Ydanis Rodriguez
Commissioner

GO SMART NYC

Travel better.
Choose smarter.

— WOMEN —
FORWARD
— NYC —

SLOW YOUR ROLL

WATCH

Look out for people with long white and red canes or traveling with guide dogs.

WAIT

Always let people walking go first and keep the crosswalk clear. Remember pedestrians have the right of way on shared paths and Greenways. Don't ride up behind or around a guide dog and owner.

WARN

Slow down near people walking, and ring your bell or call to let them know you're coming close.

Remember people with disabilities can't always see or hear you, or tell how far away you are.
