3. Staff Training

a. *Provide the number and percentage of uniformed staff that have completed these courses.*
   - Safe Crisis Management
     o Number/Percent received (GMDC) – 836/92%
     o Number/Percent received (Department-wide) – 5,178/49%
     o Number/Percent current (GMDC) – 495/54%
     o Number/Percent current (Department-wide) – 3,032/29%

   - Specialized Training - For its specialized housing units (Second Chance, TRU, and Secure) DOC will be providing additional training to include the following:
     o 2-day collaborative training (DOC and H&H) – focusing on DOC programming strategy, 14-point agenda, and unit protocols (to begin in November 2017 in Second Chance and TRU)
     o 1-day overview of Dialectical Behavior Therapy and programming strategies (to begin in December 2017 in Second Chance and TRU)

     The Department will begin providing these trainings to young adult-only ESH housing units after they have been implemented in Second Chance, TRU, and Secure.

     In the October YA report, DOC will provide a more detailed timeline including how many staff will be trained per session and how soon it will be feasible to provide the trainings to all involved staff.

b. *Indicate which blended units are being offered programming / not being offered programming.*

Please see attachment "Comingled Units Programming September Report"

c. *For those units being offered programming, indicate if:*

1. *External programming is being offered*
2. *Internal programming is being offered*
3. *Both external and internal programming is being offered*

Please see attachment "Comingled Units Programming September Report"

d. *Provide a plan/timeline for being able to provide the number of classes offered and average number of participants for programming in comingled units.*

DOC faces a number of challenges to providing this level of programming data for comingled units, including the following:

- The census throughout the agency changes daily, and within a reporting period, some units may not remain comingled, while others may become comingled as young adults may be transferred in or out.
- DOC does not have an automatic mechanism for tracking comingled units on a daily basis, which would be required in order to report on daily programming for all young adults in DOC custody. Doing so manually is administratively time consuming.

In order to address these challenges and provide the requested data, the Adult Programming Division is creating additional reporting requirements which will ease the administrative burden and streamline the reporting process for program providers. DOC's IT division will create a template to auto-report the Young Adults and Adults in each unit, which will be sent daily to Adult Programs staff. Adult Programs will create a template to track and report data. Once the IT reporting and template has been established, Adult Programs will then train all applicable staff. This is anticipated to be operational in 3 months.
