\* "AO" denotes the DOB official who issued the determination or objection that is the subject of the application. (May not apply to all applications, especially on the Special Order Calendar.)

\*\* Only applicable to initial vested rights applications—not for applications to renew building permits associated with vested rights applications previously granted by the Board.

For **Certificate of Occupancy revocation or modification** applications where DOB is the applicant, copies of all **responsive submissions** must be sent to **DOB Legal**.

For **Multiple Dwelling Law** applications, copies of the **initial application** and the **hearing notice** must be sent to the DOB official who issued the objection (**AO**\*). No additional submissions or revised application materials should be sent.

Note: These are minimum requirements, and the Board may require applicants to send copies of application materials to DOB in other instances, where circumstances warrant. If that is the case, the assigned project manager will advise the applicant accordingly.
