COMMUNITY OUTREACH:

Please see the Community Board website to find block associations or tenant associations in the immediate vicinity of your location for community outreach. Applicants are encouraged to reach out to community groups. Also use provided petitions, which clearly state the name, address, license for which you are applying, and the hours and method of operation of your establishment at the top of each page. (Attach additional sheets of paper as necessary).

We are including the following questions to be able to prepare stipulations and have the meeting be faster and more efficient. Please answer per your business plan; do not plan to negotiate at the meeting.

1. I will operate a full-service restaurant, specifically a (type of restaurant) _____, with a kitchen open and serving food during all hours of operation OR I have less than full-service kitchen but will serve food all hours of operation.
2. I will close any front or rear façade doors and windows at 10:00 P.M. every night or when amplified sound is playing, including but not limited to DJs, live music and live nonmusical performances.
3. I will not have DJs, live music, promoted events, any event at which a cover fee is charged, scheduled performances, more than 1 DJs / promoted events per _____, more than _____ private parties per _____.
4. I will play ambient recorded background music only.
5. I will not apply for an alteration to the method of operation or for any physical alterations of any nature without first coming before CB 3.
6. I will not seek a change in class to a full on-premise liquor license without first obtaining approval from CB 3.
7. I will not participate in pub crawls or have party buses come to my establishment.
8. I will not have a happy hour or drink specials with or without time restrictions OR I will have happy hour and it will end by 7:00 PM.
9. I will not have wait lines outside. I will have a staff person responsible for ensuring no loitering, noise or crowds outside.
10. Residents may contact the manager/owner at the number below. Any complaints will be addressed immediately. I will revisit the above-stated method of operation if necessary in order to minimize my establishment's impact on my neighbors.

VEHICULAR TRAFFIC AND CROWDS MANAGEMENT PLAN

The roads are one way and there is parking on both sides of the road as well as a municipal parking lot 100 feet away from the establishment. So we do not expect to see much vehicular traffic. In regards to street traffic we will be implementing a wireless standby service. This way our patrons will be notified via text when their tables are ready and thus do not need to inhibit foot traffic by standing outside the establishment.

NOISE MANAGEMENT PLAN

-We have several factors that work in our favor in terms of volume control. The first is that our establishment will only be playing background music, there will be no dancing. So the worry of having club music spilling out to our neighbors will not be a concern. Second, the bar is located in the lower level of the building. So any noise will not directly be heard on the ground level. Finally, we plan to do a bit of soundproofing to the establishment as we understand the worries of our neighbors and wish to be mindful.
