## HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.
Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.
The Client and Community Service Catalog, which lists all
Prequalification service categories and the NYC Procurement
Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed, at http://www.nyc.gov/html/hhsaccelerator/html/ roadmap/roadmap.shtml. All current and prospective vendors should frequently review information listed on roadmap to take full
advantage of upcoming opportunities for funding.

## Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:
Administration for Children's Services (ACS)
Department for the Aging (DFTA)

This amendment would add that it is also a deceptive trade practice for a seller to represent that sales tax may be collected for any good or service that is not subject to such tax. This amendment would also make clear that it is a deceptive trade practice for any seller to misrepresent the amount of sales tax that must be collected under New York State Tax Law.

## Statement of Basis and Purpose of Proposed Rule

The Department of Consumer Affairs ("DCA" or "Department") is proposing an amendment to the Consumer Protection Law rules regarding the collection of unlawful sales tax. Currently, Section 5-41 of Chapter 5 of Title 6 of the Rules of the City of New York makes it a deceptive trade practice for any seller to collect sales tax on the sale of any good or service that is not subject to such tax under New York State Tax Law. This amendment would add that it is also a deceptive trade practice for a seller to represent that sales tax may be collected for any good or service that is not subject to such tax.
In enforcing Section 5-41, the Department has encountered businesses that add sales tax to products not subject to such tax at the point of sale and include the illegal tax in the sales price listed on a receipt. The Department is not always able to perform test purchases that include an exchange of payment. Some businesses, faced with a violation for adding illegal sales tax to an item, contend that a sale was never completed because no exchange of payment occurred. This amendment is necessary to allow the Department to properly ensure that businesses are not illegally adding sales tax. Prohibiting a business from representing that illegal sales may be collected will better protect consumers from being charged the illegal tax and allow the Department to more efficiently enforce this provision.
This amendment would also make clear that it is a deceptive trade practice for any seller to misrepresent the amount of sales tax that must be collected under New York State Tax Law. The Department has encountered businesses that overcharge the amount of tax on items that are properly subject to State tax law. This conduct is harmful to consumers and should be explicitly prohibited by rule.
Sections 1043 and 2203(f) of the New York City Charter, and Sections 20-104(b) and 20-702 of the New York City Administrative Code authorize the Department of Consumer Affairs to make these proposed rules.
New material is underlined.
[Deleted material is in brackets.]

## Proposed Rule Amendments

Section 1. Part 4 of Subchapter A of Chapter 5 of Title 6 of the Rules of the City of New York is amended to read as follows:

## § 5-41 Unlawful Sales Tax.

It is a deceptive trade practice for any seller to collect sales tax, or to represent that sales tax may be collected, on the sale of any good or service that is not subject to such tax under Article 28 of the New York State Tax Law or the rules and regulations promulgated thereunder. It is a deceptive trade practice for any seller to misrepresent the amount of sales tax required to be collected under Article 28 of the New York State Tax Law.

## ENVIRONMENTAL PROTECTION

■ NOTICE

## NOTICE OF ADOPTION OF FINAL RULE

Notice is hereby given pursuant to the authority vested in the Commissioner of the Department of Environmental Protection ("DEP" or the "Department") by section 1043 of the New York City Charter and section 24-501, et seq., of the Administrative Code ("Administrative Code"), that the Department has adopted amendments to the Department's Green Infrastructure Grant Program ("Program") rules to incentivize green roof retrofits and streamline both the application submittal and the design review processes for these projects

## Statement of Basis and Purpose of Final Rule

As part of New York City's Green Infrastructure Program DEP provides incentives to private property owners for implementation of green stormwater management practices (also known as "green infrastructure") on private property located within the five boroughs of the City. The Program was created in 2010 to create a partnership with private property owners in the design and construction of green infrastructure practices. In preparation for the rollout of additional incentive programs, and to ensure that there is no overlap between programs, DEP has amended its Program rules to specifically incentivize green roof retrofits. Green roof retrofits are an especially important type of stormwater management practice in ultra-urban cities like New York City. The rule amendments also provide for a more streamlined application submission and design review process for green roof retrofits.
The Rules are authorized by Section 1403 of the Charter of the City of New York and Section 24-501 et seq. of the Administrative Code.
A public hearing regarding the rule was held on October 30, 2019. The only public comment received was supportive of the rule.
The text of the amendments follows.

Section 1. Chapter 48 of Title 15 of the Rules of the City of New York is amended to read as follows:

## Chapter 48

## Green Infrastructure Grant Program.

§48-01 Purpose and Applicability.
(a) Purpose. The Green Infrastructure Grant Program ("Program") is intended to provide funding for the design and construction of green [infrastructure] roof retrofits to manage stormwater runoff in New York City.
(b) Applicability. The Program provides funding for the design and construction of green [infrastructure practices] roof retrofits on real property located within the five (5) boroughs of New York City[,] and, except as set forth in §48-04(b)[, below] of these rules, real property that is privately owned.

## §48-02 Definitions.

"Applicant" means the person or entity completing, preparing and/ or submitting the Program application, in some cases on behalf of the potential Grantee.
"City" means the City of New York.

In evaluating applications involving property leased from the City, as described in (i), the Department will consider such factors as the length of the occupancy agreement and whether or not the lease or agreement is renewable.
§48-05 Project Feasibility Requirements [for Infiltration Projects and Rooftop Projects].
(a) The building for which the proposed Project will be implemented must be fully constructed and in a condition to accept the Retrofit at the time of application.
[(a)] (b) The proposed Project must manage [at least one (1) inch of] stormwater runoff from the surrounding impervious tributary drainage area[, unless the Department determines that a particular Project has sufficient benefits to warrant allowing a lesser volume in a given case] and be designed in accordance with the Program Guide.

[(c) Proposed rooftop] Projects must be determined to be feasible by a structural analysis that has been performed by a professional structural engineer licensed by the State of New York and that concludes that the loading capacity of the roof is sufficient to support the proposed Project.
§48-06 Application Submission Requirements.
(a) The application can be submitted through the Department's online application system, at http://www.nyc.gov/dep/. grantprogram. To request a paper copy of the application, one can mail a request to Green Infrastructure Grant Program, [Office of Green Infrastructure] Bureau of Environmental Planning \& Analysis at 59-17 Junction Blvd, $11^{\text {th }}$ Floor, Flushing, NY 11373, and completed paper applications may be submitted to the same address.

## NOTICE OF ADOPTION OF FINAL RULE

Notice is hereby given pursuant to the authority vested in the Commissioner of the Department of Environmental Protection ("DEP" or the "Department") by section 1043 of the New York City Charter and Title 5-A of the Administrative Code ("Administrative Code"), that the Department promulgates and adopts a rule to amend the Stormwater Penalty Schedule to clarify that stipulations will be available for summonses issued for violations of the Stormwater Rules.

## Statement of Basis and Purpose of Final Rule

DEP is adopting a rule to amend the City's Stormwater Penalty Schedule in Chapter 55 of Title 15 of the Rules of the City of New York to establish that stipulations will be available for summonses issued for violations of the Stormwater Rules.

The Stormwater Penalty Schedule (Title 15, Chapter 55 of the Rules of the City of New York) became effective on June 1, 2019. The Stormwater Penalty Schedule establishes penalties for violations of Title 15, Chapter 19.1 of the Rules of the City of New York (the "Stormwater Rules", which also became effective on June 1, 2019).
Since the Stormwater Penalty Schedule went into effect, DEP has decided that the Schedule should be clarified to establish that violations of the Stormwater Rules may be settled by stipulation meaning admission of the violation and agreement to pay a penalty. The final rule defines the term "stipulation" and establishes civil penalties to be imposed for stipulations.

A public hearing regarding the rule was held on November 6, 2019. No public comments were received regarding the rule.
The final rule is authorized by section 1043 of the Charter of the City of New York and Title 5-A of the Administrative Code.

The Rules are authorized by Section 1403 of the Charter of the City of New York and Chapter 5-A of Title 24 of the Administrative Code.
New material is underlined.
[Deleted material is in brackets.]
The text of the amendments follows.
Section 1. Section 55-01 of Title 15 of the Rules of the City of New York is amended by adding a new subsection (e) as follows:

In accordance with Section 1-14 of the Concession Rules of the City of New York ("Concession Rules"), the New York City Department of Parks and Recreation ("Parks"), intends, to enter into a negotiated concession, for a license agreement, for the renovation, operation and maintenance of a high quality restaurant, in Battery Park, Manhattan, which is located, at 10 Battery Place, New York, NY 10004.
The concession, will have a term, not to exceed five (5) years, commencing on or around January 8, 2020, and expiring on or around January 7, 2025, inclusive of any optional renewals exercisable, at Parks sole discretion. The concession, will be operated, pursuant to a license issued by Parks; no leasehold or other proprietary right will be offered. As compensation to the City, Parks anticipates receiving approximately a minimum of $\$ 400,000.00$ in annual concession fees (exact amount to be determined during negotiations).
At this time, it is neither practicable nor advantageous, to award this concession by competitive sealed proposals or competitive sealed bids, due to the existence of a time-sensitive situation, where a concession must be awarded quickly, or significant revenues will be lost. The existing concession agreement expires on January 7, 2020. Without a negotiated short-term concession, the current concession, will expire, and the facility will remain vacant, since Parks does not have the capability, or the resources, to operate, maintain or secure the restaurant. Service to the public will be interrupted and significant revenue, to the City, will be lost in concession fees. An RFP for this concession was originally issued on August 21, 2018, with the intent of making an award prior to the expiration of the then existing concession agreement; however, Parks is unable to make an award, pursuant to that RFP, because Parks has recently become aware, that the New York City Economic Development Corporation's ("NYC EDC") Battery Coastal Resiliency Project ("the Project"), will impact the operation of the concession, as solicited under the RFP. Therefore, Parks, intends to begin the competitive process again, with the new information, as part of the solicitation process, once NYC EDC announces its final plan for the Project. Currently, there are no known timelines for the Project, or definitive plan, that will illustrate the full impact of the Project, at the concession. Once this information is known, Parks will be able to issue a new RFP that addresses the full scope and timeline of Project.
As part of the negotiated concession, the successful concessionaire, will be required, to make required capital improvements and operate the restaurant in accordance with any future potential impact the Project may have, at the concession, until the end of the negotiated term. This negotiated concession is meant to act as a short-term solution, to bridge the gap, until a new competitive RFP solicitation, evaluation, and award process have concluded, and to allow time for the finalization of the scope of the Project, before the start of any longer term concession.
Potential concessionaires that would like to express interest in the proposed concession and/or obtain additional information concerning the concession, may contact Andrew Coppola, Senior Project Manager for the Revenue Division, at (212) 360-3454, or via email, at Andrew. Coppola@parks.nyc.gov, by December 23, 2019. Parks will evaluate the proposals on the bases of operating experience, financial capability, planned operations, and fee offer.
Where applicable, Parks may condition the award of this concession, upon the successful completion of PASSPort (The Procurement and Sourcing Solutions Portal) Questionnaires and review of that information by the Department of Investigation. In addition, any person or entity, with at least a 10 percent ownership interest in the submitting vendor (including a parent company), may be required to complete PASSPort Questionnaires (Principal Questionnaire for any person and Vendor Questionnaire for any entity with at least a 10 percent ownership interest in the submitting vendor).
This concession has been determined not to be a major concession, as defined by Chapter 7 of the Rules of the City Planning Commission.
Please note that the concession award is subject to applicable provisions of Federal, State, and Local laws and executive orders requiring affirmative action and equal employment opportunity.
The New York City Comptroller is charged, with the audit of concession agreements in New York City. Any person or entity who believes that there has been unfairness, favoritism or impropriety in the proposal process, should inform the Comptroller, Office of Contract Administration, 1 Centre Street, New York, NY 10007, telephone number (212) 669-2323.
Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor prequalification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.
