

Avenue B Open Street

Initial Concepts

Curb Extensions

- Narrow roadway and shorten crossing distances
- Slow vehicular traffic and improve visibility for drivers and pedestrians
- Opportunities for plantings, street furniture elements, and other public space amenities
- Explore adding on all blocks of Avenue B

Plaza Block

- Create pedestrian plaza between East 8th Street and East 9th Street
- Include movable furniture, greenery, and other public space amenities
- Create dedicated space for programming, markets, and more

Pedestrian/Bike Priority + Limited Local Access

- Design for slow travel speeds and pedestrian/bike priority, while maintaining limited local access
- Include curb extensions, bike facilities, and other amenities

Goals:

- Create pedestrian and bike priority spaces that build on the success of Open Streets
- Foster a vibrant public realm that strengthen community ties
