parcels within the blocks bounded by West 50th Street, Tenth Avenue, West 56th Street and Eleventh Avenue, provided that in this area the provisions of Sections 96-40 (MODIFICATION OF GENERAL LARGE-SCALE DEVELOPMENT PROVISIONS), 96-51 (Mandatory Tree Planting Provisions) and 96-82 (C6-3X Districts) shall apply.

In addition, for parcels in C6-3X Districts, bounded by West 53rd Street, Tenth Avenue, West 54th Street and Eleventh Avenue, the following shall be permitted #uses# below the level of any floor occupied by #dwelling units#:

- automobile showrooms with automobile sales and preparation of automobiles for delivery;
- automobile repairs; and (2)
- New York City Police Department stables for horses, with #accessory# automobile parking.

to ceiling height of such Police Department stable, as measured from the #base plane#, exceed 23 feet, then any floor space occupied by #accessory# parking leasted and the plane of the pla by #accessory# parking located on the floor immediately above the floor occupied by such Police Department stable and immediately below the level any floor occupied by #dwelling units#

exempted from the definition of #floor area# For a #building#, that at the time of approval by the Department of Buildings, included space designed for stable use for New York City Police Department horses, and the ceiling height of such stable space, as measured from the #base plane#, exceeds 23 feet, then any floor space occupied by #accessory# parking located on the floor immediately above such stable space and immediately below the level of any floor occupied by #dwelling units# shall be exempted from the definition of #floor area#.

#### DOWNTOWN BROOKLYN PARKING TEXT

N 120384 (A) ZRK **BROOKLYN CB - 2** 

Application submitted by the Department of City Planning pursuant to Section 201 of the New York City Charter, for an amendment of the Zoning Resolution of the City of New York, relating to Article X, Chapter I (Special Downtown Brooklyn District) to modify the parking regulations of the Special Downtown Brooklyn District.

Article X Special Purpose Districts

Chapter 1 Special Downtown Brooklyn District

101-01

For purposes of this Chapter, matter in italics is defined in Section 12-10 (DEFINITIONS), Section 101-302 (Definitions Specific to the Atlantic Avenue Subdistrict) or in this Section.

Automated parking facility

An "automated parking facility" shall refer to an #accessory# off-street parking facility or #public parking garage# where vehicular storage and retrieval within such facility is accomplished entirely through a mechanical conveyance system, and shall not refer to a parking facility with parking <u>lift systems that require an attendant to operate the vehicle</u> that is to be parked.

Development or to develop

For purposes of this Chapter, "development" includes a #development#, an #enlargement# or an #extension#.

To "develop" is to create a #development#.

#### 101-50 OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS

The provisions of Article II, Chapter 5 (ACCESSORY OFF-STREET PARKING AND LOADING REGULATIONS), and Article III, Chapter 6 (ACCESSORY OFF-STREET PARKING AND LOADING REGULATIONS), shall apply, except as modified in this Section 101-50, inclusive.

#### **Minimum** Parking Requirements in R7-1 Districts

In R7-1 Districts, the provisions of Article II, Chapter 5 (ACCESSORY OFF-STREET PARKING AND LOADING REGULATIONS), shall apply, except that

The provisions of this Section shall apply to all districts within the #Special Downtown Brooklyn District#, except R6B Districts:

(a) The #accessory# parking requirements of Section 25-23 (Requirements Where Group Parking Facilities Are Provided) shall be modified to require #accessory# off-street parking spaces for at least <del>50-20</del> percent of the total number of new #dwelling units#.

(b) There shall be no minimum parking requirement for #affordable housing units# as defined in Section 23-90 (INCLUSIONARY HOUSING), inclusive, or for #dwelling units# eligible for reduced parking pursuant to Section 25-25 (Modification of Requirements for Public, Publicly-Assisted and Government-Assisted Housing or for Non-profit Residences for the Elderly).

#### 101-52 Curb Cut Restrictions

Along the #streets# specified on Map 5 (Curb Cut Restrictions) in Appendix E of this Chapter, no curb cuts for parking facilities or loading berths shall be permitted.

However, the City Planning Commission may, by authorization, permit a curb cut, on a #street# specified on Map 5, for parking facilities and loading berths on a #zoning lot# that does not have access or egress on another #street#,

provided that such curb cut will not unduly inhibit surface traffic or result in conflict between pedestrian and vehicular circulation, and will result in a good overall site plan.

## 101-53 Reservoir Spaces

The provisions of this Section shall apply to parking facilities created after (date of adoption) or for parking facilities enlarged by 50 or more spaces after (date of adoption). For the purpose of determining required reservoir spaces, fractions equal to or greater than one-half resulting from the calculations in this Section shall be considered one reservoir

#### Attended parking facilities

Attended #accessory# off-street parking facilities, #public parking garages# or #public parking lots# with more than 25 off-street parking spaces shall provide the following amount of off-street reservoir space at the vehicular entrance:

- for parking facilities with more than 25 parking spaces and up to 50 parking spaces; five percent of the total number of (1) parking spaces;
- <u>(2)</u> for parking facilities with more than 50 parking spaces and up to 100 parking spaces: ten percent of the total number of parking spaces;
- for parking facilities with more than 100 parking spaces and up to 200 parking <u>(3)</u> spaces: ten parking spaces; and
- <u>(4)</u> for parking facilities with more than 200 off-street parking spaces: five percent of the total number of parking spaces. However such number of reservoir spaces need not exceed 50.

#### #Automated parking facilities# <u>(b)</u>

For #automated parking facilities#, off-street reservoir space at the vehicle entrance shall be provided as set forth in paragraph (a) of this Section.

Each individual parking location where a driver is permitted to leave a vehicle for transfer to a mechanized automobile storage and retrieval unit shall constitute one reservoir space. Additional reservoir spaces may be located where drivers queue to access such locations for vehicle transfer.

In addition, the number of reservoir spaces required pursuant to paragraph (a) of this Section may be reduced where the Commissioner of Buildings determines that the operational characteristics of such #automated parking facility# warrant such a reduction.

#### Self-parking facilities (c)

For self-parking #accessory# off-street parking facilities, #public parking garages# and #public parking lots#, where entering vehicles are required to stop before a mechanically operated barrier before entering the parking facility, such barrier shall be placed a minimum of 20 feet beyond the #street line#.

#### **101-54** Garages

#### **101-541** Public parking garages

#Public parking garages# with 225 or fewer spaces shall be permitted as of right, provided that such garages are, except for entrances and exits, entirely below the level of any #street# or #publicly accessible open area# upon which such facility, or portion thereof, fronts. In addition to a maximum number of 225 public parking spaces, such garages may include required #accessory# parking spaces, which may be provided at any level. Any #accessory# parking spaces that are not required shall be included with all other public parking spaces in such #public parking garage# for the purpose of applying any regulations in this Resolution relating to the number or location of parking spaces in such #public parking garage#.

#### Off-site accessory parking spaces in public garages

Section 36-57 (Accessory Off-Street Parking Spaces in Public Garages) shall be modified to allow #accessory# off-street parking spaces in any #public parking garage developed# after (date of adoption) provided such off-site spaces comply with the provisions of Section 101-56 (Location of Off-Site paces)

#### **101-543** Pedestrian safety

The provisions of this Section shall apply to parking facilities created after (date of adoption) or for parking facilities enlarged by 50 or more spaces after (date of adoption). For all #accessory# parking garages and #public parking garages# the following safety features shall be provided at all vehicular exit points:

- a 'stop' sign which shall be clearly visible to drivers. Such signage shall comply with the standards set forth in the Manual of Uniform Traffic Control Devices (MUTCD) issued by the Federal Highway Administration (FHWA) for a conventional single lane road: and
- <u>(b)</u> a speed bump, which shall be located within the exit lane of the parking facility. Such speed bump
  - span the entire width of such exit lane; <u>(1)</u>
  - <u>(2)</u> have a minimum of two inches in height, as measured from the adjoining grade of the exit lane and shall have a maximum depth of 12 inches; and
  - <u>(3)</u> be located a minimum of four feet beyond the #street line#, as measured perpendicular to the #street line#.

#### 101-544

#### Stackers in garages

Within an enclosed attended parking facility with parking lift systems, for individual lifted trays upon which a vehicle is stored, each tray upon which a vehicle is stored shall be considered 153 square feet of #floor area#, except for portions exempt from the definition of #floor area# pursuant to Section 12-10 (DEFINITIONS).

#### 101-545 **Automated parking facilities**

For an #automated parking facility#, the minimum size of spaces regulated in Sections 25-62 (Size and Location of Spaces) and 36-351 (Size of spaces) shall not apply.

For the purpose of calculating parking spaces in #automated parking facilities#, each tray upon which a vehicle is stored shall constitute one off-street parking space. However, auxiliary parking trays may be exempted from constituting a parking space where the Commissioner of Buildings determines that such auxiliary parking trays are needed to routinely store and retrieve vehicles for the efficient operation of such #automated parking facility#.

Within an #automated parking facility#, each tray upon which a vehicle is stored shall be considered 153 square feet of #floor area#, except for portions exempt from the definition of #floor area# pursuant to Section 12-10 (DEFINITIONS).

### Special permit for public parking garages

Section 74-52 (Parking Garages or Public Parking Lots in High Density Central Areas) shall not apply to #public parking garages#. In lieu thereof, the following provisions

The City Planning Commission may permit: (a) a #public parking garage# that does not comply with the provisions of Section 101-541 (Public parking garages) provided that such garage complies with all other applicable regulations set forth in Section 101-50 (OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS);

(b) floor space on one or more #stories#, up to a height of 23 feet above #curb level#, to be exempted from the definition of #floor area# as set forth in Section 12-10 (DEFINITIONS).

In order to grant a special permit for such #use# or #floor area# exemption, the Commission shall find:

- that such #use# will be compatible with the surrounding area, and will not adversely affect the growth and development of #uses# comprising vital and essential functions in the general area within which such #use# is to be located;
- the proposed materials and articulation of the #street wall# of the parking facility are compatible with #buildings# in the surrounding area;
- the ground floor level of such parking facilities that front upon #streets# with a width of 60 feet or more, or that front upon public access areas, is occupied by #commercial#, #community facility# or #residential uses# that generate activity on all such adjoining #streets# or public areas, except at the entrances and exits to the parking facility. Where site planning constraints make such #uses# infeasible, the parking facility shall be screened from such adjoining #streets# or public access areas with a strip at least five feet deep, densely planted with shrubs or trees that are at least four feet high at the time of planting and that are of a type which may be expected to form a year-round dense screen at least six feet high within three years. Where such screening is not desirable, a total of at least 50 percent of the exterior building wall with adjacent parking spaces shall consist of opaque materials that include graphic or sculptural art, or living plant material;
- any floor space above the ground floor level utilized for parking is located, to the greatest extent feasible, behind #commercial#, #community facility# or #residential floor area#, so as to minimize the visibility of the parking facility from adjoining #streets# with a width of 60 feet or more, or public access areas. Any exterior wall of the parking facility visible from an adjoining #street# or public access area shall be articulated in a manner that is compatible with #buildings# in the surrounding area;
- (5) that such #use# will not create or contribute to serious traffic congestion and will not unduly inhibit surface traffic and pedestrian flow and that the #streets# providing access to such #use# will be adequate to handle the traffic generated
- (6) that such #use# and its vehicular entrances and exits are so located as to draw a minimum of vehicular traffic to and through residential #streets# in nearby areas; and
- (7) —that, if any floor space is exempted from the definition of #floor area#, such additional floor space is necessary to prevent excessive on-street parking demand and relieve

The City Planning Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area including limitations on #signs#, or requirements for shielding of floodlights, or locations of entrances and exits.

#### Restrictions on Use of Accessory Off-Street Parking Spaces 5 4 1

The provisions of Section 36-46 (Restrictions on Use of Accessory Off-Street Parking Spaces) shall apply, provided that all #Commercial Districts# within the #Special Downtown Brooklyn District# shall be considered a C6 District for the purposes of such Section, inclusive. However, the provisions of this Section shall not apply within the Atlantic Avenue Subdistrict.

#### <u>101-56</u> Location of Off-Site Parking Spaces

Sections 25-50 and 36-40 (RESTRICTIONS ON LOCATION AND USE OF ACCESSORY OFF-STREET PARKING SPACES) shall apply, except that where the #use# generating the parking requirement and the #zoning lot# providing the parking spaces are both within the #Special Downtown Brooklyn District#, Sections 25-521 and 36-421 (Maximum distance from zoning lot) shall be modified to

permit #accessory# parking spaces to be located up to 2,500 feet from the #zoning lot# occupied by the #residences# to which they are accessory.

#### **AGENCY RULES**

#### **CITY PLANNING**

■ NOTICE

#### Notice of Promulgation of Rules

Notice is hereby given that pursuant to Section 1043 of the New York City Charter, the Department of City Planning ("DCP") promulgates the following rule to establish a new Chapter 9 within Title 62 of the Rules of the City of New York to clarify procedures and requirements for obtaining certifications for a limited increase in street wall width pursuant to Section 132-51 of Article XIII, Chapter 2 of the New York City Zoning Resolution (Zoning Resolution or ZR). On October 10, 2012, a public hearing regarding this rule was held by the DCP at the DCP's offices at 22 Reade Street, 3rd Floor Conference Room, New York, New York at 10:00 A.M. The rule was approved by the Director of City Planning on -October 18th, 2012. This rule will take effect 30 days after publication in the City Record.

#### Statement of Basis and Purpose

The Department of City Planning is amending Title 62 of the Rules of the City of New York pursuant to its authority under Section 1043 of the New York City Charter.

The amendment adds a new Chapter 9 to Title 62 in order to establish and clarify procedures and requirements for obtaining certifications for a limited increase in street wall width pursuant to Section 132-51 of Article XIII. Chapter 2 of the New York City Zoning Resolution (Zoning Resolution or ZR). ZR Section 132-51 became effective on June 28, 2012.

ZR Section 132-11(b) establishes the location of Special Enhanced Commercial District 2 as designated portions of Amsterdam and Columbus Avenues in the Upper West Side of Manhattan. Pursuant to ZR Section 132-24, within Special Enhanced Commercial District 2, the maximum street wall width of any non-residential ground floor establishment, other than banks or loan offices, shall not exceed 40 feet. However, a certification from the Chairperson of the City Planning Commission may be applied for pursuant to ZR Section 132-51 to exceed the 40-foot maximum street wall width, provided the conditions set forth in the Section are met. In addition, ZR Section 132-51 provides that a certification that has been granted pursuant to that Section will lapse if substantial construction has not been completed within one year of the effective date of the certification.

The rule (1) describes the process for the submission and review of applications for certifications to allow a limited increase in street wall width pursuant to ZR Section 132-51, and (2) clarifies the lapse provision contained within ZR Section 132-51 and the effect of a lapse for the purposes of ZR 132-51(c)(2).

#### 1) Application Process

Given that only a limited number of expansions may be available for approval within a particular geographic area, and that multiple applications within a particular geographic area may be simultaneously pending, the rule sets forth procedures to ensure that all applications are reviewed and processed in a predictable, fair and orderly manner. Specifically, the rule requires that:

- Draft applications must be submitted for pre-filing
- b) Draft applications will be reviewed in order of receipt. The applicant may only formally file an application c) upon notification that the draft application is considered complete.
- Complete filed applications for establishments d) within the same set of geographic boundaries will be reviewed in order of application filing date and

#### 2) Lapse

The rule also describes the effect of a lapse of a certification  $\$ granted pursuant to ZR Section 132-51, or the lapse of an authorization granted pursuant to ZR Section 132-52, for the purposes of ZR Section 132-51(c)(2). In addition, the rule defines "substantial construction" for the purposes of ZR Section 132-51.

New text is <u>underlined</u>; deleted material is in [brackets].

Title 62 of the Rules of the City of New York is amended by adding a new Chapter 9, to read as follows:

<u>Chapter 9: Rules for the Processing of Applications for</u> <u>Certification to Allow a Limited Increase in Street Wall</u> Width Pursuant to Section 132-51 of the Zoning Resolutio

 $\underline{ \text{These rules of procedure are established for the review of} }$ applications for Certification to Allow a Limited Increase in Street Wall Width pursuant to Section 132-51 of the Zoning Resolution (ZR).

#### § 9-02 Pre-Filing Process

(a) The applicant must submit for review a draft application, either electronically or in hard copy. Such draft application must include material required by the Department of City Planning ("the Department") demonstrating the information and items set forth in ZR Section 132-51. Draft applications must be submitted to the specific division of the Department that is designated on the application form for receipt of an application filed pursuant to ZR Section 132-51, by delivery or by mail to: the division so named on the application form, New York City Department of City Planning, 22 Reade Street, New York, New York 10007, or by email to:  $\underline{RetailEC@planning.nyc.gov.\ Upon\ receipt,\ the\ Department}$ will record the date and time of receipt.

(b) The Department will review each draft application for  $\underline{accuracy} \ \underline{and} \ \underline{completeness} \ \underline{in} \ \underline{order} \ \underline{of} \ \underline{receipt}. \ \underline{The}$ Department will notify the applicant in order of receipt whether the draft application is complete and may be filed in accordance with the provisions of § 9-03 of this title, or whether the draft application is incomplete and requires revision. Such notification will be provided via the delivery method identified by the applicant on the application form (email, fax, or mail), and will include a specification of the portions of the application that are incorrect or incomplete and require revision, if applicable.

(c) The Department will record the date and time of receipt of any revised draft application submitted in response to a notification provided under subdivision (b) of this section. A revised draft application will be reviewed for completeness and the applicant will be notified of the Department's further determination in order of receipt of the revised draft application. Such notification of the Department's further determination will be provided pursuant to the procedure set forth in subdivision (b) of this section.

#### § 9-03 Filing of Applications

Following notification pursuant to § 9-02(b) or (c) of this title that a draft application is complete, the applicant must file nine (9) copies of the application at the Department of City Planning, Central Intake Office, 22 Reade Street, New York, New York 10007. Applications that have not been reviewed and determined to be complete pursuant to § 9-02 will not be accepted for filing. Applications that are not accompanied by the payment of all applicable fees in accordance with § 3-07(e)(4)of this title will not be accepted for filing. Applications accepted for filing in accordance with these rules will be stamped by the Department with the date and time of filing.

For applications for establishments within the same set of applicable geographic boundaries as set forth in ZR Section  $\underline{132\text{-}51(c)}$ , review and certification of applications will be made in the order of application filing date and time. As set  $\underline{forth\ in\ ZR\ Section\ 132\text{-}51(c),\ the\ set\ of\ applicable\ geographic}$ boundaries means the same block frontage containing the applicant's establishment, the block frontage directly across the street from the block containing such establishment, and the blocks fronting on the commercial street immediately adjacent to the north and south of the block containing the applicant's establishment.

#### § 9-05 Lapse of Certification

(a) Effect of Lapse. If a certification granted pursuant to ZR Section 132-51 lapses in accordance with the provisions set forth in the final paragraph of that section, or if an authorization granted pursuant to ZR Section 132-52 lapses in accordance with the provisions set forth in ZR Section 11-42, the effect of such lapse is that the underlying application for such certification or authorization will not be considered an "approved application" for purposes of ZR Section 132-51(c)(2).

(b) Substantial Construction. For purposes of ZR Section 132-51, the term "substantial construction" means that the entirety of the interior space associated with the extension pursuant to the certification has been combined, has been made a part of the operations of the enlarged establishment, and remains open to customers from any and all doorways located along the approved retail frontage, except that

entrances serving portions of the establishment reserved for employees only do not need to be open to customers.

#### NOTICE OF PUBLIC HEARING

Subject: Opportunity to comment on the Office of

Environmental Remediation's proposed rule for a clean soil bank.

**Date / Time:** November 30, 2012 at 12:00 P.M.

Location: Central Park Room

100 Gold Street, 2nd Floor New York, NY 10038

Contact: Dr. Daniel C. Walsh

Director of Environmental Remediation 100 Gold Street, 2nd floor New York, NY 10038

#### **Proposed Rule Amendment**

Pursuant to the authority vested in the Director of Environmental Remediation by subdivision (e) of section 15 of the New York City Charter, the Office of Environmental Remediation ("OER") proposes rules for a clean soil bank.

This proposed rule was not included in the office's regulatory agenda, because it was not anticipated when the agenda was published.

#### **Instructions**

- Prior to the hearing, you may submit written comments about the proposed amendment to Dr.
   Walsh by mail or electronically through NYCRULES at www.nyc.gov/nycrules by November 30, 2012.
- To request a sign language interpreter or other reasonable accommodation for a disability at the hearing, please contact Dr. Walsh by November 22, 2012.
- Written comments and a summary of oral comments received at the hearing will be available one week after the hearing from 9:30 A.M. to 4:30 P.M. at the Office of Environmental Remediation, 100 Gold Street, 2nd floor, New York, New York 10038.

#### STATEMENT OF BASIS AND PURPOSE

The Office of Environmental Remediation ("OER") proposes rules to implement a Clean Soil Bank program. Through OER's experience in administering the New York City Brownfield Cleanup Program ("Voluntary Cleanup Program" or "VCP"), OER has found that VCP projects incur significant costs when contractors excavate and remove soil for disposal at offsite facilities and when contractors purchase soil as backfill. OER recognizes that a portion of the surplus soil is often of significant value, and after disposal is often purchased in the marketplace as backfill for city capital construction projects and other construction projects.

The proposed new rule would establish a New York City Clean Soil Bank program that would match soil-generating construction sites that need to dispose of surplus soil with receiving sites that need to use the soil for backfill. By participating in the program, both the generating and receiving sites would lower their costs.

The program would be open to City capital construction sites, sites participating in City and State environmental remediation programs, and other construction sites. In matching sites, OER would prioritize City capital construction sites first; sites participating in City and State remedial programs second; and sites not enrolled in government oversight programs third. In order to ensure the quality of the soil, generating sites that are not enrolled in a City or State remedial program may only participate if they perform a remedial investigation and remedial action overseen by OER that is equivalent to remedial investigation and remedial action in a government oversight program.

wishing to dispose of soil will contact OER. OER will confirm the soil quality and then connect the site with representatives of sites that have contacted OER asking to receive surplus soil. The parties will then negotiate terms of the soil transfer. OER will consult with the State Department of Environmental Conservation to ensure that all soil complies with applicable laws, rules, regulations, agreements between the office and the Department of Environmental Conservation. Before a soil exchange can occur, all private parties involved in the transfer must agree to release the City from any liability and indemnify the City.

OER is proposing the rules under its authority granted in subdivision (e) of section 15 of the New York City Charter to:

- establish City policy to promote the remediation and redevelopment of brownfields in support of the city's economy (§ 15(e)(1));
- act as an intermediary for City agencies regarding brownfield matters (§ 15(e)(8));
- take such actions as are necessary to facilitate the remediation and redevelopment of brownfields in support of the City's economic development (§ 15(e)(14)); and
- promulgate rules to implement these provisions (§ 15(e)(18)).

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this office, unless otherwise specified or unless the context clearly indicates otherwise New text is underlined.

Section 1. Chapter 14 of Title 43 of the Rules of the City of New York is amended by adding a new Subchapter 4 to read as follows:

SUBCHAPTER 4

New York City Clean Soil Bank Program

§43-1440— Applicability

The New York City Clean Soil Bank is available for properties that are enrolled in the Local Brownfield Cleanup Program, properties with an (E) Designation or a restrictive declaration that are remediating their sites under OER oversight, properties in a remedial program administered by DEC, City-owned capital construction properties, and other private development properties.

§43-1441—Definitions

"DEC" means the New York State Department of Environmental Conservation.

"Eligible soil" means soil that meets the requirements of 6 NYCRR Part 360 and 6 NYCRR Part 375 that are applicable and consistent with lawful soil transfer and agreements between the office and DEC.

"Generating property" means a property that the office admits into the New York City Clean Soil Bank to dispose of surplus eligible soil.

"Office" or "OER" means the New York City Office of Environmental Remediation.

"Receiving property" means a property that the office admits into the New York City Clean Soil Bank to receive eligible soil that will be used for backfill on the property.

#### § 43-1442—Eligible Properties

Properties that are enrolled in the Local Brownfield Cleanup Program, properties with an (E) Designation or with a restrictive declaration that are remediating their sites under OER oversight, properties in a remedial program administered by DEC, City-owned capital construction properties, and other private development properties are eligible to participate in the New York City Clean Soil Bank as properties that generate or receive eligible soil for transfer. Generating properties that are not in remedial programs operated by the office or DEC must perform equivalent remedial investigation and remedial action under the office's oversight in order to be eligible.

 $\$  43-1443—Operation of the New York City Clean Soil Bank

a. To apply to be a generating property, eligible properties must submit a soil availability form to the office. The office will determine if the soil is eligible for transfer to a receiving property by comparing the soil quality to the soil quality required by applicable laws, rules, regulations and agreements between the office and DEC.

b. To apply to be a receiving property, eligible properties must submit a soil request form to the office.

c. If the office determines that the needs of a receiving property and a generating property may match, the office will inform each property. In matching eligible properties, the office will adhere to the following priority order: City-owned capital construction properties first, properties enrolled in City or State remedial programs second, and private sites not enrolled in a City or State remedial program third.

d. Parties must negotiate terms for the transfer of eligible soil directly with each other. Reaching an agreement to terms for transfer is the responsibility of the generating and receiving property, and not the responsibility of the office.

e. Once a generating property has reached an agreement with a receiving property to transfer eligible soil, the parties must notify the office.

f. All transfers of soil must be in compliance with all applicable laws, rules and regulations and applicable agreements between the office and DEC.

g. Prior to the transfer of any eligible soil, all private parties participating in the New York City Clean Soil Bank Program must agree to release the City from any liability and indemnify the City.

#### NOTICE OF PUBLIC HEARING

Subject: Opportunity to comment on the Office of Environmental Remediation's proposed amendments to the city brownfield

cleanup program rule.

**Date / Time:** November 30, 2012 at 12:00 P.M.

**Location:** Central Park Room 100 Gold Street, 2nd Floor

New York, NY 10038

Contact: Dr. Daniel C. Walsh

Director of Environmental Remediation 100 Gold Street, 2nd floor New York, NY 10038

#### Proposed Rule Amendment

Pursuant to the authority vested in the Director of Environmental Remediation by subdivision (e) of section 15 of the New York City Charter, the Office of Environmental Remediation ("OER") proposes to amend the City's brownfield cleanup program rules.

This proposed rule amendment was not included in the office's regulatory agenda, because it was not anticipated at the time the agenda was published.

### Instructions

- Prior to the hearing, you may submit written comments about the proposed amendment to Dr. Walsh by mail or electronically through NYCRULES at www.nyc.gov/nycrules by November 30, 2012.
- To request a sign language interpreter or other reasonable accommodation for a disability at the hearing, please contact Dr. Walsh by November 22, 2012.
- Written comments and a summary of oral comments received at the hearing will be available one week after the hearing from 9:30 A.M. to 4:30 P.M. at the Office of Environmental Remediation, 100 Gold Street, 2nd floor, New York, New York 10038.

#### STATEMENT OF BASIS AND PURPOSE

The Mayor's Office of Environmental Remediation ("OER" or "the office") proposes to amend the rules of New York City's brownfield cleanup program ("VCP" or "voluntary cleanup program") to allow E Designations to function as a declaration of covenants and restrictions. The office administers the City's brownfield cleanup program, which provides landowners and developers with government approval and oversight of cleanup plans for light to moderately contaminated sites across the City. Under the program's rules, owners and developers must record a declaration of covenants and restrictions, also known as a deed restriction, against their property deed when they complete an office-approved site remedy that allows low-level soil contamination to remain at a remediated property. Under the proposed amendments, if such a remediated site had a hazardous material E Designation, OER would not require the owner to record a deed restriction.

An E Designation is assigned to a site during a rezoning when a lead agency, during an environmental review, identifies a property as likely to be redeveloped due to the rezoning and further finds that the property's redevelopment may disturb soil and cause construction workers or site occupants to be exposed to potential hazardous materials or petroleum buried at the site. To protect against such exposures, the lead agency assigns an E Designation for hazardous materials to the site, which prevents the property owner from obtaining a City building permit authorizing construction until OER determines that the new development will not expose construction workers and future site occupants to contaminated soil. A hazardous material E Designation remains on a rezoned property as long as residual contamination remains at the site, repeatedly blocking the issuance of building permits for subsequent

development until OER determines that the redevelopment will not expose construction workers or site occupants to hazardous materials in site soil.

OER proposes the rule amendment because it will maintain public health protection and encourage participation in the City's voluntary cleanup program. Because the E Designation is enforced through the City's Department of Buildings, the E Designation will remain on sites, controlling exposures to soil contamination until a complete cleanup is achieved and the E Designation can be removed. In addition, OER anticipates that by ending the use of deed restrictions on E Designation sites, the proposed amendments will increase participation in the City voluntary cleanup program. Under the existing rules for the City brownfield cleanup program, owners may hesitate to enter the program, because they do not want to record a deed restriction against their property record, which they may view as a stigma on their land, depressing its value and making resale more difficult.

The director of OER is authorized to develop and administer a local brownfield cleanup program by paragraph (4) of subdivision (e) of section 15 of the New York City Charter. The office operates the E Designation program under paragraph (15) of that subdivision. The director is authorized by paragraph 18 of that subdivision to adopt rules to implement both programs.

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this office, unless otherwise specified or unless the context clearly indicates

New text is <u>underlined</u>; deleted material is in [brackets].

Section 1. Subdivision m of Section 43-1402 of Chapter 14 of Title 43 of the Rules of the City of New York is amended to read as follows:

- "Declaration of covenants and restrictions" means controls on the use of a site that are listed on the deed or that are established under a hazardous materials e-designation and that seek to prevent potential exposure to any residual contamination remaining at the site.
- § 2. Section 43-1402 of Chapter 14 of Title 43 of the Rules of the City of New York is amended by re-lettering subdivisions z through hhh as subdivisions aa through iii and by adding a new subdivision z to read as follows:
- "hazardous materials e-designation" means the designation of an (E) pursuant to §11-15 of the zoning resolution of the city of New York, because of potential soil contamination at a rezoned property.
- $\S$  3. Subparagraph A of Paragraph 5 of Subdivision c of Section 43-1404 of Chapter 14 of Title 43 of the Rules of the City of New York is amended to read as follows:
- An application that states that a property meets the definition of a qualified local brownfield site based on section  $43-1402([tt] \ \underline{uu})(1)(A)$  shall include a confirmation of such statement from a qualified environmental professional, made after the completion of the remedial investigation report. The office shall not execute a final local brownfield cleanup agreement for entry into the program without receipt of this confirmation. The office shall independently evaluate whether the property meets the definition of a qualified local brownfield site based on section 43-1402([tt] <u>uu</u>)(1)(A).
- § 4. Paragraph 1 of Subdivision e of Section 43-1404 of Chapter 14 of Title 43 of the Rules of the City of New York is amended to read as follows:
- Qualified local brownfield sites that are not coordinated brownfield sites. If the office determines that a property meets the definition of a qualified local brownfield site based on section 43-1402([tt] uu)(1)(A) and the applicant meets all other conditions of eligibility pursuant to section 43-1403, the office shall admit the applicant into the program.
- § 5. Subparagraph B of Paragraph 2 of subdivision e of Section 43-1404 of Chapter 14 of Title 43 of the Rules of the City of New York is amended to read as follows:
- if the office determines that such property is not a coordinated brownfield site because the state and/or federal agency has not provided express written authorization, and the office determines that a portion of such property may meet the definition of a qualified local brownfield site based on section 43-1402([tt]  $\underline{u}\underline{u}$ )(1)(A), the office may allow the applicant to amend its application to (i) describe the site boundaries, pursuant to section 43-1405(a)(1), that meet the definition of a qualified local brownfield site based on section 43-1402([tt] uu)(1)(A), and (ii) comply with subparagraph A of paragraph five of subdivision c of this section. The office shall evaluate the modified application pursuant to paragraph one of this subdivision.
- § 6. Subparagraph A of Paragraph 2 of Subdivision l of Section 43-1407 of Chapter 14 of Title 43 of the Rules of the City of New York is amended to read as follows:
- Any use restrictions, any other institutional controls, any engineering controls and/or any site management requirements applicable to the qualified local brownfield site shall be contained in a declaration of covenants and restrictions which shall be:
- created and recorded, prior to the issuance of the notice of completion, in the recording office for the borough(s) where any portion of the site is located, or in the case of a hazardous materials e-designation, in the official records of the New York city department of buildings; and
- ii. in a form and manner as prescribed by the director.

#### **READER'S GUIDE**

The City Record (CR) is published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above \$100,000 for information technology and for construction and construction related services, above \$50,000 for other services, and above \$25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in The City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Monday through Friday from 9:00 A.M. to 5:00 P.M., except on legal holidays.

#### NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptroller's Office at www.comptroller.nyc.gov, and click on Prevailing Wage Schedules to view rates.

#### CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION-RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

#### VENDOR ENROLLMENT APPLICATION

New York City procures approximately \$17 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. Registration for these lists is free of charge. To register for these lists, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application, which can be found online at www.nyc.gov/selltonyc. To request a paper copy of the application, or if you are uncertain whether you have already submitted an application, call the Vendor Enrollment Center at (212) 857-1680.

#### SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services at 110 William Street, New York, NY 10038. Sessions are convened on the second Tuesday of each month from 10:00 A.M. to 12:00 P.M. For more information, and to register, call (212) 618-8845 or visit www.nyc.gov/html/sbs/nycbiz and click on Summary of Services, followed by Selling to Government.

### PRE-QUALIFIED LISTS

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstances. When an agency decides to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the CR. Information and qualification questionnaires for inclusion on such lists may be obtained directly from the Agency Chief Contracting Officer at each agency (see Vendor Information Manual). A completed qualification questionnaire may be submitted to an Agency Chief Contracting Officer at any time, unless otherwise indicated, and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings (OATH). Section 3-10 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists. For information regarding specific pre-qualified lists, please visit www.nyc.gov/selltonyc.

#### NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board Rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, and the Housing Authority. Suppliers interested in applying for inclusion on bidders lists for Non-Mayoral entities should contact these entities directly at the addresses given in the Vendor Information Manual.

#### PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 9:30 A.M. to 5:00 P.M., except on legal holidays. For more information, contact the Mayor's Office of Contract Services at (212) 341-0933 or visit www.nvc.gov/mocs.

#### ATTENTION: NEW YORK CITY MINORITY AND WOMEN-OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women-Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about this program, contact the Department of Small Business Services at (212) 513-6311 or visit www.nyc.gov/sbs and click on M/WBE Certification and Access.

#### PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City pays interest on all late invoices. However, there are certain types of payments that are not eligible for interest; these are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year: in January and in July.

#### HOW TO READ CR PROCUREMENT NOTICES

OLB/c recycled preference

OLB/d other: (specify)

Procurement notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section.

At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified unless a different one is given in the individual notice. In that event, the directions in the individual notice should be followed.

The following is a SAMPLE notice and an explanation of the notice format used by the CR.
