

Battery Park Construction Detour Bicycle Route Community Board 1

Commissioner Janette Sadik-Khan, New York City Department of Transportation
November 2, 2011

Background

- Interim bike route installed 2004
- Battery Park permanent bike path, DPR construction to begin 2012
- During construction lost connection between East River Bikeway and Hudson River Greenway
- Path parallel to State Street was removed during recent subway construction
- Temporary greenway connection is needed

Existing Conditions: Current Route

- Lack of signs and markings
- Within Battery Park construction zone

Existing

Existing

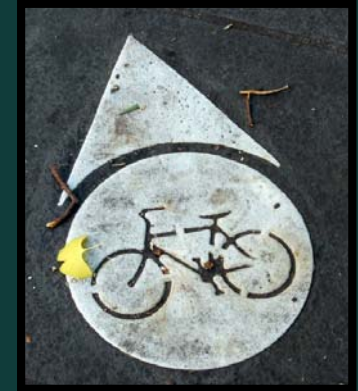

Construction Detour Route

- DPR construction detour route outside of construction zone
- Temporary bicycle route through Battery Park
- Detour route to be designated with signs and pavement markings

Proposed Improvements

- Signage at park entrances
- Bike symbols on route
