

Bicycle Crash Data - 2023

Local Law 13 of 2011 requires the NYC Department of Transportation (NYCDOT) to compile the total number of bicycle crashes that are reported to city agencies beginning October 1, 2011. As a result of reporting changes in the NYPD collision data, beginning in 2021, this report now includes, as a separate category, crashes involving e-scooters and larger e-bikes (without pedals) sometimes called e-mopeds. These vehicle types are now counted in the 'Other Motorized' category.

Beginning June 1, 2012 and annually thereafter, NYCDOT must provide a report on the total number of reported bicycle crashes. This document contains the number of reported crashes, disaggregated by those involving solely bicycles, between bicycles and motorized vehicles, and between bicycles and pedestrians, including the number of injuries and fatalities resulting from such crashes; and further disaggregated by borough and by police precinct, for the reporting period of January 1, 2023 to December 31, 2023. NYCDOT has further disaggregated crashes involving only bicycles or other motorized (which includes electric scooters and electric mopeds) to include crashes between bicycles/other motorized and crashes involving a single bicycle/other motorized. A summary is also provided of injuries and fatalities involving motor vehicles during the same time period. During this period, there were 52,950 injuries and 244 fatalities involving motor vehicles.

The number of crashes involving motor vehicles is tabulated from police accident reports (MV-104 reports), which are reported to NYCDOT by the NYC Police Department (NYPD). The number of crashes involving bicycles/other motorized, but not involving motor vehicles, is also tabulated from MV-104 reports filed by NYPD in response to incidents that do not involve a motor vehicle and reported to NYCDOT by NYPD.

For information on bicycle safety, see the [NYC Cycling Risk Indicator](#), which describes changes in cyclist safety over the past decade while accounting for the increase in bicycle use in New York City.

2023 Pedestrian, Bicyclist, and Motor Vehicle Occupant Injuries and Fatalities by Crash Type

Source: NYPD

Source for fatalities: NYPD/NYCDOT Reconciled Fatality Database

Note: Occupants include motor vehicle drivers, passengers, and motorcyclists

As of 05/31/24
