HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- · Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children's Services (ACS)

Department for the Aging (DFTA) Department of Consumer Affairs (DCA) Department of Corrections (DOC)

Department of Health and Mental Hygiene (DOHMH)

Department of Homeless Services (DHS)

Department of Probation (DOP)
Department of Small Business Services (SBS)

Department of Youth and Community Development (DYCD) Housing and Preservation Department (HPD) Human Resources Administration (HRA)

Office of the Criminal Justice Coordinator (CJC)

As part of NYC Department of Correction's 14-Point Anti-Violence Reform Agenda, a Recruitment Unit and dedicated recruitment budget was established in 2015. The role of the Unit is to promote and publicize employment opportunities within the Department – and particularly for the NYC Correction Officer job title – with the goal of recruiting qualified people to combat the retirement/attrition rate of Correction Officers.

Since 2015, the Recruitment Unit has utilized newspaper, radio, digital and streaming radio advertising channels to bolster recruitment efforts. The Employer Brand and Marketing Unit has identified the need to expand advertising channels in order to reach more eligible individuals to take the upcoming NYC Correction Officer exams.

Leveraging the NYC bus shelter system, will enable the DOC Recruitment Unit to expand its reach to include potential Correction Officer candidates who are not touched by other advertising channels.

BUILDINGS

■ NOTICE

NOTICE OF ADOPTION OF RULE

NOTICE IS HEREBY GIVEN, pursuant to the authority vested in the Commissioner of the Department of Buildings by Section 643 of the New York City Charter and in accordance with Section 1043 of the Charter, that the Department of Buildings hereby adopts the amendments to Section 104-09 of Chapter 100 of Title 1 of the Official Compilation of the Rules of the City of New York, regarding the physical fitness, experience, and national certification requirements for licensed hoisting machine operators.

This rule was first published on February 5, 2018 and a public hearing thereon was held on March 12, 2018.

Dated: <u>3/28/18</u> New York, NY Rick D. Chandler, P.E.
Commissioner

Statement of Basis and Purpose of Rule

 $1~\rm RCNY~104\text{-}09$ establishes licensing criteria for hoisting machine operators, including relating to physical fitness, experience, and national certification.

The amendments:

- Update the physical fitness requirements to conform to the latest requirements in ASME B 30.5-2014
- Consolidate existing national certification requirements into a new subdivision (d). 1 RCNY 104-09 currently requires Class A and C licensed hoisting machine operators to possess "one or more" certifications, and requires Class B licensed hoisting machine operators to possess "all" certifications. In the years since 1 RCNY 104-09 was first promulgated, the number of available national certifications has increased
- Provide further specificity (in subdivision (d)) as to exactly which certifications are required for each licensing class

- Add language regarding derricks, for which no national certification is currently available
- Specify that applicants for a Class A or Class C hoisting machine operator license must obtain experience on specific relevant types of machinery
- Incorporate a recent New York State Supreme Court ruling in Christian v. City et al. that Class A experience must be obtained within New York City
- Clarify that experience for a Class A hoisting machine operator license must have been obtained under the supervision of a Class A or Class B licensed hoisting machine operator
- Make editorial clarifications throughout the document

The Department of Buildings' authority for these rules is found in Sections 643 and 1043 of the New York City Charter and Section 28-401.14 and Article 405 of Chapter 4 of Title 28 of the New York City Administrative Code.

New material is underlined. [Deleted material is in brackets.]

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

Section 1. Subdivision (a) of Section 104-09 of Title 1 of the Rules of the City of New York is amended to read as follows:

§104-09 Hoisting Machine Operators.

- (a) Qualifications. In addition to the qualification requirements set forth in the Administrative Code, an applicant for a [Class A, B or C] Hoisting Machine Operator license shall satisfy the following requirements:

 - (2) Physical fitness. An applicant for a [Class A, B or C] Hoisting Machine Operator license shall provide evidence on a form prescribed by the Commissioner that he or she [has passed a physical exam that complies with the standards of ASME B 30.5-2007, or the most recent version approved by the Department, and that he or she has complied with the substance abuse testing provisions and standards of ASME B 30.5-2007, or the most recent version approved by the Department] meets the physical qualifications of Section 5-3.1.2(a) of ASME B 30.5-2014, and has passed a physical exam and a substance abuse test to verify such physical qualification. Such evidence shall include the name, address and telephone number of the laboratory that performed the tests and consent to the release by such laboratory of the test results to the Department upon request of the Department.
 - [(3) An applicant for a Class A, B or C Hoisting Machine Operator license shall satisfy the examination requirements of the Administrative Code by complying with the following requirements:
 - (i) For a Class A or C applicant, providing to the Department one or more certifications issued by an organization accredited to offer crane certifications by the National Commission for Certifying Agencies (NCCA) or the American National Standards Institute (ANSI) and acceptable to the Commissioner. The certification shall authorize operation of the type of equipment for which the applicant seeks a license. The applicant shall provide to the Department a copy of the certification, a copy of future re-certifications and documentation of new specialties acquired. The applicable certification shall be maintained continuously for the duration of the license term.
 - (ii) For a class B applicant, providing to the Department all crane operator certifications issued by an organization accredited to offer tower, mobile, and crawler crane operator certifications by the National Commission for Certifying Agencies (NCCA) or the American National Standards Institute (ANSI) and acceptable to the Commissioner. The applicant must have passed at least one of the certification exams on a friction crane. For a Hoisting Machine Operator Class B applicant, one of the practical certification exams must, in accordance with the requirements of Table 1 of this subdivision, be on a friction crane.
- (4) Derricks. No licensed hoisting machine operator may operate a derrick, or supervise the operation of a learner on a derrick, unless the licensee possesses a tower crane certification (not self-erecting), and such certification has been listed on the hoisting machine operator's license by the department.
