

Important Information about Paying for Your Care at Jacobi Medical Center

Jacobi Medical Center is a participating provider in many health plan networks. You can find a list of the plans in which we participate in this package or at the following website:

The information on Jacobi Medical Center's participating plans is current as of the date on the list. You should contact your health plan directly to confirm that you are covered for the services that you will be receiving and that Jacobi Medical Center is in network for your particular health plan. It is important to check whether we participate in the specific insurance product under which you are covered. The contact number for your health plan is listed on your insurance card, or you may contact the Managed Care Office at **(718) 918-7244**.

Hospitals are also required by law to make available information about their standard charges for the items and services they provide. The physician services you receive in Jacobi Hospital from physicians employed by or contracted with the hospital will be included in the charges and not billed separately. A list of our physicians is available at this website:

<http://www.nychealthandhospitals.org/hhc/downloads/pdf/oon/providers-jacobi.pdf>

If you do not have health insurance that covers the services you receive from us, you may be eligible for financial assistance in paying your medical bills, including physician services received during your care. At Jacobi Medical Center more information is available by contacting Outpatient Customer Service at **(718) 918-3375** or Inpatient Customer Service at **(718) 918-3332**.
