walls# of the #building# and their
prolongations is to be improved as a
publicly accessible widened sidewalk.
- (b) In order to grant a special permit pursuant to this Section for any #large-scale general development#, the Commission shall find that:
 - (1) the distribution of #floor area#, #open space#, #dwelling units#, #rooming units# and the location of #buildings#, primary business entrances and #show windows# will result in a better site plan and a better relationship among #buildings# and open areas to adjacent #streets#, surrounding development, adjacent open areas and shore lines than would be possible without such distribution and will thus benefit both the occupants of the #large-scale general development#, the neighborhood and the City as a whole;
 - (2) the distribution of #floor area# and location of #buildings# will not unduly increase the #bulk# of #buildings# in any one #block# or unduly obstruct access of light and air to the detriment of the occupants or users of #buildings# in the #block# or nearby #blocks# or of people using the public #streets#;

new or #enlarged buildings#. Such #open space# shall be accessible to and usable by all residents of such new or #enlarged buildings#, have appropriate access, circulation, seating, lighting and paving, and be substantially landscaped. Furthermore, the site plan of such #largescale general development# shall include superior landscaping for #open space# of the new or #enlarged buildings#;

- (7)where the Commission permits the exclusion of #lot area# or #floor area# in accordance with the provisions of paragraph (a)(5) of this Section or modification of the base and maximum #floor area ratios# or requirements regarding distribution of #affordable housing units# in accordance with paragraph (a)(8) of this Section, such modification will facilitate a desirable mix of #uses# in the #large-scale general development# and a plan consistent with the objectives of the Inclusionary Housing Program and those of Section 74-74 (Large-Scale General Development) with respect to better site planning;
- (8) where the Commission permits portions of #buildings# containing #accessory# parking spaces to be excluded from the calculation of #lot coverage# in accordance with the provisions of paragraph (a)(7) of this Section, the exclusion of #lot coverage# will result in a better site plan and a better relationship among #buildings# and open areas than would be possible without such exclusion and therefore will benefit the residents of the #large-scale general development#; and
- a declaration with regard to ownership requirements in paragraph (b) of the #large-scale general development# definition in Section 12-10 (DEFINITIONS) has been filed with the Commission.

The Commission may prescribe additional conditions and safeguards to improve the quality of the #large-scale general development# and to minimize adverse effects on the character of the surrounding area.

For a phased construction program of a multi-#building# complex, the Commission may, at the time of granting a special permit, require additional information, including but not limited to a proposed time schedule for carrying out the proposed #large-scale general development#, a phasing plan showing the distribution of #bulk# and #open space# and, in the case of a site plan providing for common #open space#, common open areas or common parking areas, a maintenance plan for such space or areas and surety for continued availability of such space or areas to the people they are intended to serve.

74-744 Modification of use regulations

- (a) #Use# modifications
 - (1) Waterfront and related #commercial uses#

In a C4 District, the City Planning Commission may modify applicable district regulations to allow certain boating and related #uses# listed in Use Group 14A, not otherwise allowed in such district, provided the Commission shall find that:

- the #uses# are appropriate for the location and blend harmoniously with the rest of the #large-scale general development#; and
- (ii) the #streets# providing access to

 such #use# will not create or contribute to serious traffic congestion and will not unduly inhibit surface traffic or adversely affect pedestrian movement.

(3) Retail Establishments

For a #large-scale general development# located partially or wholly within the former Seward Park Extension Urban Renewal Area, the City Planning Commission may modify applicable district regulations to allow Use Groups 10, 11A and 12A except for arenas or auditoriums, skating rinks, public auction rooms, trade expositions and stadiums, provided the Commission finds that:

- (i) such #uses# will not impair the character of future #uses# or development of the surrounding area; and
- (ii) the #streets# providing access to such #uses# will be adequate to handle the traffic generated thereby.

(b) Location of #commercial uses#

For any #large-scale general development#, the City Planning Commission may permit #residential# and non-#residential uses# to be arranged within a #building# without regard for the regulations set forth in Section 32-42 (Location within Buildings), provided the Commission shall find:

- the #commercial uses# are located in a portion of the #mixed building# that has separate access to the outside with no opening of any kind to the #residential# portion of the #building# at any #story#;
- (2) the #commercial uses# are not located directly over any #story# containing #dwelling units#; and
- (3) the modifications shall not have any adverse effect on the #uses# located within the #building#.
- Modifications of #sign# regulations
 - In all #Commercial# or #Manufacturing <u>(1)</u> Districts#, the City Planning Commission may, for #developments# or #enlargements# subject to the provisions of paragraphs (a)(1), (a)(2) or (a)(3) of Section 74-743 (Special provisions for bulk modification), permit the modification of the applicable provisions of Sections 32-64 (Surface Area and Illumination Provisions), 32-65 (Permitted Projection or Height of Signs), 32-66 (Additional Regulations for Signs Near Certain Parks and Designated Arterial Highways), 42-53 (Surface Area and Illumination Provisions), 42-54(Permitted Projection or Height of Signs), 42-55 (Additional Regulations for Signs Near Certain Parks and Designated Arterial Highways) and the limitations on the location of #signs# in Sections 32-51 and 42-44 (Limitations on Business Entrances, Show Windows or Signs), provided the Commission finds that such modification will result in a better site plan.

<u>(2)</u>

(c)

For a #large-scale general development# located partially or wholly within the former Seward Park Extension Urban Renewal Area, the City Planning Commission, by authorization, may make the #sign# regulations of a C6-1 District applicable to those portions of such #large-scale general development# within a C2 District, and in addition, may modify the provisions of Section 32-68 (Permitted Signs on Residential or Mixed Buildings) to allow #signs accessory# to non-#residential uses# above the level of the finished floor of the third #story#, provided such #signs# do not exceed a height of 40 feet above #curb level#. In order to grant such authorizations, the Commission shall find that such modifications are consistent with the amount, type and location of #commercial uses# that the Commission finds appropriate within such #large-scale general development#.

- (3) where a #zoning lot# of a #large-scale general development# does not occupy a frontage on a mapped #street#, appropriate access to a mapped #street# is provided;
- (4) considering the size of the proposed #large-scale general development#, the #streets# providing access to such #largescale general development# will be adequate to handle traffic resulting therefrom;
- (5) when the Commission has determined that the #large-scale general development# requires significant addition to existing public facilities serving the area, the applicant has submitted to the Commission a plan and timetable to provide such required additional facilities. Proposed facilities that are incorporated into the City's capital budget may be included as part of such plan and timetable;
- (6) where the Commission permits the maximum #floor area ratio# in accordance with the provisions of paragraph (a)(4) of this Section, the #open space# provided is of sufficient size to serve the residents of

such #uses# will be adequate to handle the traffic generated thereby.

(2) Automotive sales and service #uses#

For #large-scale general developments#, previously approved by the City Planning Commission, in a C4-7 District within the boundaries of Manhattan Community District 7, the City Planning Commission may modify applicable district regulations to allow automotive sales and service establishments that include repair services and preparation for delivery, provided the Commission shall find that:

- the portion of the establishment used for the servicing and preparation of automobiles is located entirely in a #cellar# level and below grade or established #curb level#, and the ground floor level of such establishment is used only for showrooms and sales;
- sufficient indoor space for storage of vehicles for sale or service has been provided; and

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the development.

For the purpose of determining required reservoir spaces, fractions equal to or greater than one-half resulting from the calculations in this Section shall be considered one reservoir space.

(a) Attended parking facilities

> Attended #accessory# off-street parking facilities, #public parking garages# or #public parking lots# with more than 25 off-street parking spaces shall provide the following amount of off-street reservoir space at the vehicular entrance:

- for parking facilities with more than 25<u>(1)</u> parking spaces and up to 50 parking spaces; five percent of the total number of parking spaces;
- <u>(2)</u> for parking facilities with more than 50 parking spaces and up to 100 parking spaces: ten percent of the total number of parking spaces;
- (3) for parking facilities with more than 100 parking spaces and up to 200 parking <u>spaces: ten parking spaces ; and</u>

For #automated parking facilities#, off-street reservoir space at the vehicle entrance shall be provided as set forth in paragraph (a) of this Section. Each individual parking location where a driver is permitted to leave a vehicle for transfer to a mechanized automobile storage and retrieval unit shall constitute one reservoir space. Additional reservoir spaces may be located where drivers queue to access such locations for vehicle transfer.

In addition, the number of reservoir spaces required pursuant to paragraph (a) of this Section may be reduced where the Commissioner of Buildings determines that the operational characteristics of such #automated parking facility# warrant such a reduction.

Self-parking facilities

For self-parking #accessory# off-street parking facilities, #public parking garages# and #public parking lots#, where entering vehicles are required to stop before a mechanically operated barrier before entering the parking facility, such barrier shall be placed a minimum of 20 feet beyond the #street line#.

In addition to a maximum number of 225 public parking spaces, such garages may include required #accessory# parking spaces, which may be provided at any level. Any #accessory# parking spaces that are not required shall be included with all other public parking spaces in such #public parking garage# for the purpose of applying any regulations in this Resolution relating to the number or location of parking spaces in such #public parking garage#.

<u>101-545</u>

Automated parking facilities

For an #automated parking facility#, the minimum size of spaces regulated in Sections 25-62 (Size and Location of Spaces) and 36-351 (Size of spaces) shall not apply.

For the purpose of calculating parking spaces in #automated parking facilities#, each tray upon which a vehicle is stored shall constitute one off-street parking space. However, auxiliary parking trays may be exempted from constituting a parking space where the Commissioner of Buildings determines that such auxiliary parking trays are needed to routinely store and retrieve vehicles for the efficient operation of such #automated parking facility#.

Within an #automated parking facility#, each tray upon which a vehicle is stored shall be considered 153 square feet of #floor area#, except for portions exempt from the definition of #floor area# pursuant to Section 12-10 (DEFINITIONS).

Special permit for public parking garages

Section 74-52 (Parking Garages or Public Parking Lots in High Density Central Areas) shall not apply to #public parking garages#. In lieu thereof, the following provisions shall apply.

The City Planning Commission may permit:

- (a) a #public parking garage# that does not comply with the provisions of Section 101-541 (Public parking garages) provided that such garage complies with all other applicable regulations set forth in Section 101-50 (OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS); and
- (b) floor space on one or more #stories#, up to a height of 23 feet above #curb level#, to be exempted from the definition of #floor area# as set forth in Section 12-10 (DEFINITIONS).

In order to grant a special permit for such #use# or for #floor area# exemption, the Commission shall find:

- (1) that such #use# will be compatible with the surrounding area, and will not adversely affect the growth and development of #uses# comprising vital and essential functions in the general area within which such #use# is to be located;
- (2) the proposed materials and articulation of the #street wall# of the parking facility are compatible with #buildings# in the surrounding area;
- (3) the ground floor level of such parking facilities that

<u>manner that is compatible with #buildings# in the</u> surrounding area;

- (5) that such #use# will not create or contribute to serious traffic congestion and will not unduly inhibit surface traffic and pedestrian flow and that the #streets# providing access to such #use# will be adequate to handle the traffic generated thereby;
- (6) that such #use# and its vehicular entrances and exits are so located as to draw a minimum of vehicular traffic to and through residential #streets# in nearby areas; and
- (7) that, if any floor space is exempted from the definition of #floor area#, such additional floor space is necessary to prevent excessive on-street parking demand and relieve traffic congestion.

The City Planning Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area including limitations on #signs#, or requirements for shielding of floodlights, or locations of entrances and exits.

101-55
