DATE: February 15, 1978

**TO:** The Borough Superintendents  
**FROM:** Irving Polsky, P.E., Acting Executive Engineer  
**SUBJECT:**  
Swimming Pools

Enclosed herewith is extract from The City Record, dated February 9, 1978, pertaining to the adoption by Board of Health of amended Article 165, Bathing Establishments, to the New York City Health Code to update that adopted in 1959.

The Building Code adopted in 1968 is presently not consistent with these new regulations.

This Department has proposed legislation that would amend Section C26-106.2, subdivision (d), sub-article 714.0, and sections P116.0 and P116.1 of the appendix building code reference standards for bathing establishments and swimming pools to be in agreement with the Health Code.

You may be guided by the foregoing.
