Public Safety Officer Educational Assistance

(888) 744-6513

http://www.ojp.usdoj.gov/BJA/grant/psob/psob_education.html

Eligibility Requirements

- Educational assistance through the PSOEA Program is available to the spouse or children of a public safety officer after the PSOB death or disability claim process has been completed and benefits have been awarded
- The spouse of a public safety officer is eligible to receive PSOEA funds for educational expenses at any time during his or her lifetime.
- Children who were listed on the PSOB are eligible to receive educational assistance for expenses that occur prior to their 27th birthday
- A spouse or child is eligible to receive PSOEA funds for a period no greater than 45 months of full-time education or a proportionate period of a part-time program.
- May be paid retroactively for past semesters

Amount of Award

\$925 per month of class attendance (All award amounts are proportionately less for part-time students.) All PSOEA awards must, by law, be reduced by the amount of other governmental assistance that a student is eligible to receive. The educational assistance may be used to defray relevant expenses, including tuition and fees, room and board, books, supplies, and other education-related costs.

Submission Date & Date of Award

Application is ongoing, once approved award will be received 4-6 weeks after. PSOEA award payments are made through the U.S. Department of the Treasury and sent directly to the claimant. A check is mailed to the applicant's home address (as provided on the PSOEA application) within 14 business days after he or she receives a notification letter. Payment can also be made by direct deposit if the applicant provides banking information. The average time for an applicant to receive a PSOEA award is 4–6 weeks after all the necessary documentation has been submitted to the PSOB office. If the decision is unfavorable, the claimant will receive the grounds for that finding and have 30 days from receipt of notification to request an appeal of the decision and offer any new evidence or line of reasoning on the issues in controversy.

Even though applicants can apply for retroactive assistance for all semesters already completed, they can request prospective assistance only for the current or upcoming semester. Therefore, applicants who are still in school typically receive multiple PSOEA awards as they submit updated documentation each time they complete one semester and prepare to attend the next. This is to ensure that students continue their schooling and make satisfactory progress, as PSOEA payments may be discontinued if the student does not achieve at least a 2.0 (letter grade of "C") grade point average.
