Stuyvesant PI

New pattern crosswalks w/ stop signs/markings

Borough Hall

New crosswalks w/ stop signs/markings

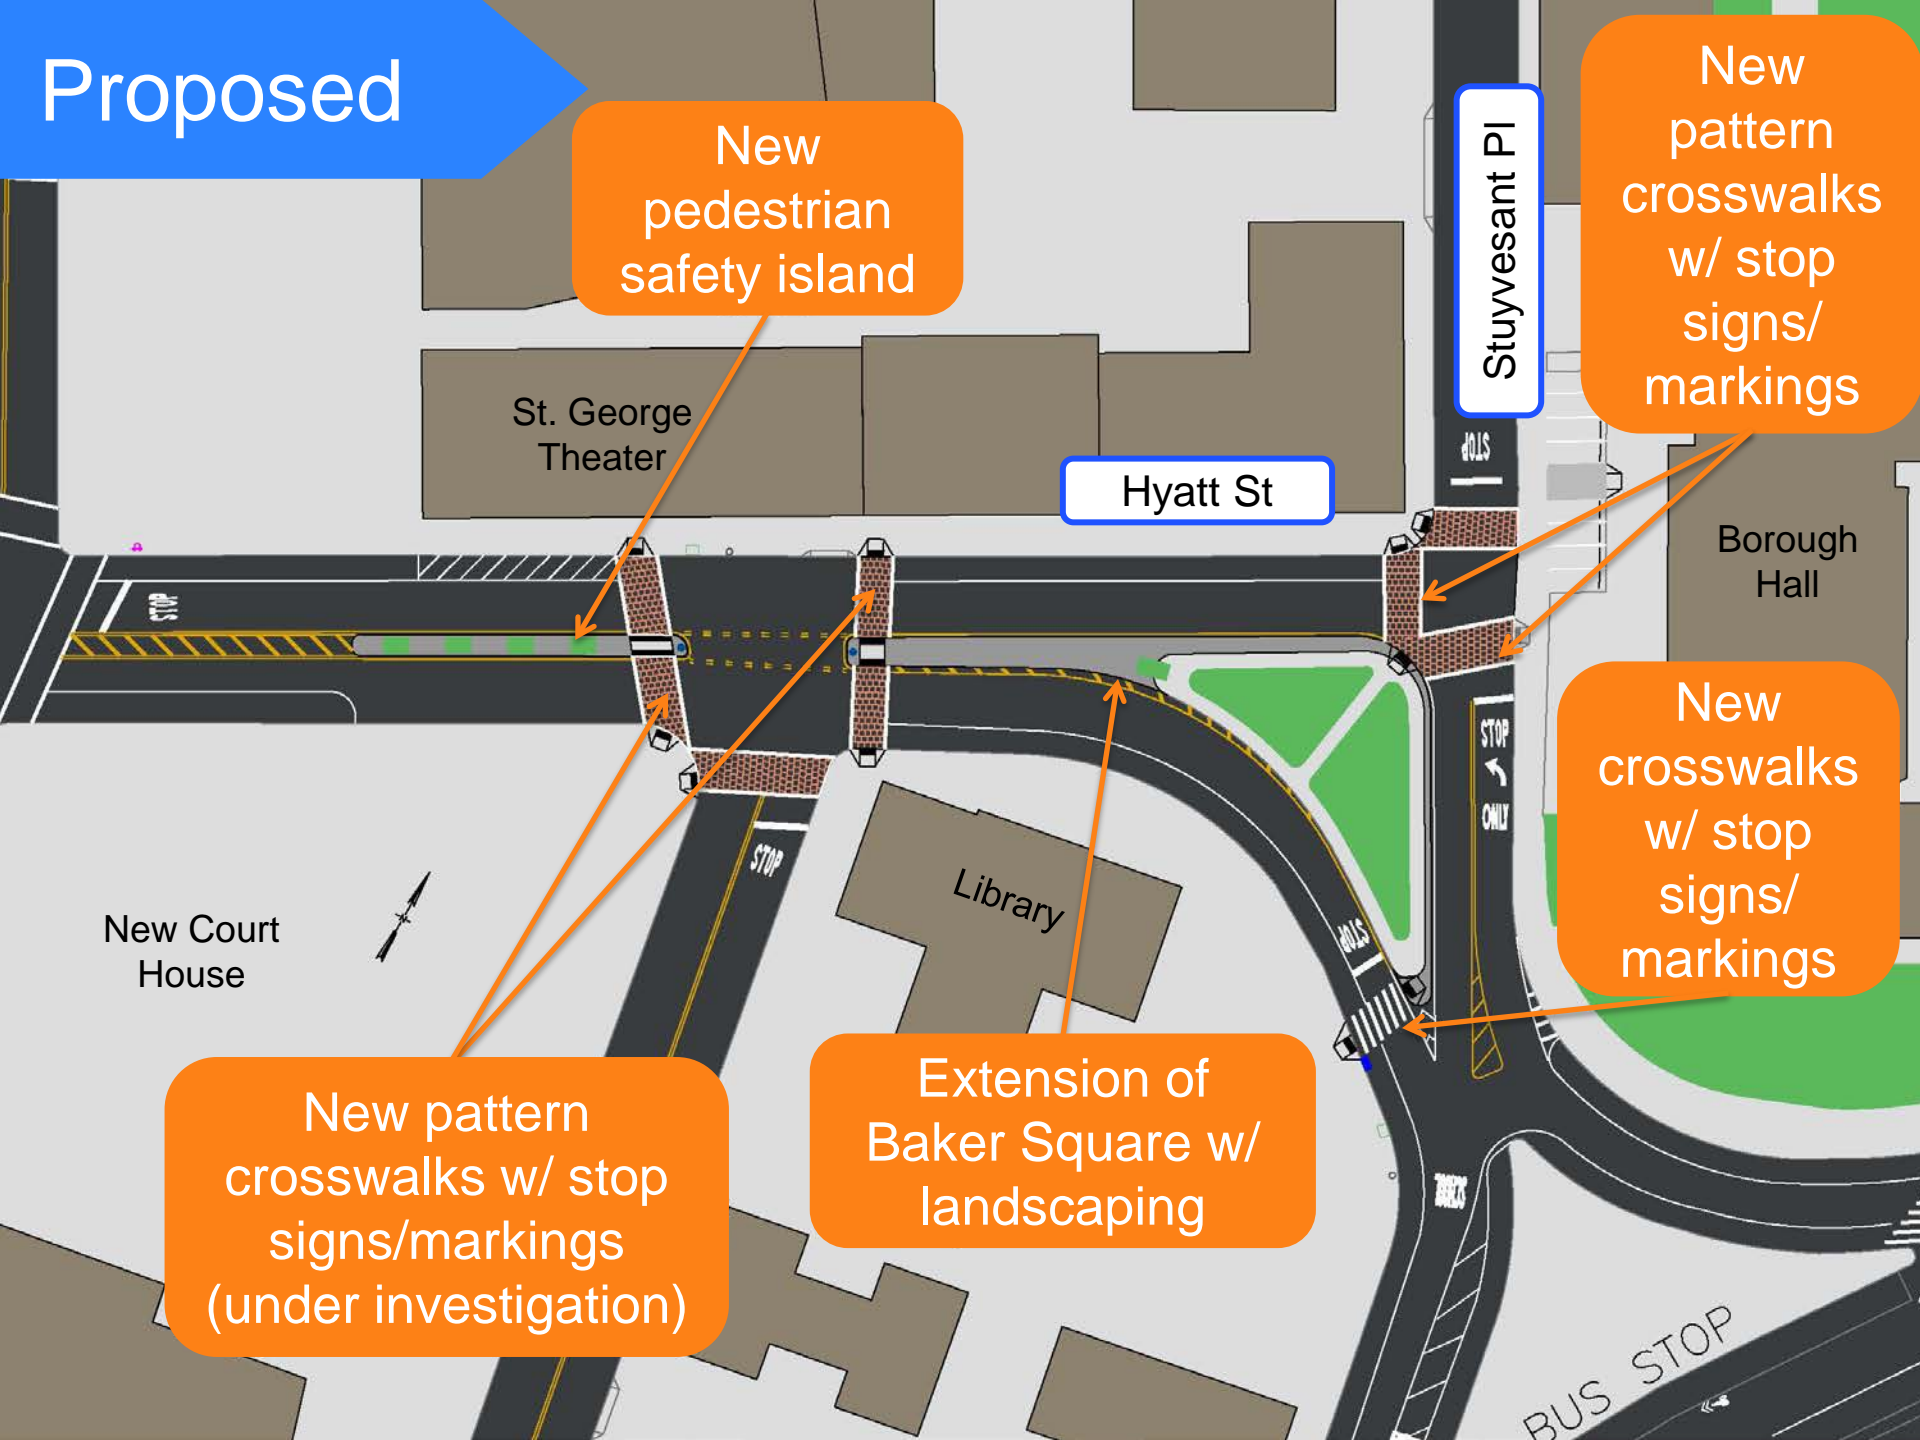

Extension of Baker Square w/ landscaping

New pattern crosswalks w/ stop signs/markings (under investigation)

New Court House

Library

BUS STOP

Benefits

An architectural rendering of Baker Square, showing a wide street with a central green-painted lane, red-paved sidewalks, and several large, rounded trees. Pedestrians and cars are visible, illustrating the proposed changes. The scene is set in an urban environment with buildings in the background.

Clarifies lanes creating predictable movements for all users

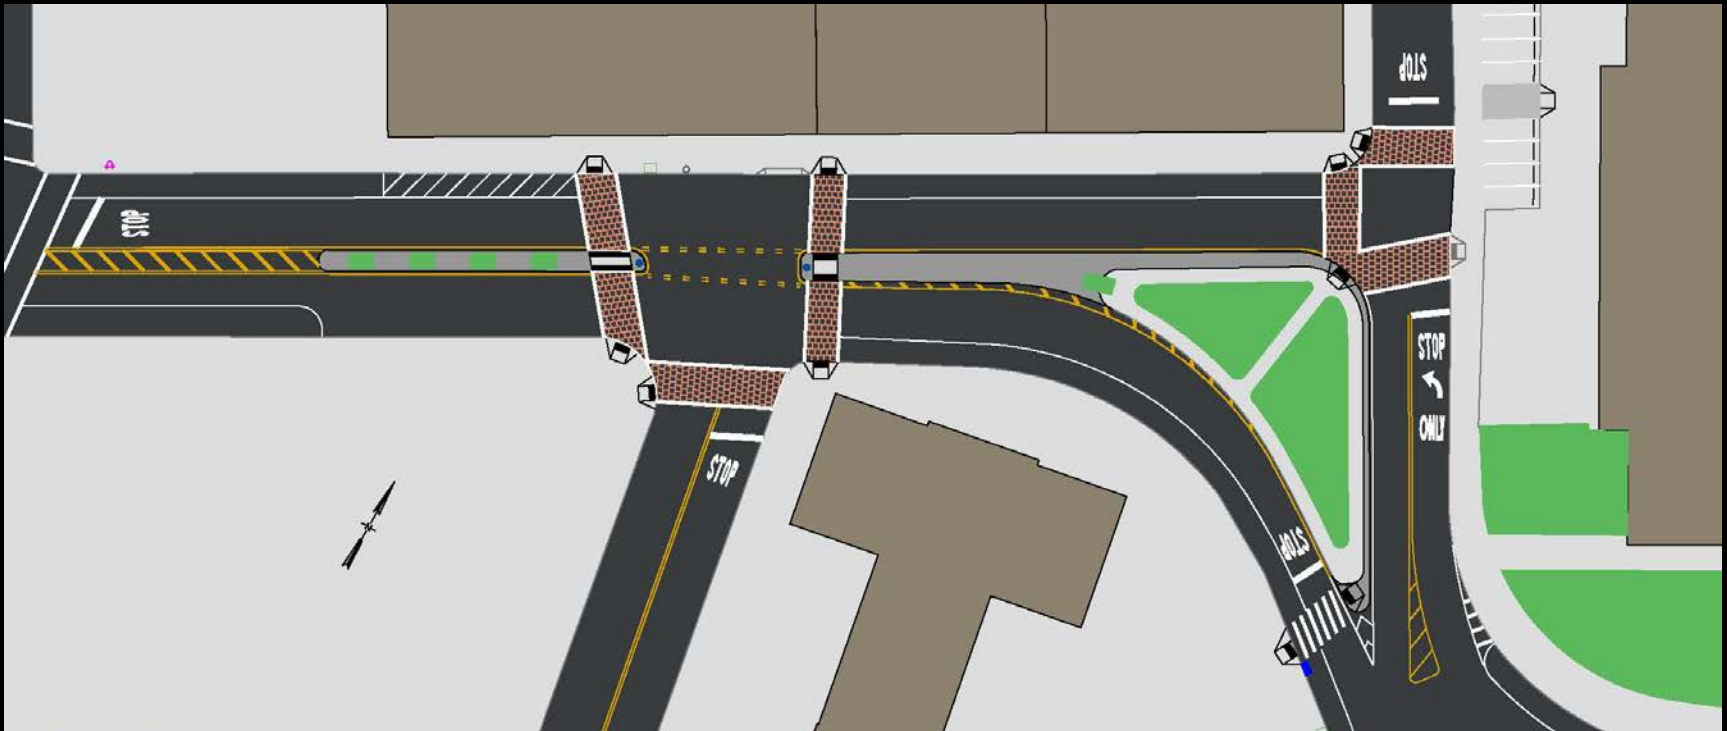

Widens narrow sidewalk around Baker Square

Enhances area with additional landscaping

Adds crosswalks to busy pedestrian intersection
(Stop control under investigation)

Summary

- Extend the Baker Square Greenstreet to Central Ave with new landscaping
- Build new pedestrian safety island between Central Ave and St. Marks Pl
- Install pattern crosswalks on Hyatt St at Central Ave with new All-Way Stop (under continuing investigation)
- Add new pattern crosswalks to Hyatt St and Stuyvesant Pl
- New Crosswalk at Hyatt St and Bay St
