PART 1 – INTRODUCTION AND INSTRUCTIONS ON USE

1.1 GENERAL GUIDELINES

Providers must maintain adequate internal controls that safeguard funds, avoid unauthorized transactions, and prevent thefts of assets bought with the Administration for Children's Services (ACS) funds. It is expected that agencies have written policies and procedures that include all aspects of its fiscal management as it relates to ACS contracts. Refer to *Part 7 (Auditing)* for additional information.

Providers should refer to the ACS public website via the following link: http://www.nyc.gov/html/acs/html/staff/resources_fiscal.shtml for the most current version of the ACS Guide to Preventive Service Programs for Fiscal Year 2015.

PART 2 – BUDGET

2.1 PREPARATION FOR FISCAL YEAR

At the beginning of each fiscal year, agencies will receive confirmation of their total service slots and total budget value. The total budget includes your agency's Base Budget: the annual value, including performance funding, as denoted in your awarded contract; City Council funded initiatives; and any other adjustments/additions for the current fiscal year if applicable. Each Program will submit a signed budget. ACS will provide your agency with budget documentation and payment forms, and will begin the fiscal year by entering your base budget into the Child Agency Payment System (CAPS). Each quarter ACS will add the awarded incentive funding to the CAPS budget.

2.2 BUDGET CONFIRMATION

2.2.1 Confirmed Program Budget: Providers will need to review their ACS confirmed budgets and have their executive director and fiscal director sign-off as confirmation of review and agreement of the fiscal year budget.

2.2.2 Annual Program Full Budget Submission (Appendix C): For each program type (GP, FTR, Specialized, Specialized Teens, Intensive Family, Parent Advocates, JJI, Intensive Preventive, and Respite Care), a detailed line item budget must be completed, to reflect total amended contract allocation.¹

The provider should return the Annual Program Full Budget Submission, including the Attestation (see section 2.5.1 and Appendix A) to ACS within 30 days of receipt. Please return to:

**ACS Executive Budget Director
NYC Administration for Children's Services
150 William Street, 10th Floor
New York, NY 10038**

¹ Parent Advocates, Specialized Teens, Intensive Family, JJI, and Intensive Preventive contracts are excluded from this private share request.

2.3 BUDGET GUIDELINES

Below are the Preventive budget guidelines agencies are required to follow to avoid potential disallowances.

For audit purposes, providers must maintain line item details on file. In addition, the operating plan on file with ACS must describe the programs and/or services your agency will fund with its Preventive Services budget. ACS Program will work with the providers to clarify/reconfirm program requirements.

ACS reserves the right to refuse payment of any expenditure which proves non-conforming under the established guidelines or without merit and or benefit to the preventive programs. No payment shall be unreasonably withheld.

2.4 PRIVATE SHARE

ACS will fund the full value of each program's budget. In addition to this funding, contractors are asked to secure matching resources that equal the equivalent of 5% of their total budget through either in-kind or monetary donations or both. The matching resources are to be used to supplement services provided through the program budget.

2.5 GENERAL GUIDELINES

2.5.1 Attestation

The Executive Director must sign an attestation (Appendix A) that they will adhere to the guidelines in this document.

2.5.2 Expense Items

Personnel Services - ACS expects all providers to pay their employees on a timely basis and at fair and competitive salaries. ACS expects to be informed in writing if a timely payment cannot be made. All Cost of Living Adjustments (COLAs) given to the agencies are expected to be passed on to the staff expeditiously.

Fringe Benefits - Fringe rates should be consistent with the provider's other ACS program budgets. Unless justified, fringe rates should not exceed 26% unless proper justification is provided and ACS has approved such justification. ACS expects that agencies are making the required payments for: employee pension contributions, unemployment insurance, disability insurance, worker's compensation, health insurance, and payroll tax.

Use of ACS Funds is limited to ACS program expenditures. Providers are prohibited from using ACS funds for the following purposes:

- Salary advances to employees
- Payments to employees in lieu of vacation
- Loans to employees

Provider fiscal manuals/procedures should contain the above prohibitions.

Consultants – Providers may hire consultants. ACS expects the agencies to pay their consultants on a timely basis and at fair and competitive rates.

Administrative Overhead - Administrative overhead can not exceed 10% of an agency's PS and OTPS subtotal. Please refer to section 2.5.4 of this document, Cost Allocation Plan.

Leases – Providers must maintain a current lease and have it on file.

Program Assets – Providers must maintain an inventory of all equipment, furniture and supplies purchased with ACS funds, and have it on file.

Insurance – Providers must have and maintain all appropriate insurance, including liability insurance and have the policy on file.

Other Than Personnel Services (OTPS) - These are expenses that are necessary for the direct operation of the program; this does not include overhead expenses. OTPS items include supplies, telephones, fax machines, etc.

Non-Allowable OTPS Items - Article 5 Section 5.4D of the Preventive Services contract lists *Limitations on Use of Funds*. Please refer to the contract for these items. In addition, loans to employees, board members and officers are also a non-allowable OTPS item.

2.5.3 Changes to the Program Operating Plan –Providers must notify ACS of any changes to the program operating plan. ACS Program must approve all changes to the Program Operating Plan.

2.5.4 Cost Allocation Plan –Providers should fairly and accurately allocate costs between all programs and separate this plan into three categories: (1) ACS programs (itemized), (2) other government programs, and (3) other programs. The allocation must be based on the percentage of funds utilized by each program. The allocation method must be based on expense type (square footage for space cost, full-time equivalent (FTE) or working hours for personnel costs, etc.). For each employee, provide the current salaries, all sources of their compensation, whether from an ACS contract or another City, State, Federal or private source and the dollar amount of compensation from each source. Allocation of costs among programs should be documented. Contractors should describe how costs will be divided among programs for shared operating expenses such as rent, electricity, or telephones and should maintain a yearly cost allocation plan on file.

PART 3 – FINANCIAL RECORDS

3.1 REIMBURSEMENT OF ACTUAL EXPENDITURES/RECONCILIATION

Expenses for the purchase of goods and services are reported based on actual cash disbursements made by your program. For example, reimbursement requests for expenses such as consultants, vocational training, and academic support must be based upon actual expenditures, not upon estimated costs per employee or participant. The ORIGINAL Monthly Expense Report, the Child-Specific Schedules, and the Summary Child Specific Schedules are all needed for ACS Payment Services to process your reimbursement. ACS Payment Services will not reimburse expenses that exceed the overall Budget Plan and will reconcile with the agencies, on an as-needed basis.

3.2 BOOKKEEPING AND ACCOUNTING

Accurate books, records, and documentation of financial transactions should be maintained to substantiate all costs. These records must be retained for a period of seven years after the date of final payment or termination of a contract. All accounting records are subject to audit.

3.3 ACCRUAL ACCOUNTING

Providers are required to use the accrual basis of accounting to track all costs that relate to their program. Cash receipts and cash disbursements are recorded on a monthly basis. For the last month of the fiscal year (ending June 30th), all expenses whether paid or unpaid should be accrued to reflect the liability.

3.4 BANK ACCOUNTS OR GENERAL LEDGER ACCOUNTS

Providers are required to maintain a separate account in a bank and a separate account in the general ledger for program funds. Initial advances received should be deposited in an interest-bearing account. Interest earned in excess of \$250 must be reported and returned to ACS.

3.5 SUPPORTING DOCUMENTATION

Agencies must keep original documentation on file to substantiate requests for reimbursement. Examples of appropriate documents are invoices, bills, receipts, etc. These documents in addition to the documents below must be available for on-site audit review.

Payroll Documentation

- Payroll reports detailing PS expenditures for program staff
- Appropriately authorized timesheets showing percentage of effort for each of the positions listed in the personnel services of your approved budget
- Time allocation system that allows reporting of hours actually worked by staff on ACS contract

Accounts Payable

- Accounts payable bank statements detailing cash disbursements and cancelled checks
- General ledger trial balance reports that detail opening balances for the start of the reporting period, changes throughout the month, and closing balances at month's end
- Original source documentation such as purchase orders, invoices, and receipts
- Details of competitive bids for equipment purchases and renovations
- Descriptive narrative explaining purpose of expenditures and number of units purchased

3.6 PREVENTIVE SERVICES MONTHLY EXPENSE REPORT (Appendix D)

- 3.6.1 Report Summary** - The Preventive Services Monthly Expense Report is used by ACS Payment Services to generate payments and to track an agency's expenses against the approved budget plan and can also be used by agencies to track agency spending against the budget. The Monthly Expense Report shows all cash expenditures for the reporting period.

ACS expects to reimburse agencies for their actual monthly expenses. Payment of these expenses is subject to ACS approval of the submitted justification. All requests for reimbursement must be supported by documentation which will be kept on file at the agency.

- 3.6.2 Due Date** - Invoices for actual expenses incurred in any one month shall be submitted to ACS by the provider within thirty (30) days after the end of each month in which such expenses were incurred. If the provider fails to present ACS with the required invoices for the amounts incurred sixty (60) days after the date invoices are due and/or if the provider fails to present invoices in a manner acceptable to ACS in accordance with this Fiscal Manual sixty (60) days after the date invoices are due, ACS, may, at its sole option, disallow such invoices. If the provider invoices ACS for non-allowable expenses, ACS, may, without any prior notice to the Contractor, disallow such amounts from the invoice(s) and pay the remaining allowable expense amounts, if any.
- 3.6.3 Report Submission** - Please submit original copy of the Monthly Expense Report to:

**NYC Children's Services
Payment Services – Preventive Services
150 William Street – 9th Floor
New York, New York 10038**
