

What's Happening Here?

Enhance Pedestrian Safety

Add Protected Bike Lane

Seaview Ave., Mason Ave. to Father Capodanno Blvd. Corridor Safety Improvements

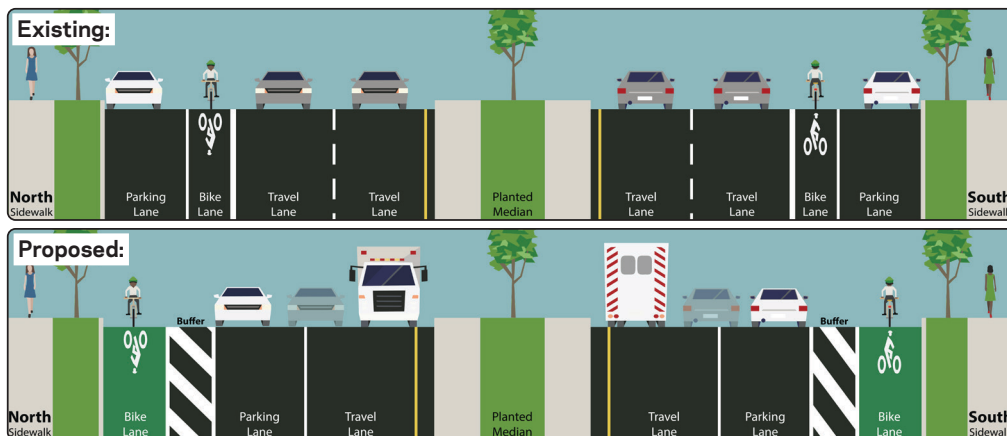

Organize Roadway
and Calm Traffic

Improve Visibility

NYC DOT will implement safety improvements along Seaview Ave. between Mason Ave. and Father Capodanno Blvd.:

- Install new signal and crosswalks at Nugent Ave.
- Implement road diet to reduce speeding
 - Remove one travel lane in each direction
 - Upgrade conventional bike lanes to a parking protected bike lane
- Install painted pedestrian islands to increase visibility and shorten crossing distances
- Add daylighting and turn calming
 - Markings, bollards, and speed bumps to slow and control turns
 - Prevent parking around driveways, intersection, crosswalks, and bus stops

Implementation begins September 2024
