

# Design Checklist: Pre-Permit & On-Going Project Work for Shoring, Underpinning of Foundations, and Ground Structures

---

Regardless of how the project work is portioned out, administration of the work remains the responsibility of the Registered Design Professional (RDP) who is the Applicant of Record (Applicant) in responsible charge or has verified Code and Zoning compliance of the drawings and installations for the project. Although there may be some specific projects that do not involve architectural or structural work, which may be completed by other professionals, it is important that the RDP maintain control of the entire project and understand when this applies under Department and NYS regulations.

## Pre-Permit

### Required Documents

Based on scope of work, supporting documents or deferred submittals **must** be completed in order to obtain a permit. The following may be required if applicable:

- OER authorization – Coordination with ZR ‘little-e’ requirement
- Tenant/Occupant Protection Plan
  - HPD Approval – Letter of No harassment of tenants, as required
  - SRO MD Anti-Harassment checklist for residential
- Metropolitan Transportation Authority (MTA) approval
- NYC Department of Transportation (DOT) approval
- NYC Landmark Preservation Commission (LPC) approval
- NYC Public Design Commission (PDC) approval

## On-Going

### Post Approval Amendments

If the approved work has substantive or significant changes, make sure to submit revised drawings and obtain a Post Approval Amendment (PAA).
