APPENDIX K - Excluded Areas in M1 Districts

The boundaries of the excluded areas in M1 Districts are shown on the map in this APPENDIX.

[PROPOSED MAP]

NOTICE

On Wednesday, July 25, 2018, at 10:00 A.M., at the CPC Public Hearing Room, located at 120 Broadway, Lower Concourse in Lower Manhattan, a public hearing is being held by the City Planning Commission in conjunction with the above public hearing to receive comments related to a Draft Environmental Impact Statement (DEIS) concerning an application by the New York City Department of City Planning (DCP). DCP proposes a zoning text amendment to establish a City Planning Commission special permit (the CPC special permit) for new hotel development in M1 districts Citywide. The zoning text amendment would require a CPC special permit for transient accommodations including new hotels, motels, tourist cabins and boatels in all M1 districts except special mixed-use (MX) districts or paired light manufacturing/residential (M1/R) districts, or to M1 districts that include airport property and areas adjacent to airports that are predominantly non-residential. By introducing a CPC special permit, DCP proposes a case-by-case, site-specific review process to ensure that hotel development occurs only on appropriate sites, based on reasonable considerations regarding opportunities for the future siting of a permitted use on the site and the achievement of a balanced mix of uses and jobs in the area. The public hearing will also consider a modification to the zoning text amendment (ULURP No. N 180349(A) ZRY).

Written comments on the DEIS are requested and would be received and considered by the Lead Agency through Monday, August 6, 2018.

This hearing is being held, pursuant to the State Environmental Quality Review Act (SEQRA) and City Environmental Quality Review (CEQR), CEQR No. 18DCP042Y.

• Win More Contracts at nyc.gov/competetowin

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at http://www.nyc.gov/html/hhsaccelerator/html/ roadmap/roadmap.shtml. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children's Services (ACS) Department for the Aging (DFTA) Department of Consumer Affairs (DCA) Department of Corrections (DOC) Department of Health and Mental Hygiene (DOHMH) Department of Homeless Services (DHS) Department of Probation (DOP) Department of Small Business Services (SBS) Department of Youth and Community Development (DYCD) Housing and Preservation Department (HPD) Human Resources Administration (HRA) Office of the Criminal Justice Coordinator (CJC)

To sign up for training on the new system, and for additional information about HHS Accelerator, including background materials, user guides and video tutorials, please visit www.nyc.gov/hhsaccelerator

LATE NOTICE

DESIGN AND CONSTRUCTION

■ NOTICE

CORRECTED NOTICE

NYC Department of Design & Construction is seeking approval for an innovative procurement method to proceed with Design Build contracts in excess of \$10 million.

On behalf of all New York City agencies and entities subject to the New York City Procurement Policy Board (PPB) Rules, we hereby request approval to use the Innovative Procurement method, pursuant to PPB Rule § 3-12, to procure the design and construction services, including any services incidental thereto, through the project delivery method commonly known as design-build for specified public work projects authorized pursuant to New York State law.

1. The Nature and Requirements of the Procurement Method being proposed

The innovative procurement method to be used for a design-build contract will vary in a number of respects from the procedure

otherwise applicable pursuant to the PPB Rules. The proposed innovative procurement process involves multiple steps and may result in multiple awards, including one award to the design-build contractor and additional awards to short-listed proposers.

Step (1): Request for Qualifications

The contracting agency would develop a short list of qualified designbuild entities through the issuance of a publicly advertised Request for Qualifications (RFQ). The RFQ shall include a general description of the public work, the maximum number of responding entities to be included on the list, the selection criteria to be used and the relative weight of each criteria in generating the list. The contracting agency shall evaluate and rate all responses to generate the short list of entities that may propose as outlined in Step (2).

Step (2): Request for Proposals

Once the short list is established, the contracting agency will release a Request for Proposals (RFP). The contracting agency may, at its discretion, solicit feedback from the short-listed entities to help finalize the scope or other language of the RFP. Only the short-listed entities shall be permitted to submit a proposal in response to the RFP. The contracting agency shall select the proposal that is the best value to the City and may incorporate a quantitative factor to be used in evaluating bids or offers of firms that are certified as minority- or women-owned business enterprises (M/WBEs) pursuant to section 1304 of the New York City charter or article 15-A of the executive law.

The RFP shall set forth the scope of work, and other requirements, as determined by the contracting agency, which may include separate goals for work under the contract to be performed by M/WBEs. The RFP shall also specify the criteria to be used to evaluate the responses and the relative weight of each. All proposals submitted shall be scored according to the criteria listed in the RFP and such final scores shall be published on the contracting agency's website.

Award Phase

The RFP may result in multiple awards. There will be an award to the responsive and responsible design-build entity that offers a proposal that is of the best value to the City for the design-build work. At the agency's discretion, there may be awards to the remaining short-listed proposers that are responsive and responsible. The amount for these additional awards will be based on a pre-determined percentage or dollar value as outlined in the RFP and serves as an incentive to submit a proposal and enable the contracting agency to purchase the ownership of ideas and intellectual property set forth in the proposal(s). Acceptance of a contract award shall constitute a release of any existing, and waiver of any future, vendor protests. The awarded contract(s) may be subject to contract administration processes other than the standard City procedures, including, but not limited to, the dispute resolution process.

2. Why this method serves the City's interest better than the current Rules

The design-build method combines into a single contract both the design and construction services. Design-build projects allow a single contractor to be responsible for all phases of the project, including design and construction, which would reduce costs and expedite project delivery while maintaining the required quality and compliance. This innovative method would enable the City to award such contracts on the basis of best value and also provide the City with the option to make multiple additional awards to a short-list of proposers. The method operationalizes the authority granted to certain City agencies pursuant to New York State law. The current PPB rules do not contemplate the necessary multi-step process to procure both design and construction services, as described above.

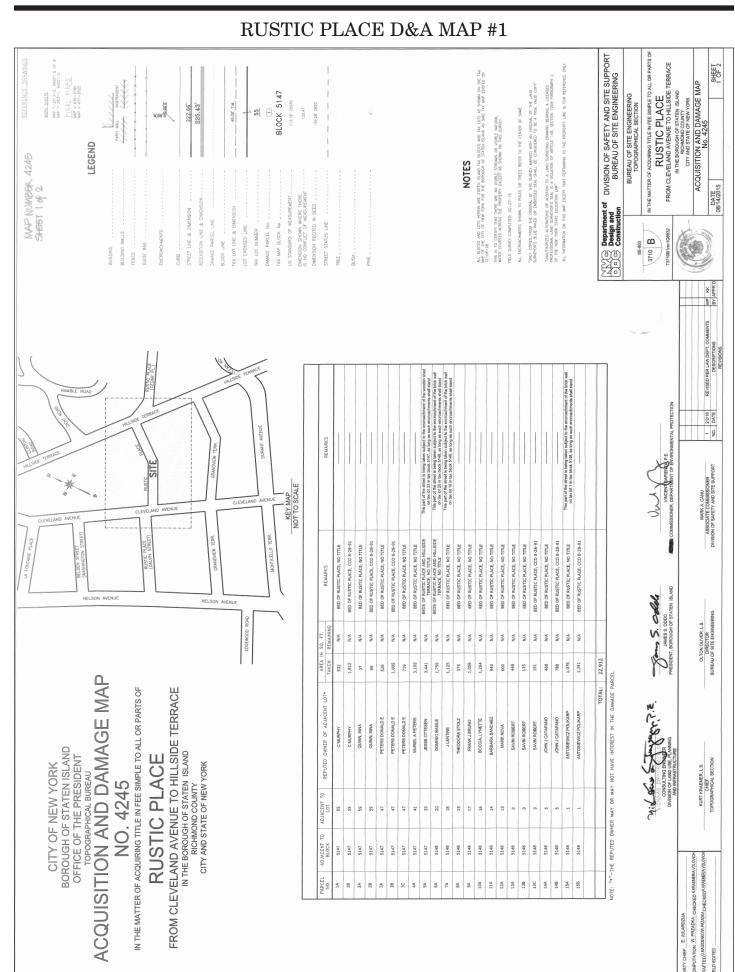

3. The time within which this method will be implemented and utilized

It is anticipated that the use of this innovative method will result in registered contracts beginning in Fiscal Year 2019. The method will be in use until there are codified PPB rules addressing these procedures, the time period to utilize such innovative procurement method elapses, or the authority granted pursuant to New York State law elapses, whichever occurs first.

4. Description of services to be procured and approximate dollar value of contract(s)

This method will be utilized by agencies to procure design-build services, and any services incidental thereto, in connection with certain public works as authorized by State Law. Each public work project is estimated to cost not less than \$10,000,000.

NYC DDC would like to give this opportunity to accept comments and expressions of interest on this proposed method. Comments and expressions of interest may be emailed no later than (Revised Date) August 1st, 2018 to Nicholas Mendoza at MendozaNi@ddc.nyc.gov.
