Calendar Item 1 — 103 North 13th Street (190083 ZRK, 190084 ZSK, 190085 ZSK)

Applications submitted by North 13 Holdings LLC pursuant to Sections 197-c and 201 of the New York City Charter for the following land use actions: a zoning text amendment to New York City Zoning Resolution (ZR) Section 74-96 to designate four tax lots and parts of two others on the Wythe Avenue side of a block bounded by Berry, North 13th, and North 14th streets, as a new Industrial Business Incentive Area (IBIA); a special permit pursuant to ZR Section 74-962 to increase the maximum permitted floor area ratio (FAR) for specific commercial, industrial, and manufacturing uses, and allow an adjustment in the underlying height and setback regulations, and a special permit pursuant to ZR Section 74-963 to modify the accessory parking and loading berth requirements for the development site. Such actions would facilitate the development of a seven-story commercial building within an M1-2 district in Brooklyn Community District 1 (CD 1). The building would contain a mix of industrial, office, and retail

uses, with a total floor area of approximately 60,000 square feet. The proposed development would provide one loading berth and no off-street parking.

Calendar Item 2 — 1640 Flatbush Avenue (190053 ZMK, 190054 ZRK)

Applications submitted by 1640 Flatbush Owner LLC pursuant to Sections 197-c and 201 of the New York City Charter for zoning map amendments to rezone from C8-2 and R6 to C4-4D on the northwest corner of a property at the intersection of Aurelia Court and Flatbush Avenue to within 200 feet of East 31St Street, and rezone part of a C8-2 district to R6 on portions of two blocks bordering the Long Island Rail Road (LIRR) Bay Ridge Division between Nostrand Avenue and East 31St Street. The applicant also seeks a zoning text amendment to designate the site as a Mandatory Inclusionary Housing (MIH) area. Such actions would facilitate the development of a 13-story mixed-use building containing 114 dwelling units, with approximately 34 affordable households at an average of 80 percent of Area Median Income (AMI), according to MIH Option 2 and approximately 30,000 square feet of retail uses on the first two floors, and accessory parking for 40 vehicles in Brooklyn Community District 14 (CD 14).

Calendar Item 3 — 1010 Pacific Street (180042 ZMK, 180043 ZRK)

Applications submitted by 1010 Pacific Street LLC pursuant to Sections 197-c and 201 of the New York City Charter for zoning map and text amendments to rezone the northeast section of a block fronting Classon Avenue and Pacific Street to a length of 440 feet. The zoning map amendment would change the properties from M1-1 to R7D and establish a C2-4 commercial overlay within the rezoning area. The zoning text amendment would designate the site as an MIH area. Such actions would facilitate the development of an 11-story mixed commercial, community facility, and residential building, containing 154 dwelling units in Brooklyn Community District 8 (CD 8). Approximately 39 apartments would be affordable to households at an average of 60 percent AMI, according to MIH Option 1. The development would provide approximately 7,056 square feet of commercial floor area, 4,378 square feet of area for community facility use, and accessory parking for 50 vehicles. The applicant would recruit a local arts non-profit organization to operate the community facility

Calendar Item 4 — 1050 Pacific Street (160175 ZMK, 160176 ZRK)

Applications submitted by 1050 Pacific LLC pursuant to Sections 197-c and 201 of the New York City Charter for zoning map amendments to rezone the western section of a block extending from Classon Avenue for 225 feet, between Dean and Pacific streets. The zoning map amendment would change the properties from M1-1 to M1-4/R7A, and establish a Special Mixed Use District (MX-20) within the rezoning area. The zoning text amendment would designate the site as an MIH area. Such actions would facilitate the development of an eight-story mixed-use building containing 103 dwelling units in CD 8. Approximately 33 apartments would be affordable to households at an average of 80 percent AMI, according to MIH Option 2. The development would provide approximately 15,800 square feet for commercial use on the ground floor, and accessory parking for 42 vehicles and 54 bicycles in the cellar, for both commercial and residential uses.

PROCUREMENT

"Compete To Win" More Contracts!

Thanks to a new City initiative - "Compete To Win" - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and women-owned businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

● Win More Contracts at nyc.gov/competetowin

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at http://www.nyc.gov/html/hhsaccelerator/html/ roadmap/roadmap.shtml. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children's Services (ACS)

Department for the Aging (DFTA)
Department of Consumer Affairs (DCA)
Department of Corrections (DOC)

Department of Health and Mental Hygiene (DOHMH)

Department of Probation (DOP)

Department of Small Business Services (SBS)

Department of Youth and Community Development (DYCD)

DOHMH, intends to enter a Negotiated Acquisition with American-Italian Cancer Foundation for continuity of Mobile Mammography Van services through the No-Cost Breast Cancer Screening Program, which includes clinical breast exams, and breast health education to medically-underserved, economically-disadvantaged women in New York City. American-Italian Cancer Foundation was previously awarded a contract with Public Health Solutions (PHS), as a result of an RFP that PHS issued on behalf of DOHMH. DOHMHM has determined that it is advantageous to the City to procure the required services with American-Italian Cancer Foundation; PHS has agreed to transfer their contract with American-Italian Cancer Foundation to DOHMH for continuity of these services for the term of 1/1/2019 - 6/30/2022.

This notice is for informational purposes only. However, if there are any vendors who feel they can provide these services for future procurements, please submit an expression of interest via email, to swillia9@health.nyc.gov, no later than 12/31/2018.

Statement of Basis and Purpose of Proposed Rule

The Department of Environmental Protection (DEP) DEP is adopting a new rule, adding a new Chapter 54 of Title 15 of the Rules of the City of New York (RCNY), to govern the siting and storage of hazardous substances stored in portable containers. The proposed rule is authorized by Section 1043 of the Charter of the City of New York and Section 24-716(b) of the Administrative Code.

The addition of this new rule requires a change to the existing Community Right-to-Know Penalty Schedule, in order to add penalties for 15 RCNY Section 41-14 as specified in Section 24-713(d) of the Administrative Code.

The current Community Right-to-Know Law Penalty Schedule, which is located in the rules of the Office of Administrative Trials and Hearings (OATH) at 48 RCNY § 3-104, will be repealed by OATH on the same day that this proposed rule takes effect.

The penalty schedule will be moved from OATH Environmental Control Board (ECB) to DEP's rules. Although OATH Environmental Control Board (ECB) is empowered to impose penalties under the New York City Charter and has until now promulgated penalty schedules, the regulatory and enforcement agencies have the necessary expertise to determine appropriate penalties for violations of the rules and of the laws within their jurisdiction based on the severity of each violation and its effect on City residents.

Moving the penalty schedule to DEP's rules will also make it easier for the public to find the penalties.

Finally, the proposed rule relocation will speed up the rulemaking process by eliminating the need for OATH ECB approval of proposed or amended penalties for agency rules that have already been established

by the legislature and/or that have already undergone the City Administrative Procedure Act (CAPA) process by the enforcement agency. The public will still have the opportunity to comment on proposed penalties during that process.

Working with the City's rulemaking agencies, the Law Department, the Mayor's Office of Management and Budget, and the Mayor's Office of Operations conducted a retrospective rules review of the City's existing rules, identifying those rules that will be repealed or modified to reduce regulatory burdens, increase equity, support small businesses, and simplify and update content to help support public understanding and compliance. The proposed repeal of 48 RCNY §3-104 was identified as meeting the criteria for this initiative.

DEP's authority for these rules is found in sections of the New York City Charter Section 1043 and Section 24-713 of the New York City Administrative Code.

New material is underlined.

HOUSING PRESERVATION AND DEVELOPMENT

■ NOTICE

Notice of Adoption of Rules regarding Indoor Allergen Hazards

NOTICE IS HEREBY GIVEN that, pursuant to the authority vested in the Commissioner of the Department of Housing Preservation and Development (HPD) by \$\$1043 and 1802 of the New York City Charter, and Administrative Code \$\$27-2090, 27-2017.7, and 27-2017.9, HPD is adopting rules regarding indoor allergen hazards. A public hearing was held on November 2, 2018.

Statement of Basis and Purpose of Rule

The adopted rules implement new legislation, Local Law 55 of 2018, enacted by the City Council regarding indoor allergen hazards. The legislation establishes an owner's responsibility to investigate for and remediate indoor allergen hazards like mold, cockroaches, mice, and rats in multiple dwellings. The rules provide for work practices to be used by owners in performing the work to remediate these conditions. The rules also provide a sample form for owners to use in providing notice to tenants as required under the law, and procedures for submitting certifications of correction of such violations and requesting postponements of the time period to correct such violations. The final rules also clarify and implement provisions of pending and enacted legislation relating to indoor allergen hazard remediation as well as comments received on the proposed rules. HPD's authority for these rules is found in New York City Charter §1802 and New York City Administrative Code §§ 27-2090, 27-2017.7 and 27-2017.9.

New material is underlined.
[Deleted material is in brackets.]

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

Section 1. Title 28 of the Rules of the City of New York is amended by adding a new Chapter 54 to read as follows:

§54-01 Definitions. For purposes of this chapter:

Common area. The term "common area" means a portion of a multiple dwelling that is not within a dwelling unit and that is regularly used by occupants for access to and egress from any dwelling unit within such multiple dwelling, as well as commonly used areas such as a laundry room.

Department. The term "department" means the City of New York Department of Housing Preservation and Development.

Harborage. The term "harborage" means any condition which provides shelter or protection for pests.

Indoor allergen hazard. The term "indoor allergen hazard" means any indoor infestation of cockroaches, mice, or rats or conditions conducive to such infestation, or an indoor mold hazard.

Indoor mold hazard. The term "indoor mold hazard" means any condition of mold growth on an indoor surface, building structure or ventilation system, including mold that is within wall cavities, that is likely to cause harm to a person or that has been cited as a violation by the Department.

Integrated pest management. The term "integrated pest management" means ongoing prevention, monitoring and pest control activities to eliminate pests from any building, lot, or dwelling. This includes, but is not limited to, the elimination of harborages and conditions conducive to pests, the use of traps, and, when necessary, the use of pesticides.

Pest. The term "pest" means any unwanted member of the Class Insecta, including, but not limited to houseflies, lice, bees, cockroaches, moths, silverfish, beetles, bedbugs, ants, termites, hornets, mosquitoes and wasps, and members of the Phylum Arthropoda such as spiders, mites, ticks, centipedes and wood lice, or of the Order Rodentia,

including but not limited to mice, Norway rats, and any other unwanted plant, animal or fungal life that is a pest because it is destructive, annoying or a nuisance.

Remediation or remediate. The term "remediation" or "remediate" means measures to eradicate pests in accordance with Administrative Code Section 27-2017.8 and these rules, and measures to eradicate indoor mold hazards in accordance with Administrative Code Section 27-2017.9 and these rules.

Underlying defect. The term "underlying defect" means a condition that causes an indoor mold hazard, such as a water leak or water infiltration from plumbing or defective masonry pointing or other moisture condition, or causes an infestation of pests, including holes or entryway paths for pests.

Visible mold. The term "visible mold" means mold that is readily identifiable by visual inspection, including mold that is behind furniture or other interior obstructions. Visible mold that is present on tile or grout does not constitute an indoor mold hazard violation under Administrative Code Section 27-2017.3.

§54-02. Owner Notification to Tenants. All leases offered to tenants or prospective tenants in a multiple dwelling must contain a notice, prominently displayed within, which advises tenants of the obligations of the owner and tenant as set forth in Administrative Code Section 27-2017 et seq. and these rules regarding control of indoor allergen hazards. Such notice must not materially deviate from the form of the notice in Appendix A of these rules, and must be provided in English and in the covered languages set forth in Administrative Code Section 8-1002. In addition to such notice, the owner of such multiple dwelling must provide the tenant or prospective tenant of such dwelling unit with the pamphlet developed by the Department of Health and Mental Hygiene in accordance with Administrative Code Section 17-199.7.

§54-03. Postponements.

- (a) An owner may apply to the Department in writing for postponement of the time to correct an immediately hazardous violation issued in accordance with Administrative Code Sections 27-2017.3a(4) or 27-2017.4b within the five days preceding the date set for correction of such violation. No postponement may be requested for a hazardous violation that has become an immediately hazardous violation under Administrative Code Section 27-2017.3a(4) or (5).
- (b) Grant of a postponement request shall be in the sole discretion of the Department, and will be limited to circumstances where a showing has been made by the owner, to the satisfaction of the Department, that such owner has taken prompt action to correct the violation but that full correction can not be completed within the time provided because of serious technical difficulty, inability to obtain necessary materials, funds or labor, or inability to gain access to the dwelling unit where the violation exists, or such other portion of the building necessary to make the required repair.
- (c) An application for postponement must contain: a detailed statement by the registered owner or agent, or registered managing agent, explaining the prompt actions taken to correct the violation, the specific circumstances causing the inability to fully correct the violation within the time set, and an explanation of how correction will be completed within fourteen additional days. Where an owner claims inability to gain access, such application must include: a description of the steps taken to gain access, including but not limited to providing a written notice to the tenant informing the tenant of the hazard and need for access to the dwelling unit to correct the violation; proof of delivery of the notice by certified or registered mail; and why access could not be gained.
- (d) The Department must make a determination in writing, including the reasons therefor, on whether the postponement shall be granted or denied. The Department may include such conditions as are deemed necessary, including, but not limited to, prompt repair or removal of harborages and actions to address any source of moisture that may be contributing to a mold condition, to ensure correction of the violation within the time set by the postponement.
- (e) If the postponement is granted, a new date for correction must be set, which shall not exceed fourteen days from the initial date set for correction in the notice of violation.

54-04. Work Practices.

- (a) An owner must use integrated pest management procedures as provided in Administrative Code Section 27-2017.8, to repair any violation issued in accordance with Section 27-2017.4b, and must also use such procedures, when appropriate, when addressing an infestation of pests upon inspection by such owner, or where otherwise directed by the Department. Such owner must:
 - inspect for, and physically remove pest nests, waste, and other debris by High-Efficiency Particulate Air (HEPA) vacuuming, washing surfaces, or otherwise collecting and discarding such debris;
 - eliminate points of entry and passage for pests by repairing and sealing any holes, gaps or cracks in walls, ceilings, floors, molding, base boards, around pipes and conduits, or around

- and within cabinets by using sealants, plaster, cement, wood, escutcheon plates, or other durable material. Attach door sweeps to any door leading to a hallway, basement, or outside the building to reduce gaps to no more than one-quarter inch; and
- 3. eliminate sources of water for pests by repairing drains, faucets, and other plumbing materials that accumulate water or leak. Remove and replace saturated materials such as interior walls and cabinets.
- 4. The use of pesticides must not substitute for pest management measures described in this section. Any pesticide applied must be applied by a pest professional licensed by New York State Department of Environmental Conservation (DEC).
- (b) An owner must use the following work practices as provided in Administrative Code Section 27-2017.9 when assessing and correcting indoor mold hazards and underlying defects as a result of an inspection by such owner, or when correcting an indoor mold hazard violation issued in accordance with Administrative Code Section 27-2017.3:
 - investigate and correct any underlying defect, including moisture or leak conditions, that are causing or may cause mold violations:
 - 2. remove or securely cover with plastic sheeting any furniture or other items in the work area that cannot be removed;
 - 3. minimize the dispersion of dust and debris from the work area to other parts of the dwelling unit through methods such as: sealing ventilation ducts/grills and other openings in the work area with plastic sheeting; isolating the work area with plastic sheeting and covering egress pathways; cleaning or gently misting surfaces with a dilute soap or detergent solution prior to removal; the use of HEPA vacuum-shrouded tools or a vacuum equipped with a HEPA filter at the point of dust generation;
 - 4. clean mold with soap or detergent and water;
 - 5. remove and discard materials that cannot be cleaned properly;
 - properly remove and discard plastic sheeting, cleaning implements, and contaminated materials in sealed, heavy weight plastic bags;
 - clean any remaining visible dust from the work area using wet cleaning methods or HEPA vacuuming;
 - 8. leave the work area dry and visibly free from mold, dust, and debris; and
 - perform assessments, remediation work, and provide notices and reports as required in compliance with Article 32 of the New York State Labor Law and Administrative Code Section 24-154, and any rules promulgated thereunder, where applicable.

§54-05. Certifications of Violations

- (a)1. An owner's certification of correction of a pest violation that was issued, pursuant to Administrative Code Section 27-2017.4a must, where directed by the Department, include an affidavit affirming that the work practices required in accordance with Section 54-05(a) of these rules were properly performed.
- 2. An owner's certification of correction of a pest violation that was issued, pursuant to Administrative Code Section 27-2017.4b must include an affidavit affirming that the work practices required in accordance with Section 54-04(a) of these rules were properly performed.
 - The Department may also require additional documentation for certification of correction of a violation of Section 27-2017.4 deemed necessary to ensure that the violation has been properly corrected.
- 3. An owner's certification of correction of an indoor mold hazard violation issued, pursuant to Administrative Code Section 27-2017.3 must include an affidavit affirming that the work practices required in accordance with Section 54-04(b) of these rules were properly performed. Where licensed workers are required to be used to correct an indoor mold hazard, pursuant to New York State Labor Law Article 32, or, pursuant to Administrative Code Section 24-154, such certification must include an affidavit by the remediator and by the assessor indicating that the work practices and notices required under those laws and rules, as set forth in Section 54-04(b) were complied with, and shall include proof that the remediator's remediation plan and the assessor's final report were submitted to the Department of Environmental Protection in accordance with Administrative Code Section 24-154. The Department may also require additional documentation for certification of correction of a violation of Section 27-2017.3 deemed necessary to ensure that the violation has been properly corrected.

APPENDIX A

The owner must also inspect if you inform him or her that there is a condition in your apartment that is likely to cause an indoor allergen hazard, or you request an inspection, or the Department has issued a violation requiring correction of an indoor allergen hazard for your apartment. If there is an indoor allergen hazard in your apartment, the owner is required to fix it, using the safe work practices that are provided in the law. The owner must also provide new tenants with a pamphlet containing information about indoor allergen hazards.
- 2. The owner of this building is also required, prior to your occupancy as a new tenant, to fix all visible mold and pest infestations in the apartment, as well as any underlying defects, like leaks, using the safe work practices provided in the law.
