Commission), and Article IX, Chapter 3 (Special Hudson Yards District).

Matter in <u>underline</u> is new, to be added; Matter in strikeout is old, to be deleted: Matter within # # is defined in Section 12-10; * indicates where unchanged text appears in the **Zoning Resolution**

COMMERCIAL DISTRICT REGULATIONS

Urban Design Regulations

37-625

Design changes

Except as otherwise provided in Section 74-41, dDesign changes to existing #plazas#, #residential plazas# or #urban plazas# may be made only upon certification by the Chairperson of the City Planning Commission that such changes would result in a #plaza#, #residential plaza# or #urban plaza# that is in greater accordance with the standards set forth in Section 37-70 (PUBLIC PLAZAS), inclusive. The provisions of Section 37-78 (Compliance), other than paragraph (e) (Special regulations for an urban plaza in the Special Lower Manhattan District), shall be made applicable to such #plaza#, #residential plaza# or #urban plaza#.

ARTICLE VII ADMINISTRATION

Chapter 4

Special Permits by the City Planning Commission

Arenas, Auditoriums, Stadiums or Trade Expositions

In C4, C6, C7 or C8 Districts or any #Manufacturing District#, the City Planning Commission may permit arenas, auditoriums or stadiums with a capacity in excess of 2,500 seats, or trade expositions with a rated capacity in excess of 2,500 persons, provided that the following findings are made:

The City Planning Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area, including limitations on #signs#, or-requirements for soundproofing of arenas or auditoriums, shielding of floodlights, screening of open #uses# or surfacing all access roads or driveways. The Commission <u>may also prescribe</u> <u>requirements for pedestrian-accessible</u> open areas surrounding the arena, auditorium, or stadium, including #accessory# directional or building identification #signs# located therein. In addition, within Pennsylvania Station Subarea B4 of the Special Hudson Yards District, design changes to existing #plazas# located within such pedestrian-accessible open areas may be made without a certification by the Chairperson of the Commission pursuant to Section 37-625, and the design standards of Sections 37-70, inclusive, shall not apply to such #plazas#.

ARTICLE IX

SPECIAL PURPOSE DISTRICTS

Chapter 3

Special Hudson Yards District

Modification of Sign Regulations

Subdistricts A, B, C, D, and E

Within Subdistricts A, B, C, D, and E, the underlying #sign# regulations shall apply, except that #flashing signs# shall not be allowed within 100 feet of Hudson Boulevard, its northerly prolongation to West 39th Street and its southerly prolongation to West 33rd Street. Furthermore, #flashing signs# shall not be

allowed on any portion of a #building# fronting upon the outdoor plaza required in the Eastern Rail Yard Subarea A1, pursuant to Section 93-71. Within the Pennsylvania Station Subarea B4, the provisions of Section 93-171 (Special permit for signs within the Pennsylvania Station Subarea) shall apply.

Special permit for signs within the Pennsylvania Station Subarea

For an arena permitted pursuant to Section 74-41 within Pennsylvania Station Subarea B4, the City Planning Commission may, by special permit, modify the applicable provisions of Sections 32-63 (Permitted Advertising Signs) to allow advertising #signs#; 32-64 (Surface Area and <u>Illumination Provisions</u>) to allow increased #surface area# along specified #streets#; and 32-65 (Permitted Projection or Height of Signs), provided such #signs# comply with the conditions of paragraph (a) and the findings of paragraph (b) of this Section, as follows;

Conditions

<u>(1)</u> No #sign# shall extend to a height greater than 85 feet above #curb level#;

(2) All #signs# located below a height of 12 feet above #curb level# shall be limited in location and aggregate #surface area# to 550 square feet on the West 31st Street frontage of Subarea B4, 250 square feet on the West 33rd Street frontage of Subarea B4, and 850 square feet on the Eighth Avenue frontage of Subarea B4;

<u>(3)</u> All #signs# located above a height of 12 feet above #curb level# shall be limited in location and aggregate #surface area# to 5,500 square feet within the #through lot# fronting on Eighth Avenue, 3,000 square feet within each #corner lot# fronting on Eighth Avenue, 3,000 square feet within the #through lot# portion of the West 31st Street frontage of Subarea B4 and 3,000 square feet within the #through lot# portion of the West 33rd Street frontage of Subarea B4.

The Commission shall find that the location and <u>(b)</u> placement of such #signs# is appropriate in the relationship to #buildings# and #uses# on the #zoning lot# and to adjacent open areas, and would be compatible with the character of the arena site, including its use as an entryway to Pennsylvania Station, and of the surrounding area.

For purposes of calculating the height of any #sign# permitted pursuant to this section, #curb level# shall be defined as 30.755 feet above Manhattan datum.

The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area, including limitations on the number, size and location of arena #signs# permitted pursuant to the <u>district regulations.</u>

LIMITED SECURE PLACEMENT SERVICES -

Negotiated Acquisition – Judgment required in evaluating proposals - PIN# 06813N0007 – DUE 06-24-13 AT 2:00 P.M. - The New York City Administration for Children's Services ("ACS") is seeking qualified Contractors to provide Limited Secure Placement ("LSP") services through the operation of LSP Program sites and LSP Aftercare for youth who have been placed into the custody of ACS by a Family Court judge pursuant to Family Court Act Article 3 and who have been deemed by the court or ACS to be appropriate for LSP. All Contractors are required to adhere to State Regulations and ACS policies and standards for the operation of LSP Program sites and LSP Aftercare. ACS is seeking Contractors that can be fully operational by fall 2013.

Target Population

The youth placed in LSP Program sites are New York City youth who have been adjudicated by New York City Family Court for having committed, before the age of sixteen (16), an act that would constitute a crime had they been an adult. The Family Court Act provides that youth between the ages of seven (7) and twenty-one (21) may be in placement in LSP Program sites. Most youth residing in LSP Program sites will be between the ages of fourteen (14) to eighteen (18), however, there may be occasions where LSP Program sites will serve older or younger youth.

Minimum Qualifications

- 1. All Applicants for LSP Programs must be incorporated in New York State
- 2. All Applicants must be not for profit 501 c 3
- 3. Applicants must either be approved by the New York State Office of Children and Family Services as an "authorized agency" as defined by Section 371(10) of the New York State Social Services Law;

At the time of application, be an agency licensed by the New York State Office of Mental Health ("OMH") to provide residential treatment facility services to youth. After contract awards, OMH licensed agencies that are not currently "authorized agencies" must go through the OCFS approval process to become an "authorized agency" prior to the LSP program start date.

Service Options

ACS anticipates awarding Contracts for general and specialized LSP. Examples of types of specialized LSP include but are not limited to sites for youth who have demonstrated problematic sexual behaviors, youth with serious emotional disturbance diagnosis, youth who have demonstrated fire setting behaviors, youth with intellectual/developmental disabilities, and youth with mental health and/or substance abuse issues. Additionally, specialized LSP may include a short term intensive site. Contractors shall provide Aftercare in all LSP except the short term intensive LSP.

Contract Term

It is anticipated that the term of the contracts awarded from this NA will be from July 1, 2013 to June 30, 2016, with two (2) three (3) year options to renew. Prior to the contract award, ACS reserves the right to determine the length of the initial contract term and each option to renew, if any.

Available Funding

It is anticipated that the available annual funding for all the contracts awarded from this NA will be up to \$19,761,062.00 with up to an additional \$2,825,100 available in year one for start-up costs.

Expression of Interest Applicants interested in negotiating with ACS to provide Limited Secure Placement and Aftercare services must send an email containing the following Information: Applicant's Name, Address, EIN, Contact Name, Title, Phone Number, Email Address, and desired Service Option to: Michael.Walker@dfa.state.ny.us by July 1, 2013.

AGENCY RULES

PROCUREMENT POLICY BOARD

NOTICE

NOTICE OF ADOPTION OF FINAL RULE

The Procurement Policy Board has adopted amendments to **Chapter 3 Methods of Source Selection** of its Rules pursuant to Section 311 of the New York City Charter. The amendments were published in The City Record on April 27, 2012, and the required public hearing was held on June 4, 2012. The amendments were adopted by the Procurement Policy Board on April 8, 2013. These rules will take effect 30 days after publication.

Statement of Basis and Purpose

The amendment increases the dollar amount below which procurement and award of contracts may be made without competition from \$5,000 to \$20,000, in order to increase micropurchase awards to minority and women-owned business enterprises (M/WBEs). The rule also clarifies that agencies are to include M/WBEs when distributing micropurchase awards amongst responsible vendors. Pursuant to Charter \$314 this change will require concurrent action of the New York City Council. The amendment also requires all small purchases of more than \$20,000 to be procured by use of a written solicitation.

The Proposed Rule Amendments

New material is <u>underlined</u> and deletions are [bracketed].

Section 1. Section 3-08 of Chapter 3 of Title 9 of the Rules of the City of New York is amended as follows:

§3-08 Small Purchases

- (a) Definition. Small purchases are those procurements in value of not more than \$100,000. This shall be known as the small purchase limit.
- (b) Application. A procurement shall not be artificially divided in order to meet the requirements of this section. Changes to and/or renewals of small purchases shall not bring the total value of the procurement to an amount greater than the small purchase limits.
- (c) Scope.
- (1) Competition Objective.
 - (i) Public notice of solicitation and award, presolicitation review report, Recommendation for Award, vendor protests, written notice to the low bidder or offeror of non-responsiveness, VENDEX Questionnaire (unless the aggregate value of purchases, franchises, and concessions awarded to that vendor including this one during the immediately preceding twelve-month period equals or exceeds \$100,000), and public hearing shall not be required for small purchases awarded pursuant to this section.
 - (ii) Micropurchases. For procurements the value of which is [\$5,000] \$20,000 or less, no competition is required except that in making purchases below this limit, Contracting Officers shall ensure that the noncompetitive price is reasonable and that purchases are distributed appropriately among responsible vendors, including M/WBE vendors.

 Documentation of such purchases shall identify the vendor the item was purchased from, the item purchased, and the amount paid.
 - (iii) For procurements in value over [\$5,000] \$20,000 through the small purchase limits, at least five vendors shall be solicited at random from the appropriate citywide small purchases bidders list established by the CCPO for the particular goods, services, construction, or construction-related services being purchased, except where the bidders list consists of fewer than five vendors, in which case all vendors on the list shall be solicited. Agencies may additionally employ any small purchase technique sanctioned by DSBS that is not otherwise in violation of these Rules. The agency may solicit additional vendors but only with the approval of the CCPO. Responsive bids or offers shall be obtained from at least two vendors. For purposes of this section, a response of "no bid" is not a responsive bid. If only one responsive bid or offer is received in response to a solicitation, an award may be made to that vendor if the Contracting Officer determines that the price submitted is fair and reasonable and that other vendors had reasonable opportunity to respond.
- (2) Solicitation Methods and Use.
- [(i) Agencies shall use the following solicitation methods for] For small purchases valued at more than [\$5,000] \$20,000, agencies shall use [:
 - (A) for small purchases of goods valued at not more than \$25,000, an oral or written solicitation describing the requirements, or
 - (B) for small purchases of goods valued at more than \$25,000, a written solicitation describing the requirements, and
 - (C) for small purchases of services,] a written solicitation describing the requirements[.

(ii) An oral or written solicitation for a small purchase], which shall contain, at a minimum:

 $[(A)] \underline{(i)} \qquad \text{a description of the item } \underline{\text{or service}} \\ \text{requested;}$

[(B)](ii) time, date, place, and form of requested response:

response,

[(C)](iii) basis for award; and

 $[(D)]\underline{(iv)}\;\;$ name and telephone number of the

Contracting Officer to whom inquiries may be directed.

(d) Award. Small purchases valued at over [\$5,000] \$20,000 shall be awarded to the lowest responsive and responsible bidder or to the responsive and responsible offeror that has made the most advantageous offer. After such determination has been made and all necessary approvals have been obtained, the Contracting Officer shall issue a purchase order or contract, as appropriate, to the successful bidder or offeror.

TRANSPORTATION

■ NOTICE

Notice of Adoption of rules relating to revocable consents for loading docks of governmental organizations.

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE Commissioner of Transportation by sections 362(d), 364 and 1043 of the New York City Charter, and in accordance with the requirements of Section 1043 of the New York City Charter, that the Department of Transportation hereby adopts amendments to subdivision (a) of section 7-04 of Chapter 7 of Title 34 of the Official Compilation of the Rules of the City of New York. This rule was first published on May 6, 2013, and a public hearing was held on June 6, 2013. This rule shall take effect 30 days from the date hereof.

New material is indicated by $\underline{underlining}$; deleted material is in brackets [].

STATEMENT OF BASIS AND PURPOSE

Pursuant to sections 362(d), 364 and 1043 of the New York City Charter, the Department of Transportation is authorized to promulgate rules regarding the granting of revocable consents for the use or improvement of property under its jurisdiction.

Section 7-04 of the Department's rules lists the uses of and improvements on the City's streets that the Department may permit on a revocable basis upon due consideration and review. The Department is amending these rules to provide for the issuance of a revocable consent to a foreign, domestic or multinational governmental entity for the creation of a loading dock, bay or other like facility extending into the street for the loading and unloading of goods and materials, provided that the New York City Police Department has judged the location of such facility to be necessary and appropriate due to the security concerns of the entity and the City. This amendment will allow the Department to consider applications for revocable consents for such purpose and grant them, with appropriate terms and conditions, where it finds the consent to be warranted.

Background

Currently loading docks, bays or other like facilities are not a category of improvements or uses that are included within Title 34, Section 7-04 of the Rules of the City of New York. The location of such facilities may be a security concern for governmental entities situated in the City of New York.

New text is <u>underlined</u>, and deleted material is in [brackets].

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this office, unless otherwise specified or unless the context clearly indicates otherwise

§1. Subdivision (a) of section 7-04 of Title 34 of the Rules of the City of New York is amended by adding a new paragraph (35), to read as follows:

(35) Portions of the street used in connection with loading docks, bays or other like facilities for loading and unloading of goods and materials of or for the use of foreign, domestic or multinational governmental entities, where, in the judgment of the New York City Police Department, the location of such facility is necessary due to security concerns applicable to such entity.

(i) To be referred to DCP to determine whether the improvement has land use impacts.
(ii) Annual rate. An amount determined by the Department to be adequate compensation.

§2. Paragraph (33) of subdivision (a) of section 7-04 of Title 34 of the Rules of the City of New York is amended by adding a new subparagraph (iii), to read as follows:

(iii) This paragraph shall not be construed to apply to any improvement(s) listed in paragraph 35 of subdivision (a) of Section 7-04 of Title 34 of these Rules.

In addition, the report will be posted in Adobe .PDF format for free downloading on City Planning's Website at: www.nyc.gov/planning. Furthermore, copies of the Proposed APR will be available for review at the main public library in each of the five boroughs. Please call (212) 720-3337 for information on the closest library.

The public comment period ends close of business June 21, 2013. Written comments regarding either of the respective reports should be sent to: Charles V. Sorrentino, New York City Consolidated Plan Coordinator, Department of City Planning, 22 Reade Street, 4N, New York, N.Y. 10007 email: 2012ConPlanAPR@planning.nyc.gov.

Pursuant to City Environmental Quality Review (CEQR), Mayoral Executive Order No. 91 of 1977, CEQR Rules of Procedure of 1991 and the regulations of Article 8 of the State Environmental Conservation Law, State Environmental Quality Review Act (SEQRA) as found in 6 NYCRR Part 617, a Draft Environmental Impact Statement (DEIS) has been prepared for the action described below. Copies of the DEIS are available for public inspection at the office of the undersigned. The proposal involves actions by the City Planning Commission (CPC) and Council of the City of New York pursuant to Uniform Land Use Review Procedures (ULURP).

The Applicant, Forrest Lots, LLC, is requesting a zoning map amendment, a zoning text amendment, and changes to the city map (collectively, the "Proposed Action") affecting an approximately 6 block area within the Bushwick neighborhood of Brooklyn Community District 4. The affected area is generally bounded by Flushing Avenue, Evergreen Avenue, Melrose Street, Stanwix Street, Forrest Street, Garden Street, and Beaver Street, in Brooklyn Community Board 4. The affected area is currently zoned M1-1 and M3-1, light and heavy manufacturing districts, respectively.

The Proposed Action is described as follows:

- A zoning map amendment to change the zoning in an approximately 6 block area from M3-1 and M1-1 to M1-2, R6A and R7A with a C2-4 commercial overlay district mapped along the Stanwix Street, Bushwick, Flushing and Evergreen Avenue frontages of Blocks 3137, 3138, 3139, 3141 and 3152 to a depth of 100 feet.
- A change to the official City Map to establish the section of Stanwix Street from Montieth Street to Forrest Street and the section of Noll Street between Evergreen Avenue and Stanwix Street as mapped streets.
- A zoning text amendment, which modifies Section 23-922 of the NYC Zoning Resolution to make the newly mapped R6A and R7A districts "inclusionary housing designated areas."

The proposed rezoning area contains mostly underutilized lots used for vehicle/open storage, which have not been available for residential redevelopment since such use is not permitted under the existing zoning. The Proposed Action would facilitate a proposal by the Applicant to develop new affordable and market rate residential development on underutilized lots, currently zoned for manufacturing, where there is no longer a concentration of industrial activity. The Proposed Action would expand future development opportunity while providing incentives for affordable housing through the Inclusionary Housing Program. In addition, the proposed mapping action would connect the existing neighborhoods to the east and west of the rezoning area.

A reasonable worst-case development scenario (RWCDS) for development associated with the Proposed Action has been identified. For environmental assessment purposes, projected developments, considered likely to occur in the foreseeable future, following the adoption of the Proposed Action, are expected to occur on 8 sites, and potential developments, which are considered possible but less likely, have been identified for 3 additional sites. The Proposed Action would allow for the development of new uses and higher densities at the projected and potential development sites. The analyses in the DEIS considers an analysis year of 2016.

An Environmental Assessment Statement (EAS), dated July 27, 2012, concluded that there would be no potential for significant adverse impacts in the historic and cultural resources, natural resources, solid waste and sanitation services, and energy.

A Draft Scope of Work that set forth the analyses and methodologies proposed for this EIS was released on July 27, 2012. The public, interested and involved agencies, Brooklyn Community Board 4, and elected officials were invited to comment on the scope, either in writing or orally, at a public scoping meeting held at the New York City Department of City Planning, 22 Reade Street, New York, NY 10007. The comment period remained open until September 24, 2012, 10 days after the meeting. Responses to these comments have been incorporated in the Final Scope of Work where appropriate. One comment letter was received from the Brooklyn Borough President's office on September 14, 2012. A Final Scope of Work, issued on May 31, 2013, was used as the framework for preparing this DEIS.

This DEIS has been prepared in conformance with applicable laws and regulations, including Executive Order No. 91, New York City Environmental Quality Review (CEQR) regulations, and follows the guidance of the CEQR Technical Manual. This EIS contains analyses of topics for which the screening methodologies contained in the CEQR Technical Manual indicated that the potential for significant adverse environmental impacts exists, thus warranting additional detailed studies. A Draft EIS was prepared on the following analyses: Land Use, Zoning, and Public Policy, Socioeconomic Conditions, Community Facilities and Services, Open Space, Shadows, Urban Design and Visual Resources, Hazardous Materials, Water and Sewer Infrastructure, Air Quality, Greenhouse Gas Emissions, Noise, Public Health, Neighborhood Character and Construction Impact. In addition, chapters evaluating Alternatives, Mitigation and Unavoidable Adverse Impacts, and chapters evaluating Growth-Inducing Aspects of the Proposed Action, and Irreversible and Irretrievable Commitment of Resources are included.

The Proposed Action includes (E) designations (E-315) for hazardous materials, noise, and air quality. The (E) designation is a mechanism that ensures no significant adverse impacts would result from a proposed action because of steps that would be undertaken prior to the development of a rezoned site. The (E) designation would ensure that these identified sites would not be developed unless necessary remedial measures are implemented.

The DEIS identifies potential significant adverse impacts related to open space, public elementary schools, and traffic. Mitigation measures that could partially or wholly mitigate these impacts will be explored between the Draft and Final EIS. If the proposed mitigation measures are determined to be infeasible, the significant adverse impacts would remain unmitigated. Partially mitigated impacts would still constitute an unavoidable significant adverse impact.

The DEIS will accompany the ULURP application through the public hearings at the Community Board and CPC. A public hearing will be held on the DEIS in conjunction with the CPC hearing on the ULURP applications to afford all interested parties the opportunity to submit oral and written comments. The record will remain open for ten days after the public hearing to allow additional written comments on the DEIS. At the close of the public review period, a Final EIS (FEIS) will be prepared that will incorporate all substantive comments made on the DEIS, along with any revisions to the technical analysis necessary to respond to those comments. The FEIS will then be used by the decision makers to evaluate CEQR findings, which address project impacts and proposed mitigation measures, before deciding whether to approve the requested discretionary actions.

Copies of the Draft Environmental Impact Statement for the proposed Rheingold Rezoning may be obtained from the Environmental Assessment and Review Division, New York City Department of City Planning, 22 Reade Street, 4E, New York, New York 10007, Robert Dobruskin, Director (212) 720-3423; or from the Mayor's Office of Environmental Coordination, 100 Gold Street, 2nd Fl., New York, New York 10038, Robert Kulikowski, Director (212) 788-2937; and on the New York City Department of City Planning's website at http://www.nyc.gov/html/dcp/html/env_review/eis.shtml.

Board of Trustees New York City Police Pension Fund And Group Life Insurance Plan 233 Broadway, Room 2501 New York, NY 10279

Re: June 30, 2010 (Lag) Actuarial Valuation

Dear Members:

This Report presents the results of the June 30, 2010 (Lag) actuarial valuation of the New York City Police Pension Fund ("POLICE") and Group Life Insurance Plan (the "Plan"). These results form the basis for determining the Statutorily-Required Contribution ("Statutory Contribution") for Fiscal Year 2012 (i.e., for the period beginning July 1, 2011 and ending June 30, 2012).

Pursuant to Section 96 of the New York City Charter, studies of the actuarial assumptions used to value liabilities of POLICE are conducted every two years. The independent actuarial auditors, The Segal Company ("Segal") and The Hay Group ("Hay") issued actuarial experience studies dated November 2006 and December 2011, respectively.

After reviewing the results of those studies, the Actuary issued a February 10, 2012 Report entitled "Proposed Changes in Actuarial Assumptions and Methods for Determining Employer Contributions for Fiscal Years Beginning on and After July 1, 2011 for the New York City Police Pension Fund" ("February 2012 Report").

These Proposed Actuarial Assumptions and Methods ("2012 A&M") were adopted by the Board of Trustees during Fiscal Year 2012. The 2012 A&M became effective with enabling State Legislation enacted as Chapter 3 of the Laws of 2013 ("Chapter 3/13"). Actuarial Assumptions and Methods employed prior to the 2012 A&M are referred to as the "2006 A&M".

Board of Trustees New York City Police Pension Fund And Group Life Insurance Plan May 30, 2013

Results of the June 30, 2009 (Lag) actuarial valuation and results of the June 30, 2010 (Lag) actuarial valuation under the 2006 A&M are shown in this Report for comparative purposes.

Also included in this Report are certain items of information used for financial reporting purposes, for filing with the New York State Department of Financial Services and other historical information that the Actuary believes useful.

The June 30, 2010 (Lag) and June 30, 2009 (Lag) actuarial valuations are based upon census data as of those dates submitted by the Plan's administrative staff and by the employer's payroll facilities and on the June 30, 2011, June 30, 2010 and June 30, 2009 financial information provided by the Office of the Comptroller. Note: The June 30, 2011 financial information was used to develop the June 30, 2010 Actuarial Asset Value (see Section III.) Census data and financial information are reviewed by the Office of the Actuary for consistency and reasonability.

A summary of the benefits available under the terms of the Plan is shown in Section VIII. The benefits valued are unchanged from the prior valuation for members hired before July 1, 2009. Members hired on or after July 1, 2009 are covered under Tier III.

The actuarial assumptions and methods used to determine the Final Fiscal Year 2012 employer contributions to POLICE (the 2012 A&M) are summarized in Section IX. The actuarial assumptions and methods used to determine the Final Fiscal Year 2011 employer contributions to POLICE (the 2006 A&M) are summarized in Section X.

The actuarial information herein that is to be used for financial accounting reporting purposes is being presented in a manner believed to be consistent with the requirements of Governmental Accounting Standards Board Statements No. 25 ("GASB 25") and No. 27 ("GASB27").

The Table of Contents, which immediately follows, outlines in more detail the contents of this Report.

FOR DETERMINING THE FISCAL YEAR 2012
EMPLOYER CONTRIBUTION

SECTION I - EXECUTIVE SUMMARY

 This actuarial report presents the results of the June 30, 2010 (Lag) actuarial valuation of the New York City Police Pension Fund ("POLICE") and Group Life Insurance Plan (the "Plan").

The purpose of the valuation is to measure the funding progress of the Plan and to determine the Actuarially-Required Contribution ("Actuarial Contribution") and the Statutorily-Required Contribution ("Statutory Contribution") for Fiscal Year 2012 (i.e., July 1, 2011 to June 30, 2012).

Presented in the following Table I-1 are the principal results of the June 30, 2010 (Lag) valuation under the 2012 A&M, under the 2006 A&M and, for comparative purposes, the June 30, 2009 (Lag) valuation.

See Report dated February 10, 2012 entitled, "Proposed Changes in Actuarial Assumptions and Methods for Determining Employer Contributions for Fiscal Years Beginning on and after July 1, 2011 for the New York City Police Pension Fund, i.e., the 2012 A&M.

See Report dated August 24, 2005 entitled, "Proposed Changes in Actuarial Assumptions and Methods for Determining Employer Contributions for Fiscal Years Beginning on and after July 1, 2005 for the New York City Police Pension Fund", i.e., the 2006 A&M.

Members no longer on payroll but not otherwise classified.

The June 30, 2010 (Lag) actuarial valuation results reflect the following Chapter amendments:

- Chapter 3 of the Laws of 2013 ("Chapter 3/13"), effective retroactive to July 1, 2011, enacted those 2012 A&M that require State legislation.
- Tier III (Tier 3) During June 2009 the Governor vetoed legislation that would have extended Tier II (Tier 2) to members hired after June 30, 2009. As a result of the Governor's veto, POLICE members hired on and after July 1, 2009 are covered under Tier III (Tier 3).
- Chapter 489 of the Laws of 2008 ("Chapter 489/08") expanded and redefined the eligibility provisions of Accidental Disability and Accidental Death benefits that arose in connection with the World Trade Center ("WTC") Attack on September 11, 2001.
- Chapter 445 of the Laws of 2006 ("Chapter 445/06") as amended by Chapter 5 of the Laws of 2007 ("Chapter 5/07") provides Accidental Death benefits to certain members of POLICE who participated in the rescue, recovery or clean-up operations at the WTC site. Collectively, these laws are referred to as the "WTC Death Benefits Law".
- Chapter 152 of the Laws of 2006 ("Chapter 152/06") enacted the 2006 A&M which included the elimination of the ten-year phase-in of Chapter 278 of the Laws of 2002 ("Chapter 278/02") for funding the additional actuarial liabilities for the benefits enacted under Chapter 125 of the Laws of 2000 ("Chapter 125/00").
- Chapter 93 of the Laws of 2005 ("Chapter 93/05"), which amended Chapter 104 of the Laws of 2005 ("Chapter 104/05"), established that certain members of POLICE, who participated in the rescue, recovery or clean-up operations at the WTC site and who become partially or totally disabled due to certain diseases, are presumed to have become disabled in the performance of duty. Collectively these laws are referred to as the "WTC Disability Law."
- Chapter 623 of the Laws of 2004 ("Chapter 623/04") provided for an Excess Benefit Plan to be established which would provide benefits to those pensioners whose annual retirement benefits are limited by Internal Revenue Code ("IRC") Section 415(b). This law is retroactive to July 1, 2000.

Because the actuarial valuation date precedes its effective date and no active members had yet been impacted, the June 30, 2010 (Lag) actuarial valuation results do not reflect Chapter 18 of the Laws of 2012 ("Chapter 18/12") that placed certain limitations on Tier 3 and Tier 4 benefits available to

participants hired on and after April 1, 2012 in most New York State PERS, including POLICE. These changes are sometimes referred to as Tier VI (Tier 6).

- Section II provides details of the demographic data used to prepare the June 30, 2010 (Lag) and June 30, 2009 (Lag) actuarial valuations and includes the following tables:
 - Table II-1: Active Members
 - Table II-2: Pensioners and Beneficiaries
 - Table II-3: Changes in the Number of Members and Pensioners During the Year

1397

- Table II-4: Schedule of Active Member Data
- Table II-5: Schedule of Pensioners and Beneficiaries Added to and Removed from the Rolls

The annualized covered payrolls reflect the impact of recent labor contract settlements and certain non-union salary increases with retroactive effective dates, if any. These figures exclude all members not on the payroll as of the valuation date. In addition, salaries were increased by a Baseline Overtime assumption under the 2012 A&M and the 2006 A&M, respectively.

- 3. Section III provides details of the assets used to prepare the June 30, 2010 (Lag) and June 30, 2009 (Lag) actuarial valuations including the following tables:
 - Table III-1: Statement of Plan Net Assets as of June 30, 2011, June 30, 2010 and June 30, 2009
 - Table III-2: Statement of Changes in Plan Net Assets for the Fiscal Years Ended June 30, 2011, June 30, 2010 and June 30, 2009
 - Table III-3: Development of the Actuarial Values of Assets as of June 30, 2010 and June 30, 2009
 - Table III-4: Statement of Market Values and Actuarial Values of Assets of the Variable Supplements Funds for the Fiscal Years Ended June 30, 2010 and June 30, 2009
- Section IV presents the Statutory Contributions to the Plan for Fiscal Year 2012 and Fiscal Year 2011. Table IV-1 shows the components of the Statutory Contributions and Table IV-2 develops the Employer Normal Contributions.
- 5. Section V presents the Solvency Test. This Schedule is required for the Comprehensive Annual Financial Report ("CAFR") and is a means of checking the Plan's progress under its funding program.
- 6. Section VI presents the Funded Status of the Plan, which is expressed in various relationships of assets to liabilities.
- 7. Section VII presents a Schedule of Funding Progress. This schedule is required under Governmental Accounting Standards Board Statement No. 25 ("GASB25") and shows for the current year and for each of the last nine fiscal years, certain amounts determined as of the respective valuation dates and their ratios.
- 8. Section VIII summarizes the benefit provisions of the Plan and the related Variable Supplements Funds. For the June 30, 2010 (Lag) actuarial valuation, the provisions are unchanged from the previous valuation for members hired before July 1, 2009. Members hired on or after July 1, 2009 are covered under Tier III.
- 9. Section IX summarizes the actuarial assumptions and methods used in the June 30, 2010 (Lag) actuarial valuation (i.e., the 2012 A&M). Section X summarizes the actuarial assumptions and methods used in the June 30, 2009 (Lag) actuarial valuation (i.e., the 2006 A&M). Included in these sections is the use of the Liability Valuation Method to address the obligations of POLICE to the Police Officers' Variable Supplements Fund ("POVSF") and the Police Superior Officers' Variable Supplements Fund ("PSOVSF"). The actuarial assumptions and methods for the June 30, 2010 (Lag) valuation (the 2012 A&M) differ from those of the previous valuation (the 2006 A&M).
- 10. Section XI contains a Statement of Actuarial Opinion acknowledging the qualification of the Actuary to render the actuarial opinion contained herein.
- 11. Appendix A compares the Statutory Contributions to the Actuarial Contributions for Fiscal Years 2002 through 2012, inclusive.
- 12. Appendix B contains two tables of Age and Service Distributions showing number of active members, total salary and average salary used in the June 30, 2010 (Lag) and June 30, 2009 (Lag) actuarial valuations.
- 13. Appendix C shows number and salary of active members, by Tier, for Fiscal Years 1981 through 2012 in tabular form and graphically.

SECTION II - SUMMARY OF DEMOGRAPHIC DATA

Census data used as the basis for the valuation are submitted by the Pension Fund's administrative staff, by the employer's payroll facilities and by the Comptroller of the City of New York. Data are reviewed by the Office of the Actuary for consistency and reasonability.

The following Table II-1 sets forth a comparison of the Active Member data included in the June 30, 2010 (Lag) and the June 30, 2009 (Lag) actuarial valuations.

Table II-2 sets forth a comparison of the Pensioners and Beneficiaries included in the June 30, 2010 (Lag) and June 30, 2009 (Lag) actuarial valuations.

Table II-3 reconciles changes in the data from June 30, 2009 to June 30, 2010.

Table II-4 shows the Active Member data as of June 30 for the years 2000 through 2010, inclusive.

Table II-5 shows the Pensioners and Beneficiaries added to and removed from the Rolls during the Fiscal Years 2000 through 2010, inclusive.

Table II-6 sets forth a comparison of the membership of the Variable Supplements Funds as of June 30, 2010 and June 30, 2009.

SECTION III – MARKET VALUES AND ACTUARIAL VALUES OF ASSETS

Information on the Market Value of Assets of the Plan is provided by the Office of the Comptroller.

An Actuarial Asset Valuation Method ("AAVM") is used to determine the AAV of the Plan, the POVSF and the PSOVSF.

The AAVM in use for actuarial valuations after the June 30, 2010 (Lag) actuarial valuation is unchanged from the AAVM in use for the June 30, 2009 (Lag) actuarial valuation.

In accordance with this AAVM, actual Unexpected Investment Returns ("UIR") for Fiscal Years 2012, 2013, etc. are phased into the Actuarial Asset Value ("AAV") beginning June 30, 2012, 2013, etc. at rates of 15%, 15%, 15%, 15%, 20% and 20% per year (i.e., cumulative rates of 15%, 30%, 45%, 60%, 80% and 100% over a period of six years).

UIR is defined as the excess/(deficit) of Net Investment Return over/(under) the Expected Investment Return ("EIR") based on the Actuarial Interest Rate ("AIR") and the AAV.

EIR equals the sum of Beginning-of-Fiscal-Year AAV plus one-half of Net Cash Flow, multiplied by the AIR. The Actuary reset the Actuarial Asset Value to Market Value (i.e., "Market Value Restart") as of June 30, 2011.

For the June 30, 2010 (Lag) actuarial valuation, the AAV is defined to recognize Fiscal Year 2011 investment performance. The June 30, 2010 AAV is derived as equal to the June 30, 2011 MVA, discounted by the AIR assumption (adjusted for cash flow) to June 30, 2010.

The following Table III-1 compares the Market Value of Assets ("MVA") of the Plan as of June 30, 2011, June 30, 2010 and June 30, 2009.

Table III-2 sets forth a comparison of the changes in the Market Value of Assets of the Plan for the Fiscal Years ended June 30, 2011, June 30, 2010 and June 30, 2009.

Table III-3 sets forth the development of the Actuarial Asset Value ("AAV") of the Plan as of June 30, 2010 under 2012 A&M and under 2006 A&M and as of June 30, 2009.

Table III-4 shows the MVA and the AAV for the Police Officers' Variable Supplements Fund ("POVSF") and the Police Superior Officers' Variable Supplements Fund ("PSOVSF"), respectively, as of June 30, 2010 and June 30, 2009.

* The Actuarial Asset Value ("AAV") for the June 30, 2010 (Lag) actuarial valuation under 2012 A&M is defined to recognize Fiscal Year 2011 investment performance. The June 30, 2010 AAV is derived as equal to the June 30, 2011 MVA of \$24,748,860,000 discounted by the AIR assumption (adjusted for net cash flow of \$228,649,000 during Fiscal Year 2011) to June 30, 2010.

Notes to Solvency Test

The ultimate test of financial soundness in a retirement system is its ability to pay all of its promised benefits when due. The retirement system's progress in accumulating assets to pay all promised benefits can be measured by comparing

the Actuarial Value of Assets for the retirement system with

1399

- the Aggregate Accrued Liabilities for:
- Accumulated Member Contributions. Current Pensioners and Beneficiaries, and b.
- Active Members' Employer-Financed Benefits.

The Aggregate Accrued Liabilities are the Actuarial Present Value of projected benefits produced by the projected benefit attribution approach prorated on service. The Aggregate Accrued Liabilities were calculated in accordance with previously issued Governmental Accounting Standards Board Statement No. 5 ("GASB5").

This comparative summary allocates assets as if they were priority groups, somewhat similar to (but not identical with) the priority categories of Section 4044 of the Employee Retirement Income Security Act of 1974.

The values in Table V-1 are dependent upon census data, benefit levels (which have changed on occasion over the past years), and the actuarial assumptions and methods employed at each valuation date. These underlying bases can be found within the Comprehensive Annual Financial Report ("CAFR") for each respective year.

To fully evaluate trends in financial soundness, changes in assumptions need to be evaluated. For the valuation dates shown in the table, the Actuarial Interest Rate and General Wage Increase assumptions were all equal to 8.0% per annum, gross of expenses, and 3.0% per annum, respectively, through the June 30, 2009 (Lag) actuarial valuation. Beginning with the June 30, 2010 (Lag) actuarial valuation, the Actuarial Interest Rate assumption equals 7.0% per annum, net of expenses, and the General Wage Increase assumption equals 3.0% per annum.

SECTION VI - FUNDED STATUS

The Funded Status of the Plan is usually expressed in various relationships of Assets to Liabilities. Different measures are developed and utilized for different purposes and reporting entities.

This Section presents in Table VI-1 the following measures of **Funded Status:**

- AAV as a percentage of Total Actuarial Present Value of Benefits ("APVB") based on the actuarial assumptions used in the actuarial valuation.
- AAV as a percentage of Projected Benefit Obligation ("PBO") based on the actuarial assumptions used in the actuarial valuation. This ratio is presented annually in the CAFR.
- AAV as a percentage of Accumulated Benefit Obligation ("ABO") based on the actuarial assumptions used in the actuarial valuation. This ratio is also presented annually in the CAFR.
- The Market Value of Assets ("MVA") as a percentage of the Market Value Accumulated Benefit Obligation ("MVABO"). MVABO is calculated under the same actuarial assumptions used in the actuarial valuations except for an investment rate of return assumption which is equal to the yield on U.S. Treasury securities based on durations consistent with those of the expected payments from the Plan.

The ratio of MVA to MVABO provides a measure of funded status that is (1) independent of the asset allocation of the Plan, (2) exclusive of any advance recognition of expected asset risk premia (e.g., equity risk premium) and (3) absent any smoothing of asset values.

This ratio has been presented annually in the POLICE CAFR beginning with the June 30, 2003

Note that all Funded Status measures prior to June 30, 2010 are exclusive of the assets and the liabilities of the Variable Supplements Funds ("VSFs").

Notes to Schedule of Funding Progress

As of June 30, 1999, the economic and noneconomic assumptions were revised following experience reviews.

AAVM was changed as of June 30, 1999 to reflect a market basis for investments held by the Plan and was made as one component of an overall revision of actuarial assumptions and methods as of and June 30, 1999.

Under the AAVM used as of June 30, 1999, any UIR for Fiscal Years 2000 or later are phased into AAV beginning the following June 30 at a rate of 10%, 15%, 20%, 25% and 30% per year (or a cumulative rate of 10%, 25%, 45%, 70% and 100% over a period of five years).

Beginning with the June 30, 2004 (Lag) actuarial valuation the economic and non-economic assumptions were again revised in connection with an experience review. The AAVM was changed to a method which also resets the AAV to Market Value (i.e., "Market Value Restart") as of June 30, 1999. As of each June 30 thereafter the AAVM recognizes investment returns greater or less than expected over a period of six years.

Under this revised AAVM, any UIR for Fiscal Years 2000 and later are phased into the AAV beginning the following June 30 at a rate of 15%, 15%, 15%, 15%, 20% and 20% per year (or cumulative rates of 15%, 30%, 45%, 60%, 80% and 100% over a period of six years).

Effective with the June 30, 2010 (Lag) actuarial valuation, the economic and non-economic assumptions were revised in connection with an experience review.

For the June 30, 2010 (Lag) actuarial valuation, the AAV is defined to recognize Fiscal Year 2011 investment performance. The June 30, 2010 AAV is derived as equal to the June 30, 2011 MVA, discounted by the AIR assumption (adjusted for cash flow) to June 30, 2010.

For the June 30, 2011 (Lag) actuarial valuation, the AAV was reset to the MVA (i.e., "Market Value Restart").

The Actuarial Asset Valuation Method ("AAVM") in use for actuarial valuations after the June 30, 2011 (Lag) actuarial valuation is unchanged from the AAVM in use for the June 30, 2009 (Lag) actuarial valuation.

To effectively assess the funding progress of the Plan, it is necessary to compare the Actuarial Asset Value ("AAV") and the Actuarial Accrued Liability ("AAL") calculated in a manner consistent with the Plan's funding method over a period of time. The AAL is the portion of the APV of pension plan benefits and expenses which is not provided for by future normal costs and future member contributions.

The Unfunded Actuarial Accrued Liability ("UAAL") is the excess of the AAL over the AAV. Under the EAACM, actuarial gains (losses), as they occur, reduce (increase) the UAAL and are explicitly identified and amortized. Increases (decreases) in obligations due to benefit changes, actuarial assumption changes and/or actuarial method changes are also explicitly identified and amortized.

SECTION VIII - SUMMARY OF PLAN PROVISIONS

- A. Effective Date: March 29, 1940.
- B. <u>Eligibility Requirements</u>: Tier 1: Pre-July 1, 1973. Tier 2: July 1, 1973 to June 30, 2009. Tier 3: Post-June 30, 2009.

City service in positions in the competitive class of the civil service, who serve probationary periods or who receive permanent appointments in the Police force. Also, City service in a position of Police Surgeon classified in the non-competitive class of civil service.

- C. <u>Member Contributions</u>: <u>Tier 1 and Tier 2</u>
 - 1. Required Member Contributions Based upon age at entry and elected retirement age, credited with regular and special interest. Contributions are required for the first 20 years (or 25 years depending on Plan) of Membership service.
 - Voluntary Member Contributions Additional contributions to the Annuity Savings Fund credited with regular and special interest.

Tier 3

Members contribute 3.0% of salary for a maximum of 25 years.

- D. Increased-Take-Home-Pay ("ITHP") Contributions:
 The City of New York pays a portion of employee contributions for Tier I and Tier II members.
 Effective October 1, 2000, the rate of ITHP contributions is 5.0% of salary, accumulated with regular and special interest. The member may elect to waive the ITHP reduction and contribute at the full employee rate which results in additional benefits attributable to the ITHP contributions.
- E. <u>Credited Service</u>: Credited Service is classified as Allowable Police Service or Other Credited Service. Members are credited with one year of service for two hundred fifty or more days of service and not more than one year for all service in any calendar year. Allowable Police Service includes service in the Uniformed Transit Police Force, Uniformed Housing Police Force, Uniformed Correction Force and Unformed Sanitation Force, if it immediately precedes the Uniformed Police Force service.

Members may purchase, subject to limitations in the law, years of certain war time military service, combined military service and service as police officers in a foreign country for the United States Government, and authorized Child Care Leave.

F. <u>Salary Base</u>:

Tier 1: Final Salary ("FS"). The contract rate of base pay and holiday pay on the last day paid plus any overtime, night differential and worked vacation earned in the previous 12 months plus applicable longevity pay.

Note: For members appointed on or after June 17, 1971, the pensionable compensation for the final year of service is limited to 120% of the pensionable compensation for the year immediately preceding the final year (the "Kingston Law").

Tier 2: Final Average Salary ("FAS"). Total pensionable compensation (wages, overtime, night differential, worked vacation, etc.) a member earned during the twelve (12) months preceding the date of retirement not in excess of 120% of the immediate previous twelve months' pensionable compensation.

Note: If greater, FAS will equal the greatest average three consecutive years' pensionable compensation, where each year's salary cannot exceed 120% of the average of the two previous years.

Tier 3: Final Average Salary ("FAS"). The greatest average three consecutive years' pensionable compensation, where each year's salary cannot exceed 110% of the average of the two previous years.

G. <u>Service Retirement</u>:

Eligibility:

Tier 1 and Tier 2: Completion of 20 years of Credited Service or completion of 25 years of Credited Service, if elected the 25-Year Plan.

Tier 3: Completion of 20 years of Credited Service

for Early Service Retirement and 22 years of Credited Service for Normal Service Retirement.

Benefit: 50% of [FS (Tier 1) or FAS (Tier 2)] plus 1/60th of the sum of all salary after 20 years (or 25 years depending on Plan) of Credited Service.

The benefit is adjusted by the annuitized value of the net excess/(deficit) of accumulated member contributions and ITHP over/(under) required amounts.

Benefit (Tier 3): 2.1% of FAS times number of years of Credited Service for first 20 years plus 4.0% of FAS times number of years of Credited Service in excess of 20 years (total benefit limited to 50% of FAS).

The benefit is reduced by 50% of Primary Social Security at age 62.

H. <u>Disability Retirement</u>:

Accidental Disability:

Eligibility:

Immediate. Must be found by the Medical Board and the Board of Trustees to be physically or mentally unable to perform regular job duties as a result of an injury received in the line-of-duty.

Benefit: 75% of [FS (Tier 1) or FAS (Tier 2)] plus 1/60th of the sum of all salary after 20 years (or 25 years depending on Plan) of Credited Service, plus annuitized value of actual member accumulated contributions and ITHP.

Benefit (Tier 3): 50% of FAS less 50% of Primary Social Security Disability Benefits.

Ordinary Disability:

Tier 1 and Tier 2

Eligibility:

Immediate. Must be found by the Medical Board and the Board of Trustees to be physically or mentally unable to perform regular job duties as a result of an injury not received in the line-of-duty.

Benefit: 2.5% times [FS (Tier 1) or FAS (Tier 2)] times Credited Service.

Minimum benefit:

Less than 10 years of service: 1/3 of [FS (Tier 1) or FAS (Tier 2)],

10 or more years of service: $\frac{1}{2}$ of [FS (Tier 1) or FAS (Tier 2)],

plus annuitized value of the net excess/(deficit) of member accumulated contributions and ITHP over/ (under) required amounts.

Tier 3

<u>Eligibility</u>: 5 years of Credit Service and eligibility for Social Security disability benefit.

Benefit: (Tier 3): The greater of 33 1/3% of FAS or 2.0% of FAS times number of years of Credited Service (not in excess of 22 years) less 50% of Primary Social Security Disability Benefit.

I. <u>Death Benefit</u>:

Eligibility: Tier 1: Immediate.

Tier 2 and Tier 3: Immediate except 90 days of service for Ordinary Death.

Accidental Death Benefit:

Benefit Payable from Pension Fund: 50% of average of the final five years of salary payable to surviving spouse for life or to other eligible dependents, plus, for Tier 1 and Tier 2, lump sum of accumulated member contributions and ITHP.

In addition there may be a benefit payable in accordance with General Municipal Law Section 208.f.

Ordinary Death Benefit:

Tier 1

Less than 10 years of Credited Service: 50% of FS.

At least 10 years of Credited Service: 100% of FS plus accumulated member contributions and ITHP with interest.

Tier 2

Three times final year's salary raised to the next highest multiple of \$1,000 plus accumulated member contributions.

Tier 3

Three times final year's salary raised to the next highest multiple of \$1,000 plus accumulated member contributions.

Form of Payment of Death Benefit: Lump sum. The first \$50,000 of benefit on account of death in active service will be paid from the Group Life Insurance

<u>Death Benefit for Members Eligible for Service Retirement:</u>

Lump sum equal to the reserve for the Service Retirement allowance which would have been payable had the member retired the day before

J. <u>Vested Benefit upon Termination</u>:

Eligibility:

<u>Credited Service</u> <u>Vested Percentage</u>

Less than 5 years 0% 5 or more years 100%

Benefit at Service Retirement Date: 2.5% times [FS (Tier 1) or FAS (Tier 2)] times number of years of Credited Service plus annuitized value of the net excess/(deficit) of accumulated member contributions and ITHP over/(under) required amounts with interest to normal retirement date.

2.1% of FAS (Tier 3) times number of years of Credited Service payable at date 20 years of Credited Service would have been completed or at age 55, if earlier and elected, with a reduction.

The benefit is reduced by 50% of Primary Social Security at age 62.

Participant may elect refund of accumulated member contributions.

K. <u>Normal Form of Retirement Income</u>: Life Annuity.

L. Loans (Tier 1 and Tier 2 only):

Eligibility: After three years of membership up to the day of retirement.

Amount: Up to 90% of accumulated member contributions.

M. <u>Cost-of-Living Adjustments ("COLA")</u>:

Tier 1 and Tier 2

Eligibility: Service Retirees: Age 62 and retired 5 years or age 55 and retired 10 years. Disability Retirees: Retired 5 years. Beneficiaries receiving accidental death benefits: Receiving benefits for 5 years.

Amount: Starting with benefits for September 2001, the COLA percentage is 50% of the increase in CPI-U based upon the 12 months ending March 31, rounded to the next highest 0.1%. Such percentage shall not be less than 1.0% nor greater than 3.0%. This percentage is applied to the first \$18,000 of the total retirement benefit (including all prior COLA) that is payable if no optional form of benefit is elected.

If a retiree dies and has chosen an optional form of payment which provides for benefits to be continued to the spouse, for life, one half of the COLA amount is paid to such spouse.

N. <u>Escalation</u>

Tier 3

Service, vesting and disability retirement benefits, as well as survivor benefits, may be subject to annual escalation.

<u>Full Escalation Date</u>: The full escalation date is calculated as follows for different retirement types:

<u>Vested and Service Pensions</u>: The first day of the month following the date on which a member completes or would have completed 25 years of service

<u>Disability Pensions</u>: The first day of the month following the day on which a disability retiree first becomes eligible for ODR/ADR.

<u>Death Benefits</u>: The first day of the month following the day on which a beneficiary first becomes eligible for a death benefit paid as other than a lump sum.

If a member first begins receiving benefits on the same date as the full escalation date, the Full Escalation will be calculated as a 3.0% increase of current annual pension, or the Cost-of-Living Index increase of current annual pension, whichever is less.

Partial Escalation: Partial escalation is calculated on benefits that commence prior to the member's full escalation date. A member will receive 1/36th of the full escalation rate for each month the benefit starts after the member would have completed 22 years of service.

- O. WTC Disability Benefits: Certain active and retired members of the Plan, who participated in the rescue, recovery or clean-up operations at the WTC site and who become partially or totally disabled due to certain diseases, are presumed to have become disabled in the performance of duty.
- P. WTC Death Benefits: Certain active and retired members of the Plan, who participated in the rescue, recovery or clean-up operations at the WTC site and who die due to certain diseases, are presumed to have died in the performance of duty.

Q. <u>Variable Supplements Funds ("VSF")</u>:

Eligibility: Service Retirement as a Police Officer or Police Superior Officer with at least 20 years (or 25 years depending on Plan) of allowable service. This benefit is not payable to Disability retirees or Vested retirees.

Benefit: Beginning Calendar Year 2007 (2008 for those who became members on or after July 1, 1988), the annual payment is \$12,000.

Increases in Supplementation or automatic COLA benefits payable from the Plan for retirees under legislation enacted after 1988 for Police Officers and 1993 for Police Superior Officers reduce VSF benefits. Subject to certain other conditions, in certain situations, these reductions in VSF benefits due to Supplementation and COLA cease for benefits payable for Calendar Year 2007 and after.

Form of payment: Life annuity payable annually on or about December 15. Benefit is prorated in year of retirement and in year of death.

Source of Payment: VSF benefits are payable from the Police Officers' Variable Supplements Fund ("POVSF") or the Police Superior Officers' Variable Supplements Fund ("PSOVSF") for eligible Police Officers and Police Superior Officers beneficiaries, respectively.

VSF DROP: Members who retire for service on or after January 1, 2002 with 20 years or more (or 25 years depending on Plan) of allowable service are entitled to a lump sum in the first year following retirement equal to the VSF benefits that would have been paid with respect to Calendar Year 2002 and later had the member retired upon completion of 20 years (or 25 years depending on Plan) of allowable service. This is referred to as the "VSF DROP."

Salaries are increased by Baseline Overtime assumptions of 15% for members with less than 23 years of service, grading to 6% at 31 years of service and by Dual Overtime assumptions that differ by Tier and retirement cause (i.e., Service or Disability).

<u>Marital Assumption</u>: All active members are assumed to be married and females are assumed to be three years younger than their male spouses.

- 10. <u>Credited Service</u>: Calculated in whole year increments for valuation purposes.
- 11. <u>Loans</u>: Except for Death Benefits, it is assumed that members take the maximum allowable loan at
- 12. <u>Actuarial Interest Rate</u>: 7.0% per annum, net of expenses.
- 13. <u>COLA</u>: 1.5% per year for Tier I and Tier II, 2.5% per year for Tier III, based on an assumed long-term Consumer Price Inflation rate of 2.5% per year.
- 14. <u>VSF Membership</u>: It is assumed that 50% of active members who retire for Service will be Police Superior Officers.
- 15. Actuarial Asset Valuation Method: The Actuarial Asset Valuation Method ("AAVM") in use for actuarial valuations after the June 30, 2010 (Lag) actuarial valuation is unchanged from the AAVM in use for the June 30, 2009 (Lag) actuarial valuation.

In accordance with this AAVM, actual Unexpected Investment Returns ("UIR") for Fiscal Years 2012, 2013, etc. are phased into the Actuarial Asset Value ("AAV") beginning June 30, 2012, 2013, etc. at rates of 15%, 15%, 15%, 15%, 20% and 20% per year (i.e., cumulative rates of 15%, 30%, 45%, 60%, 80% and 100% over a period of six years).

UIR is defined as the excess/(deficit) of Net Investment Return over/(under) the Expected Investment Return ("EIR") based on the AIR and the AAV.

EIR equals the sum of Beginning-of-Fiscal-Year AAV plus one-half of Net Cash Flow, multiplied by the Actuarial Interest Rate.

The Actuary reset the Actuarial Asset Value to Market Value (i.e., "Market Value Restart") as of June 30, 2011.

For the June 30, 2010 (Lag) actuarial valuation, the AAV is defined to recognize Fiscal Year 2011 investment performance. The June 30, 2010 AAV is derived as equal to the June 30, 2011 MVA, discounted by the AIR assumption (adjusted for cash flow) to June 30, 2010.

Actuarial Cost Method: Beginning with the June 30, 2010 (Lag) actuarial valuation, the Entry Age ("EA") Actuarial Cost Method ("ACM") ("EAACM") of funding is utilized by the Plan's Actuary to calculate the contribution required of the employer under the 2012 A&M.

16.

Under this method, the Actuarial Present Value ("APV") of Benefits ("APVB") of each individual included in the actuarial valuation is allocated on a level basis over the earnings (or service) of the individual between entry age and assumed exit age(s). The employer portion of this APV allocated to a valuation year is the Normal Cost. The portion of this APV not provided for at a valuation date by the APV of Future Normal Costs or future member contributions is the Actuarial Accrued Liability ("AAL").

The excess, if any, of the AAL over the Actuarial Asset Value ("AAV") is the Unfunded Actuarial Accrued Liability ("UAAL").

Under this method, actuarial gains (losses), as they occur, reduce (increase) the UAAL and are explicitly identified and amortized.

Increases (decreases) in obligations due to benefit changes, actuarial assumption changes and/or actuarial method changes are also explicitly identified and amortized.

Under the EAACM, the explicit UAALs that are developed each year are generally financed over fixed periods. Ideally, these periods are reasonably consistent with the expected future working lifetimes of all active participants of the Plan.

Under the EAACM, the Employer Normal Contribution Rate ("ENCR") remains constant by individual and changes gradually over time for the entire Plan as the characteristics of the group changes (e.g., more Tier 3 active members decrease the average ENCR).

The obligations of POLICE to the Police Officers' Variable Supplements Fund ("POVSF") and the Police Superior Officers' Variable Supplements Fund ("PSOVSF") are recognized through the Liability Valuation Method.

Under this methodology the APV of Future VSF Transfers from POLICE to the POVSF and PSOVSF is included directly as an actuarial liability of POLICE. This amount is computed as the excess, if any, of the APV of benefits of the POVSF and PSOVSF over the AAV of the POVSF and PSOVSF, respectively. Under the EAACM, a portion of the APV of Future VSF Transfers is reflected in the APV of Future Normal Costs and a portion is reflected in the UAAL.

- 17. <u>Lump Sum Death Benefits</u>: Liabilities for group life lump sum death benefits are calculated under the One-Year Term Cost method.
- 18. Allowances for Administrative Expenses: The Employer Contribution for a fiscal year is increased by the interest-adjusted amount of administrative expenses paid from the Fund during the second prior fiscal year.
- 19. WTC Disability and Death Benefits: To properly value the benefit provisions of the WTC Disability Law and the WTC Death Benefits Law, it is necessary to collect data on affected members to first identify eligible members and then to track their experience.

For actuarial valuations prior to June 30, 2010, WTC Disability Law liabilities were estimated as described in Fiscal Note 2005-06, dated June 3, 2005. WTC Death Benefits Law liabilities were estimated as described in Fiscal Note 2008-09, dated June 18, 2008.

For actuarial valuations beginning June 30, 2010, reflecting the 2012 A&M, obligations attributable to the WTC Disability Law and to the WTC Death Benefits Law are determined through the use of explicit assumptions in the 2012 A&M and through estimation techniques for post-retirement reclassifications.

20. <u>One-Year Lag Methodology</u>: One-Year Lag methodology uses a June 30, XX-2 valuation date to determine Fiscal Year XX employer contributions.

This methodology requires some theoretical adjustments to certain components used to determine Fiscal Year XX employer contributions as follows:

• Present Value of Future Salary ("PVFS")

The PVFS at June 30, XX-2 is reduced by the value of salary projected to be paid during Fiscal Year XX-1.

Salary for Determining Employer Normal Contributions

Salary used to determine the employer Normal Contribution is the salary projected to be paid during Fiscal Year XX to members on payroll at June 30, XX-2.

• UAAL Payments

For determining the UAAL payments for Fiscal Year XX, and to be consistent with the OYLM, the UAAL as of June 30, XX-2 is adjusted by the discounted value of employer normal contributions paid during Fiscal Year XX-1 and the discounted value of Administrative Expenses reimbursed during Fiscal Years XX-1 and XX.

Salary Scale includes an assumed General Wage Increase of 3.0% per annum. Longevity increases for the first 10 years are applied after 20 years of service. All longevity increases are applied after 25 years of service.

- 7. Overtime Assumption: A Baseline Overtime assumption of 12% is assumed throughout the working lifetimes of active members. Additionally, a Dual Overtime assumption of 16% is utilized when calculating Final Salary or Final Average Salary for Service Retirements, 6% for Disability Retirements, except that 10% is used for Tier 2 Ordinary Disability Retirements with over 20 years of service, and 12% for all other benefits.
- 8. <u>Marital Assumption</u>: All active members are assumed to be married and females are assumed to be three years younger than their male spouses.
- 9. <u>Credited Service</u>: Calculated in whole year increments for valuation purposes.
- Loans: Except for Death Benefits, it is assumed that members take the maximum allowable loan at retirement.
- 11. <u>Actuarial Interest Rate</u>: 8.0% per annum, gross of expenses.
- 12. <u>COLA</u>: 1.3% per year based on an assumed longterm Consumer Price Inflation rate of 2.5% per year.
- 13. <u>VSF Membership</u>: It is assumed that 50% of active members who retire for Service will be Police Superior Officers.
- 14. Actuarial Asset Valuation Method: Beginning with the June 30, 2004 (Lag) actuarial valuation, the AAVM was changed to a method that reset the Actuarial Asset Value to Market Value (i.e., "Market Value Restart") as of June 30, 1999. As of each June 30 thereafter the AAVM recognizes investment returns greater or less than expected over a period of six years.

Under this AAVM, any UIR for Fiscal Years 2000 and later are phased into the AAV beginning June 30 of that Fiscal Year at a rate of 15%, 15%, 15%, 15%, 20% and 20% per year (or cumulative rates of 15%, 30%, 45%, 60%, 80% and 100% over a period of six years).

These revised averaging factors were applied against the UIR computed under the prior five-year AAVM used for Fiscal Years 2000 to 2004.

UIR is defined as the excess/(deficit) of Net Investment Return over/(under) the Expected Investment Return ("EIR") based on the Actuarial Interest Rate and the AAV.

EIR equals the sum of Beginning-of-Fiscal-Year AAV plus one-half of Net Cash Flow, multiplied by the Actuarial Interest Rate.

Actuarial Cost Method: The Frozen Initial Liability 15. Actuarial Cost Method was utilized by the Plan's Actuary to calculate the contributions required of the employer. Under this method, the excess of the APV of projected benefits of the Plan's membership as of the valuation date, over the sum of the AAV plus the Unfunded Actuarial Accrued Liabilities ("UAAL"), if any, and the APV of future employee contributions, is allocated on a level basis over the future earnings of members who are on the payroll as of the valuation date. Actuarial gains and losses are reflected in the employer normal contribution

> The obligations of POLICE to the Police Officers' Variable Supplements Fund ("POVSF") and the Police Superior Officers' Variable Supplements Fund ("PSOVSF") are recognized through the Liability Valuation Method.

Under this methodology the APV of Future VSF Transfers from POLICE to the POVSF and PSOVSF is included directly as an actuarial liability to POLICE. This amount is computed as the excess, if any, of the APV of benefits of the POVSF and PSOVSF over the AAV of the POVSF and PSOVSF respectively. and PSOVSF, respectively.

- <u>Lump Sum Death Benefits</u>: Liabilities for group life lump sum death benefits are calculated under the One-Year Term Cost method. 16.
- 17. Allowances for Administrative and Investment Expenses: The Employer Contribution for a fiscal year is increased by the interest-adjusted amount of administrative and investment expenses paid from the Fund during the second prior fiscal year.
- <u>WTC Disability and Death Benefits</u>: To properly value the benefit provisions of the WTC Disability Law and the WTC Death Benefits Law it is 18. necessary to collect data on affected members. Until such time as data becomes available that both identifies eligible members and tracks their experience, an explicit determination of the liabilities for the WTC Disability and Death Benefits cannot be made. WTC Disability liabilities were estimated as described in the New York City Office of the Actuary Fiscal Note 2005-06, dated June 3, 2005, and are included in the Actuarial Present Value of Benefits ("APVB") of POLICE. WTC Death Benefits liabilities were estimated as described in the New York City Office of the Actuary Fiscal Note 2008-09 dated June 18, 2008 and are also included in the APVB of POLICE.
- One-Year Lag Methodology: One-Year Lag methodology uses a June 30, XX-2 valuation date to determine Fiscal Year XX employer contributions. 19.

This methodology requires some theoretical adjustments to certain components used to determine Fiscal Year XX employer contributions as follows:

- Present Value of Future Salary ("PVFS")
 - The PVFS at June 30, XX-2 is reduced by the value of salary projected to be paid during Fiscal Year XX-1.
- Salary for Determining Employer Contributions

Salary used to determine the employer Normal Cost is the salary projected to be paid during Fiscal Year XX to members on payroll at June 30, XX-2.

INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of the New York City Police Department Police Officers' Variable Supplements Fund

We have audited the accompanying statements of plan net assets of New York City Police Department Police Officers' Variable Supplements Fund (the "Plan") as of June 30, 2012 and 2011, and the related statements of changes in plan net assets for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements are the responsibility of the Plan's management.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets of the Plan as of June 30, 2012 and 2011, and the changes in plan net assets for the years then ended in conformity with accounting principles generally accepted in the United States of America.

ended in conformity with accounting principles generally accepted in the United States of America. Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 2 through 7 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) JUNE 30, 2012 AND 2011

The narrative discussion and analysis of the financial activities of the New York City Police Officers' Variable Supplements Fund (POVSF, the "Fund" or the "Plan") for the fiscal years ended June 30, 2012 and 2011 is presented by management as an introduction to the basic financial statements. It is meant to assist the reader in understanding the Fund's financial statements by providing an overall review of financial activities during the year and the effects of significant changes, as well as a comparison with the prior year's activities and results.

OVERVIEW OF BASIC FINANCIAL STATEMENTS

The following discussion and analysis is intended to serve as an introduction to the Plan's basic financial statements. The basic financial statements are:

- The Statement of Plan Net Assets presents the financial position of the Plan at fiscal year-end. It
 indicates the assets available for payment of future benefits and any current liabilities that are owed as of
 the statement date. Investments are shown at fair value. All other assets and liabilities are determined on
 an accrual basis.
- The Statement of Changes in Plan Net Assets presents the result of activities during the year. All
 changes affecting the assets and the liabilities of the Plan are reflected on an accrual basis when the
 activity occurred, regardless of the timing of the related cash flow. In that regard, changes in the fair
 values of investments are included in the year's activity as net appreciation (depreciation) in fair value of
 investments.
- The Notes to Financial Statements provide additional information that is essential to a full
 understanding of the data provided in the financial statements. The notes present information about the
 Plan's accounting policies, significant account balances and activities, material risks, obligations,
 contingencies, and subsequent events, if any.

The financial statements are prepared in accordance with Governmental Accounting Standards Board Pronouncements (GASB).

FINANCIAL HIGHLIGHTS

- The Fund's total assets exceeded its liabilities by \$475.2 million and \$611.1 million as of June 30, 2012 and 2011, respectively.
- In fiscal year 2012, the Fund's Net Assets Held in Trust for Benefits decreased by \$135.8 million or 22.2% compared to fiscal year 2011 and increased by \$9.7 million or 1.6% compared to fiscal year 2010. Plan Net Assets Held in Trust for Benefits decreased in fiscal year 2012 due to the decrease in fair value of investments
- Benefit payments totaled \$142.8 million for fiscal year 2012 compared to \$136.5 million for fiscal year 2011. This reflects an increase of 5%, whi ch is primarily due to the increase in the number of the retirees Benefit Payments in the amount of \$136.5 million paid in fiscal year 2011 represented an increase of 8% from year 2010.

PLAN NET ASSETS

The Statements of Plan Net Assets for fiscal years 2012 and 2011 showed total assets exceeded total liabilities by \$475.2 million and \$611.1 million, respectively. This represents total Fund Net Assets Held in Trust for Benefits. This amount is available to cover the Fund's obligation to pay benefits to the Fund's members.

This year the Fund's Net Assets Held in Trust for Benefits decreased by \$135.8 million or 22.2% compared to fiscal year 2011. Last year, the Fund increased by \$9.7 million or 1.6% compared to fiscal year 2010.

The Fund's 2012 outstanding liabilities of \$164 million decreased by 8% compared to fiscal year 2011. The Fund's 2011 outstanding liabilities of \$177 million increased by 1% compared to fiscal year 2010. Total liabilities consist of outstanding securities lending transactions of 25% and 37%, accrued benefits payable 42% and 39% and payable for investment securities purchased of 32% and 24% for fiscal years 2012 and 2011 recircular.

The Fund Investment Portfolio decreased by 20.5% during fiscal year 2012 due to a downturn in the economy, and increased by 3.5% during fiscal year 2011 due to a positive net income from investment

CHANGES IN PLAN NET ASSETS

Additions — The overall activities of the Fund shown in the Statements of Changes in Plan Net Assets are reflected in the difference between total additions and total deductions resulting in a net decrease of \$13.5.8 million for the fiscal year 2012 and increase of \$9.7 million for the fiscal year 2011. The following items represent the components of this difference: net investment income \$7.0 million and benefit payments of \$142.8 million for 2012, and net investment income \$146.2 million and benefit payments of \$136.5 million

Deductions — All administrative and investment expenses are paid by The City of New York and not charged to the Fund. For fiscal year 2012 deductions totaled \$142.8 million and \$136.5 million was paid in fiscal year 2011. This shows an increase of \$6.3 million or 5% this year compared to the prior fiscal year and an increase of \$10.3 million or 8% in 2011 compared to 2010. In addition, benefit payments increased substantially this year primarily as a result of an increase in the number of retirees paid.

FUNDING AND PLAN BENEFITS

The New York City Police Pension Fund (POLICE) is the source of funding for the Fund.

For Fiscal Years 2012,20 11 and 2010 there were no transfers from POLICE to the Fund.

Plan benefits are paid once a year, in December, according to a schedule which, in general, increases annually by \$500 up to a maximum of \$12,000. Tier A members, those hired before July 1, 1988, and Tier B members, those hired after June 30, 1988, are under different schedules. Tier A eligible Police Officer retirees began receiving the maximum scheduled benefit of \$12,000 in December 2007. Tier B eligible Police Officer retirees began receiving the maximum \$12,000 benefit in December 2008.

All data pertaining to benefits and other information concerning the Fund is discussed in detail in the notes to the financial statements.

The Administrative Code of The City of New York (ACNY) provides that POLICE transfer to the Fund an amount equal to certain excess earnings on equity investments, limited to the unfunded Accumulated Benefit Obligation (ABO) of the Fund. Excess earnings are defined as the amount by which earnings on equity investments of POLICE exceed what those earnings would have been had such Funds been invested at a yield comparable to that available from Fixed-Income Securities (Hypothetical Fixed Income Security Earnings) less any cumulative deficiencies. The Fund also receives credit for investment earnings on Fund assets.

The calculation of the Hypothetical Fixed Income Security Earnings requires the determination of the Hypothetical Interest Rate (HIR), which is computed by the Comptroller (Note 4).

Effective Fiscal Year 2000, the Actuary recommended revision to the calculation of the HIR. This change in methodology would make HIR for POLICE consistent with Chapter 255 of the Laws of 2000 (Chapter 255/00) that modified the methodology for the HIR used for developing the Transferable Earnings Payable from the New York City Employees' Retirement System (NYCERS) to certain Variable Supplements Funds

Specifically, in recognition that 30-year U.S. Treasury Securities may become less plentiful in the future and subject to market distortion, the Actuary proposed to determine the HIR for Fiscal Year 2000 and later by taking an average of the monthly yields of 10-year U.S. Treasury Notes as published in Federal Reserve Statistical Bulletin H.15 and increasing it by 15%.

At its March 14, 2001 meeting, the Board of Trustees of POLICE adopted this revised methodology for use ir connection with the calculation of the HIR for Fiscal Year 2000 and later.

INVESTMENTS

The Board of Trustees of the Fund, in accordance with existing laws, has the authority to determine the manner in which the assets of the Funds are invested. Investments are made by the New York City Comptroller, who acts as custodian of the assets. The primary object of the Fund is to provide benefits for its members and provide for growth in membership and also be prepared for inflation. Investments are made wit the objective of minimizing risks and maintaining a high competitive return. Diversification has increased investment results and provided security for the assets of the retirement system. The Comptroller of The City of New York utilizes several investment advisors to manage long-term debt and equity portfolios. Advisors must obtain prior approval before each purchase or sale of a particular security. Investments are valued at fair value. Purchase and sales of Securities are reflected on the trude date. No investment in any one security represents 5% or more of Plan Net Assets Held in Trust for Benefits.

The Fund is expected to earn a higher long-term rate of return than short-term cash accounts, due to the long term nature of its liabilities and the diversification of its investment holdings. For the five-year period ended June 30, 2012, the Fund had an annualized return of 2.24%. Investments in assets that are expected to produc higher returns are also subject to greater volatility and may also produce negative returns. Fiscal year 2012 has been a fairly good year for investors. Investments in stock markets within and outside the United States have slightly gained value. For example, the Russell 3000 index, a broad measure of the U.S. stock market, gain 3.84% during this period, and the Europe, Australia and Far East ("EAFE") Index, the most commonly used measure of performance in developed international markets, loss 13.83%. The returns of the Fund have been consistent with these broad market trends and as a result, the asset allocation followed by the Fund produced a combined return of a gain of 2.11%. For the three-year period ended June 30, 2012 the combiner return was a gain of 12.67%, and for the five-year period it was a gain of 2.24%.

Cash temporarily idle during the year is subject to conservative investment restrictions, and was invested in obligations of the U.S. Treasury and U.S. agency securities, commercial paper, medium term notes, and repurchase agreements. The average maturity of the investments is 83 days. The Fund earned an average yiel of 0.60% which compares with the average yield of 0.088% on three-month Treasury Bills and 0.32% for a representative institutional money market Fund.

Assets are invested long-term for the benefit of the Fund's participants and their beneficiaries. All investments are managed by registered investments advisors, pursuant to applicable laws and to guidelines issued by the Comptroller. Collectively the investments utilize one domestic equity manager, three domestic fixed-income managers, three international equity managers and one emerging markets manager. Assets are allocated in accordance with plan policy adopted periodically by the Fund's Board of Trustees. The percentage in each category is determined based on a study indicating the probable rates of return and levels of risk for various assets' allocations. The actual allocation may vary from this policy mix as market values shift and as investments are added or terminated

Security Lending Transactions — The Board of Trustees permits the Fund to lend its securities to brokers, dealers and others with an agreement to return the collateral for the same securities in the future. In return, it receives collateral in the form of cash, treasury and US Government Securities at 100% to 105% of the principal, plus accrued interest for reinvestment.

Contact Information —This financial report is designed to provide our members and their beneficiaries and others with a general overview of the Fund's finances and show accountability for money it receives. Questions concerning any data provided in this report or request for additional information should be directed to the Chief Accountant, New York City Police Officers' Variable Supplements Fund, 233 Broadway 25th Floor, New York, NY 10279.

NOTES TO FINANCIAL STATEMENTS YEARS ENDED JUNE 30, 2012 AND 2011

1. PLAN DESCRIPTION

The New York City ("The City") Police Pension Fund administers both the Police Officers' Variable Supplements Fund (POVSF, the "Fund" or the "Plan") and the Police Superior Officers' Variable Supplements Fund (PSOVSF). The Fund operates pursuant to the provisions of Title 13, Chapter 2 of the Administrative Code of The City of New York (ACNY) and provides supplemental benefits to retired Police Officers. To be eligible to receive Fund benefits, Police Officers must retire, on or after October 1, 1968, and be receiving a service retirement benefit from the New York City Police Pension Fund (POLICE).

Except for service retirement, Fund benefits are forfeitable upon separation from service.

The Fund is included in the Pension and Other Employee Benefit Trust Funds section of The City's Comprehensive Annual Financial Report (CAFR).

The PSOVSF is maintained as a separate fund and is not included in these financial statements.

Under current law, the Fund is not to be construed as constituting a pension or retirement system. Instead, it provides defined supplemental payments, other than pension or retirement system allowances, in accordance with applicable statutory provisions. While The City guarantees these payments, the New York State Legislature has reserved to itself and the State of New York (the "State") the right and power to amend, modify, or repeal the Fund and the payments it provides.

At June 30, 2011 and June 30, 2010, the dates of the Fund's most recent actuarial valuations, the Fund's membership consisted of:

·	2011	2010
Retirees currently receiving payments Active members*	11,462 21,320	11,004 21,905
Total	32,782	32,909

Represents the number of actively employed Police Officers as of the June 30 valuation dates.

The Fund provides a guaranteed schedule of supplemental benefits for Police Officers who retire (or have retired) as Police Officers on service retirement with at least 20 years of service as follows:

- a. For those who retired prior to July 1, 1988, the annual benefit was \$2,500 in Calendar Year 1988. For those who retired during Calendar Year 1988, the annual \$2,500 benefit payment was prorated. The annual benefit increases \$500 each year thereafter to a maximum of \$12,000 in the Calendar Year 2007 and thereafter. For those who were members of POLICE prior to July 1, 1988 and who retire after Calendar Year 1988, the annual benefit payment is the scheduled amount described above prorated in the year of retirement and the full amount thereafter.
- b. For those who become members of POLICE on or after July 1, 1988, the annual supplemental benefit is \$2,500 for the first twelve months of retirement, which increases by \$500 each year until a maximum of \$12,000 is payable in the twentieth and later years of retirement. This was modified by Chapter 503 of the Laws of 1995 (Chapter 503/95) as discussed below.

Chapter 503/95 amended the ACNY in relation to the transfer of assets, liabilities and administration of certain pension funds in the New York City Police Department. In addition, this law permits certain active employees with prior service credit before entering POLICE to utilize their original dates of hire for determining benefits from the Fund. It also provides that police officers who became members of POLICE on or after July 1, 1988 will receive the maximum \$12,000 benefit beginning Calendar Year 2008 and thereafter.

Chapter 216 of the Laws of 2002 (Chapter 216/02) provides that participants of the Fund who retire from POLICE on and after January 1, 2002 with more than 20 years of service are entitled to an additional one-time special lump sum payment in the first year following retirement equal to the cumulative Fund benefits that would have been paid after January 1, 2002 had they retired at the completion of their 20th year of service (VSF DROP).

In the past, the New York State Legislature, in recognition of inflation, has increased retirement benefits to retirees of its public pension systems. Any incre ase in the amounts of ad-hoc cost-of-living increases ("Supplementation") or automatic Cost-of-Living Adjustments (COLA) payable from POLICE for retirees of the Fund under legislation enacted after 1988 will reduce benefits payable from the Fund until the later of: (a) age 62, or (b) Calendar Year 2007 (the twentieth year of retirement or Calendar Year 2008, if earlier, in the case of new members on and after July 1, 1988).

Chapter 119 of the Laws of 1995 (Chapter 119/95) provides additional benefits for Supplementation payable from POLICE on and after December 1, 1996 for certain retirees of POLICE effective as enacted by The City Council on October 25, 1995.

Chapter 390 of the Laws of 1998 (Chapter 390/98) provides additional benefits for Supplementation payable from POLICE on and after September 1, 1998 (with a second increase commencing September 1, 1999).

Chapter 125 of the Laws of 2000 (Chapter 125/00) provides Supplementation benefits from POLICE for certain retirees who retired before Calendar Year 1997 effective September 2000.In addition, Chapter 125/00 provides future COLA increases from POLICE beginning September 2001 and on each subsequent September to eligible retirees.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The Fund is accounted for on an accrual basis where the measurement focus is on the flow of economic resources. Revenu es are recognized in the accounting period in which they are earned and expenses are recognized in the period incurred.

Method Used to Value Investments — Investments are valued at fair value. Trading securities are stated at the last reported sales price on a national securities exchange on the last business day of the fiscal year. Se curities purchased pursuant to agreements to resell are carried at the contract price, exclusive of interest, at which the securities will be resold. Fair value is defined as the quoted market value on the last trading day of the period, except for the Short-Term Investment Fund ("STIF") (a money market fund) and the International Investment Funds ("IIF"). The I IF's are privately traded funds, which are managed by various investment managers on behalf of the Plan. Plan management determines fair value of the IIF's based on information provided by the various investment managers Management records the STIF at cost, which approximates fair value.

Purchases and sales of securities are reflected on the trade date. Ga ins or losses on sales of securities are based on the average cost of securities.

Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned on an accrual basis.

No investment in any one security represents 5% or more of the Fund's net assets held in trust for benefits.

The Plan does not possess an investment risk policy statement nor does it actively manage Plan assets to specified risk targets. Rather, investment risk management is an inherent function of our asset allocation process. Plan assets are diversified over a broad range of asset classes and encompass multiple investment strategies aimed at limiting concentration risk.

Contributions — POLICE is the source of funding for the Fund.Sec tion 13-232 of the ACNY states, among other things, how amounts transferred into the Fund shall be computed.

Income Taxes — Income earned by the Fund is not subject to Federal income tax.

Accrued Benefits Payable — Accrued benefits payable represent either: (1) benefits due and unpaid from the preceding payment date of December 15, or (2) benefits deemed incurred and unpaid (an accrual for a portion of the current Calendar Year benefit) for the Fiscal Year-end of June 30.

Securities Lending Transactions — State Statutes and the Fund Board of Trustees policies permit the Fund to lend its securities (the underlying securities) to broker-dealers and other entities with a simultaneous agreement to return the collateral for the same securities in the future. The Fund's custodian lends the following types of securities: short-term securities; common stock; long-term corporate bonds; U.S. Government and U.S.Governmen at agency bonds; asset-backed securities; and international equities and bonds held in collective investment funds. In return, it receives collateral in the form of cash and treasury and U.S. Government agency securities at 100% to 105% of the principal plus accrued interest for reinvestment. At year -end, the Fund had no custodian credit risk exposure to borrowers because the amounts the Fund owed the borrowers exceeded the amounts the borrowers owed the Fund. The contracts with the fund custodian require borrowers to indemnify the Fund if the borrowers fail to return the securities and if the collateral is inadequate to replace the securities loaned or fail to pay the Fund for income distributions by the securities 'sources while the securities on oloan. All securities loans can be terminated on demand within a period specified in each agreement by either the Fund or the borrowers. Cash collateral is invested in the lending agents' short-term investment pools, which have a weighted average maturity of 83 days.

The securities lending program in which the Fund participates only allows pledging or selling securities in the case of borrower default. Accordingly, the Fund is fully indemnified against any loss of value between the securities loaned and the securities held as collateral.

Governmental Accounting Standards Board ("GASB") Statement No. 28, Accounting and Financial Reporting for Securities Lending Transactions, requires that securities loaned as assets be reported in the statements of plan net assets. Cash received as collateral on securities lending transactions and investments made with that eash are reported as assets. Securities received as collateral are also reported as assets if the government entity has the ability to pledge or sell them without a borrower default. Liabilities resulting from these transactions are reported in the statements of fund net assets. Accordingly, the Fund recorded the investments purchased with the cash collateral as collateral from securities lending transactions with a corresponding liability as securities lending transactions. Sec urities on loan are carried at market value. The value as of June 30, 2012 and 2011 is %43.7 million and \$69.1 million, respectively.

New Accounting Standard Adopted — In fiscal year 2011, the Plan adopted one new statement on financial accounting standards issued by the Governmental Accounting Standards Board ("GASB"). GASB Statement No. 59, Financial Instruments Omnibus updates and improves existing standards regarding financial reporting and disclosure requirements of certain financial instruments and external investment pools for which significant issues have been identified in practice. The Plan has determined that GASB Statement No. 59 had no impact on the Plan's financial statements as a result of the implementation.

New Accounting Standard Issued but Not Yet Effective- In June of 2012, GASB issued Statement No. 67, Financial Reporting for Pension Plans. This Statement establishes financial reporting standards for state and local governmental pension plans, defined benefit pension plans and defined contribution pension plans that are administered through trusts or equivalent arrangements in which: (1) contributions from employers and nonemployer contributing entities to the pension plan and earnings on those contributions are irrevocable (2) pension plan assets are dedicated to providing pensions to plan members in accordance with the benefit terms and (3) pension plan assets are legally protected from the creditors of employers, nonemployer contributing entities, and the pension plan administrator. If the plan is a defined benefit pension plan, plan assets also are legally protected from creditors of the plan members. For defined benefit pension plans, this statement establishes standards of financial reporting for separately issued financial reports and specifies the required approach to measuring the pension plan (the net pension liability), about which information is required to be presented. Distinctions are made regarding the particular requirements depending upon the type of pension plan administered. This Statement replaces the requirements of Statement No. 25, Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans, and Statement No. 50, Pension Disclosures, as they relate to pension plans that are administered through trusts or equivalent arrangements that meet certain criteria. The requirements of Statement No. 50 and Statement No. 50 remain applicable to pension plans that are not administered through trusts covered by the scope of this Statement and to defined contribution plans that provide postemployment benefits other than pensions. The provisions of Statement No. 67 are effective for financial statements for fiscal years beginning after June 15, 2013. Earlie

3. INVESTMENTS AND DEPOSITS

The Comptroller of The City of New York (the "Comptroller") acts as an investment advisor to the Plan In addition, the Plan employs an independent investment consultant as an investment advisor. The Plan utilizes several investment managers to manage the long-term debt and equity portfolios. The managers are regularly reviewed, with regard to both their investment performance and for their adherence to investment unidelines.

Concentration of Credit Risk - The criteria for Plan investments are as follows:

The Plan does not have any investments in any one entity that represent 5% or more of plan net assets.

The legal requirements for Plan investments are as follows:

member and are, therefore, fully insured.

Fixed income, equity and other investments may be made as permitted by New York State RSSL §§ 176-178(a) and Banking Law § 235, the New York City Administrative Code, and the Legal Investments for New York Savings Banks list as published by The New York State Banking Department, subject to Note 3(b).

Investments up to 25% of total pension fund assets may be made in instruments not expressly permitted by the State RSSL.

Bank of New York Mellon ("BNYM") is the primary custodian for substantially all of the securities of

Cash deposits are insured by the Federal Deposit Insurance Corporation for up to \$250,000 per Plan

Credit Risk — Portfolios other than U.S. Government and related portfolios have credit rating limitations. Investment Grade portfolios are limited to mostly ratings of BBB and above except that they are also permitted a 10% maximum exposure to BB & B rated securities. While Non Investment grade managers are primarily invested in BB & B rated securities, they can also invest up to 7% of their portfolio in securities rated CCC. Non-rated securities are considered to be non-investment grade. The quality ratings of investments, by percentage of the rated portfolio, as described by nationally recognized statistical rating organizations are as follows:

U.S. Treasury Bonds, Notes and Treasury-inflation protected securities are obligations of the U.S. Government or explicitly guaranteed by the U.S. government and therefore not considered to have credit risk and are not included above.

Custodial Credit Risk — Deposits are exposed to custodial credit risk if they are uninsured and uncollateralized. Custodial credit risk is the risk that, in the event of a failure of the counterparty, the Plan will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the Plan and are held by either the counterparty or the counterparty's trust department or agent but not in the Plan's name.

Consistent with the Plan's investment policy, the investments are held by the Plan's custodian and registered in the Plan's name.

No investment in any one security represents 5% or more of Plan Assets Held in Trust for Benefits.

All of the Plan's deposits are insured and/or collateralized by securities held by a financial institution separate from the Plan's depository financial institution.

All of the Plan's securities are held by the Plan's custodial bank in the Plan's name

Interest Rate Risk — Interest rate risk is the risk that the fair value of investments could be adversely affected by the change in interest rates. Duration limits are used to control the portfolios exposure to interest rate changes. In the investment grade core Fixed Income portfolios duration is limited to a range of -1 to .75 years versus the duration of the benchmark indices. Duration range is a measure of the overall portfolio, while statements of the stated maturity reflect the specific maturities of the individual securities held. The Plan has no formal risk policy. The lengths of investment maturities (in years), as shown by the percent of the rated portfolio, are as follows:

Foreign Currency Risk — Foreign currency risk is the risk that changes in the exchange rates will adversely impact the fair value of an investment. Currency risk is present in underlying portfolios that invest in foreign stock and/or bonds. The currency markets have proven to be good diversifiers in a total portfolio context; therefore, the Plan has numerous managers that invest globally. In general, currency exposure is viewed as a benefit for its diversification reasons and not as an inherent risk within the portfolio. The Plan has no formal risk policy.

In addition to investments in foreign stocks and/or bonds, the Plan invests in foreign currencies. The Plan's foreign currency holdings as of June 30, 2012 and 2011 are as follows (amounts in U.S. dollars, in thousands):

FUNDING

The ACNY provides that POLICE transfer to the Fund an amount equal to certain excess earnings on equity investments, limited to the unfunded Accumulated Benefit Obligation (ABO) of the Fund. Exces earnings are defined as the amount by which earnings on equity investments of POLICE exceed what those earnings would have been had such funds been invested at a yield comparable to that available from fixed-income securities ("Hypothetical Fixed Income Security Earnings") less any cumulative deficiencies. The Fund also receives credit for investment earnings on Fund assets.

The calculation of the Hypothetical Fixed Income Security Earnings requires the determination of the Hypothetical Interest Rate (HIR), which is computed by the Comptroller.

For Fiscal Year 2012, the excess earnings of POLICE, inclusive of prior year's cumulative deficiencies are estimated to be equal to zero and, therefore, no transfer is expected to be due from POLICE to the Fund as of June 30, 2012.

For Fiscal Year 2011,th e excess earnings of POLICE, inclusive of prior year's cumulative deficiencies are estimated to be equal to zero and, therefore, no transfer is expected to be due from POLICE to the Fund as of June 30, 2011.

In addition, Chapter 247 of the Laws of 1988 states that if the assets of the Fund are less than the amoun required to pay the retirees' guaranteed scheduled annual supplemental benefit payments, then The City is required by law to fund the difference.

The amount shown below as the ABO is the measure of the present value of scheduled supplemental benefits estimated to be payable in the future as a result of employee service-to-date. The ABO is calculated as the actuarial present value of credited projected benefits, prorated on service and is intended to help users assess the funded status of the Fund on a going-concern basis, assess progress made in accumulating sufficient assets to pay benefits when due and make comparisons among variable supplements funds.

Actuarial valuations of the Fund are performed annually as of June 30.

A comparison of the ABO as calculated by the Actuary with the Fund net assets held in trust for benefits as calculated by the Actuary as of June 30, 2011 and June 30, 2010, follows:

	Amounts as of June30

- Based on actuarial assumptions adopted by the Board of Trustees of POLICE during Fiscal Year 2012.
- Based on actuarial assumptions adopted by the Board of Trustees of POLICE during Fiscal Year 2006.
- Under the revised actuarial assumptions, the ABO as of June 30, 2010 increased by approximately \$206.3

The June 30, 2011 and the June 30, 2010 ABOs decreased by approximately \$20.9 million, \$19.4 million and \$15.5 million, respectively, compared to those projected prior to the enactment of Chapters 119/95, 390/98 and 125/00.

- These total ABOs have been reduced by accrued benefits payable. This basis of reporting the total ABO is consistent with that used to report Plan net assets held in trust for benefits in these financial statements, but may differ from the bases used for other purposes.
- See Note 2 for valuation of investments in the calculation of Fund net assets held in trust for benefits. For purposes of the June 30, 2011 and the June 30, 2010 actuarial valuations of the Fund, Chapter 125/00 has been taken into account in the determination of the unfunded ABO relative to the Supplementation benefit increases that began Fiscal Year 2001 and to the automatic COLA benefits provided for Fiscal Year 2002 and each future year (Note 1).

Sections 13-270 and 13-280 of the ACNY provide that the Boards of Trustees of the Fund and the PSOVSF shall adopt, upon the recommendation of the Actuary, actuarial assumptions as to interest rate, mortality of retirees and estimated number of active members of POLICE in service as of each June 30 who will retire for service with 20 or more years of service as Police Officers and Police Superior Officers, for use in making annual valuations of liabilities.

The following actuarial assumptions represent the recommendations of the Actuary that were used in the actuarial calculations to determine the preceding ABOs as of June 30, 2011 and June 30, 2010, respectively.

5. INVESTMENT ADVISORS

The Comptroller of The City (the "Comptroller") utilizes several investment advisors to manage long-term debt and equity portfolios. Advisors must obtain prior approval before each purchase or sale of a particular security. To be eligible for consideration, investments must meet criteria set forth in governing laws and regulations.

6. RELATED PARTIES

Administrative expenses are paid by The City. The Co mptroller provides certain administrative services to the Fund. The Actuary is appointed to be the technical advisor to the Fund and the Office of the Actuary provides related actuarial services to the Fund. The City's Corporation Counsel provides legal services to the Fund. The City also provides other administrative services.

The Comptroller has been appointed by law as custodian for the monies and assets of the Plan with revocable discretionary authority. Secur ities are held by certain banks under custodial agreements with the Comptroller.

7. CONTINGENT LIABILITIES

From time to time, the Fund has a number of claims pending against it and has been named as defendant in a number of lawsuits. The Fund also has certain other contingent liabilities. Ma nagement of the Fund, on the advice of legal counsel, believes that such proceedings and contingencies generally do not have a material effect on the Plan net assets or changes in the Plan net assets of the Fund. Under the State statutes and City laws that govern the functioning of the Fund, increases in the obligation of the Fund to members and beneficiaries ordinarily result in increases to the future potential obligations of POLICE.

8. OTHER ACTUARIAL INFORMATION

Actuarial Audit — Pursuant to Section 96 of the New York City Charter, studies of the actuarial assumptions used to value liabilities of the five actuarially-funded New York City Retirement Systems (NYCRS) are conducted every two years.

The most recently completed study was published by the Hay Group (Hay), dated December 2011, and analyzed experience for Fiscal Years 2006 through 2009. Hay made recommendations with respect to the actuarial assumptions and methods based on their analysis.

The previously completed study was published by the Segal Company (Segal), dated November 2006, and analyzed experience for Fiscal Years 2002 through 2005. Segal made recommendations with respect to the actuarial assumptions and methods based on their analysis.

Revised Actuarial Assumptions and Methods — In accordance with the ACNY and with appropriate practice, the Boards of Trustees of the five actuarially-funded NYCRS are to periodically review and adopt actuarial assumptions proposed by the Actuary for use in the determination of employer contributions.

Based, in part, upon a review of the Segal and Hay studies, the Actuary issued a February 10, 2012.

Based, a part, upon a review of the Segal and Hay studies, the Actuary issued a February 10, 2012.

Based, in part, upon a review of the Segal and Hay studies, the Actuary issued a February 10, 2012.

Based, in part, upon a review of the Segal and Hay studies, the Actuary issued a February 10, 2012 Report entitled "Proposed Changes in Actuarial Assumptions and Methods for Determining Employer Contributions for Fiscal Years Beginning on and After July 1, 2011 for the New York City POLICE Pension Fund" ("February 2012 Report").

Where required, the Board of Trustees of POLICE adopted those changes to actuarial assumptions that

Where required, the Board of Trustees of POLICE adopted those changes to actuarial assumptions that required Board approval. The State Legislature and the Governor were expected to enact prior to June 30, 2012 and are now expected to enact legislation to provide for those changes to the actuarial assumptions and methods that require legislation, including the AIR assumption of 7.0% per annum, net of expenses.

For the actuarial valuations of the Fund beginning June 30, 2005, the Actuary used actuarial assumptions that were adopted during Fiscal Year 2006 by the Board of Trustees of POLICE.

For actuarial valuations of the Fund beginning June 30, 2011, the Actuary used actuarial assumptions that were adopted during Fiscal Year 2012 by the Board of Trustees of POLICE.

For Fiscal Year 2011 financial reporting purposes, the June 30, 2010 actuarial valuation of the Fund used actuarial assumptions adopted during Fiscal Year 2006 by the Board of Trustees of POLICE. The June 30, 2010 actuarial valuation results for the Fund, based on actuarial assumptions adopted during Fiscal Year 2012 by the Board of Trustees of POLICE, are shown herein for purposes of comparison.

INDEPENDENT AUDITORS'REP ORT

To the Board of Trustees of New York City Police Department Police Superior Officers' Variable Supplements Fund

We have audited the accompanying statements of plan net assets of New York City Police Department Police Superior Officers' Variable Supplements Fund (the "Plan") as of June 30, 2012 and 2011, and the related statements of changes in plan net assets for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets of the Plan as of June 30, 2012 and 2011, and the changes in plan net assets for the years then ended in conformity with accounting principles generally accepted in the United States of America. Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 2 through 7 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) JUNE 30, 2012 AND 2011

The narrative discussion and analysis of the financial activities of New York City Police Superior Officers' Variable Supplements Fund (PSOVSF, the "Fund" or the "Plan") for the fiscal years ended June 30, 2012 and 2011, is presented by management as an introduction to the basic financial statements. It is meant to assist the reader in understanding the Fund's financial statements by providing an overall review of financial activities during the year and the effects of significant changes, as well as a comparison with the prior year's activities and results. This discussion and analysis is intended to be read in conjunction with the Plan's financial statements.

OVERVIEW OF BASIC FINANCIAL STATEMENTS

The following discussion and analysis is intended to serve as an introduction to the Plan's basic financial statements. The basic financial statements are:

- The Statement of Plan Net Assets presents the financial position of the Plan at fiscal year end. It
 indicates the assets available for payment of future benefits and any current liabilities that are owed as of
 the statement date. Investments are shown at fair value. All assets and liabilities are determined on an
 accural basis
- The Statement of Changes in Plan Net Assets presents the results of activities during the year. All
 changes affecting the assets and liabilities of the Plan are reflected on an accrual basis when the activity
 occurred, regardless of the timing of the related cash flows. In that regard, changes in the fair values of
 investments are included in the year's activity as net appreciation in fair value of investments.
- The Notes to Financial Statements provide additional information that is essential to a full
 understanding of the data provided in the financial statements. The notes present information about the
 Plan's accounting policies, significant account balances and activities, material risks, obligations,
 contingencies and subsequent events, if any.

The financial statements are prepared in accordance with Governmental Accounting Standards Board (GASB)

FINANCIAL HIGHLIGHTS

- The Fund's total assets exceeded its liabilities by \$109 million as of June 30, 2012 and \$323 million as of June 30, 2011.
- The Plan Net Assets Held in Trust for Benefits at June 30, 2012 decreased by \$214.2 million or 66% compared to fiscal year 2011 and decreased by \$98.1 million or 23% compared to fiscal year 2010.
- Benefit payments in fiscal year 2012 totaled \$ 219.2 million; an increase of 9% compared to the prior year. For fiscal year 2011, a total of \$200.4 million paid, represented an increase of 4% from fiscal year 2010.

PLAN NET ASSETS

The Statements of Plan Net Assets for fiscal years 2012 and 2011 showed total assets exceeded total liabilities by \$109 million and \$323 million, respectively. The amounts represent total Plan Net Assets Held in Trust for Benefits available to cover the Fund's primary obligation to pay benefits to the beneficiaries. Compared with the previous fiscal years; Plan Net Assets Held in Trust for Benefits as of June 30, 2012 decreased by \$214.2 million or 65% and as of June 30, 2011 by \$98.1 million or 23%. The Fund's investment portfolio decreased by 54% by the end of fiscal year 2012 and in fiscal year 2011 the decline was 17%. Overall, the performance of the investment portfolio weakened in the current year. Although income from investment remained positive, there was a sharp decline in net investment income and Plan net assets by end of the fiscal year. The result could be due in part to fluctuations in the markets and a higher amount due in benefit payments associated with a rise in the number of members eligible in the current fiscal year.

The total liabilities of \$114.8 million for the current year, is lower than the \$171 million outstanding at the end of fiscal year 2011. In the latter fiscal year, the outstanding liabilities declined less than 1% compared to fiscal year 2010. Total liabilities as of June 30, 2012 consisted of outstanding securities lending transactions of 13%, accrued benefits payable of 87%, and payable for investment securities purchased of 1%. Total liabilities as of June 30, 2011 consisted of outstanding securities lending transactions of 25%, accrued benefits payable of 56%, and payable for investment securities purchased of 19%.

In fiscal year 2012, the Plan experienced a 66% decline, with low growth in investment income and rising benefits cost noted. In fiscal year 2011, the Plan experienced a 23% decline.

PURDING AND PLAN BENEFIT

The New York City Police Pension Fund (POLICE) is the source of funding for the Fund.

For fiscal years 2012, 2011, and 2010,th ere were no transfers from POLICE to the Fund.

Plan benefits are paid once a year, in December, according to a schedule that, in general, increases annually by \$500 up to a maximum of \$12,000, whi ch occurred in December 2007 (December 2008 for those who became members of POLICE on or after July 1,1 988). These benefits are reduced by certain Supplementat amounts and Cost-of-Living Adjustments from POLICE.

All data pertaining to benefits and other information concerning the Fund is discussed in detail in the Notes υ the Financial Statements.

The Administrative Code of The City of New York (ACNY) provides that POLICE transfer to the Fund an amount equal to certain excess earnings on equity investments, limited to the unfunded Accumulated Benefit Obligation (ABO) of the Fund. Excess earnings are defined as the amount by which earnings on equity investments of POLICE exceed what those earnings would have been had such funds been invested at a yield comparable to that available from Fixed-Income Securities ("Hypothetical Fixed Income Security Earnings") less any cumulative deficiencies. The Fund also receives credit for investment earnings on Fund assets. The calculation of the Hypothetical Fixed Income Security Earnings requires the determination of the Hypothetical Interest Rate (HIR), which is computed by the Comptroller (see Note 4).

Effective fiscal year 2000, the Actuary recommended revisions to calculation of the HIR. This change in methodology makes the HIR for POLICE consistent with Chapter 255 of the Laws of 2000 that modified the methodology for the HIR used for developing the Transferable Earnings payable from the New York City Employees' Retirement System (NYCERS) to certain Variable Supplements Funds.

Specifically, in recognition that the 30-year U.S. Treasury securities may become less plentiful in the future and subject to market distortions, the Actuary proposed to determine the HIR for fiscal year 2000 and later by taking an average of the monthly yields of 10-year Treasury notes as published in Federal Reserve Statistical Release Bulletin H.15 and increasing it by 15%.

At its March 14, 2001 meeting, the Board of Trustees of POLICE adopted this revised methodology for use in connection with the calculation of HIR for fiscal year 2000 and later.

INVESTMENTS

The Board of Trustees of the Fund, in accordance with existing laws, has the authority to determine the manner in which the assets of the Funds are invested. Investments are made by the New York City Comptroller who acts as custodian of the Funds. The primary objectives of the Fund are to provide benefits for its members and provide for growth in membership and to be prepared for inflation. Investments are made with the objective to minimize risks and maintain a high competitive return. Diversification has increased investment results and provided security for the assets of the Fund. The Comptroller of The City of New York utilizes several investment advisors to manage long-term debt and equity portfolios. Advisors must obtain prior approval before each purchase or sale of a particular security. Investments are valued at fair value. Purchase and sale of securities are reflected on the trade date. No investment in any one security represents 5% or more of the Plan Net Assets Held in Trust for Benefits.

The Fund is expected to earn a higher long-term rate of return than short-term cash accounts, due to the long-term nature of its liabilities and the diversification of its investment holdings. For the five-year period ended June 30, 2012, the Fund had an annualized return of 2.94%. Investments in assets that are expected to produce higher returns are also subject to greater volatility and may produce negative returns. Fiscal year 2012 was not a good one for some investors. Investments in stock markets within and outside the United States was subjected early to wide market fluctuations but, the conditions improved later in the year.

The Russell 3000 index, a broad measure of the U.S. stock market, gained 3.84 % during this period. The returns of the Fund have been consistent with broad market trend; the asset allocation followed by the Fund produced a combined gain of 5.32%. For the three-year period, ending June 30, 2012, the combined gain w 13.79% and for the five-year period, there was a gain of 2.94%.

Cash temporarily idle during the year is subject to conservative investment restrictions, and was invested in obligations of the U.S. Treasury and U.S. agency securities, commercial paper, medium-term notes, and repurchase agreements. The average maturity of these investments is 105 days. The Fund earned an average yield of 0.94%, which compares with the average of 0.088% on the three month-Treasury Bills and 0.32% for a representative institutional money market Fund.

Assets are invested long-term for the benefit of the participants and their beneficiaries. All investments are managed by registered investment advisors, pursuant to applicable law and to guideline issued by the Comptroller. The Fund utilizes one domestic fixed-income manager. Assets are allocated in accordance with plan policy adopted periodically by the Fund's Board of Trustees. The percentage in each category is determined based on a study indicating the probable rates of return and levels of risk for various assets allocations. The actual allocation may vary from this policy mix as market values shift and as investments are added or terminated.

Security Lending Transactions — The Board of Trustees permits the Fund to lend its securities to brokers, dealers and others with an agreement to return the collateral for the same securities in the future. In return, it receives collateral in the form of cash, treasury and US Government Securities at 100% to 105% of the principal plus accrued interest for reinvestment.

NEW YORK CITY POLICE DEPARTMENT POLICE SUPERIOR OFFICERS' VARIABLE SUPPLEMENTS FUND

NOTES TO FINANCIAL STATEMENTS YEARS ENDED JUNE 30, 2012 AND 2011

PLAN DESCRIPTION

The New York City ("The City") Police Pension Fund administers the Police Superior Officers' Variable Supplements Fund (PSOVSF, the "Fund" or the "Plan") and the Police Officers' Variable Supplements Fund (POVSF). The Fund operates pursuant to the provisions of Title 13, Chapter 2 of the Administrative Code of The City of New York (ACNY) and provides supplemental benefits to retired Police Superior Officers (including Sergeants or higher and Detectives). To be eligible to receive Fund benefits, Police Superior Officers must retire, on or after October 1, 1968, and be receiving a service retirement benefit from the New York City Police Pension Fund (POLICE).

Except for service retirement, Fund benefits are forfeited upon separation from service.

The Fund is included in the Pension and Other Employee Benefit Trust Funds section of The City's Comprehensive Annual Financial Report (CAFR).

The POVSF is maintained as a separate fund and is not included in these financial statements.

Under current law, the Fund is not to be construed as constituting a pension or retirement system. Instead, it provides defined supplemental payments, other than pension or retirement system allowances, in accordance with applicable statutory provisions. While The City guarantees these payments, the New York State Legislature has reserved to itself and the State of New York (the "State") the right and power to amend, modify, or repeal the Fund and the payments it provides.

At June 30, 2011 and June 30, 2010, the dates of the Fund's most recent actuarial valuations, the Fund's membership consisted of:

	2011	2010
Retirees currently receiving payments Active members*	16,117 12,385	15,511 12,692
Total	28,502	28,203

Represents the number of actively employed Police Superior Officers as of the June 30 valuation dates.

The Fund provides a guaranteed schedule of supplemental benefits for Police Superior Officers who retire (or have retired) as Police Superior Officers on service retirement with at least 20 years of service as follows:

a. A Police Superior Officer hired before July 1, 1988, who retires from service as a Police Superior Officer on or after October 1, 1988, the annual benefit was \$5,000 in Calendar Year 1993. For those who retired during the Calendar 1993 the annual \$5,000 benefit was prorated. The annual benefit increases \$500 each year thereafter to a maximum of \$12,000 in the Calendar Year 2007 and thereafter.

For those who were members of POLICE prior to July 1, 1988, and who retire after Calendar Year 1993, the annual benefit payment is the scheduled amount described above prorated in the year of retirement and the full amount thereafter.

b. For those who become members of POLICE on or after July 1, 1988, the annual supplemental benefit is \$2,500 for the first twelve months of retirement, which increases by \$500 each year until a maximum of \$12,000 is payable in the twentieth and later years of retirement. This was later modified by Chapter 444 of the Laws of 2001 (Chapter 444/01) as discussed below.

Chapter 503 of the Laws of 1995 (Chapter 503/95) amended the ACNY in relation to the transfer of assets, liabilities and administration of certain pension funds in the New York City Police Department. In addition, this law permits certain active employees with prior service credit before entering POLICE to utilize their original dates of hire for determining eligibility for benefits from the Fund.

Chapter 444/01 provided that Police Superior Officers who became members of POLICE on and after July 1, 1988, will receive the maximum \$12,000 benefit beginning Calendar Year 2008.

Chapter 216 of the Laws of 2002 (Chapter 216/02) provided that participants of the Fund who retire from POLICE on and after January 1, 2002, with more than 20 years of service are entitled to an additional one-time special lump sum payment in the first year following retirement equal to the cumulative Fund benefits that would have been paid after January 1, 2002, had they retired at the completion of their 20th year of service (VSF DROP).

In the past, the New York State Legislature, in recognition of inflation, has increased retirement benefits to retirees of its public pension systems. Any increase in the amounts of ad-hoc cost-of-living increases ("Supplementation") benefits or automatic Cost-of-Living Adjustments (COLA) payable from POLICE for retirees of the Fund under legislation enacted after 1993 will reduce benefits payable from the Fund until the later of: (a) age 62, or (b) Calendar Year 2007 (the twentieth year of retirement or Calendar Year 2008, if earlier, in the case of new members on and after July 1, 1988).

Chapter 119 of the Laws of 1995 (Chapter 119/95) provided additional benefits for Supplementation payable from POLICE on and after December 1, 1996, for Supplementation for certain retirees of POLICE effective as enacted by the City Council on October 25, 1995.

Chapter 390 of the Laws of 1998 (Chapter 390/98) provided additional benefits for Supplementation payable from POLICE on and after September 1, 1998 (with a second increase commencing September 1, 1999).

Chapter 125 of the Laws of 2000 (Chapter 125/00) provided Supplementation benefits from POLICE for certain retirees who retired before Calendar Year 1997 effective September 2000. In addition, Chapter 125/00 provided future COLA increases from POLICE beginning September 2001, and on each subsequent September, to eligible retirees.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The Fund is accounted for on an accrual basis where the measurement focus is on the flow of economic resources. Revenues are recognized in the accounting period in which they are earned and expenses are recognized in the period incurred.

earned and expenses are recognized in the period incurred.

Method Used to Value Investments — Investments are valued at fair value. Trading securities are stated at the last reported sales price on a national securities exchange on the last business day of the fiscal year. Securities purchased pursuant to agreements to resell are carried at the contract price, exclusive of interest, at which the securities will be resold. Fair value is defined as the quoted market value on the last trading day of the period, except for the Short-Term Investment Fund ("STIF") (a money market fund) and the International Investment Funds ("IF"). The IIF's are private funds, which are managed by various investment managers on behalf of the Plan. Plan management determines fair value of the IIF's based on information provided by the various investment managers. Management records the STIF at cost, which approximated fair value.

Purchases and sales of securities are reflected on the trade date. Gains or losses on sales of securities are based on the average cost of securities.

Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned on an accrual basis.

No investment in any one security represents 5% or more of the plan net assets held in trust for benefits.

The Plan does not possess an investment risk policy statement nor does it actively manage Plan assets to specified risk targets. Rather, investment risk management is an inherent function of our asset allocation process. Plan assets are diversified over a broad range of asset classes and encompass multiple investment strategies aimed at limiting concentration risk.

Contributions — POLICE is the source of funding for the Fund. Section 13-232 of the ACNY states, among other things, how amounts transferred into the Fund shall be computed.

Income Taxes — Income earned by the Fund is not subject to Federal income tax

Accrued Benefits Payable — Accrued benefits payable represent either: (1) benefits due and unpaid from the preceding payment date of December 15 or (2) benefits deemed incurred and unpaid (an accrual for a portion of the current calendar year benefit) for the Fiscal Year end of June 30.

Securities Leading Transactions — State Statutes and the Board of Trustees policies permit the Fund to lend its securities to broker-dealers and other entities with a simultaneous agreement to return the collateral for the same securities in the future. The Fund's custodian lends the following types of securities: short-term securities, common stock, long-term corporate bonds, U.S. Government and U.S. Government agencies bonds, asset-backed securities and international equities and bonds held in collective investment funds. In return, it receives collateral in the form of cash and treasury and U.S. Government agency securities at 100% to 105% of the principal plus accrued interest for reinvestment. At year-end, the Fund had no credit risk exposure to borrowers because the amounts the Fund owes the borrowers exceed the amounts the borrowers owe the Fund. The contracts with the Fund custodian require borrowers to indemnify the Fund if the borrowers fail to return the securities and if the collateral is inadequate to replace the securities loaned or fail to pay the Fund for income distributions by the securities' issuers while the securities are on loan. All securities loans can be terminated on demand within a period specified in each agreement by either the Fund or the borrowers. Cash collateral is invested in the lending agents' short-term investment pools, which have a weighted-average maturity of 10sd days. The underlying fixed income securities, which comprise these pools, have an average maturity of 1 year.

The securities lending program in which the Fund participates only allows pledging or selling securities in the case of borrower default. Accordingly, the Fund is fully indemnified against any loss of value between the securities lent and the securities held as collateral.

Governmental Accounting Standards Board ("GASB") Statement No. 28, Accounting and Financial Reporting for Securities Lending Transactions, requires that securities loaned as assets be reported in the statements of plan net assets. Cash received as collateral on securities lending transactions and investments made with that cash are reported as assets. Securities received as collateral are also reported as assets if the government entity has the ability to pledge or sell them without a borrower default. Liabilities resulting from these transactions will be reported in the Statements of Plan Net Assets. Accordingly, the Fund recorded the investments purchased with the cash collateral as collateral from securities lending transactions with a corresponding liability as securities lending transactions. Securities on loan are carried at market value, the value as of June 30, 2012 and 2011, is \$15.1 million and \$43.1 million respectively.

New Accounting Standard Adopted — In fiscal year 2011, the Plan adopted one new statement on financial accounting standards issued by the Governmental Accounting Standards Board ("GASB"). GASB Statement No. 59, Financial Instruments Omnibus updates and improves existing standards regarding financial reporting and disclosure requirements of certain financial instruments and external

investment pools for which significant issues have been identified in practice. The Plan has determined that GASB Statement No. 59 had no impact on the Plan's financial statements as a result of the Plan's foreign currency boldings as of June 30, 2012 and 2011 are as follows (amounts in U.S. dollars,

New Accounting Standard Insued but Not Yet Effective- In June of 2012, GASB issued Statement No. 67, Financial Reporting for Pension Plans. This Statement establishes financial reporting standards for state and local governmental pension plans, defined benefit pension plans and defined contribution pension plans that are administered through trusts or equivalent arrangements in which: (1) contributions from employers and nonemployer contributing entities to the pension plan and earnings on those contributions are irrevocable (2) pension plan assets are dedicated to providing pensions to plan members in accordance with the benefit terms and (3) pension plan assets are legally protected from the creditors of employers, nonemployer contributing entities, and the pension plan administrator. If the plan is a defined benefit pension plan, plan assets also are legally protected from creditors of the plan members. For defined benefit pension plans, this statement establishes standards of financial renorting members in accordance with the basefit terms and (3) pension plan asests are legally protected from the creditors of employers, nonsemployer contributing sutifies, and the possion plan administrator. If the plan is a defined benefit pession plan, plan assets also are legally protected from creditors of the plan members. For defined benefit pension plans, this statement establishes standards of financial reporting for separately issued financial reports and specifies the required approach to measuring the pension liability of employers and nonemployer contributing entities for benefits provided through the pension plan (the net pension liability), about which information is required to be presented. Distinctions are made regarding the particular requirements depending upon the type of pension plan administered. This Statement replaces the requirements of Statement No. 25, Financial Reporting for Defined Benefit Pension Plans and Note Disclostares for Defined Contribution Plans, and Statement No. 50, Pension Disclosures, as they relate to pension plans that are administered through trusts or equivalent arrangements that meet certain criteria. The requirements of Statements 25 and Statement No. 50 remain applicable to pension plans that are not administered through trusts covered by the scope of this Statement and to defined contribution plans that provide postemployment benefits other than pensions. The provisions of Statement No. 67 are frective for financial statements for fiscal years beginning after June 15, 2013. Earlier application is encouraged. The Plan has not completed the process of evaluating the impact of Statement No. 67 on its financial statements.

3. INVESTMENTS AND DEPOSITS

The Comptroller of The City of New York (the "Comptroller") acts as an investment advisor to the Plan In addition, the Plan employs an independent investment consultant as an investment advisor. The Plan utilizes several investment managers to manage the long-term debt and equity portioios. The managers are regularly reviewed, with regard to both their investment performance and for their adherence to investment guidelines.

Concentration of Credit Risk — The Plan does not have any investments in any one entity that represent 5% or more of plan net assets.

The legal requirements for Plan investments are as follows.

Fixed income, equity and other investments may be made as permitted by New York State RSSL §§ 176-178(a) and Banking Law § 235, the New York City Administrative Code, and the Legal Investments for New York Savings Banks list as published by The New York State Banking Department, subject to Note 3(b).

Investments up to 25% of total pension fund assets may be made in instruments not expressly permitted by the State RSSL.

Bank of New York Mellon ("BNYM") is the primary custodian for substantially all of the securities of

Cash deposits are insured by the Federal Deposit Insurance Corporation for up to \$250,000 per Plan member and are, therefore, fully insured.

Custodial Credit Risk — Deposits are exposed to custodial credit risk if they are uninsured and uncollateralized. Custodial credit risk is the risk that, in the event of a failure of the counterparty, the Plan will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the Plan and are held by either the counterparty or the counterparty's trust department or agent but not in the Plan's name.

Consistent with the Plan's investment policy, the investments are held by the Plan's custodian and

All of the Plan's deposits are insured and or collateralized by securities held by a financial institution separate from the Plan's depository financial institution.

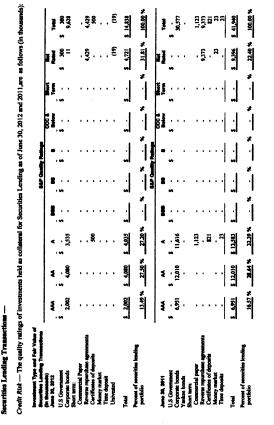

All of the Plan's securities are held by the Plan's custodial bank in the Plan's name.

The rest Rate Risk — Interest rate risk is the risk that the fair value of investments could be adversely affected by the change in interest rates. Duration limits are used to control the portfolios exposure to interest rate changes. In the investment grade core Fixed Income portfolios duration is limited to a range of -1 to .75 years versus the duration of the benchmark indices. Duration range is a measure of the overall portfolio, while statements of the stated maturity reflect the specific maturities of the individual securities held. The Plan has no formal risk policy. The lengths of investment maturities (in years), as shown by the percent of the rated portfolio, are as follows:

Foreign Currency Riak — Foreign currency risk is the risk that changes in the exchange rates will adversely impact the fair value of an investment. Currency risk is present in underlying portfolios that invest in foreign stock and/or bonds. The currency markets have proven to be good diversifiers in a total portfolio context; therefore, the Plan has numerous managers that invest globally. In general, currency exposure is viewed as a benefit for its diversification reasons and not as an inherent risk within the portfolio. The Plan has no formal risk policy.

The ACNY provides that POLICE transfer to the Fund an amount equal to certain excess earnings on equity investments, limited to the unfunded Accumulated Benefit Obligation (ABO) of the Fund Exc es earnings are defined as the amount by which earnings on equity investments of POLICE exceed what those earnings would have been had such funds been invested at a yield comparable to that available from fixed-income securities ("Hypothetical Fixed Income Security Earnings") less any cumulative deficiencies. The Fund also receives credit for investment earnings on Fund assets.

ical Fixed Income Security Earnings requires the determination of the The calculation of the Hypothetical Fixed Income Security Earnings requ Hypothetical Interest Rate (HIR), which is computed by the Comptroller

For Fiscal Year 2012,th e excess earnings of POLICE, inclusive of prior year's cumulative de are estimated to be equal to zero and, therefore, no transfer is expected to be due from POLICE to the Fund as of June 30, 2012.

For Fiscal Year 2011, the excess earnings of POLICE, inclusive of prior year's cumulative deficiencies, are estimated to be equal to zero and, therefore, no transfer is expected to be due from POLICE to the Fund as of June 30, 2011.

In addition, Chapter 479 of the Laws of 1993 states that if the assets of the Fund are less than the amoun required to pay the retirees' guaranteed scheduled annual supplemental benefit payments, then The City is required by law to fund the difference.

The amount shown below as the ABO is the measure of the present value of scheduled supplement benefits estimated to be payable in the future as a result of employee service-to-date. The ABO is calculated as the actuarial present value of credited projected benefits, prorated on service and intended to help users assess the funded status of the Fund on a going-concern basis, assess progres made in accumulating sufficient assets to pay benefits when due and make comparisons among varuumbarenetic funde.

mparison of the ABO as calculated by the Actuary with the Fund net assets held in trust for benefits iculated by the Actuary as of June 30, 2011 and June 30, 2010, follows:

- Based on actuarial assumptions adopted by the Board of Trustees of POLICE during Fiscal Year 2006.
- Under the revised actuarial assumptions, the ABO as of June 30, 2010 increased by approximately \$304.4

The June 30, 2011 and the June 30, 2010 ABOs decreased by approximately \$35.1 million,\$ 34.0 million and \$27.4 million, respectively, compared to those projected prior to the exactment of Chapters 119/95, 390/98 and 125/00.

- These total ABOs have been reduced by accrued benefits payable. This basis of reporting the total ABO is consistent with that used to report Plan net assets held in trust for benefits in these financial statements, but may differ from the bases used for other purposes.
- See Note 2 for valuation of investments in the calculation of Plan net assets held in trust for benefits.

For purposes of the June 30, 2011 and June 30, 2010,a ctuarial valuations of the Fund, Chapter 125/00 has been taken into account in the determination of the unfunded ABO relative to the Supplementation benefit increases that began Fiscal Year 2001 and to the automatic COLA provided for Fiscal Year 2002

Sections 13-270 and 13-280 of the ACNY provide that the Boards of Trustees of the POVSF and the Fund shall adopt, upon the recommendation of the Actuary, actuarial assumptions as to interest rate, mortality of beneficiaries and estimated number of active members of POLICE in service as of each June 30 who will retire for service with 20 or more years of service as Police Officers and Police Superior Officers, for use in making annual valuations of liabilities.

The following actuarial assumptions represent the recommendations of the Actuary that were u actuarial calculations to determine the preceding ABOs as of June 30, 2011 and June 30, 2010, respectively:

The Comptroller of The City (the "Comptroller") utilizes several investment advisors to manage long-term debt and equity portfolios. Advisors must obtain prior approval before each purchase or sale of a particular security. To be eligible for consideration, investments must meet criteria set forth in governing laws and regulation

6. RELATED PARTIES

Administrative expenses are paid by The City. The Co mptroller provides certain administrative services to the Fund. The Actuary is appointed to be the technical advisor to the Fund and the Office of the Actuary provides related actuarial services to the Fund. The City's Corporation Counsel provides legal services to the Fund. The City also provides other administrative services.

Comptroller has been appointed by law as the custodian for monies and assets of the Plans with cable discretionary authority. Secur ities are held by certain banks under custodial agreements with the Compt

CONTINGENT LIABILITIES

From time to time, the Fund has a number of claims pending against it and has been named as defendant in a number of lawsuits. The Fund also has certain other contingent liabilities. Ma nagement of the Fund, on the advice of legal counsel, believes that such proceedings and contingencies generally do not have a material effect on the plan net assets or changes in the plan net assets of the Fund. Under the State statutes and City laws that govern the functioning of the Fund, increases in the obligation of the Fund to members and beneficiaries ordinarily result in increases to the future potential obligations of POLICE.

8. OTHER ACTUARIAL INFORMATION

Actuarial Audit — Pursuant to Section 96 of the New York City Charter, studies of the actuarial assumptions used to value liabilities of the five actuarially-funded New York City Retirement Systems (NYCRS) are conducted every two years.

The most recently completed study was published by the Hay Group (Hay), dated December 2011, and analyzed experience for Fiscal Years 2006 through 2009. Hay made recommendations with respect to the actuarial assumptions and methods based on their analysis.

The previously completed study was published by the Segal Company (Segal), dated November 2006, and analyzed experience for Fiscal Years 2002 through 2005. Segal made recommendations with respet to the actuarial assumptions and methods based on their analysis. Revised Actuarial Assumptions and Methods — In accordance with the ACNY and with appropriat practice, the Boards of Trustees of the five actuarially-funded NYCRS are to periodically review and adopt actuarial assumptions proposed by the Actuary for use in the determination of employer

Based, in part, upon a review of the Segal and Hay studies, the Actuary issued a February 10, 2012

Report entitled "Proposed Changes in Actuarial Assumptions and Methods for Determining Employees." Keport entitled "Proposed Changes in Actuarial Assumptions and Methods for Determining Empl Contributions for Fiscal Years Beginning on and After July 1, 2011 for the New York City Police Pension Fund" ("February 2012 Report").

Where required, the Board of Trustees of POLICE adopted those changes to actuarial assumptions that required Board approval. The State Legislature and the Governor were expected to enact prior to June 30, 2012 and are now expected to enact legislation to provide for those changes to the actuarial assumptions and methods that require legislation, including the AIR assumption of 7.0% per annum, net

the actuarial valuations of the Fund beginning June 30, 2005, the Actuary used actuarial assumptions twere adopted during Fiscal Year 2006 by the Board of Trustees of POLICE.

For actuarial valuations of the Fund beginning June 30, 2011, the Actuary used actuarial assumptions that were adopted during Fiscal Year 2012 by the Board of Trustees of POLICE.

For Fiscal Year 2011 financial reporting purposes, the June 30, 2010 actuarial valuation of the Fund used actuarial assumptions adopted during Fiscal Year 2006 by the Board of Trustees of POLICE. The June 30, 2010 actuarial valuation results for the Fund, based on actuarial assumptions adopted during Fiscal Year 2012 by the Board of Trustees of POLICE, are shown herein for purposes of comparison.
