§ 6-06 **Determination of Significant Effect – Criteria.** (a) An action may have a significant effect on the environment if it can reasonably be expected to lead to one of the following consequences:

(1) a substantial adverse change to ambient air or water quality or noise levels or in solid waste production, drainage, erosion or flooding;

(2) the removal or destruction of large quantities of vegetation or fauna, the substantial interference with the movement of any resident or migratory fish or wildlife species, impacts on critical habitat areas, or the substantial affecting of a rare or endangered species of animal or plant or the habitat of such a species;

(3) the encouraging or attracting of a large number of people to a place or places for more than a few days relative to the number of people who would come to such a place absent the action;

(4) the creation of a material conflict with a community’s existing plans or goals as officially approved or adopted;

(5) the impairment of the character or quality of important historical, archeological, architectural or aesthetic resources (including the demolition or alteration of a structure which is eligible for inclusion in an official inventory of such resources), or of existing community or neighborhood character;

(6) a major change in the use of either the quantity or type of energy;

(7) the creation of a hazard to human health or safety;

(8) a substantial change in the use or intensity of use of land or other natural resources or in their capacity to support existing uses, except where such a change has been included, referred to, or implicit in a broad “programmatic” EIS prepared pursuant to § 6-13 of this chapter.

(9) the creation of a material demand for other actions which would result in one of the above consequences;

(10) changes in two or more elements of the environment, no one of which is substantial, but taken together result in a material change to the environment.

(b) (*Reference to § 6-15 Type II list, deemed to be State Type II list of 6 NYCRR Part 617.13. See City Planning Rules § 5-02(b)(2).*); For the purpose of determining whether an action will cause one of the foregoing consequences, the action shall be deemed to include other contemporaneous or subsequent actions which are included in any long-range comprehensive integrated plan of which the action under consideration is a part, which are likely to be undertaken as a result thereof, or which are dependent thereon. The significance of a likely consequence (i.e. where it is material, substantial, large, important, etc.) should be assessed in connection with its setting, its probability of occurring, its duration, its irreversibility, its controllability, its geographic scope and its magnitude (i.e. degree of change or its absolute size). Section 6-15 of this chapter refers to lists of actions which are likely to have a significant effect on the environment and

contains lists of actions found not to have a significant effect on the environment.

§ 6-07; Determination of Significant Effect – Notification. (a) (*Error. Reference to § 6-05(a) should be to § 6-05(b).*) The lead agencies shall determine within 15 calendar days following notification of completion of the application pursuant to § 6-05(a) of this chapter whether the proposed action may have a significant effect on the environment;

- (i) an action identifying number;
- (ii) a brief description of the action;
- (iii) the proposed location of the action;

- (i) a list of conditions, modifications or alternatives to the proposed action which supports the determination;
- (ii) the signature of the applicant or its authorized representative, accepting the conditions, modifications or alternatives to the proposed action;

(3) **Notice of Determination.** (*Reference to § 6-15 Type II list, deemed to be State Type II list of 6 NYCRR Part 617.13. See City Planning Rules § 5-02(b)(2).*); If the lead agencies determine that the proposed action is not an exempt action or a Type II action pursuant to §§ 6-04 and 6-15 of this chapter, respectively, and that the action may have a significant effect on the environment, they shall issue a Notice of Determination which shall contain the following information:

- (i) an action description number;
- (ii) a brief description of the action;

§ 6-08 Draft Environmental Impact Statements – Responsibility for Preparation. (a) *Non-agency applicants.*

(1) (*Rules add formal scoping, City Planning Rules § 5-07. Interested and involved agencies assist with DEIS on request. See City Planning Rules § 5-05(b)(2).*); After receipt of a Notice of Determination pursuant to § 6-07(c)(3) of this chapter, a non-agency applicant shall notify the lead agencies in writing as to whether it will exercise its option to prepare or cause to be prepared a draft EIS, and as to whom it has designated to prepare the draft EIS, provided that no person so designated shall have an investment or employment interest in the ultimate realization of the proposed action;

(e) An EIS may incorporate by reference all or portions of other documents which contain information relevant to the statement. The referenced documents shall be made available to the public in the same places where copies of the statement are made available. When a statement uses incorporation by reference, the referenced document shall be briefly described and its date of preparation provided.

§ 6-10 Draft Environmental Impact Statements – Procedures. (a) **Notice of Completion.** Upon the satisfactory completion of a draft EIS, the lead agencies shall immediately prepare, file and make available for public inspection a Notice of Completion as provided in paragraphs (1), (2) and (3) of this subdivision. Where a proposed action is simultaneously subject to the Uniform Land Use Review Procedure ("ULURP"), the City Planning Commission shall not certify an

application pursuant to ULURP until a Notice of Completion has been filed as provided in paragraph (3) of this subdivision.

(1) *Contents of Notice of Completion.* All Notices of Completion shall contain the following:

(c) *Public hearings on draft EIS.*

(1) Upon completion of a draft EIS, the lead agencies shall conduct a public hearing on the draft EIS.

(2) The hearing shall commence no less than 15 calendar days or more than 60 calendar days after the filing of a draft EIS pursuant to subdivision (b) of this section, except where a different hearing date is required as appropriate under another law or regulation.

(3) Notice of the public hearing may be contained in the Notice of Completion or, if not so contained, shall be given in the same manner in which the Notice of Completion is [circulated] ~~transmitted~~ and filed pursuant to subdivision (a) of this section. In either case, the notice of hearing shall also be published at least 10 calendar days in advance of the public hearing in a newspaper of general circulation in the area of the potential impact and effect of the proposed action.

(4) Where a proposed action is simultaneously subject to ULURP, a public hearing conducted by the appropriate community or borough board and/or the City Planning Commission pursuant to ULURP shall satisfy the hearing requirement of this section. Where more than one hearing is conducted by the aforementioned bodies, whichever hearing last occurs shall be deemed the hearing for purposes of this chapter.

§ 6-11 Final Environmental Impact Statements – Procedures.

(a) (*Interested and involved agencies assist with FEIS on request, City Planning Rules § 5-05(b)(2).*); Except as provided in paragraph (1) of this subdivision, the lead agencies shall prepare or cause to be prepared a final EIS within 30 calendar days after the close of a public hearing.

(1) If the proposed action has been withdrawn or if, on the basis of the draft EIS and the hearing, the lead agencies have determined that the action will not have a significant effect on the environment, no final EIS shall be prepared. In such cases, the lead agencies shall prepare, file and [circulate] ~~transmit~~ a Negative Declaration as prescribed in § 6-07 of this chapter.

(2) The final EIS shall reflect a revision and updating of the matters contained in the draft EIS in light of further review by the lead agencies, comments received and the record of the public hearing.

(b) Immediately upon the completion of a final EIS, the lead agencies shall prepare, file, [circulate] ~~transmit~~ and make available for public inspection a Notice of Completion of a final EIS in a manner specified in § 6-11(a) of this chapter, provided, however, that the Notice shall not contain the statement described in subparagraph (a)(1)(iv) of such section.

(c) Immediately upon completion of a final EIS, [copies] it shall be filed and made available for public inspection in the same manner as the draft EIS pursuant to § 6-11(b) of this chapter.

§ 6-12 *Agency Decision Making.* (a) No final decision to carry out or approve an action which may have a significant effect on the environment shall be made until after the filing and consideration of a final EIS.

(1) (*Inapplicable, City Planning Rules, § 5-02(a).*);

(2) (*Inapplicable, City Planning Rules, § 5-02(a).*);

(b) When an agency decides to carry out or approve an action which may have a significant effect on the environment, it shall make the following findings in a written decision:

(1) consistent with social, economic and other essential

considerations of state and city policy, from among the reasonable alternatives thereto, the action to be carried out or approved is one which minimizes or avoids adverse environmental effects to the maximum extent possible, including the effects disclosed in the relevant environmental impact statement;

(2) consistent with social, economic and other essential considerations of state and city policy, all practicable means will be taken in carrying out or approving the action to minimize or avoid adverse environmental effects.

(c) For public information purposes, [a copy of] the Decision shall be filed in the same manner as the draft EIS pursuant to § 6-11(b) of this chapter.

§ 6-13 *Programmatic Environmental Impact Statements.* (a) Whenever possible, agencies shall identify programs or categories of actions, particularly projects or plans which are wide in scope or implemented over a long time frame, which would most appropriately serve as the subject of a single EIS. Broad program statements, master or area wide statements, or statements for comprehensive plans are often appropriate to assess the environmental effects of the following:

- (1) a number of separate actions in a given geographic area;
- (2) a chain of contemplated actions;
- (3) separate actions having generic or common impacts;
- (4) programs or plans having wide application or restricting the range of future alternative policies or projects.

(1) a programmatic EIS shall be amended or supplemented to reflect impacts which are not addressed or adequately analyzed in the EIS as originally prepared; and

(2) actions which significantly modify a plan or program which has been the subject of an EIS shall require a supplementary EIS;

(3) programmatic EIS's requiring amendment and actions requiring supplementary EIS's pursuant to this section shall be processed in full compliance with the requirements of this chapter.

§ 6-14 *Rules and Regulations.* (*Inapplicable, City Planning Rules § 5-02(a).*);

§ 6-15 *Lists of Actions.* (a) *Type I.* (*See City Planning Rules § 5-02(d).*); Type I actions enumerated in § 617.12 of 6 NYCRR 617 are likely to, but will not necessarily, require the preparation of an EIS because they will in almost every instance significantly affect the environment. However, ministerial actions never require the preparation of an EIS except where such actions may directly affect a critical area or an historic resource enumerated in Paragraphs (22) and (23), respectively, of Subdivision (a) of § 617.12. In addition, for the purpose of defining Paragraph (2) of said subdivision and section, the following thresholds shall apply:

- (1) relating to public institutions:

Chapter 6: Rules For the Processing of Plans Pursuant To Charter Section 197-a

* * *

§ 6-02 Plan Submission.

(a) *Notification of Intent.* To assist the Department in anticipating the need for technical assistance for the preparation of plans in the efficient scheduling of their review, the sponsor of a plan shall notify the Department of its intent to prepare and submit a plan. This notice shall be given not less than ninety (90) days prior to the submission of a proposed plan. Periodically, the Department shall report to the Commission on the notices received and on the progress of 197-a plans underway.

(b) *Submission.* [Thirty (30) copies of a] All proposed plans shall be submitted to the Department of City Planning[,] through its website or at [Intake Office, 22 Reade Street] 120 Broadway, 31st Floor, New York, NY 10271 [007]. If a plan has been initiated by a community board, borough board or Borough President, this initial submission shall include a summary record of the public hearing held by the board or Borough President. The submission shall also include the name(s) and address(es) of the person(s) designated by the sponsor to be its representative(s) in any discussions of the plan.

§ 6-03 Threshold Review and Determination.

(a) *Department Review.* Each proposed plan shall be reviewed by the Department staff who shall report to the Commission not later than 90 days after the plan's submission as to whether the plan appears to meet the standards for form and content and for consistency with sound planning, as set forth in § 6-04 of these rules. Prior to making the report, the staff shall inform the sponsor of all deficiencies with respect to form and content and any changes, additions or deletions which, in the opinion of the staff, may correct such deficiencies. The sponsor may, thereupon, indicate its willingness to make such changes, additions or deletions in which case the Department will defer its report to the Commission until the changes have been made. The sponsor may, instead, request that the plan be presented without change to the Commission for its threshold findings of form and content and sound planning policy. At the time of any Department report on a proposed plan, the Commission may receive a similar report from representatives of the sponsor.

(b) *City Planning Commission Determination.* Within 30 days after its presentation by the Department staff, the Commission shall determine, when required by the Charter and in accordance with the standards set forth in § 6-04 of these rules, whether the proposed plan is of appropriate form and sufficient content, and whether it is in accordance with sound planning policy. If the Commission has determined that a proposed plan does not meet the standards for form or content or for sound planning policy, it shall direct the plan back to the sponsor with a statement explaining its deficiencies. When the Commission has determined that a proposed plan is of appropriate form and content and is in accordance with sound planning policy, it shall direct the Department to undertake the necessary environmental review if the plan has been sponsored by a community board in accordance with Article 5 of these rules. If the plan has been sponsored by an agency other than a community board the Commission shall determine whether a Type II declaration, a negative declaration, or a notice of completion of a draft EIS has been issued, and if so, it shall direct the Department to distribute the plan in accordance with § 6-06 of these rules.

(c) *Coordination of Plan Review.* The Commission may determine that, despite its finding of appropriate form and content and sound planning policy, a proposed plan should not immediately proceed because there are other planning efforts, ULURP reviews or environmental studies underway which should be coordinated with the plan. In such a case, the Commission may direct the Department to work with the sponsor and any other interested agencies in developing an appropriate timetable and strategy for the plan, and to report back to the Commission.

(d) *Progress Report.* When 180 days has elapsed following a threshold determination pursuant to Subdivision (b), if a proposed plan has not been distributed for review either because the environmental review remains incomplete, or because the plan has been delayed pursuant to Subdivision (c), the sponsoring agency may make a written request to the Commission to expedite the plan's distribution. The Commission shall direct the Department to report in writing within a fixed period of time the progress of the plan, including any outstanding aspects of the environmental review, or any continuing problems of coordination delaying its review. Upon receipt of the report, the Commission may direct the Department to complete the review within a reasonable period of time.

* * *

§ 6-06 Plan Distribution and Review.

(a) *Plan Distribution.* When pursuant to § 6-03(b) of these rules, the Commission directs the Department to distribute a proposed plan, the Department shall transmit [copies of] the plan simultaneously to all affected community boards, Borough Presidents and borough boards, as defined in Charter §§ 196 and 197-a(c). The Commission may also direct its distribution to other agencies whose interests may be affected including neighboring community boards and Borough Presidents, and any city and state agency with jurisdiction over elements of the plan.

(b) *Community Board Review.* Each community board which has received from the Department of City Planning a proposed plan affecting land in its district shall conduct a public hearing on the plan except when a single borough-wide hearing is to be held on a borough plan. Notice of the public hearing shall be given and the hearing conducted in accordance with the ULURP rules for community board public hearings. Subsequent to the public hearing and within a period of sixty (60) days following its receipt of the plan, the community board shall transmit its written recommendation to the City Planning Commission with copies to the Borough President, City Council and the sponsor. The Community board which is the sponsor of a plan and which held a hearing on it prior to filing with the Department, need not hold a second hearing.

(c) *Borough president review.* The Borough President shall have one

hundred twenty (120) days following the receipt of a proposed plan in which to review the plan and submit written recommendation to the City Planning Commission with copies to the City Council and sponsor. The Borough President may choose to conduct a public hearing on the plan.

(d) *Borough board review.* Each borough board which has received from the Department of City Planning a proposed plan affecting land in two or more community districts in its borough shall conduct a public hearing on the plan. Such public hearing shall take place and the report of the borough board shall be transmitted within one hundred twenty (120) days following its receipt of the plan. In the case of a plan affecting the entire borough, a single borough-wide public hearing may be held in lieu of separate hearings by the community boards. Notice of the public hearing shall be given and the hearing conducted in accordance with the ULURP rules governing borough board hearings. The borough board shall transmit its written recommendation to the City Planning Commission with copies to the City Council and the sponsor.

(e) *Request for review.* Any community board or borough board may make a written request to the Department to receive and review [a copy of] a proposed plan which does not involve land within its district or borough. In its request the Community board or borough board shall state the reason why the plan significantly affects the welfare of its district or borough. Upon receipt of the plan, the community board or borough board may conduct a public hearing and may make any recommendation to the City Planning Commission with copies to the City Council and sponsor. When it transmits such a plan, the Department shall notify the community board or borough board of the remaining time period during which it may review and comment on the plan.

(f) *Other requests.* A borough president may make a written request to the Department to receive and review [a copy of] a proposed plan for a district or area outside the borough. Any other interested party may similarly request a copy. Such request may be made to either the Department or the sponsor.

(b) *Revision of Plans.* A plan may be periodically reviewed and revised by its sponsor or the Commission may initiate such review. Any such revision may be presented for adoption as an amendment to the plan in accordance with the procedures set forth in these rules.

(c) *Summary of Plans.* In each Zoning and Planning Report adopted pursuant to Charter § 192(b), the Commission shall include a summary of all 197-a plans adopted during the preceding four years.

The Owls Head Facility would be located at the middle of the Gowanus Canal, approximately 0.5 miles south of the northernmost portion of the Canal.

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children's Services (ACS)
 Department for the Aging (DFTA)
 Department of Consumer Affairs (DCA)
 Department of Corrections (DOC)
 Department of Health and Mental Hygiene (DOHMH)

 Department of Probation (DOP)
 Department of Small Business Services (SBS)
 Department of Youth and Community Development (DYCD)

PREQUALIFIED VENDOR LIST: GENERAL CONSTRUCTION, NON-COMPLEX GENERAL CONSTRUCTION SITE WORK ASSOCIATED WITH NEW YORK CITY DEPARTMENT OF PARKS AND RECREATION ("DPR" AND/OR "PARKS") PARKS AND PLAYGROUNDS CONSTRUCTION AND RECONSTRUCTION PROJECTS.

DPR is seeking to evaluate and pre-qualify a list of general contractors (a "PQL") exclusively to conduct non-complex general construction site work involving the construction and reconstruction of DPR parks and playgrounds projects not exceeding \$3 million per contract ("General Construction").

By establishing contractor's qualification and experience in advance, DPR will have a pool of competent contractors from which it can draw to promptly and effectively reconstruct and construct its parks, playgrounds, beaches, gardens and green-streets. DPR will select contractors from the General Construction PQL for non-complex general construction site work of up to \$3,000,000.00 per contract, through the use of a Competitive Sealed Bid solicited from the PQL generated from this RFQ.

The vendors selected for inclusion in the General Construction PQL will be invited to participate in the NYC Construction Mentorship. NYC Construction Mentorship focuses on increasing the use of small NYC contracts, and winning larger contracts with larger values. Firms participating in NYC Construction Mentorship will have the opportunity to take management classes and receive on-the-job training provided by a construction management firm.

DPR will only consider applications for this General Construction PQL from contractors who meet any one of the following criteria:

- 1) The submitting entity must be a Certified Minority/Woman Business enterprise (M/WBE)*;
- 2) The submitting entity must be a registered joint venture or have a valid legal agreement as a joint venture, with at least one of the entities in the joint venture being a certified M/WBE*;
- 3) The submitting entity must indicate a commitment to sub-contract no less than 50 percent of any awarded job to a certified M/WBE for every work order awarded.

* Firms that are in the process of becoming a New York City-Certified M/WBE, may submit a PQL application and submit a M/WBE Acknowledgement Letter, which states the Department of Small Business Services has begun the Certification process.

Statement of Basis and Purpose of Proposed Rule

The NYC Department of Consumer Affairs (“DCA”) is proposing to amend subdivisions (a) and (b) of Section 2-161 of Subchapter Q of Chapter 2 of Title 6 of the Rules of the City of New York, in relation to the Department’s regulation of Garages and Parking Lots. The proposed amendments will simplify compliance for garage and parking lot license applicants who have previously been approved for a license at same location; align license application requirements with the current practices of New York City; and remove references to outdated information.

These proposed rules would:

- Eliminate the requirement that a garage and parking lot license may not be issued “unless certificates have been forwarded to the commissioner by the Fire Department, the Department of Buildings, the Bureau of Gas and Electricity in the Department of General Services, and the Department of Ports and Trade when applicable; stating that the premises proposed to be licensed comply with all applicable laws and regulations.”
- Replace the certificate requirement with a self-certification from the applicant that “the premises proposed to be licensed comply with all applicable laws and regulations” and that the applicant is in compliance with all relevant local, state and federal laws.
- Eliminate references to the “Department of Ports and Trade” and “Certificates of Completion,” because they do not currently exist.
- Eliminate the requirement that the “maximum motor vehicle capacity of each garage and parking lot” be taken from an approved Certificate of Occupancy issued by the Department of Buildings.”
- Amend the rule as it relates to maximum motor vehicle capacity to provide that: (1) for applicants that will operate from previously licensed premises, DCA may use the maximum capacity from the previous license; and (2) for applicants that will operate from newly licensed premises, DCA shall require the applicant to provide documents to show the maximum motor vehicle capacity allowed by Local, State or Federal law, as applicable.

This amendment is being undertaken to reduce regulatory burdens, increase equity, support small business, and simplify and update content to help support public understanding and compliance.

New material is underlined.
[Deleted material is in brackets.]

“Shall” and “must” denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

Proposed Rule Amendment

Section 1. Subdivisions a and b of Section 2-161 of subchapter Q of Chapter 2 of Title 6 of the Rules of the City of New York are amended as follows:

(a) Except within the discretion of the Commissioner, no license may be issued unless [certificates have been forwarded to the commissioner by the Fire Department, the Department of Buildings, the Bureau of Gas and Electricity in the Department of General Services, and the Department of Ports and Trade when applicable; stating] the applicant certifies, in such form and manner as determined by the Commissioner, that the premises proposed to be licensed comply with all applicable Local, State and Federal laws and regulations.

NOTE:

As of January 1, 2017, the Bio-Diesel Blender Tax Credit has been rescinded for \$1.00 per gallon on B100. Therefore, for deliveries after January 1, 2017, the contractor will no longer be deducting the tax credit as a separate line item on the invoice. Should the tax credit be extended, it will once again appear as deduction and line item on the invoice.

Federal excise taxes are imposed on taxable fuels, (i.e., gasoline, kerosene, and diesel), when removed from a taxable fuel terminal. This fuel excise tax does not include Leaking Underground Storage Tank (LUST) tax. LUST tax applies to motor fuels for both diesel and gasoline invoices. Going forward, LUST Tax will appear as an additional fee at the rate of \$0.001 per gallon and will be shown as a separate line item on your invoice.

The National Oilheat Research Alliance (NORA) resumed operations in 2014. A related assessment of \$.002 per gallon has been added to the posted weekly fuel prices and will appear as a separate line item on invoices. This fee applies to heating oil only and since 2015 has included #4 heating oil. NORA has been authorized through February 2019. All other terms and conditions remain unchanged.

REMINDER FOR ALL AGENCIES:

Please send inspection copy of receiving report for all gasoline (E70, UL & PREM) delivered by tank wagon to OCP/Bureau of Quality Assurance (BQA), 1 Centre Street, 18th Floor, New York, NY 10007.

DESIGN AND CONSTRUCTION

■ NOTICE

**DETERMINATION AND FINDINGS BY
THE CITY OF NEW YORK, PURSUANT TO SECTION 204 OF
THE NEW YORK STATE EMINENT DOMAIN PROCEDURE LAW**

Whereas, the New York City Department of Design and Construction (“DDC”), on behalf of the New York City Department of Environmental Protection (“DEP”) and the City of New York (“City”), has proposed the acquisition of certain portions of the intersection of Sheldon Avenue and Belfield Avenue as shown on Damage and Acquisition Map No. 4241, (Capital Project: SER200196) in the Borough of Staten Island; and

Whereas, the New York State Eminent Domain Procedure Law (“EDPL”) sets forth uniform procedures for condemnations by municipalities throughout the State of New York, which also governs over this acquisition; and

Whereas, pursuant to the EDPL, the City is required to hold a public hearing to determine whether the public would be better served by the proposed acquisition of the above-mentioned properties and the impact of such an acquisition on the neighborhood where the project is to be constructed; and

Whereas, the City held a public hearing, pursuant to EDPL Section 204 in relation to this acquisition on November 21, 2017 in the Borough of Staten Island. Having given due consideration to the complete hearing record, which includes, among other things, all documents submitted and all public comments, the City makes the following determination and findings concerning the above and below described acquisitions and project:

1. The public use and benefit of this project is for the construction of storm sewers and appurtenances, in the Borough of Staten Island (SER200196).
2. The properties to be acquired are shown on the City’s Tax Map for the Borough of Staten Island and include the following properties:
 - Block 6266, part of Lot 1
 - Block 6267, part of Lot 75
 - Bed of Belfield Avenue and Sheldon Avenue.

The proposed acquisition shall consist of the following locations in the Borough of Staten Island:

- Portions of the intersection of Belfield Avenue and Sheldon Avenue.

The City selected these locations based on a need for the reconstruction of storm sewers and appurtenances:

- (1) The general effect on the neighborhood will be to improve current living conditions. The proposed Project involves the reconstruction of storm sewers and appurtenances. This Project will have no significant adverse effect on the environment. The proposed property acquisition locations were included in a Final Environmental Impact Statement, also known as “FEIS,” completed by the DEP, (CEQR No. 99DEP006). Based on the recommendations contained in the FEIS, necessary mitigation measures will be included in the design for this and other projects in the area covered by the aforementioned document.

Questions were raised regarding the specific impact on certain property involved, and as to the general construction schedule. Said concerns raised by the property owner at the public hearing have been reviewed by the City and thereafter resolved.

The City has also reviewed all potential alternate locations and has determined that no other sites are feasible for the Project.

DETERMINATION:

Based upon due consideration of the record and the foregoing findings, it is determined that the City of New York should exercise its power of eminent domain to acquire the above-described properties in order to promote and permit the purposes of the Project to be achieved.

NOTICE:

Pursuant to EDPL Section 207, property owners have thirty (30) days from completion of the publication of this “Determination and Findings” to seek judicial review of this determination. It was advertised on Staten Island Advance on December 27 through 29, 2017 and the expected dates of publication on City Record are January 10 through 12, 2018.

The exclusive venue for the judicial review of this determination pursuant to EDPL Sections 207 and 208 is the Appellate Division of the Supreme Court in the Judicial Department where any part of the property to be acquired is located.

A copy of this Determination and Findings by the City is available without cost upon written request to:
