### **Presentation Item:**

- Barbara Askins, Director, 125<sup>th</sup> Street BID  
Ms. Askins provided a follow up monthly action plan regarding the Clean Campaign. There is a need for more pick-ups to take place along the 125<sup>th</sup> Street corridor. At the moment there is only one pick up a day is taking place by the Dept. of Sanitation. The private businesses are should have their own private carters to remove their trash, left in front of their business.  
The other concern mentioned is that retail establishments have been putting out there merchandise in front of their businesses in order to compete with the vendors along the sidewalks which adds to the congestion of the pathway and more garbage being not being disposed of in the trash cans.
- The HHS Committee decided to have a “Walking Tour” on Monday, November 7<sup>th</sup>, 2016 at 7am in the morning. The purpose of the Walking Tour is to investigation the amount of garbage that has accumulated from the day before. The committee is reaching out to the Dept. of Sanitation and the Dept of Health to invite them to join the walking tour.
