

Finalization Status Update

The Finalization process, or the process of certifying member's pension benefits, occurs through collaboration between the Police Pension Fund, the Office of the Actuary for the City of New York, and the New York City Comptroller's Office. This process may take from eighteen to twenty four months from your retirement date. Some variables that impact the finalization process can include pending contract settlements, volume, and the time it takes for NYPD Central Payroll to calculate and disburse any retroactive monies. If you have a hardship and wish to request early finalization, send a 49 requesting such to: New York City Police Pension Fund, 233 Broadway 25th Fl. NY, NY 10279, ATTN: Payroll.

In the 49, state your Rank, Name, Tax Number, contact phone number, date of retirement, and that you wish to be finalized early.

Note that the early finalization process typically takes 2-3 months from the receipt of your request.

The Police Pension Fund is currently (as of September 2022) processing the internal audit of the pension accounts for the members who retired as follows :

Rank	Retirement Date
Police Officer	Awaiting contract settlement (July 2017 last contract)
Detective	Up to June 2020
Sergeant	Up to June 2020
Lieutenant	Awaiting contract settlement (Oct. 2021 last contract)
Captain & above	Up to November 2021

This information will be updated as information becomes available.
