Website: northwell.edu/doctors-offices/northwell-health-mildred-and-frank-feinberg-division-of-the-unified-behavioral-health-center-for-military-veterans-and-their-families

VA Vet Centers provide a range of social and psychological services, including individual and group readjustment counseling to eligible veterans and active duty service members. Vet Center services are also provided to family members of veterans and service members for military-related issues when they aid in the readjustment of those who have served. VA Vet Center services are free and do not require someone to be enrolled in VA health care or have received care for conditions caused by military service. Services are also provided regardless of the nature of the veteran's discharge status.

Find a Vet Center near you and learn if you are eligible to receive counseling services at vetcenter.va.gov.

If you need to talk with someone confidentially, please call the **Vet Center Call Center** at 877-WAR-VETS (927-8387).

Trauma and Resiliency Resources (TRR)
