OFFICE OF THE DEPUTY MAYOR FOR ECONOMIC DEVELOPMENT NOTICE

NOTICE OF PUBLIC SCOPING

Office of the Deputy Mayor for Economic Development

Draft Scope of Work for a Supplemental Generic **Environmental Impact Statement (EIS)**

The Phased Redevelopment of Governors Island Re-Tenanting an

south of Manhattan and 400 yards west of Brooklyn. The Island comprises the North Island (the area north of the former Division Road) and the South Island (the area south of the former Division Road). The entire island is zoned R3-2.

Access to the Island is provided by ferries that are operated by The Trust from slips at the Battery Maritime Building (BMB) in Lower Manhattan, which is the major access point for ferries traveling to the Island. Additional ferry service from Pier 6 in Brooklyn and Pier 11 in Manhattan is provided by The Trust and the East River Ferry, respectively, when the Island is open to the public.

Governors Island is currently occupied by several active uses, including a New York City public high school, artists' studios, administrative offices, and a temporary entertainment facility. From May to September, the Island is also open to the public on weekends and holiday Mondays and hosts various arts, cultural, and recreational programs, including food festivals, concerts, and performances.

Construction is underway on Phase I of the Phased Redevelopment which was previously analyzed in the Final Generic Environmental Impact Statement for the Phased Redevelopment of Governors Island issued by the Office of the Deputy Mayor for Economic Development on December 20, 2011 (the 2011 FGEIS).

The Draft Scope of Work for the preparation of a Supplemental Generic Environmental Impact Statement $\left(\text{SGEIS} \right)$ considers the current plans for North Island retenanting and completion of the Park and Public Space Master Plan by 2022. The current proposal consists of the following:

- Creation of the Special Governors Island District on the North Island, a new zoning district that would generally allow commercial uses compatible with the use of the Island as a recreational, cultural, and educational resource in the existing R3-2 district subject to review by Manhattan Community Board 1 and certification by the Chair of the City Planning Commission.
 - The reuse and retenanting of approximately 1.2million square feet (sf) of space on the North Island, in addition to the approximately 176,000 sf that has already been retenanted. As part of the retenanting, it is expected that two non-historic building additions may be demolished and potentially replaced with new structures of the same floor area. In addition, a new structure would be constructed on the open area north of Building 110, immediately west of Soissons Landing ("the Soissons Concession Site").
- The full development of the Park and Public Space Master Plan for the entire Island.
- Ferry service seven days per week to support the . uses in the retenanted buildings and the expanded Park and Public Space.

It is currently anticipated that the proposed project would seek the following approvals:

- Zoning map and text amendments to create and . map the Special Governors Island District over the North Island. (the "rezoning area").
- Review of project actions within the Governors Island Historic District per the guidelines of the Governors Island Historic District Preservation and Design Manual.
- Approval of capital funding. The source has yet to . be identified.
