INVOCATION

The Invocation was delivered by Rev. NaRon Tillman, St. Phillip's Christian Church, 765 Lafayette Avenue, Brooklyn, N.Y. 11221.

Lord, we thank you for another year.
2015 is the year of great expectation.
We thank you for the greater commitment
for all of our elected officials,
with our leadership that you have allowed

to be in this place and in this presence.

We thank you, Lord God, for all of our politicians,
all our police, all of our preachers, and our community.

Thank you for our Speaker.

Thank you for our Public Advocate.

Lead them and guide them.

Season their words with grace.

Allow your hand of protection and favor
to be placed upon them.

Continue to prepare them for the now,
for our city needs their leadership.

Thank you, Lord, for allowing us to be
at this time in this present, in this moment,
and we expect great things.

We look for you for our help.

We pray just as those who were before us.

We seek you for divine strategy
just as you guided those in times past.

You have led us to this place where women now serve,
and we have a President that is African-American.

And our legislative halls are filled with those
who are multi-cultural.

We expect greater, Lord, because you have done,
and you have been great to us.

Lead us, Oh, God, in this time of turmoil,
in this time of restlessness.

You shall bring forth peace.

Let peace flow from Staten Island to Long Island,
from the streets of Brooklyn, Bronx, and Queens.

Allow us to come together on the same accord
with the same mindset to do your will

and your work that we might be better,
that we might be different.

That we might be difference makers,
in this time, in your time, in your world.

We say amen.

On behalf of Council Member Cornegy, the Public Advocate (Ms. James) moved to spread the Invocation in full upon the record.

At this point, the Speaker (Council Member Mark-Viverito) acknowledged NYPD officers Andrew Dossi and Aliro Pellerano who were wounded in the line of duty late Monday night, January 5, 2015 in Council Member Torres's Bronx district. She wished them both a quick and speedy recovery. The Speaker (Council Member Mark-Viverito) condemned violence against police officers as a horrible and deplorable crime, and as an assault against New Yorkers. She stressed that those responsible for such acts should be prosecuted to the fullest extent of the law. She expressed her gratitude to the city's Police Officers for their service, dedication and commitment.

At this point, the Speaker (Council Member Mark-Viverito) asked for a Moment of Silence in memory of the following individuals:

Detectives Rafael Ramos and Wenjien Liu, were two NYPD officers who were assassinated on December 20, 2014 in a tragic and horrific act of senseless violence.

Mario Cuomo, former Governor of the State of New York, passed away on January 1, 2015. The Speaker (Council Member Mark-Viverito) acknowledged that he was known as a remarkable man, a trailblazer, and an inspiration for all New

Yorkers. She offered her deepest condolences to Governor Andrew Cuomo and the Cuomo family.

REPORTS OF THE STANDING COMMITTEES

Reports of the Committee on Finance

Report for Int. No. 489-B

Report of the Committee on Finance in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York, in relation to notices of violation returnable to the environmental control board and to repeal subparagraph (j) of paragraph one of subdivision d of section 1049-a of the New York city charter, relating to the execution of environmental control board judgments by sheriffs.

The Committee on Finance, to which the annexed amended proposed local law was referred on October 7, 2014 (Minutes, page 3598), respectfully

REPORTS:

I. BACKGROUND

Beginning in the 1970s, the City and the State legislature established a policy that would transfer various quality-of-life offenses, such as littering, peddling, air, noise, sanitary and health code violations, from the Criminal Court to certain administrative tribunals, including the Environmental Control Board (“ECB”).¹

The ECB was created in 1977 in order for seemingly minor violations to receive the time and expertise they need for adjudication.² The ECB is an administrative tribunal that adjudicates hearings on notices of violation for various quality-of-life infractions.³ The ECB does not issue notices of violations. Rather, notices of violation are issued by other City agencies which are also responsible for establishing enforcement policies, employing inspectors or agents, and directing, controlling or otherwise influencing where, when, or to whom notices are issued.

Examples of quality-of-life infractions for which notices of violation are issued include:

- Dirty sidewalk;
- Unleashed dog;
- Loitering;
- Noise;
- Public indecency;
- Rollerblading or motorcycling in a forbidden area;
- Sidewalk obstruction;

- Rodent and pest control;
- Defacement of property; and
- Amount, location and nature of hazardous substances, and the labeling of hazardous substances.⁴

Thirteen different City agencies write quality-of-life tickets and file them with ECB for adjudication:⁵

- Business Integrity Commission (BIC)
- Department of Buildings (DOB)
- Department of Environmental Protection (DEP)
- Fire Department (FDNY)
- Department of Health & Mental Hygiene (DOHMH)
- Department of Information Technology and Telecommunications (DoITT)
- Landmarks Preservation Commission (LPC)
- Department of Parks & Recreation (DPR)
- Police Department (NYPD)
- Department of Sanitation (DSNY)
- Department of Small Business Services (SBS)
- Department of Transportation (DOT)

II. ECB Adjudication

There are two types of notices of violation sent to the ECB by issuing agencies for adjudication: 1) compliance violations, which require corrective action, and 2) non-compliance violations, which require the payment of a fine, but no corrective action. Both require a hearing for adjudication, but 90% of the outstanding ECB docketed judgments are non-compliance violations.⁶

A respondent⁷ may answer a notice of violation from an issuing agency for a type of violation under ECB’s purview by one of two ways: 1) paying the ticket (on-line, by mail, or in person); or 2) having a hearing before an ECB hearing officer (in person, live, on-line or mail).⁸ If a respondent chooses to have a hearing, hearing dates are set no later than 60 after the issuance of a notice of violation.⁹ After the conclusion of the hearing, the hearing officer will issue a decision and order.¹⁰ The decision and order will either find that the notice of violation must be dismissed, that the charges on the notice of violation could not be upheld (not in-violation), or that the charges on the notice of violation could be upheld (in violation). If the respondent is found to be in-violation then the ECB hearing officer will set a penalty.

If a respondent fails to either pay the ticket on time or fails to appear or proceed at a hearing, then the respondent will be in default. Upon default, the hearing officer or board will render a decision and order in the absence of the respondent, which will take effect immediately.¹¹ Notice of such order is sent to the respondent.

If the notice of violation does not have any of the below pieces of information, it is considered to have a fatal defect and must be dismissed:

- name of respondent;
- date of violation;
- place of occurrence of the violation; and
- the section of law or rule violated and a brief description of the violation.¹²

In Fiscal Year 2014 (“FY 2014”), the ECB received 566,000 notices of violation from issuing-agencies for adjudication. Of these, 195,000 hearings were conducted on the notices of violation. The average time for these hearings between ECB hearing assignment to decision and order was 6 days with 99% of decision and orders issued within 45 business days of hearing.¹³

As seen from the graphs below, DSNY issued the greatest number of notices of violations (to be distinguished from amount owed) in FY 2014, followed by DOB and FDNY.

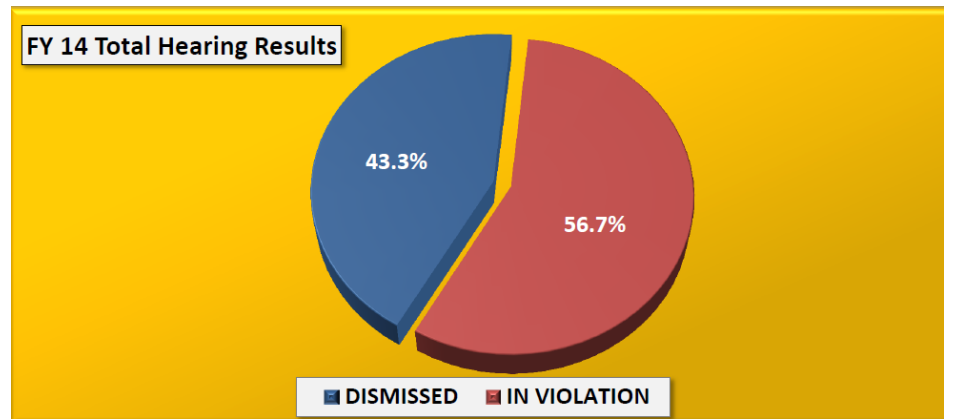

Source: Office of Administrative Trials and Hearings¹⁴

Source: Office of Administrative Trials and Hearings¹⁵

As seen from the graph below, in FY 2014, over 43% of cases adjudicated at the ECB were dismissed.

III. Docketing ECB Judgments

Once a default judgment is entered or a respondent is found to be in-violation (guilty) and found to owe a penalty, the ECB sends request-for-payment notices to the respondent. If a respondent was found in default, the respondent is responsible for paying the base fine, any default penalty (which varies by issuing agency), and interest on the fine and penalty which begins accruing immediately. If a respondent was found to be in-violation after a hearing, the respondent is responsible for paying the base fine, but interest will not begin to accrue until and if the judgment is docketed.¹⁷

The ECB docketes default judgments in civil court when respondents fail to remit payment.¹⁸ Once the judgment is docketed, a lien is placed on the respondent’s real property and the City may use other enforcement tools available to it for collection, as set forth in the New York Civil Practice Law and Rules and the New York City Civil Court Act.¹⁹ After the judgment is docketed in civil court, then the ECB forwards those cases to DOF for collection.²⁰ Ninety percent of the ECB judgments that are sent to DOF for collection are default judgments (as opposed to cases where the respondent appeared for the hearing, but then did not pay the resulting fine).²¹

IV. DOF Collection Efforts of ECB Judgments

Pursuant to a Memorandum of Understanding (“MOU”) entered into by DOF and the ECB on January 17, 2002, DOF is responsible for collecting default and in-violation ECB judgments.²² According to an audit performed by the New York City Comptroller in 2009 regarding DOF’s collection efforts of ECB/DOB violations, the MOU outlines criteria and enforcement tools that DOF may use for the successful collection of ECB judgments. The Committee is not in receipt of the MOU.

According to the New York City Financial Management System, in Fiscal Year 2014, DOF collected \$41.5 million in outstanding ECB judgments. However, it is not clear if the amount collected was from ECB judgments entered in Fiscal Year 2014, or includes judgments entered in previous years.

On June 30, 2014, at the request of the Finance Committee, DOF submitted a report to the Council detailing the amount of outstanding ECB judgments sought for collection by DOF. According to that report, and as demonstrated in the charts below, to date, there is \$1.48 billion in outstanding ECB judgments. Of this amount, \$350 million is interest and \$1.23 billion (approximately 83%) is debt that is more than 2 years old.²³ Moreover, while DSNY has issued the greatest number of notices of violation, notices of violation issued by DOB have the greatest amount of outstanding judgments. By law, the ECB cannot write off outstanding ECB debt for 8 years from the date the judgment is docketed.²⁴

In that report, DOF cited several reasons for the high amount of outstanding debt:

- 1) There is no unique identifier for the violations to properly identify a respondent, such as a name, Social Security number, or property address;
- 2) The names of the offenders are often unknown, so the ticket issuers simply write "Owner of..." on the ticket where an individual respondent's name should be, however the respondent may not be the owner of the property at which the violation occurred;
- 3) Misspellings on the violation (many of the violations are handwritten);
- 4) Businesses often go out of business and reincorporate with a new name to avoid judgments; and
- 5) Violations are written to an incorrect name or entity that has no legal connection to the property.

In addition, to increase the success of its collection efforts, DOF recommended:

- 1) Requiring ticket-issuing agencies to give a unique identifier to the violator when name is unknown;
- 2) Allowing agencies to suspend or not grant or renew licenses until ECB debt is satisfied;
- 3) Giving the ECB greater enforcement tools;
- 4) Allowing DOF to offer settlements; and
- 5) Examining ECB's write off policy, which is statutorily set at 8 years.

Since DOF's report focused on the amount of debt outstanding, rather than DOF's collection practices or success rates (i.e., percentage collected, length of time for collection, enforcement tools used, etc), DOF's success rate for collecting docketed ECB judgments is unknown to the Council. What is known is that, even after DOF's efforts, there is \$1.48 billion in outstanding judgments.

Moreover, the data does not provide information on the total amount of judgments issued by the ECB as compared to the total amount of outstanding judgments; the total amount collected by DOF for ECB judgments; the length of time for successful collection efforts of such judgments; or the enforcement efforts used to collect such debt. The lack of this information makes it difficult to ascertain the success of DOF's collection efforts of ECB judgments.

1. DOF's enforcement tools

Pursuant to the New York Civil Practice Law and Rules,²⁷ the following tools may be used to enforce a money judgment owed to the City:

- income execution;
- wage garnishment;
- sale of personal and property;
- referral of debt to collection agencies;
- dunning letters; and
- use of sheriffs or marshals.

The frequency and scope of the use of these enforcement tools by DOF are not clear to the Committee.

A. Referral of Debt to Outside Collection Agencies ("OCA")

In July 2012, DOF contracted with three outside collection agencies to collect ECB judgments.²⁸ Prior to 2012, it contracted with only two.²⁹

The chart below, from data provided by DOF, represents the revenue collected by the three contracted OCAs for ECB judgments. The data does not provide, however, information on the length of time it took to collect such judgments.

Fiscal Year	ECB Collected by OCA	All Other Collections	Total ECB \$ Collected
2011	\$164,848	\$28,308,400	\$28,473,248

B. Sheriffs/Marshals

Sheriffs: The City Sheriff and his or her deputies are employees of the City of New York under the authority of DOF, and have authority to enforce ECB judgments. The percentage of ECB judgments that are referred to the Sheriff and Deputy Sheriffs, and their success rate for collection, are not readily apparent to the Council.

Marshals: New York City Marshals are public officials, appointed by the Mayor, but they are not paid employees of the City of New York. The Marshals operate in the same manner as the City Sheriff, with the exception that Marshals cannot sell property or make arrests.³⁰ Currently, there are 83 Marshals.³¹

Sheriffs and Marshals can both enforce ECB judgments on behalf of DOF, except that Marshals cannot enforce judgments entered pursuant to the adjudication of Sanitation Code violations.³²

2. Comptroller Audit

In a 2009, the New York City Comptroller released an Audit Report entitled "Audit Report on the Processes of the Environmental Control Board and the Department of Finance to Collect Fines for Violations Issued by the Department of Buildings." In such report, the Comptroller raised many concerns about DOF's collection efforts regarding ECB judgments.

Specifically, the Comptroller found:

- 1) The ECB did not forward cases to DOF for a period of more than 19 months.
- 2) DOF should improve its recordkeeping and collection process for DOB violations. It made minimal collection efforts for the sampled respondents.
- 3) DOF had no formal procedures to identify those respondents meriting additional collection efforts, such as field visits.
- 4) The procedures DOF does have are not always followed by DOF personnel.
- 5) DOF failed to use its contracted collection agency to aid in its efforts.
- 6) DOF does not track the amount of DOB violation fines it collects as a result of its efforts and therefore cannot measure the effectiveness of its collection efforts.

Based on its findings, the Comptroller recommended the following:

- 1) DOF should ensure that dunning letters are sent to all respondents.
- 2) DOF should ensure that adequate searches are performed to find telephone numbers for respondents.
- 3) DOF should track returned mail and identify respondents with incomplete information in order to obtain the missing or inaccurate information by either making a request to the ECB or DOB for the information or by conducting its own search.
- 4) DOF should establish formal procedures to select cases for additional collection attempts.
- 5) DOF should ensure it adheres to its own internal collection procedures and documents these efforts.
- 6) DOF should contact the ECB to obtain prior payment information to try to identify bank accounts for execution letters to seize assets.
- 7) DOF should determine whether the bank accounts are viable for the fifteen respondents cited in the audit for whom execution letters were not sent to

the banks and for whom the auditors identified banks from prior payment information at the ECB. If viable, attempt execution against them.

- 8) DOF should create a checklist to ensure that all required collection procedures are taken and documented and monitor the collection efforts of each case.
- 9) DOF should monitor and document the review of the collection efforts of each case to ensure that all necessary steps are taken in a timely manner.
- 10) DOF should continue to document its difficulties in collecting violations written to "Owner of..." until the condition is resolved. In the meantime, DOF should consolidate the violations by address and then request to have the judgments modified and placed against the correct party.
- 11) DOF should document its concerns to DOB and ECB and note difficulties with collecting violations written to respondents with name variations so the agencies can address these problems. When a viable asset is identified, DOF should attempt to have the judgments modified to the correct spelling of a respondent's name.
- 12) The ECB and DOF officials should ensure that docketed cases are sent and received in a timely manner to allow DOF the time needed to make all necessary collection efforts.
- 13) DOF officials should review cases that were not received in a timely manner from the ECB and conduct additional collection efforts despite its procedures not to perform additional collection efforts for respondents with in-default violations having current judgment dates of more than one year.
- 14) DOF should use the contract with its collection agency.
- 15) DOF and the ECB should consider legislative changes for more enforcement capabilities. They should also consider a program with DOB whereby DOB would be able to deny new permits to respondents with open and outstanding violations.
- 16) DOF should track DOB fine payments that resulted from its collection efforts so it can monitor the effectiveness of its efforts.
- 17) The ECB should generate a sync report when transferring docketed cases to DOF to ensure that DOF receives all cases.

V. October 14, 2014 Hearing

On October 14, 2014, the Committee on Finance held a hearing to learn more about DOF's collection efforts and its success rate at collecting these outstanding ECB judgments. At the hearing, representatives from DOF and the ECB testified, as did members of the public.

DOF's testimony revealed that the agency does not always utilize all the enforcement tools available to it in order to collect ECB debt. DOF testified that it did not begin to extensively use OCAs to collect ECB debt until Fiscal Year 2012. DOF also testified that it rarely, if ever, referred judgments to either the Sheriffs or Marshals for collection.

However, DOF acknowledged that it had great room for improvement and set forth several changes that it would be making in order to more successfully collect this debt. For example, DOF stated that it would begin rotating its debt between the collection agencies and create standard operating procedures to ensure that all debt is sufficiently worked and all available tools are utilized.

At the hearing, Proposed Intro. 489-A was considered. Proposed Intro. 489-A would have required that:

- No later than May 1st of each year, DOF must to submit a report to the Council on the judgments issued for notices of violations that are returnable to the ECB and referred to DOF for collection;
- The information provided in the report would cover outstanding debt received by DOF in the last calendar year, and the total outstanding debt that has been written off;
- The report would specify (1) the total number of judgments referred to the department by the environmental control board, including the number of default judgments; (2) the total dollar amount of judgments referred to the department, disaggregated by base penalty, interest, and default penalty; (3) the average length of time for referral of a judgment from the environmental control board to the department; (4) the total dollar amount collected by the department for judgments; (5) an analysis of the length of time for collection of judgments; (6) the total number of judgments that require corrective action by a respondent; (7) the enforcement efforts used by the department to collect judgments described in paragraph four; and (8) the total number of judgments that are no longer in full force and effect; and

- The information provided in the report would be disaggregated by the agency in which the notice of violation originated.

VI. Changes between Proposed Intro. 489-A and Proposed Intro. 489-B

Subsequent to the October 14, 2014 hearing, the following amendments were made to the legislation:

- Proposed Intro. 489-B would require that the report be provided no later than November 1st of each year.
- Proposed Intro. 489-B includes a requirement that, in addition to being provided to the Council, the report would be made available to the public by being posted on DOF's website; and
- Proposed Intro. 489-B would repeal the provision of the charter that limited enforcement of judgments related to Sanitation Code violations to the Sheriffs. In repealing that provision of the charter, these judgments would also be allowed to be enforced by the Marshals.

As a result of these amendments, in sum Proposed Intro. 489-B would require the following:

- No later than November 1st of each year, DOF must to submit to the Council, and post on its website, a report on the judgments issued for notices of violations that are returnable to the ECB and referred to DOF for collection;
- The information provided in the report would cover outstanding debt received by DOF in the last calendar year, and the total outstanding debt that has been written off;
- The report would specify (1) the total number of judgments referred to the department by the environmental control board, including the number of default judgments; (2) the total dollar amount of judgments referred to the department, disaggregated by base penalty, interest, and default penalty; (3) the average length of time for referral of a judgment from the environmental control board to the department; (4) the total dollar amount collected by the department for judgments; (5) an analysis of the length of time for collection of judgments; (6) the total number of judgments that require corrective action by a respondent; (7) the enforcement efforts used by the department to collect judgments described in paragraph four; and (8) the total number of judgments that are no longer in full force and effect;
- The information provided in the report would be disaggregated by the agency in which the notice of violation originated.
- The repeal of the provision of the charter that limits enforcement of judgments related to Sanitation Code violations to the Sheriffs, thereby allowing the Marshals to also enforce those judgments.

VII. January 7, 2014 Hearing

The Committee on Finance will consider Proposed Intro. 489-B on January 7, 2015 and, upon successful vote by the Committee, will be voted on by the full Council on the same day.

SUMMARY OF LEGISLATION: Proposed Int. No. 489-B would require the following with respect to notices of violation returnable to the Environmental Control Board (ECB):

- No later than November 1st of each year, the Department of Finance (DOF) must submit a report to the Council on the outstanding debt for base penalties, default penalties, and default judgments issued for notices of violations returnable to the ECB and referred to DOF for collection during the previous fiscal year, and base penalties, default penalties, and default judgments issued for notices of violations returnable to the ECB and referred to DOF for collection that remain in full force and effect.

EFFECTIVE DATE: This local law would take effect immediately.

FISCAL YEAR IN WHICH FULL FISCAL IMPACT ANTICIPATED: Fiscal Year 2016

FISCAL IMPACT STATEMENT:

	Effective FY15	FY Succeeding Effective FY16	Full Fiscal Impact FY15
Revenues (+)	TBD	TBD	TBD
Expenditures (-)	\$0	\$0	\$0
Net	\$0	\$0	\$0

TBD: To be determined

IMPACT ON REVENUES: It is anticipated that allowing the Marshals to enforce sanitation ECB debt will result in increased collections. However, because there is no recent precedent from which to evaluate this change in legislation, it would be difficult to accurately quantify the impact this legislation would have on City revenue.

IMPACT ON EXPENDITURES: It is estimated that this legislation would have no impact on expenditures since existing resources would be used to comply with the reporting requirements created by this local law.

At this point the Speaker (Council Member Mark-Viverito) announced that the following items had been **preconsidered** by the Committee on Finance and had been favorably reported for adoption.

Report for M-215

Report of the Committee on Finance in favor of approving a Communication from the Office of Management & Budget transferring City funds between various agencies in Fiscal Year 2015 to implement changes to the City's expense budget, pursuant to Section 107(b) of the New York City Charter (MN-3).

The Committee on Finance, to which the annexed preconsidered resolution was referred on January 7, 2015 and which was coupled with the resolution shown below, respectfully

REPORTS:

Introduction. At a meeting of the Committee on Finance of the City Council of the City of New York (the "City Council") on January 7, 2015, the Committee on Finance considered a communication, dated January 2, 2015, from the Office of Management and Budget of the Mayor of The City of New York (the "Mayor"), of a proposed request, attached hereto (the "modification" or "MN-3"), to modify units of appropriation and transfer city funds between various agencies in the amount of \$822,235,761 in the Fiscal Year 2015 expense budget as adopted by the Council on June 26, 2014, pursuant to Section 107(b) of the New York City Charter (the "Charter").

Analysis. The Council annually adopts the City's budget covering expenditures other than for capital projects (the "expense budget") pursuant to Section 254 of the Charter. On June 26, 2014, the Council adopted the expense budget for Fiscal Year 2015 (the "Fiscal 2015 Expense Budget"). This modification reallocates appropriations that were reflected in the Fiscal 2015 Expense Budget to implement changes reflected in the Fiscal Year 2015 November Financial Plan and to fund City Council initiatives. The net effect of the modification is zero.

Below is a description of the significant changes in MN-3:

Miscellaneous Budget

- Collective Bargaining Reserve Reduction: The modification reduces the collective bargaining reserve held in the Miscellaneous Budget by \$276.9 million. Other actions move this funding to various agencies to fund compensation increases agreed to in labor settlements since June 2014, with \$52.4 million moving into the fringe benefits unit of appropriation ("UA"). Since budget adoption, collective bargaining agreements have been reached with some of the City's larger unions, including: DC37, the City's biggest municipal employee union; the Teamsters Local 237, which covers school safety agents; 1199 SEIU United Healthcare Workers East; and, the New York State Nurses Association. The agreements began with a deal between the Administration and the United Federation of Teachers that set a pattern, and subsequent agreements have held to roughly similar terms. The following chart demonstrates the distribution to each agency, exclusive of the funding to the fringe benefits UA:

Pensions

- Pension contributions: MN-3 recognizes an \$8 million reduction in the City pension contribution, dropping the total to \$8.4 billion in Fiscal 2015. The change is due largely to strong financial markets, which left the City's pension funds earning a 17.4 percent return last year.

Agency actions include:

Department for the Aging ("DFTA")

- DFTA Homecare Rate Increase: MN-3 would add \$1.5 million for homecare services in other than personnel services ("OTPS"). This would fund an additional \$1.50 for fringe benefits for each hour of contracted homecare service which is intended to help bridge the fringe funding gap between Medicaid funded homecare services and DFTA's non-Medicaid funded homecare.

Department of Buildings ("DOB")

- DOB RetroFIT NYC: The modification would add \$886,000 (\$646,250 in personnel services ("PS") and \$240,000 in OTPS) in City funds in Fiscal 2015 have been added to DOB for the hiring of 15 staff to carryout goals related to the One City, Built to Last initiative, which aims to reduce the City's greenhouse gas emissions by 80 percent over 2005 levels by 2050. Funding will support 15 new hires for one year, including 1 benchmarking position and 14 positions to be added to the energy compliance unit.

Department of Citywide Administrative Services ("DCAS")

- One City, Built to Last: The modification would provide \$11.9 million in new Fiscal 2015 funding for the implementation of the One City, Built to Last initiative, described above. Specifically, the funding will allow for work on reducing green-house gas emissions at City-owned buildings. This action includes \$775,000 in PS funding to support 18 permanent positions in Fiscal 2015. Other expenses include Solar Power Purchase agreements, Local Law 87 compliance costs, co-gen feasibility studies, and non-capital equipment. It is anticipated that these efforts will lead to significant future cost savings/avoidance.

- Civil Service Compliance: MN-3 would add \$3.3 million in new Fiscal 2015 funding for expenses related to efforts to convert the City's provisional employees to civil service positions. Additional PS funding totals \$516,000 to support 7 new positons for the Civil Service Testing Centers to increase testing capacity, and the in-sourcing of 5 information technology positions formerly contracted out. OTPS funding will be used for consultant fees related to the development of various civil service exams and to create 173 candidate work stations at the City's testing centers.

- Asset Management Upgrades: MN-3 would provide \$3.8 million in additional Fiscal 2015 funding for various Division of Asset Management expenses including: 8 new positions and OTPS costs associated with fire alarm system maintenance; fire safety compliance; prevailing wage differentials; and space planning. Additional staff includes 3 positions for lease planning and administration; 2 stationary engineer positions; and 3 fire safety/evacuation/emergency planning positions.

- President's Executive Order focusing on the Coordination of Outreach and Legal Services: MN-3 would add \$2.5 million to begin a Citywide response to the President's Executive Order focusing on the Coordination of Outreach and Legal Services, Education and Fraud Prevention and Marketing. This initiative would be directed by DCAS with the Mayor's Office of Immigration Services and in partnership with foundations and community organizations.

Department of Consumer Affairs ("DCA")

- Earned Income Tax Credit Expansion: The modification would add \$2,858,240 for providing assistance to low income New Yorkers in completing their taxes. This was a pilot program last year that has been scaled up to assist the maximum number of New Yorkers. \$750,000 would be for outreach and the rest would go to the not-for-profit organizations that DCA contracts with to provide the tax assistance services.

- **Transit Tax Credit Benefit Enforcement:** The modification would add \$1,417,813 for the Transit Tax Program, which requires businesses with 20 or more employees to offer pre-tax transit benefits. \$357,500 is in PS and \$1,060,313 is for OTPS. The PS increase represents 6 months of salaries for 11 new staff members and the OTPS includes expenses for outreach campaign and supplies.

Department of Correction (“DOC”)

- **DOC Adolescent Management:** The modification would add \$9 million to support specialized services for adolescent inmates. \$8.2 million will support 99 additional staff (80 uniform and 19 civilian) to allow DOC to reduce officer-to-inmate ratios from 1:33 to 1:15 in adolescent units and increase programming staff. The remaining \$832,000 will fund training in trauma-informed care best practices in crisis management for officers who staff adolescent units.

- **Crisis Intervention Team Training:** MN-3 would add funding to DOC and the Department of Mental Health and Hygiene (“DOHMH”) to support the new Crisis Intervention Team Training. DOC officers and DOHMH staff assigned to work in the mental health observation units will be trained in strategies to decrease violence. This subset of officers and civilian staff identified as “crisis intervention teams” will be specially trained in de-escalation and symptom identification. MN-3 would add \$2.6 million in Fiscal 2015. The bulk of the funding will support vendor costs for providing the training while the remaining funding will support overtime cost to train approximately 1,000 officers. It is anticipated that DOC and health service staff from DOHMH will be available to respond to incidents by February 2015. Additional funding in the DOHMH’s budget of \$460,000 in Fiscal 2015 will provide training to mental health staff. According to the Office of Management and Budget, DOC will evaluate the efficacy of the training after two years with the anticipation that all uniformed staff will receive this training in the future.

- **DOC Discharge Planning Expansion:** MN-3 would add \$4.3 million in Fiscal 2015 to expand existing discharge programs run by DOC and DOHMH to serve an additional 4,100 individuals. Participants receive assistance with housing, employment, parenting, and substance use treatment, among other services. The modification would add \$1.2 million in Fiscal 2015 for discharge planning staff. DOHMH headcount would grow by 28 positions.

- **Punitive Segregation Data Reporting:** MN-3 would add \$921,000 in Fiscal 2015 to support increased costs associated with implementing Local Law 42 of 2014, which requires the DOC Commissioner, in coordination with the DOHMH Commissioner, to post a quarterly report on its website regarding punitive segregation, restricted housing, and clinical alternative to punitive segregation housing statistics for City jails.

Department of Cultural Affairs (“DCLA”)

- **Cultural Data Project:** The modification would add \$40,000 for the annual fee to access an online database that gives DCLA access to information on cultural institutions throughout the city.

- **DCLA Capital Budget Analyst:** MN-3 would add \$62,000 to hire a capital budget analyst.

Department of Education (“DOE”)

- **Lunch Fee Pay Cards:** The modification would add \$2.5 million for the DOE to install electronic pay card readers in public school cafeterias.

- **Peer Validators:** MN-3 would add \$3 million in PS to fund 25 additional pedagogical employees. To comply with the teacher evaluation law, DOE has implemented a peer teacher evaluation program. Advanced teachers will evaluate other teachers, thus spending time out of the classroom. The 25 pedagogical employees would provide instruction to students to make up for the time the advanced teachers’ will spend out of the classroom.

- **Emergency Shelters:** All DOE schools are in compliance with the Americans with Disabilities Act. However, schools that are emergency shelter sites are not up to code for adult disability needs. The modification adds \$1 million to perform necessary facility upgrades.

- **Expedited Carter Case Payments:** The modification would add \$414,000 in Fiscal 2015 to support the Administration’s new Carter Case policy. Families that have already demonstrated that the DOE is not able to meet the Individualized Education Program needs of their special education children will be able to collect reimbursements for private school tuition. DOE has begun payments to these families rather than forcing an appeals process.

- **Compostable Paper Products:** The modification would add \$1.6 million in Fiscal 2015 for the costs associated with compliance with Local Law 1060 of 2013, which restricts the sale and use of certain expanded polystyrene items. To comply with the local law, DOE is replacing all Styrofoam plates with sugar cane based trays.

- **Avonte’s Law:** The modification adds \$1.9 million for compliance with Local Law 131 of 2015 which requires door alarms to be installed at DOE schools.

- **School Therapists Claiming:** MN-3 would add \$1 million to supply all school therapists with Google Chromebooks to use to record sessions with students and file required reports in an effort to increase the amount of revenue from Medicaid claims.

Department of Environmental Protection (“DEP”)

- **Green Infrastructure Increase:** Almost \$1.6 million would be added to maintain green infrastructure Citywide, including \$634,559 to cover PS costs for 16 positions and \$964,539 for OTPS costs.

- **One City, Built to Last:** The modification would add \$4.9 million in OTPS funding and \$579,938 in PS funding for 11 positions. The funding is related to the work that will be done by the Mayor’s Office of Long Term Planning and Sustainability for the programmatic aspects of the program, described above, including outreach, marketing, engineering, and support, as well as focusing on getting private entities to participate.

- **Water Supply Sanitary Surveys:** The modification would add \$300,406 for a survey of the sewer system as required by State law.

Department of Finance (“DOF”)

- **Business Tax System:** The modification would add \$520,000 for the hiring of 18 full-time employees and consultants for three years to support the modernization of outdated Property Tax System and Business Tax System applications.

- **Funding for 55A Staff:** MN-3 would add \$300,000 for the hiring of 16 office machine aides to the adjudication and payment operations unit as a result of a 2010 lawsuit agreement.

- **One City, Built to Last:** The modification would add \$74,000 in PS for notification and outreach to building owners required to comply with the benchmarking provision under the One City, Built to Last initiative which will now require property owners of 25,000 sq. ft. or more to supply the City with energy efficiencies usage within their buildings. This funding supports the hiring of 2 full-time employees.

- **Outside Collection Agencies (OCAs):** The modification would add \$2 million to make anticipated payments to OCAs from the increase in debt collection rates for the current Fiscal Year.

- **Paylock Reimbursement for Marshal and Sheriff Booting:** MN-3 would add \$4.5 million in City Funds in Fiscal 2015 for vendor costs related to the Vehicle Booting Program. DOF works with a vendor, PayLock, to administer the program and has a City registered contract ending in April 2017.

Department of Health and Mental Hygiene (“DOHMH”)

- **Animal Care & Control Fundraising:** The modification includes \$250,000 for the Animal Care & Control to hire staff for fundraising purposes in Fiscal 2015. The goal is to increase its fundraising prowess in order for it to be self-sufficient.

- **Child Care Enhanced Oversight:** The modification includes \$460,000 in Fiscal 2015 aimed at targeting low-performing group child care sites that have issues with violations and other needs. DOHMH will focus on approximately 800 programs out of 2,200 licensed providers, and will add 9 positions. The 9 staff added will most likely be City Research Scientists, with 3 additional supervisors expected to be requested in the Preliminary Plan through a technical adjustment.

- **Crisis Intervention Teams:** The modification includes \$460,000 in Fiscal 2015 for the creation of Crisis Intervention Teams which are specially trained in de-escalation and symptom identification. Funding will go to Corizon, DOHMH’s contractor for health services in City correctional facilities to hire approximately 16 staff trained in mental health needs and de-escalation strategies.

- **Discharge Planning:** The modification includes \$1 million in Fiscal 2015 for staff to aid in the discharge planning for individuals leaving Rikers Island. With this funding, DOHMH will add 28 new positions.

- **Ebola Rapid Response:** The modification includes \$950,000 in Fiscal 2015 for a dedicated team of professionals at DOHMH that will be available to deploy for any public infectious disease outbreak. This funding adds 6 community outreach position, 4 epidemiologists, and 2 staff in the public health laboratory.

- **Post Emergency Canvassing Operation:** The modification includes \$3.8 million in Fiscal 2015 to cover incident management teams and outreach/preparedness material. This funding is a result of a settlement reached by the City in October 2014 in a lawsuit about the City’s deficiency in providing adequate services and shelters to people with disabilities.

Department of Homeless Services (“DHS”)

- Family and Adult Shelter Cost Re-estimates: The modification would add \$23.6 million for family shelters and \$11.9 million for adult shelters. This action reflects a revision of a budget re-estimate recorded last January when the administration expected a \$60 million savings.

- Safe Haven and Stabilization Bed Capacity: MN-3 would add \$3.4 million to DHS's OTPS budget to expand the number of beds for the Safe Haven and Stabilization Beds programs for homeless individuals. This reflects an anticipated increased need tied to outreach in the transportation system that will be done in partnership with the Metropolitan Transportation Authority, as well as prioritization of having a sufficient number of beds.

- LINC II Case Management and Aftercare: MN-3 would add \$900,000 in Fiscal 2015 to DHS's OTPS budget for the Living in Communities aftercare program for formerly homeless families. Case workers work with families to help stabilize them in their permanent housing.

- Shelter Security: MN-3 would add \$1.1 million to DHS's Fiscal 2015 OTPS budget for additional security guards for the Bowery Residents Committee's Chelsea adult homeless shelter, as well as other security needs that arise. The funds will support contracting out to hire 28 peace officers in Fiscal 2015.

Department of Information Technology and Telecommunications ("DoITT")

- Microsoft Enterprise License Agreement: The department has a new need of \$3.5 million in Fiscal 2015 for costs associated with application of software that is used for the computer mainframe servers.

- Office of the Chief Technology Officer: The modification would add \$1 million for a Citywide Chief Technology Officer who would report directly to City Hall. The office will have a team of 14 information technology professionals who will work on policy and strategy to improve the City's use of information technology.

Department of Probation ("DOP")

- Probation Health Services Team: The modification would add \$1.2 million to support 11 new positions for the Behavioral Health Teams. The DOP will establish the Behavioral Health Teams which will include a Director and 1 psychiatrist and nurse practitioner for each borough. The office will be up and running by March 2015.

Department of Sanitation

- Manhattan 1/2/5 Garage Building Maintenance: The modification would add \$471,518 for half-year funding for 7 staff at the Spring Street Garage. The building is state-of-the-art and requires stationary engineers to keep the building running 24-hours, 7 days a week.

Department of Small Business Services ("SBS")

- Building Performance Study: The modification would add \$619,200 to fund a technical study of emerging energy efficient and clean energy technology.

- EDC Clean Technology Incubator: MN-3 would add \$2,503,180 to address the needs of startups. The funding will be geared towards expansion of clean technology.

- M/WBE Disparity Study: MN-3 would add \$1,570,000 for a study to guide the agency on how to increase agency utilization of resources and to influence legislation and policy. \$70,000 is PS to increase headcount by 1 and \$1,500,000 is for OTPS.

- NYC & Co. Reserve Funding: The modification would add \$2,000,000 as a one-time funding to keep NYC & Co. at standard level.

- OER-Affordable Housing Bonus Cleanup Grants: The modification would add \$330,000 for SBS, in support of the Mayor's Housing Plan, to give grants of up to \$50,000 to support environmental remediation of HPD-supported affordable housing projects.

Department of Transportation ("DOT")

- Vision Zero – 25MPH Signage: The modification would provide additional funding of \$371,106 to help DOT comply with the recent Vision Zero legislation passed by the Council that reduced the City's official speed limit to 25 MPH from 30 MPH. The funding will pay for signage and installation and includes \$124,525 in PS and \$246,581 in OTPS costs.

Fire Department of New York ("FDNY")

- FDNY Computer Aided Dispatch ("CAD") OTPS: The modification would add \$403,000 for two technical changes to the FDNY CAD systems. First, FDNY plans to make technical changes to the CAD systems to address how to input data that answers the initial question of 'what is the emergency' versus 'where is the emergency', as it is currently done. And secondly, linking the EMS and FDNY CAD systems so that automatic notifications are sent to EMD to alert them of fires and the need for an EMS response.

- EMS Service Level Maintenance: The modification would add \$2.2 million to support 46 new EMS positions. This increase in funding will support 7 basic life support and 5 advanced life support tours that had previously been run by the Long Island College Hospital. The FDNY has been running these tours on overtime since the hospital closed.

Human Resources Administration ("HRA")

- Rent Arrears Expansion: To expand its Rent Arrears program for families, the modification would add \$15.7 million, including \$1.5 million in PS to cover 48 new full-time staff and \$14.2 million in OTPS.

- Housing Court Legal Services: The modification would add \$2.3 million in City funding for HRA's OTPS budget to cover new needs for the Mayor's initiative to provide legal representation to at-risk New Yorkers in housing court to avoid evictions and prevent New Yorkers from entering the DHS system.

- Living in Communities I Rental Assistance Program: MN-3 would add \$1.4 million in additional funding for this program, which is a collaboration between HRA and DHS to provide additional rental assistance to working families to help them secure stable housing.

- Domestic Violence Service Expansion: The modification would add \$41,226 for 2 new positions in the Family Justice Centers; \$133,875 for a housing specialist at all 7 of the City's Tier II Domestic Violence homeless shelters; and \$8.9 million for the Living in Communities III Rental Assistance Program that helps survivors of domestic violence in HRA and DHS shelters.

- Benefit Assistance: The modification would add \$89,919 to HRA's PS budget for 6 new staff to provide increased outreach for benefit programs.

- LINC Rental Subsidy Program: MN-3 would add \$1.4 million for wraparound services for families placed from a homeless shelter into the LINC rental subsidy program to help them transition into sustainable permanent housing. Services would be for survivors of domestic violence exiting shelter and for employed families in the subsidy program to help maintain and enhance employment opportunities.

- Diversion Funding at Shelter Intake Centers: The modification would add \$3.5 million to assist families applying for DHS shelter to maintain their independent living arrangements. Short-term rental assistance will be provided to applicant families with viable alternative living arrangement.

New York City Police Department ("NYPD")

- Enhanced In-Service Training: The modification would add \$28.87 million to the Fiscal 2015 PS budget to cover uniformed personnel overtime costs associated with participation in the Department's enhanced in-service training. The funding provides training to 20,000 uniformed personnel. The 20,000 uniformed personnel include approximately 16,000 police officers, 2,500 sergeants and 900 lieutenants. These 20,000 uniformed members represent uniformed personnel who directly respond to 911 calls or incidents. The enhanced in-service training serves a refresher course from what officers learned at the Academy. Police officers will participate in a two-day training while sergeants and lieutenants will participate in a three-day training. This funding does not support enhanced in-service training of officers in specialized bureaus. The enhanced in-service training will be provided by Police Academy instructors at the new Police Academy.

NYCHA Community Center Extended Hours: In the Fiscal 2015 Adopted Budget, the Department baselined \$2.9 million in City funds to support uniformed personnel overtime costs associated with extended hour coverage in the summer for 70 NYCHA Community Centers. MN-3 would add \$1.32 million to support uniformed personnel overtime costs for extended hour coverage of an additional 24 NYCHA Community Centers.

- Operation Summer All Out: MN-3 would add \$13.72 million to the Department's PS budget for uniformed personnel overtime costs incurred by the Department's Operation Summer All Out initiative. Operation Summer All Out was a 90-day program that brought uniformed personnel, normally performing administrative functions, to 10 high crime precincts over the summer.

Office of Emergency Management ("OEM")

- Sheltering Accessibility: The modification would add \$2.78 million to the Fiscal 2015 budget to improve the City's emergency response as it relates to people with disabilities. This total includes \$727,000 to the PS budget for 20 additional staff. Of the 20 new staff, 16 staff will work with OEM and 4 staff will work with the Mayor's Office of People with Disabilities. It includes \$2.06 million to the OTPS budget for the first phase of shelter expansion and American Disabilities Act upgrades, the purchase of 64 administrative kits for shelter staff to support people with disabilities, training for shelter staff, interpretative services, and general OTPS needs for the 20 additional staff.

Office of Long Term Planning and Sustainability

- Cool Roofs: The modification would add \$828,000 to the FY15 budget of the Department of Small Business Services for the painting of 1 million square feet of rooftops to white to reflect sunlight and reduce building energy use. Headcount increased by 2.

- Local Law 84 Help Centers: The modification would add \$185,839 for the threshold for Greener, Greater Buildings Plan. Assistance will be provided to buildings to make better decisions regarding energy. There will be a change in threshold so more buildings are included.

- Media and Marketing: The modification would add \$1 million to promote actions New Yorkers can take to live more sustainably.

- Green Buildings: The modification would add \$780,780 for Green Building operator training to help improve efficiency/life span of building equipment and improve efficiency of staff.

Queens Borough Public Library (“OBPL”)

- Funding Adjustment: MN-3 would add \$712,533, as per the Carnegie Agreement that makes the City responsible for PS costs related to new legislative requirements, such as the minimum wage and paid sick leave .

Taxi & Limousine Commission (“TLC”)

- Application Processing Improvement: Due to an increase in the demand for drivers licensing and longer wait times at the TLC’s Long Island City licensing facility, the modification would add \$433,000 in Fiscal 2015 for 12 staff positions and related OTPS costs to help improve drivers licensing application processing. \$417,500 is for PS costs and \$15,500 is for OTPS.

- Prosecution in the Courtroom: The modification would add \$318,000, of which \$310,000 is for PS costs and \$13,000 is for OTPS costs, for 10 legal staff positions to cover required court appearances on contested summonses issued by the TLC’s enforcement officers, thereby freeing up the officers to do actual enforcement work.

- Taxi and Street Hail Livery (“SHL”) Improvement Fund: MN-3 would add \$241,600 for 7 staff positions (\$232,500) and related OTPS costs (\$9,100) to help manage a

new initiative to increase the availability of accessible taxis to 50 percent of all taxis by 2020 (“Taxi and SHL Improvement Fund”).

- Vision Zero Enforcement Red Light Camera: MN-3 would provide funding of \$144,000 in Fiscal 2015 for 6 positions and related OTPS costs for the TLC’s new Vision Zero Red Light Camera Enforcement initiative. Of the Fiscal 2015 amount, \$139,500 is for PS costs and \$6,500 is for OTPS.

Procedure. If the Mayor wishes to transfer part or all of any unit of appropriation to another unit of appropriation from one agency to another; or when a transfer from one unit of appropriation to the another, and such transfer results in any unit of appropriation being increased or decreased by the greater of five percent or \$50,000, section 107(b) of the Charter requires that the Mayor must first notify the Council of the proposed action. Within 30 days after the first stated meeting of the Council following receipt of such notice, the Council may disapprove such proposed action. If the Council fails to approve or disapprove such proposed action within such 30-day period, the proposed action becomes effective and the Mayor has the authority to make such transfer.

Description of Above-captioned Resolution. In the above-captioned resolution, the Council would approve the Modification pursuant to Section 107(b) of the Charter. Such resolution would take effect as of the date of approval.

JULISSA FERRERAS, Chairperson; YDANIS A. RODRIGUEZ, JAMES VAN BRAMER, VANESSA L. GIBSON, ROBERT E. CORNEGY, Jr., LAURIE A. CUMBO, COREY D. JOHNSON, MARK LEVINE, I. DANEEK MILLER, VINCENT M. IGNIZIO; Committee on Finance, January 7, 2015. Other Council Members Attending: Mendez, Kallos, Treyger, Gentile and Reynoso.

On motion of the Speaker (Council Member Mark-Viverito), and adopted, the foregoing matter was coupled as a General Order for the day (see ROLL CALL ON GENERAL ORDERS FOR THE DAY).

At this point the Speaker (Council Member Mark-Viverito) announced that the following items had been **preconsidered** by the Committee on Finance and had been favorably reported for adoption.

Report for M-216

Report of the Committee on Finance in favor of approving a Communication from the Office of Management & Budget pursuant to Section 107(e) of the New York City Charter, appropriating new revenues of \$284.5 million in Fiscal Year 2015 (MN-4).

The Committee on Finance, to which the annexed preconsidered resolution was referred on January 7, 2015 and which was coupled with the resolution shown below, respectfully

REPORTS:

Introduction. At the meeting of the Committee on Finance of the City Council on January 6, 2015, the Council received a communication, from the Office of Management and Budget of the Mayor, dated January 2, 2015, of a proposed request to modify, pursuant to Section 107(e) of the Charter of the City of New York, the Fiscal 2015 Expense Budget, and the revenue estimate related thereto prepared by the Mayor as of January 2, 2015

Analysis. The Council annually adopts the City's budget covering expenditures pursuant to Section 254 of the Charter. On June 26, 2014, the Council adopted the expense budget for fiscal year 2015 (the "Fiscal 2015 Expense Budget"). On June 25, 2014, the Mayor submitted to the Council a revenue estimate related to the Fiscal 2015 Expense Budget. On August 21, 2014, the Council adopted MN-1 modifying the Fiscal 2015 Expense Budget. On September 23, 2014 the Council adopted MN-2 modifying the Fiscal 2014 Expense Budget. Circumstances have changed since the Council last amended the Fiscal 2015 Expense Budget.

Section 107(e) provides one mechanism for the Mayor and the Council to amend the Expense Budget and related revenue estimate to reflect changes in circumstances that occur after adoption of a budget. Section 107(e) permits the modification of the budget in order to create new units of appropriation, to appropriate new revenues from any source other than categorical federal, state and private funding or to use previously unappropriated funds received from any source.

Discussion of Above-captioned Resolution. The above-captioned resolution would authorize the modifications to the Fiscal 2015 Expense Budget and related revenue estimate requested in the Communication.

This modification (MN-4) seeks to increase revenues in the net amount of \$284.5 million from the Fiscal 2015 Adopted Budget. This represents an increase in City funds of approximately 0.6 percent.

MN-4 is the first revenue modification of Fiscal 2015 and it reflects changes since Adoption which are outlined in the November Plan.

The Revenue Modification (MN-4) recognizes \$766 million in additional tax revenue, including an additional \$189 million in real estate tax revenue and \$215 million from personal income taxes. The increase in real estate tax revenue comes mostly from a reduction in the property tax reserve for delinquencies, while revenue from personal income tax was boosted by stronger than expected employment growth. Additionally, an increase of \$202 million resulted from audits, mostly from the bank tax.

The increase in projected tax revenue is, in part, offset by a net reduction in anticipated Miscellaneous revenue of \$481.5 million. The most significant change results from a re-estimate that decreases by \$506 million revenues generated from the sale of Taxi Medallions. In the Financial Plan, projected revenue from the sale of Taxi medallions has been reduced in Fiscal 2015-2017 and increased by an equal amount in Fiscal 2018-2019. The net change to all other Miscellaneous revenue results in an increase of \$24 million, including additional revenue of \$14.8 million from fines and forfeitures and \$7.1 million from interest income.

Of the \$284.5 million in new revenue reflected in MN-4, \$104.6 million will be appropriated to the Budget Stabilization Account to prepay Fiscal 2016 Debt Service. The remaining \$179.9 million will be appropriated to the General Reserve to replace a drawdown of that account that recognizes new funding included in the Expense Modification (MN-3), which will be considered simultaneously with MN-4.

The resolution would also direct the City Clerk to forward a certified copy thereof to the Mayor and the Comptroller so that the Mayor, the Comptroller and the City Clerk may certify the Fiscal 2015 Expense Budget as amended thereby as the budget for the remainder of the fiscal year. The above-captioned resolution would take effect as of the date adopted.

SUBJECT: A Preconsidered Budget Modification (MN-4) for Fiscal 2015 that will appropriate \$284.5 million in new revenues.

--

INITIATION: By letter dated January 2, 2015 the Director of the Office of Management and Budget submitted to the Council, pursuant to section 107(e) of the New York City Charter, a request to appropriate \$284.5 million in new revenues. These revenues will be used to: increase the Budget Stabilization Account by \$104.6 million, and to restore \$179.9 million to the General Reserve that was used in MN-3.

BACKGROUND: This modification (MN-4) seeks to recognize \$284.5 million in new revenues reflecting changes since the City's June financial plan. Of these funds, \$104.6 million are added to the Budget Stabilization Account, which will prepay debt service for Fiscal Year 2016. \$179.9 million is added to the General Reserve to replace funds it used in MN-3.

FISCAL IMPACT: This modification represents a net increase in the Fiscal 2015 budget of \$284.5 million.

Accordingly, this Committee recommends its adoption.

In connection herewith, Council Member Ferreras offered the following resolution:

Res. No. 539

RESOLUTION APPROVING A MODIFICATION PURSUANT TO SECTION 107(E) OF THE CHARTER OF THE CITY OF NEW YORK.

By Council Member Ferreras.

INTRODUCTION AND READING OF BILLS

Res. No. 531

Resolution recognizing January as Cervical Health Awareness Month in New York City.

By The Speaker (Council Member Mark-Viverito) and Council Members Cumbo, Johnson, Constantinides, Eugene, Gentile, Gibson, Koo, Lander, Levine, Mendez, Richards, Rose, Wills, Crowley, Kallos, Cohen, Rodriguez, Ulrich, Cornegy and Williams.

Whereas, The American Cancer Society (ACS) estimates that human papillomavirus (HPV) infections are responsible for nearly all cervical cancers; and

Whereas, The National Cervical Cancer Coalition (NCCC) finds that approximately 14 million new cases of sexually transmitted HPV occur in the United States each year, and

Whereas, The NCCC estimates that 70 percent of women and men will come into contact with HPV during their life; and

Whereas, According to the Centers for Disease Control and Prevention (CDC), HPV usually resolves itself within two years and does not cause health problems; and

Whereas, However, certain types of HPV do not go away and are linked to abnormal cell changes on the cervix that can lead to cervical cancer; and

Whereas, The CDC estimates that about 10,000 women in the United States are diagnosed with cervical cancer annually and approximately 4,000 women die each year of cervical cancer; and

Whereas, Cervical cancer is highly preventable because screening tests and a vaccine to prevent HPV infections are available; and

Whereas, Abnormal cell changes on the cervix caused by HPV can be detected through a Pap test; and

Whereas, When cervical cancer is found early, it is highly treatable and associated with long-term survival and good quality of life; and

Whereas, Being vaccinated before exposure to HPV helps protect women against cervical cancer and the precancerous lesions that precede it; and

Whereas, The CDC recommends the HPV vaccine for girls and boys at age 11 or 12 years to allow time to develop an immune response before becoming sexually active; and

Whereas, According to the ACS, cervical cancer was once one of the most common causes of cancer death for American women; and

Whereas, The cervical cancer death rate has gone down by more than 50 percent over the last 30 years mostly due to increased screenings; and

Whereas, Lives can be saved by increasing awareness of vaccination and screening; and

Whereas, In 2010, the United States Congress declared January as National Cervical Health Awareness Month; now, therefore, be it

Resolved, That the Council of the City of New York recognizes January as Cervical Health Awareness Month in New York City.

Referred to the Committee on Health.

Res. No. 532

Resolution calling upon the New York State Legislature to pass legislation permitting health care practitioners to provide treatment to youth for the prevention of human papillomavirus, a common virus that can cause cancer.

By The Speaker (Council Member Mark-Viverito) and Council Members Cumbo, Johnson, Chin, Constantinides, Dickens, Eugene, Gentile, Gibson, Koo, Lander, Levine, Mendez, Richards, Rose, Crowley, Kallos, Cohen, Rodriguez, Cornegy and Williams.

Whereas, According to the National Cancer Institute (NCI), more than half of sexually active people are infected with one or more types of human papillomavirus (HPV) at some point in their lives; and

Whereas, According to Centers for Disease Control and Prevention (CDC), roughly 79 million Americans are currently infected with human papillomavirus; and

Whereas, According to NCI, HPV infections account for approximately five percent of all cancers worldwide; and

Whereas, According to NCI, HPV infections can cause genital warts, cervical cancer, anal cancer, vaginal cancer, vulvar cancer, penile cancer, and oropharyngeal cancer; and

Whereas, The American Cancer Society (ACS) estimates that HPV infections are responsible for nearly all cervical cancers, about seventy percent of all vaginal cancers and vulvar cancers, roughly sixty percent of all penile cancers, and over seventy percent of all oropharyngeal cancers; and

Whereas, The CDC estimates that about 10,000 women in the United States are diagnosed with cervical cancer annually; and

Whereas, According to CDC, approximately 4,000 women in the United States die each year as a result of contracting cervical cancer; and

Whereas, The CDC estimates that about 21,000 HPV-related cancers could be prevented by getting vaccinated for HPV; and

Whereas, Two vaccines, Gardasil and Cervarix, are available to the public and protect against the most common types of HPV, which can cause genital warts as well as cervical, vaginal, and vulvar cancers; and

Whereas, The vaccines are administered in three doses over a period of six months; and

Whereas, The CDC recommends that all boys and girls ages 11 and 12 receive the vaccines, and that young men can be vaccinated up to the age of 21 and young women can be vaccinated up to the age of 26; and

Whereas, The New York City Department of Health and Mental Hygiene, CDC, and ACS recommend administering the vaccines at a young age before sexual activity and possible exposure to HPV; and

Whereas, The Food and Drug Administration has approved and certified Gardasil and Cervarix as safe and effective vaccines since 2006 and 2009, respectively; and

Whereas, Gardasil is approved for both males and females between ages 9 and 26, and Cervarix is approved for females between ages 9 and 26; and

Whereas, A study published in the Journal of Infectious Diseases revealed that among females in the United States between ages 14 to 19, the prevalence of HPV infections has decreased from 11.5% between the years 2003 and 2006 to 5.1% after Gardasil was available, specifically between the years 2007 and 2010; and

Whereas, In 2007, Australia implemented a nationally funded program offering Gardasil free to girls between ages 12 to 13, and during the two years that followed implemented similar programs for girls and women between ages 13 and 26; and

Whereas, A study conducted by the University of South Wales revealed that since the implementation of the program, the proportion of women in Australia under age 21 being diagnosed as having genital warts has decreased from 11.5% in 2007 to 0.85% in 2011; and

Whereas, The program in Australia demonstrates the effectiveness of drastically reducing HPV diagnoses by increasing access to the HPV vaccine; and

Whereas, Senator Liz Krueger and Assembly Member Amy Paulin introduced legislation in 2013 (S.3134-A/A.497-A) which would permit health care practitioners to provide health care related to the prevention of sexually transmissible diseases (STDs), including administering vaccines, to persons under the age of 18 without a parent's or guardian's consent; and

Whereas, In 2012, California similarly began allowing minors to unilaterally consent to STD prevention services, including the HPV vaccine; and

Whereas, New York State should ensure that minors have access to the tools they need to prevent certain sexually transmitted diseases which can ultimately cause cancer; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to pass legislation permitting health care practitioners to provide treatment to youth for the prevention of human papillomavirus, a common virus that can cause cancer.

Referred to the Committee on Health.

Res. No. 533

Resolution calling upon the United States Congress to pass, and the President to sign the James Zadroga 9/11 Health and Compensation Reauthorization Act.

By Council Members Chin, The Speaker (Council Member Mark-Viverito), Vallone, Miller, Cohen, Constantinides, Eugene, Gentile, Gibson, Johnson, Koo, Lander, Levine, Mendez, Richards, Rodriguez, Rose, Wills, Levin and Ulrich.

Whereas, In 2014, Congresswoman Carolyn Maloney and United States Senator Kirsten E. Gillibrand introduced H.R. 5503/S. 2844, which would reauthorize the James Zadroga 9/11 Health and Compensation Act (the "Zadroga Act"); and

Whereas, The Zadroga Act was signed into law by President Barack Obama in 2011; and

Whereas, The Zadroga Act created the World Trade Center Health Program (the "Program"), which provides health treatment to people who worked or resided in the vicinity of the World Trade Center on and after the events of September 11, 2001; and

Whereas, The Program is comprised of the "Responder Program" and the "Survivor Program"; and

Whereas, The Responder Program provides services to the personnel who carried our rescue and recovery duties at the World Trade site; and

Whereas, The Survivor Program provides services to individuals who lived or went to school around the World Trade Center site; and

Whereas, In addition to authorizing the World Trade Center Health Program, H.R. 5503/S. 2844 will also reauthorize the September 11th Victim Compensation Fund ("VCF"); and

Whereas, The Victim Compensation Fund handles claims from victims of the 9/11 attacks, or their representatives for compensation of economic or non-economic losses related to the attacks; and

Whereas, While the majority of recipients live in the New York City area, many survivors and first responders of the 9/11 attacks live across the United States; and

Whereas, According to an article in the *The Hill* newspaper, over 30,000 American suffer from illnesses related to the 9/11 attacks; and

Whereas, These individuals live in 431 out of 435 Congressional districts across the county; and

Whereas, According to the same article, first responders in New York City are particularly hard hit; and

Whereas, A total of 2,977 people were killed on 9/11 in New York City, the Pentagon, and Shanksville, Pennsylvania; and

Whereas, The attacks resulted in the killing of 343 members of the New York Fire Department, 23 members of the New York City Police Department, and 37 Port Authority officers; and

Whereas, More than 800 members of the New York Fire Department and more than 550 member of the Police Department are suffering from 9/11 related illnesses; and

Whereas, Unless Congress acts to reauthorize the Zadroga Act thousands of survivors are at risk of losing crucial health benefits; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the United States Congress to pass, and the President to sign the James Zadroga 9/11 Health and Compensation Reauthorization Act.

Section 1. Chapter 5 of Title 20 of the administrative code of the city of New York is amended by adding subchapter 19 to read as follows:

§ 20-824. **Required disclosures for appearance enhancement businesses.** a. 1. On or before January 1, 2015, the department shall create a list of appearance enhancement consumers' rights that shall be made available to all appearance enhancement businesses within the city of New York that are licensed by the New York department of state pursuant to section 401 of the New York state general

business law. For the purposes of this section appearance enhancement shall include: nail specialty, waxing, natural hair styling, the practice of esthetics and cosmetology as defined by section 400 of the New York state general business law.

2. Such list of consumers' rights shall state, at minimum that pursuant to section 401 of the general business law of the state of New York and part 160 of the New York code of rules and regulations:

(i) all businesses engaged in appearance enhancement in the city of New York are required to have a valid license issued by the New York department of state prominently displayed on the premises of such business;

(ii) prospective customers may retrieve the complaint history of any appearance enhancement business by visiting the department of state's website and referencing the business' license number;

(iii) every business engaged in appearance enhancement is subject to the safety and hygiene standards enforced by the State of New York;

(iv) customers are entitled to proper ventilation to prevent strong chemical odors from lingering;

(v) customers may ask that all tools and instruments be immersed in state approved disinfection liquids;

Res. No. 534

Resolution calling upon the New York State Legislature to pass, and the Governor to sign, legislation amending the general business law to require periodic retraining of persons licensed to practice appearance enhancement and the Department of State to increase the number of health and safety inspectors who inspect appearance enhancement businesses.

By Council Members Espinal, Constantinides, Cohen, King, Lancman, Levine, Torres and Wills (by request of the Bronx Borough President).

Whereas, There are appearance enhancement businesses across New York City, which are frequented by New Yorkers in every borough; and

Whereas, The State General Business Law defines appearance enhancement business as a business engaged in nail specialty, waxing, natural hair styling, esthetics and cosmetology; and

Whereas, New York State requires that persons engaged in appearance enhancement must obtain a license to do this work; and

Whereas, The Secretary of State has promulgated regulations for the appearance enhancement industry related to owner responsibility, hygienic practices, sanitary dress, sanitary facilities; and safety training; and

Whereas, Pursuant to State regulations, applicants for appearance enhancement licenses must complete health and safety training for a specified number of hours at State approved institutions; and

Whereas, State law allows applicants to show that they have a certain level of experience doing this work in lieu of completing training, including experience obtained from states and/or countries where formal training and licensing may not be required; and

Whereas, Once licensed, no further training is required to maintain an appearance enhancement license; and

Whereas, The City of New York is not responsible for inspecting businesses engaged in appearance enhancement for purposes of health and safety because the authority lies solely with the State; and

Whereas, According to a policy report by New York City Public Advocate Letitia James titled, "How Safe Is Your Salon?" the Department of State only employs a total of 27 inspectors who are responsible for ensuring the health and safety of the nearly 5,000 nail salons alone, statewide; and

Whereas, Reports of unsanitary conditions and questions regarding the safety of the chemicals used at appearance enhancement businesses have recently surfaced; and

Whereas, Requiring periodic training of appearance enhancement licensees and increasing the number of health and safety inspectors would promote more sanitary conditions at appearance enhancement businesses; and

Whereas, The City of New York has a strong interest in ensuring that these businesses maintain sanitary conditions; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to pass, and the Governor to sign, legislation amending the general business law to require periodic retraining of persons licensed to practice appearance

enhancement and the Department of State to increase the number of health and safety inspectors who inspect appearance enhancement businesses.

Res. No. 535

Resolution calling upon the New York State Legislature to pass, and the Governor to sign, legislation amending the General Business Law to authorize the New York City Department of Health and Mental Hygiene to enforce State health and safety regulations against appearance enhancement establishments and to allow the Department to create a letter grading system for these establishments.

By Council Members Espinal, Constantinides, Cohen, Lancman, Levine and Torres (by request of Bronx Borough President).

Whereas, New York State law authorizes the licensure of persons engaged in the practice of appearance enhancement which includes nail specialty, waxing, natural hair styling, esthetics and cosmetology as defined in the State General Business law; and

Whereas, The Secretary of State has promulgated rules for appearance enhancement businesses related to owner responsibility, hygienic practices, sanitary dress, sanitary facilities, and safety training; and

Whereas, According to the U.S. Bureau of Statistics, appearance enhancement is a high growth industry and New York State is home to the second largest number of appearance enhancement workers in the United States; and

Whereas, There are growing health and safety concerns in the appearance enhancement industry, in particular, with respect to the toxic chemicals used in many beauty products and the danger of infections to costumers from insufficient sanitary practices; and

Whereas, The most recent concern comes from an advisory from the Occupational Safety and Health Administration warning of dangerously high levels of formaldehyde in many hair smoothing treatments; and

Whereas, There are also concerns about exposures to the "toxic trio" (formaldehyde, dibutyl phthalate, and toluene) commonly found in many nail products; and

Whereas, These health concerns apply to both consumers and workers, particularly to pregnant women, as toluene has been linked to birth defects and was banned by the European Union; and

Whereas, Concerns of infection resulting from manicures and pedicures have been raised by medical and health professionals, including the potential for serious fungal, viral and bacterial infections, such as MRSA and Hepatitis, if proper hygienic precautions are not taken; and

Whereas, The New York Department of State's brochure, "Consumer Guide To Beauty Salons and Spas," acknowledges the dangers from toxic chemicals and infection; and

Whereas, According to the 2012 New York State Appearance Enhancement Advisory Meeting Summary, 11.5% of the State's appearance enhancement establishments inspected over the previous four years received violations and of these, 56% were referred for discipline for serious violations; and

Whereas, It is not clear that the State Department has a sufficient number of inspectors to address the thousands of hair and nail salons across the state; and

Whereas, Authorizing the New York City Department of Health and Mental Hygiene to enforce State regulations against appearance enhancement establishments would increase inspection and enforcement at the local level; and

Whereas, Empowering the New York City Department of Health and Mental Hygiene to create a letter grading system for appearance enhancement establishments would help to educate otherwise unwitting consumers to make more deliberative and informed decisions; and

Whereas, The City of New York is not responsible for inspecting businesses engaged in the practice of appearance enhancement for purposes of health and safety because the authority lies solely with the State; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to pass, and the Governor to sign, legislation amending the General Business Law to authorize the New York City Department of Health and Mental Hygiene to enforce State health and safety regulations against appearance enhancement establishments and to allow the Department to create a letter grading system for these establishments.

Res. No. 536

Resolution calling upon the Metropolitan Transportation Authority not to raise subway and bus fares in 2015.

By Council Members Espinal, Chin, Constantinides, Dickens, Gentile, Johnson, Mendez, Rose, Wills and Ulrich.

Whereas, The Metropolitan Transportation Authority (MTA) has issued two proposals for achieving a 4 percent increase in its fares and tolls in 2015; and

Whereas, One proposal would raise the base subway and bus fare from \$2.50 to \$2.75 while the other would eliminate the Pay-Per-Ride MetroCard bonus; and

Whereas, Both proposals would be a significant burden for low- and middle-income New Yorkers already struggling to make ends meet; and

Whereas, According to latest data available from the New York City Center for Economic Opportunity, 45.6 percent of New Yorkers live in or near poverty; and

Whereas, New York City is suffering from a widely acknowledged income inequality and affordability crisis, particularly with regard to the cost of housing; and

Whereas, The vast majority of working Americans have not experienced the benefits of the economic recovery, as modest wage gains have barely kept up with inflation or the rising costs of many services, such as education and health care; and

Whereas, The base subway and bus fare has risen over 65 percent since 2003 and New Yorkers have faced fare hikes repeatedly in recent years, including in 2008, 2009, 2010, and 2013; and

Whereas, Many New Yorkers who rely on the subway and bus system to get to work and school and to go about their daily lives would struggle to afford another fare increase; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the Metropolitan Transportation Authority not to raise subway and bus fares in 2015.
