIT retained by the Authority. The Authority received unrestricted grants from the City of \$645.75 million \$545.75 million and \$1.26 billion in fiscal years 2009, 2008 and 2007, respectively. These grants and the PIT retained are used to service the Authority's FTS debt service and its administrative expenses.

Expenditures decreased in fiscal year 2009 due to the cash defeasance and the early retirement of FTS in fiscal years 2008 and 2007.

# NEW YORK CITY TRANSITIONAL FINANCE AUTHORITY RECONCILIATIONS OF THE STATEMENTS OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENTS OF ACTIVITIES FOR THE YEARS ENDED JUNE 30, 2009 AND 2008

|  |          | 2009             | 2008               |  |
|--|----------|------------------|--------------------|--|
|  |          | (in thousan      |                    |  |
| Net changes in fund balances- total governmental funds   | \$ 1     | 24,989           | \$ (1,137,231)     |  |
| Amounts reported for governmental activities in the statements of activities are different because:  |          |                  |                    |  |
| Bond proceeds provide current financial resources to governmental funds, but bonds issued increase long-term liabilities on the statements of net assets (deficit).  | (2,2     | 270,000)         | (700,000)          |  |
| Refunding bond proceeds and payments to refunded bond escrow holder are reported as other financing sources and uses in the governmental funds, but increase and decrease long-term liabilities in the statements of net assets (deficit).   |          | 13,579           | <u>-</u>           |  |
| Governmental funds report costs of bond refundings as expenditures. However, in the statements of activities, the costs of bond refundings are amortized over the shorter of the life of the bonds refunded or the life of the bonds issued to advance refund the bonds.                         |          | (16,083)         | (23,706)           |  |
| Repayment (including defeasance) of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets (deficit).  | 1        | 75,600           | 478,973            |  |
| Governmental funds report the costs of debt issuance as expenditures. However, in the statements of activities, the cost of debt issuance is amortized over the life of the related debt.  |          | 9,621            | (2,524)            |  |
| Governmental funds report bond premiums/discounts as other financing sources/uses. However, in the statements of activities, bond premiums/discounts are amortized over the lives of the related debt as interest expense.   |          | 29,613           | 29,553             |  |
| Distributions to the City's educational facilities capital program from BARBs proceeds are reported as an other financing use in governmental funds. However, in the statements of activities, distributions of BARBs proceeds are reported as due from New York City-future State building aid. | 2.3      | 310,502          | 1,243,921          |  |
| Retention of building aid is reported similar to a transfer from the City, as an other financing source in the governmental funds. However, in the statements of activities, building aid retained is reported as a reduction of the amount due from New York City future State building aid.    |          | 226,709)         | (213,047)          |  |
| Interest expense is reported in the statement of activities on the accrual basis, but interest is reported as an expenditure in the governmental funds when the outlay of financing resources is required.   | `        | (51,637 <u>)</u> | 32,782             |  |
| Change in net (deficit) assets of governmental activities  | \$       | 99,475           | \$ (291,279)       |  |

#### **NOTE 1 – ORGANIZATION AND NATURE OF ACTIVITIES**

The New York City Transitional Finance Authority (the "Authority") is a corporate governmental entity constituting a public benefit corporation and an instrumentality of the State of New York (the "State"). The Authority is governed by a Board of five directors, consisting of the following officials of The City of New York (the "City"): the Director of Management and Budget (who also serves as Chairperson), the Commissioner of Finance, the Commissioner of Design and Construction, the City Comptroller and the Speaker of the City Council. Although legally separate from the City, the Authority is a financing instrumentality of the City and is included in the City's financial statements as a blended component unit, in accordance with the Governmental Accounting Standards Board ("GASB") Statement 14, as amended.

The Authority was created by State legislation enacted in 1997 to issue and sell up to \$7.5 billion in bonds and notes ("Future Tax Secured Bonds") to fund a portion of the capital program of the City, the purpose of which is to maintain, rebuild and expand the infrastructure of the City and to pay the Authority's operating expenses.

In June 2000, the State Legislature increased to \$11.5 billion the Authority's capacity to issue bonds and notes for general City capital purposes. Within the \$11.5 billion, the State Legislature increased the amount of Future Tax Secured Bonds ("FTS") which may be issued as variable rate debt from \$750 million to \$2.3 billion. In July 2006, the statutory capacity to issue bonds and notes for general capital purposes of the City was increased by \$2 billion; as of June 30, 2007, the Authority had issued its statutory limit of \$13.5 billion of FTS. As more fully described in Note 9, the Authority's statutory debt limit was increased subsequent to June 30, 2009.

On September 13, 2001, the State Legislature authorized the Authority to have outstanding an additional \$2.5 billion of bonds and notes ("Recovery Bonds") to fund the City's costs related to and arising from events on September 11, 2001 at the World Trade Center.

Legislation enacted in April 2006 enables the Authority to have outstanding up to \$9.4 billion of bonds, notes or other obligations for purposes of funding costs of the five-year educational facilities capital plan for the City school system and the Authority's operating expenses. As of June 30, 2009 and 2008, \$4.25 billion and \$2.0 billion, respectively of Building Aid Revenue Bonds ("BARBs") have been issued and are outstanding.

The Authority does not have any employees; its affairs are administered by employees of the City and of another component unit of the City, for which the Authority pays a management fee and overhead based on its allocated share of personnel and overhead costs.

#### NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. The government-wide financial statements of the Authority, which include the statement of net assets (deficit) and the statement of activities, are presented to display information about the reporting entity as a whole, in accordance with GASB Statement No. 34, as amended. The statement of net assets (deficit) and the statement of activities are prepared using the economic resources measurement focus and the accrual basis of accounting.

The Authority's governmental fund financial statements (Capital and Debt Service Funds) are presented using the current financial resources measurement focus and the modified accrual basis of accounting. Revenue is recognized when it becomes susceptible to accrual, which is when it becomes both measurable and available to finance expenditures in the current fiscal period. Revenues are considered available if received within two months after the fiscal year end. Expenditures are recognized when the related liability is incurred, except for interest on bonds payable, which is recognized when due.

The governmental funds consist of four funds: (1) a building aid revenue bonds capital project fund ("BARBs CPF"), (2) a future tax secured capital project fund ("FTS CPF"), (3) a building aid revenue bonds debt service fund ("BARBs DSF") and (4) a future tax secured debt service fund ("FTS DSF"). The two capital project funds account for resources to be transferred to the City's capital programs in satisfaction of amounts due to the City and the two debt service funds account for the accumulation of resources for payment of principal and interest on long-term debt and certain interest on short-term debt, and to support the operations of the Authority.

#### NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

- B. To maintain the exemption from Federal income tax of interest on bonds issued by the Authority, the Authority will fund amounts required to be rebated to the Federal government pursuant to Section 148 of the Internal Revenue Code of 1986, as amended (the "Code"). The Code requires the payment to the United States Treasury of the excess of the amount earned on all obligations over the amount that would have been earned if the gross proceeds of the issue were invested at a rate equal to the yield on the issue, together with any earnings attributable to such excess. Construction funds, debt service funds or any other funds or accounts funded with proceeds of such bonds, including earnings, or pledged to or expected to be used to pay interest on such bonds are subject to this requirement. Payment is to be made after the end of the fifth bond year and after every fifth bond year thereafter, and within 60 days after retirement of the bonds.
  - During the fiscal year ended June 30, 2009 and 2008, the Authority made rebate payments of \$177 thousand and \$111 thousand, respectively.
- C. Bond and bond anticipation note premiums, discounts and issuance costs are capitalized and amortized over the lives of the related debt using the interest method in the government-wide financial statements. The governmental fund financial statements recognize the premiums and discounts, as well as debt issuance costs, during the current period. The face amount of debt issued and premium received are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.
- D. Deferred bond refunding costs represent the accounting loss incurred in advance refunding of outstanding bonds. The deferred bond refunding costs are amortized over the shorter of the remaining life of the old debt or the life of the new debt. In the debt service funds, costs of the bond refundings are reported as expenditures when incurred.
- E. Interest expense is recognized on the accrual basis in the government-wide financial statements. Interest expenditures are recognized when bond interest is due in the governmental fund financial statements.
- F. The Authority receives City personal income taxes, imposed pursuant to State law and collected on behalf of the Authority by the State, to service its future tax secured debt and pay a portion of its administrative expenses. Funds for FTS debt service are required to be set aside prior to the due date of the principal and interest. Personal income taxes in excess of amounts needed to pay debt service and operating expenses of the Authority are available to be remitted to the City. During the years ended June 30, 2009 and 2008, the Authority retained \$138.27 million and \$163.76 million, respectively of personal income tax to be used for FTS debt service and its operating expenses. During fiscal years 2009 and 2008, unrestricted grants were received from the City, as described in Note 6.
- G. The Authority receives building aid payments by the State, subject to State annual appropriation, pursuant to the assignment by the City of the building aid payments to the Authority to service its building aid revenue bonds and pay a portion of its operating expenses. Funds for building aid revenue bond debt service are required to be retained when the projected remaining building aid to be received by the Authority reaches 110% of the unfunded debt service for the current and the next fiscal year. Unused building aid is available to be remitted to the City. During the years ended June 30, 2009 and 2008, the Authority retained of \$226.71 million and \$213.05 million, respectively of building aid to be used for BARBs debt service and its operations.
- H. The Authority implemented GASB Statement No. 48, Sales and Pledges of Receivables and Future Revenues and Intra-Entity—Transfers of Assets and Future Revenues ("GASB 48") in fiscal year 2008. GASB 48 establishes accounting and financial reporting standards for governmental entities that have exchanged an interest in expected cash flows from collecting specific receivables or specific future revenues, and established the criteria that are used to ascertain whether the exchange should be reported as a sale or as a collateralized borrowing. The effects of the implementation of GASB 48 are described in Note 7.

#### NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

I. Newly Adopted Standards and Standards Issued But Not Yet Effective.

As a Component Unit of the City, the Authority implements new GASB standards in the same fiscal year as they are implemented by the City. The following are discussions of the new standards which will or may impact the Authority.

In November 2006, GASB issued Statement No. 49, *Accounting and Financial Reporting for Pollution Remediation Obligations* ("GASB 49"). The statement established accounting and financial reporting standards for pollution remediation obligations which are obligations to address the current or potential detrimental effects of existing pollution by participating in pollution remediation activities such as site assessments and cleanups. GASB 49 was effective for financial statements for periods beginning after December 15, 2007, and was thus implemented by the City for its fiscal year ended June 30, 2009. There was no impact on the Authority's financial statements as a result of implementation of GASB 49.

In June 2007, GASB issued Statement No. 51, *Accounting and Financial Reporting for Intangible Assets* ("GASB 51"). The statement requires all intangible assets not specifically excluded by its scope provisions to be classified as capital assets. Accordingly, existing authoritative guidance related to the accounting and financial reporting for capital assets should be applied to these intangible assets, as applicable. The requirements for GASB 51 are effective for financial statements for periods beginning after June 15, 2009. The Authority has not completed the process of evaluating GASB 51, but does not expect GASB 51 to have a material impact on its financial statements.

In June 2008, GASB issued Statement No. 53, Accounting and Financial Reporting for Derivative Instruments ("GASB 53"). The statement establishes guidance on the recognition, measurement and disclosures related to derivative instruments entered into by governmental entities. GASB 53 requires that most derivative instruments be reported at fair value, and requires governmental entities to determine if derivatives are effective hedges of risks associated with related hedgeable items. Generally, for derivatives that are effective hedges, changes in fair values are deferred whereas for others the changes in fair value are recognized in the current period. The requirements for GASB 53 are effective for financial statements for periods beginning after June 15, 2009. The Authority has not completed the process of evaluating the impact of GASB 53 on its financial statements.

In February 2009, GASB issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions ("GASB 54"). The statement affects the display of fund balances in the financial statements and requires that governments disclose their fund balance classifications, policies and procedures in the Notes. Fund balances will be classified as nonspendable, restricted, committed, assigned, and/or unassigned, depending on the definitions provided in the statement. Additionally, GASB 54 refines the definitions of each of the governmental fund types, such as debt service and capital projects funds. The requirements for GASB 54 are effective for periods beginning after June 15, 2010. The Authority has not completed the process of evaluating the impact of GASB 54 on its financial statements, but the Authority's governmental fund financial statement presentation will be impacted by the implementation of GASB 54.

J. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Authority's management to make estimates and assumptions in determining the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates

#### **NOTE 3 – CASH AND CASH EQUIVALENTS**

The Authority's restricted cash and cash equivalents consisted of bank deposits, money market funds, and securities of government sponsored enterprises held by the Authority's Trustee in the Trustee's name. The Authority's restricted cash escrow is cash held by the escrow agent in the economic defeasance account.

|   | <u>2009</u><br>(in thou     | <u>2008</u><br>usands) |
|---|-----------------------------|------------------------|
| Restricted cash and cash equivalents: Cash Cash equivalents         | \$ 22,369<br><u>329,546</u> | \$ 691<br>_410,876     |
| Total restricted cash and cash equivalents                          | <u>351,915</u>              | 411,567                |
| Unrestricted cash and cash equivalents:<br>Cash<br>Cash equivalents | 88<br>11,399                | 90<br>3,232            |
| Total unrestricted cash and cash equivalents                        | 11,487                      | 3,322                  |
| Total cash and cash equivalents (see Note 4)                        | \$ <u>363,402</u>           | \$ <u>414,889</u>      |

As of June 30, 2009 and 2008, the Authority's restricted cash in escrow for economic defeasance consisted of bank deposits. As of June 30, 2009 and 2008, the carrying amounts and bank balances of bank deposits were \$22.37 million and \$683 thousand, respectively. The total restricted cash of \$22.37 million relates to the payment of principal and interest due on the economically defeased bonds payable in early fiscal year 2010. At June 30, 2009, under the Transaction Account Guarantee Program ("TAGP"), which is part of the Federal Deposit Insurance Corporation's (FDIC) "Temporary Liquidity Guarantee Program", there is an unlimited U.S. Government-backed guarantee on all dollars in non-interest bearing depository transaction accounts held in U.S. offices of FDIC-insured institutions. All of the Authority's cash was on deposit in such institutions in such accounts and was covered under this guarantee. This coverage will last through December 31, 2009. At June 30, 2008, \$100 thousand of the bank balances was insured by the FDIC. The remaining balances were not insured or collateralized

The Authority's unrestricted cash and cash equivalents consisted of bank deposits, money market funds and government sponsored enterprises held by the Authority's Trustee in the Trustee's name.

As of June 30, 2009 and 2008, the carrying amounts and bank balances of unrestricted bank deposits were \$88 thousand and \$90 thousand, respectively, and were insured by the FDIC.

The Authority's investments classified as cash and cash equivalents have an original maturity date of three months or less from the date of purchase. The Authority values those investments at fair value. See Note 4 below for a discussion of the Authority's investment policy.

#### **NOTE 4 – INVESTMENTS**

Each account of the Authority that is held pursuant to the Indenture between the Authority and its Trustee, as amended and as restated April 2, 2009 (the "Indenture") may be invested in securities or categories of investments that are specifically enumerated as permitted investments for such account pursuant to the Indenture.

**Custodial credit risk**: Is the risk that, in the event of the failure of the custodian, the Authority may not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Authority's investments are not collateralized. All investments are held in the Trustee's name by the Trustee.

#### **NOTE 4 – INVESTMENTS (Continued)**

**Credit risk**: The Authority investments are primarily government-sponsored enterprise discount notes. All commercial paper held by the Authority is non-asset backed commercial paper and is rated A1+ by Standard Poor's Rating Services and P1 by Moody's Investor Services.

**Interest rate risk**: The Authority's investments, excluding the investments in the economic defeasance escrow account, mature within a year or less thereby limiting its exposure from rising interest.

The Authority's restricted investments in the economic defeasance escrow account held by the Authority's Trustee are reported at fair value. The investments included purchases of securities at a premium, resulting in higher yielding investments and this was included in the verification agent's computations to assure that the escrow fund provides for all future debt service on the economically defeased bonds.

The Authority's investments, including those restricted for the economic defeasance, as of June 30, 2009 and 2008 are as follows:

|   | 2009                | 2008              |
|---|---------------------|-------------------|
|   | (in thou            | sands)            |

| Securities of U.S. government agencies                      | <u>9,263</u>        | 3,232             |
| Total unrestricted investments                              | 11,399              | 3,232             |
| Less: amounts reported as cash equivalents                  | (11,399)            | (3,232)           |
| Total unrestricted investments                              | \$                  | \$                |

#### **NOTE 5 – BONDS PAYABLE**

Pursuant to the New York City Transitional Finance Authority Act (the "Act"), as amended, the Authority is authorized to issue \$13.5 billion of FTS. The Authority's statutory debt limit was increased subsequent to June 30, 2009 (see Note 9). The Authority had FTS outstanding, excluding Recovery Bonds, as of June 30, 2009 and 2008 of \$11.14 billion and \$11.31 billion, respectively, including \$32 million of economically defeased FTS. The Authority includes the escrow funds for the economically defeased bonds in its assets and those funds provide for all future debt service on the economically defeased bonds.

The Act also permits the Authority to have outstanding \$2.5 billion of Recovery Bonds. As of June 30, 2009 and 2008, the Authority had outstanding \$1.52 billion of Recovery Bonds.

The Authority funds its debt service requirements for FTS and Recovery Bonds and its operating expenditures from personal income taxes collected on its behalf by the State and, under certain circumstances if it were necessary, sales taxes. Sales taxes are only available to the Authority if the amounts of personal income tax revenues fall below statutorily specified debt service coverage levels. No sales tax revenues were received or required during the fiscal years ending June 30, 2009 and 2008.

All City personal income tax is paid by the State to the Authority. The Authority has pledged the personal income tax as collateral to secure its FTS and Recovery Bonds. The Authority retains personal income taxes in an amount sufficient to pay debt service on its FTS and Recovery Bonds and to pay certain operating expenditures, and remits the difference to the City. The Authority has no taxing power.

#### NOTE 5 - BONDS PAYABLE (Continued)

Legislation enacted in April 2006 enables the Authority to have outstanding up to \$9.4 billion of bonds, notes or other obligations for purposes of funding costs of the five-year educational facilities capital plan for the City's school system and certain operating expenditures. As of June 30, 2009 and 2008, the Authority had \$4.25 billion and \$2.0 billion of BARBs, respectively, outstanding.

Under the legislation, the BARBs are payable from the State building aid payable by the State and assigned to the Authority by the City. These State aid payments are subject to annual appropriation from the State. In accordance with the legislation and the Indenture, BARB bond holders do not have any right to the personal income tax revenues or sales tax revenues.

Bonds are recorded at the principal amount outstanding and consist of the following:

|   | Balance<br>June 30, 2007 | Bonds<br>Issued | Retired or<br>Defeased | <u>Balance</u><br><u>June 30, 2008</u><br>- (in thousands) | Bonds<br>Issued | Retired or Defeased | <u>Balance</u><br><u>June 30, 2009</u> |

<sup>(</sup>a) Variable rates are adjusted daily or weekly and represent the lowest rate of interest that would cause the adjustable rate bonds to have a market value equal to the principal amount. The rates cannot exceed 9%.

#### **NOTE 5 – BONDS PAYABLE (Continued)**

- (b) Fiscal 2003 Series A bonds include bonds callable on November 1, 2011. The callable term bonds are \$659.77 million maturing on November 1, 2026 and \$122.50 million maturing on November 1, 2028. Capital appreciation bonds (accreted value of \$112.36 million on November 1, 2011), maturing on November 1, 2029, are also callable. If these bonds are not called on November 1, 2011, the interest to be paid to the bondholders converts, without further notice to bondholders, to 14% per annum. The callable bonds are subject to redemption prior to maturity or, if a liquidity facility has been provided, purchase in lieu thereof, on 30 days' notice, beginning November 1, 2011 at the option of the Authority in whole or in part at any time, at a price of 100% of their principal amount plus accrued interest to the redemption date.
- (c) \$482.49 million of Fiscal 2003 Series B term bonds maturing on February 1, 2029 are callable on February 1, 2011. If these bonds are not called on February 1, 2011, the interest to be paid to the bondholders converts, without further notice to bondholders, to 10% per annum. Other bonds in this series callable on February 1, 2012 or later are those that mature on February 1, 2013, 2014 and 2015 with no change to the interest rate if not called. The Fiscal 2003 Series B Bonds maturing on February 1, 2029 are subject to redemption prior to maturity or, if a liquidity facility has been provided, purchase in lieu thereof, on 30 days' notice, beginning on February 1, 2011 at the option of the Authority in whole or in part at any time, at a price of 100% of their principal amount plus accrued interest to the redemption date.
- (d) Auction rates are set weekly through auction. The rates cannot exceed 12%.

Included in bonds payable on June 30, 2009 and 2008 were \$32 million of FTS that were economically defeased on March 24, 2004, and the escrow deposited with the Authority's Trustee is recorded as an asset. These amounts were funded from the proceeds of the sale of Fiscal 2004 Series D FTS.

On April 2, 2009, the Authority issued \$219.3 million of FTS and together with the premium received of \$15.39 million, advanced refunded \$228.17 million of its outstanding FTS. This advance refunding resulted in an accounting loss of \$5.0 million, which is recorded as deferred bond refunding costs on the statement of net assets. The Authority in effect reduced the aggregate debt service by \$13.1 million and obtained an economic benefit of \$10.95 million.

On February 15, 2008, the Authority defeased \$745 thousand of outstanding FTS with current revenue of \$723.02 thousand. The escrow deposited with the Authority's Trustee was funded with Defeasance Collateral (as defined in the Authority's Indenture) to provide for all future debt service on the defeased bonds. The refunding using Defeasance Collateral resulted in the refunded bonds being removed from reported bonds outstanding. This refunding resulted in an accounting gain of \$22 thousand.

Bonds economically defeased remain a liability and the escrow deposited with the Authority's Trustee is an asset on the Authority's records. The bonds refunded with Defeasance Collateral have been removed from the financial statements as a liability of the Authority. As of June 30, 2009 and 2008, the Authority had bonds refunded with Defeasance Collateral totaling \$5.30 billion and \$5.07 billion, respectively, of which \$2.43 billion and \$3.38 billion, respectively, are still to be paid from the Defeasance Collateral held in the escrow accounts on deposit with the Authority's escrow Trustee.

#### NOTE 5 - BONDS PAYABLE (Continued)

Debt service requirements as of June 30, 2009, for FTS, including recovery bonds, payable to their maturity are as follows:

|                     | <u>Principal</u>     | <u>Total</u>        |                      |  |  |  |  |  |  |

| 2030 to 2034        | 671,115              | 52,021              | 723,136              |  |  |  |  |  |  |
|                     |                      |                     |                      |  |  |  |  |  |  |
|                     | \$ <u>12,662,180</u> | \$ <u>6,859,524</u> | \$ <u>19,521,704</u> |  |  |  |  |  |  |

(a) Interest on the callable Fiscal 2003 Series A and Fiscal 2003 Series B term bonds which would convert to 14% and 10%, respectively, on the call date if not called, and interest on the callable Fiscal 2003 Series A capital appreciation bonds which would convert to 14% per annum if not called, are computed in this table at the 14% or 10% rates, as if those bonds were not called. Actual variable rates at June 30, 2009 averaged approximately 1.33% on tax-exempt bonds, 2.85% on taxable bonds and 3.27% on auction bonds, which are the rates used in this table. If variable interest is calculated at 5.00% on tax-exempt and 7.00% on taxable per annum (which are the rates utilized for retention), total interest would be increased to \$8.08 billion from the \$6.86 billion in the above table.

Debt service accounts have been established under the Authority's Indenture to provide security for the payment of interest on and principal of bonds outstanding. The principal and interest required to be paid are deposited into the applicable debt service account in the quarter preceding the payment due date.

Debt service requirements at June 30, 2009, for BARBs payable to maturity are as follows:

|                     |                | Principal Interest |     |           |    | <u>Total</u> |  |  |  |

|                    | <u>(in thousands)</u> |    |                 |    |                      |    |                 |  |
|                    | <u>Principal</u>      |    | <u>Interest</u> |    | <u>Principal</u>     |    | <u>Interest</u> |  |
| Required for FTS   | \$<br>33,880          | \$ | 124,429         | \$ | 32,545               | \$ | 138,032         |  |
| Required for BARBs | \$<br>30,025          | \$ | 194,790         | \$ | 18,820               | \$ | 80,878          |  |

#### NOTE 5 – BONDS PAYABLE (Continued)

The Authority held approximately \$649.49 million and \$542.68 million in excess of amounts required to be retained for FTS debt service under the Indenture as of June 30, 2009 and 2008, respectively. The Authority held approximately \$143.48 million and \$145.65 million in excess of amounts required to be retained for BARBs debt service under the Indenture as of June 30, 2009 and 2008, respectively.

#### NOTE 6 - UNRESTRICTED GRANT FROM THE CITY OF NEW YORK

In fiscal years 2009 and 2008, the Authority received unrestricted grants from the City in the amount of \$645.75 million and \$545.75 million, respectively. These funds are used to fund debt service requirements for FTS debt service and its operating expenses during the fiscal years ending June 30, 2009 and 2010, respectively.

#### **NOTE 7 – IMPLEMENTATION OF GASB 48**

The Authority implemented GASB Statement No. 48, Sales and Pledges of Receivables and Future Revenues and Intra-Entity—Transfers of Assets and Future Revenues ("GASB 48") in fiscal year 2008. GASB 48 establishes accounting and financial reporting standards for governmental entities that have exchanged an interest in expected cash flows from collecting specific receivables or specific future revenues, and established the criteria that are used to ascertain whether the exchange should be reported as a sale or as a collateralized borrowing.

The implementation of GASB 48 changed the accounting and financial reporting for the Authority's disbursements of BARBs proceeds to the City and receipt of building aid from New York State ("State") to the Authority pursuant to the assignment to the Authority by the City in fiscal year 2007 of building aid payments from the State to the Authority. The Authority retains sufficient building aid revenue to service the BARBs debt and to pay its administrative expenses. Under the criteria established under GASB 48, this assignment of building aid revenue by the City to the Authority is considered a collateralized borrowing, due to the City's continuing involvement necessary for collection of the building aid. The effect of the implementation of GASB 48 on the fund financial statements is to report distributions to the City for its educational facilities capital program as an other financing use of funds, rather than as an expenditure, as these distributions are now considered loans to the City. Building aid retained by the Authority is treated as an other financing source, as the retained amount is now considered to be repayments from the City of the amount loaned to the City by the Authority.

#### NOTE 8 – ADMINISTRATIVE COSTS

The Authority's management fee, overhead and expenditures related to carrying out the Authority's duties, including remarketing and liquidity fees not funded from bond proceeds or investment earnings, are funded from the personal income taxes and building aid revenue flowing through the Authority's accounts.

#### NOTE 9 - SUBSEQUENT EVENTS

On July 11, 2009, authorizing legislation was enacted under Chapter 182 of the Laws of New York, 2009 which permits the Authority to have outstanding \$13.5 billion of FTS. In addition, the Authority may issue additional FTS provided that the amount of such additional bonds, together with the amount of indebtedness contracted by the City, does not exceed the debt limit of the City.

On July 30, 2009, the Authority issued \$900 million, Fiscal 2010 Series A, FTS, the proceeds of which will be used to finance general City capital expenditures and other discrete capital purposes.

On August 27, 2009, the Authority issued \$800 million, Fiscal 2010 Series B, FTS, the proceeds will be used, along with other funds of the Authority, to refund, at or prior to maturity, outstanding FTS.
