

What's Happening Here?

Install New and Upgrade Crosswalks

Upgrade Traffic Signals & Adjust Signal Timing

Install New Pedestrian Spaces and Bus Stops

Reconfigure Intersections and Lanes

NYC DOT will implement safety improvements on Kings Highway at E 34th Street, E 35th Street, and Avenue M:

- Shorten and install new pedestrian crossings
- Signal timing changes to improve traffic flow and pedestrian crossings
- Create more pedestrian space and safer bus stops
- Reconfigure intersections and lanes to better organize traffic and improve safety

Implementation begins in September
