1-1-1-60M-706844(61) Newbold Morris, Commissioner of Parks, announces that the seven Christmas week Marionette performances of "Alice in Wonderland", scheduled to be held in the Hunter College Flayhouse, have been oversubscribed and the public is hereby notified that no further requests for tickets can be honored.

To date there have been over 15,000 requests for tickets for these free marionette performances with only 5,000 seats available for the four days.

It is hoped that the many thousands of youngsters who have been denied the pleasure of seeing any of these performances, may see "Alice in Wonderland" during the winter showings at public and Parochial schools in the five boroughs.

The travelling marionette theatre will be in the five boroughs according to the following schedule.

Manhattan	-	Until January 8
Brooklyn	-	Jan. 9 to Jan. 30
Bronx	-	Jan. 31 to Feb. 20
Queens	-	Feb. 26 to March 16

#### KATE WOLLMAN MEMORIAL RINK IN PROSPECT PARK

Newbold Morris, Commissioner of Parks, announces that dedication ceremonies for the new Kate Wollman Memorial Rink in Prospect Park will be held on Friday, December 22, 1961, at 3:30 p.m.

Located on the north shore of the Lake in Prospect Park, just off the East Drive, between the Parkside Avenue and Lincoln Road entrances, construction of this new outdoor artificial ice skating rink was made possible through a generous grant of \$300,000 from the William J. Wollman Foundation in memory of the late Kate Wollman whose benefaction permitted the Park Department to build the Wollman Memorial Rink in Central Park.

The total cost of construction of the rink in Prospect Park amounted to \$857,000, of which \$557,000 was provided by the City.

At the dedication ceremonies speakers will include Mayor Robert F. Wagner; John F. Hayes, Borough President of Brooklyn; Abe Stark, President of the City Council; and Robert Moses, President of the New York World's Fair Corporation, 1964-1965. An exhibition of free skating will be given by Dick Button, former United States, World, and Olympic Amateur Champion. The first session of the rink's operation will start at 8:30 P. M. in accordance with the attached schedule of sessions and rates.

#### KATE WOLLMAN MEMORIAL RINK PROSPECT PARK, BROOKLYN

#### 1. BUILDING:

One story, modern flat roof, approximately 260 ft. long by 60 ft. wide. Structure includes machinery room for refrigeration equipment; lobby, skate rental, storage and dressing room; check room, skating instructor's office, skate repair and sales areas; men's and women's comfort stations; employees' locker and dressing rooms; supervisor's office, rink maintenance equipment storage, and a food concession area.

#### 2. <u>RINK</u>:

Skating area, approximately 200 ft. x 140 ft., consists of a five-inch slab set on a structural slab carried on piers to firm soil. The pipe header tunnel from the refrigeration plant supplies refrigerated brine solution through approximately 16 miles of 1-1/4" pipe imbedded in the rink slab.

#### 3. REFRIGERATION:

The refrigeration will be provided by three packaged water chillers consisting of chillers, condensers, brine pumps, condenser pumps, piping and thermal and electrical controls. Compressors will be driven by 75 K.W., 3 phase, 60 cycle,480 V motors. Also included will be a cooling tower for heat dissipation of recirculated water.

#### 4. <u>ICE</u>:

Ice will be formed by spraying the refrigerated rink slab until a thickness of one-inch is attained. Ice is reconditioned after each session by scraping and removing excess ice and spraying with warm water to provide a new smooth skating surface. Excess ice is removed by pushing into the adjoining lake. CONTRACTORS:

TUESDAY, DECEMBER 12, 1961

1-1-1-60M-527176(60) -114

Newbold Morris, Commissioner of Parks, announces that twenty-six Christmas trees located throughout the city will be lighted on Thursday, December 14th at 5:00 p.m. Tree lighting ceremonies will be held at City Hall, Manhattan; Borough Hall, Brooklyn; Joyce Kilmer Park, Bronx; Queens Borough Hall and Richmond Borough Hall.

The City Hall ceremonies in Manhattan will be broadcast. Mayor Wagner will deliver his annual Christmas message, and a switch will be thrown, lighting the sixty-foot high tree officially beginning New York's observance of the Yuletide Season. Honorable Edward R. Dudley, Borough President of Manhattan, will also speak at the Manhattan ceremony. Christmas music will be played by the Department of Sanitation Band. The Equitable Life Assurance Society Choral Club will sing Christmas carols and a school choir from the Church of Our Saviour Roman Catholic Church, Bronx, will sing Christmas carols.

The switch, lighting the tree, will also light a green wreath, eighteen feet in diameter decorated with red berries, pine cones, hemlock, and white ruscus and holly, over the main entrance of the Park Department Headquarters at the Arsenal, 64th Street and Fifth Avenue, Central Park, Manhattan. In the center of the wreath is a star on a field of sky blue. This colorful display, weighing approximately 2,000 lbs., was fabricated and installed by Park personnel.

Newbold Morris, Commissioner of Parks, announces that due to the necessary replacement of a collapsed concrete slab on the southbound roadway of the Henry Hudson Parkway, south of the George Washington Bridge, the flow of traffic will be restricted until the necessary repairs have been completed to correct this condition.

An emergency contract has been awarded for this work and the following pattern of traffic control will be in effect immediately.

- The west lane of the roadway will be closed until the completion of the contract.
- Two lanes will be closed on weekdays during the hours of 10 a.m. to 5 p.m.
- Two lanes will be available for use at all times on Saturdays, Sundays and Holidays.

Informational traffic signs have been posted in the area for the convenience of motorists, and it is expected that repairs will be completed in two weeks.

Address all Communications to: MUNICIPAL LIFEGUARD TRAINING SCHOOL DEPARTMENT OF PARKS 342 EAST 54TH ST. NEW YORK 22, N. Y.

#### **GENERAL INFORMATION**

The Municipal Lifeguard course will consist of five parts: lifesaving and water safety, resuscitator, inhalator and aspirator operation, beach and pool control, use and care of beach and pool equipment including boats, and surf rescue technique. A detailed description of the subjects will be given each candidate at the time of the first class. Candidates will be required to attend one period of training a week.

Classes will be held afternoons at 4:00 P.M. and evenings at 7:30 P.M. each weekday of the term and 10:00 A.M. and 2:00 P.M. on Saturdays. Candidates, as far as possible, will be assigned to such classes as they choose. The course itself will be conducted by members of this department experienced in theory and practical methods of lifesaving.

Rules governing the conduct of classes, attendance, etc., will be strictly enforced. Classes will consist of 35 to 40 members; thus each candidate will be assured of individual instruction.

Aside from the possibility of securing profitable employment as a Lifeguard at the New York City pools and beaches, this course is extremely valuable as physical training.

Each candidate will be given an examination and mark for each part of the course. These marks will be compiled and the final standing of the candidates, made up from these compilations.

Qualifying swimming tests will be held at 342 East 54th Street, Manhattan, indoor pool, every day, except Sunday, beginning December 1 to December 31 from 3:00 to 9:00 P.M. On Saturdays from 10:00 A.M. to 5:00 P.M.

Applicants are required to furnish their own towel, soap and trunks each session.

Newbold Morris, Commissioner of Parks, announces that the Department of Parks' Marionette Theatre will present a series of seven special performances of "Alice in Wonderland" at the Hunter College Playhouse during Christmas week. The Playhouse is located at 68th Street, between Park and Lexington Avenues.

The schedule of performances is as follows:

Wednesday	-	December	27	at	2:30 p.m.	Only
Thursday		December	28	11	11 a.m. a	nd 2:30 p.m.
Friday	-	December	29	11	71	11
Saturday	-	December	30	11	12	T¥

Admission to all performances will be by ticket only. Free tickets may be obtained by sending a self-addressed stamped  $(4\phi)$ envelope, indicating on the inside flap the date and time of the performance requested, and the number of tickets required. Because of the heavy demand for seats not more than four tickets will be permitted for each request.

All letters should be addressed to:

Puppet Show Department of Parks 64th Street and Fifth Ave. New York 21, N. Y.

It is recommended that a second choice be indicated in the

10

request in the event that tickets for the first choice are not available.

Since this year's elaborate production of "Alice in Wonderland" follows closely the original story line, parents are requested to bring children 8 years of age and over. The subtleties of the hour-long Lewis Carroll story will be best appreciated by older children.

The story of "Alice", as presented in 2 acts and 14 scenes by the highly skilled troupe of Park Department employees, features a new, enlarged stage and a group of unusual puppets. The original illustrations of Tenniel are faithfully reproduced in the design of each of the 78 marionettes that make up the cast.

Maintaining a tradition of technical excellence, the Park Puppeteers will feature an "Alice" who grows and shrinks in size in full view of the audience.

Youngsters are certain to be enraptured by the sight of Alice and the Queen playing an exciting and humorous croquet game, using flamingoes as mallets and hedge-hogs as balls.

The court room scene finale depicts the trial of the Knave accused of stealing the tarts and features the parade of puppet cards which soon grow to massive proportions.

The Park Department Marionette Theatre, in existence since 1939, performs for more than 500,000 children and parents each year during the indoor and outdoor tours.

Newbold Morris, Commissioner of Parks, announces that the Second Annual National Winter Sports Day will be held in Central Park on Cedar Hill, 79th Street and Fifth Avenue, on Sunday afternoon, November 26, 1961, from 2:00 to 4:30 p.m.

This outdoor sports attraction, which is free to park patrons, is co-sponsored by the Park Department and the Winter Sports Show. International and American professional ski-jumping stars will compete. Many of the participants in Central Park will be tuning up for the five-day National Sports Show, which opens November 29th, at the 71st Infantry Armory, 34th Street and Park Avenue, at which more than 50,000 skiers from the East will attend.

Over 100 tons of crushed ice will be placed on Cedar Hill in Central Park to make it suitable for ski-jumping. Leaps of 50 to 60 feet are expected.

In addition to the ski-jumping contest, instructors of leading ski schools in the East will demonstrate modern tricks, do slaloms, speed down hill, and perform a variety of ski tricks.

Newbold Morris, Commissioner of Parks, announces the receipt of funds from Morris Berman, President of the New York Society of Engineers, for the preparation of plans and specifications for inscribing the name "Engineers' Gate" at the entrance to Central Park at Fifth Avenue and 90th Street.

Although this entrance was officially designated "Engineers' Gate" soon after the creation of Central Park a century ago, there has never been any visible indication of its name. Funds for the actual work of inscribing the name in the stone walls will be raised by the New York Society of Engineers and the Committee on Engineering Progress now being formed under the leadership of the Society. The Committee proposes to hold appropriate annual ceremonies at the gate honoring engineers and city planners who have contributed to the progress of engineering in its various branches during the preceding year in this and other countries.

When completed, the Engineers' Gate will be the fourth entrance to Central Park to have its official name inscribed on the adjacent boundary wall. The others are the Inventors' Gate at 72nd Street and Fifth Avenue; the 76th Street Gate at 76th Street; and the Mariner's Gate at Central Park West and 85th Street. All of these inscriptions will have been carried out through the generosity of private individuals and organizations.

6.5.

In spite of the mounting operating costs since 1950, this is the first time in twelve operating seasons that the Park Department has raised the skating fees in the municipal rinks.

The nominal increase was recommended by the Comptroller's Office after an audit to adjust the fees for the use of this facility which would be comparable to those charged at other municipally operated skating rinks in the nearby areas.

The sessions at other areas were limited to between 1-1/2 hours and two hours, while those at the rinks operated by this agency are from 2-1/2 hours to 3 hours.

Newbold Morris, Commissioner of Parks, announces that a new Butyl rubber mat, called Safety-Surf, has been installed under a slide in the playground adjacent to P.S. 108, located at East 108th Street and Park Avenue, in the Borough of Manhattan.

The Commissioner has always been concerned with improving the safe use of playground equipment. The offer of the Mitchell Rubber Products, Inc., manufacturer of the Safety-Surf mat, has been accepted to install at no cost to the city this 3/16 inch thick bulge rubber mat which is supported by waffle-like one-inch thick ribs under the surface, producing a resiliency which easily absorbs the impact of a fall.

The mat, which will be tested for a few months, can be installed under a piece of equipment in less than two hours.

If the test proves to be practical and a worthwhile safety factor, it is the Commissioner's plan to request the necessary funds for their installation in all playgrounds.

WEDNESDAY, OCTOBER 4, 1961 Hend Chel - 10 and mail ----

Newbold Morris, Commissioner of Parks, announces that the Metropolitan A.A.U. Handball Committee will co-sponsor a series of three-wall (Jai-Alai) type handball exhibitions, singles and doubles, in the city's parks and playgrounds.

These three-wall Jai-Alai type handball courts, front, back and one-side wall, are the first of their kind in the United States. Among those who will play are Oscar, Carl, and Rube Obert, holders of over 35 national titles; former champions Tom Ginty, Harry Hyde, Marty Decatur, Harold Hanft, Bill Gluck, George Maier; also Louis Russo, Shelly Chezar, Phil Haralan, Louis Kramberg, Cyril Vincent.

These Jai-Alai type courts have the same playing area as the standard four-wall courts, 20 ft. wide, 20 ft. high, 40 ft. long, and bring into play all the skills of backwall, sidewall, and corner shots common to four-wall play.

The open side requires the accuracy and the well-controlled shots of one-wall, and affords ample space for several hundred spectators. These courts are bound to have considerable impact on the playing of handball in the public parks and playgrounds throughout the country. First exhibition match was played at Lincoln Terrace Park in Brooklyn on Sunday, October 1st, and will be followed by matches at Victory Field, Queens, on Sunday, October 8th; Crotona Park, Bronx, on Sunday, October 15th; and Central Park, Manhattan on Sunday, October 22nd.

The public is cordially invited to attend. Admission is free. All games start at 2 p.m.

Remarks of the Honorable Herbert H. Lehman at dedication of the Children's Zoo, Central Park, Thursday, September 28, 1961.

This is a very happy day for Mrs. Lehman and me. We are delighted to celebrate with the children of New York the opening of their Zoo, which we hope will bring them much happiness in the days and years to come.

The completion of the Zoo is a realization of a dream which we have long had. Nothing could have been a more fitting celebration of our 50th Wedding Anniversary in April 1960, than to have presented this Zoo to the children of the City of New York. We have watched its development from the very beginning. Mrs. Lehman and I have paid almost daily visits to this area, and have always been happy to find many children and adults to share our joy at the prospect of the completion of the Zoo.

We are all indebted, of course, to many people for the design and arrangement, which has turned out so beautifully. Special thanks go to Commissioner Morris for his constant interest and cooperation, as well as to the architect, Edward C. Embury, who took great pains to use every inch of space as artistically and effectively as possible. Our thanks also go to Robert Moses and James Felt, who shared with us the excitement of this project from the very beginning.

We hope that the Zoo will not only bring great joy to the children of New York, but will also serve as an education to them in learning to know the animals, and what is equally important, learning to handle them with care and understanding.

We anticipate the use of the glass enclosed building in winter time for many projects which will be of inestimable value to the children, both in enjoyment and in education.

It is now my great privilege to present the Zoo to the City of New York in behalf of Mrs. Lehman and myself.

# REMARKS BY COMMISSIONER NEWBOLD MORRIS AT DEDICATION OF LEHMAN ZOO FOR CHILDREN, SEPTEMBER 28, 1961

Today, we are thinking of children and because you who are invited guests have never forgotten the wonder of childhood, I am sure you will understand if I start my opening remarks thus:

Once upon a time there lived in the mightiest city in the world, a happily married couple. As eventful years passed by it became apparent to their many friends that they shared their joys, and, if sorrows passed their way, they divided them. Strong in their life together, he was looked to for leadership and the people of his state chose him to rule over their destinies for many years. After the clouds of a great war receded, he was again chosen to bring hope and relief through the United Nations organization to those who had suffered the scourge of invasion abroad. Later, because of his wisdom, experience and patient understanding, he was sent to our national capital to represent his state in the country's highest legislative body.

Everywhere he went on his public missions, it was observed that his charming and gracious wife was always at his side.

In the year 1960, these good people pondered an observance of the Fiftieth Anniversary of their marriage. They remembered the happy days when they took their children to the Children's Zoo in the Bronx. It was characteristic that at this time of their lives together, Edith and Herbert Lehman would be thinking of others. These "others" they decided should be the children of the city where they had made their home. 1

So they conferred with an Unselfish Giant. He lived in so many castles that sometimes people had trouble in seeking him out. He had one castle, an ancient arsenal in Central Park, another in lower Manhattan, another in Belmont Lake State Park in Long Island, still another on a solitary island anchoring a great bridge which he had built linking three principalities together; finally in recent years he established still another fortress above the Niagara River where he has built a giant power plant whilst making peace with the hostile Indians.

For twenty-six years he served as Commissioner of Parks in this city, appointed by four different mayors. Being avaricious by nature, when it came to acquiring open space for recreation, he increased his city's park system for enjoyment by the people from 15,000 acres to almost 36,000 acres; 17.3% of the city's land area is now in public parks. This Commissioner, Robert Moses, after conferring with the Lehmans selected an imaginative architect, Edward Coe Embury, in association with his father, Aymar Embury, who had designed so much architectural beauty within the city. They were instructed to prepare plans and specifications for a children's zoo to be located at this site in Central Park. The famous sculptor, Paul Manship, was commissioned to model the delicate and beautiful entrance gate and the sculptured figures you see there.

At that point, it was necessary to find a giant to accept the Presidency of the 1964-1965 World's Fair Corporation. Being an unselfish giant he knew he could not, as President of the Fair, enter into a lease with himself as Commissioner of Parks, so the miraculous twenty-six years came to an end.

-2-

A contract for construction was awarded by his successor to the firm of Skinner and Cook almost a year ago. Trees came down, rock excavation began, problems with the Consolidated Edison Company followed, but the work went ahead steadily until shortly before Christmas.

The leaves had fallen from the trees, the limbs stood stark against a leaden sky and a cruel, cold wind blew in from the north. Flakes began to fall on Sunday afternoon, December 11th and so roared in the first series of four crippling storms which piled upwards of twelve inches of snow, each, upon the site where the men had been working. As a result of the winter snows and spring rains, work was delayed for two and a half months. Finally the sun came out again as did the leaves on the trees.

This dedication was set for August 18th, the birthday of Mrs. Lehman. Then unexpectedly, the teamsters, delivering building materials, walked out. For seven long weeks, the strike stopped construction, but today, more than four months late, the disappointment vanishes in the realization that this beautiful jewel set in Central Park will bring gaiety and joy to the children of New York for generations to come. But that is not the end of the story. It will only begin in a half hour when Mrs. Lehman cuts the ribbon and the first children stream through the gates.

Newbold Morris, Commissioner of Parks, announces that dedication ceremonies for the new Children's Zoo at Fifth Avenue located between 65th and 66th Streets in Central Park will be held on Thursday, September 28, 1961 at 11 a.m.

There will be open house all day immediately following the dedication ceremonies, with no charge for admission. Starting Friday, September 29th, the admission fee will be 10¢. Adults will not be admitted unless escorting children. Hours of operation will be from 10 a.m. to 5 p.m.

This new addition to the facilities in Central Fark was made possible through a generous gift to the City by former Governor Herbert H. Lehman and Mrs. Lehman in celebration of their 50th Wedding Anniversary in 1960.

The various exhibits and animals include the HOUSES OF STRAW, STICKS AND BRICKS, which indicate part of the story of the THREE LITTLE PIGS, a BARN WITH COW AND CALF, a LLAMA'S SHELTER, MAC DONALD'S BARN WITH SHEEP AND DONKEYS, a CONTACT RING where children may pet and be close to small animals, such as, CHICKENS, RABBITS, DUCKS, small LAMB AND GOATS, a RACCOON PIT, a CASTLE, a BIRD CAGE WITH TALKING MYNAH BIRD, a MOUSEVILLE WITH LIVE MICE, a WATER MILL, a DEER HOUSE, PONIES

I

AND DONKEYS, JONAH'S WHALE, a POND WITH GEESE AND DUCKS, NOAH'S ARK, and a WATER MILL.

The entrance will be through ornamental gates designed by Paul Manship and through a glass building constructed in "Alice Through the Looking Glass" fashion.

Aymar Embury II and Edward Coe Embury are the architects who designed the project.

The Department of Parks is grateful for this generous gift which will bring many happy moments to children and adults alike.

Newbold Morris, Commissioner of Parks announces the closing of 17 outdoor swimming pools, located throughout the five boroughs, at the close of business on Monday, September 4, 1961. During the summer, 5644 youngsters participated in swimming meets in the pools. Many young swimmers had their first try at competitive swimming in these Park Department meets.

In addition to the swimming events, the annual "Learn to Swim Campaign" was conducted in each of the 17 pools through July and August. During these months, over 8000 children participated in the three phases of a "Learn to Swim"course. Beginners, intermediates and advance courses were conducted. Eleven of the outdoor pools will open as active play centers on Monday, September 11th, with facilities for paddle tennis, shuffleboard, basketball, table tennis, and group games. The pools which will convert to play centers and which will operate free of charge are:

MANHATTAN:

Hamilton Fish Pool, E. Houston and Pitt Sts. Colonial Pool, Bradhurst Ave. and 145th St. Highbridge Pool, Amsterdam Ave. and W. 173rd St. Thomas Jefferson Pool, 111th St. and First Ave.

BROOKLYN:	Sunset Pool, 7th Ave. and 43rd St. McCarren Pool, Driggs Ave. and Lorimer St. Red Hook Pool, Clinton, Bay, and Henry Sts. Betsy Head Pool, Hopkinson and Dumont Aves.

The New York City Department of Parks and Columbia University yesterday (Thursday) entered into a long-term lease formalizing the July 27 action of the Board of Estimate authorizing construction by Columbia of an eight million dollar University gymnasium and community recreation center at the south end of Morningside Park.

The lease was signed by Commissioner Newbold Morris, of the Department of Parks, and Dr. Grayson Kirk, President of Columbia, in the office of Commissioner Morris in the Arsenal Building, Fifth Avenue and 64th Street.

The new facility will be constructed on a steep, rocky hillside between Morningside Drive and Morningside Avenue. The lower floor, with its entrance facing Morningside Avenue, will be operated as an indoor recreation center for the youth of the community. It will be equipped for basketball, boxing, wrestling, handball, gymnastics and other activities. In addition to paying the City an annual rental for the use of the land, the University will raise funds for the construction of a building and will arrange and supervise an organized schedule of activities for the community center.

The upper portion of the building, with its entrance on Morningside Drive, will house the gymnasium for the use of Columbia students. It will include a swimming pool, basketball courts and facilities for handball, gymnastics, wrestling, fencing and squash.

These indoor activities will permit year-round extension of the broad athletic program at the present athletic field and field house which have been operated by the University through an agreement with the City of New York at the southern tip of Morningside Park for the past four years.

Columbia, at its expense, will staff, operate and furnish heat for the community center, and the Department of Parks will maintain and repair that portion of the interior to be used by the community.

## LAUREL HILL DAY ADDRESS by NEWBOLD MORRIS

New York City Commissioner of Parks Stockbridge, Massachusetts Saturday, August 26, 1961

### THE DESTINY OF THE AMERICAN CITY

Today, with the world so full of danger and confusion, I will try to divert your attention from Berlin.

I selected this subject partly because I live and work in the most congested area in the world, partly because rural living is giving way to urban and suburban existence, and partly because the problems of the future of cities in our country sometimes appear to be insoluble.

People who have lived in cities from earliest times have been drawn to them because it is there that civilization was born and has flowered. Scientific research, music, and the arts, and vast commercial enterprises are inspired in cities. The handicaps are many, the competition is fierce, but for some reason the boys don't stay down on the farm; mechanization so far has kept up with farm manpower shortages, and we still have farm surpluses. In our country, although there are bleak areas, by and large none of us are starving. That, of course, is a subject for another day.

If we were in the position of the Founding Fathers and had the foresight that would have been necessary, we could have distributed governmental functions tied up in three neat little packages. We could have decided that all services which are interstate in character should be financed by the central Federal government, just as it was decided to have our lives and integrity protected by armed forces financed by the Federal government, and that there would be a central health service and post office system. The Federal government should have assumed responsibility for the development of ports for shipping; later the development of airports and interstate highways. I never found anyone who was unwilling to accept this major premise. If you follow me so far, I will take one more step and you may balk. Water pollution and its elimination should be a matter for the concern of the Federal government. Dumping our waste products into streams and tidewater, results in their being carried across state lines.

The next package will wrap up the responsibily of the states It has been determined that education is a state function, and so is the administration of justice in the state courts, and so is the system of elections. These three state functions are not primarily supported by state but by local taxing power; although in some cases there is some state aid for teachers' salaries and the support of the courts, but none for school construction or for the election machinery none for construction of court houses.

Cities are creatures of the state, with limited powers to tax and to incur indebtedness. The demands upon city governments, however, are unlimited, while the sovereign central government and state governments have unlimited powers.

The tide has turned and finally the Federal government and

2.

the states have entered into a partnership which is resulting in a tremendous program of interstate arterial networks. So also the Federal government has swung into action to rehouse those who have been living in substandard conditions. The most dramatic law is the recently enacted Title I of the Federal Housing Act of 1955, which provided the sum of five-hundred-million dollars as capital grant authorizations to be spent in the first two years throughout the nation.

The most spectacular project undertaken under Title I is the Lincoln Center Development in New York City, where forty-five acres of ancient rookeries have been demolished, tenants relocated, and modern housing rising in the northern part of the area while a whole new cultural center devoted to the performing arts will occupy the southern part of the area.

The most important step in city planning has been the abandonment of the old philosophy of "laissez faire". Fifty years ago to the great Titans of industry government planning was a radical concept, and any planner was looked upon as a subversive.

It was not until 1916 that New York City even had a zoning ordinance. There was no law which would prohibit the erection of a slaughter house in the midst of a residential section. Finally, public revolt was stirred when the new Equitable Building appeared on the horizon, rising sheer from the sidewalk forty stories into the air without a setback, covering 100% of the area of a city block in the center of the financial district. A few civic-minded people

31

mobilized public opinion and the zoning regulation went into effect. Forty-four years later the city's zoning resolution was revised to catch up with the modern developments.

I have long advocated that a property owner can obtain just as favorable rentals if he leaves part of his property unbuilt upon. Mr. Rockefeller proved it when the Rockefeller Center was constructed leaving a large part of the land for landscaping and sunlight and air. He disproved the theory that the more bodies you cram into a dwelling or an office building the more money you make. So, they were able to charge \$11 a foot, while the older buildings with heavier area coverage were lucky to get \$5 a foot.

I am only mentioning a few incidents of progress because the force behind the progress is much more important. People have decided that cities should and can be more livable. The desires of poeple are becoming manifest. Education has played a great part in this change of philosophy. For the first one-hundred-and-fifty years of our history our political philosophy primarily revolved around human rights. Now almost every city dweller has his own ideas about the control and use of private property. With shorter working hours we have more leisure to read and think. When we know that our libraries are heavily used, we know that out of them is coming the kind of stuff that makes life more bearable.

With education, enlightenment and organization our people are becoming articulate. Their views, in turn, influence their representatives in Congress and the Legislatures. This is the true

4.

awakening of a living, vital democratic process.

Some of us city folk grumble; sometimes rushing for the subways at the end of the day we may snarl at each other; all of us have yearned from time to time for the green hills or boundless tracts of water, broad vistas, and peace. We even talk of leaving for good, but somehow we stay on. In New York we have done the best we can to alleviate our discomfort. In the last quarter of the century under the drive of my predecessor. Robert Moses, our park system has grown from 15,000 acres to nearly 36,000 acres, 17.3% of the city's area, and during this year and the next we will acquire 1,400 more acres assisted with substantial state funds in the amount of twelve million dollars.

5,

In the field of the performing arts, which has never received any form of government subsidy until the last three or four years, we are sending some of our best companies abroad as part of our cultural exchange program, and who would have believed that in the year 1961 New York City would have appropriated \$100,000 to send a Shakespeare company through the public schools and another \$60,000 to help defray the expenses of the same company performing without admission charge in Central Park this summer. But it happened! It happened because enough people said it must happen.

No, city life is not doomed, although many cities are stagnant. And, of course, some of them, I am afraid, are just too big for the people who run them. Bad management, waste, corruption, political pressures are ever present enemies of sound planning. But the forces of darkness are on the wane.

Newbold Morris, Commissioner of Parks, announces that with the 1961 nesting season coming to a close, three new nesting records were established at the Jamaica Bay Wildlife Refuge.

1. Eastern Glossy Ibis, a southern marsh wader, nested in the refuge for the first time and is a record for New York State. Three nests were produced by this specie.

2. American Widgeon or Baldpate duck had two broods, a new record for this region.

3. Redhead duck produced one brood. However, it is doubtful that this is a natural extension of this duck's breeding range, as a number of young Redhead ducks were released in the refuge by the New York State Conservation Department last fall.

Other nesting ducks included Black duck, Gadwall, Blue-winged and Green-winged Teal, and Ruddy ducks. Pied-billed Grebe, Eoot, and Florida Gallinule nested in increased numbers. Herons and Egrets also nested satisfactorily. There was a big increase in the number of nesting Terns and Skimmers.

Newbold Morris, Commissioner of Parks, announces that golfers at New York City's ten municipal golf courses may file their entries for the 11th Annual Blind Bogey Tournament and Hole in One Contest which will be conducted by the Department of Parks under the sponsorship of the F. & M. Schaefer Brewing Company, beginning Sunday, August 27th. All regular patrons of municipal courses, who are 18 years of age or over, are eligible to compete. Entries must be filed on or before Monday, August 21st, at the course where contestant wishes to play. Registration will be limited to 400 at each course.

The Blind Bogey competition has proved popular with public links players because the duffer competes on an equal footing with the low scoring golfer and because it offers contestants the rare privilege on public courses, of reserved time for teeing off. Competition consists of 18 holes of medal play. Each golfer chooses his own handicap and at the close of competition, the player whose net score with his chosen handicap comes closest to the Blind Bogey, is declared the winner. U.S.G.A. rules will govern all play.

Handsome prizes donated by the F. & M. Schaefer Brewing Company will be awarded at each course to winner of the Men's and Women's Blind Bogey competitions, and to the low gross man and low gross woman. HOLE IN ONE CONTEST - Prizes will also be awarded for a hole in one competition at each course. The golfer nearest to the cup at the designated hole will receive a prize. ARSENAL, CENTRAL PARK

Newbold Morris, Commissioner of Parks, announces that youngsters from six through fifteen years of age are invited to register now for the Third Annual Junior Fishing Contest which begins on Tuesday, August 8th, at 11 A.M.

This event, which has such appeal to youth, will be held again at the 72nd Street Lake in Central Park. A Park Department Recreation Leader, who is at the site of the contest daily, will register all contestants and issue colorful "Junior Fisherman Badges" in preparation for the opening day activities.

The Junior Fishing Contest will again be sponsored by the New York Lodge # 1, Benevolent and Protective Order of Elks. Fishing will continue daily from 9 A. M. to 5 P. M. terminating on Thursday, August 24th, when the major awards will be presented.

Special prizes of fishing kits for the heaviest fish landed, the longest fish, the greatest number caught and the greatest aggregate length during the entire contest, as well as prizes for Opening and Closing Day, and special weekly awards will be presented to the successful anglers.

Youngsters interested in competing may secure entry blanks at any Park Department Playground, at the Lake at 72nd Street daily, or by writing to the Manhattan Recreation Office, Arsenal Building, 64th Street and Fifth Avenue, New York 21, New York. Each competitor will receive a free Official Contest Badge when he appears at the Lake. This will make him eligible for any of the scores of prizes. Newbold Morris, Commissioner of Parks, announces that the first round of the Men's Golf Championships will start on Saturday, July 22, 1961, at 12 noon at the Split Rock Golf Course, Shore Road, Pelham Bay Park, Bronx.

The 32 low medal scores in the team championships held at Clearview Golf Course on Sunday, July 9th, will compete in match play over the next three weekends in quest of the New York City Public Links Championship.

Youthful Frank Meystrik, ex-St. John's University player, 1960 Park Department champion, and an automatic qualifier for the 1961 renewal will defend his crown against such veteran tournament stars as John DePierro, 1958 winner, and Joe Sage both of Split Rock, Fete DeCaprio of Van Cortlandt, Charley Amandoles of La Tourette and Ed Majka of Dyker. The latter turned in a 36 hole total of 147 to be runner-up at the qualifying medal play at Clearview. De Pierro, with a 144 total, won low medal honors. Others who are given excellent chances of upsetting the favorites are: Ed Bruder of Van Cortlandt, Joe Roccisano and Richie Carroll of Split Rock, ex-N.Y.U. basketball star Dick Bunt of Clearview, and Dave Roethgen of Forest Park.

STATEMENT BY COMMISSIONER OF PARKS, NEWBOLD MORRIS

A recent newspaper article referred to an oral statement of mine concerning the necessity of Shore Drive in conjunction with the proposed Pelham Bay Park addition.

A misunderstanding as to the meaning of my remark concerning the demapping of Shore Drive, has arisen. Since the paramount concern of all is to avoid taking any homes, it will be necessary for the Borough President of the Bronx to demap Shore Drive as it is now mapped, and realign it along the lines of our studies. The new alignment will eliminate the need of condemning any homes for park or future street purposes. I do not advocate the elimination of any Shore Drive since this street is essential to provide an adequate street system for the adjacent community and also for access to the future park addition.

This addition to Pelham Bay Park will create a fine waterfront area, protect it from exploitation by builders and subdividers, and carry out the purposes of the new act to set aside open lands for park use by future generations. The voters overwhelmingly supported the proposal for the issuance of State Bond Funds to help New York City expand its park system before it is too late. We are in a race against private developers and every effort to retain property for public use and open lands reserved for public enjoyment and recreation should be made.

Newbold Morris, Commissioner of Parks, announces that GUIGNOL COMES TO AMERICA, a puppet show for children and adults, will be presented at the Central Park Mall at 2 p.m. on Friday, July 14, by the world famous French Guignol Puppet Theatre.

Parfums Corday, as a public service, have arranged for the children of New York City to see this adaptation of the original concept of puppeteering as it has been seen in French parks since the 18th Century.

The half-hour presentation will feature Monsieur Guignol himself, his sweetheart, the trouble-making policemen, the cunning cat, and the clever mouse.

To interpret the original "Punch & Judy" technique of Monsieur Mourguet, will be American Puppeteer, Larry Berthelson, a student of the Guignol School of puppetry. Members of his company will appear in French costumes and before the show begins, they will walk through the audience and show how they bring the puppets to life. Flags and balloons will be distributed to the children at the beginning and conclusion of the show.

The French have always had a flare for fun and Parfums Corday is bringing Monsieur Guignol to Central Park on Bastille Day to prove it. Admission is free. The Mall is at 72nd Street in the center of the park. 7/11/61 DEPARTMENT OF PARKS ARSENAL, CENTRAL PARK REGENT 4-1000

Newbold Morris, Commissioner of Parks, announces that the winning foursome of the Rheingold Municipal Links Championship will be honored in a special ceremony at the Park Department headquarters, Arsenal Building, 64th Street and Fifth Avenue, on Thursday, July 13th, at 4 p.m.

The successful foursome from La Tourette Golf Course in Staten Island matched scores, based on best ball at full handicaps with the Pro-Celebrity winners from the Huntington-Crescent Club Championship. A spectacular 18 under par round by the La Tourette group of David Brown, Arthur Meldrum, Jr., Gerald A. Johnson, and Charles Schmitt was good enough to defeat the Pro-Celebrity Quartet by four shots and nose out the Pelham Golf Course team by a single shot.

Mr. Al Moore of the Rheingold Brewery will join Commissioner Morris in presenting each of the successful linksmen with portable television sets. At each of the 9 municipal courses the winning best ball team will be awarded gold plated putters.

Newbold Morris, Commissioner of Parks, announces that on July 6, 1961, the Department of Parks received bids on the first two major contracts for the construction of permanent improvements in Flushing Meadow Park, the site of the 1964-1965 World's Fair.

One contract includes the construction of basic roads, storm drains, sanitary sewers and water mains, filling in a portion of Flushing Creek and related work. There were nine bidders, including some well known contractors of public works in the Metropolitan area. The low bid of \$4,624,321 submitted by the Slattery Contracting Co., Inc., is 12.3% below the engineer's estimate of \$5,270,000.

The other contract includes the underground electric conduits required for power distribution, communication, police and fire alarm systems, etc. Keen competition for this work was evidenced by the submission of 14 bids, lowest of which, in the amount of \$2,944,360.50 and 11.4% below the engineer's estimate of \$3,325,000, was tendered by the Johnson Electrical Corporation.

These two contracts include improvements of permanent benefit to the park and improvements required by and for the World's Fair as approved by the Board of Estimate. The cost of the first contract will be shared 67% by the City and 33% by the World's Fair; the cost of the second will be shared 25% by the City and 75% by the Fair. The average will be 51% City and 49% Fair.

Newbold Morris, Commissioner of Parks, announces that a special Carillon Concert will be played on the Altman Memorial Carillon in Highbridge Park, 172nd Street and Amsterdam Avenue, on Independence Day, July 4th, 1961, at 3:00 o'clock featuring Scott Brink Parry, Carillonneur.

The program is as follows:

- I. Improvisation for Bells
- II. Medley of Patriotic Songs, including Yankee Doodle; Columbia, the Gem of the Ocean; Gold Bless America
- III. Coronation March from Le Prophete Giacome Meyerbeer
- IV. The Battle Hymn of the Republic
- V. When Johnnie Comes Marching Home
- VI. Medley of National Anthems from Other Lands, including: La Marseillaise, Wilhelmus, La Brabanconne, Hatikvoh, God Save the Queen.

VII. Trumpet Tune and Aire - Sir Henry Purcell

VIII. The National Anthem: "The Star Spangled Banner"

Mr. Parry studied the art of the carillon at Princeton University. His teacher, the distinguished Bell-Master, Arthur Bigelow, was in part responsible for the creation and design of the type of carillon on which this concert is played. Mr. Parry has played many cast-bell carillons in the United States and Europe and electronic instruments in his home state, Pennsylvania. He is internationally recognized as an authority in the field of handbells and is the Co-Editor with James R. Lawson, at the Riverside Church, of OVERTONES, the journal of the American Guild of English Handbell Ringers. The Altman Memorial Carillon is a Schulmerich electronic (electro-mechanic) instrument consisting of 61 bell-like tones. It is regularly played on Saturdays at 6:00 p.m. by members of the Societas Campanariorum (Society of Bell-Ringers) at the Riverside Church.

Newbold Morris, Commissioner of Parks, announces that New York City's ten Park Department Golf courses offer an interesting competitive program for all players on the weekend of June 24th and 25th.

On Saturday, June 24th all foursomes playing on the Municipal links are invited to compete by matching cards against the winning foursome of the Rheingold Fro-Celebrity Golf Tournament which will be held at the Huntington Crescent Country Club on the following Monday, June 26.

Municipal links foursomes will match their scores, based on the best ball at full handicaps, with the Pro-Celebrity winning foursome. Non-handicap golfers will be handicapped at the end of the round on the basis of the score they shoot on June 24th(Callaway System).

The foursome defeating the winning foursome of the Pro-Celebrity Tournament will receive television sets. Also, the winning foursome at each Golf Course will receive golf putters.

On Sunday June 25th the Park Department's own Local Course Championships will take place for Men and Women. This will consist of 18 holes of Medal Play. Prizes for 1st, 2nd, and 3rd will be awarded in each division at each course. In addition, the 6 low gross scorers in the Men's Division qualify for the City-Wide Inter-Course Team Championships.

As a further incentive the winner and runner-ups at each course. will receive invitations to represent their local course in the "Ike Golf Championships" on July 17, 18, and 19th.

## FOR RELEASE

INMEDIATELY

The Board of Estimate of the City of New York today approved the contract for the construction of a scale model of the entire City of New York which will be built by Lester Associates, Inc., designers of many models including the Niagara Power Project.

It is to be a City World's Fair Exhibit constructed on the roller rink at the City Building in Flushing Meadow Park.

There will be a press conference in the Office of the Commissioner of Parks on the third floor of the Arsenal, 64th Street and Fifth Avenue, on Monday, June 12th, at 11 a.m., at which Commissioner Morris and Mr. Lester will describe the exhibit.

THE NAUMBURG ORCHESTRAL CONCERTS, named after their founder, Mr. Elkan Naumburg, have been heard continuously each summer on the Mall since 1905. Mr. Naumburg saw the need to encourage and stimulate the public's interest in symphonic, classical, and semi-classical music. Because the old bandstand was inadequate, in 1923 he donated to the City of New York the present shell for use by the Naumburg Concerts and other worthy forms of musical entertainment. The concerts, in previous years, had been held on Memorial Day, July Fourth, and Labor Day.

After Mr. Elkan Naumburg's death in 1924, the concerts were continued by his sons, Mr. Walter W. Naumburg and Mr. George W. Naumburg, and an additional concert was added on July 31st, the date of their father's death.

Mr. Walter W. Naumburg died on October 17, 1959, in his 92nd year, and in his will provided for the perpetuation of these concerts. Mr. George W. Naumburg will continue as President of the Naumburg Orchestral Concerts, Inc. The ideals of Elkan Naumburg, who fifty-six years ago saw the need of music for many, will be faithfully followed. The Committee entrusted with the planning of these concerts will seek to provide, in this beautiful setting, the best possible programs of classical symphonies, concerti and vocal works, as well as works of contemporary composers in the serious and light fields.

THE NAUMBURG concerts for the season of 1961 are therefore set down for Tuesday, May 30th at 8:30 P.M., Tuesday, July 4th at 8:30 P.M., Monday, July 31st at 8:30 P.M., and Labor Day, Monday, September 4th at 8:30 P.M. These dates are remembered by lovers of good music.

DR. EMERSON BUCKLEY is well-known to New Yorkers for his radio and ballet performances, and as conductor of the New York City Opera, the Central City Opera, the Mendelssohn Glee Club, and the recent "Cosi Fan Tutti" performance. He has also led the Lyric Opera of Chicago, the San Carlo Opera, the Puerto Rican Opera Festival and the Empire State Music Festival.

MISS DORIS YARICK, a finalist in the Metropolitan Opera auditions, made a triumphant Town Hall debut in October 1960 and has since appeared with the New York City Opera under Stokowski, the Chicago Lyric Opera, and the Caramoor Festival under Wallenstein.

Newbold Morris, Commissioner of Parks, announces that in spite of a cool and wet spring plantings in the city's parks are now bursting with bloom. Spring flowering trees, shrubs, and flowers make a spectacular sight in many areas of the parks and parkways. A variety of Viburnum, Aronia, Rhododendron, Cornus, Photinia, Blueberry, Kalmia, Flowering Cherries and Crabapples, Lonicera, Azalea and Rose multiflora, Shadbush, Dogwood and Heather combine to give a magnificent succession of bloom throughout the park system.

Conservatory Gardens at 105th Street and Fifth Avenue in Central Park will present an eye pleasing scene of Pansies, Tulips, Flowering Crabapples and Cherries.

In the Arsenal area at 64th Street and Fifth Avenue there is a striking display of Andromedas and Azaleas in bloom, and through Central Park Flowering Crabapples, Kwanzan Cherries, Heather, Phlox, and other perennials.

In Van Cortlandt Park, Pelham Bay Park, and along the parkways in the Bronx, an array of the Shadbush, Dogwood, Flowering Crabapples and other spring flowers are in bloom.

Brooklyn, too, has displays of Tulips and Daffodils at

Grand Army Plaza and at Cadman Plaza. On the Belt Parkway at Ocean Parkway, Cropsey Avenue and Sheepshead Bay Road and at Park Circle, Crabapples are in full bloom.

In Prospect Park, Magnolias and Dogwood are flowering and present a magnificent sight.

Interborough and Grand C<sub>entral</sub> Parkways, Alley Park, Cunningham Park, and Crocheron Park in Queens, Azalea, Kalmia, Flowering Cherries and Crabapples and many other spring flowers offer a pleasing sight.

Richmond also offers a profusion of spring flowers. In Silver Lake Park and Hero Park, South and north of the intersection of Victory Boulevard and Forest Avenue, Brighton Heights, a massed display of Flowering Cherries and Crabapples in several varieties are in bloom. At the south end of Clove Lakes Park, Victory Boulevard, Clove Road and Forest Ave., Sunnyside, there is a varied display of Rhododendrons, Wistaria, Lilacs, flowering Dogwoods and Quinces. Scattered throughout the rest of the park are quantities of Hawthorne, Forsythia, Redbud, Viburnums in variety, Beach Plum, Flowering Crabapples. In the Barrett Park Zoo area at Broadway near Forest Avenue, a broad leaved evergreen planting will be in bloom until June, featuring Rhododendrons and Azalea. There are also Mountain Laurels, Redvein, Leucothoe, Andromedas, Sorrel Trees, Dogwoods and Umbrella Magnolias. At De Matti Playground, Tompkins Avenue near Chestnut Avenue, Rosebank, plantings which are outstanding for a small area

consist of Mountain Laurels, Oregon Holly Grape, Pea Tree, Tree Lilac, Jetbead, Bridal Wreath, Shadbush, Chokeberry and unusual barberries.

New York City's parks offer the beauty of springtime to anyone interested enough to stroll or motor to them. Buses and subways make enjoyment of the flowers in even the most distant park easily available to everyone.

1-1-1-60M-707199(58) . 114

Newbold Morris, Commissioner of Parks, announces that the program initiated in 1957 for the rehabilitation of Central Park by the Park Department's maintenance forces has advanced sufficiently to warrant a report to the public and the press on the purposes of the program and the progress to date in accomplishing its objectives.

Due to the lack of sufficient personnel, equipment, materials and funds in any given year for a large-scale comprehensive project to correct the ravages of time, weather, soot, gasoline fumes, and the intensive and often improper use of Central Park, long-range plans for a continuing program of sectional rehabilitation and horticultural work have been substituted.

Beginning in the fall of 1957, a special group of park employees was assembled from other tasks to concentrate on this rehabilitation program. A fund of \$20,000 to \$25,000 has been set aside annually to purchase materials for this crew and additional materials needed for the regular maintenance of turf areas.

The rehabilitation program started in the south end of the park and is progressing northward in carefully planned stages. Work this spring is concentrated along the west shores of the 72nd Street Lake, and along the East Drive from 85th to 95th Streets.

During the winter and summer months, diseased, dying, and dead trees and shrubs are removed together with undesirable species. Preparations are then made for the planting of healthy and more desirable types of plant material during the spring and fall planting seasons.

While most of this work is being done primarily to improve the appearance and condition of trees, shrubs and lawns, much of it is being done with public usage, convenience and safety in mind. Bare slopes for instance, have been planted not only to eliminate unsightly conditions, but to effect soil stabilization and control erosion as well. Certain trees and shrubs have been removed from path intersections and from around playgrounds to open these areas up for greater visibility and control; others have been removed in order to enlarge lawn areas for additional, but less concentrated use by the public and to reduce maintenance costs.

Such removals of plant materials may seem to some people a regrettable tampering with the historic landscape of the Park, but actually the loss is more than balanced by the planting of a greater number of trees and shrubs than are removed, by the use of plants more disease resistant and adaptable to present city conditions, and by the careful design of the new planting.

Coupled with this program of rehabilitation is a stepped-up and improved program of regular maintenance for trees, shrubs and lawns. This includes the pruning and spraying of trees and shrubs, the spreading of lime and fertilizers on lawns, and the annual

renovation of certain lawn areas by seed and sodding.

A few statistics will be of interest to those who wish to know in greater detail just what these programs involve. Approximately 45,000 man hours per year goes into the Central Park rehabilitation project and a similar amount of labor into the increased maintenance program. Materials used each year include 500 cubic yards of top soil, 400 cubic yards of humus, 100 cubic yards of well rotted manure, 300 bales of peat moss, 100 tons of ground limestone, 65 tons of fertilizer, and 5,000 pounds of grass seed.

Fifty-thousand sods of grass are used annually to patch ballfields and lawns and cover barren areas. The same number of ground cover plants, primarily English ivy, are used each year as replacements and to extend this type of planting. One-hundred trees and 7,500 shrubs are also planted each year in Central Park.

This program will continue in Central Park. It will be extended to other parks as funds and personnel are made available.

Newbold Morris, Commissioner of Parks, announces that the bathing and swimming season at the 17.96 miles of municipally operated beach will open Saturday, May 20th, and seventeen outdoor swimming pools will open officially on May 27, 1961.

From May 27th to June 18th, the pools will be open for weekends and holidays only, and from June 24th until the end of the season they will be open daily with the following operating schedule: on weekdays, Monday through Friday from 10:00 a.m. to 12:30 p.m., there will be a free period for children 14 years of age and under, during which hours no adults will be admitted to the pool area. After 1:00 p.m. on weekdays, and all day on Saturdays, Sundays, and holidays there will be a 10¢ charge for children 14 years of age and under, and a 25¢ charge for older children and adults.

The aquatic program at park pools during July and August will include the annual Learn-to-Swim Campaign beginning July 3rd and conducted Monday through Friday during the free period for boys and girls 14 years of age and under; twelve competitive swimming meets, six for boys and six for girls to be held at a major pool in each borough. Free instruction classes in swimming for patrons 15 years of age and over will be held on Sunday mornings from 10:00 a.m. to 11:00 a.m. Applicants may register at the pool at which they will participate. Instruction in life-saving and first-aid will also be included in the aquatic program.

Orchard Beach, located in Pelham Bay Park, Bronx; Jacob Riis Park Beach, and Rockaway Beach on the Rockaway Peninsula, Queens; Coney Island Beach and Manhattan Beach in Brooklyn; South Beach, Great Kills Park, and Wolfe's Pond Park on Staten Island will open for bathers on May 20th.

Bathhouse accommodations are available at Orchard Beach, Jacob Riis Park, Manhattan Beach, South Beach, Great Kills and will be open daily from 9:00 a.m. to 6:00 p.m. At South Beach and Manhattan Beach, bathhouse facilities may be used without charge and lockers may be rented for a fee of 25¢. At Orchard, Jacob Riis, and Great Kills beaches the locker rentals are 15¢ for children and 25¢ for adults.

The sections of South Beach between Miller Field and Seaview Avenue, and from Xenia to Dartmouth Avenue will be open for use and will provide parking areas, a picnic area, concession buildings, play areas, promenade, and bathhouses located at Graham Boulevard and Sand Lane.

Due to outfall sewer construction, the playground area at Sand Lane will only be partially operated.

There will be a 10¢ admission charge to all operated sections of the beach for patrons over two years of age. However, a season pass may be purchased for \$1.00 per person.

Parking space, for which a fee is charged, is available at all beaches, and recreational area game courts are available free of charge at Jacob Riis Park, Orchard Beach, Rockaway, South Beach, Manhattan Beach, and Coney Island.

Beach chairs and umbrellas may be rented at a nominal charge at Orchard Beach, Jacob Riis, Rockaway, Great Kills, Coney Island, Manhattan Beach, and South Beach.

through the sponsorship of Schulmerich Carillons, Inc., of Sellers-ville, Pennsylvania, arrangements have been made for Mr. Clifford
Ball, famous English Carillonneur, to present a recital at the Altman Memorial Carillon, located in Highbridge Park at West 173rd Street in Manhattan, on Saturday, May 13, 1961, at 2:00 p.m.

A bell-specialist for more than thirty-five years, Mr. Ball has studied and performed on some of the oldest carillons in the world. Trained in England and at the famous National School of Carillon Art at Malines, Belgium, Mr. Ball is in the United States on a two-month concert tour, arranged under the auspices of Schulmerich Carillons, Inc., of Sellersville, Pennsylvania.

The Altman Memorial Carillon, a five octave carillon, is an electronic bell instrument consisting of 61 bell generators each producing a perfect Flemish-type bell tone ranging upward from C below middle C in chromatic scale. The instrument may be operated manually from a keyboard or automatically by the use of music rolls. Amplifiers in the louvered belfry will permit the music to be heard throughout the adjacent sections of Bronx and Manhattan.

Made possible through funds provided by the Altman Foundation, the carillon was dedicated on May 30, 1958, as a memorial to Benjamin Altman, distinguished New York merchant and public spirited

STATEMENT BY NEWBOLD MORRIS, COMMISSIONER OF PARKS, REGARDING ACQUISITION OF LAND FOR PELHAM BAY PARK ADDITION.

"From the protest meeting held in the Throgs Neck section in the Bronx, evidently there is a misunderstanding regarding the proposed Pelham Bay Park addition to be acquired under the Park and Recreation Land Acquisition Bond Act of 1960, which was approved by the voters at the last election.

"Under this act a total of \$16,000,000, will become available for land acquisition with the State providing \$12,000,000, and the City the remainder.

"The City of New York through the Department of Parks can now reserve lands for future recreation before they are subdivided and irretrievably lost to private, commercial, and residential developments. The legislation adopted sets up certain area standards to govern selection of these lands.

"New parks acquired under the Bond Act must be on open land and must not be less than 50 acres in extent and additions to existing parks must be not less than 25 acres and bring the total to at least 50 acres.

"At the hearing before the City Planning Commission, I stated that the proposed Pelham Bay Park addition involves 227 acres, mostly land under water, as shown on the attached map. A few scattered dwellings are involved, mostly sub-standard. This addition to Pelham Bay Park will create a fine waterfront area, protect it from exploitation by builders and sub-dividers, and carry out the purposes of the new act to set aside presently open lands for future generations. We are in a race between private developers and an effort to retain property for public use, open lands reserved for public enjoyment and recreation. The voters supported overwhelmingly an opportunity to obtain State Bond Issue funds to help New York City to expand its park system before it is too late.

"The acreage to be acquired will be sufficient to contain all of the facilities, including parking fields, recreation areas, drives, bathing facilities, marinas, etc., necessary for the development of this area."

Newbold Morris, Commissioner of Parks, announces that a concert will be held at the Mall in Central Park on Sunday, May 7, 1961, at 3:00 p.m., under the sponsorship of the Czechoslovak-American Council of America.

Under the leadership of the Czechoslovak-American conductorcomposer Vaclav Nelhybel, Antonin Dvorak's STABAT MATER will be presented. Composed in 1876 and first performed in Prague in 1880, it was written on the words of Jacopone da Todi and will be sung by combined choruses totaling over 90 singers.

Participating organizations will be the choirs of the Jan Hus Church, New York; the Church of the Covenant, New York; St. Cyril and Method, Newark, and others.

Among the soloists are the well-known negro bass Willy Thomas Jones, and the contralto Malka Ofrat, who is now on a Juilliard scholarship in New York as a winner of the Marian Anderson contest in Israel.

The performing groups unite in this Dvorak memorial and make it a tribute to the composer. They are an inter-racial, international group in that their members include Americans, Czechoslovaks, Israelis, Greeks, Hungarians, Lithuanians, and British.

Boys and girls of New York City will again have the opportunity to learn the game of tennis free in city parks with instructors, racquets and balls provided by the Eastern Tennis Patrons, Inc.

"More than one-thousand boys and girls ranging in age from nine years to seventeen were introduced to the game of tennis last year in our first series of clinics", commented Alastair B. Martin, President of the Eastern Tennis Patrons. "We are hopeful that an even larger group will turn out this year. They will not only be able to learn a game that can give them great pleasure during childhood years but can be carried over into adult life with great benefit to health and physical development."

The clinics will be open to all boys and girls who have passed their ninth birthday but have not yet reached their eighteenth birthday. They will be held once weekly at **3:45** p.m. at the following locations:

Mondays (beginning May 8) at Central Park Courts at W. 93rd St., Manhattan
Tuesdays (beginning May 9) at Lincoln Terrace Courts, Buffalo and Rochester Aves., Brooklyn
(Except May 30th - to be held on Wed., May 31st.)
Wednesdays (beginning May 10) at McKinley Park Courts at 7th Ave. and 75th St., Brooklyn
Thursdays (beginning May 11) at Alley Pond Park Courts at Grand Central Parkway & Winchester Blvd., Queens
Fridays (beginning May 12) at Mullaly Park Courts at E. 164th St. and Jerome Ave., Bronx
(In case of rain the clinic will be cancelled.)

Boys and girls who own racquets are urged to bring them. Racquets will be provided free to others during the clinic periods. Everyone must come to the clinics equipped with smooth-soled sneakers or tennis shoes.

A "celebrity day" will mark the initial clinic at Central Park on May 8th. Such distinguished tennis personalities as former U.S. Davis Cup team captain Billy Talbert; former Wimbledon Champion Althea Gibson; former U.S. Champion Sarah Palfrey Danzig; and tennis coach, Mercer Beasley, will be on hand to participate in the instruction.

Outstanding pupils will receive "merit award" ribbons at each clinic, and at the conclusion of the series matches will be staged among the best boy and girl players from the various locations.

Applications are available at all tennis courts of the Department of Parks.

TUESDAY, MAY 2, 1961

REMARKS BY NEWBOLD MORRIS, COMMISSIONER OF PARKS, AT THE ANNUAL LUNCHEON OF THE PARK ASSOCIATION OF THE CITY OF NEW YORK, MONDAY, MAY 1st.

Mr. Meyer, Directors, and members of the Park Association:

On this first day of May, 1961, we turn to thoughts of spring. Today, at this meeting of an organization dedicated to the extension and preservation of parks, we have a number of reasons to give thanks.

First, today the Park Association is making an award to Mrs. Edward Freeman of the Perkins family for their generosity in turning over beautiful "Wave Hill" to the city for park purposes. This came about probably because of a friendship between Mrs. Freeman's brother, the late George W. Perkins and former Commissioner of Parks Robert Moses. It is not an ordinary gift and the park will not be an ordinary neighborhood park. It will be known as Perkins Garden, a place to be visited by the esoteric people interested in horticulture and a sanctuary for nature lovers. The trees, flowers and hedges will be preserved. This area of more than 20 acres will be the garden spot of Riverdale.

We also give thanks for the overwhelming approval by the voters last fall of the \$75,000,000 State Bond Issue, the proceeds of which will enable the city to acquire 1,463 acres of new park lands. Today is eventful for another reason:

į.

The Park association is commencing a campaign of education. We have decided it is time that people of our city become aware of the heritage which is theirs and of the beauty of public parks. With an organized drive, we hope to promote public cooperation in reducing vandalism and putting an end to the habit of littering.

The tearing up of bench slats rose from \$27,000 worth of damage in 1959 to \$37,000 in 1960. On the other hand, damage to chain link fences was reduced from almost \$30,000 in 1959 to a little more than \$20,000 in 1960. The smashing of window glass cost just about the same in both years - \$12,800. The total cost of vandalism in parks in 1960 was \$295,930.80, slightly reduced from 1959 the bill for which came to \$309,860.51. Under the Charter the Commissioner of Parks has the power to "establish and enforce rules and regulations for the government and protection of public parks \*\*\* which\*\*\* shall have the force and effect of law." This power has been upheld by the courts on a number of occasions and any violation is triable by a city magistrate and punishable by not more than 30 days . imprisonment or by a fine of not more than \$50, or both.

Rules have been promulgated by my predecessor and are necessary to Quarantee the proper use of park facilities. The park system has been skillfully laid out for the use of everybody. The young have playgrounds with swings, slides and sand piles. Playground facilities may offer less attractive opportunities than climbing trees.

2,

One young Tarzan swinging on a branch does not damage a tree, but ten of them all on the same branch can break it. The sand pile is a substitute for digging on a lawn which would ruin the grass for everybody. There is a rule prohibiting bicycling on walks so bicycle paths are offered as a substitute. There is a rule forbidding people to sit on newspapers. The reason for that is when the sitter decides to move the paper remains and blows about the park.

As a nation we seem to be willing to allocate an enormous percentage of our income to pay people to pick up after us. Last summer visiting the public beaches I watched sun bathers take the wrapping off a sandwich and throw it to the winds instead of walking 20 feet to the place the paper in a steel basket. In the light of dawn on a Monday morning the park system presents a sorry spectacle. The employees of the Park Department are a patient lot of people as they commence their assignment in parks, beaches and on golf courses, picking up every conceivable object from beer cans to banana peels and waste paper.

The Park Association can perform a tremendous service this summer in appealing to our fellow citizens to cherish their parks and care for them. This afternoon the Mayor will issue a proclamation proclaiming this to be CITY PARKS WEEK. In order to accomplish the objective, it will require the cooperation of the Board of Education which has already sent out a directive to school principals, the Police Department, and finally the judges of the Magistrates Court

3:

before whom violators will be brought.

Perhaps we are asking for too much, perhaps our sights are too high, perhaps we will be disappointed but the effort must be made. But we should take heart in looking about us that even with heavy use, the willful damage and carelessness, there is great beauty to be seen at this time of the year.

**REGENT 4-1000** 

New York in Summer offers a wealth of attractions to interest and entertain both residents and visitors to the City. The extensive ocean frontage and the bays and rivers which partition the City make it an ideal summer resort. Its network of motor parkways and expressways, together with public and private transportation systems, make all points of interest readily accessible.

The Department of Parks is playing an important part in making New York more and more popular as a vacation playground. There is no form of recreation more agreeable than the enjoyment of outdoor recreation in the City's parks. Beaches, swimming pools, zoos, botanical gardens, historical homes, museums, numerous large parks, and a wide range of sports facilities are but a few of the attractions available to young and old in the City park system.

Through the years, concerts in parks have been a major source of public recreation. Military bands in early colonial days performed in what are now Bowling Green, City Hall, and Battery parks. In 1859, a series of ten concerts was given on the Mall in Central Park, and was considered an extensive program for the time. The past one hundred years have seen a continuous growth in the number, character and quality of special events in the park recreation program. The concerts, dances, plays, musical shows, fireworks, sports contests and many other attractions listed on these pages are evidence of the great variety of special events which can be enjoyed free or at nominal cost in each of the City's five boroughs.

This impressive program has been made possible by generous contributions of funds, talents, time and effort by the many publicspirited individuals and organizations listed on the last page of this brochure. We wish to thank them all, on behalf of the millions of people who will enjoy these wholesome recreational activities this summer, for their cooperation. The Department of Parks is happy to use its facilities and resources in promoting the success of these events.

PRESS RELEASE

For Immediate Release

Mayor Wagner will proclaim the first week of May, "City Parks Week", at 3:30 p.m. Monday, May 1st, at City Hall. The ceremony will launch the Park Association of New York City's new campaign to Keep Our Parks Clean and Green. Newbold Morris, Commissioner of Parks, will be present, and the Park Association will be represented by Mr. Charles G. Meyer, President, and Mrs. Henry B. Guthrie, Chairman of the campaign.

In his proclamation Mayor Wagner directs attention to the 35,000 acres of parks and playgrounds the City of New York owns "which contribute to the health, enjoyment, and recreation of its citizens and to thousands of visitors annually from all over the world" and expresses the hope that this campaign will lead to the proper care of this invaluable property by the people who use it.

. The parks are at their loveliest this first week of May, and the Park Association urges all New Yorkers to visit them for the pleasure of seeing the beautiful spring flowers, and to realize how important it is that everyone who enters a park should do his share to help, Mr. Meyer stated.

Highlights of "City Parks Week" will include the following: The Annual Awards Luncheon of the Park Association on Monday, May 1st, at the Riverdale Yacht Club. The 1960 Citation will be presented to Mrs. Edward W. Freeman, representing members of the family of the late George W. Perkins, who have generously donated "Wave Hill" to the City. This handsome estate will be opened to the public under the jurisdiction of the Park Department in 1962.

Certificates of Commendation will be given to Mr. John Kieran for his interpretation of the parks in his book, "Natural History of New York City", and to individuals who have added to the City's attractiveness by planting street trees. Commissioner Newbold Morris will speak, followed by a preview of the new park land.

Tuesday evening, May 2nd, Station WABC will have a T.V. show on Central Park from 7 to 7:30 p.m. on Channel 7.

The American Museum of Natural History will have special showings of the beautiful 15 minute color film, "Central Park", on both Wednesday, May 3, and Saturday, May 6, at 3 p.m.

On Wednesday afternoon, Miss Farida Wiley, well-known field naturalist of the American Museum of Natural History will lead a walk through the Ramble. She will meet those who would like to

join her at the corner of 77th Street and Central Park West at 4 p.m. Miss Wiley will point out many of the flowering trees and shrubs and will go to the Belvedere, the weather station at the northern end of the Ramble, for the spectacular view of the Japanese Cherries along the lake. The Ramble, a wild spot in the heart of New York, is famous all over the world for the birds it attracts during the migratory season, which is at its peak this week.

On Friday morning, Mrs. Hugh Littlejohn, President of the City Gardens Club, will present the Park Department with a Saucer Magnolia. This tree is given by the Club in appreciation of the extensive rehabilitation of Central Park now in progress. The planting ceremony will take place at 11 a.m. near the Obelisk in back of the Metropolitan Museum of Art.

The New York City Board of Education is cooperating in the campaign to Keep Our Parks Clean and Green. At the invitation of Dr. John J. Theobold, Superintendent of Schools, many schools are arranging special events to encourage boys and girls to enjoy their parks and take care of them. A new filmstrip, "Spring Flowers", co-produced by the Bureau of Audio-Visual Instruction and the American Museum of Natural History will be released for use in the schools during City Parks Week, and announcements will be made over WNYE and WPIX.

Visitors at the New York Botanical Garden will receive special flyers describing the various areas of the Garden. Thousands of daffodils will cover the meadows. The Magnolia grove will be in

full bloom, as well as many of the cherry trees. The Rock Garden will feature special tulips, other spring bulbs, and alpine plants. A member of the staff will be in the Rock Garden all week to answer questions.

Volunteers will be at the gates of the Brooklyn Botanic Garden to direct visitors to the famous Cherry Walk and other outstanding displays.

Thousands of tulips planted in parks and gardens on Staten Island in honor of the Tercentennial Celebration will be in bloom. Five thousand tulips given by the Holland Tulip Growers Association will draw admiring crowds at Arthur Kill and Richmond Road, Richmondtown.

#### CITY PARKS WEEK

The Honorable Robert F. Wagner, Mayor of the City of New York, has issued the following proclamation:

WHEREAS, the City of New York owns, maintains, and operates over thirty-five thousand acres of parks and playgrounds which contribute to the health, enjoyment, and recreation of its citizens and to thousands of visitors annually from all over the world;

WHEREAS, the park system is continually subject to depredations caused by the willful as well as the unconscious acts of citizens and others, such as vandalism, littering, abuse, and the disregard of accepted practices; and

WHEREAS, it is the sincere hope of this administration that such costly, unslightly, and unseemly conditions may be corrected through a campaign of education, appreciation of public property, and concern for the rights and feelings of fellow park users;

NOW, THEREFORE, I, ROBERT F. WAGNER, MAYOR OF THE CITY OF NEW YORK, do hereby proclaim, at the request of the Park Association of the City of New York, Inc., a non-profit organization dedicated to the acquisition, preservation, and maintenance of parks and playgrounds in this city, the week commencing Monday, May 1st, as City Parks Week.

Newbold Morris, Commissioner of Parks, announces that starting May 6, 1961, the National Open Paddle Tennis Championships will be held in New York City for the third consecutive year at 11:00 a.m. in Carl Schurz Park, 84th Street and East End Avenue, Manhattan.

The annual tourney, expected to draw a large number of entrants, is being sponsored jointly by the U.S. Paddle Tennis Association and the New York City Department of Parks.

Bobby Riggs, national singles champion, will be defending his title against a field of top-flight contenders, including Paul Cranis, 1959 singles winner; and Fred Barazani, loser in the finals last year to Riggs.

The defending national doubles champions, Harold Kempler and Edward Feldman of Brooklyn, will be seeking their third leg and retirement of the Charles Beal trophy.

Rules under which the tourney will be played include the underhand serve, the one-bounce rule, and the recently adopted lob rule. The server is now permitted only a single, underhand serve

under the official rules. The former advantage of the server has been whittled down further also by the adoption of the one-bounce rule, which prohibits the server from coming to the net until the ball has bounced at least once on each side of the court.

Of particular interest is the newly adopted lob rule, which will be in effect for the first time at this tournament. Extensions of 3 foot areas have been added on to the regular 44-foot court to create a special lob area. Any lob ball hit at least 10 feet high and landing in the special extended area will now be playable and is expected to lead more exciting and sustained rallies throughout the games.

Persons 16 years or older seeking to enter the tournament may obtain entry forms by writing to the director of Recreation, New York City Department of Parks at the Arsenal in Central Park. There is no entry fee.

April 20, 1961

Mr. Wm. J. Gottlieb, President Automobile Club of New York, Inc. 28 East 78th Street New York 21, New York

Dear Mr. Gottlieb:

Reference is made to your letter of March 27, 1961, to Mayor Wagner, relative to increasing the speed limits on the parkways under the jurisdiction of the Department of Parks.

Many years of experience have demonstrated that it is necessary to adhere to speed limits that will permit the maximum amount of traffic to move with the greatest possible safety.

In the City there are more than a million-and-a-half registered vehicles and this total is swelled daily by the many thousands of transient vehicles from neighboring communities. We study accident reports carefully and have adequate grounds for insisting on the speed limits we believe reasonable and at the same time least hazardous.

No fair-minded person can ignore that fact that fatalities increase as the speed of vehicles increases. Studies have indicated that since 1957, when the speed limit was increased from 35 miles per hour to 40 miles per hour on parkways, there has been an increase in fatalities.

Parkways should not be confused with expressways. Consideration should be given to the fact that the <u>use</u> of park property should be more relaxed and serene than other arterial networks. Parkways are to be <u>enjoyed</u> rather than raced over at break-neck speeds. I wish motorists would figure out what they would do with the time saved if they travel 70 miles an hour and reached their destination 10 minutes earlier than they would have at a more leisurely pace. In order to enjoy parkways motorists must travel at a sufficiently leisurely pace to enjoy the landscaping provided at their expense and for their appreciation. Whatever speed limit is set, some motorists will wish to travel faster. As Commissioner of Parks I rigidly observe our own rules, and do not find it a hardship even though I have a very rigid and full schedule.

April 20, 1961

Mr. Wm. J. Gottlieb, President

Upon completion of the widening and modernization of the parkway system in Brooklyn and Queens now under way, we will initiate new traffic studies for the purpose of ascertaining the proper and safe speed limits under current traffic engineering standards.

Studies will also be continued on the parkway systems in other boroughs.

Very truly yours,

/s/ Newbold Morris Commissioner

March 27, 1961

Hon. Robert F. Wagner Mayor of the City of New York City Hall New York 7, N. Y.

Dear Mayor Wagner:

Increasingly, this organization has been seriously concerned about the unrealistic speed limits established on the New York City parkway and expressway system. In our opinion, the present blanket 40-mileper-hour limit in effect on all but a few minor sections of our arterial road network in no way reflects a modern approach to the safe and efficient movement of traffic and should be restudied with the use of scientific principles for determining realistic speed regulations.

The city's parkway system sorely needs the advantage of the same kind of careful evaluation of speed limits as is now being undertaken by New York State on 1,200 speed zones on state highways outside of municipalities. Largely, speed limits in the city were established arbitrarily, with little basis in scientific fact. If this is not the case, how else can a 40-mile-an-hour limit be justified on modern facilities like the Major Deegan and Van Wyck Expressways when the same limit is set for a highway as obsolete and hazardous as the Interboro Parkway?

Recently, no less an authority than Motor Vehicle Commissioner William S. Hults, in commenting on his department's progress in surveying state limits, said that "... realistic speed limits will contribute to highway safety by increasing the motorists' respect for traffic regulations generally, and facilitating stricter enforcement of speed laws. At the same time the program (being conducted by the state) assures ... that the posted speed is the maximum safe speed under normal driving conditions."

Commissioner Hults' view coincides with that expressed by recognized authorities on traffic safety and traffic engineering, and his findings on the effect of realistic limits is strongly backed by the experiences of cities and states throughout the country that have undertaken such programs.

COPY

#### Hon. Robert F. Wagner

#### March 27, 1961

It is aximitatic in the traffic safety field that 85 percent of motorists will drive at, or below, a speed which is prudent and safe -- regardless of the existing posted speed limit. This is the basis for the so-called 85 percentile principle which authorities use in determining a realistic limit.

It is apparent to anyone who ever travels our city parkway and expressway system that few motorists obey the existing limit. To do so would mean being passed by practically every other car on the road and, in actuality, presenting an accident producing potential for other faster-moving motorists.

Indeed, with the tacit approval of the police, motorists travel at speeds 8 to 10 miles an hour above the speed limit. This results from the fact that the police have been forced by the body of public opinion to take practical cognizance of the fact that the existing limits are incorrectly set.

Much of the past objection raised by various city officials to increasing the speed limit has been based on the theory that motorists will simply drive faster. In short, if they travel 50 m.p.h. when the limit is 40 m.p.h. they will travel at 60 m.p.h. if the limit is increased to 50 m.p.h.

Yet, Commissioner Hults in his report said that radar checks made after the new limits were established showed that this was not so -that the average change in all zones studied was only two-thirds of a mile per hour. Similar results have been found elsewhere.

Substitution of realistic speed limits that can be firmly enforced will remove the stigma of technical violation of the law from the vast majority of motorists. It will help create a climate of greater respect for traffic regulations of all types and contribute generally to the more efficient and safer movement of traffic. Most important, they permit law enforcement agencies better concentrate their efforts on the small percentage of non-conforming motorists who will habitually break any speed limit and traffic rule.

#### Hon. Robert F. Wagner

March 27, 1961

Mindful of the benefits to be gained through a realistic, scientific reappraisal of our present parkway and expressway speed limits, we urge you to direct those city officials under whose jurisdiction these facilities fall to take immediate steps to initiate such studies.

There should be nothing sacrosanct about the 40-mile-per-hour limit we now have. It should be subjected to scientific study -- the only accepted method of establishing speed limits.

Sincerely yours,

/s/ Wm. J. Gottlieb President

STATEMENT BY NEWBOLD MORRIS, COMMISSIONER OF PARKS, REGARDING THE USE OF WASHINGTON SQUARE BY ITINERANT MUSICIANS.

mail.

There has been misunderstanding and confused thinking about my point of view concerning the itinerant singers, minstrels, and . other music makers in Washington Square Park. A New York newspaper reported last week, when I was in the State of Vermont, certain views which I have never expressed. I have never described the artists who have entertained in this park, nor their behavior.

Washington Square Park was one of the first areas I visited, when I assumed the duties of the Office of Commissioner. While it should be one of the loveliest parks in New York, the lack of personal pride in its maintenance on the part of many of the visitors, has impaired the original landscape beauty that some of us have enjoyed over the years. I have inspected this park on many occasions, including weekdays, Saturdays, Sundays, and holidays, and during the night as well as in the day. Such sampling of conditions has given me a complete picture of what should be done to restore Washington Square Park to its original beauty.

The last time I attempted to stroll through the park, the congestion on the walks was such that most people, in order to move, walked across what should be lawn area. It is impossible to grow grass and keep shrubs in a satisfactory condition, if people do not

observe the basic rules prohibiting walking on established turf areas, and vandalism to flowering and ornamental shrubs.

Last summer, I noticed that the heavy crowds arriving in the park came primarily to hear the folk singers and those playing various musical instruments, some string, some percussion. It is apparent to me, as it should be to anyone living in the neighborhood, that we can make Washington Square Park an attractive area for both passive and active recreation. However, we cannot accomplish this objective under the adverse conditions prevalent on Sundays because of the roving troubadours and their followers.

I do not want the itinerant musicians to continue to labor under their present erroneous impression that in my desire to beautify Washington Square Park, I have no concern for their welfare. I suggest that these artists apply for permits to perform in the beautiful Amphitheatre at East River Park. It is surrounded by trees and is cooled on a hot summer day by breezes from the waters which flow past it. I have happy memories of this location where symphony concerts have been presented. It has seating accommodations for more than 2,000 persons and ought to be welcome for the ever-growing audience which is attracted to these itinerant musicians and troubadoures. It is not in a remote place and there is bus service on Grand Street which comfortably transports performers and audience alike.

Newbold Morris, Commissioner of Parks, announces completion of construction of a playground and baseball diamond located south of Colden Street and east of Elder Avenue in Kissena Corridor Park in the Borough of Queens.

The new playground contains slides, swings, see-saws, and a sand pit for pre-school children; and larger slides, swings, a jungle gym, and a shower basin for older children.

Because of an insufficient growth of grass at the present time, the baseball diamond is not available for usage. However, the playground is now open to the public.

This playground replaces the facility formerly located at 111th Street and 53rd Avenue, which was abandoned because of construction work for the World's Fair of 1964-65.

The landscaped area will average in width about 150 feet and along its inboard boundary a serpentine brick wall will screen Con Edison facilities from view. Access to the park from Avenue C will be provided by means of a curving ramp designed with the baby carriage trade in mind.

Commissioner Morris said that the utility company will build, equip and landscape the esplanade to Park Department specifications, at its own expense as a gift to the community.

The fuel storage facilities which will support the esplanade are being designed to hold up to 15,000,000 gallens of heavy fuel oil to be

used in the generation of electricity in the Company's existing power plant at the foot of East 14th Street and in new generating units which will be built on the site of the abandoned Willard Parker Hospital.

The use of oil at this location constitutes an important and vital forward step in the Company's long range program of smoke abatement, which has been undertaken in cooperation with New York City's Department of Air Pollution Control.

Oil will be delivered to the depot by sea-going tankers which will be moored at a wharf to the south of the facility. When required as fuel, the oil will be pumped underground from the depot to the power station so that no local trucking will be required. The Park Department has been assured that operations at this location will be clean and practically noiseless, Commissioner Morris said.

Construction of the fuel depot and its crowning esplanade is scheduled to begin later this year. An estimated 18 months will be required for completion.

1-1-1-60M-527176(60) . 114

Newbold Morris, Commissioner of Parks, announces that advertising for bids will start on Friday, March 3, for the construction of an underground garage at Lincoln Center.

The garage, with more than five acres of parking space, will be constructed on two levels of near-equal capacity, with a total capacity of 730 cars, and it will be a major part of a vast network of underground facilities below Lincoln Center's three-and-a-half block site.

Final plans for the garage were approved last week by the New York City Board of Estimate at a total estimated cost of \$10,898,814. The major portion of this cost in the amount of \$10,066,042 will be paid for under a federal-city grant-in-aid with the federal government paying two-thirds and the City one-third. The Lincoln Center will contribute \$720,425, and the State of New York \$484,000.

To ventilate the garage a 250-horsepower fan for the garage exhaust system will be installed beneath the West Garage in the southwest corner of the site. It will generate 325,000 cubic feet of air per minute through wide tunnels extending along the West Garage, under the rear of the Theater for Dance and Operetta, and along the East Garage to Columbus Avenue.

A spacious central mezzanine with rest rooms will be located on the upper level beneath the Lincoln Center Plaza. From this mezzanine visitors arriving by subway, taxi, or private auto can proceed through wide pedestrian tunnels to any of the five buildings in the Center without having to ascend to the plaza level.

This concourse will also provide access to taxi-loading areas, the 66th Street (IRT) subway station, and the upper level of the East Garage. Moving stairs in the mezzanine will carry visitors to and from the lower level, with access to both the East and West Garages.

The 11,000 square foot mezzanine will have a suspended ceiling of acoustical tile and indirect lighting. The floor will be terrazzo, a polished surface of small chips of marble set irregularly in cement. It has been designed to accommodate amply the thousands of visitors to Lincoln Center who will pass through it daily.

Doorways along the south end will allow access to a taxi loading area and an underground entrance to the Center's Theater for Dance. An underground sidewalk will extend beyond the theater and under taxi and garage ramps to the upper level of the West Garage.

Along the east side of the mezzanine will be the moving stairs leading to the lower level, rest rooms, and an entrance to the upper level of the East Garage.

The platform of the 66th Street Station of the IRT subway is now being extended along Broadway to allow entrance to the Center's underground pedestrian system. Subway passengers will enter the system in front of Philharmonic Hall where they can proceed through the North Pedestrian Tunnel to the Philharmonic, the central underground mezzanine, the Opera House, or the Repertory Theater. The Theater for Dance can be reached by proceeding along the East and South Pedestrian Tunnels.

Access to the Opera House, the Theater for the Dance, the philharmonic, and the Repertory Drama Theater will also be provided from the central plaza leading from Columbus Avenue. A traffic access road will also be provided west of Amsterdam Avenue adjoining the public plaza.

Vehicular traffic can enter the underground area from 62nd Street, Amsterdam Avenue, and 65th Street. The 62nd and 65th Street entrances to the garage will have access ramps for each level.

Taxis and private autos entering the vehicular tunnel from 62nd Street can unload passengers at the Theater for Dance and Opera House, and proceed out to Amsterdam Avenue. Traffic entering the vehicular tunnel from Amsterdam Avenue will proceed along the North Vehicular Tunnel to similar unloading areas and exit on 65th Street.

Entrance to the garage will be from either 62nd or 65th Street. Traffic from both entrances will merge at a control point

directly beneath the mezzanine. Here an attendant will direct cars to convenient parking locations in either the east or west garage areas.

The control point will also consist of the cashier's booth, a passenger unloading platform with access to moving stairs to the upper level, and a bank of gasoline pumps. Present plans call for the installation of four pumps, with provision for two more pumps.

A modern, well-equipped service station with two lubricating racks and a car washing area, will be located under the 62nd Street ramp. It will be as large as most standard service stations and will offer similar services.

Several convenient services will be available through the garage and service station. A visitor to Lincoln Center will be able to park his car, instruct an attendant to lubricate, wash or service it, and return from a performance to pick up his car with all the requested services completed.

The entire garage will be of reinforced concrete construction with functional, incandescent lighting. The tunnels and roadways will have finished concrete floors, suspended ceilings of metal tile with recessed lighting, and will be faced with white glazed brick.

The contract also includes the construction of a plaza over the easterly section of the garage with pools, walks, planting boxes, and benches to provide an adequate setting for all of the proposed

buildings surrounding the plaza. Prior to the completion of the garage, the City will undertake the construction of Damrosch Park with the Guggenheim Band Shell over the westerly section of the garage.

Newbold Morris, Commissioner of Parks, announces that the use of several recreational facilities in <u>Flushing Meadow Park will</u> be temporarily suspended because of construction work in connection with the World's Fair of 1964-65.

Starting February 13, 1961, the following areas will no longer be available to the public:

2 baseball and 2 softball fields - 111th St. east of 53rd Ave. 4 baseball and 1 softball field, Lawrence and Fowler Aves. Archery range - Grand Central Parkway and 111th St. Playground at 53rd Ave. and 111th St. Soccer Field - 112th St. and 53rd Ave.

After a comprehensive survey in the Borough of Queens by Park Department forces, for the purpose of replacements, the following sites have been selected for potential development. It is anticipated that these facilities will be available for play this season.

3 Little league fields at Underhill Ave. and 168th St. in Kissena Park
2 Little league fields at Flushing Memorial Field
1 Baseball field at Colden, Elder Aves. and Main St.
1 Soccer field in Brennan Field in Juniper Valley Park 1 Baseball field - Edison High School, 164th St. and Grand Central Parkway
1 Archery Range - South of 69th Rd. and east of Grand Central Parkway

In continuing the policy of this agency in providing adequate recreational facilities to the public where the demand for their use justifies it, we will advance the programming for the development of the following areas:

 Baseball Field - North Hempstead Turnpike and 155th St.
 Little league fields, Colden Ave. between 146th St. and Kissena Blvd.
 Little league fields, Utopia Parkway & 188th St., Kissena Corridor
 Little league field, 58th Ave. to Long Island Expressway, Kissena Corridor
 Little league fields, west of Whitestone Parkway and 20th Ave.

In addition many new recreational areas are provided in the construction plans for theClearview Expressway, including little league fields, playgrounds, and ballfields.

FOR RELEASE AM PAPERS MONDAY, FEBRUARY 6, 1961 CITY OF NEW YORK OFFICE OF THE MAYOR

Mayor Wagner, in a telegram to President Kennedy, acknowledged today (Sunday) the President's communication of last Friday, asking all speed and pledging on his own part the elimination of red tape in connection with urban renewal construction.

Following is the Mayor's message:

'Dear Mr. President:

Please accept my thanks for your speedy action in the field of urban renewal. In a cknowledgement of your telegram received by me Friday, February 3rd, the situation in connection with over-all urban renewal activity is as follows:

In New York City, the construction program of private industry, of industrial and office buildings is at an all time high. Construction of new housing, in all of the various categories, private industry, public subsidy, public assistance, loans of public credit, together produce another record program. We are doing more, I believe, than the rest of the country combined.

However, we are fully aware of the effect on the entire economy of the nation of public and private heavy construction, and while we are proud of what is going on, we believe that the room for improvement which exists should be explored to the fullest.

Here is the breakdown:

1) In federally-aided public housing in stages of planning, there are seven projects, as follows: Gerard Swope, 630 units; DeKalb, 750 units, Richmond Terrace, 460 units; John Adams, 925 units; DeWitt Clinton, 750 units; Tompkins, 1,044 units; Robert Fulton, 950 units, a total of 5,309 units, and construction cost estimates of nearly \$64,000,000. Your orders to the Public Housing Administration to eliminate all delays will certainly speed the letting of construction contracts. This is not said in any sense of complaining about cooperation under the rules as they have existed.

In addition, speed could be given to the approval of Bronx Secor, a vacant land site on which a 500 unit project, at a construction cost of possibly \$6,000,000. is awaiting approval.

In addition, in the field of public housing, regulations call for acquisition of two-thirds of a site before the locality can resort to condemnation. This regulation has its merits, but serves to slow up site acquisition. A suspension of this rule might be considered. 2) Pending before your Urban Renewal Authorities is the second section of the Pratt Institute development, involving 861 units at a projected construction cost of \$13,000,000., as well as the final 420 units for the West Park development, at a projected cost of \$6,250,000. My housing and urban renewal people believe these should be pressed to construction.

3) The remaining, and largest field is that of FHA commitments for projects of tremendous scope. Hammels, containing 2,080, and Seadise, planned for 1,530, are awaiting Washington action and involve a construction cost of \$54,000,000.

Also pending before the FHA is an application for the first 2,000 units of special relocation housing in the city, divided into three Bronx projects. At a cost of \$12,000, per unit, they represent \$24,000,000. in construction potential.

Finally, there is the tmeendous West Side Urban Renewal project, involving city, state, federal and private co-operation in the construction of 7,800 new units, 2,500 rehabilitated units, and 3,600 conservation units. The project totals more than \$150,000,000., and a delay in any one segment of it serves to delay all.

I would not want you to think for a moment that I or my housing people have not had the fullest co-operation under existing rules from the regional or Washington offices of the HHFA and its subdivisions. The opposite has been true.

However, it is my belief, and that of my advisers, that there are built-in procedures in connection with the processing of FHA loans which, while serving a useful purpose, also serve to make the loan approval a long and time-consuming process. These procedures have existed for many years. I think anything that can be done to speed them up will be in line with your thinking that we need action and we need action now.

You will note that there are \$317,000,000. of projects pending in various forms. There are, in addition, many hundreds of millions of dollars of private construction, dependent in any one or another on federal aid or credit, whose operations would benefit from a speed-up of the FHA machinery.

Please be assured of my confidence in your administration's ability to do the job you have set out to do, and likewise of my own cooperation to the fullest.

> ROBERT F. WAGNER Mayor of the City of New York

FOR THE INFORMATION OF THE PRESS: President Kennedy's telegram of Friday follows: The Hon. Robert F. Wagner Mayor of the City of New York

OUR EFFORTS TO IMPROVE THE EMPLOYMENT SITUATION CAN BE HELPED CONSIDERABLY BY INCREASED URBAN RENEWAL ACTIVITY. JUST AS IN THE CASE OF YOUR CITY, THERE ARE MANY PROJECTS NOW UNDERWAY OR WHOSE FINAL PLANS HAVE BEEN APPROVED IN MANY CITIES THAT CAN BE SPEEDED UP CREATING ADDITIONAL JOBS IMMEDIATELY. I HAVE DIRECTED THE HOUSING AND HOME FINANCE AGENCY OFFICIALS IN WASHINGTON AND IN REGIONAL OFFICES TO ELIMINATE ALL DELAY AND TO COOPERATE WITH LOCAL AUTHORITIES IN BEGINNING CONSTRUCTION OF THESE PROJECTS AT THE EARLIEST POSSIBLE TIME AND IN MAINTAINING STEADY EFFORTS TO COMPLETE THEM. YOUR CITY'S REBUILDING PROGRAM CAN BE ACCELERATED AND AT THE SAME TIME JOBS CAN BE PROVIDED TO HELP MEET OUR NATION'S UNEMPLOYMENT PROBLEM. I URGE YOU TO DO EVERYTHING WITHIN YOUR ABILITY TO ELIMINATE DELAY AND I PROMISE YOU THE FULL COOPERATION OF THE FEDERAL GOVERNMENT ED THIS END.

JOHN F. KENNEDY

#### FOR IMMEDIATE RELEASE SUNDAY, FEB. 5, 1961 - 4 PM

#### CITY OF NEW YORK OFFICE OF THE MAYOR

#### STATEMENT MADE BY MAYOR ROBERT F. WAGNER

"As many of you may know, I issued at 3 o'clock this afternoon an executive order continuing the ban on all but emergency vehicles on the city's streets through tomorrow, Monday. I said it was my hope and expectation that commercial traffic, but not passenger vehicles, would be resumed on Tuesday. This is in the interest of restoring the city's streets to order in the astest possible time.

I now want to discuss with you the problems of our schools. Our main arteries are cleared to the point where it was possible to think in terms of transportation of school pupils, by normal and school bus service.

However, we would still face the fact that many children would have to walk many blocks, in residential areas where clearance has not progressed as far, and that many of our teachers living in the outskirts of the city would not be able to reach schools in the center of the city at all. We have therefore come to the conclusion that the public schools throughout the city will remain closed on Monday.

As far as the colleges are concerned, the following will be closed: Queens College, Hunter College uptown and Hunter College on Park Avenue, except for late registration, as previously scheduled, in the Park Avenue Building, and Queensboro Community College, Brooklyn College will be open for registration only, with no classes.

I am sure that as a result of this, many a snowball will be thrown and many a sled will be put on the slopes of our parks. It is my hope, also, that those of our children old enough and strong enough to pitch in on clearing walks and driveways, will find that fun, too. The more of us who work at this job, the sooner it will be done.

#### FOR IMMEDIATE RELEASE SUNDAY, FEBRUARY 5, 1961

Ι

The following statement was issued by Mayor Wagner at three PM Sunday:

"I want to congratulate the Department of Sanitation for the progress it has made, in the very few hours that have passed since the record snowfall came to an end.

"Our main arteries are open, the work is proceeding in accordance with a well-developed program which deals with first things first.

"I congratulate the public for their cooperation in helping clear sidewalks, digging out hydrants, and for obeying, without question, the executive order I issued yesterday closing our streets to all but emergency and public transportation.

"It is of the utmost importance that we restore business, commerce, and all of the normal activities of the city as soon as we can. The question I had to decide was whether this would best be accomplished by opening up tomorrow, as if everything was normal, or holding for another day.

"It is my decision, based on the recommendations of the experts in the fields of snow removal, police, fire, health and hospital emergencies, that the City will be restored to full speed operations many days sooner, if we keep in effect the ban on all private traffic through Monday, tomorrow, I so order.

"This is necessary because, in many sections of the city, one stalled car or truck could hamper or defeat our efforts to clear the path for hundreds of vehicles and our fire fighting equipment and ambulances. It is my expectation that, by Tuesday, we will be able to open our streets for commercial deliveries, but probably not for private traffic.

#### FOR IMMEDIATE RELEASE

SATURDAY, FEB. 4, 1961 - 10:50 A.M.

# CITY OF NEW YORK OFFICE OF THE MAYOR

#### EXECUTIVE ORDER ISSUED BY MAYOR ROBERT F. WAGNER

The newest blizzard to strike our city, one which is still continuing as I issue this statement, presents us with emergency conditions.

The efforts of the Sanitation Department to keep open the major arteries so that the lifelines of food and fuel may be maintained are being hampered seriously by stalled vehicles. The stalling of additional vehicles brought out on the road would further hamper the work which must and will be done.

Under the general emergency powers vested in the Mayor, I am, therefore, ordering from the streets until further notice all vehicular traffic beyond public transportation, including taxis, food and fuel trucks, emergency vehicles such as fire, police, hospitals and sanitation equipment and private vehicles performing emergency services such as emergency utility repairs and communications vehicles including newspaper trucks, cars used by doctors on emergency calls and transportation necessary to bring patients to hospitals.

The Police Department is ordered to enforce this ruling in the spirit in which it is laid down. The public cooperation is requested.

MORE BOATING FACILITIES FOR NEW YORK CITY

**REGENT 4-1000** 

Newbold Morris, Commissioner of Parks, announces that in line with the desire of the City of New York to create more and better boating facilities to meet the great demand by boating enthusiasts for berths in the City of New York, an agreement has been entered into with Hudson Harbor 79th Street Boat Basin, Inc., for the operation of the 79th Street Boat Basin on the Hudson River.

The new management is headed by the New York Attorney, Henry H. Held as President with William R. Rawick as Executive Vice President and Realtors, Milton Fischer and Milton Landis.

The new operators have filed plans with the Department of Parks to alter and enlarge the Boat Basin to increase its present capacity of approximately 60 boats to 200 boats of all sizes.

There will be available as a new service, mechanics to care for repairs, motor overhauling and engine tune ups, as well as improved canteen food service and sales of boats, motors and marine accessories.

The rates for the berthing of boats in the improved facility will remain the same as in the past with preference given to residents of the City of New York and boat owners who have been using the Basin facility in the past. Applications for berthing space are being accepted at the office of the operator at 295 Fifth Avenue, New York 16, New York.
