 - The #street wall# shall be located on the #street line# and extend along the entire #street# frontage of the #zoning lot# up to at least the minimum base height specified in Table A of this Section for #buildings# in contextual districts, or Table B for #buildings# in non-contextual districts, or the height of the #building#, whichever is less. To allow articulation of #street walls# at the intersection of two #street lines#, the #street wall# may be located anywhere within an area bounded by the two #street lines# and a line connecting such #street lines# at points 15 feet from their intersection.

In C1 or C2 Districts when mapped within R9D Districts, to allow articulation of #street walls# at the intersection of two #street lines#, up to 50 percent of the area bounded by the two #street lines# and lines parallel to and 50 feet from such #street lines# may be unoccupied by a #building#. However, where one such #street line# fronts an elevated rail line, a minimum of 25 percent and a maximum of 50 percent of the area bounded by the two #street lines# and lines parallel to and 50 feet from such #street lines# shall be unoccupied by a #building#.

(ii) Recesses, not to exceed three feet in depth from the #street line#, shall be permitted on the ground floor where required to provide access to the #building#.

> Above a height of 12 feet above the #base plane#, up to 30percent of the #aggregate width of street walls# may be recessed beyond the #street line#, provided any such recesses deeper than 10 feet along a #wide street#, or 15 feet along a #narrow street#, are located within an #outer court#. Furthermore, no recesses shall be permitted within 30 feet of the intersection of two #street lines# except to articulate the #street walls# as set forth in paragraph (b)(2)(i) of this Section.

(iii) Where a continuous sidewalk widening is provided along the entire #block# frontage of a #street#, the boundary of the sidewalk widening shall be considered to be the #street line# for the purposes of this Section.

No #street wall# location rules shall apply along #narrow streets# beyond 50 feet of their intersection with a #wide street#.

(3) In the districts indicated, and for #Quality Housing buildings# in other C4, C5 or C6 Districts with a residential equivalent of an R8, R9 or R10 District, the #street wall# location requirements shall be as set forth in paragraph (b)(2), inclusive, of this Section, except that a #street wall# with a minimum height of 12 feet shall be required on a #narrow street line# beyond 50 feet of its intersection with a #wide street#, and shall extend along such entire #narrow street# frontage of the #zoning lot#.

In C6-4X Districts, #public plazas# are only permitted to front upon a #narrow street line# beyond 50 feet of its intersection with a #wide street line#. The #street wall# location provisions of this Section shall not apply along any such #street line# occupied by a #public plaza#.

In C6-3D Districts, to allow articulation of #street walls# at the intersection of two #street lines#, up to 50 percent of the area bounded by the two #street lines# and

- (4) In C4-4L Districts, the #street wall#
 location provisions of paragraph, (b)(1), of
 this Section shall apply along any #street#
 that does not contain an elevated rail line.
 For #zoning lots# bounded by a #street#
 containing an elevated rail line, the
 following regulations shall apply along
 the frontage facing the elevated rail line:
 - <u>(i)</u> a sidewalk widening shall be provided along the entire #zoning lot# frontage of such #street# containing an elevated rail line. Such sidewalk widening shall have a depth of five feet, shall be improved to Department of Transportation standards for sidewalks, shall be at the same level as the adjoining public sidewalk, and shall be accessible to the public at all times. A line parallel to and five feet from the #street line# of such #street# containing an elevated rail line, as measured within the #zoning lot#, shall be considered the #street line# for the purpose of applying all regulations of this Section, 35-24, inclusive.
 - (ii) at least 70 percent of the

 containing the elevated rail line
 and extend to at least the

In the districts indicated, and in C1 or C2 Districts when mapped within R6A, R6B, R7A, R7B, R7D, R7X, R8A, R8B, R8X, R9A, R9D, R9X, R10A or R10X Districts, for all #buildings#, and for #Quality Housing buildings# in other #Commercial Districts#, setbacks are required for all portions of #buildings or other structures# that exceed the maximum base height specified in the table in this Section. Such setbacks shall be provided in accordance with the following regulations:

- (1) At a height not lower than the minimum base height or higher than the maximum base height specified in Table A of this Section for #buildings# in contextual districts, and Table B for #buildings# in non-contextual districts, a setback with a depth of at least 10 feet shall be provided from any #street wall# fronting on a #wide street#, and a setback with a depth of at least 15 feet shall be provided from any #street wall# fronting on a #narrow street#, except such dimensions may include the depth of any permitted recesses in the #street wall#.
- (2) These setback provisions are optional for any #building# wall that is either located beyond 50 feet of a #street line# or oriented so that lines drawn perpendicular to it in plan would intersect a #street line# at an angle of 65 degrees or less. In the case of an irregular #street line#, the line connecting the most extreme points of intersection shall be deemed to be the #street line#. Furthermore, dormers provided in accordance with the provisions of paragraph (a) of this Section may penetrate a required setback area.
 - In C6-3D Districts, for #buildings or other structures# on #zoning lots# that front upon an elevated rail line, at a height not lower than 15 feet or higher than 25 feet, a setback with a depth of at least 20 feet shall be provided from any #street wall# fronting on such elevated rail line, except that such dimensions may include the depth of any permitted recesses in the #street wall# and the depth of such setback may be reduced by one foot for every foot that the depth of the #zoning lot#, measured perpendicular to the elevated rail line, is less than 110 feet, but in no event shall a setback less than 10 feet in depth be provided above the

minimum base height.

- (i) The setback provisions of paragraph (c) of this Section are optional where a #building# wall is within the area bounded by two intersecting #street lines# and lines parallel to and 70 feet from such #street lines#.
- Where such #building# is (ii) adjacent to a #public park#, such setback may be provided at grade for all portions of #buildings# outside of the area bounded by two intersecting #street lines# and lines parallel to and 70 feet from such #street lines#, provided that any area unoccupied by a #building# shall be improved to Department of Transportation standards for sidewalks, shall be at the same level as the adjoining public sidewalks, and shall be accessible to the public at all
- (4) In C4-4L Districts, for #zoning lots# bounded by a #street# containing an elevated rail line, the setback provisions of this paragraph (c) are modified as follows:
 - a setback with a depth of at least 15 feet from the #street line# of the #street# containing the elevated rail line shall be provided at a height not lower than the minimum base height of either 30 feet or three #stories#, whichever is less, and not higher than the maximum base height of either 65 feet or six #stories#, whichever is less; and
 - (ii) dormers shall not be a permitted obstruction within such setback distance.
- (d) Maximum #building# height

<u>(i)</u>

No #building or other structure# shall exceed the maximum #building# height specified in Table A of this Section for contextual districts, or Table B for non-contextual districts, except as provided in this paragraph, (d), inclusive:

C6-3D C6-4X

- <u>(1)</u> In the districts indicated, any #building# or #buildings#, or portions thereof, which in the aggregate occupy not more than 40 percent of the #lot area# of a #zoning lot# (or, for #zoning lots# of less than 20,000square feet, the percentage set forth in the table in Section 33-454) above a height of 85 feet above the #base plane#, is hereinafter referred to as a tower. Dormers permitted within a required setback area pursuant to paragraph (a) of this Section shall not be included in tower #lot coverage#. Such tower or towers may exceed a height limit of 85 feet above the #base plane#, provided:
 - (1)(i) at all levels, such tower is set back from the #street wall# of a base at least 15 feet along a #narrow street#, and at least 10 feet along a #wide street#, except such dimensions may include the depth of any permitted recesses in the #street wall#;
 - (2)(ii) the base of such tower complies with the #street wall# location provisions of paragraph (b) of this Section, and the setback provisions of paragraph (c) of this Section; and
 - (3)(iii) the minimum coverage of such tower above a height of 85 feet above the #base plane# is at least 33 percent of the #lot area# of the #zoning lot#; however, such minimum coverage requirement shall not apply to the highest 40 feet of such tower.

In C6-3D Districts, the highest four #stories#, or as many #stories# as are located entirely above a height of 165 feet, whichever is less, shall have a #lot coverage# of at least 50 percent of the #story# immediately below such #stories#, and a maximum #lot coverage# of 80 percent of the #story# immediately below such #stories#. Such reduced #lot coverage# shall be achieved by one or more setbacks on each face of the tower, where at least one setback on each tower face has a depth of at least four feet, and a width that, individually or in the aggregate, is equal to at least 10 percent of the width of such respective tower face.

For the purposes of this paragraph, each tower shall have four tower faces, with each face being the side of a rectangle within which the outermost walls of the highest #story# not subject to the reduced #lot coverage# provisions have been inscribed. The required setbacks shall be measured from the outermost walls of the #building# facing each tower face. Required setback areas may overlap.

In C6-3D Districts, for towers fronting on elevated rail lines, the outermost walls of each #story# located entirely above a height of 85 feet shall be inscribed within a rectangle. The maximum length of any side of such rectangle that is parallel or within 45 degrees of being parallel to such elevated rail line shall be 125 feet, or 75 percent of the frontage of the #zoning lot# along such elevated rail line, whichever is less.

<u>C4-4L</u>

(2) In C4-4L Districts, for #zoning lots#
bounded by a #street# containing an
elevated rail line and within 125 feet of
such #street#, the maximum #building#
height shall be 100 feet or ten #stories#,
whichever is less.

- (1) Existing #buildings# may be vertically enlarged by up to one #story# or 15 feet without regard to the #street wall# location requirements of paragraph (b) of this Section.
- (2) On #through lots# that extend less than 180 feet in maximum depth from #street# to #street#, the #street wall# location requirements of paragraph (b) shall be mandatory along only one #street# frontage. However, in C4-4L Districts, such #street wall# location regulations shall apply along the frontage of any #street# containing an elevated rail line.
- (3) The #street wall# location and minimum base height provisions of paragraph (b) shall not apply along any #street# frontage of a #zoning lot# occupied by #buildings# whose #street wall# heights or widths will remain unaltered.
- (4) The minimum base height provisions of paragraph (b) shall not apply to #buildings developed# or #enlarged# after February 2, 2011, that do not exceed such minimum base heights, except where such #buildings# are located on #zoning lots# with multiple #buildings#, one or more of which is #developed#, #enlarged# or altered after February 2, 2011, to a height exceeding such minimum base heights.
- (5) The City Planning Commission may, upon application, authorize modifications in the required #street wall# location of a #development# or #enlargement# if the Commission finds that existing #buildings#, or existing open areas serving existing #buildings# to remain on the #zoning lot#, would be adversely affected by the location of the #street walls# of the #development# or #enlargement# in the manner prescribed in this Section.
- (6) For any #zoning lot# located in a Historic District designated by the Landmarks Preservation Commission, the minimum base height and #street wall# location regulations of this Section, or as modified in any applicable Special District, shall be modified as follows:
 - (i) The minimum base height of a

 #street wall# may vary between
 the height of the #street wall# of
 an adjacent #building# before
 setback, if such height is lower
 than the minimum base height
 required, up to the minimum
 base height requirements of this
 Section, or as modified in any
 applicable Special District.
 - (ii) The maximum base height of a
 #street wall# may vary between
 the height of the #street wall# of
 an adjacent #building# before
 setback, if such height is higher
 than the maximum base height
 allowed, and the maximum base

height requirements of this Section, provided that such height not exceed 150 feet and provided that such #zoning lot# is located within the area bounded by West 22nd Street, a line 100 feet west of Fifth Avenue, a line midway between West 16th Street and West 17th Street, and a line 100 feet east of Sixth Avenue.

- (iii) The location of the #street wall#
 of any #building# may vary
 between the #street wall#
 location requirements of this
 Section, or as modified in any
 applicable Special District, and
 the location of the #street wall#
 of an adjacent #building#
 fronting on the same #street line#.
- (7) In C6-3D Districts, where a #building# on an adjacent #zoning lot# has #dwelling unit# windows located within 30 feet of a #side lot line# of the #development# or #enlargement#, an open area extending along the entire length of such #side lot line# with a minimum width of 15 feet shall be provided. Such open area may be obstructed only by the permitted obstructions set forth in Section 33-23 (Permitted Obstructions in Required Yards or Rear Yard Equivalents).
- (8) For the purposes of applying the #street wall# location regulations of paragraph (b), any #building# wall oriented so that lines perpendicular to it would intersect a #street line# at an angle of 65 degrees or less shall not be considered a #street wall#.

AGENCY RULES

TAXI AND LIMOUSINE COMMISSION

NOTICE

Notice of Promulgation of Rules

Notice is hereby given in accordance with section 1043(b) of the Charter of the City of New York ("Charter") that the Taxi and Limousine Commission ("TLC") promulgates rules regulating Taxicab lease caps and the maximum dollar amount per shift for which taxis can be leased.

These rules are promulgated pursuant to sections 1043 and 2303 of the Charter.

On May 31, 2012, a public hearing on lease caps was held by the TLC. On July 9, 2012, a public hearing on these rules and on the rates of fare rules was held by the TLC at the TLC's offices at 33 Beaver St., 19th Floor, New York, New York. These rules were approved at the TLC's public Commission Meeting held on July 12, 2012. These rules will take effect September 30, 2012.

Statement of Basis and Purpose of Rule

These rules amend the Taxi and Limousine Commission's rules governing the leasing of taxicabs or taxicab medallions. The Commission's authority to adopt these rules is found in section 2303 of the New York City Charter and section 19-503 of the New York City Administrative Code.

These rules reflect evidence and testimony gathered at the hearings held on May 31 and July 9, 2012.

The rules:

- Change the mechanism by which medallion owners collect credit card charges from drivers with a lease cap increase.
- Authorize (but do not require) lessors who lease their medallions and vehicles on a shift basis to charge a lease cap surcharge for gas they provide to drivers who lease from them.
- Create a new class of lease, the Standard Medallion Lease, which includes long term lease of a vehicle or conditional purchase of a vehicle. The lease cap for the Standard Medallion Lease takes into account the cost of the vehicle.

In addition, as required by the Stipulation and Order of Dismissal of *MTBOT*, et al., v City of New York, No. 08-7837, these rules rescind the rules that, beginning on May 1, 2009, would have reduced the maximum lease rates that an owner of a non-hybrid taxicab could charge a driver. As a result of a preliminary injunction granted by the district court of the Southern District of New York on June 22, 2009, those rules were never enforced

New material is underlined.
[Material inside brackets indicates deleted material.]

Section 1. Section 58-21 of Title 35 of the Rules of the City of New York is amended to read as follows:

To achieve and maintain a high level of effectiveness, the parties hereby agree to the following terms:

$\underline{\textbf{Section 1. Performance Levels}}$

The Union recognizes the Employer's right under the New York City Collective Bargaining Law to establish and/or revise performance standards or norms notwithstanding the existence of prior performance levels, norms or standards. Such standards, developed by usual work measurement procedures, may be used to determine acceptable performance levels, to prepare work schedules and

- to measure the performance of each employee or group of employees. Notwithstanding the above, questions concerning the practical impact that decisions on the above matters have on employees are within the scope of collective bargaining. The Employer will give the Union prior notice of the establishment and/or revision of performance standards or norms hereunder.
- **b.** Employees who work at less than acceptable levels of performance may be subject to disciplinary measures in accordance with applicable law.

Section 2. - Supervisory Responsibility

- The Union recognizes the Employer's right under the New York City Collective Bargaining Law to establish and/or revise standards for supervisory responsibility in achieving and maintaining performance levels of supervised employees for employees in supervisory positions listed in Article I, Section 1, of this Agreement. Notwithstanding the above, questions concerning the practical impact that decisions on the above matters have on employees are within the scope of collective bargaining. The Employer will give the Union prior notice of the establishment and/or revision of standards for supervisory responsibility hereunder.
- **b.** Employees who fail to meet such standards may be subject to disciplinary measures in accordance with applicable law.

Section 3. - Performance Compensation

Section 2.

The Grievance Procedure shall be as follows:

Employees may at any time informally discuss with their supervisors a matter which may become a grievance. If the results of such a discussion are unsatisfactory, the employees may present the grievance at **STEP I**.

All grievances must be presented in writing at all steps in the grievance procedure. For all grievances as defined in Section l(c), no monetary award shall in any event cover any period prior to the date of the filing of the **STEP I** grievance unless such grievance has been filed within thirty (30) days of the assignment to alleged out-of-title work. No monetary award for a grievance alleging a miscalculation of salary rate resulting in a payroll error of a continuing nature shall be issued unless such grievance has been filed within the time limitation set forth in **STEP I** below for such grievances; if the grievance is so filed, any monetary award shall in any event cover only the period up to six years prior to the date of the filing of the grievance.

- STEP I The employee and/or the Union shall present the grievance in the form of a memorandum to the person designated for such purpose by the agency head no later than 120 days after the date on which the grievance arose except that grievances alleging a miscalculation of salary rate resulting in a payroll error of a continuing nature shall be presented no later than 120 days after the first date on which the grievant discovered the payroll error. The employee may also request an appointment to discuss the grievance and such request shall be granted. The person designated by the Employer to hear the grievance shall take any steps necessary to a proper disposition of the grievance and shall issue a determination in writing by the end of the third work day following the date of submission.
- STEP II An appeal from an unsatisfactory determination at STEP I where applicable, shall be presented in writing to the agency head or the agency head's designated representative who shall not be the same person designated in STEP I. - STEP III An appeal from an unsatisfactory determination at STEP II shall be presented by the employee and/or the Union to the Commissioner of Labor Relations in writing within ten (10) work days of the receipt

of the **STEP II** determination. The grievant or the Union should submit copies of the **STEP I** and **STEP II** grievance filings and any agency responses thereto. Copies of such appeal shall be sent to the agency head. In addition, the Employer shall have the right to bring directly to arbitration any dispute between the parties concerning any matter defined herein as a "grievance". The Employer shall commence such arbitration by submitting a written request therefor to the Office of Collective Bargaining. A copy of the notice requesting impartial arbitration shall be forwarded to the opposing party. The arbitration shall be conducted in accordance with the Consolidated Rules of the Office of Collective Bargaining. The costs and fees of such arbitration shall be borne equally by the Union and the Employer.

The arbitrator's decision, order or award (if any) shall be limited to the application and interpretation of the Agreement, and the arbitrator shall not add to, subtract from or modify the Agreement. The arbitrator's award shall be final and binding and enforceable in any appropriate tribunal in accordance with Article 75 of the Civil Practice Law and Rules. The arbitrator may provide for and direct such relief as the arbitrator deems necessary and proper, subject to the limitations set forth above and any applicable limitations of law.

Section 3.

As a condition to the right of the Union to invoke impartial arbitration set forth in this Article the employee(s) and the Union shall be required to file with the Director of the Office of Collective Bargaining a written waiver of the right, if any, of the employee(s) and the Union to submit the underlying dispute to any other administrative or judicial tribunal except for the purpose of enforcing the arbitrator's award.

Section 4.

A grievance concerning a large number of employees and which concerns a claimed misinterpretation, inequitable application, violation or failure to comply with the provisions of this Agreement may be filed directly at **STEP III** of the grievance procedure except that a grievance concerning employees of the Health and Hospitals Corporation may be filed directly at **STEP II** of the grievance procedure. Such "group" grievance must be filed no later than 120 days after the date on which the grievance arose, and all other procedural limits, including time limits, set forth in this Article shall apply. All other individual grievances in process concerning the same issue shall be consolidated with the "group" grievance.

Section 5.

If a determination satisfactory to the Union at any level of the Grievance Procedure is not implemented within a reasonable time, the Union may re-institute the original grievance at **STEP III** of the Grievance Procedure; or if a satisfactory **STEP III** determination has not been so implemented, the Union may institute a grievance concerning such failure to implement at **STEP IV** of the Grievance Procedure.

Section 6.

Section 7

The Employer shall notify the Union in writing of all grievances filed by employees, all grievance hearings, and all determinations. The Union shall have the right to have a representative present at any grievance hearing and shall be given forty-eight (48) hours' notice of all grievance hearings.

Section 8.

Each of the steps in the Grievance Procedure, as well as time limits prescribed at each step of this Grievance Procedure, may be waived by mutual agreement of the parties.

Section 9.

The grievance and the arbitration procedure contained in this Agreement shall be the exclusive remedy for the resolution of disputes defined as "grievances" herein. This shall not be interpreted to preclude either party from enforcing the arbitrator's award in court. This Section shall not be construed in any manner to limit the statutory rights and obligations of the Employer under Article XIV of the Civil Service Law.

Section 10. Expedited Arbitration Procedure.

a. The parties agree that there is a need for an expedited arbitration process which would allow for the prompt adjudication of grievances as set forth below.

- b. Submission of relevant documents, etc., will not be unreasonably limited and may be submitted as a "packet" exhibit.
- (2) In the event either party is unable to proceed with hearing a particular case, the case shall be rescheduled. However, only one adjournment shall be permitted. In the event that either party is unable to proceed on a second occasion, a default judgment may be entered against the adjourning party at the Arbitrator's discretion absent good cause shown.
- (3) The Arbitrator shall not be precluded from attempting to assist the parties in settling a particular case.
- (4) A decision will be issued by the Arbitrator within two weeks. It will not be necessary in the Award to recount any of the facts presented. However, a brief explanation of the Arbitrator's rationale may be included. Bench decisions may also be issued by the Arbitrator.

However, lifeguard and seasonal personnel who fail to complete the season shall be held to have a break in service unless waived by the DPR.

 - ii. It is understood by the parties that such notice is considered to be preliminary and is subject to change during the 30 days notice period. However, if the number of lifeguard personnel contained in the original notice is increased beyond the number in the original notice, an additional 30 days notice will be given to the union covering solely such additional lifeguard personnel, except such additional 30 days notice shall not apply to employees displaced by the "bumping" provisions set forth herein. The parties may waive such additional notice by mutual consent.
 - Within such 30-day period designated representatives of the Employer will meet and confer with the designated representatives of the appropriate union with the objective of considering feasible alternatives to all or part of such scheduled layoffs. The Agency shall have the right to assign lifeguard personnel who are serving in a seasonal citywide capacity to any appropriate unencumbered citywide vacancy in another borough, consistent with the employee's professional certification (i.e., Beach, Pool or Mini-Pool). Such assignments shall be made in title/detail in inverse seniority order within the employee's borough of assignment.

- b. Where reductions are anticipated prior to the start of the season affecting lifeguard personnel in the Department of Parks and Recreation such that the number of available positions will result in an insufficient number of positions being available to permit all previously employed individuals to be rehired, in title/detail, the following procedures shall apply:
 - i. Notice shall be provided by the Office of Labor Relations to the union not less than thirty (30) days prior to the beginning of the season. Such notification shall include a summary by facility of the number of affected positions by title and detail and shall also include a copy of the seniority list established at the close of the previous season pursuant to Article XIX of the 2008-2010 Seasonal Agreement.
 - Within such 30-day period designated ii. representatives of the Employer will meet and confer with the designated representatives of the appropriate union with the objective of considering feasible alternatives to all or part of such scheduled reductions. The Agency shall establish a list of lifeguard personnel who are in excess by title/detail in their facility. The Agency shall have the right to assign Lifeguard personnel to any unencumbered vacancy, consistent with the employee's professional certification (i.e. Beach, Pool or Mini-Pool). Such assignments shall be made in title/detail in inverse seniority order within the employee's borough of assignment. Lifeguard personnel who are not rehired or who are reassigned shall be placed on a recall list for his/her original facility.

Section 3. Layoff Procedures (other than the "end of season layoffs"):

- Layoffs of seasonal lifeguard personnel shall be by borough with each borough divided by type of facility (i.e., Beach, Pool and Mini-Pool). Each such borough subdivision shall be considered a layoff unit
- b. Notwithstanding Section 3(a), there shall be separate citywide layoff units for the following lifeguard personnel:
 - seasonal lifeguard personnel serving in a citywide capacity;
 - ii. year-round lifeguard personnel serving in a citywide capacity; and
 - **iii.** year-round lifeguard personnel who are facility based.
- c. Layoffs shall be made within the layoff units on the basis of inverse seniority in each title/detail consistent with the employee's professional certification in each type of facility (i.e., Beach, Pool or Mini-Pool). Should a reduction in the number of Instructors occur, such reductions shall be made in inverse order of seniority, with the date of original assignment to the duty of Instructor to be used to determine such seniority.

d. Order of Layoff:

- i. The layoff of seasonal lifeguard personnel in the same title/detail shall be made in inverse order of their date of appointment in each facility. Seniority among lifeguard personnel who were first appointed to a seasonal title/detail on the same date, shall be determined by original date of qualification, and if such original qualification date is the same by the application date in the first season. However, in the case of Lifeguard Instructor, the earliest date of original assignment to the duty of Instructor shall be used to determine a person's seniority for assignment as Instructor.
- ii. The layoff of <u>year-round</u> lifeguard personnel in the same title/detail who

were appointed on a year-round basis in such year-round status, shall be made in inverse order of their original date of appointment to the year-round title/detail in which they are serving. Seniority among lifeguard personnel who were first appointed to a year-round title/detail on the same date, shall be determined by date of qualification in the season that they were first appointed to a year-round position, and if such qualification date is the same by the application date in the season prior to the season that they first obtained year-round status. However, in the case of Lifeguard Instructor, the earliest date of original assignment to the duty of Instructor shall be used to determine a person's seniority for assignment as Instructor.

e. Bumping Procedures:

- i. For the purposes of the following bumping procedures, the term "next lowest title/detail" shall include the initial displacement (bumping) and any necessary further successive bumping to lower title/detail(s).
- ii. Chief Lifeguards shall be entitled to displace lifeguard personnel serving in the next lowest title/detail within the same facility. Employees serving in the next lower title/detail shall be displaced ("bumped") in inverse seniority order. In the event there are no opportunities to "bump" down in the same facility, the affected employees may be assigned to an unencumbered vacancy in the same borough. For purposes of further "bumping", any employee who is "bumped" down to the next lowest title/detail shall be deemed senior to all employees in all lower titles/details who were not subject to "bumping", regardless of the length of service or location of such employees until they are reached on the recall list for their original position and have accepted or rejected reappointment.
- iii. Lifeguard personnel who are serving in a citywide year-round capacity shall be entitled to displace lifeguard personnel serving in the next lowest title/detail in the assignment and facility of their choice. Employees serving in the next lower title/detail shall be displaced ("bumped") in inverse seniority order. For purposes of further "bumping", any employee who is "bumped" down to the next lowest title/detail shall be deemed senior to all employees in all lower titles/details who were not subject to "bumping", regardless of the length of service or location of such employees, until they are reached on the recall list for their original position and have accepted or rejected reappointment.
- Seasonal citywide lifeguard personnel iv. serving in borough assignments shall be entitled to displace lifeguard personnel serving in the next lowest title/detail within the same borough. Employees serving in the next lower title/detail shall be displaced ("bumped") in inverse seniority order. For purposes of further "bumping", any employee who is "bumped" down to the next lowest title/detail shall be deemed senior to all employees in all lower titles/details who were not subject to "bumping", regardless of the length of service or location of such employees, until they are reached on the recall list for their original position and have accepted or rejected reappointment.
- Chief Lifeguards who have completed twenty years/seasons of service in a supervisory capacity (excluding time on a medical leave) who are subject to layoff shall be entitled to displace lifeguard personnel serving in the next lowest title/detail in the assignment and facility of their choice. Employees serving in the next lower title/detail shall be displaced ("bumped") in inverse seniority order. For purposes of further "bumping", any employee who is "bumped" down to the next lowest title/detail shall be deemed senior to all employees in all lower titles/details who were not subject to "bumping", regardless of the length of service or location of such employees. until they are reached on the recall list for their original position and have accepted or rejected reappointment.
- vi. Year-round lifeguard personnel (including those serving in a citywide capacity) who are "bumped" down to a lower title/detail shall be entitled, consistent with the employee's professional certification in each type of facility (i.e., Beach, Pool or Mini-Pool), to displace seasonal lifeguard personnel in the title/detail from which they were displaced, in seniority order, or the next lowest title/detail for the length of such seasonal vacancy. Such employees shall retain their standing on the year-

round recall list for the higher title/detail from which they were "bumped". If such employees are not recalled to the higher title/detail from which they were "bumped" on or before the date on which the seasonal vacancy expires, they shall be returned to the year-round position to which they were "bumped".

Section 4. Recall Procedures:

- In the event of layoffs (other than the "end of season layoffs") the Employer shall place the names of seasonal and year-round lifeguard personnel who were laid off or who were "bumped" into a lower title/detail on a separate recall lists for each affected title or detail. Such recall lists shall be specific to the layoff units (as defined in Section 3(a) above) where such layoffs or "bumping" occurred. The Agency shall use such lists for filling vacancies in the seasonal or year-round positions in the layoff unit from which the layoffs were made. Upon the occurrence of a vacancy in a layoff unit where a title/detail recall list remains in affect, individuals on such recall list shall be called for reinstatement in order of their original date of appointment to the title/detail.
- b. The eligibility for reinstatement from a recall list for seasonal lifeguard personnel shall continue for a period not to exceed four years from the date of the layoff from the year-round title/detail.
- c. Year-round lifeguard personnel shall be called for seasonal work, based on seniority consistent with seasonals, as well as remain on the recall list for year-round positions. The eligibility for reinstatement from a recall list for year-round lifeguard personnel shall continue for a period not to exceed four years from the date of the layoff from the year-round title/detail.
- d. A person reinstated from a recall list to his/her former title/detail shall receive at least the same salary he/she was receiving at the time of layoff.
- e. For the purposes of the provisions of Article XIX of the 2008-2010 Seasonal Agreement, time spent on a recall list does not constitute a break in service but does not count towards accruing additional seniority.
- f. Failure or refusal to accept reinstatement from recall lists shall result in removal from the recall list and a loss of all accumulated seniority. Persons removed from a recall list will not be entitled to any future preference in employment and shall be considered a new employee upon application for a position as a Lifeguard.
- g. Notwithstanding any other provision of these job security provisions, the Employer may disqualify for reinstatement and remove from a recall list the name of any eligible who is physically or mentally disabled for the performance of the duties of the position for which such list is established, or who has been guilty of such misconduct as would result in dismissal.
- h. It is the mutual objective of the union and the Agency to avoid unforeseen hardships. Therefore, there shall be consultation between the parties prior to any implementation of the above procedures.

WHEREFORE, we have hereunto set our hands this <u>18th</u> day of <u>July</u>, 2012.

APPENDIX A

Longevity Increment Eligibility Rules

The following rules shall govern the eligibility of employees for the longevity increments provided for in Article III, Section 5 of the 2008-2010 Seasonal Agreement:

Only service in pay status shall be used to calculate the 15 years of service, except that for other than full time per annum employees only a continuous year of service in pay status shall be used to calculate the 15 years of service. A continuous year of service shall be a full year of service without a break of more than 31 days. Where the regular and customary work year for a title is less than a twelve month year, such as a school year, such regular and customary year shall be credited as a continuous year of service counting towards the 15 years of service. If the normal work year for an employee is less than the regular and customary work year for the employee's title, it shall be counted as a continuous year of service if the employee has customarily worked that length work year and the

applicable agency verifies that information.

- Service in pay status prior to any breaks in service of more than one year shall not be used to calculate the 15 years of service. Where an employee has less than seven years of continuous service in pay status, breaks in service of less than one year shall be aggregated. Where breaks in service aggregate to more than one year they shall be treated as a break in service of more than one year and the service prior to such breaks and the aggregated breaks shall not be used to calculate the 15 years of service. No break used to disqualify service shall be used more than once.
- **3.** The following time in which an employee is not in pay status shall not constitute a break in service as specified in paragraph 2 above:
 - a. Time on a leave approved by the proper authority which is consistent with the Personnel Rules and Regulations of the City of New York or the appropriate personnel authority of a covered organization.
 - **b.** Time prior to a reinstatement.
 - c. Time not in pay status of 31 days or less.
 - d. Lifeguard personnel who fail to complete the season shall not lose credit for the full season nor be held to have a break in service if (1) the Lifeguard is prevented by sickness or injury from completing the season and provides doctors lines prior to the end of the season or (2) the Lifeguard must report to school prior to the end of the season and has provided DPR prior to starting work with the information on the school letterhead.

Notwithstanding the above, such time as specified in subsections a and b above shall not be used to calculate the 15 years of service.

- 4. Once an employee has completed the 15 years of "City" service in pay status and is eligible to receive the \$3.07 longevity increment, the \$3.07 shall become part of the employee's base rate for all purposes except as provided in paragraph 5 below.
- 5. The \$3.07 longevity increment shall not become pensionable until fifteen months after the employee begins to receive such \$3.07 increment. Fifteen months after the employee begins to receive the \$3.07 longevity increment, such \$3.07 longevity increment shall become pensionable and as part of the employee's base rate, the \$3.07 longevity increment shall be subject to the general increases provided in Article III, Section 4(a) of this Agreement.

MEMORANDUM

August 31, 1978

TO: Andrew Lettieri, Director, Blue Collar Division DC - 37

FROM: Eloise Hirsh, Deputy Commissioner

RE: Lifeguards

It is the intention of the Department of Parks and Recreation to address in a systematic fashion the Lifeguard related problems which have been a source of difficulty for the last several years. We expect to address two main issues:

- 1. The question of continuity for Lifeguards needs during the non-season months.
- 2. The question of supervision and accountability of the Lifeguard corps during the season.

To this end we will implement a year-round Lifeguard Coordinator reporting directly to the Deputy Commissioner of Operations , who will be responsible for all year-round activities, including the school, ordering of supplies and equipment, and other Lifeguard related problems. For the summer of '79 season we will implement the program for the beaches and pools Lifeguards corps.

The program for the beaches and pools would consist of the following structure:

The basic first line structure will remain the same (i.e., lifeguards report to lieutenants who in turn report to chiefs).

For purposes of the program, a Borough Coordinator, appointed from the chief ranks, will be selected for each borough. With a beach facility (this Borough Coordinator will be chosen from the existing quota- no additional staff will be required). Chiefs at the beaches and pools will report to this Borough Coordinator and in turn the Borough Coordinator will report to the central Lifeguard Coordinator. For matters pertaining to Lifeguard issues within the borough, the Borough Lifeguard Coordinator will relate to the park manager. The central Lifeguard Coordinator will report to the Deputy Commissioner for Operations.

The Borough Coordinator will relate to the Principal Park Supervisor in charge of the beach or pool facility in a dotted line reporting relationship. The details of this structure will be worked out jointly by representatives of the Lifeguards, beach supervisor and maintenance operations.
