- (2) Prior to obtaining a foundation permit or building permit from the Department of Buildings, a written declaration of restrictions, in a form acceptable to the Chairperson of the City Planning Commission, containing complete drawings of the improvement and setting forth the obligations of the owner as agreed upon with the #transit agency# pursuant to the requirements of paragraph (e)(1) of this Section, shall be recorded against such property in the Borough Office of the City Register of the City of New York. Proof of recordation of

the declaration of restrictions shall be submitted in a form acceptable to the Department of City Planning.

(3) No temporary certificate of occupancy shall be granted by the Department of Buildings for the portion of the #building# utilizing bonus #floor area# authorized pursuant to the provisions of this Section until the required improvements have been substantially completed, as determined by the Chairperson, acting in consultation with the #transit agency#, where applicable, and such improvements are usable by the public. Such portion of the #building# utilizing bonus #floor area# shall be designated by the Commission in drawings included in the declaration of restrictions filed pursuant to this paragraph.

(b) Requirements for application

An application for a special permit pursuant to this Section shall-include a letter from New York City Transit to the City Planning Commission containing conceptual approval of the improvement and a statement of any special considerations regarding New York City Transit's future operation of the improvement. The applicant-shall submit all information and justification sufficient to enable the Commission to:

- (1) evaluate the benefits to the City;
- (2) determine the appropriate amount of bonus #floor area#; and
- (3) where applicable, assess the advantages and disadvantages of waiving or modifying #street wall# continuity requirements:

(c) Conditions

- (1) Within the #Special Midtown District#, for a #development#or #enlargement# within the Theater Subdistrict on a#zoning lot# containing a theater designated as listedpursuant to Section 81-742 (Listed theaters), the Commission
 shall find that the requirements of Section 81-743 (Requiredassurances for continuance of legitimate theater use) havebeen met-
- (2) Within the #Special Midtown District#, for a #development#or #enlargement# located on a #zoning lot# divided by a
 Theater Subdistrict Core boundary, as defined in Section
 81-71 (General Provisions), the amount of #lot area# eligible
 for bonus #floor area# shall not exceed an amount equal to
 twice the #lot area# of that portion of the #zoning lot# located
 outside the Theater Subdistrict Core:

(d) Findings

- (1) In determining the amount of #floor area# bonus, the City-Planning Commission shall consider the degree to which:
 - (i) the general accessibility and security of the subwaystation will be improved by the provision of newconnections, additions to or reconfigurations of circulation space, including provision of escalators or elevators: and
 - (ii) significant improvements to the station's environment by provision for direct daylight access, or improvements to noise control, air quality, lighting or rider orientation and satisfactory integration of the #street# levelentryway into the #development# or #enlargement# willoccur.
- (2) In determining modifications to the requirements of Article III, Chapter 7 (Special Regulations), the Commission shall-

- find that the provisions of a subway improvement cannot be accommodated without modification to these requirements:
- (3) In determining modifications to the #street wall# continuity provisions of Section 81-43 in the #Special Midtown District#, Section 91-31 (Street Wall Regulations) in the #Special Lower Manhattan District# or Section 101-41 in the #Special Downtown Brooklyn District#, the Commission shall find that the modification will permit the proposed design to provide for access of daylight and air to the subway platform, mezzanine or concourse and that the advantages of such access outweigh the disadvantages incurred by the interruption of #street wall# and retail continuity.

(e) Procedural requirements

Prior to the granting of a special permit, the City Planning Commission shall be provided with the following:

The applicant shall not apply for nor accept a temporary certificate of occupancy for the bonus-#floor area#, and the Department of Buildings shall not issue-such a temporary certificate of occupancy, until New York City Transit has determined that the bonused subway improvement is substantially complete which shall, for this purpose, mean open to and usable by the public.

The applicant shall not apply for or accept a permanent certificate of occupancy for the #development# or #enlargement#, nor shall the Department of Buildings issue such permanent certificate of occupancy, until the bonused subway improvement has been completed in accordance with the approved plans and such completion has been certified by New York City Transit:

The Commission may prescribe additional appropriate conditions and safeguards to enhance the character of the surrounding area.

142-09 Off-street Relocation of Subway Station Entrances For all #developments# or #enlargements# involving ground floor level construction on a #zoning lot# that is wholly or partially located within a Transit Easement Zone, as shown on Map 3 (Special Inwood District – Transit Easement Zones) in the Appendix to this Chapter, a transit easement volume may be required needed on such #zoning lot# for public access between the #street# and the adjacent above- or below-grade subway station, pursuant to the provisions of Section 66-20 (SPECIAL PROVISIONS FOR PRIMARY TRANSIT-ADJACENT SITES). Such #zoning lots# that are wholly or partially within a Transit Easement Zone shall be considered a #primary transit-adjacent site#, as defined in Section 66-11 (Definitions).

(a) Transit Easement

Prior to filing any application with the Department of Buildings for an excavation permit, foundation permit, new building permit or alteration permit for a #development# or #enlargement#, the owner of the #zoning lot# shall file an application with the Metropolitan Transportation Authority (MTA) and the Chairperson of the City Planning Commission requesting a certification as to whether or not a transit easement volume is required on the #zoning lot#:

Within 60 days of receipt of such application, the MTA and the Chairperson shall jointly certify whether or not a transit easement volume is required on the #zoning lot#. Failure to certify within the 60-day period will release the owner from any obligation to provide a transit easement volume on such #zoning-lot#

When the MTA and the Chairperson indicate that a transiteasement volume is required, the MTA shall, in consultation with the owner of the #zoning lot# and the Chairperson, determine the appropriate type of transit easement and reasonable dimensionsfor such transit easement volume.

The owner shall submit a site plan showing a proposed location of such transit easement volume that would provide access between the #street# and the adjacent subway station and be compatible with the proposed #development# or #enlargement# on the #zoning lot# for joint approval and final certification by the MTA and the Chairperson. The MTA and the Chairperson shall comment on such site plan within 45 days of its receipt and may, within such 45-day period or following its expiration, permit the granting of an excavation permit while the location and size of the transit easement volume is being finalized. Upon joint approval of a site plan by the MTA and the Chairperson, copies of such certification shall be forwarded by the Chairperson to the Department of Buildings.

Legally enforceable instruments, running with the land, creating a transit easement volume, and setting forth the obligations of either the MTA or the owner and developer, their successors and assigns, to design and construct the improvement, shall be executed and recorded in a form acceptable to the MTA and the Chairperson. The execution and recording of such instruments shall be a precondition to the issuance of any foundation permit, new building permit, or alteration permit by the Department of Buildings allowing such #development# or #enlargement#.

(b) Construction and Maintenance

Where a transit easement volume is required pursuant to this Section, transit access improvements within such volume shall be constructed and maintained either by the MTA or the owner of the #zoning lot# with the #development# or #enlargement#.

- (1) Where such mass transit improvement is constructed and maintained by the owner of the #development # or #enlargement#:
 - a transit access improvement shall be provided in accordance with standards set forth by the MTA;
 - (ii) such improvement shall be accessible to the public at all times, except as otherwise approved by the MTA;
 - (iii) such improvement shall include #signs# to announce accessibility to the public. Such #signs# shall be exempt from the maximum #surface area# of non-#illuminated signs# permitted by Section 32-642 (Non-illuminated signs); and
 - (iv) no temporary certificate of occupancy shall be granted by the Department of Buildings for the #building# until the Chairperson of the City Planning Commission, acting in consultation with the MTA, has certified that the improvement is substantially complete and usable by the public.
- (2) Where such mass transit improvement is constructed and maintained by the MTA:
 - (i) Where the construction of the improvement is not contemporaneous with the construction of the #development# or #enlargement#, any underground

walls constructed along the #front lot line# adjacent to a below-grade subway station shall include a knockout panel, not less than 12 feet wide, below #curb level# down to the bottom of the easement. The actual location and size of such knockout panel shall be determined through consultation with the MTA.

- (ii) Temporary construction access shall be granted to the MTA on portions of the #zoning lot# outside of the transit easement volume, as necessary, to enable construction within and connection to the transit easement volume.
- (iii) In the event that the MTA has approved of obstructions associated with the #development# or #enlargement# within the transit easement volume, such as building columns or footings, such construction and maintenance shall exclude any such obstructions within the transit easement volume.

(c) Additional modifications

Where a transit easement volume is required pursuant to paragraph (a) of this Section, the Chairperson of the City Planning Commission shall certify the following modifications in conjunction with such transit easement volume certification:

- (1) the edge of the transit easement volume facing the #street# shall be considered a #street wall# for the purposes of applying the #street wall# location provisions set forth in Section 142-40 (SPECIAL HEIGHT AND SETBACK REGULATIONS), inclusive, irrespective of whether such volume is incorporated into a #building#;
- (2) for #zoning lots# adjacent to a below-grade subway station, the maximum height for the #building# set forth in Section 142-40, inclusive, shall be increased by 10 feet, and the maximum number of #stories#, if applicable, shall be increased by one, except where the provisions of Section 142-48 (Special Regulations for Certain Sites in Subdistricts C and F) are being utilized;
- (3) the floor space contained within any transit easement volume required pursuant to this Section shall be excluded from the definition of #floor area#; and
- (4) the street frontage of such transit easement volume shall be excluded for the purpose of applying the provisions of Section 142-14 (Ground Floor Level Requirements).

(d) Temporary Use

Any easement volume required on a #zoning lot# pursuant to paragraph (a) of this Section may be temporarily used for any permitted #commercial# or #community facility uses# until such time as required by the MTA for transit access improvements. The floor space allocated to such temporary #uses# within the transit easement volume shall continue to be exempt from the definition of #floor area# and shall not be included for the purpose of calculating #accessory# off-street parking, bicycle parking, or loading berths.

Improvements or construction of a temporary nature within the easement volume for such temporary #uses# shall be removed by the owner of the #building# or portion of the #zoning lot# within which the easement volume is located prior to the time at which public #use# of the easement area is required, except as otherwise specified by the MTA. A minimum notice of six months shall be given, in writing, by the MTA to the owner of the #building# or portion of the #zoning lot# to vacate the easement volume.

(e) Termination of an easement volume

In the event that the MTA and the City Planning Commissionjointly notify the Department of Buildings and the owner inwriting that a transit easement volume is not required on a #zoning lot# in its final construction plans, the restrictions imposed on such #zoning lot# by the provisions of this Sectionshall lapse, following receipt of notification thereof by the owner, and the owner shall have the right to record an instrumentreciting the consent of the MTA to the extinguishment of the easement volume.

On any #zoning lot# which has been #developed# or #enlarged# in accordance with the provisions of this Section and on which termination of transit easement has been certified, pursuant to this paragraph, any floor space in a previously required transit easement volume shall continue to be exempt from the definition of #floor area# and shall not be included for the purpose of calculating requirements for #accessory# off-street parking, bicycle parking or loading berths. However, where such previously required volume is located within a #building#, the ground floor space shall be subject to the provisions of Section 142-142-142.

"Compete To Win" More Contracts!

Thanks to a new City initiative - "Compete To Win" - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and Women-Owned Businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

Win More Contracts, at nyc.gov/competetowin

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed, to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed, at http://www.nyc.gov/html/hhsaccelerator/html/ roadmap/roadmap.shtml. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children's Services (ACS)

Department for the Aging (DFTA)

Department of Consumer Affairs (DCA)

Department of Corrections (DOC)

Department of Health and Mental Hygiene (DOHMH)

Department of Homeless Services (DHS)

Department of Probation (DOP)
Department of Small Business Services (SBS)

Department of Youth and Community Development (DYCD)

Housing and Preservation Department (HPD) Human Resources Administration (HRA)

AGENCY RULES

HOUSING PRESERVATION AND DEVELOPMENT

■ NOTICE

Notice of Adoption

NOTICE IS HEREBY GIVEN that, pursuant to the authority vested in the Commissioner of the Department of Housing Preservation and Development ("HPD") by Sections 1043 and 1802 of the New York City Charter and chapter 18 of title 26 of the Administrative Code of the City of New York, HPD is adding a new Chapter 58 to Title 28 of the Rules of the City of New York. A notice of proposed rulemaking was published in the City Record on April 19, 2021. A public hearing was held on June 4, 2021.

Statement of Basis and Purpose

Local Law 64 of 2018 enacted a new chapter 18 of title 26 of the Administrative Code of the City of New York ("Act"). The Act requires

HPD to create and maintain a "Housing Portal" website, through which information about "Affordable Units" must be submitted by owners and may be accessed by the public and through which such affordable housing units may be marketed. The Act provides that HPD shall promulgate certain rules related to the administration and enforcement of the Act. HPD is adopting a new chapter 58 of title 28 of the Rules of the City of New York ("Housing Portal Rules") to implement the Act.

The Act requires HPD to promulgate rules to establish the manner by which Affordable Unit information shall be provided to HPD and the manner by which a user of the Housing Portal verifies that such user is a lawful leaseholder or owner of an Affordable Unit. The Act also requires HPD to promulgate rules establishing the criteria for determining whether a complaint that an owner has violated the Act is credible and the manner by which HPD verifies the allegations in such a complaint. The Act also authorizes HPD to specify by rule additional categories of information that must be submitted concerning Affordable Units. Furthermore, the Act provides that HPD may establish the manner in which Affordable Units may be offered for rent or sale through the Housing Portal. The adopted rules provide for all of the foregoing.

HPD's authority for these rules is found in sections 1043 and 1802 of the New York City Charter and chapter 18 of title 26 of the Administrative Code of the City of New York.

New material is underlined. [Deleted material is in brackets.]

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

Section 1. Title 28 of the Rules of the City of New York is amended by adding a new Chapter 58 to read as follows:

<u>Chapter 58</u> HOUSING PORTAL

§ 58-01 Definitions. As used in this chapter, the following terms have the following meanings. Capitalized terms not specifically defined in this chapter have the meanings set forth in the Act.

Act. "Act" means chapter 18 of title 26 of the administrative code of the city of New York, as may be amended.

Credible Complaint. "Credible Complaint" means a complaint alleging that an owner has violated any provision of the Act with respect to an Affordable Unit that the Department has determined to be credible in accordance with subdivision a of section 58-05 of this chapter.

Unit Information. "Unit Information" shall mean any combination of Full Unit Information, Limited Unit Information, or Offered Unit Information.

§ 58-02 Marketing.

- (a) An Affordable Unit that is offered for rent or sale through the Housing Portal must be offered for rent or sale exclusively through the Housing Portal.
- (b) An Affordable Unit that is offered for rent or sale through the Housing Portal must be rented or sold pursuant to such marketing guidelines as may be published by the Department.

§ 58-03 Unit Information.

- (a) In addition to the information specifically enumerated in the Act, the term "Full Unit Information" must also include the following information:
 - (1) the name of any lawful leaseholder or owner of such unit, or lawful owner of shares of a cooperative corporation that entitle the shareholder to occupancy of such unit under a proprietary lease;

 - (3) the household size of such unit.
- (b) Limited Unit Information shall not include any of the information required by subdivision a of this section.
- (c) Full Unit Information and Offered Unit Information must be submitted under penalty of perjury with a sworn statement by the owner that such information is in compliance with all applicable regulatory agreements and legal requirements.
- (d) Full Unit Information and Offered Unit Information must be submitted to the Department through the Housing Portal, or through such alternative software application that interfaces with the Housing Portal as the Department will designate.
- (e) Full Unit Information must be submitted to the Department no less than annually.

(f) Offered Unit Information must be submitted immediately upon the owner becoming aware of such unit's anticipated vacancy date.

§ 58-04 Lawful leaseholder or owner verification. In order to verify that a Housing Portal user is the lawful leaseholder or owner of an Affordable Unit, or is a lawful owner of shares of a cooperative corporation that entitle the shareholder to occupancy of an Affordable Unit under a proprietary lease, such user must complete the designated form provided by the Department on the Housing Portal and attach a copy of the lease, deed, or any other substantiating documentation. The Department will exercise its discretion in determining whether a Housing Portal user has satisfied this verification requirement.

§ 58-05 Violations.

(a) Credibility determinations.

The Department will determine the credibility of complaints alleging that an owner has violated any provision of the Act with respect to an Affordable Unit. In determining the credibility of such complaints, the Department will consider any accompanying documentation attesting that an owner has violated any provision of the Act, corroborating testimony or any additional information the Department deems relevant.

- (b) Verification of allegations.
 - (1) The Department will conduct an investigation of any Credible Complaint.
 - (2) Upon the completion of the investigation of a Credible Complaint, the Department will determine whether there is reasonable cause to believe a violation of the provisions of the Act or of this chapter have occurred.
