FRANCHISE ADMINISTRATION

■ PUBLIC HEARINGS

NOTICE OF A FRANCHISE AND CONCESSION REVIEW COMMITTEE ("FCRC") PUBLIC HEARING to be held on Monday, May 7, 2012 commencing at 2:30 P.M. at 22 Reade Street, Borough of Manhattan in the matter of approval of a change of control of mobile telecommunications franchisee Mobilitie Investments II, LLC ("Mobilitie") arising from the sale of all of the equity interests of Mobilitie by the parent company of Mobilitie, Mobilitie Holdings II, LLC to SBA Monarch Acquisition, LLC. Mobilitie's franchise from the City of New York ("the City") grants the non-exclusive right to install, operate and maintain telecommunications equipment and facilities on City owned and managed street light poles, traffic light poles, highway sign support poles and $% \left(1\right) =\left(1\right) \left(1\right)$ certain utility poles ("utility" being defined as it is defined in 47 U.S.C. Section 224). The franchise runs until November 14, 2019. The franchisee is limited to the use of 3,000 poles City-wide during the term of the franchise.

Copies of organizational charts reflecting the controlling ownership of the franchisee before and after the abovedescribed change of control (including name changes for the franchisee and its parent), and a copy of Mobilitie's existing franchise agreement with the City, may be viewed at the Department of Information Technology and Telecommunications, 2 Metrotech Center, 4th Floor, Brooklyn, New York 11201, from April 16, 2012 through May 7, 2012, between the hours of 9:30 A.M. and 3:30 P.M., excluding Saturdays, Sundays and holidays. Hard copies of Mobilitie's franchise agreement with the City and copies of the organizational charts may be obtained, by appointment, at a cost of \$.25 per page. All payments shall be made at the time of pickup by check or money order made payable to the New York City Department of Finance. The franchise agreement and copies of the organizational charts may also be obtained in PDF form at no cost, by email request. Interested parties should contact Roxanne Chambers at (212) 788-6610 or by email at RChambers@doitt.nyc.gov.

NOTE: Individuals requesting sign language interpreters at the public hearing should contact the Mayor's Office of Contract Services, Public Hearing Unit, 253 Broadway, 9th Floor, New York, New York 10007, (212) 788-7490, no later than SEVEN (7) BUSINESS DAYS PRIOR TO THE PUBLIC HEARING. TDD users should call Verizon relay service.

The Hearing may be cablecast on NYC Media Group channels.

MAYOR'S OFFICE OF OPERATIONS

REPORT AND ADVISORY BOARD REVIEW COMMISSION NOTICE

PUBLIC HEARING NOTICE

The Report and Advisory Board Review Commission will hold its first public hearing to solicit public feedback on whether the Commission should waive the 21 reporting requirements and advisory boards listed below.

• **DATE:** Friday, May 11, 2012

● **TIME:** 2:00 P.M.

• PLACE: Department of City Planning, Spector Hall 22 Reade Street

MANHATTAN

Members of the public may also provide comments to Commission staff by email (ReportsandBoards@cityhall.nyc.gov), or by mail: The Report and Advisory Board Commission, Mayor's Office of Operations, Attn: Alexis Offen, 253 Broadway, 10th Floor, New York, NY, 10007. As of April 20, 2012, all new comments sent by mail or email to the Commission will be posted on a weekly basis to www.nyc.gov/ReportsandBoards. Publishing of comments is subject to policies posted on the Commission's website.

Individuals requesting sign language interpreters or other reasonable accommodation for a disability at the public hearing should contact Rosa Reinat by emailing rreinat@cityhall.nyc.gov or by calling (212) 788-1400.

Press may contact the Mayor's Press Office at (212) 788-2958.

Background

In November 2010, New York City voters approved a Charter Revision Commission referendum proposal to review and assess the continued usefulness of certain reporting requirements and advisory boards. The Commission is chaired by the Director of the Mayor's Office of Operations and consists of representatives from the City Council, the Office of the Corporation Counsel, the Office of Management & Budget (OMB), and the Department of Information Technology and Telecommunications (DOITT).

More information about the Commission is available at www.nyc.gov/ReportsandBoards or by contacting the Commission staff at ReportsandBoards@cityhall.nyc.gov.

Items for Potential Waiver

Statutory provisions for the following can be found at www.nyc.gov/ReportsandBoards and the Charter and Administrative Code can be reviewed at the City Hall Library, 31 Chambers Street, Room 112, New York, NY, 10007:

Reports

Arson Strike Force Report (Administrative Code 1. §15-303)

A report to be published annually on arson-related

Class Size Report (partial waiver) (Charter §522(c)-(f)) A report to be published twice a year comparing the number of classes by school, grade, and program to the number of students in the same categories, in order to show the average class size. Note: The Commission is considering a partial waiver of this $report\ in\ order\ to\ change\ the\ frequency\ of\ the\ report$ from biannual to annual.

3. Criminal Justice Account Allocation of Funds Report (Administrative Code §5-605) A report to be published annually on the allocation of funds from the criminal justice account and $status\ of\ the\ implementation\ of\ the\ safe\ streets\mbox{-}safe$

Drug Enforcement/Drug Abuse Task Force Report 4. (Administrative Code §3-111) A report to be published quarterly on the task force's ongoing coordination activities, as well as a formal annual report on findings and recommendations of the task force.

Horse Drawn Cab Stand Report (Administrative 5. Code §19-174) A report to be published annually on existing locations of horse draw cab stands, as well as any

 $proposals\ to\ establish\ or\ eliminate\ horse\ drawn\ cab$ Industrial and Commercial Incentive Program

6. Report (Administrative Code §11-267) A report to be published annually on the status of the Industrial and Commercial Incentive Program and its effects in the City.

7. Outreach Programs Report (Charter §612(a)(7)) A report to be published quarterly on Department of Homeless Services or contractor outreach programs, and the number of chronically homeless individuals placed into permanent or temporary housing.

Permanent Housing Needs Report (Charter §614) 8. A report to be published annually on expected needs for permanent housing and transitional housing and services in the upcoming fiscal year.

Preliminary Mayor's Management Report (Charter §12) 9. A report to be published annually showing a midyear snapshot of agency performance across all mayoral agencies.

Sustainable Stormwater Management Plan Report 10. (Administrative Code §24-526.1) A report to be published biennially on the status of $the\ sustainable\ stormwater\ management\ plan.$

Temporary and Non-Standard Classroom Report 11. (Charter §522(b)) A report to be published annually on the use of nonstandard classrooms within the public school system.

Ultra Low Sulfur Diesel Fuel for Ferries Report 12. (Administrative Code §19-307) A report to be published annually on the use of ultra $low\ sulfur\ diesel\ fuel\ and\ the\ best\ available$ technology for reducing the emission of pollutants for diesel fuel-powered City ferries.

13. Use of Refuse Burning Equipment without Control Apparatus Report (Administrative Code §24-158) A report to be published twice a year on the extent of $compliance\ with\ the\ law\ prohibiting\ unauthorized$ incinerator use.

Zoning and Planning Report (Charter §192(f)) 14. $A\ report\ to\ be\ published\ every\ four\ years\ on\ the$ planning agenda and zoning reform of the Department of City Planning.

Advisory Boards

Arson Strike Force (Administrative Code §15-301) 1. A multi-agency strike force to foster cooperation in controlling incidences of arson.

2. Consumers Council (Charter §2204) $A\ council\ representing\ consumer\ interests\ to\ advise$ the Department of Consumer Affairs on needed programs, reports, and cooperative efforts.

3. Drug Enforcement and Drug Abuse Task Force (Administrative Code §3-111) A multi-agency task force to foster cooperation and $coordination\ in\ the\ battle\ against\ drug\ use\ and\ in$ providing abuse services.

4. Inter-Agency Advisory Council on Towing (Administrative Code §20-521) A council to make recommendations to the Department of Consumer Affairs concerning the $criteria\ for\ issuing\ towing\ company\ licenses\ and$ participation in the rotation tow and directed $accident\ programs.$

5. NYC Commission for the Foster Care of Children (Administrative Code §21-118) $A\ commission\ to\ study\ and\ recommend\ programs$ and standards addressing phases, facilities, and services of foster care.

6. Resource Recovery Task Force (Charter §1403) A Department of Environmental Protection and Department of Sanitation task force to advise and make recommendations on the planning and implementation of energy and materials recovery for solid and liquid wastes.

Tattoo Regulation Advisory Committee 7. (Administrative Code §17-361) A Department of Health and Mental Hygiene committee to advise the Commissioner on health issues relating to tattooing.

TRANSPORTATION

■ PUBLIC HEARINGS

NOTICE IS HEREBY GIVEN, pursuant to law, that the following proposed revocable consents, have been scheduled for a public hearing by the New York City Department of

Transportation. The hearing will be held at 55 Water Street, 9th Floor, Room 945 commencing at 2:00 P.M. on Wednesday, May 16, 2012. Interested parties can obtain copies of proposed agreements or request sign-language interpreters (with at least seven days prior notice) at 55 Water Street, 9th Floor SW, New York, NY 10041, or by calling (212) 839-6550.

#1 In the matter of a proposed revocable consent authorizing 46 West 69th Street LLC to continue to maintain and use a fenced-in area on the south sidewalk of West 69th Street, east of Columbus Avenue, in the Borough of Manhattan. The proposed revocable consent is for a term of ten years from July 1, 2012 to June 30, 2022 and provides among other terms and conditions for compensation payable to the City according to the following schedule:

For the period from July 1, 2012 to June 30, 2022 - \$25/annum.

the maintenance of a security deposit in the sum of \$3,500 and the insurance shall be in the amount of One Million Dollars (\$1,000,000) per occurrence, and Two Million Dollars (\$2,000,000) aggregate.

#2 In the matter of a proposed revocable consent authorizing 208 East 72nd Street LLC to continue to maintain and use a fenced-in area on the south sidewalk of East 72nd Street, east of Third Avenue, in the Borough of Manhattan. The proposed revocable consent is for a term of ten years from July 1, 2012 to June 30, 2022 and provides among other terms and conditions for compensation payable to the City according to the following schedule:

For the period July 1, 2012 to June 30, 2013 - \$286 For the period July 1, 2013 to June 30, 2014 - \$294 For the period July 1, 2014 to June 30, 2015 - \$302 For the period July 1, 2015 to June 30, 2016 - \$310 For the period July 1, 2016 to June 30, 2017 - \$318 For the period July 1, 2017 to June 30, 2018 - \$326 For the period July 1, 2018 to June 30, 2019 - \$334 For the period July 1, 2019 to June 30, 2020 - \$342 For the period July 1, 2020 to June 30, 2021 - \$350 For the period July 1, 2021 to June 30, 2022 - \$358

the maintenance of a security deposit in the sum of \$5,000 and the insurance shall be in the amount of One Million Dollars (\$1,000,000) per occurrence, and Two Million Dollars (\$2,000,000) aggregate.

#3 In the matter of a proposed revocable consent authorizing Bottle Tower, Inc. to continue to maintain and use a stoop and a fenced-in area on the east sidewalk of Bedford Street, between Grove and Barrow Streets, in the Borough of Manhattan. The proposed revocable consent is for a term of ten years from July 1, 2012 to June 30, 2022 and provides among other terms and conditions for compensation payable to the city according to the following schedule:

For the period from July 1, 2012 to June 30, 2022 - \$25/annum.

the maintenance of a security deposit in the sum of \$2,500 and the insurance shall be in the amount of One Million Dollars (\$1,000,000) per occurrence, and Two Million Dollars (\$2,000,000) aggregate.

#4 In the matter of a proposed revocable consent authorizing Doves' Nest NYC, LLC to continue to maintain and use a stoop and a fenced-in area on the south sidewalk of West 10th Street, between Fifth Avenue and Sixth Avenue, in the Borough of Manhattan. The proposed revocable consent is for a term of ten years from July 1, 2012 to June 30, 2022 and provides among others terms and condition for compensation payable to the city according to the following schedule:

For the period from July 1, 2012 to June 30, 2022 -\$25/annum.

the maintenance of a security deposit in the sum of \$7,500 and the insurance shall be in the amount of One Million Dollars (\$1,000,000) per occurrence, and Two Million Dollars (\$2,000,000) aggregate.

#5 In the matter of a proposed revocable consent authorizing Texas Eastern Transmission Partners, LP to construct, maintain and use a 30-inch diameter natural gas pipeline in submerged lands within the New York City owned portion of the Hudson River, in the Borough of Manhattan. The proposed revocable consent is for a term of ten years from the date of Approval by the Mayor to June 30, 2022 and provides among other terms and conditions for compensation payable to the City:

The annual fee will be calculated pursuant to the Rules of the City of New York

the maintenance of a security deposit in the sum of \$22,000 and the insurance shall be in the amount of Two Million Dollars (\$2,000,000) per occurrence, and Thirty Five Million Dollars (\$35,000,000) aggregate.

#6 In the matter of a proposed revocable consent authorizing The Brooklyn Union Gas Company d/b/a National Grid USA to construct, maintain and use 30-inch gas main in the vicinity of Paerdegat Basin, between Bergen Avenue and Seaview Avenue, in the Borough of Brooklyn. The proposed revocable consent is for a term of ten years from the date of Approval by the Mayor to June 30, 2022 and provides among other terms and conditions for compensation payable to the

The annual fee will be calculated pursuant to the Rules of the City of New York

the maintenance of a security deposit in the sum of \$40,000 and the insurance shall be in the amount of Two Million Dollars (\$2,000,000) per occurrence, and Thirty Five Million Dollars (\$35,000,000) aggregate.

AGENCY RULES

BUILDINGS

NOTICE

NOTICE OF PUBLIC HEARING

Subject:

Opportunity to comment on a proposed rule amendment to subdivision j of section 102-01 of chapter 100 of Title 1 of the Rules of the City of New York, relating to the classification of violations for concrete washout water and unsafe façades.

Date / Time: June 1, 2012 / 10:00 A.M.

Location: Department of Buildings

280 Broadway, 3rd Floor New York, NY 10007

Contact: Ms. Deborah Glikin

Assistant General Counsel New York City Department of Buildings 280 Broadway, 7th floor

280 Broadway, 7th floor New York, NY 10007

Proposed Rule Amendment

Pursuant to the authority vested in the Commissioner of Buildings by section 643 of the New York City Charter, and in accordance with section 1043 of the Charter, the Department of Buildings proposes to amend the title of section 102-01 and subdivision j of section 102-01 of subchapter B of chapter 100 of Title 1 of the Rules of the City of New York, relating to the classification of violations for concrete washout water and unsafe façades.

This rule was not included in the agency's most recent regulatory agenda because the need for it was not anticipated at that time.

Instructions

- Prior to the hearing, you may submit written comments about the proposed amendment to Ms. Glikin by mail or electronically through NYCRULES at http://www.nyc.gov/nycrules by June 1, 2012.
- To request a sign language interpreter or other reasonable accommodation for a disability at the hearing, please contact Ms. Glikin by May 16, 2012.
- Written comments and a summary of oral comments received at the hearing will be available until July 2, 2012 between the hours of 9:00 A.M. and 5:00 P.M. at the Office of the Commissioner, Department of Buildings, 280 Broadway, 7th floor, New York, NY 10007.

STATEMENT OF BASIS AND PURPOSE

The proposed rule amendments are pursuant to the authority of the Commissioner of Buildings under Sections 643 and 1043(a) of the New York City Charter and Article 302 of the

Administrative Code. The proposed amendments:

- Change the title of the section to reflect new classifications of violations.
- Add a new charge for violation of Local Law 70 of 2011 governing concrete washout water, which will take effect on July 1, 2012. This local law regulates wastewater generated from the rinsing of equipment used to mix, transport, convey, and/or place concrete. The failure to perform proper concrete washout procedures would damage the City's environment, sewers and drains.
- Add a new charge when a registered design professional fails to immediately notify the Department when there is an unsafe condition in a façade. When the Department is not immediately notified, the unsafe conditions may present a risk to public safety. The proposed amendment would classify this charge as an Immediately Hazardous (Class 1) violation.
- Add a new charge for failure to secure public safety when there is an unsafe condition in a façade. When unsafe conditions are reported by the registered design professional to the Department and the owner, the owner must take immediate steps to remedy the conditions and take required measures to protect the public from the unsafe conditions. The Department believes that the lack of these safety measures presents an immediate danger to the public. Therefore, the proposed amendment would classify this charge as an Immediately Hazardous (Class 1).
- Add a new charge for removal of public protection from unsafe façade without approval from the Department. Where required safety measures are already in place for unsafe façades, Department rules require Department permission before removing the protection to ensure public safety.

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

New matter $\underline{\text{underlined}};$ deleted matter is [in brackets].

Section 1. The title of section 102-01 of subchapter B of chapter 100 of Title 1 of the Rules of the City of New York is amended to read as follows:

\$102-01 Violation [reclassification] $\underline{\text{classification}}$ and certification of correction.

§2. Subdivision (j) of section 102-01 is amended by adding, in numerical order, new entries relating to Sections 28-302.3 and 28-302.5 of the New York City Administrative Code and BC 3303.15 of the New York City Building Code, as follows:

Section of Law	Classification	Violation Description
BC 3303.15	Class 2	Failure to perform proper concrete washout water procedures
28-302.3	Class 1	Failure to immediately notify the department of unsafe façade condition(s)
<u>28-302.5</u>	Class 1	Failure to take required measures to secure public safety – unsafe façade
1 RCNY 103-04 (b)(5)(iii)	Class 2	Removal of public protection from unsafe façade without approval from the department

☞ m2

TRANSPORTATION

NOTICE

CAPA REGULATORY AGENDA FY 2013

Pursuant to section 1042 of the Charter, the Department of Transportation sets forth below its regulatory agenda for the City's fiscal year of 2013:

DIVISION OF TRAFFIC AND PLANNING

- 1. **SUBJECT:** Manhattan Bus Parking
 - A. Reason: The increase in the number of curbside bus departures and the increase in the number of buses looking for layover space associated with this growth has created the need for better curbside management tools. Also, the success of the Lower Manhattan Bus Parking Rule indicates that this rule will help manage curbside bus activity.
 - B. <u>Anticipated contents</u>: Expand the current Lower Manhattan Area Rule to apply to all other parts of Manhattan.
 - C. <u>Objective</u>: Effectively manage the traffic congestion and potential hazards on the City's streets and sidewalks resulting from the proliferation of various private interstate, intrastate and intercity bus services into the City
 - D. <u>Legal basis</u>: Section 2903 (a) of the New York City Charter.
 - E. Types of individuals and entities likely to be affected: Intercity Bus Operators and users.
 - F. Other relevant law: None.
 - G. Approximate schedule: First Quarter FY 2013.

Agency Contact: Guillermo Leiva (718) 786-7300

2. **SUBJECT:** Parking meter zones

- A. Reason: As DOT is in the process of replacing all single space meters with multiple space meters citywide, DOT wishes to establish parking meter zones that would clarify to motorists which parking rates apply to certain on street and off-street public parking areas regulated by parking meters.
- B. <u>Anticipated contents</u>:
 - Add the definition of "parking meter" and "parking meter zones" to the Traffic Rules to reflect the fact that the City will no longer have single-space meters.
 - Allow DOT to designate parking meter zones with a specific fee structure for each zone to be detailed on the parking meter, parking meter receipt, signage and/or the DOT's website.
 - Allow for the use of parking meter receipts issued from one parking meter zone in other parking meter zones of equal or lower rate structure until such parking meter receipt has expired.
- C. <u>Objective</u>: To create parking meter zones, and clarify certain provisions of §4-08(h) of the Traffic Rules.
- D. <u>Legal basis</u>: Section 2903 (a) of the New York City Charter.
- E. <u>Types of individuals and entities likely to be affected</u>: Motorists.
- F. Other relevant law: None.
- G. <u>Approximate schedule</u>: First Quarter FY

Agency Contact: Guillermo Leiva (718) 786-7300

- 3. <u>SUBJECT</u>: Adopt-a-Greenway
 - A. Reason: Allow for the creation of the Adopt-a-Greenway Program whereby individuals, groups and sponsors provide cleaning and maintenance services and participate in beautification programs along greenway routes, designated by DOT, which are intended for recreational use, and pedestrian and bicycle traffic.
 - B. <u>Anticipated contents</u>:
 - Add the Adopt-a-Greenway Program's purpose.
 - Add relevant definitions such as, "adopter," "sponsor," "maintenance provider," and "volunteer."
 - Provide general requirements for participation, permitting, signage and maintenance of adopted segments of the greenway.
 - C. <u>Objective</u>: Provide guidelines for the creation of the Adopt-a-Greenway Program.
 - D. <u>Legal basis</u>: Section 2903 of the New York City Charter.
 - E. Types of individuals and entities likely to be affected: Participants in the Adopt-a-Greenway Program (sponsors, volunteers and/or maintenance providers).
 - F. Other relevant law: None.
 - G. <u>Approximate schedule</u>: First Quarter FY 2013.

Agency Contact: Ted Wright (212) 839-7199

- 4. <u>SUBJECT</u>: Driving on or across bicycle lanes
 - A. Reason: The existing section 4-12(p)(2) of the Traffic Rules is ambiguous. If a vehicle must cross a bicycle lane running in the same direction as the vehicle in order to make a turn, the vehicle operator should, after checking and confirming there are no cyclists present in the bicycle lane, enter the bicycle lane no more than 100 feet prior to the intersection and make the turn from this position.
 - B. Anticipated contents: Recommend that subparagraph (iv) of section 4-12(p) of the Traffic Rules be replaced with the following: to prepare for an upcoming turn no more than 100 feet of the intersection if the bicycle lane is on the side of the turn
 - Objective: Safety for both bicyclists and motor vehicle operators.
 - D. <u>Legal basis</u>: Section 2903(a) of the New York City Charter.
 - E. Types of individuals and entities likely to be affected: Bicyclists and motorists.
 - F. <u>Other relevant law</u>: None.
 - G. <u>Approximate schedule</u>: Second Quarter FY 2013.

Agency Contact: Ryan Russo (212) 839-7229

- **5. SUBJECT**: MPT for Bicyclists
 - A. Reason: To strengthen maintenance and protection of traffic (MPT) requirements for bicycles so that the integrity of existing bike routes are maintained at construction zones (as well as for roadways that are not bike routes). s
 - B. Anticipated contents: Revising various sections of the Highway Rules, namely sections 2-05, 2-07, 2-11, and 2-16. This may include requiring the installation of more positive guidance to bicyclists and other road users in order for bicyclists to travel safely and conveniently through or detour around construction zones.
 - C. <u>Objectives</u>: To allow bicyclists to travel more safely and conveniently through or detour around construction zones.
 - D. <u>Legal basis</u>: Section 2903(b) of the New York City Charter.
 - E. Types of individuals and entities likely to be affected: DOT permittees doing construction work that impacts bicyclists.
 - F. Other relevant law: None.
 - G. <u>Approximate schedule</u>: Third Quarter FY 2013.

 $\underline{Agency\ Contact} \hbox{:}\ Josh\ Benson\ (212)\ 839\text{-}7229$

- **SUBJECT:** Repeal of rules relating to snow emergencies.
 - A. Reason: To conform with certain agency protocols and practices pertaining to snow events.
 - B. <u>Anticipated contents</u>: Repeal paragraph
 (1) of subdivision (c) of section 4-08 and
 subdivision (k) of section 4-12 of Title 34,

- Chapter 4 of the Rules of the City of New York.
- C. Objectives: To eliminate the rule prohibiting a vehicle to stand or park in a street designated by signage as a snow street because, among other reasons, it may impede clean-up operations once a snow emergency has been declared by city officials. Furthermore, DOT proposes to eliminate the provisions relating to snow tires because, among other reasons, these provisions are no longer current given the wide-spread use of radial tires on various vehicle models.
- D. <u>Legal basis</u>: Section 2903(a) of the New York City Charter.
- E. Types of individuals and entities likely to be affected: General public.
- F. Other relevant law: Vehicle and Traffic Law section 1602 and Executive Law section 24.
- G. <u>Approximate schedule</u>: First Quarter of FY 2013.

Agency Contact: Ryan Russo (212) 839-7229

- 7. <u>SUBJECT</u>: Snow and garbage removal.
 - A. Reason: To clarify that certain authorized vehicle operators are exempt from complying with traffic rules while performing certain duties.
 - B. Anticipated contents: Repeal section 4-02(d)(1)(iii)(A) of Title 34, Chapter 4; and amend sections 4-02(d)(1)(iii)(B) and 4-02(d)(1)(iv) of Title 34, Chapter 4 of the Rules of the City of New York.
 - C. Objectives: The proposed rule eliminates a redundancy such that operators of DOT and New York City Department of Sanitation snow plows, sand/salt spreaders and sweepers will now be subject to the general exemption set forth in section 4-02(d)(1)(iv).

Additionally, the proposed rule will include a specific exemption allowing refuse collection trucks authorized by the City of New York to drive in a bicycle lane while collecting refuse and recyclable material placed at the curb for collection, and from curbside litter baskets.

Finally, the proposed rule will remove unnecessary references to the New York State Vehicle and Traffic Law, and clarify its intent.

- D. <u>Legal basis</u>: Section 2903(a) of the New York City Charter
- E. Types of individuals and entities likely to be affected: General public and authorized vehicle operators engaged in certain duties.
- F. Other relevant law: Vehicle and Traffic Law sections 1102 and 1103.
- G. <u>Approximate schedule</u>: First Quarter of FY 2013

Agency Contact: Margaret Forgione (212) 839-6210

- 8. <u>SUBJECT</u>: Pedestrian Managers
 - A. <u>Reason</u>: To codify the concept of pedestrian managers in DOT's Highway Rules.
 - B. <u>Anticipated contents</u>: Include definition of "pedestrian manager" and set forth the conditions under which a permittee must deploy a pedestrian manager.
 - C. <u>Objectives</u>: To enhance safety at certain construction projects.
 - D. <u>Legal basis</u>: Section 2903(a) of the New York City Charter.
 - E. Types of individuals and entities likely to be affected: General public, contractors and DOT permittees.
 - F. <u>Other relevant laws:</u> None.
 - G. <u>Approximate schedule</u>: Third Quarter of FY 2013.

Agency Contact: Ryan Russo (212) 839-7229

- 9. <u>SUBJECT</u>: Sanitation Notification stickers.
 - A. Reason: To conform with a new local law limiting the use of adhesive stickers on motor vehicles in the enforcement of alternate side of the street parking rules.
 - B. <u>Anticipated contents</u>: Repeal of section 4-08(a)(10)(ii) of the Traffic Rules.
 - C. <u>Objectives</u>: To comply with Local Law 20 of 2012.
 - D. $\underline{\text{Legal basis}}$: Section 2903(a) of the New York City Charter.
 - E. <u>Types of individuals and entities likely to be affected</u>: General public.

- F. Other relevant laws: Local law 20 of 2012.
- G. <u>Approximate schedule</u>: First Quarter of

DIVISION OF ROADWAY REPAIR AND MAINTENANCE

10. **SUBJECT:** Adopt-a-Highway

- A. Reason: Allow for the continuation of the Adopt-a-Highway Program, successfully implemented by the City since 1989, through which DOT (1) administers and coordinates the supply of maintenance services by volunteers and sponsors to reduce the amount of litter on the City's highways; and (2) details the installation of signs identifying those volunteers or sponsors adopting particular segments of such highways.
- B. <u>Anticipated contents</u>:
 - Add the Adopt-a-Highway Program's purpose.
 - Add relevant definitions such as, "adopter," "sponsor," "maintenance provider," and "volunteer."
 - Provide general requirements for participation, permitting, signage and maintenance of adopted segments of the highway.
- C. <u>Objective</u>: Provide guidelines for the continuation of the Adopt-a-Highway Program.
- E. Types of individuals and entities likely to be affected: Participants in the Adopt-a-Highway Program (sponsors, volunteers and/or maintenance providers).
- F. Other relevant law: None.
- G. <u>Approximate schedule</u>: First Quarter FY

Agency Contact: Yajaira Ferreira (718) 712-7563

11. <u>SUBJECT</u>: Milling roadway prior to paving

- A. Reason: DOT has frequently observed an overlay of the existing roadway by persons attempting to comply with the paving requirement in Section 2-09 (h)(2) of the Highway Rules. Overlay of the existing roadway is unacceptable because it results in ponding conditions and changes the roadway grade.
- B. Anticipated contents: Require that roadway be milled prior to paving, pursuant to Section 2-09(h)(2) of the Highway Rules.
- C. <u>Objectives</u>: To conform to the general industry practice of milling the roadway prior to paving. Milling prior to paving would help to prevent varying roadway grade levels and drainage and ponding issues.
- D. <u>Legal basis</u>: Section 2903(b) of the New York City Charter and Title 19 of the New York City Administrative Code.
- E. Types of individuals and entities likely to be affected: Owners/Builders installing or repairing roadway pavement, sidewalk and curb pursuant to Section 2-09 of the Highway Rules.
- F. <u>Other relevant laws</u>: None.
- G. <u>Approximate schedule</u>: First Quarter of FY 2013

Agency Contact: Scott Roveto (212) 839-4261

DIVISION OF SIDEWALKS & INSPECTION MANAGEMENT

- **SUBJECT**: Clarification of commercial refuse container provisions.
 - A. Reason: Section 2-14(f) defines commercial refuse containers as containers that are placed in the roadway whose usage is not related or connected to any use or activity for which a Department of Buildings permit and/or a construction activity permit from the Department, pursuant to Section 2-05 of the Highway Rules. Based on some decisions rendered by the Environmental Control Board, the term "placed" has become problematic when issuing multiple Notices of Violation for a container that has not moved, which means that a container may be "placed" for an indefinite amount of time without any continuing consequences. Additionally, the Highway Rules currently state that placement of all protection shall be done upon delivery by the owner of the container. This statement does not require the owner to maintain proper

- protection for the period of time the container occupies the roadway.
- B. <u>Anticipated contents</u>: Amend Section 2-14(f) of the Highway Rules to clarify provisions relating to commercial refuse containers.
- C. <u>Objectives</u>: To prevent container companies from using the public roadway indefinitely to store containers and to prevent said containers from scarring the roadway because of removed or displaced protection.
- D. <u>Legal basis</u>: Section 2903(a) of the New York City Charter.
- E. <u>Types of individuals and entities likely to be affected</u>: Carting companies.
- F. <u>Other relevant laws</u>: Administrative Code Section 19-123.
- G. <u>Approximate schedule</u>: Second Quarter of FY 2013

Agency Contact: Vincent Maniscalco 212-839-8847

- 13. <u>SUBJECT:</u> Department Standard Details of Construction.
 - A. <u>Reason</u>: To clarify and standardize the Department's Standard Details of Construction.
 - B. Anticipated contents: Amend various sections of the Highway Rules related to requirements set forth in the Department's Standard Details of Construction.
 - C. <u>Objectives</u>: To promote uniformity between the Standard Details of Construction and the Highway Rules.
 - D. $\underline{\text{Legal basis}}$: Section 2903 of the New York City Charter.
 - E. <u>Types of individuals and entities likely to be affected</u>: DOT permittees.
 - F. Other relevant laws: Section 19-144 of the Administrative Code.
 - G. <u>Approximate schedule</u>: First Quarter of FY 2013

Agency Contact: Joseph Yacca (212) 839-8856

- 14. <u>SUBJECT:</u> Confirmation numbers for protected streets.
 - A. Reason: To emphasize and amplify the rules regarding when a confirmation number must be secured for a permit issued on a protected street.
 - B. Anticipated contents: Add a new Section 2-11(b)(3) to the Highway Rules, emphasizing the requirement that a permittee must obtain a confirmation number for all permits issued on a protected street.
 - C. Objectives: To decrease the amount of inspections on protected streets where: (1) no work has been performed, (2) work was performed only on the sidewalk or (3) the work that was done did not require an excavation. As a result, inspection resources may be used at locations where the permittee actually performed work.
 - D. <u>Legal basis</u>: Section 2903 (b) of the New York City Charter.
 - E. Types of individuals and entities likely to be affected: Any DOT permittee who obtains a permit for work on a protected street.
 - F. <u>Other relevant laws</u>: Administrative Code Section 19-144.
 - G. <u>Approximate schedule</u>: First Quarter of FY 2013.

Agency Contact: Joseph Yacca (212) 839-8856

- 15. <u>SUBJECT</u>: Clarification of use of authorized plan for maintenance and protection of traffic.
 - A. Reason: Some DOT permittees who close a lane of moving traffic are using illustrations of typical applications for work zone set-ups set forth in Part 6 of the Manual on Uniform Traffic Control Devices (MUTCD) as authorized plans in lieu of using flagpeople.
 - B. Anticipated contents: Amend various sections of the Highway Rules clarifying that a DOT permittee must post a flagperson or utilize a DOT-authorized plan for the maintenance and protection of traffic (MPT).
 - C. <u>Objectives</u>: To clarify that flagpersons are required unless a DOT-authorized MPT plan is submitted and that the MUTCD is not a substitute for a DOT-authorized plan.

- D. <u>Legal basis for the proposed rule</u>: Section 2903 of the New York City Charter.
- E. Types of individuals and entities likely to be affected: DOT permittees who close a moving traffic lane requiring traffic to be diverted into another lane.
- F. Other relevant laws: None.
- G. <u>Approximate schedule</u>: Second Quarter of FY 2013.

Agency Contact: Vincent Maniscalco (212) 839-8847

- 16. <u>SUBJECT</u>: Emergency work during embargo periods.
 - A. Reason: Section 2-02 (m) of the current Highway Rules suspends all routine work, with the exception of emergency work pursuant to section 2-11 (street openings and excavations). This provision is silent with respect to underground street access covers (also known as utility access covers). In the past, utility companies have opened these covers during departmental embargos and have argued that the embargo section does not pertain to utility access covers.
 - B. Anticipated contents: Amend section 2-02
 (m)(1) to include a specific reference to
 section 2-07 requiring a permittee to
 obtain an emergency number from DOT if
 there is emergency work involving an
 underground street access cover during a
 DOT embargo period.
 - C. <u>Objectives</u>: To prevent permittees from occupying the roadway and or sidewalk during departmental embargo periods.
 - D. <u>Legal basis</u>: Section 2903 of the New York City Charter.
 - E. <u>Types of individuals and entities likely to be affected</u>: Owners of underground street facilities.
 - F. Other relevant laws: None.
 - G. <u>Approximate schedule</u>: First Quarter of FY 2013

Agency Contact: Vincent Maniscalco (212) 839-8847

- 17. <u>SUBJECT</u>: Require roadway occupancy permits for truck cranes (boom trucks) placed on the roadway that obstruct travel and may cause scaring/damage.
 - A. Reason: Truck cranes (boom trucks, especially those with outriggers) that obstruct travel are likely to cause traffic congestion and may be detrimental to public safety. Additionally, these vehicles may damage/scar the roadway. Therefore, such vehicles should be required to obtain a permit for occupying the roadway so that those who may be responsible for added traffic congestion and or roadway damage are held accountable.
 - B. Anticipated contents: Amend section 2-05 of the Highway Rules to require a separate construction activity permit for truck cranes that occupy more than 8 feet in within of any roadway.
 - C. Objectives: To prevent truck cranes (boom trucks) that occupy the city's roadways and/or sidewalks from obstructing pedestrian, vehicular and bicyclist travel without a permit. Additionally, this change would hold those permittees responsible for any damage to the street.
 - D. <u>Legal basis</u>: Section 2903 of the New York City Charter and Administrative Code Section 19-107.
 - E. Types of individuals and entities likely to be affected: Individuals who use truck cranes (boom trucks) and occupy a lane of travel with such vehicles.
 - F. <u>Other relevant laws</u>: Administrative Code Section 19-121
 - G. <u>Approximate schedule</u>: First Quarter of FY 2013.

Agency Contact: Vincent Maniscalco (212) 839-8847

DIVISION OF PERMIT MANAGEMENT AND CONSTRUCTION COORDINATION

- **SUBJECT:** Removal of outdated language relating to permits.
 - A. Reason: There are certain permit provisions relating to 2008 permit bond amounts and commercial refuse container permits that are no longer relevant and should be removed from the Highway Rules.
 - B. <u>Anticipated contents</u>: Repeal portions of section 2-02 of the Highway Rules to

delete outdated/unnecessary provisions.

- Objectives: To update the permit section C. of the Highway Rules by deleting outdated provisions.
- Legal basis: Section 2903 of the New York D. City Charter.
- E. Types of individuals and entities likely to be affected: DOT permittees.
- F. Other relevant laws: None.
- Approximate schedule: Second Quarter of G. FY 2013.

INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of New York City Fire Department Pension Fund:

We have audited the accompanying statements of plan net assets of the New York City Fire Department Pension Fund (the "Plan") as of June 30, 2011 and 2010, and the related statements of changes in plan net assets for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plant is internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets of the Plan as of June 30, 2011 and 2010, and the changes in plan net assets for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Management's Discussion and Analysis and the supplemental schedules, Schedule 1, Schedule 2, and Schedule 3, listed in the table of contents are not a required part of the financial statements, but are supplementary information required by the Governmental Accounting Standards Board ("GASB"). This supplementary information is the responsibility of Plan management. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of such required supplementary information. However, we did not audit this information and express no opinion on it.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements. The Schedule of Funded Status Based on Entry Age Actuarial Cost Method, Schedule 4, listed in the table of contents is presented for the purpose of additional analysis and is not a required part of the basic financial statements. This supplementary information is the responsibility of Plan management. The Schedule of Funded Status Based on Entry Age Actuarial Cost Method, Schedule 4, has not been subjected to the auditing procedures applied in our audits of the basic financial statements and, accordingly, we express no opinion on its procedures are considered to the subject of the same of the sam

NEW YORK CITY FIRE DEPARTMENT PENSION FUND

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

This narrative discussion and analysis of the New York City Fire Department Pension Fund's ("Fire" or the "Plan"), also known as the New York City Fire Department Subchapter Two Pension Fund, financial performance provides an overview of the Plan's financial activities for the fiscal years ended June 30, 2011 and 2010. It is meant to assist the reader in understanding the Plan's financial statements by providing an overall review of the financial activities during the two years and the effects of significant changes, as well as a comparison with the prior years' activity and results. This discussion and analysis is intended to be read in conjunction with the Plan's financial statements.

OVERVIEW OF BASIC FINANCIAL STATEMENTS

The following discussion and analysis are intended to serve as an introduction to the basic financial statements. The basic financial statements are:

- The Statement of Plan Net Assets presents the financial position of the Plan at each fiscal year end. It indicates the assets available for payment of future benefits and any liabilities that are owed as of the statement date. Investments are shown at fair value. All assets and liabilities are determined on
- The Statement of Changes in Plan Net Assets presents the results of activities during the fiscal year. All changes affecting the assets and liabilities of the Plan are reflected on an accrual basis wher the activity occurred, regardless of the timing of the related cash flows. In that regard, changes in the fair values of investments are included in the year's activity as net appreciation (depreciation) in fair
- The Notes to Financial Statements provide additional information that is essential to a full understanding of the data provided in the financial statements. The notes present information about the Plan's accounting policies, significant account balances and activities, material risks, obligations, contingencies, and subsequent events, if any.

Other information as required by the Governmental Accounting Standards Board (GASB) is presented after the Notes to the Financial Statements.

The financial statements are prepared in accordance with GASB Pronouncements.

FINANCIAL HIGHLIGHTS

For fiscal year ended June 30, 2011, the Plan's net assets held in trust for pension benefits increased by \$1,517 million (23.6%) to approximately \$8.0 billion, compared to the Plan's net assets for fiscal year 2010. The increase for fiscal year 2011 can be attributed primarily to the increase in fair value of equity investments.

For fiscal year ended June 30, 2010, the Plan's net assets held in trust for pension benefits increased by \$862 million (15.5%) to \$6.4 billion compared to the Plan's net assets for fiscal year 2009. The increase for fiscal year 2010 an be attributed to the net appreciation in the fair value of the Plan's investment portfolio, primarily the increase in value of equity investments.

Changes in Plan Net Assets Years Ended June 30, 2011, 2010 and

		2011		2010		2000	
Additions:							
Member contributions	S	94,893	S	89,223	S	84,357	
Employer contributions		890,706		874,331		843,751	
Net investment income (loss)		1,472,892		818,201		(1,282,917)	
Other		41,887		34,990	_	42,729	
Total	_	2,500,378	_	1,816,745	_	(312,080)	
Deductions:							
Benefit payments and withdrawals	_	983,474	_	954,773	_	928,453	
Net increase (decrease)		1,516,904		861,972		(1,240,533)	
Plan net assets held in trust for pension benefits:							
Beginning of year	_	6,438,764		5,576,792	_	6,817,325	
End of year	2	7.955.668	s	6.438.764	s	5.576.792	

For fiscal year ended June 30, 2011, member contributions were approximately \$94.9 million or an increase of \$5.7 million (6.4%) compared to member contributions for fiscal year 2010. Member contributions were approximately \$89.2 million or an increase of \$4.8 million (5.8%), compared to member contributions for fiscal year 2009. The increases in member contributions are primarily due to increases in the number of active Plan members making voluntary contributions in addition to their required contributions and increases in the average annual pay of Plan members.

Employer contributions are made on a statutory basis determined by the actuarial valuations performed as of June 30, 2009, 2008 and 2007. Employer contributions for fiscal year 2011 totaled \$890.7 million, an increase of \$16.4 million (1.9%) over employer contributions for fiscal year 2010. Employer contributions for fiscal year 2010 totaled \$874.3 million, an increase of \$30.6 million (3.6%) over employer contributions for fiscal

For fiscal year ended June 30, 2011, the Plan had a net investment gain of \$1,472.9 million, an increase of 80% compared to the net investment gain of \$818.2 million recorded for fiscal year 2010. The gain for fiscal year 2011 can be attributed to the net appreciation in the fair value of the Plan's investment portfolio, primarily the increase in value of equity investments.

For fiscal year ended June 30, 2010, the Plan had a net investment gain of \$818.2 million, an increase of 163.8% compared to the net investment loss of \$1,282.9 million recorded for fiscal year 2009. The gain for fiscal year 2010 can be attributed to the net appreciation in the fair value of the Plan's investment portfolio, miscally the increase in which of earlier investments. primarily the increase in value of equity investments.

Benefit payments and withdrawals recorded were \$983.5 million for the period ended June 30, 2011; this was an increase of 3.0% over benefit payments and withdrawals recorded in fiscal year 2010. Benefit payments and withdrawals recorded were \$954.8 million for the period ended June 30, 2010; this was an increase of

2.8% over benefit payments and withdrawals recorded in fiscal year 2009. Increases in benefit payments and withdrawals are primarily due to changes in the number of new retirees and the amount of payments made to peneficiaries. In addition, legislatively enacted cost of living increase for certain retirees and beneficiaries lso serves to increase benefit payments each year.

PLAN NET ASSETS

For fiscal year 2011, Fire's plan net assets held in trust for benefits increased by 23.6% to approximately \$8.0 billion, compared to plan net assets of \$6.4 billion in fiscal year 2010. The increase can be attributed to the net appreciation in the fair value of the Plan's investment portfolio, primarily the increase in value of

For fiscal year 2010, Fire's plan net assets held in trust for benefits increased by 15.5% to \$6.4 billion, compared to plan net assets of \$5.6 billion in fiscal year 2009. The increase can be attributed to the net appreciation in the fair value of the Plan's investment portfolio, primarily the increase in value of equity

Outstanding member loans for fiscal year 2011 were \$34.7 million, a slight increase over member loans reported in fiscal year 2010. Outstanding member loans for fiscal year 2010 were \$34.4 million, an increase of \$7.5 million compared to outstanding member loans reported in fiscal year 2009. Increase in member loans can be attributed to increases in the number and amounts of new loans disbursed. Members are permitted to borrow up to 75% (for certain members up to 90%) of their required contributions, including accumulated

Plan Net Assets June 30, 2011, 2010 and 2009

INVESTMENTS

The table above summarizes the Plan's investment portfolio including collateralized securities lending. Due to the long-term nature of the Plan's benefit obligations, the Plan's assets are invested with a long-term investment horizon. Assets are invested in a diversified portfolio of capital market securities. Investments in these assets are expected to produce higher returns, but are also subject to greater volatility and may produce negative returns. For example, the Russell 3000 index, a broad measure of the United States stock market posted gains of 32.4% in fiscal year 2011, compared to gains posted of 15.7% in fiscal year 2010. The Investment results for fiscal year 2011 were generally consistent with related benchmarks, within asset classes. Overall, the most significant gains were posted within the equity asset classes during the fiscal period. The Plan's investment portfolio posted gains of 23.2% for fiscal years 2011 compared to the gain of 14.7% for fiscal year 2010. For the three-year period ended June 30, 2011, the overall rate of return on the Plan's investment portfolio was 4.7%.

This financial report is designed to provide a general overview of the New York City Fire Department Pension Fund's finances. Questions concerning any data provided in this report or requests for additional information should be directed to Chief Accountant, New York City Fire Department Pension Fund, 9 Metrotech Center, 6W-03-K, Brooklyn, NY 11201-3751.

NEW YORK CITY FIRE DEPARTMENT PENSION FUND QUALIFIED PENSION PLAN

NOTES TO FINANCIAL STATEMENTS YEARS ENDED JUNE 30, 2011 AND 2010

1. PLAN DESCRIPTION

The City of New York ("The City") maintains a number of pension systems providing benefits for employees of its various agencies (as defined within New York State ("State") statutes and City laws). The City's five major actuarially-funded pension systems are the New York City Fire Department Pension Fund (the "Plan"), the New York City Employees' Retirement System (NYCERS), the Teachers' Retirement System of the City of New York - Qualified Pension Plan (TRS), the New York City Board of Education Retirement System - Qualified Pension Plan (BERS) and the New York City Deard of Education Retirement System is a sengrate Public Employee Retirement System. Police Pension Fund (POLICE). Each pension system is a separate Public Employee Retirement System (PERS) with a separate oversight body and is financially independent of the others.

The New York City Fire Department, Subchapter Two Pension Fund is generally being referred to herein as the New York City Fire Department Pension Fund as set forth in Administrative Code of The City of New York Section 13-313.1.

The Plan is a single-employer PERS. The Plan provides pension benefits for full-time uniformed employees of the New York City Fire Department (the "Employer"). All full-time uniformed employees of the New York City Fire Department become members of the Plan upon employment.

The Plan functions in accordance with existing State statutes and City laws. It combines features of a defined benefit pension plan with those of a defined contribution pension plan. Contributions are made by the Employer and the members.

In June 1991, the Governmental Accounting Standards Board (GASB) issued Statement No. 14, The Financial Reporting Entity. The definition of the reporting entity is based primarily on the notion of financial accountability. In determining financial accountability for legally separate organizations, the Plan considered whether its officials appoint a voting majority of an organization's governing body and is either able to impose its will on that organization or if there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the Plan. The Plan also considered whether there are organizations that are fiscally dependent on it. It was determined that there are no component units of the Plan.

The Plan is included in the Pension and Other Employee Benefit Trust Funds section of The City's Comprehensive Annual Financial Report (CAFR).

At June 30, 2009 and June 30, 2008, the dates of the Plan's most recent actuarial valuations, the Plan's membership consisted of:

	2009	2008
Retirees and beneficiaries receiving benefits Terminated vested members not yet receiving benefits Other inactives *	17,263 34 30	17,404 32 53
Active members receiving salary	11,460	11,574
Total	28,787	29,063

* Represents members who are no longer on payroll but not otherwise classified

Under the One-Year Lag Methodology (OYLM) in effect for Fiscal Years beginning 2006, the actuarial valuation determines the Employer Contribution for the second following Fiscal Year. June 30, 2009 and June 30, 2008 are the dates used for calculating Fiscal Years 2011 and 2010 Employer

There are two benefit structures: The Original Plan (old program) covering members hired prior to July 1, 1981 and the Improved Benefits Plan (new program) covering members hired on and after July 1, 1981 and members hired prior to July 1, 1981 who elected the Improved Benefits Plan. The Plan pays the benefits for both programs.

The Plan provides three main types of retirement benefits: service retirements, ordinary disability retirements (non job-related disabilities) and accident disability retirements (job-related disabilities). For Tier I (Tier I) and Tier II (Tier 2) members, the Plan generally provides:

- A service retirement benefit, in both programs, provides an allowance of one-half of "final salary" after 20 years or 25 years of service (as elected), with additional benefits equal to a specified percentage per year of service (currently approximately 1.67%) of "average salary" times the number of years of service in excess of the 20-year or 25-year minimum. Under the new program, these additional benefits are increased, where applicable, by an annuity attributable to employee contributions accumulated with interest with respect to service over the 20-year or 25-year minimum and an annuity attributable to the Increased-Take-Home-Pav (TTHP) contributions accumulated after the program of contributions accumulated with interest with respect to service over the 20-year of 25-year minimum and an annuity attributable to the Increased-Take-Home-Pay (THP) contributions accumulated after required member qualifying service. ITHP represents amounts contributed by The City in lieu of members' own contributions. These amounts reduce the contributions that the members would have to make to the Plan during their service and thereby increases their take-home pay. Members have the choice of waiving their ITHP reduction, which would reduce their take-home pay, but provide them with additional benefits upon retirement.
- An ordinary disability retirement benefit generally provides a pension equal to 1/40 of "final salary" times the number of years of service but not less than one-half of "final salary" if 10 or more years of service were completed, or one-third of "final salary" if less than 10 years of service were completed. Members of the Improved Benefits Plan with years of service in excess of 20 years receive the actuarial equivalent of their Annuity Savings Fund balance.
- An accident disability retirement benefit provides a pension of three-fourths of "final salary" plus an increment, as described above based on years of service in excess of the 20-years or 25-years minimum plus, (i) under the Original Plan, accumulated employee contributions without interest as a lump sum or an actuarially equivalent annuity, (ii) under the Improved Benefits Plan, an annuity based on the member's contributions and ITHP contributions both of which are accumulated with

Annuities attributable to member contributions are reduced on an actuarial basis for any loans with unpaid balances outstanding at the date of retirement.

Chapter 659 of the Laws of 1999 reduced the amount of service credit needed for vesting purposes to five years, subject to certain conditions. In addition, the Plan includes provisions for death benefits.

During the Spring 2000 session, the State Legislature approved and the State Governor (Governor) signed laws that provide automatic Cost-of-Living Adjustments (COLA) for certain retirees and beneficiaries (Chapter 125 of the Laws of 2000), an increase of the ITHP contributions rate to 5.0% from 2.5% for certain Tier 1 and Tier 2 members (Chapter 373 of the Laws of 2000) and a revised definition of salary to be used for the computation of certain Tier 2 benefits (Chapter 372 of the Laws of

Finally, certain service retirees also receive supplemental benefits under the New York City Fire Department Variable Supplements Funds, which are not included in these financial statements.

The State Constitution provides that the pension rights of public employees are contractual and shall not be diminished or impaired. In 1973, amendments were made to the New York State Retirement and Social Security Law (RSSL) to modify certain benefits for employees joining the Plan on or after the effective date of such amendments. These amendments, which affect employees who joined the Plan on or after July 1, 1973, established certain benefit limitations relating to eligibility for retirement, the salary base for benefits and maximum benefits. Recent laws, including but not limited to Chapter 372 of the Laws of 2000 which provides a revised definition of salary base to be used in the computation of certain benefits for Tier 2 members of the Plan and Chapter 589 of the Laws of 2001 which eliminated the Tier 2 maximum 30 years of service limitation, have lessened these limitations.

Tier III (Tier 3) – In June of 2009 the Governor vetoed legislation that would have extended Tier II (Tier 2) to members hired after June 30, 2009. As a result of the Governor's veto, FIRE members hired on and after July 1, 2009 are covered under Tier III (Tier 3).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND PLAN ASSET MATTERS Basis of Accounting -- The Plan uses the accrual basis of accounting where the measurement focus is

on the flow of economic resources. Revenues are recognized in the accounting period in which they are rned and expenses are recognized in the period incurred. Contributions from members are recognized when the Employer makes payroll deductions from Plan members. Employer contributions are recognized when due and the Employer has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the Plan.

Investment Valuation - Investments are reported at fair value. Securities purchased pursuant to agreements to resell are carried at the contract price, exclusive of interest, at which the securities will b resold. Fair value is defined as the quoted market value on the last trading day of the period, except for resold, Fair value is defined as the quoted market value on the last trading day of the period, except for the Short-Term Investment Fund (STIF) (a money market fund), International Investment funds (IIF) and Alternative Investment funds (ALTINVF). The IIF are private funds of publicly traded securities which are managed by various investment managers on behalf of the Plan. Fair value is determined by Plan management based on information provided by the various investment managers. The investment managers determine fair value using the last available quoted price for each security owned adjusted by any contributions to or withdrawals from the fund during the period. The ALTINVF are Investments for which exchange quotations are not readily available and are valued at estimated fair value as determined in good faith by the General Partner (GP.) These investments are initially valued at cost with subsequen in good faith by the General Partner (GP). These investments are initially valued at cost with subsequer adjustments that reflect third party transactions, financial operating results and other factors deemed relevant by the GP. Fair value is determined by plan management based on information provided by the relevant by the GP. Fair value is determined by plan mana various GP's after review by an independent cons sultant and the custodian bank for the fund.

Purchases and sales of securities are reflected on the trade date. Dividend income is recorded on the ex-

No investment in any one security represents 5% or more of the Plan net assets held in trust for benefits.

- Income earned by the Plan is not subject to Federal income tax.

Accounts Payable — Accounts payable is principally comprised of amounts owed to the Plan's banks for overdrawn bank balances. The Plan's practice is to fully invest cash balances in most bank a

on a daily basis. Overdrawn balances result primarily from outstanding benefit checks that are presented to the banks for payment on a daily basis, and these balances are routinely settled each day.

Securities Lending Transactions — State statutes and Board policies permit the Plan to lend its investments to broker-dealers and other entities for collateral, with a simultaneous agreement to return the collateral for the same securities in the future. The Plan's custodian lends the following types of securities: short-term securities, common stock, long-term corporate bonds, U.S. Government and U.S. and U.S. securities: short-term securities, common stock, long-term corporate bonds, U.S. Government and U.S. Government agencies' bonds, asset-backed securities and international equities and bonds held in collective investment funds. In return, it receives collateral in the form of cash and U.S. Treasury and U.S. Government agency securities at 100 percent to 105 percent of the principal plus accrued interest for reinvestment. At June 30, 2010, management believes the Plan had no credit risk exposure to borrowers because the amounts the Plan owed the borrowers equaled or exceeded the amounts the borrowers owed the Plan. The contracts with the Plan's custodian require borrowers to indemnify the Plan if the borrowers fail to return the securities and if the collateral is inadequate to replace the Plan it the borrowers and to return the securities and it the constant is successful to pay the Plan for income distributions by the securities' issuers while the securities are on loan. All securities loans can be terminated on demand within a period specified in each agreement by either the Plan or the borrowers. Cash collateral is invested in the lending agents' short-term investment pools, which have a weighted-average maturity of 90 days. The underlying fixed income securities in these pools have an average maturity of ten years.

During Fiscal Year 2003, the value of certain underlying securities became impaired because of the credit failure of the issuer. Accordingly, the carrying amount of the collateral reported in the Plan's statements of plan net assets for fiscal year 2003 was reduced by \$10 million to reflect this impairment and reflect the net realizable value of the securities purchased with collateral from securities lending transactions. In fiscal years 2004 through 2007, the Plan received \$2.6 million from distribution in bankruptcy proceedings from the defaulted issuers. During the same period, the Plan also received \$3.9 million from litigation settlements. For fiscal years 2009 and 2008, the Plan received securities totaling \$102.4 thousand from distributions in bankruptcy proceedings. There were no recoveries for the defaulted security in fiscal years 2011 and 2010.

The securities lending program in which the Plan participates only allows pledging or selling securities in the case of borrower default.

GASB Statement No. 28, Accounting and Financial Reporting for Securities Lending Trans. requires that securities loaned as assets and related liabilities be reported in the statements of assets. Cash received as collateral on securities lending transactions and investments made with that cash are reported as assets. Securities received as collateral are also reported as assets if the government entity has the ability to pledge or sell them without a borrower default. Accordingly, the Plan recorded the investments purchased with the cash collateral as collateral from securities lending with a responding liability for securities lending.

Securities on loan are carried at market value and the value as of June 30, 2011 is \$818.4 million. As of the balance sheet date the maturities of the investments made with cash collateral on average exceed the maturities of the securities loans by approximately 30 days.

New Accounting Standard Adopted — In fiscal year 2011, the Plan adopted one new statement on financial accounting standards issued by the Governmental Accounting Standards Board ("GASB"). GASB Statement No. 59, Financial Instruments Omnibus, updates and improves existing standards regarding financial reporting and disclosure requirements of certain financial instruments and external investment pools for which significant issues have been identified in practice. The Plan has determined that GASB Statement No. 59 had no impact on the Plan's financial statements as a result of the

INVESTMENTS AND DEPOSITS

The Comptroller of The City of New York (the "Comptroller") acts as an investment advisor to the Plan. In addition, the Plan employs an independent investment consultant as an investment advisor. The Plan utilizes several investment managers to manager the long-term debt and equity portfolios. The managers are regularly reviewed, with regard to both their investment performance and their adherence to investment guidelines.

Concentration of Credit Risk

The Plan does not have any investments in any one entity that represent 5% or more of plan net assets.

The legal requirements for Plan investments are as follows

- Fixed income, equity and other investments may be made as permitted by New York State RSSL §§ 176-178(a) and Banking Law § 235, the New York City Administrative Code, and the Legal Investments for New York Savings Banks list as published by The New York State Banking Department, subject to Note 3(b).
- Investments up to 25% of total pension fund assets may be made in instruments not expressly permitted by the State RSSL.

Bank of New York Mellon (BNYM) is the primary custodian for substantially all of the securities of the

Cash deposits are insured by the Federal Deposit Insurance Corporation for up to \$250,000 per Plan

Credit Risk — Portfolios other than U.S. Government and related portfolios have credit rating Credit Risk — Portfolios other than U.S. Government and related portfolios have credit rating limitations. Investment Grade portfolios are limited to mostly ratings of BBB and above except that the are also permitted a 10% maximum exposure to BB & B rated securities. While non-investment grade managers are primarily invested in BB & B rated securities, they can also invest up to 7% of their portfolio in securities rated CCC. Non-rated securities are considered to be non-investment grade. The portions in securines factor to the factor and portfolio, as described by nationally recognized statistical rating organizations, are as follows:

Foreign Currency Risk — Foreign currency risk is the risk that changes in the exchange rates will adversely impact the fair value of an investment. Currency risk is present in underlying portfolios that invest in foreign stock and/or bonds. The currency markets have proven to be good diversifiers in a total portfolio context; therefore, the Plan has numerous managers that invest globally. In general, currency exposure is viewed as a benefit for its diversification reasons and not as an inherent risk within the

DUE TO VARIABLE SUPPLEMENTS FUNDS (VSFS)

The Administrative Code of The City of New York (ACNY) provides that the Plan transfer to the The Administrative Code of the City of New York (ACN) provides that the Flant Installed Supplements Fund (FFVSF) and the Fire Officers' Variable Supplements Fund (FOVSF) amounts equal to certain excess earnings on equity investments of the Plan, if any. These excess earnings are defined as the amount by which earnings on equity investments of the Plan exceed what the earnings would have been had such funds been invested at a yield comparable to that available from fixed income securities, less any cumulative deficiencies of prior years' excess earnings that fell below the yield of fixed income investments. In addition, such transfers from the Plan to the FFVSF and FOVSF are limited to the unfunded Accumulated Benefit Obligation (ABO) of these VSFs. For Fiscal Year 2011, the excess earnings of the Plan, inclusive of prior years' cumulative deficiencies, are estimated to be equal to zero and therefore, no transfers were due from the Plan to the VSFs as of time 30, 2011.

For Fiscal Year 2010, the excess carnings of the Plan, inclusive of prior years' cumulative deficiencies, were equal to zero and therefore, no transfers were due from the Plan to the VSFs as of June 30, 2010.

5. CONTRIBUTIONS AND ACTUARIAL ASSUMPTIONS

financial objective of the Plan is to fund members' retirement benefits during their active service and to establish Employer contribution rates which, expressed as a percentage of annualized covered payroll, will remain approximately level from year to year. Under current law, the Employer contributes statutorily-required contributions (Statutory Contributions) that together with Member Contributions, and investment income would ultimately be sufficient to accumulate assets to pay benefits when due.

Member Contributions - Tier I (Tier 1) and Tier II (Tier 2) members contribute by salary deductions on the basis of a normal rate of contribution which is assigned by the Plan at membership. This member normal rate, which is dependent upon age and actuarial tables in effect at the time of membership, is determined so as to provide approximately one-fourth of the service retirement allowance at the earliest of the service retirement allowance at the service retirement all the service retirement all the service retirement all the service retirement allowance at the service retirement all th age for service retirement. For Tier 1, the average member normal rate is approximately 7.4%. For Tier 2, the average member normal rate is approximately 6.8%.

These member contributions are reduced by 5.0% under the ITHP program.

Contribution. There were no changes in actuarial assumptions and methods fro

Members may voluntarily increase their rates of contribution by 50% for the purpose of purchasing an additional annuity. Members are permitted to borrow up to 90% of their own contributions including

Tier III (Tier 3) – In June of 2009 the Governor vetoed legislation that would have extended Tier II (Tier 2) to members hired after June 30, 2009. As a result of the Governor's veto, FIRE members hired on and after July 1, 2009 are covered under Tier III (Tier 3).

Tier III (Tier 3) members contribute 3.0% of salary until they have 25 years of credited service

ployer Contributions - Statutory Contributions to the Plan, determined by the Plan's Chie Actuary of the Office of the Actuary (the "Actuary") in accordance with State statutes and City laws, are generally funded by the Employer within the appropriate fiscal year.

The June 30, 2008 (Lag) actuarial valuation was used to determine the Fiscal Year 2010 Employer Contribution. There were no changes in actuarial assumptions and methods from the prior ac

The June 30, 2009 (Lag) actuarial valuation was used to determine the Fiscal Year 2011 Employer

The Frozen Initial Liability Actuarial Cost Method is utilized by the Actuary to calculate the contributions from the Employer. Under this actuarial cost method, the Initial Liability was reestablis by the Entry Age Actuarial Cost Method as of June 30, 1999, but with the Unfunded Actuarial Accrulability (UAAL) not less than zero. The excess of the Actuarial Present Value (APV) of projected benefits of members as of the valuation date, over the sum of the Actuarial Asset Value (AAV) plus UAAL, if any, and the APV of future employee contributions, is allocated on a level basis over the future earnings of members who are on the payroll as of the valuation date. Actuarial gains and losses are reflected in the employer normal contribution rate.

Chapter 85 of the Laws of 2000 (Chapter 85/00) reestablished the UAAL and eliminated the Balance Sheet Liability (BSL) for actuarial purposes as of June 30, 1999. The schedule of payments toward the reestablished UAAL provides that the UAAL be amortized over a period of 11 years beginning Fiscal Year 2000, where each annual payment after the first equals 103% of its preceding annual payment.

The obligations of the Plan to the FFVSF and the FOVSF are recognized through the Liability Valuation

Under this method the APV of Future SKIM from the Plan to the FFVSF and FOVSF is included directly as an actuarial liability to the Plan. SKIM is all or a portion of the excess earnings on equity securities of the Plan which are transferable to the FFVSF and FOVSF. The APV of Future SKIM is computed as the excess, if any, of the APV of benefits of the FFVSF and FOVSF offset by the AAV of the FFVSF and FOVSF, respectively.

Beginning with the June 30, 2004 (Lag) actuarial valuation, the Actuarial Asset Valuation Method (AAVM) was changed to a method which reset the AAV to Market Value (i.e., "Market Value Restart") as of June 30, 1999. As of each June 30 thereafter the AAVM recognizes investment returns greater or less than expected over a period of six years.

Under this revised AAVM, any Unexpected Investment Returns (UIR) for Fiscal Years 2000 and later are phased into the AAV beginning the following June 30 at a rate of 15%, 15%, 15%, 15%, 20% and 20% per year (or cumulative rates of 15%, 30%, 45%, 60%, 80% and 100% over a period of six years).

The UIR for Fiscal Years 2000 to 2004 under the revised AAVM was set equal to the UIR under the

For determining employer contributions for Fiscal Years 2000 through 2004 inclusive, the AAVM was changed as of June 30, 1999 to reflect a market basis for investments held by the Plan. This AAVM recognized expected investment returns immediately and phased in UIR.

Under this prior AAVM, any UIR for Fiscal Years 2000 through 2004 inclusive were phased into the AAV beginning the following June 30 at a rate of 10%, 15%, 20%, 25% and 30% per year (i.e., cumulative rates of 10%, 25%, 45%, 70% and 100% over a period of five years).

Chapter 125 of the Laws of 2000 (Chapter 125/00) provided eligible retirees and eligible beneficiaries with increased Supplementation as of September 2000 and with automatic COLA beginning September 2001. Chapter 125/00 also provided for a five-year phase-in schedule for funding the additional actuarial liabilities created by the benefits provided by this law. Chapter 278 of the Laws of 2002 (Chapter 278/02) required the Actuary to revise the methodology and timing for determining the Statutory Contributions on account of the additional actuarial liabilities attributable to the benefits provided under Chapter 125/00 by extending the phase-in period for funding these liabilities from five years to Iren years.

The impact of the ten-year phase-in of Chapter 278/02 was to postpone funding of the additional actuarial liabilities attributable to Chapter 125/00 resulting in greater Employer Contributions in later

Chapter 152 of the Laws of 2006 (Chapter 152/06) eliminated the ten-year phase-in. All actuarial liabilities attributable to Chapter 125/00 are now recognized in the actuarial valuation.

Statutory Contributions for Fiscal Years 2011 and 2010 were equal to the amounts calculated by the

Funded Status and Funding Progress — One measure of the funded status of the Plan as of June 30, 2009, the most recent actuarial valuation date, based on the Frozen Initial Liability Actuarial Cost Method, the plan's funding method, is as follows (dollar amounts in thousands):

Actuarial Value of Assets (a)	Actuariai Accrued Liability (AAL) (b)	Unfunded AAL (UAAL) (b-e)	Funded Ratio (a/b)	Covered Payroll (c)	UAAL as a Percentage of Covered Payroll ((b-a)/c)
\$7,304,758	\$ 7,327,560	\$ 22,802	99.7 %	\$1,079,682	2.1 %

The schedule of funding progress, presented as required supplementary information (RSI) following the notes to the financial statements, presents multiyear trend information about whether the actuarial values of plan assets are increasing or decreasing over time relative to the AALs for benefits under the Plan's Associated Cost Method.

An additional schedule of funding progress, presented as supplementary information following the notes to the financial statements, presents multiyear trend information about whether actuarial values of plan assets are increasing or decreasing over time relative to AALs for benefits under the Entry Age Actuaria Cost Method.

Additional information as of the latest actuarial valuation follows:

Valuation Date	June 30, 2009 (Lag)

1.3% per annum COLAs *

* Developed assuming a long-term Consumer Price Inflation assumption of 2.5% per annum.

6. MEMBER LOANS

Members are permitted to borrow up to 90% (for certain members, the 75% has been increased to 90% Members are permitted to borrow up to 940% (for certain members, the 73% has ocen increased to 940% effective July 20, 2004) of their own accumulated contributions including accumulated interest. The balance of member loans receivable at June 30, 2011 and 2010 is \$34.7 and \$34.4 million, respectively. Upon termination of employment before retirement, certain members are entitled to refunds of their own contributions including, for new program members, accumulated interest less any loans outstanding. Certain prior year loans to retirees were removed from member loans receivables. Such balances should be reduced at the effective date of retirement as a result of payoff or future benefit reductions.

The Comptroller has been appointed by law as custodian for Fixed Annuity Program assets with revocable discretionary authority. Securities are held by certain banks under custodial agreements with the Comptroller. The Comptroller also provides cash receipt and cash disbursement services to the Plan. Actuarial services are provided to the Plan by the Office of the Actuary employed by the Boards of Trustees of The City's main pension systems. The City's Corporation Counsel provides legal services to the Plan. Other administrative services are also provided by The City. The cost of providing such services amounted to \$ 1,742,426 and \$2,133,181 in Fiscal Years 2011 and 2010, respectively.

8. ADMINISTRATIVE AND INVESTMENT EXPENSES

There are no administrative expenses paid out of the Plan because they are paid for by related parties. Investment expenses charged to the investment earnings of the Plan, exclusive of expenses relating to securities-lending transactions amounted to approximately \$28.2 and \$28.4 in 2011 and 2010,

9. CONTINGENT LIABILITIES AND OTHER MATTERS

Contingent Liabilities — The Plan has a number of claims pending against it and has been named as a defendant in a number of lawsuits. The Plan also has certain other contingent liabilities. Management of the Plan, on the advice of legal counsel, believes that such proceedings will not have a material effect on the Plan net assets or changes in Plan net assets. Under the existing State statutes and City laws that govern the functioning of the Plan, increases in the obligations of the Plan to members and beneficiaries ordinarily result in increases in the obligations of The City to the Plan.

Other Matters - During Fiscal Years 2011 and 2010, certain events described below took place Other Matters—During riseal teals 2011 and 2010, terrain events described solon based which, in the opinion of Plan management, could have the effect of increasing benefits to members and/or their beneficiaries. The effect of such events has not been fully quantified. However, it is the opinion of Plan management that such developments would not have a material effect on the statements of Plan net assets held in trust for pension benefits or cause changes in Plan net assets held in trust for

Actuarial Audit — Pursuant to Section 96 of the New York City Charter, studies of the actuarial assumptions used to value liabilities of the five actuarially-funded New York City Retirement Syster (NYCRS) are conducted every two years. The most recently completed study was published by The Segal Company (Segal) dated November 2006 and analyzed experience for Fiscal Years 2002 th 2005. Segal made recommendations with respect to the actuarial resource for Fiscal Years 2002 th ommendations with respect to the actuarial assumptions and methods based or

Currently, the Hay Group ("Hay") is conducting a study of actuarial assumptions and analyzing experience for Fiscal Years 2006 through 2009. Hay has generally completed their study and prepared draft reports that are expected to be finalized by December 2011.

The Actuary is currently reviewing results from the Segal and Hay studies in preparation for mending revised actuarial assumptions and methods

Revised Actuarial Assumptions and Methods — In accordance with the ACNY and with appropriate practice, the Boards of Trustees of the five actuarially-funded NYCRS are to periodically review and practice, the Boards of Frustees of the Free accounting for use in the determination of Emadopt actuarial assumptions as proposed by the Actuary for use in the determination of Em

Based in part upon a review of an October 2003 experience study by Gabriel, Roeder, Smith & Company (GRS), the Actuary issued an August 31, 2005 Report entitled "Proposed Changes in Actuarial Assumptions and Methods for Determining Employer Contributions for Fiscal Years Beginning on and After July 1, 2005 for the New York City Fire Pension Fund" ("August 2005

Where required, the Board of Trustees of the Plan adopted those changes to actuarial assumptions that required Board approval and the State Legislature and the Governor have enacted Chapter 152/06 to provide for those changes to the actuarial assumptions and methods that required legislation, including the AIR assumption of 8.0% per annum.

New York State Legislation (only significant laws included) — Chapter 104 of the Laws of 2005, as amended by Chapter 93 of the Laws of 2005, created a presumptive eligibility for accidental disability in connection with the World Trade Center attack on September 11, 2001.

Chapter 105 of the Laws of 2005 states that a member killed in the US Armed Forces on and after June 14, 2005 is deemed a Line-of-Duty death while on active payroll.

Chapter 152/06 provided for the changes in actuarial assumptions and methods that require legislation Chapter 152/06 provided for the changes in actuarial assumptions and include the continuation of the AIR assumption of 8.0% per annum and continuation of the current Frozen Initial Liability (FIL) Actuarial Cost Method and the existing Unfunded Actuarial (Accrued Liability (UAL). In addition, Chapter 152/06 provides for elimination of the use of the ten-year phase of Chapter 278/02 for funding the additional actuarial liabilities created by the benefits provided by Chapter 125/00.

Chapter 445 of the Laws of 2006 (Chapter 445/06) created a presumptive eligibility for accidental death benefits in connection with the World Trade Center attack on September 11, 2001.

Chapter 654 of the Laws of 2006 expanded presumptive eligibility for Line-of-Duty accidental disability and accidental death benefits to include strokes effective from January 1, 2002.

Chapter 713 of the Laws of 2006 provides that FIRE members retired from the Fire Marshall title who are appointed to the Office of NYC Marshall will have no reduction or suspension of retirement allowance.

Chapter 5 of the 1 aws of 2007 amended Chapter 445/06 to clarify the World Trade Center accidental Chapter 445/06 to include World Trade Center deaths as presumptive accidental death benefits in the Line-of-Duty.

Chapter 637 of the Laws of 2007 deems prior EMT service and service in certain other job titles as qualifying time for all pension purposes.

Chapter 489 of the Laws of 2008 expanded and redefined the eligibility provisions of the accidental disability and accidental death benefits that arise in connection with the World Trade Center attack on September 11, 2001.

Chapter 211 of the Laws of 2009 continued the valuation and other interest rates for one year to June 30 2010 from June 30, 2009.

Chapter 265 of the Laws of 2010 continued the valuation and other interest rates for one year to June 30, Chapter 180 of the Laws of 2011 continued the valuation and other interest rates for one year to June 30

2012 from June 30, 2011.

Tier III (Tier 3) – In June of 2009 the Governor vetoed legislation that would have extended Tier II (Tier 2) to members hired after June 30, 2009. As a result of the Governor's veto, FIRE members hired on and after July 1, 2009 are covered under Tier III (Tier 3).

Based on the Frozen Initial Liability Actuarial Cost Method.

Reflects revised actuarial assumptions and methods based on experience review.

The annualized covered payroll under the One-Year Lag Methodology used for the Fiscal Year 2000 Employer Contribution differs from that as of June 30, 2004 to compute Fiscal Year 2005 Employer Contribution due to changes in actuarial assumptions and methods and more recent information on

Notes:

Beginning with the June 30, 2004 (Lag) actuarial valuation, the Actuarial Asset Valuation Method (AAVM) was changed to a method which reset the AAV to Market Value (i.e., "Market Value Restart") as of June 30, 1999. As of each June 30 thereafter the AAVM recognizes investment return greater or less than expected over a period of six years.

Under this revised AAVM, any Unexpected Investment Returns (UIR) for Fiscal Years 2000 and later are phased into the AAV beginning the following June 30 at rates of 15%, 15%, 15%, 15%, 20% and 20% per year (i.e., cumulative rates of 15%, 30%, 45%, 60%, 80% and 100% over a period of six years

(Schedule of Funding Progress Continued)

The UIR for Fiscal Years 2000 to 2004 under the revised AAVM was set equal to the UIR under the

The prior AAVM was changed as of June 30, 1999 to reflect a market basis for investments held by the

Under the AAVM used for the June 30, 1999 to June 30, 2004 actuarial valuations, any UIR for Fiscal Years 2000 and later were phased into the AAV beginning the following June 30 at a rate of 10%, 15%, 20%, 25% and 30% per year (i.e., cumulative rates of 10%, 25%, 45%, 70% and 100% over a period of

- To effectively assess the funding progress of the Plan, it is necessary to compare the AAV and the AAL calculated in a manner consistent with the Plan's funding method over a period of time. The AAL is the portion of the Actuarial Present Value of pension plan benefits and expenses which is not provided for by future Employer normal costs and future Member Contributions
- The UAAL is the excess of the AAL over the AAV. This is the same as the unfunded frozen AAL, which is not adjusted from one actuarial valuation to the next to reflect actuarial gains and losses.

(Schedule of Funding Progress Concluded)

NEW YORK CITY FIRE DEPARTMENT PENSION FUND QUALIFIED PENSION PLAN

REQUIRED SUPPLEMENTARY INFORMATION (UNAUDITED) SCHEDULE OF EMPLOYER CONTRIBUTIONS

Fiscal Years Ended June 30	Annual Required Contribution (ARC)	Percentage of ARC Contributed	Net Pension Obligation

- Under the One-Year Lag Methodology, the actuarial valuation determines the Employer Contribution for the second following Fiscal Year.
- Under this Actuarial Cost Method, the Initial Liability was reestablished as of June 30, 1999 by the Entry Age Actuarial Cost Method but with the UAAL not less than 50. The financial results using this Frozen Initial Liability Actuarial Cost Method are the same as those that would be produced using the Frozen Entry Age Actuarial Cost Method.
- In conjunction with Chapter 85/00, there is an amortization method. It reestablished UAAL as of June 30, 1999. The schedule of payments toward the reestablished UAAL (referred to in the ACNY as the Fire Department Pension Fund (FPF) 1999 UAL and elsewhere as the UAAL) provides that the UAAL be amortized over a period of 11 years beginning Fiscal Year 2000, where each annual payment after the first equals 103% of its preceding annual
- Developed assuming a long-term Consumer Price Inflation assumption of 2.5% per annum.

NEW YORK CITY FIRE DEPARTMENT PENSION FUND

SUPPLEMENTARY INFORMATION (UNAUDITED) FUNDED STATUS BASED ON ENTRY AGE ACTUARIAL COST METHOD (in thousands)

This Schedule is being provided by the Actuary for the Plan to improve the transparency and decision usefulness of this financial report.

The Actuarial Cost Method (ACM) used to develop the funding requirements for the Plan is the Frozen Initial Liability (FIL) ACM. Under this ACM, following establishment of any Initial Unfunded Actuarial Accrued Liabilities (UAAL), actuarial gains and losses are financed over the working lifetimes of active participants and are not identified as separate UAAL.

The funding status and funding progress information provided in this Schedule has been prepared using the Entry Age ACM where the Actuarial Present Value (APV) of any obligations of the Plan not provided by the APV of Future Contributions (Employer and Employee), as determined under the Entry Age ACM, equals the Actuarial Accuraci Alcoruced Liability (AAL). Under the Entry Age ACM, the UAAL equals the AAL minus the Actuarial Value of Assets.

NYC FIRE DEPARTMENT FIREFIGHTERS' VARIABLE SUPPLEMENTS FUND

■ NOTICE

New York City Fire Department Firefighters' Variable Supplements Fund

Financial Statements as of and for the Years Ended June 30, 2011 and 2010 and Independent Auditors' Report

Deloitte

INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of the New York City Fire Department Firefighters' Variable Supplements Fund

We have audited the accompanying statements of plan net assets of New York City Fire Department Firefighters' Variable Supplements Fund (the "Plan") as of June 30, 2011 and 2010, and the related statements of changes in plan net assets for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets of the Plan as of June 30, 2011 and 2010, and the changes in plan net assets for the years then ended in conformity with accounting principles generally accepted in the United States of America.

agement's Discussion and Analysis is not a required part of the financial statements, but is Management's Discussion and Analysis is not a required part of the financial statements, but is supplementary information required by the Governmental Accounting Standards Board (GASB). This supplementary information is the responsibility of Plan management. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of such required supplementary information. However, we did not audit this information and express no opinion on it.

NEW YORK CITY FIRE DEPARTMENT FIREFIGHTERS' VARIABLE SUPPLEMENTS FUND

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) JUNE 30, 2011 AND 2010

This narrative discussion and analysis of the New York City Fire Department Firefighters' Variable polements Fund's (the "Fund" or the "Plan"), financial po financial activities for the fiscal years ended June 30, 2011 and 2010. It is meant to assist the reader in understanding the Plan's financial statements by providing an overall review of the financial activities during the two years and the effects of significant changes, as well as a comparison with the prior years' activity and results. This discussion and analysis is intended to be read in conjunction with the Plan's financial statements,

OVERVIEW OF BASIC FINANCIAL STATEMENTS

The following discussion and analysis are intended to serve as an introduction to the basic financial statements. The basic financial statements are:

- The Statement of Plan Net Assets presents the financial position of the Plan at each fiscal year-end. It indicates the assets available for payment of future benefits and any current liabilities that are owed as of the statement date. Investments are shown at fair value. All other assets and liabilities are determined on an accrual hasis
- The Statement of Changes in Plan Net Assets presents the results of activities during the fiscal year. All changes affecting the assets and liabilities of the Plan are reflected on an accrual basis when the activity occurred, regardless of the timing of the related cash flows. In that regard, changes in the fair values of investments are included in the year's activity as net appreciation (depreciation) in fair value of investments.
- The Notes to Financial Statements --- provide additional information that is essential to a full Plan's accounting policies, significant account balances and activities, material risks, obligations, contingencies, and subsequent events, if any.

The financial statements are prepared in accordance with Governmental Accounting Standards Board (GASB)

FINANCIAL HIGHLIGHTS

As of June 30, 2011, the Plan's net assets held in trust for pension benefits increased by \$53.2 million (13.8%) to \$438.7 million compared to Plan net assets for fiscal year 2010. The increase for fiscal year 2011 can be attributed to the net appreciation in the fair value of the Plan's investment portfolio, primarily due to

As of June 30, 2010, the Plan's net assets held in trust for pension benefits increased by \$15.4 million (4.2%) to \$385.4 million compared to Plan net assets for fiscal year 2009. The increase for fiscal year 2010 can be attributed to the net appreciation in the fair value of the Plan's investment portfolio, primarily due to the

STATEMENTS OF CHANGES IN PLAN NET ASSETS

Changes in Plan Net Assets Years Ended June 30, 2011, 2010, and 2009 2011 2010 2009 \$ 101.022 \$ 65.939 \$ (93,310) 47,793 50,507 51,106 Benefit payments and withdrawals Net increase (decrease) Plan net assets held in trust for benefits: 53,229 15,432 (144,416) 370,028 514,444 385,460 Beginning of year \$ 438,689 \$ 385,460 **\$** 370,028

For fiscal year ended June 30, 2011, the Plan had a net investment gain of \$101.0 million, an increase of 53.3% compared to the net investment gain of \$65.9 million, recorded in fiscal year 2010. The gain for fiscal year 2011 can be attributed to the net appreciation in the fair value of the Plan's investment portfolio, primarily due to the increase in value of equity investments.

For fiscal year ended June 30, 2010, the Plan had a net investment gain of \$65.9 million, an increase of 170.7% compared to the net investment loss of \$93.3 million, recorded in fiscal year 2009. The gain for fiscal year 2010 can be attributed to the net appreciation in the fair value of the Plan's investment portfolio, primarily due to the increase in value of equity investments.

Benefit payments and withdrawals for fiscal years 2011 and 2010 totaled \$47.8 million and \$50.5 million, respectively, a decrease of \$3.3% and 1.2% compared to benefit payments and withdrawals reported in fiscal years 2010 and 2009, respectively. The decrease in benefits paid can be attributed to the change in the numbe of eligible retirees on payroll and the effects of the automatic cost of living adjustment (COLA) offset legislation (expired for certain eligible retirees in January 2007), which remains in effect for other retirees. The legislation allows for COLA amounts paid by the Fire Pension Fund to offset and reduce benefit payments made by the Variable Supplements fund to certain eligible retirees.

PLAN NET ASSETS

For fiscal year 2011, the Plan's net assets held in trust for benefits increased to \$438.7 million or 13.8% compared to Plan net assets in fiscal year 2010. The increase in 2011 can be attributed to the net appreciate the fair value of the Plan's investment portfolio, primarily due to the increase in value of equity

For fiscal year 2010, the Plan's net assets held in trust for benefits increased to \$385.5 million or 4.2% compared to Plan net assets in fiscal year 2009. The increase in 2010 can be attributed to the net apprecin the fair value of the Plan's investment portfolio, primarily due to the increase in value of equity

The Plan's receivables and payables are primarily generated through the timing difference between the trade and settlement dates for investment securities purchased or sold.

FUNDING AND PLAN BENEFITS

New York City Fire Department Pension Fund (FIRE) is the source of funding for the Plan. For fiscal years 2011 and 2010, there were no transfers from FIRE to the Plan.

Plan benefits are paid once a year, in December, according to a schedule which, in general, increases annually by \$500 up to a maximum of \$12,000. Tier A members, those hired before July 1, 1988, and Tier B members, those hired after June 30, 1988, are under different schedules. Tier A eligible Firefighter and Wiper retirees began receiving the maximum scheduled benefit of \$12,000 in December 2007. Tier B eligible Firefighter and Wiper retirees began receiving the maximum \$12,000 benefit in December 2008. Although cost-of-living increases to the regular pensions have been offsting all or part of the benefits paid by the Plan, that offset expired January 1, 2007 for those retirees who were 62 years of age or older. The offset will expire for each of the remaining and future retirees as they reach age 62. See Note 1 – Plan Description.

The Administrative Code of the City of New York provides that FIRE transfer to the Fund an amount equal to certain excess earnings on equity investments, limited to the unfunded accumulated benefit obligation (ABO) of the Fund. Excess earnings are defined as the amount by which earnings on equity investments of FIRE exceed what the earnings would have been had such funds been invested at a yield comparable to that available from fixed income securities ("Hypothetical Fixed Income Security Earnings") less any cumulative deficiencies. The Fund also receives credit for investment earnings on Fund assets. For further discussion on Funding, refer to the caption "Funding" in the Notes to Financial Statements.

INVESTMENTS

The table above summarizes the Plan's investment portfolio including collateral securities lending. Due to the long-term nature of the Plan's liabilities, the Plan's assets are invested with a long-term investment horizon. Assets are invested in a diversified portfolio of capital market securities. Investments in these assets are expected to produce higher returns but are also subject to greater volatility and may produce negative returns. For example, the Russell 3000 index, a broad measure of the United States stock market posted gains of 32.4% in fiscal year 2011, compared to gains of 15.7% in fiscal year 2010. The investment results for fiscal year 2011 were generally consistent with related benchmarks, within asset classes. However, equity assets posted the most significant gains during the fiscal period. Overall, the Plan's investment portfolio had gains of 24.2% for fiscal year 2011, compared to the gains of 15.2% for fiscal year 2010. For the three-year period ended June 30, 2011, the overall rate of return on the Plan's investment portfolio was 6.0%.

This financial report is designed to provide a general overview of the New York City Fire Department Firefighters' Variable Supplements Fund's finances. Questions concerning any data provided in this report or requests for additional information should be directed to Chief Accountant, New York City Fire Pension Fund, 9 Metrotech Center 6W-03-K, Brooklyn, NY 11201-3751.

End of year

NEW YORK CITY FIRE DEPARTMENT FIREFIGHTERS' VARIABLE SUPPLEMENTS FUND

NOTES TO FINANCIAL STATEMENTS YEARS ENDED JUNE 30, 2011 AND 2010

PLAN DESCRIPTION

The New York City ("The City") Fire Department Pension Fund administers both the Firefighters' Variable Supplements Fund (the "Fund" or the "Plan") and the Fire Officers' Variable Supplements Fund (FOVSF). The Fund operates pursuant to the provisions of Title 13, Chapter 3 of the Administrative Code of The City of New York (ACNY) and provides supplemental benefits to retired Firefighters and Wipers from the New York City Fire Department. To be eligible to receive Fund benefits, Firefighters and Wipers must retire, on or after October 1, 1968, and be receiving a service retirement benefit from the New York City Fire Department Pension Fund (FIRE).

Except for service retirement, Fund benefits are forfeitable upon separation from service

The Fund is included in the Pension and Other Employee Benefit Trust Funds section of The City's Comprehensive Annual Financial Report (CAFR).

The FOVSF is maintained as a separate fund and is not included in these financial state

Under current law, the Fund is not to be construed as constituting a pension or retirement system. Instead, it provides defined supplemental payments, other than pension or retirement system allowances in accordance with applicable statutory provisions. While these payments are guaranteed by The City, the New York State Legislature has reserved to itself and the State of New York (the "State") the right and power to amend, modify, or repeal the Fund and the payments it provides.

At June 30, 2010 and 2009, the dates of the Fund's most recent actuarial valuations, the Fund's consisted of:

	2010	2009	
Retirees currently receiving payments* Active members**	4,020 8,532	4,149 8,948	
Total	12,552	13,097	

This includes all retired Firefighters and Wipers currently receiving payments. Represents the number of actively- employed Firefighters and Wipers as of the

As a result of Chapter 480 of the Laws of 1993 (Chapter 480/93), all Wipers now receive the same benefits as Firefighters and, hereafter for prospective supplemental benefits, the term Firefighters will

The Fund provides a guaranteed schedule of supplemental benefits for Firefighters who retire (or have retired) as Firefighters on service retirement with at least 20 years of service as follows:

For those Firefighters who retired from service as Firefighters before July 1, 1988, the annual supplemental benefit was \$2,500 in Calendar Year 1988. For those who retired during Calendar Year 1988, the annual \$2,500 benefit payment was prorated. The annual benefit increases \$500 each year thereafter to a maximum of \$12,000 in Calendar Year 2007. The 1988 benefits included any payments made under the prior program.

For those Firefighters hired before July 1, 1988 and who retire after Calendar Year 1988, the annual benefit payment is the scheduled amount described above prorated in the year of retirement, and the full amount thereafter.

For those who become members of FIRE on or after July 1, 1988, the annual supplemental benefit is \$2,500 for the first 12 months of retirement, which increases by \$500 each year until a maximum of \$12,000 is payable in the twentieth and later years of retirement. This was later modified by Chapter 500 of the Laws of 1995 (Chapter 500/95) as discussed below.

Chapter 500/95 provided that Firefighters who became members of FIRE on and after July 1, 1988 will receive the maximum \$12,000 benefit beginning Calendar Year 2008 and thereafter. In addition, this law permits certain active employees with prior service credit before entering FIRE to utilize their original dates of hire for determining eligibility for benefits from the Fund.

Chapter 404 of the Laws of 1998 (Chapter 404/98) provided that some FIRE members who had dual membership with a prior pension fund at entry into FIRE may be entitled to transfer that prior membership if they met certain criteria and make proper application for such transfers.

Chapter 216 of the Laws of 2002 (Chapter 216/02) provided that participants of the Fund who retire from FIRE on and after January 1, 2002 with more than 20 years of service are entitled to an additional one-time special lump sum payment in the first year following retirement equal to the cumulative Fund benefits that would have been paid after January 1, 2002 had they retired at the completion of their entieth year of service (VSF DROP).

In the past, the State Legislature, in recognition of inflation, has increased retirement benefits to retirees of its public pension systems. Any increase in the amount of ad-hoc cost-of-living increases ("Supplementation") or automatic Cost-of-Living Adjustments (COLA) payable from FIRE to retirees of the Fund under legislation enacted after 1988 will reduce benefits payable from the Fund until the later of: (a) age 62, or (b) Calendar Year 2007 (the twentieth year of retirement or January 1, 2008, if earlier, in the case of new members on and after July 1, 1988).

Chapter 119 of the Laws of 1995 (Chapter 119/95) provided additional Supplementation payable from Chapter 11701 the Laws 01 1990 (Chapter 11909) provided additional Supplementation payable FIRE on and after December 1, 1996 for certain retirees of FIRE effective as enacted by the City Council on October 25, 1995.

r 390 of the Laws of 1998 (Chapter 390/98) provided additional Supplementation payable from FIRE on and after September 1, 1998 (with a second benefit increase com Chapter 125 of the Laws of 2000 (Chapter 125/00) provided Supplementation benefits from FIRE for certain retirees who retired before Calendar Year 1997 effective September 2000. In addition, Chapter 125/00 provided future COLA increases from FIRE beginning September 2001 and on each subsequent

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Rasis of Accounting - The Fund is accounted for on an accrual basis where the me the flow of economic resources. Revenues are recognized in the accounting period in which they are med and expenses are recognized in the period incurred.

Method Used to Value Investments - Investments are reported at fair value. Trading securities are Method Used to Value Investments — Investments are reported at fair value. I rading securities are stated at the last reported sales price on a national securities exchange on the last business day of the Fiscal Year. Securities purchased pursuant to agreements to resell are carried at the contract price, exclusive of interest, at which the securities will be resold. Fair value is defined as the quoted market value on the last trading day of the period, except for the Short-Term Investment Fund (the STIP) money market fund) and the international Investment Funds (the IIF). The IIF's are private funds, whi are managed by various investment managers on behalf of the Plan. Plan management determines fair values of the IIF's haved on information resysted by the various investment managers. Management value of the IIF's based on information provided by the various investment managers. Management cords the STIF at cost, which approximates fair value.

Purchases and sales of securities are reflected on the trade date. Gains and losses on the sale of securities

Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned on an

No investment in any one security represents 5% or more of the plan net assets held in trust for benefits

Contributions — FIRE is the source of funding for the Fund. Section 13-335 of the ACNY states, among other things, how amounts transferred into the Fund shall be compu

See Note 4 for more information on funding and for information regarding The City's liability Income Taxes -- Income earned by the Fund is not subject to Federal income

Accrued Benefits Payable - Accrued benefits payable represent either: (1) benefits due and from the preceding payment date of December 15: or (2) benefits deemed incurred and unpaid (an accrual for a portion of the subsequent calendar year benefit) for the Fiscal Year ending June 30.

Securities Lending Transactions — State statutes and the Fund's Board of Trustees policies permit the and to lend its securities to broker-dealers and other entities with a simultaneous agreement to return e collateral for the same securities in the future. The Fund's custodian lends the following types of curities: short-term securities, common stock, long-term corporate bonds, U.S. Government and U.S. overmment seemice's bonds assert-healed committee and the control of the Government agencies' bonds, asset-backed securities and international equities and bonds held in

collective investment funds. In return, it receives collateral in the form of cash and treasury and U.S. Government agency securities at 100% to 105% of the principal plus accrued interest for reinvestment. At year end, the Fund had no credit risk exposure to borrowers because the amounts the Fund owed the borrowers exceeded the amounts the borrowers owed the Fund. The contracts with the plan custodian require borrowers to indemnify the Fund if the borrowers fail to return the securities and if the collateral is inadequate to replace the securities loaned or fail to pay the Fund for income distributions by the securities' issuers while the securities are on loan. All securities loans can be terminated on demand within a period specified in each agreement by either the Fund or the borrowers. Cash collateral is invested in the lending agents' short-term investment pools, which have a weighted-average maturity of 90 days. The underlying fixed income securities in these pools have an average maturity of ten years. The securities lending program in which the Fund participates only allows pledging or selling securities in the case of borrower default. Accordingly, the Fund is fully indemnified against any loss of value between the securities lent and the securities held as collateral.

Governmental Accounting Standards Board (GASB) Statement No. 28, Accounting and Financial Reporting for Securities Lending Transactions, requires that securities loaned as assets be reported in the statements of plan net assets. Cash received as collateral on securities lending transactions and nyestments made with that cash are reported as assets. Securities received as collateral are also reported as assets if the government entity has the ability to pledge or sell them without a borrower default. Liabilities resulting from these transactions are also reported in the statements of plan net assets. Accordingly, the Fund recorded the investments purchased with the cash collateral as collateral from securities lending transactions with a corresponding liability as securities lending transactions.

Securities on loan are carried at market value, the value as of June 30, 2011 is \$ 49.1 million. As of balance sheet date the maturities of the investments made with cash colla maturities of the securities loans by approximately 30 days.

New Accounting Standard Adopted — In fiscal year 2011, the Plan adopted one new statement on financial accounting standards issued by the Governmental Accounting Standards Board ("GASB"). GASB Statement No. 59. Financial Instruments Omnibus, updates and improves existing standards regarding financial reporting and disclosure requirements of certain financial instruments and external investment pools for which significant issues have been identified in practice. The Plan has determined that GASB Statement No. 59 will have no impact on the Plan's financial statements as a result of the implementation.

*U.S. Treasury Bonds, Notes and Treasury-inflation protected securities are obligations of the U.S. government or explicitly guaranteed by the U.S. government and therefore not considered to have credit risk and are not included above.

Custodial Credit Risk — Deposits are exposed to custodial credit risk if they are uninsured and uncollateralized. Custodial credit risk is the risk that, in the event of a failure of the counterparty, Plan will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the Plan and are held by either the counterparty or the counterparty's trust department or agent but not in the Plan's name.

Consistent with the Plan's investment policy, the investments are held by the Plan's custodian and

All of the Plan's deposits are insured and or collateralized by securities held by a financial institution separate from the Plan's depository financial institution.

Interest Rate Risk -- Interest rate risk is the risk that the fair value of investments could be adversely affected by the change in interest rates. Duration limits are used to control the portfolios exposure to interest rate changes. Duration is limited to a range of -1 to .75 years. Duration range is a measure of the overall portfolio, while statements of the stated maturity reflect the specific maturities of the individual securities held. The lengths of investment maturities (in years), as shown by the percent of the rated ortfolio, are as follows:

Foreign Currency Risk -- Foreign currency risk is the risk that changes in the exchange rates will adversely impact the fair value of an investment. Currency risk is present in underlying po invest in foreign stock and/or bonds. The currency markets have proven to be good diversifiers in a to ortfolio context; therefore, the Plan has numerous managers that invest globally. In general, currency sposure is viewed as a benefit for its diversification reasons and not as an inherent risk within the

4. FUNDING

The ACNY provides that FIRE transfer to the Fund an amount equal to certain excess earnings on equity investments limited to the unfunded Accumulated Benefit Obligation (ABO) of the Fund. Excess earnings are defined as the amount by which earnings on equity investments of FIRE exceed what the earnings would have been had such funds been invested at a yield comparable to that available from fixed-income securities ("Hypothetical Fixed Income Security Earnings"), less any cumulative deficiencies. The Fund also receives credit for investment earnings on Fund assets.

The calculation of the Hypothetical Fixed Income Security Earnings requires the determination of the Hypothetical Interest Rate (HIR), which is computed by the Comptroller.

For Fiscal Year 2011, the excess earnings of FIRE, inclusive of prior year's cumulative deficiencies, are estimated to be equal to zero and, therefore, no transfer will be due from FIRE to the Fund as of June 30.

For Fiscal Year 2010, the excess earnings of FIRE, inclusive of prior year's cumulative deficiencies were equal to zero and, therefore, no transfer was due from FIRE to the Fund as of June 30, 2010. In addition, Chapter 583 of the Laws of 1989 states that if the assets of the Fund are less than the amount וות שבות ביינות ביינות

The amount shown below as the ABO is the measure of the present value of scheduled supplemental benefits estimated to be payable in the future as a result of employee service-to-date. The ABO is calculated as the actuarial present value of credited projected benefits, prorated on service and is intended to help users assess the funded status of the Fund on a going-concern basis, assess progress made in accumulating sufficient assets to pay benefits when due and make comparisons among variable supplements funds.

Actuarial valuations of the Fund are performed annually as of June 30.

operison of the ABO as calculated by the Actuary with the plan net assets held in trust for benefits A comparison of the ABO as carculated by the ABO as of June 30, 2010 and June 30, 2009 is as follows (in millions):

	Amount as of June 30
Accumulated benefit obligation for:	2010 2009 (In Millions)
Retirees currently receiving benefits	\$ 364.7 \$385.4
Active employees	<u>165.7</u> <u>156.2</u>
Total accumulated benefit obligation * ,**	530.4 541.6
Plan net assets held in trust for benefits ***	385.5 370.0
Unfunded (funded) accumulated benefit obligation	<u>\$ 144.9</u> <u>\$171.6</u>

- The June 30, 2010 and June 30, 2009 ABOs decreased by approximately \$2.4 million and \$2.4 million, respectively, compared to those projected prior to the enactment of Chapters 119/95, 390/98 and 125/00. These total ABOs have been reduced by accrued benefits payable. This basis of reporting the total ABO is consistent with this used to report Plan net assets held in trust for benefits in these financial statements, but may differ from the bases used for other purposes.

The June 30, 2010 actuarial valuation, used to determine the ABO, is based on the same actuaria assumptions and methods as were used in the actuarial valuation as of June 30, 2009.

The June 30, 2009 actuarial valuation, used to determine the ABO, is based on the same actuarial assumptions and methods as were used in the actuarial valuation as of June 30, 2008.

For purposes of the June 30, 2010 and June 30, 2009 actuarial valuations of the Fund, Chapter 125/00 has been taken into account in the determination of the unfunded ABO relative to the Suppl benefit increases that began Fiscal Year 2001 and to the automatic COLA benefits provided for Fiscal Year 2002 and each future year (Note 1).

Sections 13-384 and 13-394 of the ACNY provide that the Boards of Trustees of the Fund and the FOVSF shall adopt, upon the recommendation of the Actuary, actuarial assumptions as to interest rate, mortality of retirees and estimated number of active members of FIRE in service as of each June 30 who will retire for service with 20 or more years of service as Firefighters and Fire Officers, for use in making annual valuations of liabilities.

The following actuarial assumptions represent the recommendations of the Actuary and were used in the actuarial calculations to determine the ABO as of June 30, 2010 and June 30, 2009, respectively:

	June 30, 2010	June 30, 2009
Investment rate of return	8.0% per annum.(1)	8.0% per annum.(1)

(!) Developed assuming a long-term Consumer Price Inflation assumption of 2.5% per year.

INVESTMENT ADVISORS

The Comptroller utilizes several investment advisors to manage long-term debt and equity portfolios. Advisors must obtain prior approval before each purchase or sale of a particular security. To be eligible for consideration, investments must meet criteria set forth in governing laws and regulations.

Administrative expenses are paid for by The City. The Comptroller also provides certain administrative services to the Fund. The Actuary is appointed to be technical advisor to the Fund and the Office of the Actuary provides related actuarial services to the Fund. The City's Corporation Counsel provides legal services to the Fund. Other administrative services are also provided by The City.

The Comptroller has been appointed by law as custodian for the monies and assets of the Plan with revocable discretionary authority. Securities are held by certain banks under custodial agreements with the Comptroller.

CONTINGENT LIABILITIES

From time to time, the Fund has a number of claims pending against it and has been named as defenda in a number of lawsuits. The Fund also has certain other contingent liabilities.

Management of the Fund, on the advice of legal counsel, believes that such proceedings and contingencies generally do not have a material effect on the plan net assets or changes in the plan net assets of the Fund. Under the State statutes and City laws that govern the functioning of the Fund, increases in the obligation of the Fund to members and beneficiaries ordinarily result in increases to the future potential obligations of FIRE.

OTHER ACTUARIAL INFORMATION

Actuarial Audit — Pursuant to Section 96 of the New York City Charter, studies of the actuarial assumptions used to value liabilities of the five actuarially-funded New York City Retirement Systems (NYCRS) are conducted every two years. The most recently completed study was published by The Segal Company (Segal) dated November 2006 and analyzed experience for Fiscal Years 2002 through 2005. Segal made recommendations with respect to the actuarial assumptions and methods based on their conduction.

Currently, the Hay Group (Hay) is conducting a study of actuarial assumptions and analyzing experienc for Fiscal Years 2006 through 2009. Hay has generally completed their study and prepared draft reports that are expected to be finalized by December 2011.

The Actuary is currently reviewing results from the Segal and Hay studies in preparation for

Revised Actuarial Assumptions and Methods — In accordance with the ACNY and with appropriat practice, the Boards of Trustees of the five actuarially-funded NYCRS are to periodically review and adopt actuarial assumptions as proposed by the Actuary for use in the determination of employer contributions.

contributions.

Based upon a review of an October 2003 experience study by Gabriel, Roeder, Smith & Company (GRS), the Actuary issued an August 31, 2005 Report entitled "Proposed Changes in Actuarial Assumptions and Methods for Determining Employer Contributions for Fiscal Years Beginning on and After July 1, 2005 for the New York City Fire Pension Fund" ("August 2005 Report"). Where required, the Board of Trustees of FIRE adopted those changes to actuarial assumptions that required Board approval and the State Legislature and the Governor have enacted Chapter 152/06 to provide for those changes to the actuarial assumptions and methods that required legislation, including the AIR assumption of 8.0% per annum. Chapter 211 of the Laws of 2009 extended the AIR assumption for one year to June 30, 2010 from June 30, 2009. Chapter 265 of the Laws of 2010 continued the valuation and other interest rates for one year to June 30, 2011 from June 30, 2010. Chapter 180 of the Laws of 2011 continued the valuation and other interest rates for one year to June 30, 2011. 2012 from June 30, 2011.

For the actuarial valuations of the Fund beginning June 30, 2005, the Actuary used actuarial assumption that were adopted during Fiscal Year 2006 by the Board of Trustees of FIRE.

SUBSEQUENT EVENT

During Fiscal Year 2012 the Actuary is expected to propose new packages of actuarial assumptions and methods to be effective beginning with actuarial valuations prepared as of June 30, 2010. Ho June 30, 2010 actuarial valuations are used to measure actuarial present values for FIRE, the Fund and the FOVSF as of that date and to determine employer contributions to FIRE for Fiscal Year 2012. Among rover as of that can be occurred when the assumptions expected to be proposed are reduced probabilities of post-retirement mortality and a reduction in the Actuarial Interest Rate assumption. The liabilities shown under Note 4 (Funding) could increase under the actuarial assumptions expected to be proposed.

INDEPENDENT AUDITORS' REPORT

New York City Fire Department Fire Officers' Variable Supplements Fund:

We have audited the accompanying statements of plan net assets of New York City Fire Department Fire Officers' Variable Supplements Fund (the "Plan") as of June 30, 2011 and 2010, and the related statements of changes in plan net assets for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our pointion. basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets of the Plan as of June 30, 2011 and 2010, and the changes in plan net assets for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Management's Discussion and Analysis is not a required part of the financial statements vianagement's Discussion and Analysis is not a required part of the financial statements, but is supplementary information required by the Governmental Accounting Standards Board (GASB). This supplementary information is the responsibility of Plan management. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of neasurement and presentation of such required supplementary information. However, we did not audit the information and express requiring on the process of th information and express no opinion on it.

NEW YORK CITY FIRE DEPARTMENT FIRE OFFICERS' VARIABLE SUPPLEMENTS FUND

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) JUNE 30, 2011 AND 2010

This narrative discussion and analysis of the New York City Fire Department Fire Officers' Variable Supplements Fund's (the "Fund" or the "Plan"), financial performance provides an overview of the Plan's financial activities for the fiscal years ended June 30, 2011 and 2010. It is meant to assist the reader in understanding the Plan's financial statements by providing an overall review of the financial activities during the two years and the effects of significant changes, as well as a comparison with the prior years' activity and results. This discussion and analysis is intended to be read in conjunction with the Plan's financial statements which begin on page 6.

OVERVIEW OF BASIC FINANCIAL STATEMENTS

The following discussion and analysis are intended to serve as an introduction to the basic financial statements. The basic financial statements are:

- The Statement of Plan Net Assets presents the financial position of the Plan at each fiscal year-end. It indicates the assets available for payment of future benefits and any current liabilities that are owed as of the statement date, investments are shown at fair value. All other assets and liabilities are determined on
- The Statement of Changes in Plan Net Assets presents the results of activities during the fiscal year. All changes affecting the assets and liabilities of the Plan are reflected on an accrual basis when the activity occurred, regardless of the timing of the related cash flows. In that regard, changes in the fair values of investments are included in the year's activity as net appreciation (depreciation) in fair value of
- The Notes to Financial Statements provide additional information that is essential to a full understanding of the data provided in the financial statements. The notes present information about the Plan's accounting policies, significant account balances and activities, material risks, obligations, contingencies, and subsequent events, if any.

The financial statements are prepared in accordance with Governmental Accounting Standards Board (GASB)

FINANCIAL HIGHLIGHTS

For fiscal year 2011, the Plan's net assets held in trust for pension benefits increased by \$38.0 million (16.2%) to \$272.6 million compared to Plan net assets as of June 30, 2010. The increase for fiscal year 2011 can be attributed to the net appreciation in the fair value of the Plan's investment portfolio, primarily due to the increase in value of equity investments.

For fiscal year 2010, the Plan's net assets held in trust for pension benefits increased by \$12.5 million (5.6%) to \$234.7 million compared to Plan net assets as of June 30, 2009. The increase for fiscal year 2010 can be attributed to the net appreciation in the fair value of the Plan's investment portfolio, primarily due to the increase in value of equity investments.

Changes in Plan Net Assets For the Years Ended June 30, 2011, 2010 and 2009

2011	2010	2009
\$ 58,980	\$ 35,418	\$ (54,606)
21,014	22,897	22,525
37,966	12,521	(77,131)
234,678	222,157	299,288
\$ 272,644	<u>\$ 234,678</u>	\$ 222,157
	\$ 58,980 21,014 37,966 234,678	\$ 58,980 \$ 35,418 21,014 22,897 37,966 12,521 234,678 222,157

For fiscal year ended June 30, 2011, the Plan had a net investment gain of \$59.0 million, an increase of 66.7% compared to the net investment gain of \$35.4 million recorded for fiscal year 2010. The gain for fiscal year 2011 can be attributed to the net appreciation in the value fair value of the Plan's investment portfolio, primarily due to the increase in value of equity investments.

For fiscal year ended June 30, 2010, the Plan had a net investment gain of \$35.4 million, an increase of 164.9% compared to the net investment loss recorded for fiscal year 2009. The gain for fiscal year 2010 can be attributed to the net appreciation in the value fair value of the Plan's investment portfolio, primarily due to the increase in value of equity investments.

Benefit payments and withdrawals for fiscal year 2011 totaled \$21.0 million, a decrease of 8.3% compared to benefit payments and withdrawals reported in fiscal year 2010. Benefit payments and withdrawals for fiscal year 2010 totaled \$22.9 million, an increase of 1.7% over benefit payments and withdrawals reported in fiscal year 2009. Changes in benefits paid can be attributed to a change in the number of eligible retires on payroll and the effects of the automatic cost of living adjustment (COLA) offset legislation (expired for certain eligible retirees in January 2007), which remain in effect for other retirees. The legislation allows for COLA amounts paid by the Fire Pension Fund to offset and reduce benefit payments made by the Variable Supplements find to certain eligible retires. Supplements fund to certain eligible retirees.

PLAN NET ASSETS

For fiscal year 2011, the Plan's net assets held in trust for benefits increased by 16.2% to \$272.6 million compared to Plan net assets in fiscal year 2010. The increase in 2011 can be attributed the net appreciation in the fair value of the Plan's investment portfolio, primarily due to the increase in value of equity investments.

For fiscal year 2010, the Plan's net assets held in trust for benefits increased by 5.6% to \$234.7 million compared to Plan net assets in fiscal year 2009. The increase in 2010 can be attributed the net appreciation in the fair value of the Plan's investment portfolio, primarily due to the increase in value of equity investments. The Plan's receivables and payables are primarily generated through the timing difference between the trade and settlement dates for investment securities purchased or sold.

Plan Net Assets June 30, 2011, 2010 and 2009

	2011	2010	2000
Cash	\$ 220	\$ 517	\$ 173

Total liabilities	63,601	70,962	94,278
Plan net assets held in trust for benefits	\$ 272,644	\$ 234,678	\$ 222,157

FUNDING AND PLAN BENEFITS

New York City Fire Department Pension fund (FIRE) is the source of funding for the Plan. For fiscal years 2011 and 2010, there were no transfers from FIRE to the Plan.

Plan benefits are paid once a year, in January, according to a schedule which, in general, increases annually by \$500 up to a maximum of \$12,000. Tier A members, those hired before July 1, 1988, and Tier B members, those hired after June 30, 1988, are under different schedules. Tier A eligible Fire Officer retirees began receiving the maximum scheduled benefit of \$12,000 in January 2008. Tier B eligible Fire Officer retirees began receiving the maximum \$12,000 benefit in January 2009. Although cost-of-living increases to the regular pensions have been offsetting all or part of the benefits paid by the Plan, that offset expired January 1, 2007 for those retirees who are 62 years of age or older. The offset will expire for each of the remaining and future retirees as they reach age 62. See Note 1 – Plan Description.

The Administrative Code of The City of New York provides that FIRE transfer to the Fund an amount equal to certain excess earnings on equity investments, limited to the unfunded accumulated benefit obligation (ABO) of the Fund. Excess earnings are defined as the amount by which earnings on equity investments of FIRE exceed what the earnings would have been had such funds been invested at a yield comparable to that available from fixed income securities ("Hypothetical Fixed Income Security Earnings") less any cumulative deficiencies. The Fund also receives credit for investment earnings on Fund assets. For further discussion on Funding Seffers to the captain "Fundings" in the Notes to Financial Statements. Funding, refer to the caption "Funding" in the Notes to Financial Statements.

INVESTMENTS

The table above summarizes the Plan's investment portfolio including collateral securities lending. Due to the long-term nature of the Plan's liabilities, the Plan's assets are invested with a long-term investment horizon. Assets are invested in a diversified portfolio of capital market securities. Investments in these assets are expected to produce higher returns but are also subject to greater volatility and may produce negative returns. For example, the Russell 3000 index, a broad measure of domestic equity in the United States stock market posted gains of 32.4% in fiscal year 2011, as compared to gains of 15.7% in fiscal year 2010. The Investment results for fiscal year 2011 were generally consistent with related benchmarks, within asset classes. However, the most significant gains were posted by the equity asset classes during the fiscal period. Overall, the Plan's investment portfolio had gains of 24.4% for fiscal year 2011 compared to the gains of 15.1% for fiscal year 2010. For the three-year period ended June 30, 2011, the overall rate of return on the Plan's investment portfolio was 6.0%.

NEW YORK CITY FIRE DEPARTMENT FIRE OFFICERS' VARIABLE SUPPLEMENTS FUND

NOTES TO FINANCIAL STATEMENTS YEARS ENDED JUNE 30, 2011 AND 2010

1. PLAN DESCRIPTION

The New York City (The "City") Fire Department Pension Fund administers both the Fire Officers' Variable Supplements Fund (the "Fund" or the "Plan") and the Firefighters' Variable Supplements Fund (FFVSF). The Fund operates pursuant to the provisions of Title 13, Chapter 3 of the Administrative Code of The City of New York (ACNY) and provides supplemental benefits to retired Fire Officers (uniformed members of the New York City Fire Department holding the rank of lieutenant or any position of higher rank and all pilots, marine engineers, or assistant marine engineers). To be eligible to receive Fund benefits, Fire Officers must retire, on or after October 1, 1968, and be receiving a service retirement benefit from the New York City Fire Department Pension Fund (FIRE).

Except for service retirement, Fund benefits are forfeitable upon separation from service

The Fund is included in the Pension and Other Employee Benefit Trust Funds section of The City's Comprehensive Annual Financial Report (CAFR).

The FFVSF is maintained as a separate fund and is not included in these financial statements.

Under current law, the Fund is not to be construed as constituting a pension or retirement system. Instead, it provides defined supplemental payments, other than pension or retirement system allowance in accordance with applicable statutory provisions. While these payments are guaranteed by The City, the New York State Legislature has reserved to itself and the State of New York (the "State") the right and power to amend, modify, or repeal the Fund and the payments it provides.

At June 30, 2010 and 2009, the dates of the Fund's most recent actuarial valuations, the Fund's membership consisted of:

	2010	2009
Retirees currently receiving payments Active members*	1,753 2,548	1,830 2,512
Total	4,301	4,342

*Represents the number of actively employed Fire Officers as of the June 30 valuation dates.

The Fund provides a guaranteed schedule of supplemental benefits for Fire Officers who retire (or have retired) as Fire Officers on service retirement with at least 20 years of service as follows:

a. A Fire Officer hired before July 1, 1988, who retired for service as a Fire Officer on or after October 1, 1988, and prior to Calendar Year 1993 receives a defined schedule of benefits starting at \$5,000 payable in January 1994 for the Calendar Year 1993 payment. For those who retired during Calendar Year 1993, the annual \$5,000 benefit payment was prorated. The annual benefit increases \$500 each year thereafter to a maximum of \$12,000 for Calendar Year 2007 (payable by January 31 2008) and thereafter.

For those who were members of FIRE prior to July 1, 1988, and who retire after Calendar Year 1993, the annual benefit payment is the scheduled amount as described above prorated in the year o retirement and the full amount thereafter.

b. For those who become members of FIRE on or after July 1, 1988, the annual supplemental benefit is \$2,500 for the first twelve months of retirement, which increases by \$500 each year until a maximum of \$12,000 is payable in the twentieth and later years of retirement. This was later modified by Chapter 500 of the Laws of 1998 (Chapter 500/98) as discussed below.

Chapter 500 of the Laws of 1995 permitted certain active employees with prior service credit before entering FIRE to utilize their original date of hire for determining eligibility for benefits from the Fund.

Chapter 500/98 provides that Fire Officers who became members of FIRE on or after July 1, 1998, w receive the maximum \$12,000 benefit beginning Calendar Year 2008 and thereafter.

Chapter 404 of the Laws of 1998 (Chapter 404/98) provided that some FIRE members who had dual membership with a prior pension fund at entry into FIRE may be entitled to transfer that prior membership if they met certain criteria and make proper application for such transfers.

Chapter 216 of the Laws of 2002 (Chapter 216/02) provided that participants of the Fund who retire from FIRE on and after January 1, 2002, with more than 20 years of service are entitled to an additional one-time special lump sum payment in the first year following retirement equal to the cumulative Fund benefits that would have been paid after January 1, 2002, had they retired at the completion of their 20th

year of service (VSF DROP).

In the past, the State Legislature, in recognition of inflation, has increased retirement benefits to retirees of its public pension systems. Any increase in the amounts of ad-hoc cost-of-living increases ("Supplementation") or automatic Cost-of-Living Adjustments (COLA) payable from FIRE to retirees of the Fund under legislation enacted after 1993 will reduce benefits payable from the Fund until the later of: (a) age 62, or (b) January 1, 2007 (the twentieth year of retirement or January 1, 2008, if earlier, in the case of new members on and after July 1, 1983.

Chapter 119 of the Laws of 1995 (Chapter 119/95) provided additional benefits for Supplementation payable from FIRE on and after December 1, 1996, for certain retirees of FIRE effective as enacted by the City Council on October 25, 1995.

Chapter 390 of the Laws of 1998 (Chapter 390/98) provided additional benefits for Supplementation payable from FIRE on and after September 1, 1998 (with a second benefit increase commencing September 1, 1999).

Chapter 125 of the Laws of 2000 (Chapter 125/00) provided Supplementation benefits from FIRE for certain retirees who retired before Calendar Year 1997 effective September 2000. In addition, Chapter 125/00 provides future COLA increases from FIRE beginning September 2001 and on each subsequent September to eligible retirees.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The Fund is accounted for on an accrual basis where the measurement focus is on the flow of economic resources. Revenues are recognized in the accounting period in which they are earned and expenses are recognized in the period incurred.

Method Used to Value Investments — Investments are valued at fair value. Trading securities are stated at the last reported sales price on a national securities exchange on the last business day of the fiscal year. Securities purchased pursuant to agreements to resell are carried at the contract price, exclusive of interest, at which the securities will be resold. Fair value is defined as the quoted market value on the last trading day of the period, except for the Short-Term Investment Fund (the STIF) (a money market fund) and the International Investment Funds (the IIF). The IIF's are private funds, which are managed by various investment managers on behalf of the Plan. Plan management determines fair value of the IIF's based on information provided by the various investment managers. Management records the STIF at cost, which approximates fair value.

Purchases and sales of securities are reflected on the trade date. Gains and losses on the sale of securities are based on the average cost of securities.

Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned on an

No investment in any one security represents 5% or more of the plan net assets held in trust for benefits.

Contributions — FIRE is the source of funding for the Fund. Section 13-335 of the ACNY states, among other things, how amounts transferred into the Fund shall be computed.

See Note 4 for more information on funding and for information regarding The City's liability.

Income Taxes — Income earned by the Fund is not subject to Federal income tax.

Accrued Benefits Payable — Accrued benefits payable represent either: (1) benefits due and unpaid from the preceding payment date of January 31 or (2) benefits deemed incurred and unpaid (an accrual for a portion of the subsequent January 31 benefit) for the Fiscal Year ending June 30.

Securities Lending Transactions — State statutes and the Fund's Board of Trustees policies permit the Fund to lend its securities to broker-dealers and other entities with a simultaneous agreement to return the collateral for the same securities in the future. The Fund's custodian lends the following types of securities: short-term securities, common stock, long-term corporate bonds, U.S. Government and U.S. Government agencies' bonds, asset-backed securities and international equities and bonds held in collective investment funds. In return, it receives collateral in the form of cash and treasury and U.S. Government agency securities at 100% to 105% of the principal plus accrued interest for reinvestment. At year end, the Fund had no credit risk exposure to borrowers because the amounts the Fund owded the borrowers exceeded the amounts the borrowers owd the Fund. The contracts with the plan custodian require borrowers to indemnify the Fund if the borrowers fail to return the securities and if the collateral is inadequate to replace the securities loaned or fail to pay the Fund for income distributions by the securities issuers while the securities are on loan. All securities loans can be terminated on demand within a period specified in each agreement by either the Fund or the borrowers. Cash collateral is invested in the lending agents' short-term investment pools, which have a weighted-average maturity of 90 days. The underlying fixed income securities in these pools have an average maturity of ten years.

The securities lending program in which the Fund participates only allows pledging or selling securities in the case of borrower default. Accordingly, the Fund is fully indemnified against any loss of value between the securities lent and the securities held as collateral.

Governmental Accounting Standards Board (GASB) Statement No. 28, Accounting and Financial Reporting for Securities Lending Transactions, requires that securities loaned as assets be reported in the statements of plan net assets. Cash received as collateral on securities lending transactions and investments made with that cash are reported as assets. Securities received as collateral are also reported as assets if the government entity has the ability to pledge or sell them without a borrower default. Liabilities resulting from these transactions are also reported in the statements of plan net assets. Accordingly, the Fund recorded the investments purchased with the cash collateral as collateral from securities lending transactions with a corresponding liability as securities lending transactions.

Securities on loan are carried at market value, the value as of June 30, 2011 is \$28.9 million. As of balance sheet date the maturities of the investments made with cash collateral on average exceed the maturities of the securities loans by approximately 30 days.

New Accounting Standard Adopted — In fiscal year 2011, the Plan adopted one new statement on financial accounting standards issued by the Governmental Accounting Standards Board ("GASB"). GASB Statement No. 59. Financial Instruments Omnibus, updates and improves existing standards regarding financial reporting and disclosure requirements of certain financial instruments and external investment pools for which significant issues have been identified in practice. The Plan has determined that GASB Statement No. 59 had no impact on the Plan's financial statements as a result of the implementation.

INVESTMENTS AND DEPOSITS

The Comptroller of The City of New York (the "Comptroller") acts as an investment advisor to the Plan In addition, the Plan employs an independent investment consultant as an investment advisor. The Plan utilizes several investment managers to manage the long-term debt and equity portfolios. The managers are regularly reviewed, with regard to both their investment performance and for their adherence to investment guidelines.

Concentration of Credit Pie

The Plan does not have any investments in any one entity that represent 5% or more of plan net assets.

The legal requirements for Plan investments are as follows:

- a. Fixed income, equity and other investments may be made as permitted by New York State RSSL §§ 176-178(a) and Banking Law § 235, the New York City Administrative Code, and the Legal Investments for New York Savings Banks list as published by The New York State Banking Department, subject to Note 3(b).
- b. Investments up to 25% of total pension fund assets may be made in instruments not expressly permitted by the State RSSL.

Bank of New York Mellon (BNYM) is the primary custodian for substantially all of the securities of the

Cash deposits are insured by the Federal Deposit Insurance Corporation for up to \$250,000 per Plan member and are, therefore, fully insured.

Credit Risk — Portfolios other than U.S. Government and related portfolios have credit rating limitations. Investment grade portfolios are limited to mostly ratings of BBB and above except that they are also permitted a 10% maximum exposure to BB & B rated securities. While non-investment grade managers are primarily invested in BB & B rated securities, they can also invest up to 7% of their portfolio in securities rated CCC. Non-rated securities are considered to be non-investment grade. Portfolios other than U.S. Government and related portfolios have credit rating limitations. Non-rated securities are considered to be non-investment grade. The quality ratings of investments, by percentage of the rated portfolio, as described by nationally recognized statistical rating organizations, are as

*U.S. Treasury Bonds, Notes and Treasury-inflation protected securities are obligations of the U.S. government or explicitly guaranteed by the U.S. government and therefore not considered to have credit risk and are not included above.

Custodial Credit Risk — Deposits are exposed to custodial credit risk if they are uninsured and uncollateralized. Custodial credit risk is the risk that, in the event of a failure of the counterparty, the Plan will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the Plan and are held by either the counterparty or the counterparty's trust department or agent but not in the Plan's name.

Consistent with the Plan's investment policy, the investments are held by the Plan's custodian and

All of the Plan's deposits are insured and or collateralized by securities held by a financial institution separate from the Plan's depository financial institution.

All of the Plan's securities are held by the Plan's custodial bank in the Plan's name.

Years to Maturity

Interest Rate Risk — Interest rate risk is the risk that the fair value of investments could be adversely affected by the change in interest rates. Duration limits are used to control the portfolios exposure to interest rate changes. Duration is limited to a range of -1 to .75 years. Duration range is a measure of the overall portfolio, while statements of the stated maturity reflect the specific maturities of the individual securities held. The lengths of investment maturities (in years), as shown by the percent of the rated portfolio are as follows:

Years to Maturity		ŧ	nvestment M	eturities	
Investment Type June 30, 2011	Fair Value	Less Than One Year	One to Five Years	Six to Ten Years	More Than Ten Years
U.S. Government	43.30 %	- %	2.49 %	5.09 %	35.72 %

Foreign Currency Risk — Foreign currency risk is the risk that changes in the exchange rates will adversely impact the fair value of an investment. Currency risk is present in underlying portfolios that invest in foreign stock and/or bonds. The currency markets have proven to be good diversifiers in a tota portfolio context; therefore, the Plan has numerous managers that invest globally. In general, currency exposure is viewed as a benefit for its diversification reasons and not as an inherent risk within the portfolio.

4. FUNDING

The ACNY provides that FIRE transfer to the Fund an amount equal to certain excess carnings on equity investments limited to the unfunded Accumulated Benefit Obligation (ABO) of the Fund. Excess earnings are defined as the amount by which earnings on equity investments of FIRE exceed what the earnings would have been had such funds been invested at a yield comparable to that available from fixed-income securities ("Hypothetical Fixed Income Security Earnings"), less any cumulative deficiencies. The Fund also receives credit for investment earnings on Fund assets.

The calculation of the Hypothetical Fixed Income Security Earnings requires the determination of the Hypothetical Interest Rate (HIR), which is computed by the Comptroller.

For Fiscal Year 2011, the excess earnings of FIRE, inclusive of prior year's cumulative deficiencies, are estimated to be equal to zero and, therefore, no transfer will be due from FIRE to the Fund as of June 30, 2011.

For Fiscal Year 2010, the excess earnings of FIRE, inclusive of prior year's cumulative deficiencies, were equal to zero and, therefore, no transfer was due from FIRE to the Fund as of June 30, 2010.

were equal to zero and, therefore, no transfer was due from FIRE to the Fund as of June 30, 2010.

In addition, Chapter 480 of the Laws of 1993 states that if the assets of the Fund are less than the amount

required to pay the retirees' guaranteed scheduled annual supplemental benefit payments, then The City is required by law to fund the difference.

The amount shown below as the ABO is the measure of the present value of scheduled supplemental benefits estimated to be payable in the future as a result of employee service-to-date. The ABO is calculated as the actuarial present value of credited projected benefits, prorated on service and is intended to help users assess the funded status of the Fund on a going-concern basis, assess progress made in accumulating sufficient assets to pay benefits when due and make comparisons among variable

Actuarial valuations of the Fund are performed annually as of June 30.

A comparison of the ABO as calculated by the Actuary with the Plan net assets held in trust for benefits as of June 30, 2010 and 2009, follows (in millions):

	Amount as of June 30				
	2010 (In Mil	2009 lions)			
Accumulated benefit obligation for: Retirees currently receiving benefits Active employees	\$ 151.6 177.0	\$ 161.7 169.7			
Total accumulated benefit obligation *,**	328.6	331.4			
Plan net assets held in trust for benefits ***	234.7	222.2			
Unfunded (funded) accumulated benefit obligation	\$ 93.9	\$ 109.2			

- The June 30, 2010 and 2009 ABOs decreased by approximately \$0.9 million and \$1.0 million, respectively, compared to those projected prior to the enactment of Chapters 119/95, 390/98 and 125/00.
- •• These total ABOs have been reduced by accrued benefits payable. This basis of reporting the total ABO is consistent with that used to report Plan net assets held in trust for benefits in these financial statements, but may differ from the bases used for other purposes.
- *** See Note 2 for valuation of investments in the calculation of Plan net assets held in trust for benefits

The June 30, 2010, actuarial valuation, used to determine the ABO, is based on the same actuarial assumptions and methods as were used in the actuarial valuation as of June 30, 2009.

The June 30, 2009 actuarial valuation, used to determine the ABO, is based on the same actuar assumptions and methods as were used in the actuarial valuation as of June 30, 2008.

For purposes of the June 30, 2010 and 2009, actuarial valuations of the Fund, Chapter 125/00 has been taken into account in the determination of the unfunded ABO relative to the Supplementation benefit increases that began Fiscal Year 2001 and to the automatic COLA provided for Fiscal Year 2002 and each future year (Note 1).

Sections 13-384 and 13-394 of the ACNY provide that the Boards of Trustees of the Fund and the FFVSF shall adopt, upon the recommendation of the Actuary, actuarial assumptions as to interest rate, mortality of retirees and estimated number of active members of FIRE in service as of each June 30 who will retire for service with 20 or more years of service as Firefighters and Fire Officers, for use in making annual valuations of liabilities.

The following actuarial assumptions represent the recommendations of the Actuary and were used in the actuarial calculations to determine the ABO as of June 30, 2010 and 2009, respectively:

	June 30, 2010	June 30, 2009
Investment rate of return	8.0% per annum (1)	8.0% per annum (1)
Postretirement mortality	Tables adopted by FIRE during Fiscal Year 2006	Tables adopted by FIRE during Fiscal Year 2006
Active service: withdrawal, death and disability	Tables adopted by FIRE during Fiscal Year 2006	Tables adopted by FIRE during Fiscal Year 2006
Service retirement	Tables adopted by FIRE during Fiscal Year 2006	Tables adopted by FIRE during Fiscal Year 2006
Percentage of all active FIRE members estimated to retire for service with 20 or more years of service as Fire Officers	32%	32%
Percentage of all active Fire Officers estimated to retire for service with 20 or more years of services as Fire Officers	100%	100%
Cost-of-living adjustments	1.3% per annum 117	1.3% per annum 117

Fair market value (1) Developed assuming a long-term Consumer Price Inflation assumption of 2.5% per year.

Fair market value

INVESTMENT ADVISORS

The Comptroller utilizes several investment advisors to manage long-term debt and equity portfolios. Advisors must obtain prior approval before each purchase or sale of a particular security. To be eligible for consideration, investments must meet criteria set forth in governing laws and regulations.

RELATED PARTIES

Administrative expenses are paid for by The City. The Comptroller provides certain administrative services to the Fund. The Actuary is appointed to be technical advisor to the Fund and the Office of the Actuary provides related actuarial services to the Fund. The City's Corporation Counsel provides legal services to the Fund. Other administrative services are also provided by The City. The Comptroller has been appointed by law as custodian for the monies and assets of the Plan with revocable discretionary authority. Securities are held by certain banks under custodial agreements with the Comptroller.

CONTINGENT LIABILITIES

From time to time, the Fund has a number of claims pending against it and has been named as defendant in a number of lawsuits. The Fund also has certain other contingent liabilities. Management of the Fund, on the advice of legal counsel, believes that such proceedings and contingencies generally do not have a material effect on the Plan's net assets or changes in the Plan's net assets. Under the State statutes and City laws that govern the functioning of the Fund, increases in the obligation of the Fund to members and beneficiaries ordinarily result in increases to the future potential obligations of FIRE.

OTHER ACTUARIAL INFORMATION

Actuarial Audit — Pursuant to Section 96 of the New York City Charter, studies of the actuarial assumptions used to value liabilities of the five actuarially-funded New York City Retirement Systems (NYCRS) are conducted every two years. The most recently completed study was published by The Segal Company (Segal) dated November 2006 and analyzed experience for Fiscal Years 2002 through 2005. Segal made recommendations with respect to the actuarial assumptions and methods based on their analysis.

Currently, the Hay Group (Hay) is conducting a study of actuarial assumptions and analyzing experience for Fiscal Years 2006 through 2009. Hay has generally completed their study and prepared draft reports that are expected to be finalized by December 2011.

The Actuary is currently reviewing results from the Segal and Hay studies in preparation for recommending revised actuarial assumptions and methods.

Revised Actuarial Assumptions and Methods — In accordance with the ACNY and with appropriate practice, the Boards of Trustees of the five actuarially-funded NYCRS are to periodically review and adopt actuarial assumptions as proposed by the Actuary for use in the determination of employer contributions.

Based on a review of an October 2003 experience study by Gabriel, Roeder, Smith & Company (GRS), the Actuary issued an August 31, 2005 Report entitled "Proposed Changes in Actuarial Assumptions and Methods for Determining Employer Contributions for Fiscal Years Beginning on and After July 1, 2005 for the New York City Fire Pension Fund" ("August 2005 Report"). Where required, the Board of Trustees of FIRE adopted those changes to actuarial assumptions that required Board approval and the State Legislature and the Governor enacted Chapter 152/06 to provide for those changes to the actuarial assumptions and methods that required legislation, including the Alfa assumption 6.8 % per annum. Chapter 211 of the Laws of 2009 extended the Alfa assumption for one year to June 30, 2010 from June 30, 2009. Chapter 265 of the Laws of 2010 continued the valuation and other interest rates for one year to June 30, 2011 from June 30, 2012 from June 30, 2011 from June 30, 2015 the Actuary used actuarial assumption.

For the actuarial valuations of the Fund beginning June 30, 2005, the Actuary used actuarial assumptions that were adopted during Fiscal Year 2006 by the Board of Trustees of FIRE.

SUBSEQUENT EVENT

During Fiscal Year 2012 the Actuary is expected to propose new packages of actuarial assumptions and methods to be effective beginning with actuarial valuations prepared as of June 30, 2010. The June 30, 2010 actuarial valuations are used to measure actuarial present values for FIRE, the Fund and the FFVSF as of that date and to determine employer contributions to FIRE for Fiscal Year 2012. Among the assumptions expected to be proposed are reduced probabilities of post-retirement mortality and a reduction in the Actuarial Interest Rate assumption. The liabilities shown under Note 4 (Funding) could increase under the actuarial assumptions expected to be proposed.
