DEPARTMENT OF VETERANS' SERVICES (063)

DUTIES STATEMENT

CHIEF INFORMATION OFFICER (DVS)

The Chief Information Officer (DVS) is a managerial position. Under direction of the Deputy Commissioner, with full latitude for the exercise of independent initiative and judgment, the Chief Information Officer (DVS) develops and manages advanced internal and external technology projects for DVS, including: Designing & implementing the VetConnectNYC, which is a navigation process that has revolutionized the access to benefits and other resources for veterans and their families; supporting the build-out of the citywide technology initiative to systematize how homeless individuals and families are placed into housing, a critical element to maintaining Functional Zero for veterans; builds key partnerships with internal and external partners including the New York City Department of Information Technology & Telecommunications (DoITT), Cybercommand, the NYC311 Contact Center, the Mayor's Chief Technology Officer (CTO) and other agency Information Technology (IT) staff as needed for interagency projects.
