

DOC Young Adult ESH Average Daily Population
Report Correction – 7/3/19

A discrepancy in monthly Young Adult ESH average daily population reporting was confirmed by the Department on July 2nd, 2019. The discrepancy was observed by the Department through a parallel ESH analysis to the Young Adult ESH and Secure Monthly Reports. The investigation of the discrepancy confirmed that the use of a particular variable in the data analysis caused an inaccurate count. The Department corrected the variable and initiated a proactive investigation of other similar data gathering mechanisms. The Department is submitting this report in order to provide the Board and the public accurate historical information.
