INVOCATION

The Invocation was delivered by Rev. Dr. Karen Daughtry, Pastor of The House Of The Lord Church, 415 Atlantic Avenue, Brooklyn, New York 11217.

[Editor's Note: The comments before the prayer below refer to a gas explosion that took place in East Harlem during the morning hours of March 12, 2014; also mentioned is the missing Malaysian Airlines Flight MH370 plane that disappeared on March 8, 2014]

Before we do the Invocation, I'm sure that we all know about the events that happened this morning; two people are dead, other are missing and injured.

Let's just have a moment of silence that we might remember whatever is going on there.

[Moment of Silence]

Thank you.

Giving honor to God this morning and He's the head of my life; thank God for being invited here today to give this Invocation.

I want to pay special tribute to the Speaker

and to the Public Advocate for this auspicious occasion.

We also want to remember the events of the missing plane, those people that we don't know what happened to;

they're somebody's relatives and so we want to remember them this morning

Let us bow our heads -

O God, our help in ages past, our hope for years to come;

Our shelter from the stormy blast and our eternal home;

Most gracious God, first I want to say thank you

on behalf of all of those who are gathered here today.

Thank you for life itself;

Thank you for the many blessings you have bestowed on us;

thank you for food, shelter and raiment; and thank you for the measure of health

that we enjoy which enables us to fulfill our callings;

thank you for meaningful family, friends and for all of the bountiful blessings;

thank you for giving us creative minds and for the ability

to make decisions that will affect this society in which we live;

thank you for the opportunity to be involved in useful work

and for the honor of bearing appropriate responsibilities.

In the Scripture, you said that you have established governing bodies

in order to promote peace, order, and justice,

therefore I pray for our Mayor, for the various levels of city officials,

and in particular for this assembled Council.

I'm asking that you would graciously grant them wisdom

to govern amid the conflicting interest and issues of our time.

Grant them a sense of the welfare and the needs of our people;

grant them a keen sense, a keen thirst for justice and righteousness;

grant them confidence to know what's good and fitting;

grant them the ability to work together in harmony

even when there is honest disagreement.

Help them, O God, to strive for all that is within themselves;

to be mindful of your command to remember the widows, the orphans;

help them to be mindful of those that are numbered

among the oppressed, the downtrodden, the left out and the locked out.

Help them to be mindful that God

requires both justice and mercy -Hallelujah;

and help them to make decisions

that will alleviate oppression wherever it is found;

help them to lift up the downtrodden, embrace the locked out and the left out.

I pray for the Agenda set before them today.
I ask you and I beseech you to give them, without a shadow of a doubt, that things that they will govern on today will benefit those with whom we live and work around in our beloved city; and Lord, at the end of this day and at the end of this day, particularly, With all that's going on, even during these past weeks, give each one of them personal peace in their lives and joy in their task Knowing that you are pleased with their labor

For we ask these blessings and we give these thanks
in the name of our Creator and let us all say
Amen, Amen, Amen.

Council Member Levin moved to spread the Invocation in full upon the Record.

(The following is a text of a Memo to the Finance Committee from the Finance Division of the New York City Council:)

March 12, 2014

TO: Hon. Julissa Ferreras
Chair, Finance Committee

Members of the Finance Committee

FROM: Sarah Gastelum, Finance Division

RE: Finance Committee Agenda of March 12, 2014- Resolution approving a tax exemption for two Land Use Items (Council District 16).

1600 Sedgwick Avenue (Block 2880, Lot 29) consists of one multi-family residential building with 383 units of rental housing for persons and families of low income. Riverview Redevelopment Company, L.P. ("Company"), a limited partnership formed pursuant to Article V of the Private Housing Finance Law ("PHFL"), will be the beneficial owner and will operate the Exemption Area. Upon dissolution of the current Owner, any future owner will become the fee owner of the Exemption Area. The Company developed the project under Section 221(d)(3) Below Market Interest Rate Program with affordable housing financing and operating subsidies from the United States Department of Housing and Urban Development ("HUD Mortgage") and tax exemption from the City.

On January 14, 1971 (Cal. No. 239), June 17, 1971 (Cal. No. 377), March 9, 1972 (Cal. No. 231), September 14, 1972 (Cal. No. 420) and December 19, 1974 (Cal. No. 189), the Board of Estimate approved a tax exemption pursuant to Section 125(1)(a) of the Private Housing Tax Law for a forty-year period ("Original Exemption"). In 2009, the Company prepaid the HUD Mortgage. In 2012, the Company and HPD entered into an Amended and Restated Redevelopment Agreement to reflect changes in the status of the Exemption Area since the original Redevelopment Agreement was executed in 1972 and amended in 1975. The Exemption Area currently receives a partial exemption from real property taxation pursuant to Section 33 of the Private Housing Finance Law. This partial exemption will expire once the Exemption Area is no longer owned or operated by a Redevelopment Company pursuant to Article V of the PHFL. In order to maintain the Exemption Area as affordable housing, HPD is requesting an additional 40 year tax exemption pursuant to Section 125(1)(a-3) of the PHFL.

This item has the approval of Council Member Gibson.

Artsbridge Senior Housing (Block 2874, Lots 3, 6, 8, 10 & 27) in the Bronx consists of one multi-family building with 61 units of rental housing for elderly persons of low income, and approximately 22,557 square feet of community facility space. The proposed project is comprised of four City-owned properties and one privately owned property that the Department of Housing Preservation and Development

("HPD") will acquire and then dispose of to a qualified and eligible sponsor designated by HPD ("Sponsor"). Sponsor will then convey the Acquisition Area to Artsbridge Housing Development Fund Corporation ("HDFC") who will construct the project, consisting of one, new 7-story elevator building, a community facility, accessory parking, and adjacent open space, under the Section 202 Supportive Housing Program for the Elderly. The project will receive financing and operating subsidies from the United States Department of Housing and Urban Development ("HUD") and eligible tenants will receive Section 8 rental assistance. On February 4, 2014 (Res. No. 41), the Council approved a designation of the Project Area as an urban development action area project, pursuant to Section 691, 693 and 694 of the General Municipal Law. In addition, the HDFC and HPD will enter into a Regulatory Agreement establishing certain controls upon the operation of the exemption area. In order to facilitate the project, HPD respectfully requests that the Council approve, pursuant to Section 422 of the Private Housing Finance Law ("PHFL"), a 40 year, partial tax exemption from real property taxation.

This item has the approval of Council Member Gibson.

By Council Member Ferreras.

WHEREAS, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated January 17, 2014 that the Council take the following action regarding a housing project located at (Block 2874, Lots 3, 6, 8, p/o 10 & 27) the Bronx ("Exemption Area"):

Approve a partial exemption of the Project from real property taxes pursuant to Section 422 of the Real Property Tax Law (the "Tax Exemption");

WHEREAS, the project description that HPD provided to the Council states that the purchaser of the Project (the "Sponsor") is a duly organized housing development fund company under Article XI of the Private Housing Finance Law;

WHEREAS, the Council has considered the financial implications relating to the Tax Exemption;

RESOLVED:

The Council hereby grants a partial exemption from real property taxes as follows:

1. All of the value of the property included in the housing project, including both Disposition Area and improvements, shall be exempt from real property taxes, other than assessments for local improvements, from the date of conveyance of the land to the Sponsor until the date of issuance of the temporary or permanent Certificate of Occupancy for the housing project.

2. All of the value of the property included in the housing project (excluding those portions, if any, devoted to business or commercial use), shall be exempt from real property taxes, other than assessments for local improvements, commencing upon the date of issuance of the temporary or permanent Certificate of Occupancy for the housing project (or, if the housing project is constructed in stages, upon the date of issuance of the temporary or permanent Certificate of Occupancy for each such stage) ("Effective Date") and terminating upon the earlier to occur of (i) the date the HUD mortgage is satisfied, or (ii) a date which is forty (40) years from the Effective Date ("Expiration Date"); provided, however, that the Sponsor shall make an annual real estate tax payment commencing upon the Effective Date and terminating upon the Expiration Date.

3. Commencing upon the Effective Date and during each year thereafter until the Expiration Date, the Sponsor shall make real estate tax payments in the sum of (i) \$45,146, which is ten percent (10%) of the annual shelter rent for the housing project, as determined by HPD in accordance with the formula agreed upon with HUD, plus (ii) an additional amount equal to twenty-five percent (25%) of the

amount by which the total contract rents applicable to the housing project for that year (as adjusted and established pursuant to Section 8 of the United States Housing Act of 1937, as amended) exceed the total contract rents which are authorized as of the Effective Date. Notwithstanding the foregoing, the total annual real estate tax payment by the Sponsor shall not at any time exceed the lesser of either (i) seventeen percent (17%) of the contract rents, or (ii) the amount of real estate taxes that would otherwise be due in the absence of any form of tax exemption or abatement provided by any existing or future local, state, or federal law, rule or regulation.

4. In consideration of such tax exemption, the Sponsor, for so long as the partial tax exemption provided hereunder shall remain in effect, shall waive the benefits, if any, of additional or concurrent real property tax abatement and/or tax exemption which may be authorized under any existing or future local, state, or federal law, rule or regulation.

Whereas, Puerto Rico became a U.S. Territory after the signing of the 1898 Treaty of Paris which ended the Spanish-American War; and

Whereas, The “Porto Rico Provisional Regiment of Infantry” was organized in 1901; and

Whereas, In 1917, Puerto Ricans were granted U.S. citizenship, and in that same year, the Puerto Rican military unit officially became part of the U.S. Army; and

Whereas, During World War I, the infantry defended the Panama Canal and upon their return to Puerto Rico in 1919, was renamed the “65th Infantry Regiment”; and

Whereas, During World War II, the 65th Infantry gallantly served in North Africa and Europe, winning the Maples-Foggian, Rome-Arne, Central Europe and Rhineland battle campaigns; and

Whereas, After the war, the 65th Infantry were assigned dangerous security, anti-sabotage and other occupation missions in Germany, and was among the last units to return home; and

Whereas, In 1950, after arriving in Pusan, Korea, the 65th Infantry joined the United States 3rd Infantry and were amongst the first to meet the enemy in the battlefields of Korea; and

Whereas, A total of 61,000 Puerto Ricans served in the U.S. military during the Korean War, of which more than 700 men were killed and more than 100 are still missing in action; and

Whereas, During the Korean War, members of 65th Infantry Regiment informally called themselves “Borinqueneers,” a term derived from Puerto Rico’s indigenous Taino name, Borikén, meaning “land of the brave lord”; and

Whereas, The 65th Infantry was awarded nine Korean Battle Campaign Awards, the Presidential and Meritorious Unit Commendations, two Korean Presidential Unit Citations, the Greek Gold Medal, Navy Unit Commendation and many other awards for bravery; and

Negron will receive the Medal of Honor, posthumously, for his courageous actions while serving as a member of Company L, 65th Infantry Regiment, 3d Infantry Division during combat operations against an armed enemy in Kalma-Eri, Korea on April 28, 1951; and

Whereas, Including the aforementioned award, individual members of the 65th Infantry Regiment would have earned one Medal of Honor, 10 Distinguished Service Crosses, 256 Silver Stars, 606 Bronze Stars, 2,771 Purple Hearts and many other individual awards over the span of World War I, World War II, and the Korean War; and

Whereas, The 65th Infantry Regiment has received other honors including a street co-naming in the Bronx, New York, called “La 65 de Infanteria Boulevard”; and

Whereas, Although the 65th Infantry has received many prestigious awards, it has never received a Congressional Gold Medal; and

Whereas, Other military units have received the Congressional Gold Medal including the Native American Marines, known as the Navajo Wind Talkers, World War II Japanese American intelligence soldiers, known as the Nisei Soldiers, and the first African American military aviators, known as the Tuskegee Airmen; and

Whereas, Given the contributions of these American citizens to the U.S. military, Borinqueneers deserve to be Congressional Gold Medal recipients among the other distinguished soldiers; and

Whereas, H.R.1726, sponsored by Congressman Bill Posey, and S.1174, sponsored by Senator Richard Blumenthal, would award a Congressional Gold Medal to the 65th Infantry Regiment, known as Borinqueneers; and

Whereas, The 65th Infantry fought bravely as they loyally defended America against all enemies while facing discrimination, segregation and unusual obstacles; and

Whereas, It is imperative that Congress pass H.R.1726 and S.1174 to recognize and honor the 65th Infantry’s outstanding service; now, therefore, be it

Resolved, That the Council of the City of New York urges Congress to pass and the President to sign H.R.1726 and S.1174, to award a Congressional Gold Medal to the 65th Infantry Regiment, known as Borinqueneers.

A Local Law to amend the administrative code of the city of New York, in relation to designating high needs areas within New York City as "digital technology empowerment zones."

Be it enacted by the Council as follows:

Section 1. Legislative intent and findings. The Council of the City of New York hereby finds that there are neighborhoods within New York City with high concentrations of poverty and joblessness. These neighborhoods typically have low use of and access to digital technology such as broadband Internet. Furthermore, these conditions within these distressed areas have also served to diminish the economic growth potential of area businesses and made the areas less attractive to digital technology companies. In order to remedy these conditions, the Council proposes to create a "digital technology empowerment zone" program. The legislation authorizes the designation of community districts as digital technology empowerment zones using a set of widely-recognized socio-economic indicators at designated thresholds that serve to increase the overall economic well-being, social welfare, and level of education and employment within distressed areas of the City.

§ 2. Title 22 of the administrative code of the city of New York is amended by adding a new chapter 9, to read as follows:

**CHAPTER 9
TECHNOLOGY EMPOWERMENT ZONES**

§22-901 Definitions

§22-902 Digital technology empowerment zones

§22-903 Statement of needs

§22-904 Action plans

§22-905 Implementation

§22-906 Progress reports

§22-901 Definitions. For the purposes of this section, the following definitions shall apply: "Action plan" means the digital technology empowerment zone action plan.

"Department" means the department of small business services.

"High level of poverty" means a community district where twenty-five percent or more of the population lives below the federal poverty threshold as established in the two thousand ten United States census.

"Low educational attainment" means a community district where fifteen percent or less of the individuals over the age of twenty five have earned a bachelor's degree or higher as determined by the two thousand ten United States census.

§22-902 Digital technology empowerment zones. a. Designation. A community district that suffers from a high level of poverty and low educational attainment shall be designated by the department as a digital technology empowerment zone.

b. De-designation. A community district may be de-designated by the department as a digital technology empowerment zone. The department shall only de-designate a community district as a digital technology empowerment zone where the community district no longer has a high level of poverty or low educational attainment for three consecutive calendar years.

§22-903 Statement of needs. a. For each digital technology

empowerment zone, the department shall prepare a statement of needs which shall include, but not be limited to, an analysis of the community's access to and use of broadband Internet, the number of digital technology companies within the community, employment services and workforce training services that focus on digital technology careers, business incentive programs, and such other components deemed appropriate for such community.

§22-904 Action plans. An action plan for each digital technology empowerment zone related to the needs identified pursuant to section 22-903 of this chapter shall be prepared by the department. Such action plans shall include an outline for how the department or other city agency intends to prioritize and address the needs identified in the digital technology empowerment zone statements of needs. Such action plans may include information regarding new and existing agency programs and services, interagency programs and services, and/or additional funding allocations which can be made to meet identified needs. Such action plans shall also include the name and location of for-profit and not-for-profit service providers, businesses and firms located within or providing services within each digital technology empowerment zone that have received city contracts awarded by a city agency the performance of which could substantially assist the achievement of priority needs outlined in the action plan for each digital technology empowerment zone.

§22-905 Implementation. The department shall:

1. Within seventy-five days of the enactment of the local law that added this chapter, designate the community districts that meet the requirements for inclusion in this program;

2. No later than thirty days following the designation of digital technology empowerment zones, provide notice of and publish a draft of a proposed digital technology empowerment zone statement of needs for each digital technology empowerment zone and provide notice of the date of a public hearing related to such statements;

3. No later than thirty days following the public hearing relating to statements of need, a final digital technology empowerment zone statement of needs for each digital technology empowerment zone shall be prepared and made available to the public on the department's website;

4. No later than thirty days following the final digital technology empowerment zone statement of needs, a draft action plan for each digital technology empowerment zone and notice of the public comment period related to such action plan shall be provided; and

5. Not earlier than thirty days following the end of the public comment period related to an action plan, the final action plan for each digital technology empowerment zone shall be prepared and made available to the public on the department's website.

§22-906 Progress reports. On or before January thirty first, two thousand eighteen, and every four years thereafter, the department shall provide a digital technology empowerment zone progress report for each digital technology empowerment zone to the mayor, speaker of the city council, each borough president and the chairpersons of each of the appropriate community boards in a digital technology empowerment zone. The progress report shall include whether and to what extent applicable action plans are being implemented and adequately addressing each zone's needs; whether such action plans should be revised to provide other appropriate services where progress has been made in addressing a community's needs; and whether such community may be de-designated for inclusion in the program in accordance with subdivision b of section 22-902 of this chapter.

§3. This local law shall take effect ninety days after its enactment.

Res. No. 104

Resolution calling upon the New York State Unified Court System to require the Integrated Domestic Violence Courts in New York City to issue regular reports on batterer intervention programs.

By Council Members Cabrera, Barron, Chin, Eugene, Ferreras, Gibson, Levine, Palma, Rose, Williams, Rosenthal and Mendez.

Whereas, The Integrated Domestic Violence (IDV) courts in New York State are designed to have a family's multiple cases come before a single judge; and

Whereas, IDV courts provide judicial monitoring, access to advocacy and services, and close communication with outside agencies and programs; and

Whereas, These courts help to ensure consistency in judicial orders, which allows the court to respond on a particularized basis to each family's situation; and

Whereas, A Batters Intervention Program is an educational program for domestic violence offenders, which focuses on encouraging participants to take responsibility for abusive acts and explores the effects and impact of violence; and

Whereas, Although there are several possible ways to enter a batterer program, one of the more common is upon order from a court; and

Whereas, However, when batterers go through court-ordered programs, there is currently no readily accessible public record of outcomes to determine if there are identifiable changes in the behavior patterns of batterers and whether the programs are successful; and

Whereas, It is important batterer programs address the substantive issues behind domestic violence, and not simply act as a procedural requirement that the batterer must fulfill; and

Whereas, Reporting on the placement in and outcomes of batterer intervention programs would help researchers and advocates to measure the success of the programs and trends in changing the behavior of batterers; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Unified Court System to require the Integrated Domestic Violence Courts in New York City to issue regular reports on batterer intervention programs.

A Local Law to amend the administrative code of the city of New York, in relation to remedies for breach of the duty of an owner to refrain from harassment of tenants.

Be it enacted by the Council as follows:

Section 1. Paragraph 2 of subdivision m of section 27-2115 of the administrative code of the city of New York is amended to read as follows:

(2) If a court of competent jurisdiction finds that conduct in violation of subdivision d of section 27-2005 of this chapter has occurred, it may determine that a class c violation existed at the time that such conduct occurred. Notwithstanding the foregoing, such court may also issue an order restraining the owner of the property from violating such subdivision and direct the owner to ensure that no further violation occurs, in accordance with section 27-2121 of this chapter. Such court shall impose a civil penalty in an amount not less than [one] *five* thousand dollars and not more than [five] *ten* thousand dollars for each dwelling unit in which a tenant or any person lawfully entitled to occupancy of such unit has been the subject of such violation, and such other relief as the court deems appropriate. It shall be an affirmative defense to an allegation by a tenant of the kind described in subparagraphs b, c and g of paragraph forty-eight of subdivision a of section 27-2004 of this chapter that (i) such condition or service interruption was not intended to cause any lawful occupant to vacate a dwelling unit or waive or surrender any rights in relation to such occupancy, and (ii) the owner acted in good faith in a reasonable manner to promptly correct such condition or service interruption, including providing notice to all affected lawful occupants of such efforts, where appropriate.

§ 2. Subdivision m of section 27-2115 of the administrative code of the city of New York is amended by adding a new paragraph 6 to read as follows:

(6) *The department shall post on its website information regarding any finding by a court of competent jurisdiction that conduct in violation of subdivision d of section 27-2005 of this chapter occurred, including, at a minimum: (i) the address of the unit that was the subject of such a violation; (ii) the name of the owner of such unit; (iii) the civil penalty imposed for such violation; (iv) the date such penalty was imposed; and (v) whether an order restraining the owner of such unit from violating subdivision d of section 27-2005 of this chapter was issued. Such information shall be posted no later than thirty days following an issuance of such a finding.*

§ 3. This local law shall take effect ninety days after its enactment, provided, however that the commissioner may promulgate any rules and take such actions as are necessary prior to such effective date.

Res. No. 105

Resolution calling upon the New York State Legislature to pass, and the Governor to sign A.7892 and S.6221, legislation authorizing banks to refuse payment of moneys when there is reason to believe that a vulnerable adult is being financially exploited.

By Council Members Chin, Vallone, Arroyo, Constantinides, Ferreras, Koo, Miller, Palma, Rose and Mendez.

Whereas, Elder abuse, the intentional harming or creation of a serious risk of harm to a senior, includes physical and emotional abuse, as well as financial exploitation; and

Whereas, Financial exploitation is particularly detrimental to seniors as an elderly victim likely has far less time and ability to recover from financial losses than a younger target; and

Whereas, Financial exploitation of seniors is estimated to cost Americans \$2.9 billion each year; and

Whereas, Cases of financial exploitation of a senior are difficult to prove as victims are often hesitant to come forward because their abuser is a relative, may not be aware that the exploitation is occurring, or could be incapable of giving proper consent to those controlling their finances; and

Whereas, According to the New York State Bureau of Adult Services, 64 percent of reported perpetrators of financial exploitation of a senior were family members, spouses or significant others; and

Whereas, Banks and financial institutions may be reluctant to refuse to process transactions or share records with authorities where abuse is suspected due to concerns regarding privacy laws and potential liability; and

Whereas, New York State Assembly Member Joan Millman introduced A.7892 in June 2013 and New York State Senator David Valesky introduced S.6221 in January 2014, bills that would allow a banking organization to refuse to conduct transactions requiring the dispersal of moneys in the account of a vulnerable adult, or moneys held for the benefit of such adult, if the organization, a social services official, or a law enforcement agency reasonably believe that financial exploitation has occurred or may occur; and

Whereas, A.7892 and S.6221 would also authorize banks to provide access to or copies of historical records or recent transactions relevant to the suspected financial exploitation of a **vulnerable** adult to law enforcement agencies and social services agencies; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to pass, and the Governor to sign A.7892 and S.6221, legislation authorizing banks to refuse payment of moneys when there is reason to believe that a vulnerable adult is being financially exploited.

Res. No. 106

Resolution calling upon the New York State Legislature to pass and the Governor to sign legislation requiring the mandatory reporting of suspected elder abuse.

By Council Members Chin, Arroyo, Cohen, Constantinides, Ferreras, Gibson, Koo, Levine, Palma, Rose and Mendez.

Whereas, Elder abuse, the intentional harming or creation of a serious risk of harm to a senior, includes physical abuse, emotional abuse, sexual abuse, financial exploitation, and neglect; and

Whereas, In 2011, the New York State Office of Children and Family Services released a report estimating that 120,000 seniors in New York City had experienced abuse; and

Whereas, Investigating and resolving elder abuse cases can be particularly difficult as victims are hesitant to report abuse, in part due to the fact that perpetrators of elder abuse are often family members or caregivers; and

Whereas, According to the New York State Bureau of Adult Services, more than 85 percent of reported perpetrators of physical abuse of a senior were family members, with spouses or significant others comprising nearly a third of abusers; and

Whereas, According to the United States Government Accountability Office, as of 2011, New York was one of only four states that did not require any professionals to report suspected cases of elder abuse; and

Whereas, The State should require that health care workers, social services workers, mental health professionals, employees or volunteers of facilities providing care for seniors, law enforcement officials, attorneys and investigators of district attorney's offices, and financial professionals who, while acting in their professional or official capacity, have reasonable cause to suspect that a senior is abused to report such abuse to the State; and

Whereas, Requiring that certain professionals report suspected elder abuse would increase the likelihood that a victim of abuse will receive needed services and that abusers will be brought to justice; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to pass and the Governor to sign legislation requiring the mandatory reporting of suspected elder abuse.

A Local Law to amend the administrative code of the City of New York and the New York City Charter, in relation to the disciplinary decisions made by the Commissioner of the New York City Police Department.

Be it enacted by the Council as follows:

Section 1. Subdivision a of section 14-115 of the administrative code of the city of New York is amended to read as follows:

a. (1) The commissioner shall have power, in his or her discretion, on conviction by the commissioner, or by any court or officer of competent jurisdiction, of a member of the force of any criminal offense, or neglect of duty, violation of rules, or neglect or disobedience of orders, or absence without leave, or any conduct injurious to the public peace or welfare, or immoral conduct or conduct unbecoming an officer, or any breach of discipline, to punish the offending party by reprimand, forfeiting and withholding pay for a specified time, suspension, without pay during such suspension, or by dismissal from the force; but no more than thirty days' salary shall be forfeited or deducted for any offense. All such forfeitures shall be paid forthwith into the police pension fund.

(2) (i) Where the punishment imposed by the commissioner or his or her deputies is different than the punishment recommended in the findings and recommendation reports of the New York City Police Department Deputy Commissioner of Trials, or the Civilian Complaint Review Board, the commissioner shall, within thirty days of the imposition of such penalty, submit to the entity that provided the recommendation report, a written explanation stating the specific reasons for the commissioner's decision to deviate from the recommended penalty or finding, provided, however, that such written explanation need not be provided within thirty days if so doing would interfere with any ongoing investigations. In cases where such written explanation is delayed due to an ongoing investigation, the written explanation shall be provided as soon as is practicable, and shall include an explanation of the reason for the delay.

(ii) The department shall make all such written statements available to the Commission to Combat Police Corruption and the Commission to Combat Police Corruption shall provide an analysis of such statements in its annual report.

(iii) The department shall post all such written statements on the department's website, without any officer identifying information, immediately upon their submission to the relevant entity as provided in subparagraph (i) of this paragraph.

(iv) Failure to comply with any of the provisions of this paragraph shall not result in the invalidation of any punishment imposed nor should any of the provisions of this paragraph be construed to create a private right of action to enforce its provisions.

§2. Paragraph 6 of subdivision c and paragraph 3 of subdivision d of section 440 of chapter 18-A of the New York City Charter are amended to read as follows:

c. Powers and duties of the board.

Res. No. 108

Resolution calling on the State Legislature to enact and for the Governor to sign A.1618-A and S.390-A, which would amend the State Vehicle and Traffic law to include "electric assisted" bicycles in the definition of bicycles and thus permit their use.

By Council Members Espinal, Arroyo, Koo and Miller.

Whereas, The New York State Traffic and Vehicle Law ("VTL") allows only "motor vehicles" to be registered with the State Department of Motor Vehicles ("DMV"); and

Whereas, Bicycles are excluded from the DMV registration requirements because they are defined as devices that are propelled by human power; and

Whereas, "Electric assisted" bicycles ("e-bikes") do not fall within the State definition of bicycles and are not considered motor vehicles; and

Whereas, State law effectively prohibits the operation of e-bikes; and

Whereas, Safety concerns have been raised about the use of e-bikes; and

Whereas, Despite safety concerns, "electric assisted" bicycles have increasingly become a preferred means of making deliveries in the City; and

Whereas, Proponents for e-bikes argue that e-bikes have potential economic and environmental benefits because they improve working conditions of commercial cyclists and reduce the reliance on motor vehicles; and

Whereas, State legislation (A.1618-A by Assemblyman David F. Gantt and S.390-A Martin Malavé Dilan) would amend the New York State Vehicle and Traffic law to include e-bikes in the State definition of bicycles and thus permit their use; and

Whereas, If adopted, the State legislation would limit e-bikes to having a power output of "no more than seven hundred fifty watts" and speed of no more than twenty miles per hour; and

Whereas, New York City is seeing rapid diversification in its transportation infrastructure, including greater use of conventional and electric bicycles for both recreational and commercial purposes; and

Whereas, E-bikes can make a positive contribution to the health and economic well-being of the City; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the State Legislature to enact and for the Governor to sign A.1618-A and S.390-A, which would amend the State Vehicle and Traffic law to include "electric assisted" bicycles in the definition of bicycles and thus permit their use.

Res. No. 110

Resolution calling on the Metropolitan Transportation Authority to consider the impact of the current pricing scheme on the Verrazano-Narrow Bridge on both the residents of Brooklyn and Staten Island.

By Council Members Gentile and Espinal (by request of the Brooklyn Borough President).

Whereas, In New York City, bridges and tunnels are operated by three separate agencies: New York City Department of Transportation ("DOT"), Metropolitan Transportation Authority ("MTA") and the Port Authority of New York and New Jersey ("PA"); and

Whereas, The Verrazano-Narrows Bridge, operated by the MTA, serves as the primary connection for a motorist travelling between Brooklyn and Staten Island; and

Whereas, In February New York Governor Andrew Cuomo announced a plan to reduce the toll on the Verrazano-Narrows Bridge (VNB) for residents in Staten Island; and

Whereas, Following Governor Cuomo's announcement, the MTA Board adopted an action item to increase the rebate available to Staten Island residents through the Verrazano Narrows Bridge Staten Island Resident Rebate Program; and

Whereas, According to the MTA, the reason for the increased rebate is that "Staten Island residents are uniquely disadvantaged by the MTA district's transportation network charges in that the VNB is their sole means of vehicular access to the rest of New York City;" and

Whereas, Some current and former public officials, have raised the concern that the current pricing policy on the Verrazano-Narrows Bridge disadvantages Brooklyn residents; and

Whereas, While the plan may result in meaningful relief for residents in Staten Island, it fails to recognize the importance of the Verrazano-Narrows Bridge to residents in Brooklyn who rely on the Bridge for travel to Staten Island and New Jersey; and

Whereas, It is crucial that any decision regarding the pricing of bridges and tunnels include an impact analysis for residents on both sides of the Bridge, including the residents of Brooklyn; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the Metropolitan Transit Authority to consider the impact of the current pricing scheme on the Verrazano-Narrow Bridge on both the residents of Brooklyn and Staten Island.

A Local Law to amend the administrative code of the city of New York, in relation to reducing speed limits and establishing slow zones.

Be it enacted by the Council as follows:

Section 1. Subdivision a of section 19-177 of the administrative code of the city of New York is amended to read as follows:

§ 19-177 Speed Limits; posting of signs; *neighborhood slow zones; school slow zones.* a. *Except as otherwise provided by this subdivision, [The] the official speed limit for a vehicle in the city of New York shall be thirty miles per hour except for one-way highways under the jurisdiction of the commissioner with no more than one lane of through traffic, where the speed limit shall be twenty five miles per hour; or where an official sign indicates that a different speed limit is in effect. The commissioner shall designate such highways on or before the effective date of this section. For purposes of this section, "highway" shall have the same meaning as in section one hundred eighteen of the vehicle and traffic law.*

§ 2. Section 19-177 of the administrative code of the city of New York is amended to add new subdivisions d, e and f to read as follows:

d. (1) *The commissioner shall establish neighborhood slow zones in which speed limits of twenty miles per hour apply on or along designated highways and in which other traffic calming measures are implemented. The commissioner shall*

establish seven such non-contiguous slow zones, which shall contain not less than five blocks per zone, annually. For purposes of this subdivision, "traffic calming measures" shall mean any physical engineering measure or measures that reduce the negative effects of motor vehicle use, alter driver behavior and improve conditions for non-motorized street users such as pedestrians and bicyclists.

(2) Should the commissioner determine that fewer than seven neighborhood slow zones will be established annually, the commissioner shall inform the mayor and the speaker of the council in writing of such determination and the reason therefore.

e. (1) The commissioner shall establish school slow zones in which speed limits of not less than fifteen nor more than twenty miles per hour apply for a distance of one thousand three hundred twenty feet from a school entrance or exit abutting the highway; provided, however, that the commissioner may reduce such distance if such speed limit for such entire distance would, in the commissioner's judgment, endanger the safety of motorists or pedestrians or not be consistent with the department's guidelines. The commissioner shall establish such school slow zones for fifty schools annually. For purposes of this subdivision, the term "school" shall have the same meaning as in section 19-189 of this title.

(2) After evaluating every school in the city for the establishment of such school slow zones, the commissioner shall inform the mayor and the speaker of the council in writing and shall continue to evaluate the need to establish school slow zones for any school created after such notice is given.

f. Commencing on or before February 1, 2015, and annually thereafter, the commissioner shall provide a report to the mayor and speaker of the council, and shall post on the department's website, a report listing the location of all neighborhood slow zones and school slow zones established pursuant to this section, and all highways where the speed limit has been designated by the commissioner as twenty five miles per hour pursuant to subdivision a of this section.

§ 3. Effect of invalidity; severability. If any section, subdivision, paragraph, sentence, clause, phrase or other portion of this local law is, for any reason, declared unconstitutional or invalid, in whole or in part, by any court of competent jurisdiction, such portion shall be deemed severable, and such unconstitutionality or invalidity shall not affect the validity of the remaining portions of this local law, which remaining portions shall continue in full force and effect.

§ 4. This local law shall take effect one hundred eighty days after its enactment into law.

Res. No. 111

Resolution calling upon the New York State Legislature to pass, and the Governor to sign, legislation that would lower New York City's speed limit to 25 miles per hour.

By Council Members Greenfield, Chin, Constantinides, Espinal, Gentile, Koo, Levine, Reynoso, Torres, Van Bramer and Mendez.

Whereas, New York State law sets 30 miles per hour as the speed limit in New York City unless otherwise posted; and

Whereas, State law only allows the City to lower the speed limit under certain conditions, such as near schools or with accompanying traffic calming measures; and

Whereas, In 2013, 286 people, including 168 pedestrians, were killed in traffic crashes in New York City, according to New York City Police Department (NYPD) data; and

Whereas, In 2013, "unsafe speed" was cited as a contributing factor in over 3,000 collisions that resulted in injuries or fatalities in the City, also according to NYPD data; and

Whereas, Many studies have concluded that the chances of a pedestrian surviving a motor vehicle collision decrease dramatically as the speed of the vehicle increases; and

Whereas, One such study by the AAA Foundation for Traffic Safety determined that while a pedestrian has a 20 percent chance of dying if struck by a vehicle traveling at 30 miles per hour, the chance of death drops to 12 percent if the vehicle is traveling at 25 miles per hour; and

Whereas, Slower speeds also decrease stopping distance, giving drivers a better chance to take action to prevent collisions from occurring in the first place; and

Whereas, In the interest of pedestrian safety, the City's unposted speed limit should be lowered; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to pass, and the Governor to sign, legislation that would lower New York City's speed limit to 25 miles per hour.

Res. No. 112

Resolution calling upon the Department for the Aging to restore the congregate weekend meal program and conduct a public awareness campaign to promote congregate and home delivered meals.

By Council Members Johnson, Chin, Arroyo, Cohen, Eugene, Gentile, Koo, Rose, Vallone, Mendez and Ulrich.

Whereas, The federal government provides local agencies on aging with funding for nutritional programs for seniors through the Older Americans Act; and

Whereas, The New York City Department for the Aging (DFTA) contracts with non-profit organizations to operate nutrition programs offering seniors community-based (congregate) and home delivered meals; and

Whereas, All individuals age 60 and over, and their spouses, are eligible for free congregate meals, regardless of income or assets; and

Whereas, DFTA contractors provide congregate breakfast, lunch, and dinner meals at more than 200 senior centers across the City during the week; and

Whereas, In 2009, DFTA eliminated a component of its nutrition program that provided seniors with a meal to take home to be eaten during the weekend, also known as a "6th congregate meal," citing budget cuts; and

Whereas, More than 24,000 seniors in New York City take part in DFTA's nutrition program, with 7.3 million congregate meals served and 4.25 million meals delivered in 2013; and

Whereas, Over 175,000 seniors, approximately 11.5 percent of those over age 60 in New York City, report being food insecure; and

Whereas, Free nutritious congregate and home delivered meals can help prevent disease, reduce the effects of chronic illnesses, promote socialization, and keep low-income seniors from going hungry; and

Whereas, Restoring congregate weekend meals and encouraging the utilization of DFTA's nutrition programs would positively impact the lives of thousands of the City's seniors; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the Department for the Aging to restore the congregate weekend meal program and conduct a public awareness campaign to promote congregate and home delivered meals.

Res. No. 113

Resolution calling on the State Legislature to pass and the Governor to sign A.5148-A/S.4253-A, an act to amend the social services law to add certain school based health services to the list of services which need not be provided by a managed care program.

By Council Members Johnson, Dromm, Chin, Koo, Rose and Mendez.

Whereas, School-based health centers (SBHC) provide on-site primary care to students and are largely located in areas with limited access to health care services; and

Whereas, Research shows that SBHCs can decrease absenteeism from school and parents' time away from work, as well as reduce hospitalizations and trips to the emergency room; and

Whereas, For over 20 years, SBHCs have kept students in school and healthy, equipping them for academic success; and

Whereas, There are 222 SBHCs in New York State and 129 SBHCs serving 293 schools in the five boroughs of New York City; and

Whereas, Since 1998, school-based health centers have directly billed New York State for services provided to children on Medicaid through a waiver provided by the Administration of former Governor George Pataki; and

Whereas, This waiver has offered SBHCs a streamlined, simplified billing methodology that allowed reimbursements to occur expeditiously and at an adequate rate; and

Whereas, In 2010, Governor Andrew Cuomo created the Medicaid Redesign Team (MRT), which created a number of initiatives to reform health care in New York State and control rising Medicaid costs; and

Whereas, The MRT seeks to reallocate spending through managed care organizations rather than a fee-for-service payment structure and October 1, 2014 is the scheduled transition for school-based health centers; and

Whereas, Shifting to a billing method that would involve processing claims through a large pool of managed care organizations, rather than billing the State directly, would be unnecessarily complex and potentially cause delays in payments; and

Whereas, SBHCs would now have to negotiate reimbursement rates with managed care organizations; and

Whereas, According to a report by the Children's Defense Fund, managed care organizations have organized payment rates that are inherently lower than the existing rates that SBHCs receive through the current fee-for-service payment methodology; and

Whereas, The Children's Defense Fund Report also states that Medicaid reimbursements comprise more than 89% of SBHCs' third-party revenue in New York and any delays or reductions in reimbursements will compromise the sustainability of these vital centers; and

Whereas, A.5148-A/S.4253-A, sponsored by Assembly Member Richard Gottfried and State Senator Velmanette Montgomery, would add certain school based health services to the list of services which need not be provided by a managed care program; and

Whereas, This legislation would allow SBHCs to retain their current system of reimbursement, stabilizing a large portion of their funding stream; now, therefore, be it

Resolved, That the Council of the City of New York calls on the State Legislature to pass and the Governor to sign A.5148-A/S.4253-A, an act to amend the social services law to add certain school based health services to the list of services which need not be provided by a managed care program.

Res. No. 114

Resolution calling upon the New York State Legislature pass and the Governor to sign A.8641, A.8642, and A.8700, legislation amending income eligibility determinations for the senior citizen rent increase exemption (SCRIE) and disability rent increase exemption (DRIE) programs.

By Council Members Johnson, Arroyo, Chin, Dickens, Gentile, Gibson, Koo, Levine, Reynoso, Rose, Vacca, Vallone, Van Bramer, Rosenthal and Mendez.

Whereas, In 1970, New York City instituted the senior citizen rent increase exemption (SCRIE) program to shield low-income seniors from rising housing costs by offering landlords a property tax abatement in exchange for freezing the rent of eligible senior tenants; and

Whereas, Tenants are eligible for the SCRIE program if they are at least 62 years old, have a total household income that does not exceed \$29,000, reside in a rent controlled or rent stabilized apartment, rent regulated hotel, or an apartment owned by a Mitchell-Lama development, and spend more than one-third of monthly income on rent; and

Whereas, In 2005, the City began to offer certain individuals with disabilities benefits similar to those offered through the SCRIE program under the disability rent increase exemption (DRIE) program; and

Whereas, Individuals that receive State or federal disability related assistance are eligible to be exempted from future rent increases if they have an annual household income no greater than \$20,412 for a single-person household or \$29,484 for households consisting of two or more people, reside in a rent controlled or rent stabilized apartment, rent regulated hotel, or an apartment owned by a Mitchell-Lama development, and spend more than one-third of monthly income on rent; and

Whereas, Due to the low income limits of SCRIE and DRIE, even small cost of living adjustments to entitlement programs such as Social Security or other increases in outside income can cause an individual to lose program eligibility; and

Whereas, In January 2014, New York State Assembly Member Linda Rosenthal introduced three bills - A.8641, A. 8642, and A.8700 - related to the income eligibility determinations for SCRIE and DRIE; and

Whereas, A.8641 would allow individuals to deduct union dues, court-ordered support payments, business losses, and capital losses for the purposes of determining income eligibility for SCRIE and DRIE; and

Whereas, A.8642 would require that increases in a household member's pension or Social Security benefits not be considered income for the purpose of determining eligibility for SCRIE or DRIE following such household's initial application for either program; and

Whereas, A.8700 would require that the frozen rent of a recipient of SCRIE or DRIE only be increased by the administering agency if the recipient household's income permanently increases by at least twenty percent; and

Whereas, A.8641, A.8642, and A.8700 would allow more seniors and individuals with disabilities to keep their SCRIE and DRIE benefits, thus allowing them to afford to continue living in their homes; now, therefore, be it

Resolved, That the Council of the City of New York calls upon New York State Legislature pass and the Governor to sign A.8641, A.8642, and A.8700, legislation amending income eligibility determinations for the senior citizen rent increase exemption (SCRIE) and disability rent increase exemption (DRIE) programs.

Res. No. 115

Resolution calling upon the New York State Legislature to pass and the Governor to sign into law A.2448 and S.4142, which would allow sixteen

and seventeen year olds to be appointed to New York City Community Boards.

By Council Members Kallos, Torres, Levine, Arroyo, Cohen, Constantinides, King, Lander, Reynoso, Rose, Van Bramer and Mendez (at the request of the Manhattan Borough President).

Whereas, Current regulations prohibit anyone under the age of eighteen from becoming a member of a New York City Community Board; and

Whereas, Many sixteen and seventeen year olds are active members of their communities and pay New York City income and sales tax, yet have no civic voice on how these revenues are spent; and

Whereas, Sixteen and seventeen year olds are legally accountable for breaking the law and can be arrested, tried and imprisoned as adults, but have no legal venue for advisement on community needs, programs, services, or development project and land use issues; and

Whereas, Sixteen and seventeen year olds contribute to community based agencies, not for profit agencies and municipal bodies, including advisory bodies in the various Borough Presidents' offices; and

Whereas, New Yorkers in this age group further contribute to the well-being of communities as counselors in day camps, jurists on Peer and Youth courts, and peacemakers in conflict resolution and mediation programs; and

Whereas, Research has shown that greater social engagement among youth provides numerous benefits to their local communities and improves their professional development, as well as many other human welfare indicators; and

Whereas, The benefits of youth engagement in civic processes has been demonstrated in consistent and powerful ways, including through youth commissions in San Francisco and Philadelphia, and

Whereas, New York City Community Boards are composed of dedicated and able volunteers who could serve as role models and mentors to emerging young civic actors, and should be opened to include members who are 16 and 17 years old; and

Whereas, Bills A.2448, introduced by Assemblymember Rozic, and S.4142, introduced by Senator Lanza, would lower the minimum age for New York City Community Board members from eighteen to sixteen; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to pass and the Governor to sign into law A.2448 and S.4142, which would allow sixteen and seventeen year olds to be appointed to New York City Community Boards.

Res. No. 116

Resolution calling on the New York State Legislature to pass legislation which would allow undocumented immigrants to obtain a driver's license regardless of their immigration status.

By Council Members Rodriguez, Chin, Reynoso, Torres, Rosenthal and Mendez.

Whereas, According to the Pew Hispanic Center, in 2012, New York State was home to approximately 800,000 undocumented immigrants, many of whom call New York City their home; and

Whereas, Undocumented immigrants face many obstacles tied to their lack of status, including the fact that undocumented immigrants are prohibited from obtaining a New York State driver's license; and

Whereas, Many undocumented immigrants need to drive, whether it is for work, to take their children to school, or for other important appointments; and

Whereas, Regardless of the particular reason, driving is necessary for many undocumented immigrants to conduct their daily activities; and

Whereas, According to a 2011 nationwide report by the AAA Foundation for Traffic Safety, unlicensed drivers are five times more likely to be involved in a fatal crash compared to their licensed counterparts; and

Whereas, According to the same report, in 2011 unlicensed drivers caused 5,444 fatalities and injured 1,493 individuals nationwide; and

Whereas, To ensure road safety and accountability, New York State's Department of Motor Vehicles should provide qualified undocumented immigrants with driver's licenses regardless of their immigration status; and

Whereas, To date, eleven states allow undocumented immigrants to obtain drivers licenses, including New Mexico, Utah, Oregon, Nevada, Illinois, Washington, Maryland, Vermont, Colorado, Connecticut, and California; and

Whereas, As for New York, despite the introduction of several pieces of legislation in the New York State Legislature and the wide support of such legislation from several New York City advocacy groups, including Make the Road New York, none have been enacted; and

Whereas, Passing a bill that grants driver's licenses to qualified undocumented immigrants is in the best interest of all New Yorkers because immigrants wanting to drive legally will have to pass written and practical driver's exams, register their vehicles, and obtain automobile insurance; and

Whereas, Allowing undocumented immigrants to obtain driver's licenses will improve public safety by ensuring that everyone driving has been properly educated and tested and is operating a registered, inspected, and insured vehicle; and

Whereas, Allowing undocumented immigrants the opportunity to obtain a driver's license will mean increased revenue for the State from license and registration fees and may lead to lower auto insurance premiums for all New Yorkers; and

Whereas, Immigrants with drivers licenses will more easily integrate into their communities which is beneficial to all New Yorkers; now, therefore, be it,

Resolved, That the Council of the City of New York calls upon the New York State Legislature to pass to pass legislation which would allow undocumented immigrants to obtain a driver's license regardless of their immigration status.

Resolution calling upon the New York State Legislature to pass, and the Governor to sign, legislation that would give New York City control over its own speed camera program.

By Council Members Vacca, Levine, Van Bramer, Chin, Cohen, Ferreras, Lander, Reynoso, Torres, Rosenthal and Mendez.

Whereas, In 2013, 286 people, including 168 pedestrians, were killed in traffic crashes in New York City, according to New York City Police Department (NYPD) data; and

Whereas, In 2013, "unsafe speed" was cited as a contributing factor in over 3,000 collisions that resulted in injuries or fatalities in the City, also according to NYPD data; and

Whereas, Many studies have concluded that the chances of a pedestrian surviving a motor vehicle collision decrease dramatically as the speed of the vehicle increases; and

Whereas, One such study by the United Kingdom Transportation Department determined that while a pedestrian has a 45 percent chance of dying if struck by a

vehicle traveling at 30 miles per hour, the chance of death drops to 5 percent if the vehicle is traveling at 20 miles per hour; and

Whereas, Slower speeds also decrease stopping distance, giving drivers a better chance to take action to prevent collisions from occurring in the first place; and

Whereas, According to Mayor de Blasio's Vision Zero Action Plan ("Action Plan"), since 1988, New York City's 190 red light cameras have issued over 4 million violations, and intersections where red light cameras were installed saw a 20 percent decline in all injuries, a 31 percent decrease in pedestrian injuries, and a 25 percent decrease in serious injuries in the three years after installation; and

Whereas, According to the Action Plan, evidence exists that the red light cameras have deterred dangerous driving behavior, as the number of violations issued by the cameras declined by 22% from 2010 to 2011; and

Whereas, In Washington D.C., at intersections where speed cameras are in use the number of crashes and injuries has gone down by 20%, according to the Action Plan; and

Whereas, In 2013, the State Legislature passed, and the Governor signed, legislation authorizing New York City to implement a demonstration program in which it can use cameras to automatically enforce speeding laws at no more than 20 locations near schools for five years; and

Whereas, In the interest of safety, the City should be able to control the number and placement of speed cameras within its borders as it sees fit; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to pass, and the Governor to sign, legislation that would give New York City control over its own speed camera program.

A Local Law to amend the New York city charter and the administrative code of the city of New York, in relation to community impact reports for city-subsidized economic development projects.

Be it enacted by the Council as follows:

Section 1. Title 22 of the administrative code of the city of New York is amended by adding a new chapter 9 to read as follows:

*Chapter 9
Community Impact Reports
§22-901. Definitions
§22-902. Community Impact Reports*

§22-901. Definitions. a. For the purposes of this chapter, the following terms shall have the following meanings:

"Department" shall mean the department of small business services.

"City economic development entity" shall mean a not-for-profit corporation of which a majority of its members are appointed by the mayor and that is under contract with the department to provide or administer economic development benefits on behalf of the city and expend city capital appropriations in connection therewith.

"Economic development benefit" shall mean the sale or lease of city-owned land or the provision or administration of financial assistance by the city economic development entity to a person or entity for the purpose of job creation, retention, growth or other economic development project. Economic development benefit shall not include: (i) the sale or lease of city-owned property or the provision of financial assistance in connection with contracts or other agreements for the provision of social services;

(ii) as-of-right assistance, tax abatements or benefits, such as those under the Industrial and Commercial Abatement Program, the J-51 Program, and other similar programs;

(iii) projects for affordable housing where such affordable housing units shall be affordable to individuals earning less than 120% of area median income and where any market rate housing units created within such project comprise no more than thirty percent of all units created within such project; and

(iv) projects that include less than 25,000 square feet of gross commercial space;

"Economic development project" shall mean a project undertaken by a person or entity which receives an economic development benefit for such project.

"Financial assistance" shall mean the provision of more than one hundred fifty thousand dollars in cash payments or grants, bond financing, tax abatements or exemptions (including, but not limited to, abatements or exemptions from real property, mortgage recording, sales and use taxes, or the difference between any payments in lieu of taxes and the amount of real property or other taxes that would have been due if the property were not exempted from the payment of such taxes), tax increment financing, filing fee waivers, energy cost reductions, environmental remediation costs, write-downs in the market value of building, land, or leases, or the cost of capital improvements undertaken for the benefit of a project subject to a

project agreement. Financial assistance shall include only discretionary assistance that is negotiated or awarded by the city or by a city economic development entity, and shall not include as-of-right assistance, tax abatements or benefits, such as those under the Industrial and Commercial Abatement Program, the J-51 Program, and other similar programs. Any tax abatement, credit, reduction or exemption that is given to all persons who meet criteria set forth in the state or local legislation authorizing such tax abatement, credit, reduction or exemption shall be deemed to be as-of-right (or non-discretionary); further, the fact that any such tax abatement, credit, reduction or exemption is limited solely by the availability of funds to applicants on a first come, first served or other non-discretionary basis set forth in such state or local law shall not render such abatement, credit, reduction or exemption discretionary. Where assistance takes the form of leasing city property at below-market lease rates, the value of the assistance shall be determined based on the total difference between the lease rate and a fair market lease rate over the duration of the lease. Where assistance takes the form of loans or bond financing, the value of the assistance shall be determined based on the difference between the financing cost to a borrower and the cost to a similar borrower who does not receive financial assistance from the city or a city economic development entity.

§22-902. Community Impact Reports. For each economic development project, the department shall prepare or cause to be prepared a community impact report which shall describe and assess certain economic and social data related to the proposed economic development project and the community in which it will be located along with the following:

Res. No. 118

Resolution calling upon the New York State Legislature to pass, and the Governor to sign, legislation that would give New York City control over its own red light camera program.

By Council Members Van Bramer, Chin, Cohen, Lander, Reynoso, Torres, Vallone, Rosenthal and Mendez.

Whereas, In 2013, 286 people, including 168 pedestrians, were killed in traffic crashes in New York City, according to New York City Police Department data; and

Whereas, According to Mayor de Blasio's Vision Zero Action Plan ("Action Plan"), since 1988, New York City's red light cameras have issued over 4 million violations, and intersections where red light cameras were installed saw a 20 percent decline in all injuries, a 31 percent decrease in pedestrian injuries, and a 25 percent decrease in serious injuries in the three years after installation; and

Whereas, According to the Action Plan, evidence exists that the red light cameras have deterred dangerous driving behavior, as the number of violations issued by the cameras declined by 22% from 2010 to 2011; and

Whereas, Current State law only allows the City to operate red light cameras at 150 intersections at any one time; and

Whereas, The authorization for the City's red light program will expire on December 1, 2014 unless State law is amended; and

Whereas, In the interest of safety, the City should be able to control the number and placement of red light cameras within its borders as it sees fit; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to pass, and the Governor to sign, legislation that would give New York City control over its own red light camera program.

§ 3-505 Street numbers. *a.* Requirements. The owner, agent, lessee or other person in charge of any building in the city upon a street to which street numbers of buildings have been assigned by the president of the borough in which such building is situated, shall cause the proper street number or numbers of such buildings to be displayed in such manner that the street number or numbers may at all times be plainly legible from the sidewalk in front of such building. Int. No. 182

By Council Members Williams, Chin, Koo, Levine, Torres and Mendez.

A Local Law to amend the administrative code of the city of New York in relation to requiring law enforcement officers to identify themselves to the public.

Be it enacted by the Council as follows:

Section 1. Declaration of Legislative Intent and Findings. The City Council finds that the people of the City of New York are in great debt to the hard work and dedication of police officers in their daily duties. The Council further finds that mistrust of law enforcement officers based on real or perceived discrimination hinders law enforcement efforts and is a threat to public safety. New York City Police Department policy already requires that officers wear shields and nameplates at all times while in uniform, and that they provide their rank, name, shield number and command when asked. In adopting this law, it is the intent of the City Council to increase transparency in police practices and to build trust between police officers and members of the public by providing the public with notice of the reasons behind their encounters with the police, and a written record of their interactions with the police in situations that do not result in an arrest or summons.

§ 2. Title 14-101 of the Administrative Code of the City of New York is hereby amended to read as follows:

§ 14-101. Definitions. As used in this title the following words shall have the following meanings:

a. "Commissioner" shall mean the commissioner of the police department of the city.

b. "Department" shall mean the police department of the city.

c. "Law Enforcement Activity" shall mean any of the following activities when conducted by law enforcement officers:

1. *noncustodial questioning of individuals;*

2. *pedestrian stops;*

3. *frisks;*

4. *searches of individuals' persons, property, or possessions (including vehicles);*

5. *traffic stops;*

6. *roadblock or checkpoint stops;*

7. *home searches; and*

8. *contact with potential victims of and witnesses to crimes.*

d. "Noncustodial questioning" shall mean both the routine, investigatory questioning of individuals and the questioning of suspects where such individuals or suspects have not been detained and are free to end the encounter at will.

§ 3. Title 14 of the Administrative Code of the City of New York is hereby amended to add a new section 14-154 to read as follows:

§14-154. *Identification of Law Enforcement Officers.*

a. *Upon initiation of law enforcement activity, law enforcement officers, as defined in section 14-151(a)(2) of the Administrative Code of the City of New York, shall*

1. *Identify themselves to the subject(s) of the law enforcement activity by providing their full name, rank and command; and*

2. *Provide the specific reason for the law enforcement activity.*

3. *At the conclusion of law enforcement activity that does not result in an arrest or summons, the subject(s) of the law enforcement activity shall be provided with the law enforcement officer's business card, which shall include, at a minimum:*

a. *the name, rank, and command of the officer; and*

b. *a phone number for the Civilian Complaint Review Board that the subject of the law enforcement activity may use to submit comments or complaints about the encounter.*

4. *Subsections (1)-(3) shall not apply where a law enforcement officer is not in uniform and identification of the officer would compromise the immediate safety of the public or law enforcement officers or would seriously compromise a specific, ongoing law enforcement investigation.*

§ 4. Severability. If any provision of this bill or any other provision of this local law, or any amendments thereto, shall be held invalid or ineffective in whole or in part or inapplicable to any person or situation, such holding shall not affect, impair or

invalidate any portion of or the remainder of this local law, and all other provisions thereof shall nevertheless be separately and fully effective and the application of any such provision to other persons or situations shall not be affected.

§ 5. This local law shall take effect ninety days after its enactment into law.

Res. No. 119

Resolution calling on the New York State legislature to pass and the Governor to sign A.3525-A/S.3835-A, which would require the labeling of food or food products that contain genetically modified material or were produced using genetically modified material.

By Council Members Williams, Maisel, Kallos, Espinal and Mendez.

Whereas, Thanks to advances in biotechnology, scientists are now able to alter the genetic composition of plants and animals using genes from one species to create desirable traits in another; and

Whereas, This sort of genetic engineering has been used, for example, to create herbicide resistant crops; and

Whereas, For example, the United States Food and Drug Administration (“FDA”) is currently considering approving the sale of a genetically modified salmon for human consumption; and

Whereas, Opponents of genetically modified food production believe that this form of biotechnology has not been adequately tested and could have adverse health and environmental effects; and

Whereas, According to the Center for Food Safety, “more than 88 percent of U.S. corn is genetically modified; as are 93 percent of soybeans and 94 percent of cotton;” and

Whereas, The Center for Food Safety also reports that approximately three-quarters of processed foods commonly found in supermarkets contain genetically modified material; and

Whereas, In 1992, the FDA issued a policy statement declaring that foods containing genetically modified material are not required to be labeled as such as long as they are not materially different from their organic counterparts (i.e., the foods look, taste and smell the same); and

Whereas, Sixty-four countries, including the entire European Union, Japan, Australia, Russia and China require food containing genetically modified material to be labeled as such; and

Whereas, According to a 2011 MSNBC online poll, 96 percent of people surveyed believe that foods with genetically modified material should be labeled; and

Whereas, If passed, A.3525-A/S.3835-A, sponsored by Assembly Member Linda B. Rosenthal and Senator Kenneth P. LaValle, would address this public concern by requiring genetically modified foods and foods made using genetically modified materials to be labeled as such; and

Whereas, Under A.3525-A/S.3835-A, processed food containing less than nine-tenths of one percent of genetically modified materials would not need to provide such labeling, nor would the law apply to animals that ingest any genetically modified food or drugs, prepared food intended for immediate consumption, alcoholic beverages, medical food, food lawfully certified as “organic,” processed food produced with the genetically engineered processing aids and enzymes, and food unintentionally produced with genetically modified material materials; and

Whereas, Failure to comply with the labeling requirements mandated by A.3525-A/S.3835-A could result in a misdemeanor charge; and

Whereas, Greater disclosure is a necessary ingredient for effective consumer protection; now, therefore, be it

Resolved, That the Council of the City of New York calls on the New York State legislature to pass and the Governor to sign A.3525-A/S.3835-A, which would require the labeling of food or food products that contain genetically modified material or were produced using genetically modified material.

Res. No. 120

Resolution calling upon the Mayor to direct the New York City Department of Health and Mental Hygiene and the New York City Human Resources Administration/Department of Social Services to develop and implement a comprehensive interdisciplinary response to gun violence.

By Council Members Williams, Chin, Johnson, Levine, Torres, Rosenthal and Mendez.

Whereas, According to the Brady Center to Prevent Gun Violence, on average, 32 Americans were murdered with guns every day and 140 were treated for gun assault in an emergency room on average from 2008 to 2011; and

Whereas, In New York City in particular, 57 percent of all murders in 2012 were attributed to gun violence; and

Whereas, Moreover, there were nearly 1,374 shooting incidents, where a person was injured either fatally or non-fatally, in New York City in 2012; and

Whereas, David Hemenway, Professor of Health Policy at the Harvard School of Public Health and the Director of Harvard's Injury Control Research Center and Youth Prevention Center, has stated that the mission of public health is the attainment of positive physical, mental and social well-being; and

Whereas, Recent research conducted by urbanologist Richard Florida suggests that while stringent gun control laws reduce gun violence, these laws do not address poverty, which is a major indicator of high gun violence rates; and

Whereas, In New York City, gun violence is a problem that disproportionately impacts certain neighborhoods and populations; and

Whereas, For example, approximately half of all shooting incidents in 2012 occurred in only 10 of the City's 76 police precincts; and

Whereas, These precincts are located in the City's most economically distressed communities; and

Whereas, There is a direct correlation between social economic status and health outcomes; and

Whereas, Infant mortality, obesity and diabetes are disproportionately high in the precincts where the highest concentration of shooting incidents in 2012 occurred; and

Whereas, In 2010, gunshot wounds and deaths, along with court proceedings and hospitalizations paid for by government health programs, cost American tax payers at least \$12 billion, according to the Detroit Free Press; and

Whereas, It is therefore necessary for the City of New York to undertake a comprehensive gun violence prevention plan in order to reduce, the physical, mental and emotional cost of gun violence, as well as the cost of caring for victims of gun violence which is often passed on to tax payers; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the Mayor to direct the New York City Department of Health and Mental Hygiene and the New York City Human Resources Administration/Department of Social Services to develop and implement a comprehensive interdisciplinary response to gun violence.

Res. No. 121

Resolution recognizing every June as Gun Violence Awareness Month in New York City.

By Council Members Williams, Chin, Constantinides, Dickens, Espinal, Gibson, Lander, Levine, Torres, Van Bramer, Rosenthal and Mendez.

Whereas, Gun violence is a national and local problem affecting many Americans and New Yorkers on a daily basis; and

Whereas, Numerous tragedies have occurred over the past few years demonstrating how serious of a problem gun violence can be; and

Whereas, Often national attention is drawn only to large scale tragedies, yet there are gun violence injuries occurring on a daily basis throughout many American cities; and

Whereas, In New York City in particular, 57% of all murders in 2012 were attributed to gun violence; and

Whereas, Moreover there were nearly 1,375 shooting incidents, where a person was injured either fatally or non-fatally, in New York City in 2012; and

Whereas, In New York City, gun violence is a problem that disproportionately impacts certain neighborhoods and populations; and

Whereas, For example, approximately half of all shooting incidents in 2012 occurred in only 10 of the City's 76 police precincts; and

Whereas, Additionally, 64 percent of the murder victims in New York City in 2012 were African American; and

Whereas, Of the African American males aged 16 to 21 who were murdered in 2012, 86% were killed by a gun; and

Whereas, It is therefore clear that gun violence is a plague on our communities which must be stopped;

Whereas, Furthermore, gun violence and the resulting injuries and murders typically increase substantially in the summer months; and

Whereas, In 2011, there was an almost 120% increase in shooting incidents when comparing the first quarter of that year to the third quarter of that year, which encompasses the months of July and August; and

Whereas, It is therefore necessary for the City of New York to join the efforts of New York State Senator Ruth Hassell-Thompson and New York State Assembly Member Karim Camara to continue to increase public awareness about guns and the

severity of their impact on our communities by recognizing every June as Gun Violence Awareness Month; and

Whereas, Recognition of the month of June as Gun Violence Awareness Month by local and state officials will increase efforts to protect all New Yorkers, especially those who are disproportionately affected by such violence, by furthering the dialogue with our local, state and federal partners to help examine the causes of gun violence and create meaningful solutions in an effort to prevent the violence from peaking again in the summer; now, therefore, be it

Resolved, That the Council of the City of New York recognizes every June as Gun Violence Awareness Month in New York City.

Res. No. 122

Resolution calling upon the State Legislature to pass and the Governor to sign into law S.6437/A.8574, also known as “Vivian’s Law,” which would make asking applicants about their criminal history on college admission forms illegal.

By Council Members Williams, Chin, King, Rosenthal and Mendez.

Whereas, Higher education is the gateway to upward mobility, improves employment outcomes, and provides tools that help people live healthier, more productive lives; and

Whereas, A college education is particularly important to those who are formerly involved in the criminal justice system; and

Whereas, The National Center for Education Statistics (NCES) reported that 78 percent of the prison population lacks postsecondary education, compared to 49 percent of the general population; and

Whereas, According to the Institute for Higher Education Policy, offering higher education to those currently and formerly incarcerated may be especially valuable in a society where postsecondary credentials are increasingly necessary to gain access to living-wage jobs; and

Whereas, Several studies have shown that higher education helps to reduce recidivism; and

Whereas, The Education from the Inside Out Coalition (The Coalition), for example, reported that while nationwide 43.3 percent of formerly incarcerated individuals are likely to return to prison within three years of release, the likelihood drops to 5.6 percent for Bachelor’s degree recipients and less than one percent for Master’s degree recipients; and

Whereas, The Coalition also indicated that access to higher education for the formerly incarcerated reduces the related costs of crime and imprisonment, and increases opportunities for employment after release; and

Whereas, In New York State, the recidivism rate within three years of release is approximately 40 percent, according to *The New York Times*, and as statistics show, higher education is a highly effective approach to reducing the number of individuals returning to prison; and

Whereas, Unfortunately, some formerly incarcerated individuals are being denied access to higher education due to their criminal background; and

Whereas, Due to the well-documented existence of racial and ethnic disparities in the criminal justice system in the United States, screening applicants for past criminal justice involvement can have a significant negative impact on applicants from communities of color, particularly blacks and Latinos; and

Whereas, A number of colleges and universities across the country, including the State University of New York (SUNY), are denying college admission to applicants who have a criminal history record, despite the fact that there is no empirical evidence to indicate that having a criminal record poses a risk to campus safety; and

Whereas, Since 1998, SUNY has maintained a system-wide policy of screening applicants for past felony convictions and referring to Article 23-A of the New York Correction Law (“Correction Law”) to determine whether or not such applicants should be admitted; and

Whereas, All SUNY campuses require applicants to check a box on the application indicating whether or not they have been convicted of a felony offense, which may deter applicants with such offenses from completing their applications; and

Whereas, Unlike SUNY, The City University of New York (CUNY) does not require self-disclosure of a criminal history record on the admissions application; and

Whereas, S.6437 by State Senator Montgomery, and A.8574 by Assembly Member Peoples-Stokes, also known as “Vivian’s Law,” is named for Vivian Nixon who experienced the devastating impact of criminal history screening in college admissions; and

Whereas, Vivian’s Law would amend the Correction Law by adding new provisions that explicitly prohibit colleges from asking about or considering applicants’ past arrests and/or convictions during the application and admission decision-making process; and

Whereas, Furthermore, a new provision would be added to the Executive Law to make it an unlawful discriminatory practice for colleges to ask about or consider

prior criminal justice involvement during the application and admission decision-making process; and

Whereas, The passage of this bill would remove barriers to higher education to those with a criminal past and enable them to become fully integrated into society, as well as to become gainfully employed taxpayers who contribute the State and local economy; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the State Legislature to pass and the Governor to sign into law S.6437/A.8574, also known as “Vivian’s Law,” which would make asking applicants about their criminal history on college admission forms illegal.

In addition, every owner of a dump truck or other vehicle shall be liable for a civil penalty of not less than one thousand [five] *seven* hundred *fifty* dollars nor more than [ten] *four* thousand *five hundred* dollars for the first offense and not less than [five] *three* thousand dollars nor more than [twenty] *ten* thousand dollars *and the forfeiture penalties set forth in paragraph 2 of subdivision e of this section* for each subsequent offense of unlawful dumping described in subdivision a of this section by any person using or operating the same, in the business of such owner or otherwise, with the permission, express or implied, of such owner.

(2) Any owner, owner-operator or operator who is found in violation of this section in a proceeding before the environmental control board and who shall fail to pay the civil penalty imposed by such environmental control board shall be subject to the suspension of his or her driver's license, privilege to operate or vehicle registration or renewal thereof imposed pursuant to section twelve hundred twenty-a of the vehicle and traffic law, in addition to any other civil and criminal fines and penalties set forth in this section.

§ 2. Paragraph 2 of subdivision e of section 16-119 of the administrative code of the city of New York is amended to read as follows:

(2) In addition to any other penalties provided in this section, the interest of an owner as defined in subdivision c of this section in any vehicle impounded pursuant to paragraph (1) of this subdivision shall be subject to forfeiture upon notice and judicial determination thereof if such owner (i) has been convicted of or found liable for a violation of this section in a civil or criminal proceeding or in a proceeding before the environmental control board [three] *two* or more times, [all] *both* of which violations were committed within an eighteen month period or (ii) has been convicted of or found liable for a violation of this section in a civil or criminal proceeding or in a proceeding before the environmental control board if the material unlawfully dumped is a material identified as a hazardous waste or an acute hazardous waste in regulations promulgated pursuant to section 27-0903 of the environmental conservation law.

§ 3. This local law shall take effect one hundred eighty days after enactment.

Referred to the Committee on Sanitation and Solid Waste Management.

Res. No. 123

Resolution calling on the New York State Assembly and Senate to pass, and the Governor to sign a State budget which does not bar the City of New York from using State reimbursements for rental subsidy programs for the homeless.

By Council Members Wills, Levin, Gibson, Palma, Deutsch, Cohen and Menchaca.

Whereas, The total population of New York City's Department of Homeless Services (DHS) shelter system has risen over the past ten years from 38,468 in February 2004 according to the Coalition for the Homeless, to 52,261, according to the latest data available from DHS; and

Whereas, Over half of the current DHS shelter population are members of families with children; and

Whereas, The average length of stay in a shelter increased by 11 percent for families with children, and by 13 percent for adult families in 2013; and

Whereas, The percentage of individuals who return to a shelter within one year of leaving also increased for individuals, and families with and without children in 2013; and

Whereas, Beginning in 2007, many homeless families were able to leave the shelter system with the help of Advantage, New York City's rental subsidy program, which was partially funded by allocations from the New York State budget; and

Whereas, However, in 2011, the New York State Legislature and Governor placed restrictions on how the City could allocate State funding for rental subsidy programs in an effort to cut costs; and

Whereas, In light of these restrictions, the City ended the Advantage program, removing one of the most effective options families had for leaving the shelter system; and

Whereas, With the end of Advantage, the shelter population increased dramatically, rising by over 10,000 individuals between January 2011 and January 2013, according to the Coalition for the Homeless; and

Whereas, A spokesperson for Mayor Bill deBlasio recently called the reintroduction of some form of rental subsidy "a priority for the mayor," according to the Wall Street Journal; and

Whereas, With the State Assembly and Senate set to pass a new budget in the coming weeks, there is an opportunity to reinstate funding for a rental subsidy program in New York City; and

Whereas, The State budget bill, which allocates State aid to localities, currently bars cities with populations over five million, like New York City, from paying for rental assistance subsidies with State funding unless said subsidies are explicitly aimed at preventing eviction; and

Whereas, As Advantage was aimed not at eviction prevention, but at assisting families in shelter to leave the shelter system, State funding cannot currently be used to support Advantage or a similar program; and

Whereas, Denying the City flexibility in how it allocates State funding for rental assistance to homeless families prevents families from leaving the shelter system and contributes to New York City's homelessness crisis; now, therefore, be it

Resolved, That the Council of the City of New York calls on the New York State Assembly and Senate to pass, and the Governor to sign a State budget which does not bar the City of New York from using State reimbursements for rental subsidy programs for the homeless.
