§ 2. The vehicle and traffic law is amended by adding a new section 1180-c to read as follows:

§ 1180-c. Owner liability for failure of operator to comply with certain posted maximum speed limits. (a) 1. Notwithstanding any other provision of law, the counties of Nassau and Suffolk are hereby authorized to establish a demonstration program imposing monetary liability on the owner of a vehicle for failure of an operator thereof to comply with posted maximum speed limits in a school speed zone within the counties (i) when a school speed limit is in effect as provided in paragraphs one and two of subdivision (c) of section eleven hundred eighty of this article or (ii) when other speed limits are in effect as provided in subdivision (b), (d), (f) or (g) of section eleven hundred eighty of this article during the following times: (A) on school days during school hours and one hour before and one hour after the school day, and (B) a period during student activities at the school and up to thirty minutes immediately before and up to thirty minutes immediately after such student activities. Such demonstration program shall empower the counties to install photo speed violation monitoring systems within no more than one school speed zone per school district within each county at any one time and to operate such systems

within such zones (iii) when a school speed limit is in effect as provided in paragraphs one and two of subdivision (c) of section eleven hundred eighty of this article or (iv) when other speed limits are in effect as provided in subdivision (b), (d), (f) or (g) of section eleven hundred eighty of this article during the following times: (A) on school days during school hours and one hour before and one hour after the school day, and (B) a period during student activities at the school and up to thirty minutes immediately before and up to thirty minutes immediately after such student activities. In selecting a school speed zone in which to install and operate a photo speed violation monitoring system, the counties shall consider criteria including, but not limited to the speed data, crash history, and the roadway geometry applicable to such school speed zone.

2. No photo speed violation monitoring system shall be used in a school speed zone unless (i) on the day it is to be used it has successfully passed a self-test of its functions; and (ii) it has undergone an annual calibration check performed pursuant to paragraph four of this subdivision. The counties may install signs giving notice that a photo speed violation monitoring system is in use to be mounted on advance warning signs notifying motor vehicle operators of such upcoming school speed zone and/or on speed limit signs applicable within such school speed zone, in conformance with standards established in the MUTCD.

3. Operators of photo speed violation monitoring systems shall have completed training in the procedures for setting up, testing, and operating such systems. Each such operator shall complete and sign a daily set-up log for each such system that he or she operates that (i) states the date and time when, and the location where, the system was set up that day, and (ii) states that such operator successfully performed, and the system passed, the self-tests of such system before producing a recorded image that day. The counties shall retain each such daily log until the later of the date on which the photo speed violation monitoring system to which it applies has been permanently removed from use or the final resolution of all cases involving notices of liability issued based on photographs, microphotographs, video or other recorded images produced by such system.

4. Each photo speed violation monitoring system shall undergo an annual calibration check performed by an independent calibration laboratory which shall issue a signed certificate of calibration. The counties shall keep each such annual certificate of calibration on file until the final resolution of all cases involving a notice of liability issued during such year which were based on photographs, microphotographs, videotape or other recorded images produced by such photo speed violation monitoring system.

5. (i) Such demonstration program shall utilize necessary technologies to ensure, to the extent practicable, that photographs, microphotographs, videotape or other recorded images produced by such photo speed violation monitoring systems shall not include images that identify the driver, the passengers, or the contents of the vehicle. Provided, however, that no notice of liability issued pursuant to this section shall be dismissed solely because such a photograph, microphotograph, videotape or other recorded image allows for the identification of the driver, the passengers, or the contents of vehicles where either county, as applicable, shows that it made reasonable efforts to comply with the provisions of this paragraph in such case.

(ii) Photographs, microphotographs, videotape or any other recorded image from a photo speed violation monitoring system shall be for the exclusive use of each such county for the purpose of the adjudication of liability imposed pursuant to this section and of the owner receiving a notice of liability pursuant to this section, and shall be destroyed by each such county upon the final resolution of the notice of liability to which such photographs, microphotographs, videotape or other recorded images relate, or one year following the date of issuance of such notice of liability, whichever is later. Notwithstanding the provisions of any other law, rule or regulation to the contrary, photographs, microphotographs, videotape or any other recorded image from a photo speed violation monitoring system shall not be open to the public, nor subject to civil or criminal process or discovery, nor used by any court or administrative or adjudicatory body in any action or proceeding therein except that which is necessary for the adjudication of a notice of liability issued pursuant to this section, and no public entity or employee, officer or agent thereof shall disclose such information, except that such photographs, microphotographs, videotape or any other recorded images from such systems:

(A) shall be available for inspection and copying and use by the motor vehicle owner and operator for so long as such photographs, microphotographs, videotape or other recorded images are required to be maintained or are maintained by such public entity, employee, officer or agent; and

(B) (1) shall be furnished when described in a search warrant issued by a court authorized to issue such a search warrant pursuant to article six hundred ninety of the criminal procedure law or a federal court authorized to issue such a search warrant under federal law, where such search warrant states that there is reasonable cause to believe such information constitutes evidence of, or tends to demonstrate that, a misdemeanor or felony offense was committed in this state or another state, or that a particular person participated in the commission of a misdemeanor or felony offense in this state or another state, provided, however, that if such offense was against the laws of another state, the court shall only issue a warrant if the conduct comprising such offense would, if

occurring in this state, constitute a misdemeanor or felony against the laws of this state; and

(2) shall be furnished in response to a subpoena duces tecum signed by a judge of competent jurisdiction and issued pursuant to article six hundred ten of the criminal procedure law or a judge or magistrate of a federal court authorized to issue such a subpoena duces tecum under federal law, where the judge finds and the subpoena states that there is reasonable cause to believe such information is relevant and material to the prosecution, or the defense, or the investigation by an authorized law enforcement official, of the alleged commission of a misdemeanor or felony in this state or another state, provided, however, that if such offense was against the laws of another state, such judge or magistrate shall only issue such subpoena if the conduct comprising such offense would, if occurring in this state, constitute a misdemeanor or felony in this state; and

(3) may, if lawfully obtained pursuant to this clause and clause (A) of this subparagraph and otherwise admissible, be used in such criminal action or proceeding.

(b) If the counties of Nassau and Suffolk establish a demonstration program pursuant to subdivision (a) of this section, the owner of a vehicle shall be liable for a penalty imposed pursuant to this section if such vehicle was used or operated with the permission of the owner, express or implied, within a school speed zone in violation of subdivision (c) of section eleven hundred eighty of this article or during the times authorized pursuant to subdivision (a) of this section in violation of subdivision (b), (d), (f) or (g) of section eleven hundred eighty of this article, such vehicle was traveling at a speed of more than ten miles per hour above the posted speed limit in effect within such school speed zone, and such violation is evidenced by information obtained from a photo speed violation monitoring system; provided however that no owner of a vehicle shall be liable for a penalty imposed pursuant to this section where the operator of such vehicle has been convicted of the underlying violation of subdivision (b), (c), (d), (f) or (g) of section eleven hundred eighty of this article.

(c) For purposes of this section, the following terms shall have the following meanings:

1. "manual on uniform traffic control devices" or "MUTCD" shall mean the manual and specifications for a uniform system of traffic control devices maintained by the commissioner of transportation pursuant to section sixteen hundred eighty of this chapter;

2. "owner" shall have the meaning provided in article two-B of this chapter.

3. "photo speed violation monitoring system" shall mean a vehicle sensor installed to work in conjunction with a speed measuring device which automatically produces two or more photographs, two or more microphotographs, a videotape or other recorded images of each vehicle at the time it is used or operated in a school speed zone in violation of subdivision (b), (c), (d), (f) or (g) of section eleven hundred eighty of this article in accordance with the provisions of this section; and

4. "school speed zone" shall mean a distance not to exceed one thousand three hundred twenty feet on a highway passing a school building, entrance or exit of a school abutting on the highway.

(d) A certificate, sworn to or affirmed by a technician employed by the counties of Nassau or Suffolk as applicable, or a facsimile thereof, based upon inspection of photographs, microphotographs, videotape or other recorded images produced by a photo speed violation monitoring system, shall be prima facie evidence of the facts contained therein. Any photographs, microphotographs, videotape or other recorded images evidencing such a violation shall include at least two date and time stamped images of the rear of the motor vehicle that include the same stationary object near the motor vehicle and shall be available for inspection reasonably in advance of and at any proceeding to adjudicate the liability for such violation pursuant to this section.

(e) An owner liable for a violation of subdivision (b), (c), (d), (f) or (g) of section eleven hundred eighty of this article pursuant to a demonstration program established pursuant to this section shall be liable for monetary penalties in accordance with a schedule of fines and penalties to be promulgated by the traffic and parking violations agencies of the counties of Nassau and Suffolk. The liability of the owner pursuant to this section shall not exceed fifty dollars for each violation; provided, however, that each such traffic and parking violations agency may provide for an additional penalty not in excess of twenty-five dollars for each violation for the failure to respond to a notice of liability within the prescribed time period.

(f) An imposition of liability under the demonstration program established pursuant to this section shall not be deemed a conviction as an operator and shall not be made part of the operating record of the person upon whom such liability is imposed nor shall it be used for insurance purposes in the provision of motor vehicle insurance coverage.

(g) 1. A notice of liability shall be sent by first class mail to each person alleged to be liable as an owner for a violation of subdivision (b), (c), (d), (f) or (g) of section eleven hundred eighty of this article pursuant to this section,

within fourteen business days if such owner is a resident of this state and within forty-five business days if such owner is a non-resident. Personal delivery on the owner shall not be required. A manual or automatic record of mailing prepared in the ordinary course of business shall be prima facie evidence of the facts contained therein.

2. A notice of liability shall contain the name and address of the person alleged to be liable as an owner for a violation of subdivision (b), (c), (d), (f) or (g) of section eleven hundred eighty of this article pursuant to this section, the registration number of the vehicle involved in such violation, the location where such violation took place, the date and time of such violation, the identification number of the camera which recorded the violation or other document locator number, at least two date and time stamped images of the rear of the motor vehicle that include the same stationary object near the motor vehicle, and the certificate charging the liability.

3. The notice of liability shall contain information advising the person charged of the manner and the time in which he or she may contest the liability alleged in the notice. Such notice of liability shall also contain a prominent warning to advise the person charged that failure to contest in the manner and time provided shall be deemed an admission of liability and that a default judgment may be entered thereon.

4. The notice of liability shall be prepared and mailed by the county of Nassau or Suffolk, as applicable, or by any other entity authorized by such counties to prepare and mail such notice of liability.

(h) Adjudication of the liability imposed upon owners of this section shall be by the court having jurisdiction over traffic infractions.

(i) If an owner receives a notice of liability pursuant to this section for any time period during which the vehicle or the number plate or plates of such vehicle was reported to the police department as having been stolen, it shall be a valid defense to an allegation of liability for a violation of subdivision (b), (c), (d), (f) or (g) of section eleven hundred eighty of this article pursuant to this section that the vehicle or the number plate or plates of such vehicle had been reported to the police as stolen prior to the time the violation occurred and had not been recovered by such time. For purposes of asserting the defense provided by this subdivision, it shall be sufficient that a certified copy of the police report on the stolen vehicle or number plate or plates of such vehicle be sent by first class mail to the court having jurisdiction in such counties.

(j) An owner who is a lessor of a vehicle to which a notice of liability was issued pursuant to subdivision (g) of this section shall not be liable for the violation of subdivision (b), (c), (d), (f) or (g) of section eleven hundred eighty of this article, provided that he or she sends to the court having jurisdiction a copy of the rental, lease or other such contract document covering such vehicle on the date of the violation, with the name and address of the lessee clearly legible, within thirty-seven days after receiving notice from the court of the date and time of such violation, together with the other information contained in the original notice of liability. Failure to send such information within such thirty-seven day time period shall render the owner liable for the penalty prescribed by this section. **NEW YORK STATE ASSEMBLY
MEMORANDUM IN SUPPORT OF LEGISLATION
submitted in accordance with Assembly Rule III, Sec 1(f)**

BILL NUMBER: A9206

SPONSOR: Silver (MS)

TITLE OF BILL: An act to amend the vehicle and traffic law, the public officers law and the general municipal law, in relation to establishing in the counties of Nassau and Suffolk a demonstration program implementing speed violation monitoring systems in school speed zones by means of photo devices, and in relation to photo speed violation monitoring systems in school speed zones in the city of New York; and providing for the repeal of such provisions upon expiration thereof

PURPOSE OR GENERAL IDEA OF BILL:

To reduce incidents of speeding in school zones in order to better protect schoolchildren.

SUMMARY OF SPECIFIC PROVISIONS:

The bill would authorize the counties of Nassau and Suffolk to each establish a four-year pilot program to impose monetary liability on vehicle owners for the failure of vehicle operators to comply with maximum posted speed limits in school speed zones during school days and school activities. These counties would be authorized to use photo speed violation monitoring systems within one school speed zone per school district in the counties.

Additionally, the bill would expand the number of school speed zones in which the City of New York would be authorized to use speed cameras in its demonstration program by an additional 120, for a total of 140.

JUSTIFICATION:

The safety of schoolchildren around our schools is of paramount importance. In an effort to assess the effectiveness and impact in New York of automated enforcement systems on deterring drivers from speeding on streets where schools are located and thereby increase the safety of schoolchildren, the Legislature last year authorized the City of New York to implement a pilot program for the use of photo speed enforcement in up to twenty school zones. This bill would expand the size of this pilot program by expanding the number of school speed zones eligible for automated speed enforcement to a total of 140. The bill also would authorize the counties of Nassau and Suffolk to implement pilot programs for the use of photo speed violation monitoring systems in one school

speed zone per school district in each county (69 in Suffolk County and 56 in Nassau County). While there have been a variety of studies over the years on automated enforcement, the National Highway Traffic Safety Administration has found that only a few studies were "well-controlled." By authorizing a greater number of cameras in New York City as well as pilot programs in Nassau and Suffolk Counties, this bill is intended to provide New York-specific information on speed camera performance and to reduce incidents of speeding at locations targeted to protect some of our most vulnerable residents, our schoolchildren.

PRIOR LEGISLATIVE HISTORY:

New bill.

FISCAL IMPLICATIONS:

None to the State.

EFFECTIVE DATE:

30th day after enactment, to expire and be deemed repealed four years after such date.

ANALYSIS:

Various provisions in the New York City Charter (the “Charter”) prescribe the actions that need to be taken as part of the annual budget submission process during a fiscal year. Such provisions also prescribe dates on which these actions must be taken.

Tomorrow, the Finance Committee and Full Council will vote on legislation that would extend the dates for various actions relating to the budget process for Fiscal 2015, including the date by which the Mayor must submit the proposed executive budget and budget message, the date by which the Council must conclude its hearings on the executive budget, the date by which the Mayor must submit its revenue estimate, the date for budget adoption, as well as other dates for related actions in the budget process.

The extended dates are noted below. Generally, most dates were pushed back approximately 12 days, the same length of the extension of time provided for the release of the executive budget.

	<u>Charter Date</u>	<u>Extended Date For FY 2015</u>
Mayor’s submission of proposed executive budget and budget message	not later than April 26	not later than May 8
Borough Presidents’ recommendations in response to Mayor’s executive budget	not later than May 6	not later than May 19
Report of the Independent Budget Office on the Mayor’s executive budget	not later than May 15	not later than May 23

Date by which if new expense budget is not adopted, the current expense budget and tax rate is deemed extended until such adoption	by June 5	by June 18
Date by which if new capital budget and program are not adopted, unutilized portion of capital appropriations are deemed reappropriated	by June 5	by June 18

Date subsequent to which if Council has not fixed tax rates, the Council shall fix the tax rates for ensuing fiscal year at percentages differing from the estimated rates, and property tax payments shall be paid at the estimated rates. In this event DOF must revise the assessment roll before January 1 st and send out an amended bill to reflect the tax rates fixed by the Council.	not later than June 5	not later than June 18

The legislation leaves intact the five days which the Mayor has to veto any increases or additions to the budget or any unit of appropriation or any change in any term and condition as adopted by the Council, as well as the ten day period which the Council has under law to override any such veto.

This legislation would take effect immediately.

Report for Res. No. 132-A

Report of the Committee on Finance in favor of approving, as amended, a Resolution concerning an amendment to the District Plan of the Downtown-Lower Manhattan Business Improvement District that provides for a change in the method of assessment upon which the district charge is based, and setting the date, time and place for the public hearing of the local law authorizing a change in the method of assessment upon which the district charge in the Downtown-Lower Manhattan Business Improvement District is based.

The Committee on Finance, to which the annexed amended resolution was referred on March 26, 2014 (Minutes, page 818), respectfully

REPORTS:

INTRODUCTION

Today, the Committee on Finance will consider Proposed 132-A, a resolution setting the date, time and place for the public hearing on an amendment to the District Plan of the Downtown-Lower Manhattan Business Improvement for April 29, 2014, in the City Council Committee Room, 2nd Floor, City Hall at 10:00 a.m.

ANALYSIS:

This Proposed Resolution is required by the existing law, Chapter 4 of Title 25 of the New York City Administrative Code, (the "BID Law"), which authorizes the City Council to establish Business Improvement Districts.

The main purpose of this Resolution is to set the public hearing date, time and place for the review of the local law which would amend the District Plan of the Downtown-Lower Manhattan Business Improvement District (the "Downtown-Lower Manhattan BID"). The hearing on the local law and the Downtown-Lower Manhattan BID plan, as amended, will be held on April 29, 2014, in the City Council Committee Room, 2nd Floor, City Hall at 10:00 a.m. before the Committee on Finance.

This Resolution also directs that all notices required under the BID Law be properly given by the Department of Business Services and the Downtown-Lower Manhattan District Management Association. The notice of the hearing will state the proposed change in the method of assessment upon which the district charge in the Downtown-Lower Manhattan Business Improvement District is based.

BID's, which are specifically established areas, use the City's property tax collection mechanism to approve a special tax assessment with which to fund additional services that would enhance such areas and improve local business. The additional services are normally in the areas of security, sanitation, physical/capital improvements (lighting, landscaping, sidewalks, etc.), seasonal activities (Christmas lighting) and related business services (marketing and advertising). The BID demarcates the areas in which services will be enhanced and also establishes the mechanism for the assessment needed to generate the required budget.

Plan Amendment

The Downtown Alliance BID seeks a District Plan Amendment to require the commercial portion of a mixed use property to be assessed at the commercial rate, rather than the residential rate of \$1. Currently, there are approximately 5,366 total properties (inclusive of all use types – commercial, residential, non-profit and government) that pay the \$15.78 million annually. It is notable that this amount is paid by 601 commercial properties. This amendment would affect approximately 87 tax lots, and the average amount that the property owners for these lots would pay is \$1,759.37. Six of those lots will be assessed between \$5,000 and \$18,000, which drives up the average. 49 of the 87 will be assessed \$1,000 or less.

This change would result in approximately \$120,000 additional assessment dollars to be spread about the properties impacted by the change (i.e. those mix-use buildings with commercial space that were previously not assessed).

(For text of the BID Plan, please refer to the Office of the City Clerk at 141 Worth Street, Executive Offices, 1st Floor, New York, N.Y. 10013)

Accordingly, this Committee recommends its adoption, as amended.

Report for Res. No. 133-A

Report of the Committee on Finance in favor of approving, as amended, a Resolution concerning an amendment to the District Plan of the Kings Highway Business Improvement District that authorizes additional services and modifies existing services for the district, and setting the date, time and place for the public hearing of the local law authorizing additional services and modifying existing services for the district.

The Committee on Finance, to which the annexed amended resolution was referred on March 26, 2014 (Minutes, page 820), respectfully

REPORTS:

INTRODUCTION

Today, the Committee on Finance will consider Proposed 133A, a resolution setting the date, time and place for the public hearing on an amendment to the District Plan of the Kings Highway Business Improvement for April 29, 2014, in the City Council Committee Room, 2nd Floor, City Hall at 10:00 a.m.

ANALYSIS:

This Proposed Resolution is required by the existing law, Chapter 4 of Title 25 of the New York City Administrative Code, (the "BID Law"), which authorizes the City Council to establish Business Improvement Districts.

The main purpose of this Resolution is to set the public hearing date, time and place for the review of the local law which would amend the District Plan of the Kings Highway Business Improvement District (the "Kings Highway BID"). The hearing on the local law and the Kings Highway BID plan, as amended, will be held on April 29, 2014, in the City Council Committee Room, 2nd Floor, City Hall at 10:00 a.m. before the Committee on Finance.

This Resolution also directs that all notices required under the BID Law be properly given by the Department of Business Services and the Kings Highway District Management Association. The notice of the hearing will state the proposed change in the method of assessment upon which the district charge in the Kings Highway Business Improvement District is based.

BID's, which are specifically established areas, use the City's property tax collection mechanism to approve a special tax assessment with which to fund additional services that would enhance such areas and improve local business. The additional services are normally in the areas of security, sanitation, physical/capital improvements (lighting, landscaping, sidewalks, etc.), seasonal activities (Christmas lighting) and related business services (marketing and advertising). The BID demarcates the areas in which services will be enhanced and also establishes the mechanism for the assessment needed to generate the required budget.

Plan Amendment

In 2003, New York City changed the law to transfer responsibility for maintenance and repair of sidewalks from the City to property owners (pursuant to § 7-210 of the New York City 2003 Administrative Code). The Kings Highway BID proposes to amend its District Plan to delete provisions requiring the BIDs to maintain brick pavers along the sidewalk in these districts. The changes in the District Plan would have no impact on the property owners' obligations under current law; however, it would remove potential liability for the BIDs. In essence, since the 2003 law, the property owners are paying double in liability insurance in the maintenance of their sidewalks: first as property owners and second as BID members. Additional changes to service provisions in the District Plans are nominal.

(For text of the BID Plan, please refer to the Office of the City Clerk at 141 Worth Street, Executive Offices, 1st Floor, New York, N.Y. 10013)

Accordingly, this Committee recommends its adoption, as amended.

Report for Res. No. 134-A

Report of the Committee on Finance in favor of approving, as amended, a Resolution concerning an amendment to the District Plan of the Church Avenue Business Improvement District that authorizes additional services and modifies existing services for the district, and setting the date, time and place for the public hearing of the local law authorizing additional services and modifying existing services for the district.

The Committee on Finance, to which the annexed amended resolution was referred on March 26, 2014 (Minutes, page 821), respectfully

REPORTS:

INTRODUCTION

Today, the Committee on Finance will consider Proposed 134A, a resolution setting the date, time and place for the public hearing on an amendment to the District Plan of the Church Avenue Business Improvement for April 29, 2014, in the City Council Committee Room, 2nd Floor, City Hall at 10:00 a.m.

ANALYSIS:

This Proposed Resolution is required by the existing law, Chapter 4 of Title 25 of the New York City Administrative Code, (the "BID Law"), which authorizes the City Council to establish Business Improvement Districts.

The main purpose of this Resolution is to set the public hearing date, time and place for the review of the local law which would amend the District Plan of the Church Avenue Business Improvement District (the "Church Avenue BID"). The hearing on the local law and the Church Avenue BID plan, as amended, will be held on April 29, 2014, in the City Council Committee Room, 2nd Floor, City Hall at 10:00 a.m. before the Committee on Finance.

This Resolution also directs that all notices required under the BID Law be properly given by the Department of Business Services and the Church Avenue District Management Association. The notice of the hearing will state the proposed change in the method of assessment upon which the district charge in the Church Avenue Business Improvement District is based.

BID's, which are specifically established areas, use the City's property tax collection mechanism to approve a special tax assessment with which to fund additional services that would enhance such areas and improve local business. The additional services are normally in the areas of security, sanitation, physical/capital improvements (lighting, landscaping, sidewalks, etc.), seasonal activities (Christmas lighting) and related business services (marketing and advertising). The BID demarcates the areas in which services will be enhanced and also establishes the mechanism for the assessment needed to generate the required budget.

Plan Amendment

In 2003, New York City changed the law to transfer responsibility for maintenance and repair of sidewalks from the City to property owners (pursuant to § 7-210 of the New York City 2003 Administrative Code). The Church Avenue BID proposes to amend its District Plan to delete provisions requiring the BIDs to maintain brick pavers along the sidewalk in these districts. The changes in the District Plan would have no impact on the property owners' obligations under current law; however, it would remove potential liability for the BIDs. In essence, since the 2003 law, the property owners are paying double in liability insurance in the maintenance of their sidewalks: first as property owners and second as BID members. Additional changes to service provisions in the District Plans are nominal.

(For text of the BID Plan, please refer to the Office of the City Clerk at 141 Worth Street, Executive Offices, 1st Floor, New York, N.Y. 10013)

Accordingly, this Committee recommends its adoption, as amended.

On motion of the Speaker (Council Member Mark-Viverito), and adopted, the foregoing matter was coupled as a General Order for the day (see ROLL CALL ON GENERAL ORDERS FOR THE DAY).

At this point the Speaker (Council Member Mark-Viverito) announced that the following items had been **preconsidered** by the Committee on Finance and had been favorably reported for adoption.

Report for M-41

Report of the Committee on Finance in favor of approving a Communication from the Office of Management & Budget in regard to transferring City funds between various agencies in Fiscal Year 2014 to implement changes to the City's expense budget, pursuant to Section 107(b) of the New York City Charter (MN-2).

The Committee on Finance, to which the annexed resolution was referred on April 10, 2014, respectfully

REPORTS:

Introduction. At a meeting of the Committee on Finance of the City Council of the City of New York (the "City Council") on April 10, 2014 the Committee on Finance received a communication, dated April 7, 2013 from the Office of Management and Budget of the Mayor of The City of New York (the "Mayor"), of a proposed request to modify units of appropriation and transfer city funds between various agencies in the amount of \$1,494,527,564 in the Fiscal Year 2014 expense

budget as adopted by the Council on June 26, 2013, pursuant to Section 107(b) of the Charter of the City of New York (the "Charter").

Analysis. The Council annually adopts the City's budget covering expenditures other than for capital projects (the "expense budget") pursuant to Section 254 of the Charter. On June 26, 2013, the Council adopted the expense budget for Fiscal Year 2014, (the "Fiscal 2014 Expense Budget"). This Modification implements expense budget changes which were reflected in the City's November 2013 and February 2014 Financial Plan, and reallocates appropriations that were reflected in the FY 2014 Adopted Budget to fund City Council local initiatives as well as other discretionary programs. The net effect of this Modification is zero.

It is important to note that the Finance Committee will also vote on a Revenue Budget Modification (MN-3) that would recognize new revenue and increase the City's Fiscal 2014 Budget by \$1.964 billion, of which \$1.6 billion would go into to Budget Stabilization Account to prepay Fiscal 2015 expenses in June, and \$336 million would go into the General Reserve, bringing the balance to \$786 million, prior to the reduction of \$635.1 million reflected in MN-2.

The changes included in MN-2 are those current year new needs, PEG restorations, and other adjustments presented in the November 2013 update of the Financial Plan and the February 2014 Plan update. MN-2 would make changes to the budgets of 54 city agencies (See Attached document).

Significant changes included in MN-2 include the following:

1. Debt Service Savings of \$501.8 million are recognized. The savings derive from an over estimation of interest rates in the Adopted budget, the inclusion of short term borrowing in the Adopted budget and some bond refinancing. One of the places low interest rates had the most impact was with the City's variable rate debt. As the name suggests this part of the City's debt service isn't fixed but changes from week to week based on short term interest rates. The City saved about \$196 million on various kinds of variable rate debt. Not having to do short term borrowing saved another \$75 million.
2. The General Reserve is reduced by \$635.1 million. This adjustment combined with the debt services savings allow the increase in the Retiree Health Benefits Trust Fund (RHBT) described in #3.
3. \$1 billion is added to the RHBT for post-employment health insurance. The Adopted Budget and November Plans projected a \$1 billion decrease in the balance of the RHBT; with this increase the RHBT will be able to pay for health insurance without reducing the fund's balance and this \$1 billion will be available to pay for retiree health insurance in the future.
4. \$7 million is added to the Board of Elections for costs associated with the June 2014 federal primary.
5. In the Department of Education the DOE Medicaid revenue estimate is reduced by \$67 million, the HIP rate is adjusted downward by \$20.8 million, projected fringe benefits spending is re-estimated downward by \$40 million, the special education pre-Kindergarten budget is reduced by \$65.4 million in State Aid and by \$30 million in tax-levy to match lower than projected spending, and the budget for Contract schools drops by \$43 million. The budget for central administration increased by \$40 million, school OTPS funding goes up by \$25 million, and special education instructional supports increases by \$48 million.
6. The Police Department's tax-levy budget rises by \$59 million with the addition of \$52.5 million to replace the New York City Housing Authority's final FY 2014 payment for police services and \$4.7 million to boost headcount in the emergency call center.
7. \$48 million is added to the Fire Department to adjust the baseline budget for firefighters and the Voluntary Hospital Dispatch Fee PEG of \$4.4 million is reversed.
8. \$12.5 million is added to the Department of Finance to reimburse the vendor Paylock for Marshal and Sherriff fees related to the City's booting program.
9. \$35 million is added to Sanitation for snow removal and \$12 million is added for collection of organic waste. Saving of \$56.9 million is recognized in waste disposal.
10. A transfer of \$7 million from the DOE to the Department of Youth and Community Development is made to pay for an expansion of Out-of-School-Time programs this year.
11. Probation's budget is reduced by \$727,317. This results from a \$911,422 lease savings, and addition of \$201,123 for security and cleaning costs for a NEON center and technical adjustments.
12. \$15.4 million is transferred from the Miscellaneous Budget to Law Department for major cases requiring outside counsel.

13. \$42.3 million is added to the Department for Homeless Services, changes include:

a. **Withdrawal of Shared Living for Families with Children Proposal.** Included in the modification is a restoration of \$9.1 million for the previous Administration's shared living with families with children proposal. In Fiscal 2012, DHS proposed savings by converting existing one-family shelter units into units that would house two to three families depending upon the size and configuration of the unit. However, in order to implement this policy, Local Law 18 of 1990, section 21-124 would have to be amended, and it was not.

b. **Shelter Security.** Included in the modification is \$5 million in funding for shelter security in family and adult family shelters in the current year. In November and December of 2013, the agency welcomed two new classes of Peace Officers, aimed at promoting security at DHS facilities as part of the agency's efforts to increase shelter security.

c. **Restoration for Adult Shelter Diversion.** Included in the modification is a restoration of \$2.7 million for an adult shelter diversion PEG. Prior to this Administration, DHS would redirect single adults who do not report to their assigned shelters for 30 days or longer, back to the intake center for diversion services, resulting savings from reductions in the number of care days for approximately 200 clients.

d. **Adult Shelter Re-estimate.** As a result of increases in the adult shelter census population, this modification includes an increase of \$8.83 million for adult shelter capacity. The adult homeless population census averaged 10,180 in January 2014.

e. **Restoration of Adult Employment Initiative.** Included in the modification is a restoration of \$4.4 million for DHS' temporary, subsidized employment PEG. Under the previous Administration, DHS projected savings generated by a reduction in the number of shelter care days for between 150 to 500 single adult shelter residents with the implementation of its temporary subsidized employment services.

f. **Restoration of Reimbursement for Shelter Medical Services.** Included in the modification is a restoration of a PEG for \$800,000 for medical services in adult shelter.

g. **Family Shelter Re-estimate.** To accommodate the growing homeless family population, an additional \$6.8 million for family shelters expenses are included in this modification.

h. **Auburn and Catherine Street Security and Conversion.** A total of \$1.25 million is included in the modification for security guards and staffing costs for 75 positions at the Auburn and Catherine Street Family Shelters.

i. **Restoration of Shelter Provider Administrative and Security Savings.** Included in the modification is a PEG restoration of \$1.1 million for a DHS initiative aimed at to reducing contracted shelter providers' security budgets. Under this Administration, DHS is changing course, restoring security reduction and expanding funding.

j. **Delayed Implementation of City Owned Shelter Reorganization.** The modification restores \$990,000 for the delay in implementing the reorganization of City-owned shelters. In Fiscal 2013, the Department anticipated savings as a result of its maximization of revenue from claim reimbursements from the restructuring the City-owned former PATH facility for new shelter services.

k. **Restoration of Emergency Assistance Revenue Increase.** Included in the modification is a restoration of \$1.3 million for a DHS initiative at maximizing State reimbursement for Street Homeless Programs.

14. Cash Assistance Re-estimate in HRA. Included in the modification is a \$32 million re-estimate of Cash Assistance grant funding, which had been based on higher caseload projections than at the time of adoption. Savings are based on the caseload remaining at the current average of 350,297 individuals.

15. HHS Accelerator. Originally launched in March 2013, the HHS Accelerator System is a web-based system maintained by the City of New York for use by human services providers and City agencies in order to manage procurement and financial activities. Participating City agencies include ACS, DFTA, DOC, DOHMH, DHS, DOP, SBS, DYCD, HPD, HRA and CJC. Designed to eliminate a burdensome and duplicative paper process, it is intended to make the procurement and contracting process more efficient for City agencies and human service organizations, mostly

nonprofits. There are several staffing funding shifts included in the modification, with a net increase to HRA of \$170,861.

Procedure. If the Mayor wishes to transfer part or all of any unit of appropriation to another unit of appropriation from one agency to another; or when a transfer from one unit of appropriation to the another, and such transfer results in any unit of appropriation being increased or decreased by the greater of five percent or \$50,000, section 107(b) of the Charter requires that the Mayor must first notify the Council of the proposed action. Within 30 days after the first stated meeting of the Council following receipt of such notice, the Council may disapprove such proposed action. If the Council fails to approve or disapprove such proposed action within such 30-day period, the proposed action becomes effective and the Mayor has the authority to make such transfer.

Description of Above-captioned Resolution. In the above-captioned resolution, the Council would approve the Modification pursuant to Section 107(b) of the Charter. Such resolution would take effect as of the date of adoption.

JULISSA FERRERAS, Chairperson; YDANIS A. RODRIGUEZ, JAMES VAN BRAMER, VANESSA L. GIBSON, ROBERT E. CORNEGY, Jr., LAURIE A. CUMBO, COREY D. JOHNSON, MARK LEVINE, I. DANEEK MILLER, HELEN K. ROSENTHAL, VINCENT M. IGNIZIO; Committee on Finance, April 10, 2014.

On motion of the Speaker (Council Member Mark-Viverito), and adopted, the foregoing matter was coupled as a General Order for the day (see ROLL CALL ON GENERAL ORDERS FOR THE DAY).

At this point the Speaker (Council Member Mark-Viverito) announced that the following items had been **preconsidered** by the Committee on Finance and had been favorably reported for adoption.

Report for M-42

Report of the Committee on Finance in favor of approving a Communication from the Office of Management & Budget pursuant to Section 107(e) of the New York City Charter, appropriating new revenues of \$1.964 billion in fiscal year 2014 (MN-3).

The Committee on Finance, to which the annexed resolution was referred on April 10, 2014, respectfully

REPORTS:

Introduction. At the meeting of the Committee on Finance of the City Council on April 10, 2014, the Council received a communication, from the Office of Management and Budget of the Mayor, dated April 7, 2014, of a proposed request to modify, pursuant to Section 107(e) of the Charter of the City of New York, the Fiscal 2014 Expense Budget, and the revenue estimate related thereto prepared by the Mayor as of June 26th, 2013.

Analysis. The Council annually adopts the City's budget covering expenditures pursuant to Section 254 of the Charter. On June 26, 2013, the Council adopted the expense budget for fiscal year 2014 (the "Fiscal 2014 Expense Budget"). On June 26, 2013, the Mayor submitted to the Council a revenue estimate related to the Fiscal 2014 Expense Budget. On October 9, 2013, the Council adopted MN-1 modifying the Fiscal 2014 Expense Budget. Circumstances have changed since the Council last amended the Fiscal 2014 Expense Budget.

Section 107(e) provides one mechanism for the Mayor and the Council to amend the expense budget and related revenue estimate to reflect changes in circumstances that occur after adoption of a budget. Section 107(e) permits the modification of the budget in order to create new units of appropriation, to appropriate new revenues from any source other than categorical federal, state and private funding or to use previously unappropriated funds received from any source.

Discussion of Above-captioned Resolution. The above-captioned resolution would authorize the modifications to the Fiscal 2014 Expense Budget and related revenue estimate requested in the Communication.

This modification (MN-3) seeks to increase revenues in the net amount of \$1.964 billion from the Fiscal 2014 Adopted budget. This represents an increase in City funds of approximately 3.9 percent.

MN-3 is the first revenue modification of Fiscal 2014 and it incorporates changes from the November and February plans. Its size and composition were within rounding errors of the Finance Division's expectations based on those plans.

The preponderate share of the additional revenue came from taxes, amounting to \$1.417 billion. The personal income tax garnered \$494 million in additional collections than projected at Adoption, as payroll employment and the stock exchange showed exceptional growth. Real estate taxes took in \$211 million more than initially projected, as tax delinquencies fell sharply in the past year. Real property transfers were \$323 million over Adoption, driven by several high value transactions towards the end of calendar year 2013 and accelerating pace in home sales. The mortgage recording tax brought in \$227 million above Adoption, also benefiting from increasing real estate transactions.

Miscellaneous revenues contributed \$546 million in the revenue modification. Included in miscellaneous revenues were \$233 million from the sale of City-owned property, chiefly around the Civic Center. Also included were stronger than expected revenue from the sale of taxi medallions, contributing \$64 million.

Today's revenue modification, MN-3, will add \$1.628 billion to the Budget Stabilization Account (BSA). The February Plan proposes to use this amount together with the \$142 million already in the BSA since Adoption, a total of \$1.770 billion for prepayment for Fiscal 2015.¹ Another \$336 million of the additional revenue will be added to the General Reserve, which when added to the \$450 million already in the Reserve since Adoption, brings the balance to \$786 million. The expense budget modification, MN-2, will in turn transfer out \$635 million, leaving \$150 million in the General Reserve.

The resolution would also direct the City Clerk to forward a certified copy thereof to the Mayor and the Comptroller so that the Mayor, the Comptroller and the City Clerk may certify the Fiscal 2014 Expense Budget as amended thereby as the budget for the remainder of the fiscal year. The above-captioned resolution would take effect as of the date adopted.

¹ This modification does not make these prepayments; it moves funds into the BSA which could be used to make such prepayments in a future budget modification.

(The following is the text of a Fiscal Impact Memo to the Finance Committee from the Finance Division of the New York City Council:)

TO: Honorable Melissa Mark-Viverito
Speaker

Honorable Julissa Ferreras Chair, Finance Committee

FROM: Raymond Majewski, Deputy Director/Chief Economist
Finance Division

DATE: April 10, 2014

SUBJECT: A Preconsidered Budget Modification (MN-3) for Fiscal 2014 that will appropriate \$1.964 billion in new revenues.

INITIATION: By letter dated April 7, 2014 the Director of the Office of Management and Budget submitted to the Council, pursuant to section 107(e) of the New York City Charter, a request to appropriate \$1.964 billion in new revenues. These revenues will be used to increase the budget stabilization account by \$1.628 billion and to increase the general reserve by \$336 million.

BACKGROUND: This modification (MN-3) seeks to recognize \$1,964 billion in new revenues reflecting the City's November and February financial plans. \$1.628 billion of these funds are added to the budget stabilization account, which will prepay debt service for fiscal year 2015. The remainder, \$336 million is added to the general reserve. An adjustment will be made to reduce the general reserve to \$150 million as reflected in the February Plan.

FISCAL IMPACT: This modification represents a net increase in the Fiscal 2014 budget of \$ 1.964 billion.

Accordingly, this Committee recommends its adoption.

(The following is the text of Res. No. 176:)

Res. No. 176

RESOLUTION APPROVING A MODIFICATION PURSUANT TO SECTION 107(E) OF THE CHARTER OF THE CITY OF NEW YORK.

By Council Member Ferreras.

Whereas, Section 107(e) of the Charter requires the City Council and the Mayor to follow the procedures and required approvals pursuant to Sections 254, 255, and 256 of the Charter, without regard to the dates specified therein, in the case of the proposed appropriation of any new revenues and the creation of new units of appropriation; and

Whereas, Section 107(e) of the Charter requires that any request by the Mayor respecting an amendment of the budget that involves an increase in the budget shall be accompanied by a statement of the source of current revenues or other identifiable and currently available funds required for the payment of such additional amounts, attached hereto as Exhibit B (together with the Request to Appropriate, the "Revenue Modification");

NOW, THEREFORE, the Council of the City of New York hereby resolves as follows:

Approval of Modification. The City Council hereby approves the Revenue Modification pursuant to Section 107(e) of the Charter.

Further Actions. TO THE CITY COUNCIL

Dear Council Members:

In accordance with Section 107(e) of the New York City Charter, I seek your approval to appropriate new revenues of \$1.964 billion in fiscal year 2014.

This modification (MN-3) will implement revenue budget changes reflected in the City's November and February Financial Plans. In addition, an adjustment to the General Reserve will be implemented to reduce the funding to \$150 million as reflected in the February Financial Plan.

Your approval of modification MN-3 is respectfully requested.

Sincerely,

Preconsidered M 47 & RES. NO. 177

**RESOLUTION APPROVING THE FISCAL YEAR 2015
OPERATING BUDGET OF THE COUNCIL OF
THE CITY OF NEW YORK**

Resolved, By the Council of the City of New York, pursuant to the provisions of section 243 of the New York City Charter, that the following amounts shall be submitted to the Mayor, for inclusion in the executive budget for the operating budget for the Council of the City of New York.

Summary:

Under the City Charter, the City Council is authorized to structure its own budget. This budget must be presented to the Mayor, for inclusion in the Executive Budget, after the Council approves it.

The Council's staff is described through divisions within three units of appropriation: Council Members and their aides, Committee Staffing, and Council Services. These and the standing committees each have a U/A for PS. OTPS is divided into two categories, one for members, one for central staff (see Appendix A) and one for each standing committee. A separate resolution approving the central staff's lump sum unit of appropriation is attached for Council approval pursuant to Section 100 (c) of the Charter.

Council Member office budgets are funded in U/A 001 object 021 (PS) and U/A 100 objects 400 and 414 (OTPS). Funds allocated for Member's budget total \$372,000.

A new division created in this budget called, "The Economic and Community Development Division"(ECD) provides comprehensive support and resources to help Council Members catalyze key projects that create affordable housing, commercial revitalization, high-road employment opportunities, quality public space, and other key community benefits. The division will work with Council Members to conceptualize, plan, negotiate, finance and implement quality projects, working closely with stakeholders and the community. The division will have staff experts in planning, development and financing to assist Council Members.

Report of the Committee on Housing and Buildings

Report for Int. No. 11-A

Report of the Committee on Housing and Buildings in favor of approving and adopting, as amended, a Local Law to amend the New York city building code, in relation to requiring carbon monoxide detectors in certain assembly spaces.

The Committee on Housing and Buildings, to which the annexed amended local law was referred on February 4, 2014 (Minutes, page 238), respectfully

REPORTS:

Introduction

On April 9, 2014, the Committee on Housing and Buildings, chaired by Council Member Jumaane D. Williams, will conduct a hearing on Proposed Int. No. 11-A, a

Local Law in relation to requiring carbon monoxide devices in certain assembly spaces.

The Committee previously considered this bill at a hearing held on March 17, 2014 and received testimony from the Department of Buildings (DOB), the Fire Department (FDNY), the Department of Health and Mental Hygiene (DOHMH), housing advocates, fire safety organizations, members of the real estate industry, restaurant associations, and other interested members of the public.

Background

“Carbon monoxide (CO) is a deadly, colorless, odorless, poisonous gas. It is produced by the incomplete burning of various fuels, including coal, wood, charcoal, oil, kerosene, propane, and natural gas. Products and equipment powered by internal combustion engines such as portable generators, cars, lawn mowers, and power washers also produce CO.”¹ According to the New York State Department of Health, CO exposure is the leading cause of death due to poisoning in the United States and each year approximately 200 people are hospitalized because of accidental CO poisoning.²

The City’s Building Code currently requires that certain types of spaces be equipped with CO detecting devices:

- In residential buildings, the following dwelling units must be equipped with CO detecting devices: (1) dwelling units located on the same floor as, or on a floor immediately above or below, CO-producing equipment³ or an enclosed parking area; (2) dwelling units in buildings that contain a CO-producing furnace, boiler, or water heater; or (3) dwelling units served by a CO-producing furnace, boiler, or water heater that is located within an adjacent building.⁴ Further, for buildings in occupancy group R-1 (e.g. hotels), the CO detecting device must send an alarm signal to a constantly attended location.⁵
- In buildings that contain spaces classified as occupancy group E (e.g. schools),⁶ I-2 (e.g. hospitals), and I-4 (e.g. day nurseries),⁷ CO detecting devices must be installed in (1) any occupied area that is on the same floor as, or on a floor immediately above or below, CO-producing equipment or an enclosing parking area and (2) any unoccupied area containing CO-producing equipment.⁸

The Council is concerned by recent incidents of CO poisoning occurring in locations where CO detecting devices are not currently required. For example, in November 2012, 35 adults and children were hospitalized with complaints of dizziness and nausea after attending a show at a local community center in Staten Island.⁹ The FDNY detected CO levels of approximately 300 parts per million at the center and noted that it considers “anything over 10 parts per million a danger.”¹⁰ In February 2014, a CO leak in the basement of a restaurant in a Long Island mall left one person dead and 27 hospitalized.¹¹ And this month, elevated CO levels at a Staten Island restaurant sent two people to the hospital.¹²

Proposed Int. No. 11-A

Proposed Int. No. 11-A would require that certain assembly spaces equipped with fire alarm systems also be equipped with CO detector systems.

Bill section one would make a technical edit to section 908.7 of the Building Code.

Bill section two would require that certain assembly spaces in new buildings be equipped with a CO detector system if the building containing such space is equipped with a fire alarm system.¹³ The bill would also require that assembly spaces in existing buildings equipped with fire alarm systems install CO detector systems upon replacement of the fire alarm systems. Installation and siting of the CO detectors would be in accordance with rules or standards adopted by DOB. The bill would apply to spaces classified in occupancy groups A-1, A-2 or A-3 and to

¹³ Buildings containing certain kinds of spaces are required to have fire alarm systems under section 907.2 of the Building Code. For example, buildings with assembly spaces that can accommodate more than 300 people (or more than 75 people if the space has a stage) are required to have fire alarm systems. Building Code § 907.2.1.

assembly spaces classified as Group B occupancies in accordance with exception one to section 303.1 of the Building Code.

Group A spaces are generally those that are used for “the gathering together of any number of persons for purposes such as civic, social or religious functions, recreation, food or drink consumption, awaiting transportation, or similar group activities; or when occupied by 75 persons or more for education or instructional purposes.”¹⁴ Group A-1 spaces usually have fixed seating and are generally used for “the production and viewing of the performing arts or motion pictures.”¹⁵ Group A-1 spaces include, but are not limited to, motion picture theaters, symphony and concert halls, television and radio studios with audiences, and theaters.¹⁶ Group A-2 spaces are those used for food or drink consumption and include, but are not limited to, banquet halls, cabarets, certain cafeterias, dance halls, night clubs, restaurants, taverns, and bars.¹⁷ Group A-3 spaces are those used for worship, recreation or amusement and include, but are not limited to, amusement arcades, art galleries, bowling alleys, cafeterias for children up to and including the 12th grade, classrooms and instructional rooms with 75 persons or more, community halls, courtrooms, certain custodial care facilities with 75 or more persons, dance studios, exhibition halls, funeral parlors, certain gyms, houses of worship, certain indoor swimming pools and tennis courts, lecture halls, museums, waiting areas in transportation terminals, pool and billiard parlors, and school auditoriums.¹⁸ Assembly spaces classified as Group B under exception one to section 303.1 of the Building Code include assembly spaces intended to serve fewer than 75 persons.

Bill section three contains the enactment clause and generally provides that this local law will take effect on October 1, 2014.

Amendments to Int. No. 11

The bill has been substantively amended in the following manner:

- A CO detector system would be required only for assembly spaces in buildings equipped with fire alarms rather than in all buildings with assembly spaces. And, existing buildings are only required to comply upon replacement of the fire alarm system.
- Installation and siting of CO detectors will now be governed by rules or standards to be adopted by DOB.
- Smaller assembly spaces (i.e. those classified in Group B) are now covered by the bill.

Update

On Wednesday, April 9, 2014, the Committee adopted this legislation. Accordingly, the Committee recommends its adoption.

Report of the Committee on State and Federal Legislation

At this point the Speaker (Council Member Mark-Viverito) announced that the following items had been **preconsidered** by the Committee on State and Federal Legislation and had been favorably reported for adoption.

Report for M-40

Report of the Committee on State and Federal Legislation in favor of approving a Communication from the Mayor - "AN ACT to amend the vehicle and traffic law, the public officers law and the general municipal law, in relation to establishing in the counties of Nassau and Suffolk a demonstration program implementing speed violation monitoring systems in school speed zones by means of photo devices, and in relation to photo speed violation monitoring systems in school speed zones in the city of New York; and providing for the repeal of such provisions upon expiration thereof" A.9206 / S.6918.

The Committee on State and Federal Legislation, to which the annexed communication was referred on April 10, 2014, respectfully

REPORTS:

(The following report refers to pending State legislation which requires a Home Rule Message for passage in the State Senate and State Assembly in Albany, N.Y. This Committee is to decide whether to recommend the adoption of this respective Mayor's Message by the Council. By adopting this item, the Council would be formally requesting the New York State Legislature to act favorably in this matter)

BACKGROUND

Last year the City of New York implemented a pilot program utilizing speed photo cameras in 20 school zones. This legislation seeks to increase the number of speed photo cameras in school zones within the City of New York. According to the Memorandum of Support (MIS), there have been a variety of studies on the effectiveness of automated speed restriction enforcement. The National Highway Traffic Safety Administration has found that only a few studies were "well-controlled". According to the MIS, a greater number of speed cameras in school zones in New York City, will provide New York specific information on speed camera performance and reduce incidents of speeding at locations targeted to protect some of the most vulnerable residents, school children.

PROPOSED LEGISLATION

This legislation would expand the number of school speed zones in the City of New York. The proposed legislation would authorize the City of New York to expand its demonstration program by an additional 120 speed cameras. This would result in a total of 140 speed cameras in schools zones within the City of New York.

Additionally, the bill would authorize the counties of Nassau and Suffolk to each establish a four year pilot program to impose monetary liability on drivers who do not comply with posted speed zones within school limits during school days and school activities. The legislation would authorize one speed camera within one school speed zone per one district.

TITLE: AN ACT to amend the vehicle and traffic law, the public officers law and the general municipal law, in relation to establishing in the counties of Nassau and Suffolk a demonstration program implementing speed violation monitoring systems in school speed zones by means of photo devices, and in relation to photo speed violation monitoring systems in school speed zones in the city of New York; and providing for the repeal of such provisions upon expiration thereof

SPONSOR:
Mayor's
Message

SUMMARY OF LEGISLATION: This legislation would amend the vehicle and traffic law, the public officers law and the general municipal law to increase, from 20 to 140, the number of school speed zones within the city where photo speed violation monitoring systems may be installed and operated; provides for the expiration of this authorization four years after the effective date.

EFFECTIVE DATE: This act shall take effect on the thirtieth day after it shall have become a law and shall expire four years after such effective date.

FISCAL YEAR IN WHICH FULL FISCAL IMPACT ANTICIPATED: FY 2016

FISCAL IMPACT STATEMENT:

	Effective FY14	FY Succeeding Effective FY15	Full Fiscal Impact FY16
Revenues (+)	\$0	\$9,500,000	\$22,800,000
Expenditures (-)	\$0	\$2,907,500	\$6,978,000
Net	\$0	\$6,592,500	\$15,822,000

IMPACT ON REVENUES: When fully implemented, it is estimated that the revenue impact of the 120 cameras added by this legislation, assuming 180 school days, would be approximately \$22.8 million. In Fiscal 2015, the anticipated fiscal impact on revenue is projected to be \$9.5 million or \$190,000 per camera per school year. This estimated is based on the assumption that the Department of Transportation will have the full use of 50 additional cameras for at least 180 school days in Fiscal 2015.

IMPACT ON EXPENDITURES: Costs to implement this legislation would include both operating costs and a one-time capital expenditure for the purchase and installation of the additional 120 new cameras. The one time capital cost would be approximately \$15.9 million or \$132,917 per camera. The annual operating costs for the additional cameras when fully implemented would be approximately \$7.0 million or \$58,150 per camera. In Fiscal 2015, assuming that 50 new cameras are fully operational the anticipated operating costs would be approximately \$2.9 million. These costs include contracts for the operation of the cameras as well as personal service costs associated with staff to operate the cameras.

RESOLUTIONS

Presented for voice-vote

The following are the respective Committee Reports for each of the Resolutions referred to the Council for a voice-vote pursuant to Rule 8.50 of the Council:

At this point the Speaker (Council Member Mark-Viverito) announced that the following items had been **preconsidered** by the Committee on General Welfare and had been favorably reported for adoption.

Report for voice-vote Res. No. 158

Report of the Committee on General Welfare in favor of approving a Resolution authorizing the Speaker to intervene, file an amicus brief, or join an amicus brief on behalf of the Council of the City of New York in any appeals in the litigations captioned *In re Bloomberg v. Liu and Neighborhood in the Nineties, Inc. v. City of New York* for the purpose of defending provisions of the New York City Administrative Code that limit the size of single-adult shelters to two hundred beds.

The Committee on General Welfare, to which the annexed resolution was referred on April 10, 2014, respectfully

REPORTS:

The Committee on General Welfare, chaired by Council Member Stephen Levin, will meet on Wednesday, April 9, 2014, to consider a Resolution authorizing the Speaker to intervene, file an amicus brief, or join an amicus brief on behalf of the Council of the City of New York in any appeals in the litigations captioned *In re Bloomberg v. Liu and Neighborhood in the Nineties, Inc. v. City of New York* for the purpose of defending provisions of the New York City Administrative Code that limit the size of single-adult shelters to two hundred beds.

Background

Pursuant to Local Law 57 of 1998, the Council enacted legislation prohibiting the Department of Homeless Services (DHS) from operating a shelter for adults with a census of more than 200 individuals. The law additionally provides that any shelter in operation as of June 1, 1988 with a census greater than 200 individuals may continue to shelter the number of persons specified on the operating certificate as of that date, so long as the shelter is in compliance with all applicable statutes, laws,

rules or regulations. The Council passed this law to ensure the health and safety of shelter residents.

In an Article 78 proceeding, Mayor Michael R. Bloomberg and DHS sought a preliminary injunction to compel the Comptroller John C. Liu to register two contracts between DHS and Aguila Inc., which operates shelters for homeless families. In a second, related case, a not-for-profit representing block associations, Neighborhood in the Nineties, Inc., moved to enjoin the Comptroller from registering the contract for one of the two shelters involved in the related litigation. Due to factual similarity, both cases were consolidated by the Supreme Court. Although the shelter in question is for adult families,¹ the Comptroller cited the 200 bed limit rule found in Admin. Code § 21-312(2)(b) as the reason for declining to register the contracts. In addition to other issues raised by the parties and addressed by the Court, the decision included the finding that New York State law preempted the 200 bed limit, specifically the regulation of adult-care facilities found in State Social Services Law § 460.² The Council does not agree that the Administrative Code §21-312(2)(b) is invalid, and additionally has an interest in defending its legality.

Preconsidered Res. No. 158 Analysis

The Resolution authorizes the Speaker to intervene, file an amicus brief, or join an amicus brief on behalf of the Council of the City of New York in any appeals in the litigations captioned *In re Bloomberg v. Liu and Neighborhood in the Nineties, Inc. v. City of New York* for the purpose of defending provisions of the New York City Administrative Code that limit the size of single-adult shelters to two hundred beds. The Resolution states that the Administrative Code §21-312(2)(b) limits the number of persons at a shelter for adults to no more than two hundred persons. The Resolution also states that the Supreme Court, New York County consolidated two proceedings due to similarity of facts; the litigation initiated by former Mayor Michael R. Bloomberg and DHS to compel former Comptroller John C. Liu to register two contracts between DHS and Aguila, Inc., an operator of shelters for homeless families, and the litigation initiated by Neighborhood in the Nineties, Inc., a not-for-profit community organization, to enjoin the Comptroller from registering the contract of one of the shelters operated by Aguila, Inc. The Resolution further explains that as part of its decision and order of the litigation, the Court struck down Administrative Code §21-312(2)(b) and held that “the regulation of adult-care facilities has been preempted by the State” and therefore “local laws such as Administrative Code section 21-312(2)(b) placing control on the operation of an adult shelter [are] illegal.” The Resolution asserts that the Council does not agree that Administrative Code §21-312(2)(b) is invalid, and additionally that the Council has an interest in defending the legality of Administrative Code §21-312(b) and the Council’s ability to enact laws related to the regulation of single adult shelters.

¹ Adult families are families in the DHS system without children.

² *Bloomberg v. Liu, Neighborhood in the Nineties, Inc. v. City of New York*, Index 401122/2013 (Sup. Ct., N.Y. Cnty. 2014), p.4.

Accordingly, this Committee recommends its adoption.

INTRODUCTION AND READING OF BILLS

Preconsidered Res. No. 158

Resolution authorizing the Speaker to intervene, file an amicus brief, or join an amicus brief on behalf of the Council of the City of New York in any appeals in the litigations captioned *In re Bloomberg v. Liu and Neighborhood in the Nineties, Inc. v. City of New York* for the purpose of defending provisions of the New York City Administrative Code that limit the size of single-adult shelters to two hundred beds.

By The Speaker (Council Member Mark-Viverito) and Council Members Chin, Dickens, Levine, Mealy, Mendez, Rose and Koo.

Whereas, In 1998, the Council of the City of New York (“Council”) passed Local Law 57, which, among other things, added what is now section 21-312(b) of the New York City Administrative Code; and

Whereas, Administrative Code §21-312(2)(b) limits the number of persons receiving shelter at a shelter for adults at no more than two hundred persons; and

Whereas, In an proceeding pursuant to Article 78 of the Civil Practice Law and Rules, Mayor Michael R. Bloomberg and the New York City Department of Homeless Services (“DHS”) moved to compel Comptroller John C. Liu to register two contracts between DHS and Aguila, Inc., an operator of shelters for homeless families; and

Whereas, In a related case Neighborhood in the Nineties, Inc., a not-for-profit community organization, moved to enjoin the Comptroller from registering the contract of one of the shelters operated by Aguila, Inc.; and

Whereas, The Supreme Court, New York County consolidated the cases solely for the purposes of the decisions on the respective motions due to the substantial similarity of facts in the two proceedings; and

Whereas, As part of its decision and order, the Court struck down Administrative Code §21-312(2)(b) and held that “the regulation of adult-care facilities has been preempted by the State” and therefore “local laws such as Administrative Code section 21-312(2)(b) placing control on the operation of an adult shelter [are] illegal”; and

Whereas, The Council does not agree that Administrative Code §21-312(2)(b) is invalid; and

Whereas, The Council has an interest in defending the legality of Administrative Code §21-312(b) and the Council’s ability to enact laws related to the regulation of single adult shelters; now, therefore, be it

Resolved, That the Council of the City of New York authorizes the Speaker to intervene, file an amicus brief, or join an amicus brief on behalf of the Council of the City of New York in any appeals in the litigations captioned *In re Bloomberg v Liu* and *Neighborhood in the Nineties, Inc. v City of New York* for the purpose of defending provisions of the New York City Administrative Code that limit the size of single-adult shelters to two hundred beds.

Adopted by the Council by voice-vote (preconsidered and approved by the Committee on General Welfare).

Res. No. 159

Resolution calling upon the United States Congress to pass, and the President of the United States to sign S.2182, the Suicide Prevention for American Veterans Act, legislation expanding and improving care provided to veterans and service members with mental health disorders or are at risk for suicide.

By Council Members Cabrera, Arroyo, Chin, Deutsch, Dickens, Eugene, Koo, Levine, Mendez, Richards, Rose, Williams, Gentile, Vallone and Ulrich.

Whereas, Members of the United States (U.S.) Armed Forces are often called upon to operate in stressful and life-threatening situations, which can result in the development of mental health issues; and

Whereas, According to the U.S. Department of Veterans Affairs (VA), an estimated 22 veterans die each day by suicide; and

Whereas, As the U.S. decreases its involvement in overseas conflicts and reduces the size of the active duty military, greater numbers of service members are transitioning back to civilian life; and

Whereas, Many of these returning service members, in addition to the 200,000 veterans that currently live in New York City, will be in need of mental health support designed to address the unique needs of veterans; and

Whereas, In March 2014, Senator John Walsh of Montana introduced S.2182, the Suicide Prevention for American Veterans Act, a bill designed to combat suicide among veterans; and

Whereas, The Suicide Prevention for American Veterans Act would improve access to care for veterans by extending the period during which veterans who experienced combat are eligible for care from five years to fifteen years; and

Whereas, The Act would assist veterans who may have been wrongfully discharged because of mental health issues by establishing a review process for such discharges; and

Whereas, The Act would increase the service capacity of the U.S. VA by offering student loan repayment to mental health care professionals that agree to long-term service commitments; and

Whereas, Under the Act, the U.S. VA and Department of Defense would be required to review their mental health care programs annually to ensure effectiveness, offer special training on identifying veterans that are at risk for suicide to their mental health providers, and to improve processes regarding medical records and prescriptions to ensure seamless care to transitioning service members; and

Whereas, Enhancing mental health care services provided by the federal government would better the lives and outcomes for thousands of returning service members and veterans living in New York City; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the United States Congress to pass, and the President of the United States to sign S.2182, the Suicide Prevention for American Veterans Act, legislation expanding and improving care provided to veterans and service members with mental health disorders or are at risk for suicide.

Int. No. 244

By Council Members Chin, Cabrera, Constantinides, Mendez, Rose, Rosenthal and Eugene.

A Local Law to amend the administrative code of the city of New York, in relation to controlling emissions from businesses located in mixed-use buildings that use chemicals.

Be it enacted by the Council as follows:

Section 1. Legislative findings and intent. The Council finds that the Building Code and Zoning Resolution of New York City authorize locating certain businesses that use hazardous substances with residential uses in mixed-use buildings. While this practice predates New York City's original Zoning Resolution that was adopted in 1916, in the ensuing years knowledge about the potential adverse impacts resulting from use of chemicals has increased exponentially but has not been reflected in changes to the Building Code, to demonstrate appreciation of the risks posed by chemical use when fugitive emissions from ground floor commercial facilities permeate into residences above these businesses. The migration of fugitive perchloroethylene ("perc") emissions from dry cleaners to attached residences was initially identified as a public health issue in the 1980s. In the 1990s the New York State Department of Health (DOH) conducted the first national major study on co-location of dry cleaner facilities. That study led to legislation regulating dry cleaners in residential buildings due to the health risks posed by fugitive emissions. The New York City Department of Environmental Protection promulgated rules requiring reduction of perchloroethylene releases and containment booths for dry cleaning facilities co-located in buildings with residential uses. The United States Environmental Protection Agency (EPA) also expressed concern about the co-location issue as it pertains to dry cleaners in the preamble to the 1993 perchloroethylene National Emission Standard for Hazardous Air Pollutants ("NESHAP") but deferred to state and local officials to address the issue in relevant building codes or zoning ordinances. Unfortunately, no state or local agency moved to eliminate co-location of facilities that use perchloroethylene in residential buildings in New York City. In the July 27, 2006 amendment of the NESHAP, the EPA took the issue out of local hands by essentially prohibiting co-location of drycleaners by December 21, 2020. The Final Rule for Perchloroethylene Air Emission Standards for Dry Cleaning Facilities notes that it "effectively prohibits new perchloroethylene machines in residential buildings" by requiring that owners or operators eliminate any emissions of perchloroethylene from dry cleaning systems that are installed after December 21, 2005. That regulation, promulgated pursuant to the amended NESHAP for perchloroethylene, includes a "sunset date" of December 21, 2020 for the use of perchloroethylene at any currently operating dry cleaning system located in a building with a residence. 71 Fed. Reg. 42724-42729 (July 27, 2006); 40 C.F.R. 63.32.

Section 116 of the Clean Air Act preserves state and local authority to set requirements that are more stringent than federal standards (i.e. the dry cleaning NESHAP) as long as they do not set requirements that are less stringent than federal requirements and which will be approved via State Implementation Plans or approved under section 112 of the Clean Air Act. Further, the NESHAP requires control of perchloroethylene emissions and implementation of good work practices for a dry cleaning facility but does not require or set any perchloroethylene limit for the residents of the apartments in those buildings. OSHA has guidance on worker

exposure and California has specific perchloroethylene limits for worker exposure. Recently, the New York City Department of Health and Mental Hygiene ("DOHMH") enacted a rule to address residential exposure in mixed use buildings that include a dry cleaner. The DOHMH rule may be the first one with perchloroethylene limits for children and residents who live in apartments above a dry cleaning facility, but it does not address the other facilities that use hazardous substances and are located in mixed use buildings.

The Council further finds that numerous other co-located commercial facilities present the potential for fugitive emissions of hazardous air pollutants to enter residences but have not been subject to regulation to reduce that public health risk. These businesses include printers, acrylic nail salons, furniture refinishers, metal platers, and photofinishing, shoe repair and auto body repair facilities. Finally, the Council finds that the New York State Legislature has recognized the public health threat that residential tenants face from sources of air pollution that result in indoor air contamination by passing the "Tenant Notification of Indoor Air Contamination" act requiring property owners to notify tenants of indoor air test results that exceed DOH Indoor Air Guidelines or United States Occupational Safety and Health Administration Guidelines for Indoor Air Quality.

Therefore the Council finds that it is important to eliminate public health risks to indoor air quality from fugitive emissions as a result of co-location of certain businesses that use hazardous substances in mixed-use buildings with residences.

§2. Chapter 1 of title 24 of the administrative code of the city of New York is amended by adding a new section 24-141.1 to read as follows:

§ 24-141.1 *Controlling emissions from businesses that use chemicals and are located in mixed-use buildings.*

(a) *For purposes of this section the following terms shall have the following meanings:*

(1) *"Business that uses chemicals" means any business that is located in a mixed-use building that uses a hazardous substance, an extremely hazardous substance or an acutely hazardous substance or whose operations use or generate hazardous air pollutants, with the exception of dry cleaners.*

(2) *"Department of health indoor air guidelines" means the indoor air quality residential guidelines generated by the New York state department of health as a result of the "Final New York State Department of Health CEH BEEI Soil Vapor Intrusion Guidance" and background databases, including Appendix "C" Volatile Organic Chemicals in Air and the summary of background databases referenced therein.*

(3) *"Hazardous air pollutant" means an air pollutant designated as a reportable hazardous air pollutant and listed in section 202-2.6 of title six of the official compilation of New York codes, rules and regulations.*

(4) *"Hazardous substance" means a listed hazardous substance pursuant to section 24-603 of this title, an extremely hazardous substance pursuant to section 41-03 of title fifteen of the rules of the city of New York, an acutely hazardous substance as defined in section 597.1 of title six of the official compilation of New York codes, rules and regulations or a mixture of substances which is toxic, flammable, combustible, corrosive, an irritant, a strong sensitizer, such as a significant allergen, or which generates pressure through decomposition, heat or other means, and which when used or handled in a customary manner or in a manner which may be reasonably anticipated is likely to cause injury or illness to individuals or the environment pursuant to section 173.01 of title twenty-four of the rules of the city of New York.*

(5) *"Mixed-use building" means any building occupied in part for residential use, with one or more nonresidential uses located on a story below the lowest story occupied entirely by such residential use and includes any business that uses hazardous substances and uses or generates hazardous air pollutants.*

(6) *"Occupational safety and health administration guidelines for indoor air quality" means the standards identified in the "Limits for Air Contaminants" set forth in table Z-1 of section 1910.1000 of title twenty-nine of the code of federal regulations, the "Enforcement Policy for Respiratory Hazards not covered by the OSHA Permissible Exposure Limits", and any other applicable guidelines, including permissible exposure limits subsequently promulgated to protect indoor air quality in the work place and eliminate respiratory hazards.*

b. *It shall be unlawful for any business that uses chemicals, to permit the escape of any fugitive emissions resulting from the operation of such business into any nonresidential indoor area or any residential area of a mixed use building in excess of department of health indoor air guidelines or the occupational safety and health administration guidelines for indoor air quality.*

c. *Any person may make a complaint to the department or to the department of health and mental hygiene that the operation of any business is in violation of subdivision b of this section and may request that the department or the department of health and mental hygiene undertake air sampling for those emissions of hazardous substances, metabolites of those substances or constituents such substances. Such complaint shall not be disclosed by the department or the department of health and mental hygiene except that such complaint may be disclosed to other governmental entities upon written permission of the complainant, or where required by law. Upon receipt of such a complaint the department or the department of health and mental hygiene shall investigate the allegations contained in the complaint and obtain air samples from any business complained of at a time likely to reflect usual operating activities and patterns.*

d. *The department or the department of health and mental hygiene shall accept air sampling results of an occupant's dwelling independently obtained by such occupant and either or both agencies may use such results as a basis for conducting an investigation.*

e. *Where indoor air sampling results, as a result of a complaint or an*

investigation commenced by the department or the department of health and mental hygiene, establishes that any business is in violation of subdivision b of this section, the department or the department of health and mental hygiene shall notify the residential occupant or the complainant and, in the case of a business, the owner or the on-site manager of the results of such tests, with the department and the department of health or mental hygiene.

f. Where indoor air sampling results establish that any business is in violation of subdivision b of this section the department shall develop, working jointly with the department of health and mental hygiene, a mitigation plan for each such business focused upon control strategies including, but not limited to, source control, improved ventilation, air cleaning and exposure control.

g. The department shall be responsible for assuring implementation and enforcement of the mitigation plan and shall have the authority to issue a notice of violation and a compliance order pursuant to subchapter nine of chapter one of this title in order to assure compliance. Failure to comply with an order issued by the department shall subject the business to such enforcement measures as are provided for in section 24-188 of this chapter and shall be subject to a civil penalty of five hundred dollars a day for each day for which there is a failure to comply with the mitigation plan.

h. A Local Law to amend the administrative code of the city of New York, in relation to elimination of permit and or filing fees for green building projects undertaken on one to four family homes.

Be it enacted by the Council as follows:

Section 1. Legislative findings and intent. The Council finds that our society needs energy sources to meet our demands that are sustainable, environmentally friendly, affordable, and that contribute to energy independence. Green building projects include the use of renewable energy and natural or recycled building materials. Renewable energy sources have the potential to meet our energy needs into the future without damaging air quality or adding to greenhouse gas emissions which exacerbate climate change. Solar energy, wind energy, geothermal energy and energy from biomass are desirable forms of energy because they are renewable, almost pollution free and would reduce greenhouse gas emissions. By contrast, our current energy consumption patterns leave us vulnerable to energy instability and climate change.

The Council further finds that green building or renovation projects can help small building owners meet some of their energy needs and building maintenance costs. Use of renewable energy is cleaner and cheaper, because there is no fuel cost, as well as more sustainable and it provides greater energy security. However existing Building Code provisions and policies make it unduly burdensome to undertake green building or renovation projects on one to four family homes. For example, the permit fee alone can be as much as ten percent of the project cost, which can be substantial for a small building owner. Therefore the Council finds that it is in the best interests of the City to remove this impediment to green building and construction projects so as to further incentivize installation of green building or renovation projects on one to four family homes.

§ 2. Section 28-101.5 of the administrative code of the city of New York, as added by local law number 33 for the year 2007, is amended by adding, in appropriate alphabetical order, a new definition of "GREEN BUILDING PROJECT" to read as follows:

GREEN BUILDING PROJECT. A building project or renovation undertaken on one to four family homes that, when implemented, will produce an increase in energy efficiency or water efficiency. This may include installation of renewable energy sources such as biomass, solar energy, geothermal ground source heat pumps or wind energy systems, and/or the use of natural building materials and passive designs but shall not include the use of coal, natural gas, oil or propane.

§ 3. Section 28-112.6.1 of the administrative code of the city of New York, as added by local law number 33 for the year 2007, is amended by adding a new exception 3 to read as follows:

3. No fee shall be required in connection with an application for a building permit for a green building project.

§ 4. This local law shall take effect ninety days from enactment and shall be applicable to any construction documents pending before the department of buildings on such effective date and the commissioner of buildings shall take such measures as are necessary for its implementation, including the promulgation of rules, prior to such effective date.

Res. No. 160

Resolution calling on the City of New York to equally distribute funding for the operating budgets of New York City's five District Attorney Offices over the next three fiscal years.

By Council Member Crowley.

Whereas, The City of New York is comprised of five counties that each elect a district attorney; and

Whereas, According to The New York City Independent Budget Office, each district attorney is responsible for investigating and prosecuting criminal conduct of

various sorts ranging from “street crimes” to sophisticated economic or so-called “white collar crimes”; and

Whereas, In addition to New York City’s five district attorneys, the Office of the Special Narcotics Prosecutor (“SNP”) is responsible for felony narcotics investigations and prosecutions in the five counties; and

Whereas, New York City’s district attorneys and the SNP are funded primarily with City tax levy appropriations via the City adopted budget; and

Whereas, New York City’s Fiscal Year 2014 adopted budget includes approximately 296 million dollars for personal and other than personal services for the City’s five district attorney offices and SNP; and

Whereas, The City appropriated 29 percent of the district attorney funds to New York County; 28 percent to Kings County; 18 percent to the Bronx County; 17 percent to Queens County; 3 percent to the Richmond County; and 6 percent to the SNP; and

Whereas, There are several factors that influence the workload undertaken by each of the City’s district attorney offices, such as the fluctuation of both felony and misdemeanor arrests and prosecutions; and

Whereas, Notwithstanding these factors, each county is its own entity and is entitled to the same amount of City funds to fight crime in their respective counties with SNP receiving the remainder of any funds allocated; and

Whereas, Additional revenue for district attorneys may also be generated from forfeiture of assets, which allows the government to seize property connected with criminal activity and restitution payments, which result from the prosecution of financial crimes; and

Whereas, This revenue is collected and distributed to a general fund and may be allocated to the district attorneys’ offices; and

Whereas, Currently, there is no requirement in City or State law that funding be allocated to district attorneys based on any type of formula involving quantitative factors; and

Whereas, The State should develop and impose a formula that takes into account a county’s population, reported crimes, arrest levels, and other quantitative measures in determining what additional funds should be allocated to each county from forfeiture of assets, restitution of payments, and any other available source; and

Whereas, New York City district attorney offices should have the appropriate funding to fight crime and help safeguard the public safety of all New Yorkers; now, therefore be it

Resolved, That the Council of the City of New York calls on the City of New York to equally distribute funding for the operating budgets of New York City’s five District Attorney Offices over the next three fiscal years.

A Local Law to amend the New York city charter, in relation to the collection of demographic data regarding numerous Asian Pacific American sub-demographic groups.

Be it enacted by the Council as follows:

Section 1. Legislative findings. The 2010 Census revealed that between 2000 and 2010, Asian Pacific Americans were the fastest growing community in New York City, growing by 30 percent to total 14 percent of the City’s total population. While Asian Pacific Americans are often treated as a homogeneous group, in fact, the City’s Asian Pacific American population is comprised of many different nationalities and ethnic groups that are geographically, culturally, politically, economically, and socially diverse. The various sub-demographic groups within the City’s Asian Pacific American community face different challenges and require different needs in seeking services from city agencies. Yet presently, there is a lack of particularized demographic data regarding these various sub-demographic groups. Specific, disaggregated demographic data is necessary in order for policymakers to accurately diagnose deficiencies and target solutions that address the concerns of all members of the City’s Asian Pacific American population.

§2. Section 15 of chapter 1 of the New York city charter is amended by adding a new subdivision f to read as follows:

f. 1. The office of operations shall ensure that any city agency that directly or by contract collects via form documents that are within the authority of any city agency to edit demographic information regarding the ancestry or ethnic origin of city residents seeking services shall include on any such form documents separate collection categories for each major Asian Pacific American group, including, but not limited to: Bangladeshi, Bhutanese, Burmese, Cambodian, Chinese, Filipino, Guamanian, Indian, Indonesian, Japanese, Korean, Malaysian, Native Hawaiian, Nepalese, Pacific Islander, Pakistani, Samoan, Sri Lankan, Taiwanese, Thai, Tibetan, and Vietnamese.

2. The office of operations shall ensure that any city agency that directly or by contract collects via form documents that are within the authority of any city agency to edit demographic information regarding the ancestry or ethnic origin of city

residents seeking services shall include on any such form documents separate spaces to identify country of origin and number of years in the United States.

3. The office of operations shall ensure that any city agency that directly or by contract collects via form documents that are within the authority of any city agency to edit demographic information regarding the ancestry or ethnic origin of city residents seeking services shall include on any such form documents separate collection categories for their primary language, which shall allow respondents to select from among, but not limited to, the top twenty most frequently spoken Asian languages (languages and dialects spoken in East Asia, South Asia, and Southeast Asia) as identified in the most recent United States census and shall include an open-ended option to identify an ‘other’ primary language.

4. Any such data collected by a city agency pursuant to the different collection categories described in subdivision one shall be available to the public on the internet in accordance with section 23-502 of the administrative code.

Res. No. 161

Resolution in support of A.7964A/S.5032A, which would require wireless telephone companies that offer shared or family plans to allow victims of domestic violence to be released from the account without penalty in instances of domestic violence.

By Council Members Espinal, Arroyo, Cabrera, Chin, Constantinides, Deutsch, Ferreras, Gibson, Koo, Levine, Mendez, Reynoso, Rose, Williams and Gentile.

Whereas, According to the New York State Office for the Prevention of Domestic Violence, one in four women will experience domestic violence in their lifetime; and

Whereas, In 2012, there were approximately 329,164 domestic violence and sexual assault hotline calls received in New York State and 304,239 orders of protection issued by New York State courts; and

Whereas, According to the Mayor's Office to Combat Domestic Violence, the New York City Police Department responded to 280,531 domestic violence incidents in 2013, averaging over 765 incidents per day; and

Whereas, The City's Domestic Violence Hotline advocates answered 99,719 calls, averaging approximately 270 calls per day; and

Whereas, In 2010, the State of New York extended a new protection to domestic violence victims through Chapter 327 of the laws of 2010; and

Whereas, Chapter 327 requires local exchange telephone companies or cable television companies to provide an anonymous listing or pseudonymous identification, without charge to customers with sufficient proof, such as an order of protection from their batterer, that they are victims of domestic violence; and

Whereas, Wireless telephone companies offer shared minute and family plan contracts to allow customers to save money by consolidating costs; and

Whereas, Early cancellations of such contracts may cost a fee depending on the wireless telephone provider; and

Whereas, A. 7964A, sponsored by New York State Assemblymember Nily Rozic, currently pending in the New York State Assembly, and companion bill S. 5032A, sponsored by New York State Senator Kevin S. Parker, currently pending in the New York State Senate, seek to allow victims with sufficient proof of domestic violence, who are under a shared minute and family plan contract with a wireless telephone company to cancel such contract without penalty; and

Whereas, A.7964A/S.5032A would provide an escape clause in shared minute and family plan contracts so that victims of domestic violence would not have to continue paying for services shared with their batterer; now, therefore, be it

Resolved, That the Council of the City of New York supports A.7964A/S.5032A, which would require wireless telephone companies that offer shared or family plans to allow victims of domestic violence to be released from the account without penalty in instances of domestic violence.

Res. No. 162

Resolution declaring the first Tuesday in May as World Asthma Day in New York City.

By Council Members Eugene, Cabrera, Gibson, Mendez and Rose.

Whereas, According to the United States Centers for Disease Control and Prevention (CDC), asthma is a disease that affects the lungs and may cause wheezing, chest tightness, coughing and breathlessness; and

Whereas, According to the American Lung Association, approximately 17 million Americans have asthma, including over 8.5 million children; and

Whereas, Each year, an estimated 1.81 million people with asthma require treatment in the emergency department with approximately 500,000 hospitalizations; and

Whereas, Children younger than 18 years of age account for almost half of the emergency department visits and more than a third of the hospitalizations due to asthma exacerbations; and

Whereas, Asthma is the leading chronic illness among children and accounts for 10.5 million lost school days annually in this country; and

Whereas, This disease disproportionately affects minorities, low-income populations and children living in inner cities; and

Whereas, Asthma can be controlled by adhering to a medical management plan and by avoiding contact with certain environmental triggers, including dust, mold, smoke, insects, and other chemicals; and

Whereas, According to the Department of Health and Mental Hygiene (DOHMH), approximately one million New Yorkers have been diagnosed with asthma at some point in their lifetime; and

Whereas, DOHMH recommends that patients and providers partner to create an asthma action plan and promote self-management, including education and the joint development of treatment goals; and

Whereas, DOHMH administers multiple programs to combat asthma including Open Airways For Schools, an educational curriculum for children diagnosed with asthma to help them control their own asthma more effectively resulting in reduced absences and hospital visits; and

Whereas, Due to the impact of asthma throughout the City and the country, many advocacy groups both nationally and internationally have emerged to reduce the negative impact of this disease; and

Whereas, The Global Initiative for Asthma (GINA) began in 1993, in collaboration with the National Heart, Lung, and Blood Institute, the United States National Institutes of Health and the World Health Organization, to partner with health care officials and professionals throughout the world to reduce asthma prevalence, morbidity and mortality; and

Whereas, Notably, GINA commemorates World Asthma Day, a day to raise awareness and advocate for ways in which asthma can be better treated and managed; and

Whereas, The year 2014 marks the 16th year anniversary for World Asthma Day and this year's theme is "You Can Control Your Asthma"; and

Whereas, Given the prevalence and impact of asthma, specifically on children, New York City should increase all public and private efforts to expand outreach and education to ensure that more individuals have an asthma management plan to help reduce the factors that trigger or contribute to asthma; now, therefore, be it

Resolved, That the Council of the City of New York declares the first Tuesday in May as World Asthma Day in New York City.

Resolution calling upon the borough presidents to adopt a series of best practices for recruitment and appointment to community boards.

By Council Members Kallos, Vacca, Levine, Dromm, Lander, Menchaca, Reynoso, Rodriguez, Rose, Torres and Koo.

Whereas, New York City's community boards are the most local form of government for city residents, and serve an essential role in our democracy by shaping neighborhood development and advising government on the needs and interests of the City's communities; and

Whereas, Chapter 70 Section 2800 of the New York City Charter stipulates that appointment to community boards is done by the borough presidents, with half of the appointments coming at the nomination of Council Members in proportion to their representation in that district; and

Whereas, Chapter 70 Section 2800 of the New York City Charter states that "the borough president shall assure adequate representation from the different geographic sections and neighborhoods within the community district. In making such appointments, the borough president shall consider whether the aggregate of appointments fairly represents all segments of the community;" and

Whereas, Four new borough presidents and twenty one new City Council Members, along with their previously elected colleagues, will be making 1,475 appointments to 59 community boards spanning all five boroughs between April 1st and May 30th 2014; and

Whereas, The Committee on Governmental Operations of the New York City Council held a hearing on March 3, 2014 on "Best Practices for Recruitment and Appointments to Community Boards," at which time the Committee received testimony from the New York City Comptroller, multiple borough presidents, and

community board members from all five boroughs, as well as good government groups and advocacy organizations; and

Whereas, The Committee Chair, Council Member Ben Kallos, recently issued a comprehensive “Policy Report: Improving Community Boards in New York City,” (“the Report”), outlining needed reforms to the City’s appointment process for community boards; and

Whereas, The Report calls for establishing citywide criteria and a uniform application for the recruitment and appointment of board members, with the aim of encouraging diversity of geography, education level, gender, race/ethnicity, age, and skill-sets, as well as appropriate representation of members residing in different types of housing, and from professions and backgrounds that are helpful to community boards; and

Whereas, The Report calls for requiring conflict of interest forms to be submitted by all members to ensure impartiality and transparency; and

Whereas, The Report calls for the creation of an “Independent Screening Panel,” modeled on the panel in place in Manhattan, to be implemented in all boroughs; and

Whereas, The Report calls for recruitment of new members through expanded public membership, public information sessions, press releases, email blasts, posters, websites, and social media, as well as television news and call-in shows, with special emphasis on targeted outreach to new residents in high growth areas; and

Whereas, The Report calls for providing the boards with up-to-date technology such as a centralized website providing information for all the boards in one location, as well as offering tools like interactive forums and maps, in addition to making applications available online; and

Whereas, The Report calls for ending automatic reappointment by requiring applications from those who have previously served with consideration given to attendance and participation; and

Whereas, The Report calls for the creation of a formal, standardized, and transparent process for filling community board positions and for mid-term vacancies to be filled by the borough presidents within 30 days; and

Whereas, The Report calls for requiring the borough presidents to issue an annual report detailing their outreach efforts, including whom they notified of the process, methods used, and the demographics of the community boards in comparison to the communities they serve; and

Whereas, The Report calls for phasing in term limits prospectively, limiting service to five (5) consecutive two (2) year terms, and establishing uniform term-lengths and limits for the position of chairperson and the committee chairs; and

Whereas, The Report calls for not appointing and/or seeking voluntary resignations from individuals serving as executive committee members of political parties and the staff of elected officials; and

Whereas, It is hoped that the Members of the Council of the City of New York will utilize the measures and adopt the standards outlined in the Report; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the borough presidents to adopt a series of best practices for recruitment and appointment to community boards.

Res. No. 165

Resolution calling upon the New York State Department of Education to implement a robust requirement for civics education at the elementary, middle and high school level for all public schools in New York.

By Council Members Levine, Chin, Ferreras, Gibson, Koo, Mendez, Richards, Rose, Williams, Rosenthal, Gentile and Eugene.

Whereas, Civics, defined by Merriam Webster’s Dictionary as the study of the rights and duties of citizens and of how government works, is an important component of a democratic society; and

Whereas, Civics education helps promote democratic ideals by preparing students to be engaged citizens; and

Whereas, Enhancing youth participation in community service and political engagement could help foster future behaviors that would provide long-term benefits to communities; and

Whereas, A robust civics curriculum in public schools could help to ensure such engagement; and

Whereas, The current civics curriculum required by the New York State Department of Education was designed in 2002 and has not been updated; and

Whereas, The core civics curriculum as outlined in a New York State

Department of Education report entitled “Participation in Government”, is designed to be a culminating course of study that focuses on “Social Studies Learning Standard—Civics, Citizenship, and Government”; and

Whereas, According to the report, a major aim of education in the State of New York is to prepare its students for “a productive and meaningful life as citizens in local, state, national, and international settings”; and

Whereas, It is essential that this curriculum be updated and enhanced and its implementation monitored; and

Whereas, In January 2014, the New York State Bar Association (NYSBA) President David Schraver sent a letter to Governor Andrew Cuomo about the critical need to enhance civics education in New York State; and

Whereas, A February 2014 statement issued by the NYSBA referenced a “shocking level of decline” in Americans’ grasp and understanding of the structure of American democracy as found by the Association’s Law Youth and Citizenship Committee’s report on civics education; and

Whereas, According to findings of this report, fifty-eight percent of New Yorkers cannot name either of their two current United States Senators; and

Whereas, Furthermore, the report indicates that only five percent of New Yorkers surveyed knew that the Constitution was designed to prevent both tyranny of the majority and of a small, influential minority; and

Whereas, As recently as 1999 New York was considered a model for history and civics education by many but has declined in its performance; and

Whereas, Changes in educational priorities which focus on factors such as career readiness and standardized test results are thought to exacerbate the lack of a first-rate civics focused curriculum; and

Whereas, According to the executive director of the Center for Civic Education, the United States is “focused more upon developing the worker at the expense of developing the citizen”; and

Whereas, Currently, in New York, social studies is considered a secondary curriculum placed under English Language Arts (ELA), resulting in history being taught through literature and therefore weakened; and

Whereas, A 2011 study by the Brennan Center gave New Yorkers failing grades in civic literacy and stated that meaningful democracy requires civic literacy and that civic illiteracy puts American democracy at risk; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Department of Education to implement a robust requirement for civics education at the elementary, middle and high school level for all public schools in New York.

A Local Law to amend the administrative code of the city of New York and the New York city building code, in relation to protecting street trees during construction activities.

Be it enacted by the Council as follows:

Section 1. Statement of findings and purpose. While sidewalk sheds protect pedestrians during the construction, maintenance and inspection of buildings, they can cause considerable damage to trees. Each year, the Department of Buildings issues tens of thousands of buildings permits for new construction and building renovations and Local Law 11 of 1998 requires the erection of scaffolding and sidewalk sheds to perform façade inspections and maintenance. Unfortunately, sidewalk sheds can damage and even kill trees. Sidewalk sheds cast shade over sidewalk trees, prevent rainwater from reaching tree roots and damage tree crowns. The installation of sidewalk sheds or other construction activity can damage tree leaders (the main vertical limb), resulting in permanent deformation of trees so that the tree no longer grows vertically. Broken side branches that are not removed with clean cuts provide avenues for diseases and can eventually cause the demise of trees.

§ 2. Section 3307.6.4 of the New York city building code, as added by local law number 33 for the year 2007, is amended by adding a new item 10 to read as follows:

10. The construction of sidewalk sheds within 10 feet (3.048m) of a tree within the public right of way shall be in accordance with the provisions of Section 3309.11.

§ 3. Subchapter 1 of chapter 1 of title 19 of the administrative code of the city of New York is amended by adding a new section 19-102.1 to read as follows:

§ 19-102.1 *Protection of street trees. Any construction or work on a street within 10 feet of a tree within the jurisdiction of the department of parks and recreation, shall comply with the rules of the department of parks and recreation relating to the protection of trees during construction. Such rules shall be consistent with all local laws relating to the protection of pedestrians during construction activities.*

§4. This local law shall take effect January 1, 2015 except that the commissioner of buildings and the commissioner of parks and recreation may promulgate rules or take other administrative actions prior to such effective date.

Res. No. 166

Resolution calling upon the New York City Department of Education to establish a comprehensive college preparation program, based on the college readiness model proposed by the Urban Youth Collaborative, to improve and expand college access for all students.

By Council Members Rose, Ferreras, Gibson, Levine, Mendez, Reynoso, Williams and Eugene.

Whereas, The connection between a college degree and economic stability has been exhaustively documented, making college access and preparation a racial and economic justice issue; and

Whereas, Across the United States there is a growing emphasis on schools preparing students to be college and career ready; and

Whereas, Forty-five states, including New York, have adopted the Common Core State Standards, which are designed to reflect the knowledge and skills that young people need for success in college and careers; and

Whereas, The New York City Department of Education (DOE) already includes college readiness metrics as part of the Progress Reports used to evaluate schools; and

Whereas, Since 2011-12, Progress Reports also include postsecondary enrollment rate data, which is the percentage of students who graduate and have enrolled in a two- or four-year college, vocational program, or public service program such as the military or AmeriCorps; and

Whereas, According to DOE data released in November 2013, only 49.7 percent of the class of 2012 enrolled in a two- or four-year college, vocational program, or public service program after graduation; and

Whereas, The DOE should do more to help schools improve their college readiness and college enrollment rates; and

Whereas, The Urban Youth Collaborative (UYC), New York City's largest youth-led organization, has created a set of proposals to ensure that high schools serving low-income youth of color meet the new DOE standards for college enrollment; and

Whereas, UYC's "Get Us To College" platform proposes that the DOE launch a systemwide assessment of what schools are currently doing to support students through the college process and make that assessment public; and

Whereas, UYC also recommends that the DOE create an early warning system so that all high school students know how many credits they have, what classes they should be taking to prepare for college, and whether they are on track for graduation and college; and

Whereas, Further, UYC proposes that school guidance counselors should have a maximum of 250 students on their caseload and, in addition, that every school should have one well-trained college counselor for every 100 seniors, who starts working with students as early as 9th grade; and

Whereas, Student Success Centers (SSCs), which are located in several City high schools, train high school students to help other students navigate every step of the college process, and have significantly improved college acceptances and financial aid packages, played a critical role in creating school-wide "college going cultures" and have effectively served undocumented students; and

Whereas, UYC calls on the DOE to maintain support for the existing SSCs and to launch additional ones at low-performing multi-campus high schools; and

Whereas, According to the Institute for Student Achievement, Distributive Guidance is a proven model of teachers supporting students through the college process in advisories; and

Whereas, UYC also calls on the DOE to ensure that schools using the Distributive Guidance model provide teachers with ongoing training, adequate time to fulfill their college support role, and the necessary resources for the program; and

Whereas, The Summer Bridge to College program, as well as similar programs, train college students to return to their high schools to assist new and prospective high school graduates with completing financial aid documents, registering for classes, filling out paperwork, and staying on track to start college in the fall; and

Whereas, UYC also proposes that the DOE provide funding and support to high schools to implement similar "bridge to college" programs at all NYC high schools; and

Whereas, Students in New York City's public schools would benefit from implementation of UYC's "Get Us To College" proposals to support students through the college application process and prepare them to enroll in college; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York City Department of Education to establish a comprehensive college preparation program, based on the college readiness model proposed by the Urban Youth Collaborative, to improve and expand college access for all students.

Res. No. 167

Resolution calling upon the New York State Legislature to pass and the Governor to sign S.6717 and A.8653, in relation to authorizing the creation of small business tax-deferred savings accounts.

By Council Members Vallone, Constantinides, Dickens, Koo, Rose and Gentile.

Whereas, According to the United States Small Business Administration (SBA), small businesses represent over 99 percent of employers in New York State; and

Whereas, Small businesses employ over 50 percent of New York State's private sector workforce; and

Whereas, According to the United States Census Bureau, New York City itself is home to over 200,000 small businesses; and

Whereas, Small businesses are vital to the health of New York City's economy; and

Whereas, Even successful small businesses occasionally struggle with cash flow and access to capital, which may prevent them from taking steps to expand their business and create jobs; and

Whereas, In order to incentivize the growth of small businesses and job creation, small businesses in New York should be permitted to open tax-deferred savings accounts; and

Whereas, S.6717, sponsored by State Senator Jack Martins, and A.8653, sponsored by State Assembly Member Charles Lavine, amends the economic development and tax laws of New York State, to permit businesses to open tax-deferred savings accounts; and

Whereas, Under this legislation, small businesses would be permitted to deposit profits into these tax-deferred savings accounts as they saw fit; and

Whereas, However, these businesses would be permitted to withdraw from these accounts on a tax-free basis on the condition that the money withdrawn must be used to create or preserve full time jobs in New York State; and

Whereas, This condition would encourage businesses to withdraw and invest in expansion, which would bring jobs to New York; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to pass and the Governor to sign S.6717 and A.8653, in relation to authorizing the creation of small business tax-deferred savings accounts.

By Council Members Vallone, Dickens, Koo, Gentile, Eugene and Ulrich.

Whereas, The New York City Department of Small Business Services estimates that more than ten percent of veterans in New York City are unemployed; and

Whereas, Entrepreneurship offers veterans a path to take charge of their career and economic future by harnessing the leadership skills and discipline they learned in the military to help them build their own businesses; and

Whereas, Studies indicate that veteran start-ups have a higher rate of success than businesses launched by those in the general civilian population; and

Whereas, Nearly one in ten businesses in the United States (U.S.) are owned by veterans; and

Whereas, As of 2012, New York State was home to 127,156 veteran-owned businesses, which employ more 300,000 workers and generate receipts of over \$70 billion; and

Whereas, By 2016, more than one million service members will have left the U.S. military, creating a new generation of veterans that may wish to pursue careers as small business owners; and

Whereas, The federal government requires that at least three percent of all contracting dollars spent by each federal agency go to service-disabled veteran owned small businesses; and

Whereas, According to the National Veteran-Owned Business Association, seventeen states currently have procurement preference programs for veteran owned businesses in place; and

Whereas, Offering veteran owned businesses more opportunities for securing government contracts can help decrease the veteran unemployment rate, in addition to allowing New York to show appreciation for their service and sacrifices veterans have made for our country; and

Whereas, New York State Senator Greg Ball and Assembly Member Felix Ortiz introduced S.6865 and A.9135, bills that would create a program to expand opportunities for veterans by requiring the heads of New York State agencies and authorities to establish a goal of awarding at least six percent of contracts to service-disabled veteran businesses; and

Whereas, S.6865 and A.9135 would establish a Division of Service-Disabled Veterans' Business Development within the New York State Office of General Services tasked with helping State agencies to attain contract award goals, developing a certification process for service-disabled veteran owned businesses, and annually reporting the State's achievements in regard to the program; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to pass, and the Governor to sign S.6865 and A.9135, legislation which would promote opportunities for service-disabled veteran owned small businesses in State contracting.

Res. No. 169

Resolution strongly urging the Metropolitan Transportation Authority to provide greater advance notification for planned service disruptions.

By Council Members Van Bramer, Chin, Constantinides, Koo, Levine, Mendez, Reynoso, Richards, Rose, Eugene and Ulrich.

Whereas, Millions of people throughout New York City rely heavily on the subway and bus system run by the Metropolitan Transportation Authority (MTA) to get to work, school, medical appointments, stores, and cultural institutions; and

Whereas, The public transportation network is indisputably vital to the City's economy and to New Yorkers' daily lives; and

Whereas, A joint audit released in July 2011 by the New York State and New York City Comptrollers concluded that the MTA "failed to notify riders of diversions consistently or effectively" and that the frequency and duration of subway diversions had increased significantly; and

Whereas, A series of weekend outages of 7 train service between Manhattan and Queens in recent years has seriously disrupted the lives of riders who rely on this heavily-used mass transit connection; and

Whereas, According to a report in the *Queens Courier*, local communities were given just two weeks' notice of a series of weekend service outages in early 2013, limiting the ability of organizations which rely on 7 train service to alter their plans accordingly; and

Whereas, A lack of sufficient notice of service disruptions causes disorder in the work, school, and personal lives of many riders and has serious implications for local businesses and institutions; now, therefore, be it

Resolved, That the Council of the City of New York strongly urges the Metropolitan Transportation Authority to provide greater advance notification for planned service disruptions.

Res. No. 170

Resolution calling on the New York State Legislature to increase the civil penalties to \$2,500 for a first offense and \$15,000 for each subsequent offense within a two year period for failure to comply with the utility notification requirements of Article 36 of the General Business Law.

By Council Member Van Bramer.

Whereas, Article 36 of the New York State General Business Law requires participation by those performing excavation and those operating underground facilities, in the "One Call System," a system designed to ensure that excavators are aware of the utility infrastructure that is underground before they excavate; and

Whereas, This system requires notification of such excavation prior to commencing this excavation, and does not permit such excavation work until such time as all operators inform the excavator that the excavation will not come within fifteen feet of such utility; and

Whereas, This Article requires utility operators to notify excavators about which of its facilities will be affected by this excavation; and

Whereas, Section 765 of the General Business Law requires any excavator or operator who violates the provisions of Article 36 of the New York State General Business Law be subject to civil penalties of up to \$2,500 for a first violation, and up to an additional \$10,000 fine for subsequent violations for the same excavation activity within a twelve-month period; and

Whereas, If the same excavator or operator failed to abide by the provisions of Article 36 over a course of transactions, the maximum fine would be \$1,000 for each transaction; and

Whereas, The notification provisions in Article 36 are crucial to protect public safety, as a lack of notification could lead to excavations coming into dangerous contact with underground utility facilities; now, therefore, be it

Resolved, That the Council of the City of New York calls on the New York State Legislature to increase the civil penalties to \$2,500 for a first offense and \$15,000 for each subsequent offense within a two year period for failure to comply with the utility notification requirements of Article 36 of the General Business Law.

Resolution calling upon the New York City Housing Authority to stop charging tenants a debit card convenience fee when a rent payment is made using a debit card.

By Council Members Van Bramer, Torres, Arroyo, Chin, Constantinides, Levine, Mendez, Richards, Rose and Gentile.

Whereas, The New York City Housing Authority (“NYCHA”) is a public housing authority with 334 developments, 2,596 buildings, and 178,914 public housing units, making it the largest public housing provider in North America; and

Whereas, NYCHA currently serves 176,221 families and 403,736 residents; and

Whereas, Of those families, 47.5 percent are working families, 11.1 percent are on public assistance and 41.4 percent are on fixed incomes, including Social Security, Supplemental Security Income, a pension or Veteran’s benefits; and

Whereas, According to NYCHA, the average household income for families living in public housing is \$22,994;

Whereas, According to the United States Census Bureau, the median household income for New York City is \$51,865; and

Whereas, NYCHA residents pay an average monthly rent of \$436; and

Whereas, Rent can be paid by phone, mail, e-payment on NYCHA’s website or in person at a payment center; and

Whereas, Residents who elect to pay rent using a debit card are charged a convenience fee by NYCHA’s payment processing vendor; and

Whereas, According to NYCHA, the amount of the convenience fee charged depends upon the amount of residents’ monthly rent; and

Whereas, In light of the extent of NYCHA residents living on fixed incomes and the amount of low- and very low-income households, NYCHA residents should not be charged a convenience fee when electing to pay their rent using a debit card; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York City Housing Authority to stop charging tenants a debit card convenience fee when a rent payment is made using a debit card.

Resolution calling upon the Metropolitan Transportation Authority (MTA) to establish a Metrocard discount fare program through which eligible non-profit organizations can receive and distribute discounted Metrocards to their clients.

By Council Members Van Bramer, Chin, Reynoso and Rose.

Whereas, The Metropolitan Transportation Authority (MTA) is North America’s largest network for transportation that serves a population of 15.1 million people in a 5,000 square mile area including New York City, Long Island, southeastern New York State, and Connecticut; and

Whereas, MTA subways, buses, and railroads provide over 2.62 billion rides annually, according to the MTA 2013 Annual Report; and

Whereas, The MTA public transportation network allows New York City to maintain its status as a world hub of finance, commerce, culture, entertainment, and business; and

Whereas, This public mass transit system optimizes the New York City economy by way of opening up job opportunities for numerous people across a broad region; and

Whereas, According to the recent American Community Survey by the United States Census Bureau, the City’s labor force consists of 4.11 million people; and

Whereas, The 2013 unemployment rate in the City is 8.9 percent compared to a national rate of 7.0 percent, according to the United States Department of Labor; and

Whereas, The Community Service Society conducted a survey of low-income New Yorkers in 2013, finding that 21.2 percent of the City’s population are under the poverty level, which is statistically unchanged from 2011 at 20.9 percent; and

Whereas, According to the MTA, four out of every five rush-hour commuters travelling to New York City’s central business districts commute by the public transit services; and

Whereas, According to MTA figures in 2012, the average weekday subway ridership was 5.4 million persons and the annual ridership was 1.7 billion people; and

Whereas, In 2012, the average weekday bus ridership was 2.2 million persons and the annual ridership was 6.7 million people, as reported by the MTA; and

Whereas, In 1990, the Metrocard fare for a single ride was \$1.15, increasing by \$.25 in 1992 and another \$.25 in 1995, and the fare continued to increase in 2005 to \$2.00 and by another 25 percent in 2009 to \$2.50, where the fare rate stands today; and

Whereas, Over 1.98 million people in the City’s labor force depend on commuting to work by public transportation and Metrocard fares have been increasing more rapidly in recent years, when viewed from the MTA’s inception in 1904; and

Whereas, Many non-for-profit organizations exist in New York City in order to provide crucial services that vulnerable communities would otherwise not have access to; and

Whereas, Many New Yorkers are facing hard economic times and non-profit organizations are striving to ease their troubles; and

Whereas, In an attempt to mitigate the plight of many New Yorkers, eligible non-profit organizations should be granted Metrocards to distribute to their clients at

a discounted rate to support or promote an individual’s ability to search for employment, or attend family court, apply for federal, state, and city benefits without burdening clients with the increasing fare of Metrocards; and

Whereas, Economic conditions and unemployment rates put a strain on the City’s population, especially upon those New Yorkers with limited financial means; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the Metropolitan Transportation Authority (MTA) to establish a Metrocard discount fare program through which eligible non-profit organizations can receive and distribute discounted Metrocards to their clients.

Res. No. 173

Resolution urging the New York State Legislature to pass and the Governor to sign legislation that would enable the spouse of someone enrolled in the Senior Citizen Rent Increase Exemption Program (SCRIE) to continue receiving SCRIE benefits when the enrolled spouse dies, and the widow/widower is within 5 years of the age requirement for receipt of SCRIE.

By Council Members Van Bramer, Arroyo, Cabrera, Chin, Gibson, Levine, Reynoso, Rose, Gentile and Eugene.

Whereas, The Senior Citizen Rent Increase Exemption (SCRIE) program offers eligible tenants an exemption from rent increases; and

Whereas, New York City tenants are eligible for the SCRIE program if the tenant or his or her spouse is 62 years of age or over, they live in a rent regulated apartment, have a combined household income at or below \$50,000 per year as of July 1, 2014, and are paying at least one third of their income toward their rent; and

Whereas, Additionally, owners of buildings that house SCRIE recipients receive a credit against their real estate taxes from the City of New York; and

Whereas, Currently, according to the New York City Department of Finance (DOF), more than 53,000 New York City tenants rely on the SCRIE program, which is administered by DOF; and

Whereas, As reported in a 2013 Progress Report of the New York Academy of Medicine, the Census Bureau estimates that in New York State the number of adults age 65 and older is projected to grow by 50 percent over the next twenty years;

Whereas, When a tenant who is enrolled in the SCRIE program dies, the owner of the building is responsible for notifying DOF so benefits are terminated the first day of the month following the date of death; and

Whereas, A surviving household member who meets the eligibility requirements may apply for a transfer of SCRIE benefits by simply sending a letter of request to DOF, along with a copy of the Certificate of Death, and proof of birth; and

Whereas, If the transfer of benefits is denied due to age eligibility, the widow/widower will likely be forced to either generate a significant amount of new income to continue paying the rent or seek other housing options; and

Whereas, Generating new income may be difficult because adults 55 years and older face significant challenges to finding employment; and

Whereas, There is a lack of affordable housing in New York City, which also makes finding a new housing option difficult; and

Whereas, It is necessary to ensure that low income New Yorkers who will soon become eligible for the SCRIE program are not displaced as a result of the death of a spouse; now, therefore, be it

Resolved, That the Council of the City of New York urges the New York State Legislature to pass and the Governor to sign legislation that would enable the spouse of someone enrolled in the Senior Citizen Rent Increase Exemption Program (SCRIE) to continue receiving SCRIE benefits when the enrolled spouse dies, and the widow/widower is within 5 years of the age requirement for receipt of SCRIE.

Resolution calling upon the New York State Office for People with Developmental Disabilities to include the use of GPS tracking devices as a covered service available under the People First Waiver.

By Council Members Wills, Cohen, Gibson, Cumbo, Arroyo, Chin, Rose, Gentile, Cornegy, Vallone and Deutsch.

Whereas, In January 2014, the search for Avonte Oquendo, a 14 year-old autistic teenager who went missing from his school in Queens three months earlier, ended tragically with the recovery of his remains; and

Whereas, As a result of his autism, Avonte Oquendo was non-verbal teenager who had tendency to wander from safe environments; and

Whereas, Autism is one of a group of neurodevelopmental disorders, known as autism spectrum disorders, that are characterized by social impairments, difficulties with verbal and nonverbal communication, and repetitive behaviors; and

Whereas, According to the United States Centers for Disease Control and Prevention, approximately one in 88 American children have an autism spectrum disorder; and

Whereas, Nearly half of children with an autism spectrum disorder attempt to wander or bolt from supervised areas, and more than half of those that wander go missing; and

Whereas, Wearable devices that utilize global positioning systems (GPS) can track children with autism and ensure they are quickly located if they go missing; and

Whereas, New York State, in collaboration with the federal government, offers Medicaid waivers to children with disabilities so that they can receive certain services that help them stay with their families and in their community; and

Whereas, Some Medicaid waivers provide for the coverage of assistive technology, a category of services that allow an individual to use adaptive devices to help maintain or increase their ability to remain with and be a part of the community; and

Whereas, The New York State Office for People with Developmental Disability is currently developing a new waiver, called the People First Waiver, that will serve individuals with developmental disabilities, such as autism; and

Whereas, Making GPS tracking devices available through the People First Waiver would provide comfort to parents of autistic children and help ensure the safe return of autistic children that may go missing; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Office for People with Developmental Disabilities to include the use of GPS tracking devices as a covered service available under the People First Waiver.
