Dear Provider Community:

This morning, over 10,000 four year olds embarked on a new and exciting chapter in their lives as they began pre-k at one of our EarlyLearn NYC centers. Because of your hard work in recruiting families, our children will have the opportunity to receive a high-quality pre-kindergarten education in a safe, secure environment.

I want to thank our EarlyLearn NYC providers who worked tirelessly with our staff in the Division of Early Care and Education (ECE) to help ensure as many of the City’s most vulnerable children have a seat in one of our programs. I know that there is still much work to do to ensure that we are at full capacity, and I encourage you to continue to work with ECE staff to recruit families wherever we have vacancies.

We are committed to supporting you in this effort, and encourage you to reach out to ECE staff for guidance whenever necessary. I wish for everyone, including our children and families, a successful school year.

Gladys Carrión, Esq.

New York Nonprofit Revitalization Act

The New York Nonprofit Revitalization Act of 2013 (NRA) went into effect July 1, 2014. Nonprofit and charitable organizations will need to review existing internal controls, by-laws, policies, and committee charters, if any, to ensure that the changes introduced by the Act are appropriately implemented. The NRA brings reform in two main areas: enhancing oversight and reducing outdated burdens on nonprofits. A link to the bill can be found here: http://open.ny senate.gov/legislation/bill/S6249-2013

The changes include, but are not limited to:

- Nonprofits must have a conflict of interest policy;
- in some circumstances whistleblower policies must be adopted;
- independent Board leadership is required--any employee of a not-for-profit corporation is prohibited from serving as chair of the corporation’s board;
- new restrictions on related party transactions;
- requirements for audit committees and independent auditors.

Additionally, any director, officer or key employee who proposes to loan money to their own agency may not participate in deliberations or voting relating to the loan including related terms and repayment thereof; provided that the director, officer or key employee may be asked to present information concerning the related party transaction at a board or committee meeting prior to the commencement of deliberations or voting relating thereto. See generally NFP 715 Interested Directors and Officers. Please contact your attorney to make sure you are complying with this new law.

### Early Care and Education
**Welcome EarlyLearn NYC Families**

With the first day of school on Thursday, September 4, the Division of Early Care & Education drafted a welcome letter for you to share with your families. Please make sure to distribute this letter to each of your sites so they can be personalized with
your contact information and hours of services as well as any special programming you offer at your site (music, dual language learning, special needs services, etc). While this letter is intended for pre-k families, please feel free to use it for families of your younger children as well. We also encourage you to translate this letter for your families as you find appropriate. Further, we understand that your site(s) may have their own letter; therefore, this letter may be used a guide.

Please click on this link to download the sample letter.

We appreciate all of the hard work you have done over the summer to ensure the city’s most vulnerable children have a safe and nurturing learning environment. Please continue to contact us at earlycare&education@acs.nyc.gov for any additional support you need for 2014-2015 school year.

Pre-K Enrollment Initiative

Enrolling “pre-k only” children into child care seats at your child care and dual eligible EarlyLearn NYC programs can help fill vacancies towards your pre-k target. Please note, this does not apply to seats that are solely Head Start funded.

This is a time limited enrollment initiative until September 30, 2014.

Enrolling “pre-k only” children will help you reach your pre-k target, ensure all children born in 2010 receive quality services, and provide reimbursement to you for what would have been vacant non-reimbursable seat(s). If you have any questions or need support from ACS, please send an email to Alyson Grant at alyson.grant@acs.nyc.gov or call her at 212.393.5103. Please click on the links below to read more about this initiative.
