No. 3

CD 1 C 130190 ZMM

IN THE MATTER OF an application submitted by Governors Island Corporation d/b/a The Trust for Governors Island pursuant to Sections 197-c and 201 of the New York City Charter for an amendment of the Zoning Map, Section No. 16a by establishing a Special Governors Island District (GI) bounded by a line 2675 feet northeasterly from the southwesterly point of Governors Island as measured along a line perpendicular to said line and bisecting the angle formed by the southwesterly boundary lines of Governors Island, and the northerly, northeasterly and southeasterly shorelines of Governors Island, as shown on a diagram (for illustrative purposes only) dated February 19, 2013.

NOTICE

On Wednesday, May 8, 2013, at 10:00 A.M., in Spector Hall, at the Department of City Planning, 22 Reade Street, in Lower Manhattan, a public hearing will be held to receive comments related to a Draft Supplemental Generic Environmental Impact Statement (DSGEIS) for the Phased Redevelopment of Governors Island—North Island Re-tenanting and Park and Public Space Master Plan (CEQR No. 11DME007M). Governors Island Corporation, doing business as The Trust for Governors Island (The Trust), is a not-for-profit corporation and instrumentality of the City of New York. The Trust holds title to 150 acres of the 172-acre island (the Island); the remaining 22 acres is owned by the National Park Service and is a National Monument. Governors Island is located in New York Harbor, approximately 800 yards south of Manhattan and 400 yards west of Brooklyn. The Island comprises the North Island (the area north of the former Division Road) and the South Island (the area south of the former Division Road). The entire island is zoned R3-2. The Trust proposes to create a Special Governors Island District on the North Island, a new zoning district that would generally allow most commercial uses compatible with the use of the Island as a recreational, cultural, and educational resource, in the existing R3-2 district; the reuse and re-tenanting of approximately 1.2 million square feet of space in existing historic structures; the full development of the Park and Public Space Master Plan for the entir Island; and expanded seven day a week ferry service to support the re-tenanted buildings.

Written comments are requested on the DSGEIS and will be accepted by the Lead Agency, the Office of the Deputy Mayor for Economic Development, through 5:00 P.M. on Monday, May 20, 2013. This hearing is being held pursuant to the State Environmental Quality Review Act (SEQRA) and City Environmental Quality Review (CEQR) and is held in conjunction with the City Planning Commission's public hearing pursuant to the Uniform Land Use Review Procedure (ULURP).

Notice of Promulgation of Rule

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED in the Environmental Control Board (ECB) by Sections 1043 and 1049-a of the New York City Charter, and in accordance with Sections 19-121(b)(7), 19-147, and 19-150 of the New York City Administrative Code, the Environmental Control Board hereby promulgates the following rule that amends Section 3-124 of Subchapter G of Chapter 3 of Title 48 of the Rules of the City of New York (the DOT Penalty Schedule), amending penalties for offenses adjudicated by the Environmental Control Board. The rule was published in The City Record on February 21, 2013 and a Public Hearing was held on March 25, 2013.

Statement of Basis and Purpose of Final Rule

The Environmental Control Board ("ECB") held a Public Hearing on March 25, 2013 regarding fine increases to four charges contained in ECB's Department of Transportation (DOT) Penalty Schedule found in Section 3-124 of Subchapter G of Chapter 3 of Title 48 of the Rules of the City of New York. A representative from the Department of Transportation attended the Public Hearing. Neither written comments nor oral testimony were presented at the March 25, 2013 Public Hearing concerning the Proposed Rule.

The existing fine structure for these charges is extremely low or inconsistent with similar charges within the fine structure. For this reason, there is little incentive for contractors or others to comply with the city's laws and rules.

In addition, the penalties associated with these charges have remained unchanged since their creation. In some instances, the penalty for the violating condition is less than the expense of compliance. To serve as an effective deterrent, the fine structure must be greater than the cost of doing business.

For each of these charges, before issuing a violation, DOT will issue either a Commissioner's Order to correct or a Corrective Action Request giving the responsible party 30 days to correct the violating condition. The penalties are within the statutory limits set forth in section 19-150 of the New York City Administrative Code.

Deleted material is in [brackets] New matter is <u>underlined</u>.

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

Section 1. The Environmental Control Board has amended four existing charges in its Department of Transportation Penalty Schedule found in Section 3-124 of Subchapter G of Chapter 3 of Title 48 of the Rules of the City of New York to read as follows:

SECTION	DESCRIPTION	PENALTY	DEFAULT

Culture Shed

The New York City Department of Cultural Affairs is seeking a text amendment of certain provisions of Article IX, Chapter 3 of the Zoning Resolution, applicable to the Hudson Yards Special District, to facilitate the development of a cultural facility known as the "Culture Shed." The Culture Shed is proposed to be developed on a portion of Subarea A1 of the Eastern Rail Yards, between West 30th and West 31st Streets, between Tenth and Eleventh Avenues (the "Culture Shed Site"), in the Hudson Yards neighborhood of Manhattan, Community District 4.

● m3

Development of a cultural facility in the southern portion of Subarea A1 has been an element of the development plan for Hudson Yards since the initial proposal for the development of Hudson Yards. The Final Generic Environmental Impact Statement for the adoption of the Hudson Yards Zoning Provisions (the "FGEIS") included analysis of a cultural facility containing 200,000 square feet of floor area. The current Hudson Yards Zoning Provisions contain restrictions on the location of buildings in Subarea A1, and provide for the development of a community facility use located within 220 feet of West 30th Street, west of the southerly prolongation of the western sidewalk widening line of Hudson Boulevard East, adjacent to the "connection to the High Line" (defined in ZR Section 93-71(f)), and "not closer than 50 feet east of the 'southerly prolongation of the western

sidewalk widening line of Hudson Boulevard West" (the "Original Cultural Facility Location"). Pursuant to a Memorandum of Understanding signed in 2010 by the City of New York and the MTA, the MTA agreed to convey to the City an approximately 21,000 square foot lot at the Original Cultural Facility Location with 100,000 square feet of floor area for such cultural facility.

The Culture Shed will consist of a fixed building, with a retractable shed that would be deployed from time to time to the east of the Culture Shed Building to provide additional space for exhibitions and other events. The physical structure itself reflects and is intimately connect to the purpose of the Culture Shed: a flexible structure that can expand and contract as necessary to create a multi-purpose venue for exhibitions and events. Portions of the Culture Shed, primarily back office and service facilities, would be located in the residential building (currently known as Tower D).

Since the adoption in 2005 of the Hudson Yards Zoning Provisions, there have been several amendments to these regulations relating to Subarea A1, including an amendment in 2009 concerning the location of buildings and parking and the parking requirements. In 2012, amendments were adopted at the request of the designated developer, ERY Tenant LLC ("ERY Tenant") relating to the design of the public access areas, sign regulations and retail requirements. In connection with the 2012 amendment requested by the ERY Tenant, an application by the Department of City Planning to amend the Hudson Yards Zoning Provisions to allow the use of the High Line as part of the required public access areas was also approved.

The Culture Shed will consist of a fixed building (the "Culture Shed Building"), with a retractable shed (the "Shed Portion") that would be deployed from time to time to the east of the Culture Shed Building to provide additional space for exhibits and events. Portions of the Culture Shed, primarily back office and service facilities, would be located in the residential building (currently known as Tower D) to be developed by the ERY Tenant to the immediate west of the Culture Shed Site, on the east side of Eleventh Avenue between West 30th and West 31st Streets. The City would acquire the lot area needed for the development of the Culture Shed from the MTA and lease it to the Culture Shed Developer. The 2005 Hudson Yards actions included an acquisition action for the Eastern Rail Yard Site. A plaza, with a lot area of approximately 17,758 square feet (the "Culture Facility Plaza") would be developed to the east of the Culture Shed Building as part of the required public access areas. This plaza will be covered by the Shed Portion from time to time, in connection with Culture Shed events. When the Shed Portion is not deployed, the Culture Facility Plaza would be used for a variety of activities that would be open to the public.

The following changes to the provisions of the Zoning Resolution would be needed to enable the construction of Culture Shed:

- Establish a definition for the ERY Culture Festival and Exhibit Facility that would permit all of the activities proposed by Culture Shed and allow them to be treated as community facility uses or uses in Use Groups 3 and 4.
- Modify the applicable sign regulations to allow signs on three sides of the Culture Shed, with a maximum total surface area of 2700 square feet, with not more than 200 square feet of signs facing the outdoor plaza or the connection to the High Line, and allow the use of banners, similar to other community facility uses.
- Revise the existing text with respect to the location of the cultural facility so that the Culture Shed Building may abut, and include support space within, Tower D.
- Allow certain portions of the Culture Shed, including floor area in portions of elevator shafts and stairwells in the abutting residential tower that pass through floors occupied by Culture Shed, to be excluded from the definition of floor area in the Zoning Resolution, so as to permit a facility of appropriate size.
- Provide that in the event that Tower D includes floor area for the Culture Shed, it is not required to have retail continuity facing the outdoor plaza.
- Reduce the width of the defined "connection to the High Line" (ZR Section 93-71(e)) from 80 feet to a minimum of 60 feet, to accommodate the new Culture Facility Plaza. Require that any portion of the cultural facility that cantilevers over the connection to the High Line must not project beyond a defined limiting plane or distance over such connection.
- Create a new open space, the Culture Facility Plaza, that would be considered open space and open to the sky for purposes of meeting the minimum required open space standards in Subarea A1. The Culture Facility Plaza would be treated as public access area for purposes of the Hudson Yards Zoning Provisions notwithstanding that at times the Culture Facility Plaza would be covered by the deployed Shed.
- Permit portions of the outdoor plaza (as defined in Section 93-71(b)) to be used in connection with events in the Culture Facility Plaza and to be subject to time-ticketed access for such events, as well as allow roadways within the outdoor plaza adjacent to the Culture Facility Plaza to be temporarily closed to vehicular traffic during such events.

- Require that the Culture Facility Plaza be constructed prior to a TCO for the Culture Shed Building. Clarify that the construction of the Culture Facility Plaza is not a condition to a building permit or certificate of occupancy for any building other than the cultural facility.
- Allow the Culture Facility Plaza (and adjacent portions of the outdoor plaza when used in conjunction with events in the Culture Facility Plaza) to be closed to the public up to 12 days each year in connection with Culture Shed events.
- Facilitate the use of space within Tower D (the residential tower to the west of the Culture Shed Site), to provide storage, restrooms, maintenance facilities or other support space for the ERY High Line by excluding the floor space of such support facilities from the definition of floor area.

The analysis year for the proposed action is 2017.

Statement of No Significant Effect:

The Environmental Assessment and Review Division of the Department of City Planning, on behalf of the City Planning Commission, has completed its technical review of the Environmental Assessment Statement, dated February 1, 2013 prepared in connection with the ULURP Application (No. 130178 ZRM). The City Planning Commission has determined that the proposed action will have no significant effect on the quality of the environment.

Supporting Statement:

The above determination is based on an environmental assessment which finds that there are no significant effects on the environment which would require an Environmental Impact Statement.

This Negative Declaration has been prepared in accordance with Article 8 of the Environmental Conservation Law 6NYCRR part 617.

Should you have any questions pertaining to this Negative Declaration, you may contact Celeste Evans at (212) 720-3321.

READER'S GUIDE

The City Record (CR) is published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above \$100,000 for information technology and for construction and construction related services, above \$50,000 for other services, and above \$25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in The City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Monday through Friday from 9:00 A.M. to 5:00 P.M., except on legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptroller's Office at www.comptroller.nyc.gov, and click on Prevailing Wage Schedules to view rates.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION-RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately \$17 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. Registration for these lists is free of charge. To register for these lists, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application, which can be found online at www.nyc.gov/selltonyc. To request a paper copy of the application, or if you are uncertain whether you have already submitted an application, call the Vendor Enrollment Center at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services at 110 William Street, New York, NY 10038. Sessions are convened on the second Tuesday of each month from 10:00A.M. to 12:00 P.M. For more information, and to register, call (212) 618-8845 or visit www.nyc.gov/html/sbs/nycbiz and click on Summary of Services, followed by Selling to Government.

PRE-QUALIFIED LISTS

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstances. When an agency decides to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the CR. Information and qualification questionnaires for inclusion on such lists may be obtained directly from the Agency Chief Contracting Officer at each agency (see Vendor Information Manual). A completed qualification questionnaire may be submitted to an Agency Chief Contracting Officer at any time, unless otherwise indicated, and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings (OATH). Section 3-10 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists. For information regarding specific pre-qualified lists, please visit www.nyc.gov/selltonyc.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board Rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, and the Housing Authority. Suppliers interested in applying for inclusion on bidders lists for Non-Mayoral entities should contact these entities directly at the addresses given in the Vendor Information Manual.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 9:30 A.M. to 5:00 P.M., except on legal holidays. For more information, contact the Mayor's Office of Contract Services at (212) 341-0933 or visit www.nvc.gov/mocs.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN-OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women-Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about this program, contact the Department of Small Business Services at (212) 513-6311 or visit www.nyc.gov/sbs and click on M/WBE Certification and Access.

PROMPT PAYMENT

ACCO

CSB

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City pays interest on all late invoices. However, there are certain types of payments that are not eligible for interest; these are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year: in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City's website at www.nyc.gov/selltonyc

HOW TO READ CR PROCUREMENT NOTICES

 $OLB/d \quad other: (specify)$

Procurement notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section.

At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified unless a different one is given in the individual notice. In that event, the directions in the individual notice should be followed.

The following is a SAMPLE notice and an explanation of the notice format used by the CR.
