INVOCATION

The Invocation was delivered by Sister Julia Suarez, Saint Jerome's Hands Community Center, 230 Alexander Ave, Bronx, N.Y. 10454.

God, give me faith today to continue forward,
grant me speed to fortitude, to forgive,
give me patience to understand and help,
grant me strength to not fall,
give me strength to rise if I have fallen,
grant me love to provide,
give me what I need and know what I want,
grant me eloquence to speak what I should speak,
make me the best example for my children,
let me be the best friend to my friends,
make me an instrument of your will,
give me the strength to withstand adversity.
Let me know what you want from me.
Grant me your peace so I can share it
with those who don't have it.
Finally, walk with me
and let me know that it is so.
Amen.

The Speaker (Council Member Mark-Viverito) moved to spread the Invocation in full upon the Record.

During the Communication from the Speaker segment of this Meeting, The Speaker (Council Member Mark-Viverito) acknowledged two recent tragedies which took place in New York City. First, the March 21, 2015 Midwood fire that claimed the lives of seven children of the Sassoon family in Brooklyn; and secondly, the March 26, 2015 explosion in an East Village restaurant within Council Mendez's district that claimed the lives of two people. The Speaker (Council Member Mark-Viverito) praised Council staffer Walter Algarin of the Community Engagement Division for going above and beyond the call of duty in assisting the community affected by the explosion. She also commended the rest of the Community Engagement Division and everyone else who had helped in this effort. The Speaker (Council Member Mark-Viverito) concluded by saying that everyone's hearts and prayers are with the families of those who lost their loved ones and asked for a Moment of Silence in their memory.

ADOPTION OF MINUTES

Council Member Vacca moved that the Minutes of the Stated Meeting of February 26, 2015 be adopted as printed.

REPORTS OF THE STANDING COMMITTEES**Reports of the Committee on Civil Rights**

Report for Int. No. 421-A

Report of the Committee on Civil Rights in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York, in relation to the powers and duties of the commission on human rights.

The Committee on Civil Rights, to which the annexed amended proposed local law was referred on July 24, 2014 (Minutes, page 2951), respectfully

REPORTS:**I. Introduction**

On Monday, March 30, 2015, the Committee on Civil Rights (“the Committee”), chaired by Council Member Darlene Mealy, will hold a hearing to vote on Proposed Introductory Bill Number 421-A (“Int. No. 421-A”), a local law to amend the administrative code of the city of New York, in relation to the powers and duties of the commission on human rights; Proposed Introductory Bill Number 690-A (“Int. No. 690-A”), a local law to amend the administrative code of the city of New York, in relation to establishing an employment discrimination testing program; and Proposed Introductory Bill Number 689-A (“Int. No. 689-A”), a local law to amend the administrative code of the city of New York, in relation to establishing a housing discrimination testing program.

II. Background

The New York City Human Rights Law (“HRL”), embodied in the New York City Charter and title eight of the New York City Administrative Code, is one of the most expansive and comprehensive human rights laws in the nation. The HRL protects a number of classes of persons from discrimination in the areas of employment, housing, public accommodations, and more.¹ Protected classes covered under the HRL include race, national origin, disability, sexual orientation, alienage or citizenship status, gender, partnership status, age, and others.²

Pursuant to the HRL, the New York City Human Rights Commission (“the Commission”) was created “with power to eliminate and prevent discrimination . . .

and [was] given general jurisdiction and power for such purposes.³” The Commission’s powers and duties include, but are not limited to:

- Working with federal, state and city agencies to develop courses for instruction to public and private employers on techniques to promote anti-discrimination policies⁴;
- Studying the problems of prejudice⁵;
- Receiving, investigating and passing upon complaints, and initiating investigations of discriminatory practices⁶;
- Issuing subpoenas and holding hearings under oath regarding alleged discriminatory practices⁷;
- Issuing publications and reports of investigations and research designed to promote good will and minimize discrimination⁸; and
- Recommending to the mayor and the council legislation to aid in carrying out the purposes of the HRL.⁹

The Commission enforces the HRL through its Law Enforcement Bureau (“LEB”) and Community Relations Bureau (“CRB”).¹⁰ As the enforcement arm of the Commission, the LEB is responsible for receiving and investigating complaints of unlawful discrimination and, when warranted, either mediating a resolution or prosecuting the complaint.¹¹ Any person who claims to be a victim of an unlawful discriminatory practice may file a complaint with the LEB.¹² Additionally, the LEB may file a complaint on its own alleging an individual’s unlawful discriminatory practice.¹³ The LEB is responsible for administering the complaint process, which starts with intake, where a complainant is interviewed by staff. At intake, staff attempts to intervene and resolve the issue before initiating a formal complaint.¹⁴ If the issue cannot be resolved through pre-complaint intervention, an official

complaint may be filed.¹⁵ Once a complaint is filed, an investigator or attorney is responsible for interviewing witnesses and reviewing documents.¹⁶ At the conclusion of the investigation, the investigator or attorney is required to make a probable cause determination.¹⁷ If no probable cause is found, the case is dismissed and the complainant has the opportunity to appeal the dismissal to the Commissioner.¹⁸

If probable cause is found, however, the case is assigned to a staff attorney for prosecution and the complaint is referred to an administrative law judge (“ALJ”).¹⁹ Before the administrative trial, the ALJ will hold a pre-trial conference to determine if the case can be settled.²⁰ If a case cannot be settled, the ALJ holds a hearing and issues a “Report and Recommendation²¹.” In response to the Report and Recommendation, the Commission issues a “Final Decision and Order²².” If no liability is found, the case is dismissed.²³ If liability is found, then the Commission orders relief.²⁴ Such relief may include hiring, reinstatement or upgrading of employees; awarding back pay; extension of accommodations; or paying of compensatory damages, among other things.²⁵

Although the HRL grants the Commission the power to enforce the HRL to protect the City’s residents from discrimination, for years, there has been concern regarding the Commission’s failure to properly execute its powers and duties to enforce the HRL. As such, on February 27, 2014, the Committee on Civil Rights held an oversight hearing regarding the Commission’s implementation of Local Law 2 of 2011, which requires the Commission to include specific information in its annual reports to the Mayor and City Council²⁶. During that hearing, advocates expressed concern about the Commission’s lack of enforcement, unwillingness to find probable cause in cases filed with the Commission, and failure to initiate investigations and complaints.²⁷ It was specifically noted that in 2012, there were more than 5,000 inquiries of discrimination, but only 442 complaints were filed and only 5% of cases resulted in findings of probable cause.²⁸ Per the Commission’s annual reports, the number of inquiries, complaints, resolutions, and findings of probable cause from 2011 to 2014 are as follows:

The Commission's lack of enforcement has an especially significant impact on low income New Yorkers because they often do not have the resources to bring a discrimination claim in court.³³ Additionally, it is important to note that the Commission has the ability to issue penalties of \$125,000 for each instance of discrimination and up to \$250,000 for willful or malicious acts. However, in 2014 the Commission assessed 62 fines totaling \$189,750 and 77 complainants received \$1,090,924 in settlements.³⁴

Advocates have also expressed concern regarding the Commission's poor funding and inadequate staffing.³⁵ The lack of sufficient funding is demonstrated by the change in budget allocated to the Commission since 1992, at which time the Commission had an annual budget of approximately \$5.6 million³⁶. According to the Office of Management and Budget, the 2015 adopted budget for the Commission is \$1.1 million, which represents an 80% decrease.³⁷ As it pertains to staff, the Commission's city-funded staffing numbers have decreased from 173 positions in

1992³⁸ to a mere 11 in 2015³⁹, a 90% decrease. In considering these insufficiencies and the various issues with the Commission's lack of enforcement, Mayor Bill De Blasio appointed a new Chair and eight new Commissioners to demonstrate his commitment to promote the City's progressive HRL.⁴⁰

With new leadership in place, on March 3, 2015 the Council's Committee on Civil Rights held a hearing and discussed how the Commission would address these issues moving forward. At that hearing the Committee also considered Int. No. 421, Int. No. 689, and Int. No. 690, which collectively seek to address the lack of proactive enforcement by the Commission in recent years by requiring the Commission to report to the Council on its investigations, and establish employment and housing discrimination testing programs.

Summary of Proposed Legislation

a. Int. No. 421-A

Int. No. 421-A seeks to ensure that the HRL is enforced appropriately and sufficiently by establishing additional reporting requirements for the Commission.⁴¹ Currently, the Commission is required to report on information regarding (i) the number of inquiries it receives from the public; (ii) complaints filed with the Commission; and (iii) the Commission's education and outreach efforts.⁴² Int. - The total number of investigations referred to Corporation Counsel to commence a civil action; and
- The total number of publications and reports of investigations designed to promote good will and eliminate discrimination.⁴⁴

The reports from the Commission would not be limited to the information listed, but instead the required information would serve as a minimum of what should be reported.

The bill would take effect on March 1, 2017.⁴⁵

b. Int. No. 690-A

Int. No. 690-A would require the Commission, for a period of one year, to organize and conduct no fewer than five investigations of discrimination in employment. No. 689-A would require the Commission, for a period of one year, to organize and conduct no fewer than five investigations of housing discrimination that would include, but not be limited to a matched pair testing program.⁵³ The testing would require sending out pairs of testers who would apply for the same housing accommodations. The testers would be assigned similar credentials and different actual or perceived race, creed, color, national origin, gender, age, disability, sexual orientation, marital status, partnership status, alienage or citizenship status, lawful source of income, number of children who will be residing with such person(s), or other protected classes.⁵⁴ Int. The Commission would be required to include the following information in its report: (i) the total number of investigations initiated by the Commission disaggregated by the category of unlawful discriminatory practice; (ii) the total number of Commission-initiated complaints filed after an investigation finding that a person or group of persons may be engaged in a pattern or practice of discrimination; (iii) the total number of investigations referred to the corporation counsel for the purpose of commencing a civil action; and (iv) the total number of publications and

PROPOSED INTRO. NO. 689-A**

COMMITTEE: Civil
Rights

TITLE: A Local Law in relation to establishing a housing discrimination testing program.

SPONSORS: Lander, Garodnick, Mealy, Chin, Crowley, Lancman, Rose, Constantinides, and Rosenthal.

SUMMARY OF LEGISLATION: This legislation would require the New York City Human Rights Commission (the "Commission") to conduct no less than five investigations of discrimination in housing accommodations over a period of one year. The Commission would be required to use pairs of testers to investigate local housing accommodation providers or other persons having the right to sell, rent or lease housing accommodations in the City. Each investigation would include, but not be limited to, matched pair testing where testers would present similar credentials, but differ based on one or more of the protected classes under the Human Rights Law. For example, the testers would differ in actual or perceived race, gender, sexual

orientation, or national origin. The first of these investigations must begin on or before October 1, 2015.

In addition, the legislation would require that the Commission submit to the speaker a report related to the housing accommodation investigations on or before March 1, 2017. This legislation would also require that any incidents of actual or perceived discrimination be referred to the Commission’s Law Enforcement Bureau. The report would include: (i) the number of matched pair tests completed; (ii) the protected class variable used in each matched pair test; and (iii) the number of incidents of actual or perceived discrimination on each protected class, including a description of any incidents of discrimination detected in the course of such investigations, provided that the Commission would not be required to report information that would compromise any ongoing or prospective investigation or prosecution.

Effective Date: This local law would take effect immediately upon enactment.

FISCAL YEAR IN WHICH FULL FISCAL IMPACT ANTICIPATED: 2016

FISCAL IMPACT STATEMENT:

	Effective FY15	FY Succeeding Effective FY16	Full Fiscal Impact FY16
Revenues (+)	\$0	\$0	\$0
Expenditures (-)	\$0	\$528,108	\$528,108
Net	\$0	\$528,108	\$528,108

IMPACT ON REVENUES: There would be no impact on revenues resulting from this legislation.

IMPACT ON EXPENDITURES: The legislation would require the Commission to establish a housing discrimination testing program, which the Commission currently does not have. In order to launch a testing program the Commission would need to create a new investigation unit to conduct the testing. According to the Commission, the new investigation unit would require resources for both Personal Services (PS) and Other Than Personal Services (OTPS) so that the Commission can hire additional staff to facilitate both the testing program and the collection of data to be included in the annual report.

In total, the Commission would need \$528,108 for five full-time and eight part-time staff and associated OTPS costs. The PS cost of \$523,108 would be for one Assistant

Commissioner to oversee the testing program and supervise the staff, three supervising investigators who would conduct investigations and train and supervise the part-time employees conducting the testing, eight part-time testers who would work 20 hours per week conducting the testing, and one Principal Administrative Associate to support the unit and to log and track data from each test. The OTPS component would include \$5,000 annually for recording and other equipment. This estimate includes the cost of fringe benefits. At present, the Commission has only two human rights specialists that serve as investigators, but have several other duties at the Commission. The Council is considering a similar bill, Proposed Intro. 690-A, which requires the Commission to establish an employment discrimination testing program. The resources required to implement Proposed Intro. 689-A would also be used to comply with the requirements of Proposed Intro. No. 690-A.

Reports of the Committee on Finance

Report for Int. No. 497-B

Report of the Committee on Finance in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York and the New York City Charter, in relation to the interest rate and discount rate recommendations provided by the New York City Banking Commission.

The Committee on Finance, to which the annexed amended proposed local law was referred on October 7, 2014 (Minutes, page 3619), respectfully

REPORTS:

I. Background

The Banking Commission, which is established by section 1524 of the New York City Charter, consists of the Mayor, who serves as Chair, the Comptroller, and the Commissioner of the Department of Finance ("DOF").¹ The administrative duties of the Banking Commission are performed by DOF.² The Banking Commission is charged with three responsibilities: 1) designating the banks in which the City will deposit its money;³ 2) recommending to the City Council the interest rate to be charged for delinquent property tax and water/sewer payments and the discount rate for early payment of property taxes;⁴ and 3) administering the City's Banking Development District ("BDD") Program.⁵

II. Late Payment Interest Rates

The Administrative Code requires that the Banking Commission recommend to the Council an interest rate that will be charged for late payments of property taxes, water rents, or sewer rents.⁶

A. Property Taxes

Section 11-224.1 of the Administrative Code sets forth the procedure of payment of property taxes and the consequences of delinquent payments. Taxpayers owning properties with an assessed value of \$250,000 or less pay property taxes on a quarterly basis. Installments are due on July 1st, October 1st, January 1st, and April 1st of each fiscal year.⁷ Taxpayers owning properties with an assessed value of more than \$250,000 pay property taxes on a semi-annual basis. Installments are due on July 1st and January 1st of each fiscal year.⁸ Any installment paid after the 15th of those due dates is considered delinquent and interest will begin to accrue on the amount owed.⁹

The Banking Commission is required, by May 25th of each year, to provide the Council with a written recommendation as to what the late payment interest rate should be for properties with an assessed value of \$250,000 or less and properties with an assessed value of more than \$250,000, respectively.¹⁰ In the case of cooperatives, the assessed value is determined per unit. In doing so, the Commission must consider the prevailing interest rates charged for commercial loans extended to prime borrowers by commercial banks operating within the City.^{11,12} For properties with an assessed value of \$250,000 or less, the Banking Commission must recommend a late payment interest rate at least equal to such prevailing rate and for properties with an assessed value of more than \$250,000, the Banking Commission must recommend a late payment interest rate of at least 6 percentage points greater than such prevailing rate.¹³

The Council is authorized to adopt a late payment interest rate, either the percentage recommended to it by the Banking Commission or another percentage.¹⁴ If the Council does not act to adopt a late payment interest rate for delinquent property tax payments, then the default rate is 7% for properties with an assessed value of \$250,000 or less and 15% for properties with an assessed value of more than \$250,000.¹⁵

B. Water and Sewer Rents

Sections 11-312 and 11-313 of the Administrative Code set forth the procedure of payment of water and sewer rents, respectively, and the consequences of delinquent payments. The Banking Commission is required, by May 25th of each year, to provide the Council with a written recommendation as to what the late payment interest rate should be for late payment of water and sewer rents. The Council is given the authority to adopt such a late payment interest rate pursuant to Section 11-224.1, described above, which relates to the late payment interest rate for the late payment of property taxes.¹⁶ Accordingly, the Council may adopt the Banking Commission's recommendation, adopt its own interest rate, or not take any action, in which case the default rate would be 7% for properties with an assessed

value of \$250,000 or less and 15% for properties with an assessed value of more than \$250,000.

III. Early Payment Discount Percentage

Pursuant to section 1519-a(7) of the New York City Charter, the City provides a discount for property owners who pay their property tax bills early. The Banking Commission is required, by May 25th of each year, to provide the Council with a written recommendation as to what the discount percentage should be for the ensuing fiscal year.¹⁷ The Council is given the authority to adopt a discount percentage, either the percentage recommended to it by the Banking Commission or another percentage, on June 5th or any time thereafter.¹⁸ If the Council does not adopt a discount percentage before the property tax bill is prepared, which is usually in the first week of June, then a default discount percentage of 1.5% is used to calculate the discount until the Council acts to adopt a discount percentage.¹⁹

For a taxpayer to receive a discount on his or her entire tax bill, both semi-annual and quarterly taxpayers have to pay the entire tax bill prior to the date the July 1st installment could be paid without interest.²⁰ For quarterly taxpayers, if the taxpayer does not pay the entire tax bill upfront, but instead pays the last three quarters in full on or before October 15th, the discount is calculated at a rate of two-thirds of the discount percentage. If the last two quarters (due in January and April) are paid in full on or before January 15th, the taxpayer receives a discount equal to one-third of the discount percentage. A tax installment paid after the January 15th due date is not eligible for a discount.

IV. Historical Summary of Interest Rate and Discount Rate Recommendations

A. Interest Rates for Delinquent Property Taxes and Water/Sewer Charges

The interest rate for the delinquent or non-payment of property taxes and water/sewer charges has remained steady since 1991. From 1976 to 1990, the interest rate for non-payment of property taxes was at times as high as 25.5%, and at times as low as 15.5%.²¹ Prior to 2005, for water and sewer charges, there was no distinction between properties with a higher or lower assessed values. Similarly, prior to 1991, for property taxes, there was no distinction between properties with a higher or lower assessed values. All property owners paid the same interest rate on either delinquent property taxes or on water/sewer charges regardless of the assessed value of their properties.

Many changes have occurred in the interest rate structure since 1976. Currently, the rate of interest charged is solely dependent upon the assessed value of property, while in the past, the rate of interest was dependent on factors such as the amount of an individual's property tax bill, the incorporation of charges pursuant to a lien issued by the Department of Health and Mental Hygiene onto the property tax bill,

and whether property taxes were paid by a mortgage agent or through an escrow account.²²

B. Discount Percentage for Property Taxes

Historically, the discount percentage recommended by the Banking Commission has been on the decline since Fiscal Year 1976. It is commonly understood that the provision of the discount percentage is rooted in the City's fiscal crisis that occurred in the 1970's. The City was in dire need of cash and, therefore, wanted to incentivize taxpayers to pay their property tax bills upfront by providing them with a discount for doing so. Accordingly, in the late 1970's and early 1980's the discount percentage recommendation made by the Banking Commission was relatively high around 6%. However, since that time, the recommended discount percentage has dropped to the most recent recommendation of 1%.

Below is a chart summarizing the interest rate and discount rate percentages adopted by the City Council since 1976:

Interest Rate Recommendations 1976 through 2014

V. Banking Commission's Recommendations

As mentioned above, as required by law, each year the Banking Commission provides the Council with its recommendations for the interest rate applied to

delinquent payment of property taxes and water and sewer charges, as well as the recommended discount rate for early payment of property taxes. As a supplement to their recommendations, the Banking Commission provides the Council with a "Models and Impact Summary." This summary outlines the effect of the interest rates and discount rates on taxpayers in prior years, as well as the expected impact on taxpayers for the ensuing year. The information provided in the summary includes:

- the total tax collected from all properties from the three previous fiscal years, disaggregated by fiscal year;
- the total number of properties for which an installment of tax due and payable was not paid by the applicable due date;
- the number of delinquent taxpayers for the three previous fiscal years, disaggregated by fiscal year, and the estimated number of delinquent taxpayers for the succeeding fiscal year;
- the delinquency rate of such delinquent taxpayers in such fiscal years;
- the total amount of delinquent debt accrued by such delinquent taxpayers in such fiscal years;
- the average amount of delinquent debt accrued by such delinquent taxpayers in such fiscal years;
- the total amount of accrued interest on such delinquent debt in such fiscal years;
- the average amount of accrued interest for such delinquent debt in such fiscal years;
- the net interest earned by the City in the in such fiscal years; and
- the interest rate charged for nonpayment of taxes on real property in comparable cities for the two previous fiscal years.

For Fiscal Year 2015, the Models and Impact Summary provided the following information:

LATE PAYMENT SUMMARY (FY14 DATA)

Total Number of Properties Taxed: 1,038,768

Total Number of Properties with Delinquent Payments: 99,488

Owners of Small properties	168,542
Total	174,555
<i>Average Annual Savings for Early Payers:</i>

While the Models and Impact Summary details the potential affect the recommendations would have on taxpayers, the summary does not specify the factors that were considered when determining the recommendations or the rationale for the use of such factors. Furthermore, now that the City is not apparently in need of cash upfront each fiscal year, the need for which precipitated the creation of a discount on the early payment of property taxes in the 1970's, it is unclear to the Committee why the default discount percentage should remain set at its current level of 1.5%.

VI. Hearing on January 15, 2015

On January 15, 2015, the Committee considered Proposed Intro. 497-A, a local law to amend the administrative code of the city of New York and the New York City Charter, in relation to the interest rate and discount percentage recommendations provided by the New York City Banking Commission. At the hearing representatives from DOF and the Banking Commission testified.

In their testimonies, they stated that DOF and the Banking Commission support the legislation's goal of making the Banking Commission's recommendations for the property tax late payment interest rate and the early payment discount rate more transparent and of providing the Council with more information to make an informed decision.

However, DOF and the Banking Commission expressed concern that date set forth in Proposed Intro. 497-A by which the Banking Commission would have to provide its recommendations to the Council was too early. In addition, with respect to the default early discount rate, while the Administration agreed that providing a formula that would reflect market rates was worthwhile, they expressed concern that there had been insufficient time to consider the formula set forth in the bill.

Proposed Intro. 497-A would have:

1. Changed the date by which all the Banking Commission's recommendations are due to the Council from May 25th to May 7th thereby allowing more time for the Council to consider the Banking Commission's recommendations before DOF sends out its property tax bills;
2. Removed the provision that required the Council to act on the discount percentage on June 5th or after. In the current law, if a discount rate is not adopted by the Council by the time DOF mails out its property tax bills, then the default discount rate sets in. DOF usually mails out its property tax bills in the first week of June. Since the Council cannot act on the discount rate until June 5th, conceptually, the Council only has two days to adopt a discount rate before the default rate sets in. Removing this provision will provide the Council more time to consider the Banking Commission's recommendations, and will allow DOF more time to prepare the July property tax statements to reflect the Council's adopted discount percentage;
3. Mandated a justification analysis when the Banking Commission presents its recommendations on the interest rate and discount rate for property taxes to the Council.
 - For the interest rate recommendation, the analysis must include a report detailing the factors considered when determining the recommendation, and the rationale for the use of such factors. Such report would also include (a) the total tax collected from all properties from the three previous fiscal years, disaggregated by fiscal year; (b) the total number of real property for which an installment of tax due and payable is not paid by the due dates provided in subdivisions two and three of section 1519-a of the New York city charter from the last three fiscal years, disaggregated by fiscal year; (c) the number of delinquent taxpayers for the three previous fiscal years, disaggregated by fiscal year, and the estimated number of delinquent taxpayers for the succeeding fiscal year; (d) the delinquency rate of such delinquent taxpayers in such fiscal years; (e) the total amount of delinquent debt accrued by such delinquent taxpayers in such fiscal years; (f) the average amount of delinquent debt accrued by such delinquent taxpayers in such fiscal years; (g) the total amount of accrued interest on such delinquent debt in such fiscal years; (h) the average amount of accrued interest for such delinquent debt in such fiscal years; (i) the net interest earned by the city in the in such fiscal years; (j) any other information deemed relevant by the commission; and (k) the interest rate charged for nonpayment of taxes on real property in comparable cities for the two previous fiscal years. The information provided in paragraphs (a) through (j) would be disaggregated by owners of real property with an assessed value of over two hundred fifty thousand dollars and owners of real property with an assessed

value of two hundred fifty thousand dollars or less. The information contained in the report would be provided in a searchable, and readable format, sortable by council district, real property tax class, and real property tax sub class.

- For the discount rate percentage, the analysis must include the above information, as well as the Banking Commission's consideration of the City's cash flow when making the discount percentage recommendation;
4. Eliminated the 1.5% default discount rate and link the default discount rate to a statistical report detailing selected interest rates. The default discount rate would now be the annualized interest rate on 6-month treasury bills (as reported by the Federal Board of Governors) plus 75 basis points, the sum of which shall be divided by four for the last business day of April preceding the ensuing fiscal year;
 5. Added a provision that provides that in cases where the Council adopts a discount rate other than the one provided by the Banking Commission, the Council must provide a justification analysis of its adopted discount rate; and
 6. Required the Banking Commission to include the interest rates and discount rates provided in comparable cities when the Banking Commission presents its recommendations to the Council.

VII. Changes between Proposed Intro. 497-A and Proposed Intro. 497-B

Subsequent to the January 15, 2015 hearing, after extensive negotiations with the Administration, the following amendments were made to the legislation:

- Proposed Intro. 497-B requires that the Banking Commission's recommendations be provided to the Council no later than May 13th of each year.
- Proposed Intro. 497-B permits the Council to act on the Banking Commission's recommendations beginning on May 14th of each year.
- Proposed Intro. 497-B requires that the justification analysis for the early discount rate include reporting the required factors using a discount percentage in the amount of the six-month London Inter Bank Offered Rate (LIBOR) for United States dollars.
- Other minor technical corrections were made to the legislation.

VIII. Hearing on March 31, 2015

On March 31, 2015 the Committee on Finance will vote on Proposed Intro. 497-B. Upon successful vote by the Committee, Proposed Intro. 497-B will be submitted to the full Council for a vote on March 31, 2015.

FISCAL IMPACT STATEMENT

PROPOSED INTRO. NO. 497-B

**COMMITTEE:
FINANCE**

TITLE: A Local Law to amend the administrative code of the city of New York and the New York City Charter, in relation to the interest rate and discount percentage recommendations provided by the New York City Banking Commission.

SPONSORS: Council Members Rosenthal, Levin and Ferreras.

SUMMARY OF LEGISLATION: This legislation would make certain changes to the way the Banking Commission makes its recommendations to the City Council regarding the interest rates for the late payment of property taxes and water/sewer charges, as well as the discount percentage for the early payment of property taxes. The legislation would change the date by which the Banking Commission's recommendations are due to the Council from May 25th to May 13th, and would change the provision that prohibits the Council from acting on the recommended discount percentage until June 5th or after to May 14th or after. In addition, the legislation would mandate that certain information and analysis be provided to the Council to justify the Banking Commission's recommendations for the property tax late payment interest rate and discount rate for early payment of property taxes. In the case that the Council adopts a discount rate other than the one recommended by the Banking Commission, the Council must provide a similar analysis of its adopted discount rate. Lastly, this legislation would eliminate the 1.5% default discount rate and instead link the default discount rate to a formula based upon the six-month Treasury bill.

EFFECTIVE DATE: This legislation would take effect immediately.

e. No later than the [twenty-fifth] *thirteenth* day of May in each year, the banking commission shall transmit a written recommendation to the council of a proposed interest rate to be charged for nonpayment of sewer rents. (b) Determination of discount percentage. Not later than the [twenty-fifth] *thirteenth* day of May in each year, the banking commission shall send a written recommendation to the council of a proposed discount percentage for the ensuing fiscal year. *Such recommendation shall include a report detailing the research and analytical methods used by the commission to provide the recommendation on the discount percentage; factors considered when determining the recommendation, including whether the city's current cash balance was a factor; and the rationale for the use of such factors. The information contained in the report required by this paragraph shall be in a searchable and machine-readable format, sortable by council district, real property tax class, and real property tax sub class. Such report shall include the following information for the two previous fiscal years unless otherwise specified, provided that such information shall be reported for fiscal years prior to the 2016 fiscal year only to the extent such information is available, and provided further that the information required in subparagraphs (vi) through (x) of this paragraph shall be reported using discount percentages in the amount of one-half of one percent, one percent, one and one-half percent, two percent, and the six-month London Inter Bank Offered Rate (LIBOR) for United States dollars in effect on the thirtieth day of April as published by the Federal Reserve Bank of St. Louis in the Federal Reserve Economic Data (FRED) database:*

Report for Int. No. 656

Report of the Committee on Finance in favor of approving and adopting, a Local Law to amend the administrative code of the city of New York, in relation to the establishment of the South Shore business improvement district.

The Committee on Finance, to which the annexed proposed local law was referred on February 12, 2015 (Minutes, page 462), respectfully

REPORTS:

ANALYSIS:

Under Local Law 82 of 1990, the City Council assumed responsibility for adopting the legislation that would establish individual business improvement districts (“BIDs”).

BIDs are specifically defined areas of designated properties. They use the City’s real property tax collection mechanism to collect a special tax assessment that the BID District Management Association uses to pay for additional services beyond those that the City provides. The additional services would be designed to enhance the area and to improve local business. Normally, a BID’s additional services would be in the areas of security, sanitation, physical/capital improvements (lighting, landscaping, sidewalks etc.), seasonal activities (Christmas lighting) and related business services (marketing and advertising).

Under the process established by Chapter 4 of Title 25 of the Administrative Code, the City Council adopted Resolution 571 on February 12, 2015, which set the hearing date to consider a local law that would establish the South Shore BID (the “proposed BID”) on February 26, 2015.

Prior to the Council’s action, the Community Board for the district in which the proposed BID is located -- Community Board 3 of Staten Island -- voted to approve the BID’s District Plan (the “Plan”) on November 25, 2014. The City Planning Commission (“CPC”) reviewed the Plan and held a public hearing on the Plan on December 3, 2014. The CPC approved a resolution on January 7, 2015 (Calendar No. 11), which certified the CPC’s unqualified approval of the Plan.

Resolution 571 set the date for the hearing and directed that all notice provisions contained in the law be complied with. Therefore, the Department of Small Business Services (“SBS”) was directed to publish the Resolution or its summary in the City Record not less than ten nor more than thirty days before the public hearing and the South Shore BID Steering Committee was directed to mail the Resolution or its

summary to each owner of real property within the proposed BID, to such other persons as are registered with the City to receive tax bills for property within the proposed BID and to occupants of each building within the proposed BID, also not less than 10 nor more than 30 days before the public hearing.

The public hearing to consider both the Plan itself and the enacting legislation, according to the provisions of the law, was closed without a vote. The Committee then must wait at least 30 days before it can again consider and possibly vote to approve this legislation. The 30-day period immediately after the public hearing serves as an objection period. Any property owner may, during this time period, formally object to the Plan by filing such objection in the Office of the City Clerk, on forms provided by the City Clerk. In the event that either at least 51 percent of the total number of property owners or owners with at least 51 percent of the assessed valuation of all the benefited real property within the proposed BID object to the Plan, then the City Council is prohibited, by law, from approving such Plan.

When the Committee considers this legislation after the conclusion of the objection period, it must answer the following four questions:

1. Were all notices of hearing for all hearings required to be held published and mailed as so required?;
2. Does all the real property within the proposed BID's boundaries benefit from the establishment of the district, except as otherwise provided by the law?;
3. Is all real property benefited by the proposed BID included within the district?; and
4. Is the establishment of the proposed BID in the best interests of the public?

If the Committee finds in the affirmative on these four questions and the number of objections required to prevent the creation of the proposed BID are not filed, then the legislation can be adopted.

This local law takes effect after all requirements contained in chapter four of title 25 are complied with.

FEBRUARY 26, 2015 HEARING

On February 26, 2015, as set forth in Resolution 571, the Finance Committee held a public hearing to consider Intro. No. 656 that would establish the South Shore BID. Representatives of the SBS and the Staten Island Economic Development Corporation testified in support of the proposed BID's establishment. As required by law, the hearing closed without a vote and the 30-day period for property owners to

file objections to the Plan with the Office of the City Clerk began. Copies of objection forms were made available at the Office of the City Clerk which is located at 1 Centre Street in Manhattan.

SOUTH SHORE BID DETAILS

The proposed South Shore BID is located in the borough of Staten Island and will consist of three, small, non-contiguous commercial strips located in the towns of Great Kills, Eltingville, and Annadale. The commercial strips, although small, share common characteristics including access to three nearby Staten Island Rail Road stations located in the center of each town, each approximately one mile apart. This will be SBS’s first attempt to have a BID managing three nearby commercial strips as one entity.

The proposed BID represents 217 tax lots and is located in Staten Island Community Board 3. Approximately two-thirds of the proposed BID is made up of commercial businesses or office space. There are 275 businesses in the proposed BID, most of which are independently-owned and some of which are regional and national chain stores. The current vacancy rate within the proposed BID is less than 10%.

The remaining area within the proposed BID is characterized by public facilities (12%), transportation and utilities (10%), vacant land (7%), one- and two-family residential buildings (5%) and parking lots (2%). There are 82 residential units in the proposed BID.

The proposed BID will be managed by the South Shore BID Management Association, Inc. Services to be provided within the proposed BID include: sanitation (manual cleaning of streets and sidewalks, sidewalk power washing, graffiti removal, maintenance of tree pits and bus shelters); security (surveillance equipment and security personnel); marketing and promotions (advertising, business directory, website, shopping guide, social media, television commercials, event planning); and administrative and advocacy services.

The budget for the first year of operation is \$185,000.

Sanitation	\$26,000
Security	\$72,000
Marketing and Promotion	\$39,000
Administration and Advocacy	\$48,000
Total	\$185,000

All properties within the proposed BID in whole or in part devoted to commercial use or mixed use, including parking facilities and vacant lots will be assessed at a base contribution of \$500 per parcel and then further assessed at a contribution based on the property’s front footage. The average annual assessment will be approximately \$1,002, the median annual assessment will be approximately \$873, and the highest projected assessment is \$5,090. Government and not-for-profit

owned property are exempt from assessment. Residential properties will be assessed \$1 per year.

MARCH 31, 2015 HEARING

The objection period for the establishment of the South Shore BID closed on March 30, 2015 at 5:00 p.m. According to the City Clerk, out of the 172 property owners located in the proposed BID, only one filed a valid objection to the establishment of the BID.

Since the number of objections required to prevent the creation of the BID have not been filed with the City Clerk, at today's hearing, if the Committee and the full Council finds in the affirmative on the four questions outlined on page 3 of this report, then the legislation can be adopted, and the BID will be established.

In connection herewith, Council Member Ferreras offered the following resolution:

RESOLUTION APPROVING THE FISCAL YEAR 2016
OPERATING BUDGET OF THE COUNCIL OF
THE CITY OF NEW YORK

Resolved, By the Council of the City of New York, pursuant to the provisions of section 243 of the New York City Charter, that the following amounts shall be submitted to the Mayor, for inclusion in the executive budget for the operating budget for the Council of the City of New York.

Summary:

Under the City Charter, the City Council is authorized to structure its own budget. This budget must be presented to the Mayor, for inclusion in the Executive Budget, after the Council approves it.

The Council's staff is described through divisions within three units of appropriation: Council Members and their aides, Committee Staffing, and Council Services. These and the standing committees each have a U/A for PS. OTPS is divided into two categories, one for members, one for central staff (see Appendix A) and one for each standing committee. A separate resolution approving the central staff's lump sum unit of appropriation is attached for Council approval pursuant to Section 100 (c) of the Charter.

Council Member office budgets are funded in U/A 001 object 021 (PS) and U/A 100 objects 400 and 414 (OTPS). Funds allocated for Member's budget total \$384,000.

A new division created by this budget called "Drafting Division" provides a unit of staff who specialize in the drafting of legislation proposed by the Council Members which can be eventually offered for introduction to the full Council for consideration. The division will also work with the staff of Governmental Affairs, Human Services and Infrastructure divisions.

Staff from the Office of the General Counsel, Governmental Affairs, Finance, Land Use, Infrastructure, Human Services, and Policy & Investigations divisions are specifically assigned to each committee, subcommittee, select committee and task force. These analysts and attorneys in turn are supported by the Administrative

March 31, 2015

TO: Hon. Julissa Ferreras
Chair, Finance Committee
Members of the Finance Committee

FROM: Rebecca Chasan, Assistant Council, Finance Division

RE: Finance Committee Agenda of March 31, 2015 - Resolution approving a tax exemption for two Land Use Items (Council District 17)

Item 1: Rose Ellen Smith HDFC

Rose Ellen Smith Housing Development Fund Company, Inc. (“HDFC”) consists of 1 building with 29 units of rental housing for low-income seniors. Rose Ellen Smith HDFC developed the project under the Section 202 Supportive Housing Program for the Elderly, with financing and operating subsidies from the United States Department of Housing and Urban Development (“HUD”) and a tax exemption from the City. In April 1985, the Board of Estimate granted the property a partial real property tax exemption pursuant to subdivision 1(a) of Section 422 of the Real Property Tax Law and Section 577 of the Private Housing Finance Law for a forty-year period.

Due to an increase in operating expenses, the HDFC has been unable to pay real property taxes since 2007. Accordingly, the City’s Department of Housing and Preservation Development (“HPD”) is requesting that the Council approve an amendment to the property tax exemption granted by the Board of Estimate to provide for a full property tax exemption between 2007 and 2015, with a partial exemption thereafter for the remainder of the original forty-year period.

RESOLUTIONS

Presented for voice-vote

The following are the respective Committee Reports for each of the Resolutions referred to the Council for a voice-vote pursuant to Rule 8.50 of the Council:

Report for voice-vote Res. No. 520-A

Report of the Committee on Finance in favor of approving and adopting, as amended, a Resolution calling on the New York State Assembly to pass A.6272, the New York State Senate to pass S.4490, and the Governor to sign such legislation, which would provide a property tax exemption for privately-owned vacant land while such property is being used for the public benefit.

The Committee on Finance, to which the annexed amended resolution was referred on December 17, 2014 (Minutes, page 4540), respectfully

REPORTS:

Background

In New York City, there is a demand for public space and a need for the benefits that derive from those public spaces. Within the City, there are numerous parcels of privately-owned vacant land which are not currently under development, either for economic or other reasons.

While these properties lay vacant and undeveloped, the property owners could put those pieces of land to use for the public benefit, for example by creating community gardens, urban farms, or so-called “pop-up parks” which are parks that are temporarily created to fulfill a short-term need, often highlighting an unappreciated or underutilized space. Such public uses of these vacant properties would be beneficial to the public, inasmuch as it has been shown that public spaces, such as community gardens, stabilize neighborhoods and add vitality to their immediate surroundings.

However, private owners of such vacant land may need a financial incentive such as a real property tax exemption to develop these properties, even temporarily, into positive amenities for the public. Such tax exemptions could be conditioned upon the provision of the space wholly for the public benefit for a minimum amount of time each week, for example a minimum of twenty hours per week in November through March and twenty-five hours per week in April through October.

Encouraging property owners to provide a beneficial public use of vacant land would lead to improved quality of life for residents in the neighborhood surrounding any vacant properties so used.

Proposed Resolution 520-A

New York State Assembly bill A.6272 and New York State Senate bill S.4490, introduced respectively on March 20, 2015 and March 24, 2015, would provide a real property tax exemption for privately-owned vacant land while such property is being used for the public benefit. This Proposed Resolution would call upon the State Legislature to pass, and the Governor to sign, such legislation.

Accordingly, this Committee recommends its adoption, as amended.

Res. No. 520-A

Resolution calling on the New York State Assembly to pass A.6272, the New York State Senate to pass S.4490, and the Governor to sign such legislation, which would provide a property tax exemption for privately-owned vacant land while such property is being used for the public benefit.

By Council Members Levin, Chin, Eugene, Gentile, Rose, Wills and Kallos.

Whereas, In the urban landscape of the City of New York, there is a demand for public space and a need for the benefits that derive therefrom; and

Whereas, There are numerous parcels of privately-owned vacant land in the City which are not currently under development for economic or other reasons; and

Whereas, Private owners of such vacant land may need a financial incentive to develop these properties, even temporarily, into positive amenities for the public; and

Whereas, A.6272 was introduced in the New York State Assembly on March 20, 2015 and S.4490 was introduced in the New York State Senate on March 24, 2015; and

Whereas, Both pieces of legislation would provide a property tax exemption for privately-owned vacant property so long as such property is used for the public benefit, and not for any profitable purpose for the owner, for a minimum of twenty hours per week in November through March and twenty-five hours per week in April through October; and

Whereas, According to the New York State Legislature's Memorandum in Support of the legislation, it has been shown that public spaces, such as community gardens, stabilize neighborhoods and add vitality to their immediate surroundings; and

Whereas, In addition to community gardens, urban farms have proven to be a crucial link in providing fresh food of different varieties to areas that may not have sufficient access to such fresh food; and

Whereas, So-called “pop-up parks,” or land that is intentionally temporarily transformed into park area, is another recent urban development that provides additional space to the public for rest and recreation; and

Whereas, Beneficial uses of vacant land could improve the quality of life for residents in the surrounding neighborhood; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Assembly to pass A.6272, the New York State Senate to pass S.4490, and the Governor to sign such legislation, which would provide a property tax exemption for privately-owned vacant land while such property is being used for the public benefit.

Report for voice-vote Res. No. 563

Report of the Committee on Education in favor of approving a Resolution calling upon the New York State Legislature to reject any attempt to raise the cap on the number of charter schools.

The Committee on Education, to which the annexed resolution was referred on February 12, 2015 (Minutes, page 452), respectfully

REPORTS:

INTRODUCTION

On March 30, 2015, the Committee on Education, chaired by Council Member Daniel Dromm, will conduct a hearing to consider Res. No. 563, a resolution that calls upon the New York State Legislature to reject any attempt to raise the cap on the number of charter schools. The Committee held a previous hearing on this resolution on March 3, 2015.

Background

The New York State Charter Schools Act of 1998 allowed the State to create a system of independent public schools (charter schools) which gave educators more autonomy in exchange for increased accountability. New York State amended its charter school legislation in 2007 and 2010. Among other changes, the amendments raised the initial limit of 100 charter schools permitted statewide to 200 in 2007, and in 2010 the cap was raised to 460.¹

The idea of increasing the cap is once again being floated in the State legislature.

Resolution No. 563

Resolution No. 563 would note that in 1998 the State Legislature passed the New York Charter Schools Act authorizing the creation of up to 100 charter schools, which are publicly funded but privately operated schools. The Resolution would indicate that since that time, the cap on the number of charter schools allowed to operate in New York State has been raised twice. The Resolution would state that in April 2007, the New York State Legislature doubled the number of charter schools allowed in the state, from 100 to 200.

The Resolution would point out that in 2010, the Legislature raised the cap again to allow an additional 260 charter schools, making a total of 460 charters available statewide, with smaller sub-caps for New York City and each of the statewide authorizers. Resolution No. 563 would indicate that more than half of the new charters authorized in 2010, 156 out of 260, remain unused. The Resolution would note that under the current State charter school cap, up to 256 of the statewide charter school total of 460 can be located in New York City.

Resolution No. 563 would note that currently, in New York City 197 charters are operating, 34 have been approved, and 25 remain under the cap. The Resolution would state that outside of the City 134 remain unused under the cap for the rest of the State. Resolution No. 563 would indicate that since charter schools were first authorized, there has been no comprehensive, independent evaluation of charter school operations.

The Resolution would stat that there have also been relatively few audits of charter schools conducted by the New York State Comptroller to date, primarily due to legal challenges by charter operators to the Comptroller's authority to perform such audits. The Resolution would further state that audits of charter schools that have been conducted by the State Comptroller have found significant numbers of deficiencies and mismanagement, including conflicts of interest, failure to complete required employee criminal history record checks, and inadequate systems of internal controls over basic financial operations in some cases.

The Resolution would note that a November 2014 report by The Center for Popular Democracy and The Alliance for Quality Education estimates that New York could stand to lose \$54 million in charter school fraud in 2014 alone. The Resolution would indicate that because charter schools are publicly funded, it is important to conduct a comprehensive assessment before committing substantial further investment.

Resolution No. 563 would state that additionally, as part of the 2014 State budget legislation, New York City is the only district now required to provide free space to all new or expanding charter schools, either by co-locating the charter in a City school building or by paying for rent in private space. The Resolution would note that according to the New York City Charter School Center, the City would have to pay the lesser of the actual rental cost or a total amount up to \$2,775.40 per pupil in 2015-16. The Resolution would indicate that there are not many City schools that are sufficiently underutilized to accommodate such co-locations. The Resolution would state that in fact, most schools are near, at or over-capacity.

The Resolution would indicate that a July 2014 report by the Independent Budget Office (IBO) found that 43.5% of students attended school in buildings that were at 102.5% of capacity or higher in the 2012-2013 school year, and also found that overcrowding in City schools has been steadily increasing. The Resolution would state that thus, the City will increasingly have to pay rent for charter schools in private space. The Resolution would note that under the existing cap the City will have to provide space for an additional 59 new charter schools as well as any existing charters that wish to expand. Resolution No. 563 would state that raising the cap will create an undue financial hardship for the City, due to this new requirement for providing free space to charter schools. Finally, Resolution No. 563 would state that the Council of the City of New York calls upon the New York State Legislature to reject any attempt to raise the cap on the number of charter schools.

¹ For more information on charter schools see 5/6/14 briefing paper of the New York City Council Education Committee on Charter School Management and Accountability at <http://legistar.council.nyc.gov/LegislationDetail.aspx?ID=1736447&GUID=13855560-92A3-4602-AE50-08CF9A47E712&Options=&Search=>.

Accordingly, this Committee recommends its adoption.

Report for voice-vote Res. No. 577

Report of the Committee on Education in favor of approving a Resolution calling upon the Department of Education to amend its Parent's Bill of Rights and Responsibilities to include information about opting out of high-stakes testing and distribute this document at the beginning of every school year, to every family, in every grade.

The Committee on Education, to which the annexed resolution was referred on February 12, 2015 (Minutes, page 486), respectfully

REPORTS:

INTRODUCTION

On March 30, 2015, the Committee on Education, chaired by Council Member Daniel Dromm, will conduct a hearing to consider Res. No. 577, a resolution that calls upon the Department of Education to amend its Parent’s Bill of Rights and Responsibilities to include information about opting out of high-stakes testing and distribute this document at the beginning of every school year, to every family, in every grade. This will be the first hearing on this resolution.

Background

The Federal No Child Left Behind Act requires states to define challenging academic standards and administer high-quality assessments to students to measure progress against expectations for student achievements.¹ In New York State, elementary and middle school students take yearly State tests in core academic subjects to assess their mastery of the Common Core Learning Standards.² Test results are one of the factors that schools use to decide whether to promote a student to the next grade.³ Additionally, in high school, students must pass five Regents Exams in order to graduate.⁴ Students in New York City also take tests to apply for admission to selective schools and programs and to prepare for college.⁵ Furthermore, New York City and New York State use test results to evaluate how well schools are serving students.⁶

Many parents and advocates have expressed concerns about the amount of testing and the increasing reliance on such testing and how it affects the overall educational experiences of students. An increasing number of parents are seeking to “opt-out” their children-or refusing to have them take the exams. According to a March 1, 2015 New York Times article, last year in New York, 49,000 students did not take the English test, according to the State Department of Education, while 67,000 skipped the math portion — numbers that include not only refusals, but also any student who did not take the tests for a “known valid reason”.⁷

Currently, information regarding opting out is not provided for parents on the Department of Education’s Parent’s Bill of Rights and Responsibilities, a document provided by the DOE for all parents.⁸ Many parents groups believe it should be.

Resolution No. 577

Resolution No. 577 would state that the Federal No Child Left behind Act requires states to define challenging academic standards and administer high-quality assessments to students to measure progress against expectations for student achievement. The Resolution would note that New York State was one of the first states to align standardized tests with the Common Core Standards and 2013 was the first year that students sat for the Common Core aligned test. The Resolution would indicate that New York City elementary and middle school students take yearly state tests in core academic subjects to assess their mastery of the Common Core learning standards.

The Resolution would point out that yearly test results are one of the factors used to determine whether or not to promote the student to the next grade. The Resolution

would state that in New York City, the scores dropped drastically in 2013, and only 26% of students in grades 3-8 passed the English test, and only 30% of students in grades 3-8 passed the Math test. Resolution No. 577 would note that there is a growing opt out movement in New York City and in 2013, 276 families opted out of the state standardized test.

Resolution No. 577 would indicate that in March of 2014, Chancellor Carmen Farina distributed a guide to school administrators detailing how to communicate with parents who have expressed their desire to opt their child out of the test; the guide stated that the administrator should respect the parents' decision and tell the parents the possible consequences of opting out of the state exam. The Resolution would state that decades of research has shown that parent involvement is critical to student success. The Resolution would note that the Department of Education recognizes the importance of parent involvement and has created the parent academy, the parent conference series, and now employs parent coordinators to facilitate parental involvement.

Resolution No. 577 would indicate that the Parent's Bill of Rights and Responsibilities was created by the Department of Education and is published on the department's website to foster active engagement between parents and schools because the DOE recognizes that children excel when parents work closely with teachers and principals to develop strong partnerships. The Resolution would point out that the Parent's Bill of Rights and Responsibilities spells out the rights and responsibilities of parents and families to help ensure that all students get a quality education. The Resolution would note that the Parent's Bill of Rights and Responsibilities does not include any information about opting out of the standardized exams.

The Resolution would note that the Parent's Bill of Rights and Responsibilities can currently be accessed via the DOE's website and is available in several languages but is not distributed to families and caregivers at all public schools. The Resolution would state that the Parent's Bill of Rights and Responsibilities should be amended to include information about opting out of standardized tests. Resolution No. 577 would note that all of New York City parents should have access to the Parent's Bill of Rights and Responsibilities. Finally the Resolution would state that the Council of the City of New York calls upon the New York City Department of Education to amend the Parent's Bill of Rights and Responsibilities to include information about opting out of high-stakes testing and distribute this document at the beginning of every school year, to every family, in every grade.

Report for voice-vote Res. No. 592

Report of the Committee on Education in favor of approving a Resolution calling upon the New York State Legislature to fully implement the education funding requirements for New York City resulting from the Campaign for Fiscal Equity v State of New York case.

The Committee on Education, to which the annexed resolution was referred on February 26, 2015 (Minutes, page 633), respectfully

REPORTS:**INTRODUCTION**

On March 30, 2015, the Committee on Education, chaired by Council Member Daniel Dromm, will conduct a hearing to consider Res. No. 592, a resolution calling upon the New York State Legislature to fully implement the education funding requirements for New York City resulting from the *Campaign for Fiscal Equity v State of New York* case. This will be the first hearing on this resolution.

Background

The Campaign for Fiscal Equity (CFE), a non-profit organization founded by a coalition of concerned parents and education advocates, filed a lawsuit against New York State in 1993 seeking adequate resources and the opportunity for a sound basic education for all students in New York City. After 13 years of litigation, the case's final ruling by the Court of Appeals, in 2006, confirmed that the State's school funding system violated New York City schoolchildren's constitutional right to a "sound basic education" which it defined as the "opportunity for a meaningful high school education, one which prepares them to function productively as civic participants."¹ There have been concerns raised that the State is continuing to not meet its legally mandated funding requirement.

Resolution No. 592 Resolution No. 592 would note that the Campaign for Fiscal Equity (CFE), a non-profit organization founded by a coalition of concerned parents and education advocates, filed a lawsuit against New York State in 1993 seeking adequate resources and the opportunity for a sound basic education for all students in New York City. The Resolution would state that after 13 years of litigation, the case's final ruling by the Court of Appeals, in 2006, confirmed that the State's school funding system violated New York City schoolchildren's constitutional right to a "sound basic education" which it defined as the "opportunity for a meaningful high school education, one which prepares them to function productively as civic participants."

The Resolution would indicate that according to the Education Law Center, *CFE v. State of New York* was a landmark case in which the court established the State's constitutional obligation to provide essential resources to all public school children. The Resolution would point out that in order to comply with Court of Appeals CFE ruling, the State Education Budget and Reform Act of 2007 (Education Act) was enacted. Resolution No. 592 would note that Education Act provided for an increase of over \$7 billion in State education aid to be phased-in over four years, by 2011, and the majority, \$5.5 billion, to be allocated to school districts based on student need through a new Foundation Formula.

Resolution No. 592 would indicate that the State's funding increase for New York City was set at \$3.2 billion. The Resolution would state that in the first two years, the State provided the required installments of the Foundation Aid Formula totaling \$2.3 billion statewide. The Resolution would point out that however, due to an economic downturn, the State budget enacted for 2009-10 froze the CFE funding

increase for two years. The Resolution would note that further, State education aid was cut by a total of \$2.7 billion in 2010 and 2011 through a mechanism called the Gap Elimination Adjustment, which seeks to balance the State's overall budget by reducing state school aid.

The Resolution would indicate that despite modest increases in State education funding in the past 3 years, the increases have barely covered prior cuts, leaving a huge gap in terms of what was required under the 2007 Education Act to comply with the CFE ruling. The Resolution would further indicate that according to an August 2014 report by the Alliance for Quality Education and other advocates, New York State owes its public schools \$5.9 billion in Foundation Aid and Gap Elimination Adjustment funding. The Resolution would state that New York City is currently owed more than \$2.5 billion, according to that same report.

Resolution No. 592 would note that the State has not yet fully implemented the funding increases that the Legislature committed to in settlement of CFE v. State of New York which required that the State meet its constitutional obligation to provide essential resources to all public school children to give them the opportunity for a sound basic education. Finally, Resolution No. 592 would state that the Council of the City of New York calls upon the New York State Legislature to fully implement the education funding requirements for New York City resulting from the Campaign for Fiscal Equity v State of New York case.

REPORTS:

INTRODUCTION

On March 19, 2015, the Committee on Education, chaired by Council Member Daniel Dromm, will conduct a hearing to consider Preconsidered Res. No., a resolution that calls upon the New York State Legislature to reject the Governor's executive budget proposal on school receivership. This will be the first hearing on this resolution.

Background

New York State Governor Andrew Cuomo's executive budget includes a plan authorizing the State Commissioner of Education (SED) to designate receivership districts in the lowest 2.5% and schools in the lowest achieving 5% statewide. In these cases, the SED Commissioner would be authorized to appoint an individual, another district, or a non-profit organization to assume the management of the school or district. The "receiver" would have the power to unilaterally change school budgets, curriculum, collective bargaining agreements, school schedules and school staffing. The receiver would also be authorized to convert the school into a charter school-- without a vote of parents. However, there is no evidence of the effectiveness of the receivership model.

Preconsidered Resolution No. 635

The Resolution would state that the Mayor of New York City is directly accountable for the performance of New York City public schools through the

mayoral control model. Preconsidered Resolution No. would indicate that in November 2014 the New York City Department of Education (DOE) designated 94 schools as Renewal Schools. The Resolution would point out that the Renewal Schools program is a massive, \$150 million investment to improve struggling schools. The Resolution would note that the City DOE is holding these schools accountable for meeting aggressive improvement goals and benchmarks.

Preconsidered Resolution No. would point out that each Renewal School will become a community school with powerful interventions to eliminate barriers to learning. The Resolution would state that every Renewal School will have the proven reform of extended learning time available for each student, every day. The Resolution would indicate that furthermore, the DOE plans to have each Renewal School undergo a top to bottom review of staff, curriculum, and support structures, with targeted, evidence-based interventions developed for each school, including in some cases school-wide re-staffing plans.

The Resolution would state that Renewal Schools that do not make sufficient progress shall face a DOE-ordered re-organization, including closure. Preconsidered Resolution No. would indicate that the New York City Chancellor of the DOE has already replaced several principals mid-year. The Resolution would state that the Renewal Schools program is already showing early results, such as at the Boys and Girls High School where they have seen positive indicators of increased attendance and higher credit accumulation, and where there has been a decrease in suspensions. The Resolution would note that there has been an increase in the percentage of 9th graders who are on track to earn the necessary credits to graduate at Automotive High School.

The Resolution would indicate that the Governor's Executive Budget proposal includes a plan wherein the Commissioner of the State Education Department (SED) can designate for receivership districts in the lowest achieving 2.5% statewide and schools in the lowest achieving 5%, as defined by State tests, graduation rates and other performance data. The Resolution would note that under this proposal, the SED Commissioner can appoint a person, another district, or a non-profit entity to take over the school or district. The Resolution would state that additionally, under this proposal, the receiver can convert a struggling school to charter status without a vote of the parents. The Resolution would indicate that furthermore, under this proposal, the receiver will have the power to unilaterally change budgets, curriculum, collective bargaining agreements, school schedules, and staffing. Preconsidered Resolution No. would point out that the receivership model has no consistent evidence of efficacy in improving school performance. Finally, the Resolution would state that the Council of the City of New York calls upon the New York State Legislature to reject the Governor's receivership proposal for New York City.

Accordingly, this Committee recommends its adoption.

Res. No. 634

Resolution calling upon the Council of the City of New York to recognize and commemorate April as Jazz Appreciation Month.

By Council Members Cumbo, Van Bramer, Cabrera, Eugene, Mendez, Rose and Cohen.

Whereas, Jazz, an original American art form, distinct from all other music for its improvisation, emerged from the work songs, spirituals and other music of enslaved Africans in what would become the United States, and is now played all over the world; and

Whereas, The power of jazz in American history, society, and culture is immeasurable and immutable, having shaped our country's national identity, brought people of different races and classes together, and fueled and documented the struggle for freedom and justice in the United States, in particular the civil rights movement; and

Whereas, In 1987 the United States Congress recognized jazz as "a rare and valuable national American treasure;" and

Whereas, As early as 1922, when Mamie Smith and her Jazz Hounds played at the Lafayette Theater in Harlem, New York City has been fertile soil for jazz, its players, and listeners, with venues like Small's Paradise, Blue Note, Birdland, Lenox Lounge, the Jazz Standard, Iridium, the Cotton Club, Tony's Club Grandean, Dizzy's Club Coca Cola, the Blue Coronet, Café Society, the Village Vanguard, the Alhambra Ballroom and more; and

Whereas, Jazz legends, Louis Armstrong, Miles Davis, Duke Ellington, Betty Carter, James Hubert, and others have lived in New York City; and

Whereas, There are many institutions in New York City committed to the history and growth of jazz here, including the National Jazz Museum in Harlem, Jazz at Lincoln Center, the Central Brooklyn Jazz Consortium, the Center for Jazz Studies

at Columbia University, and jazz programs at the New School, the Manhattan School of Music, New York University, City College of New York and others; and

Whereas, The Smithsonian Institution's National Museum of American History, as well as the State of Florida, and the City of Philadelphia, recognize April as Jazz Appreciation Month; and

Whereas, The United States Conference of Mayors passed a resolution urging mayors to celebrate the month of April as Jazz Appreciation Month; now, therefore, be it

Resolved, That the Council of the City of New York recognizes April as Jazz Appreciation Month in the City of New York.

Referred to the Committee on Cultural Affairs, Libraries and International Intergroup Relations.

Any increase in assessed value from the preceding year in excess of the physical increase reflected in the current assessed value, such physical increase limited as provided in the preceding sentence, shall be subject to the limitations on increases provided in subdivisions one, two and three of section eighteen hundred five of the real property tax law. In no event shall the assessed value of the affected real property appearing on an assessment roll completed for any given year from two thousand fifteen to two thousand twenty exceed what the assessed value would have been that year but for any physical decreases or physical increases reflected in the assessed values on the assessment rolls completed from two thousand thirteen to two thousand twenty.*

b. *For affected real property for which the assessed value on the assessment roll completed in two thousand fourteen or two thousand fifteen reflects a physical increase, the assessed value as it appeared on the assessment roll completed in two thousand fifteen shall be recalculated as if the limitation in paragraph a of this subdivision had been in effect for the assessment rolls completed in two thousand fourteen and two thousand fifteen. The recalculation of the assessed value that*

appeared on the assessment roll completed in two thousand fifteen shall not affect the amount of taxes that were due and payable for the fiscal year beginning on the first of July, two thousand fourteen. The assessed value on the assessment rolls completed for each of the years from two thousand sixteen to two thousand twenty shall be subject to the limitation on increases provided in paragraph a of this subdivision. Notwithstanding section fifteen hundred twelve of the charter and any other provision to the contrary, the commissioner of finance is authorized to correct as provided in this paragraph the assessed value of affected real property appearing on the assessment roll completed in two thousand fifteen. Such correction shall be made no later than ninety days after the effective date of a local law adopted in accordance with this section.

c. Notwithstanding paragraphs a and b of this subdivision, in the event that the total square footage of the improvements on the affected real property appearing on any assessment roll completed from two thousand fourteen to two thousand twenty exceeds the total square footage of the improvements on the property appearing on the assessment roll completed in two thousand twelve, the amount of the aggregate physical increase shall not exceed the amount computed by multiplying the sum of the physical increases as calculated subject to this subdivision by a fraction, the numerator of which is equal to the amount of the total square footage of the improvements on the property for the current assessment roll, and the denominator of which is equal to the amount of the total square footage of the improvements on the property for the assessment roll completed in two thousand twelve. For purposes of this paragraph, if improvements on the property located below grade were not included in the total square footage of the improvements on the property for the assessment roll completed in two thousand twelve, such improvements shall not be included in the total square footage for subsequent assessment rolls if the improvements were moved above grade or other building elevations were constructed on the property to prevent or mitigate flooding as part of reconstruction or repair in connection with the damage caused by the severe storm that occurred on the twenty-ninth and thirtieth of October, two thousand twelve.

5. Rulemaking. The commissioner of finance shall be authorized to promulgate rules necessary to effectuate the purposes of this section.

§ 2. This act shall take effect on the same date as a chapter of the laws of 2015 amending the real property tax law relating to the assessment of real property damaged by the severe storm that occurred on the twenty-ninth and thirtieth of October, two thousand twelve in a city having a population of one million or more, as proposed in legislative bill numbers A. 5620-B/S. 3688-B, takes effect.

A Local Law to amend the administrative code of the city of New York and the New York city building code, in relation to the use of recycled aggregate in concrete.

Be it enacted by the Council as follows:

Section 1. Legislative findings and intent. The use of recycled materials in construction is a well-established and environmentally responsible option for the sub-base courses and foundation layers of concrete construction. In addition to reducing the need to dispose of discarded concrete, utilizing recycled content reduces the quarrying and transportation of virgin materials. There is a plentiful supply of waste material in New York city available to be used as recycled content in supporting

layers of concrete. Although concrete with recycled content has been demonstrated to meet or exceed all applicable state and federal specifications, this legislation only impacts the composition of materials used in embankments, sub-base courses below concrete pavement or concrete slabs. This legislation does not impact concrete mixes themselves.

§2. Sections two and three of local law number 71 of the year 2011 are REPEALED.

§3. Section 19-101 of the administrative code of the city of New York is amended by adding new subdivisions e, f, g, h, i, j, k, l and m to read as follows:

e. "Aggregate" shall have the same meaning as such term is defined in chapter nineteen of the New York city building code.

m. "Sub-base course" shall mean a layer of material of specified thickness constructed between the base layer of a pavement or slab and the underlying supporting soils to serve one or more functions such as distributing loads, providing drainage or minimizing frost action.

§4. Section 19-113 of the administrative code of the city of New York is amended to read as follows:

§19-113 Construction generally. *a. Streets of twenty-two feet in width and upward shall have sidewalks on each side thereof.*

b. The materials and construction of streets, including the width of the sidewalks thereon, shall fully conform to department specifications for such work, all of which shall be prescribed by the commissioner and kept on file in his or her office.

c. Reserved.

d. 1. Department specifications for streets shall include a requirement that sub-base courses shall be composed of not less than twenty-five percent recycled concrete, glass or other recycled aggregate material approved by the commissioner, as measured by weight.

2. The commissioner may waive compliance with this subdivision if the commissioner, after consulting with the owners or operators of transfer stations for clean fill located within the city, finds that a sufficient supply of suitable recycled material is not available.

3. This subdivision shall not apply to sub-base course materials used in a project where the content of sub-base course materials is governed by a federal or state law, rule, regulation, guideline or specification that requires a different composition.

4. *This subdivision shall not apply to bridges, tunnels and overpasses or structures appurtenant thereto under the jurisdiction of the department.*

§ 5. Section BC 1902 of the New York city building code, as added by local law number 33 for the year 2007, is amended by adding, in alphabetical order, definitions of “RECYCLED CONCRETE” and “SUB-BASE COURSE” to read as follows:

RECYCLED CONCRETE. *Hardened concrete that has been processed for reuse, usually as aggregate.*

SUB-BASE COURSE. *A layer of material of specified thickness constructed between the base layer of a pavement or slab and the underlying supporting soils to serve one or more functions such as distributing loads, providing drainage or minimizing frost.*

§ 6. Chapter 19 of the New York city building code, as added by local law number 33 for the year 2007, is amended by adding a new section 1910.2 to read as follows:

1910.2 Minimum recycled content in sub-base course. *Sub-base course shall consist of not less than twenty five percent recycled concrete, glass, or other recycled aggregate material approved by the commissioner, as measured by weight.*

Exceptions:

1. *The commissioner may waive compliance with this section if the commissioner finds that a sufficient supply of suitable recycled material is not available after consultation with the commissioner of transportation and with the owners or operators of transfer stations for clean fill located within the city.*

2. *This section shall not apply to sub-base course materials used in a project where the content of sub-base course materials is governed by a federal or state law, rule, regulation, guideline or specification that requires a different composition.*

3. *This section shall not apply to sub-base course materials used as part of a sub-slab depressurization system.*

1910.2.1 Specifications for recycled content in sub-base course. *Recycled concrete and other recycled aggregate in sub-base course shall comply with items 1 through 4 of this section.*

§ 9. Subdivision k of section 19-101 of the administrative code of the city of New York, as added by section 3 of this local law, is amended to read as follows:

k. [Reserved.] *"Reclaimed asphalt pavement" shall mean asphalt pavement that has been processed for reuse in asphaltic concrete.*

Resolution recognizing this and every April as Autism Awareness Month in the City of New York.

By Council Members Ulrich, Arroyo, Cabrera, Chin, Constantinides, Deutsch, Eugene, Johnson, Levine, Rose, Vallone, Cohen, Levin, Koslowitz, Weprin, Williams, Richards, Miller, Rosenthal, Rodriguez and Lander.

Whereas, According to Autism Speaks (AS), autism and autism spectrum disorder, also called ASD, are both general terms for a group of complex disorders of brain development; and

Whereas, The New York City Department of Health and Mental Hygiene (DOHMH) advises that autism is a physical condition linked to abnormal biology and chemistry in the brain; and

Whereas, DOHMH further advises that the exact causes of these abnormalities remain unknown, but this is a very active area of research, and that there are probably a combination of factors that lead to autism; and

Whereas, DOHMH states that these disorders are characterized, in varying degrees, by difficulties in social interaction, verbal and nonverbal communication and repetitive behaviors; and

Whereas, DOHMH also informs that many parents of autistic children see some of the symptoms of autism by the time the child is 18 months, and seek help by the time the child is age 2; and

Whereas, DOHMH also says that children with autism typically have difficulties in areas such as pretend play, social interactions and verbal and nonverbal communication; and

Whereas, The Centers for Disease Control and Prevention (CDC) estimates that 1 in 68 children (or 14.7 per 1,000 eight-year-olds) in multiple communities in the

United States has been identified with ASD, and that this new estimate is roughly 30 percent higher than previous estimates reported in 2012 of 1 in 88 children (11.3 per 1,000 eight year olds) being identified with an ADS; and

Whereas, the CDC also reports that the data continue to show that ASD is almost five times more common among boys than girls: 1 in 42 boys versus 1 in 189 girls, and that Caucasian children are more likely to be identified as having ASD than are Black or Hispanic children; and

Whereas, The CDC reports that ASD is treatable by early intervention services that help children from birth to 3 years old learn important skills, and that services can include therapy to help the child talk, walk, and interact with others; and

Whereas, According to Shema Kolainu/Hear Our Voices (SK), a non-profit multi-cultural school in New York City that provides treatment, education and mentoring for persons in the autism community, several studies have shown that early, intensive instruction using such methods as Applied Behavioral Analysis (ABA) may result in dramatic improvements; and

Whereas, SK also informs that ABA therapy can develop the child's social and emotional skills, allowing them to convey their feelings either verbally or through use of what is known as an Alternative Communication device, which can range from a simple picture board to touch-screen voice output systems; and

Whereas, According to Autism Daily Newscast (ADN), finding a "cure" to ASD is tricky, because autism is a disorder that shows up as a series of symptoms, rather than as a particular biological reaction in the body; and

Whereas, ADN reports that it is possible to decrease the effect the symptoms of the disorder have on an individual, with proper interventions, and that studies have shown that intensive early behavioral interventions can improve symptoms and lead to a better quality of life in adulthood; and

Whereas, ADN also states that while no particular approach has been shown to "cure" autism, it is possible to help people with autism overcome their challenges, and for many to live happy, productive lives and

Whereas, The United Nations (UN), by resolution, established World Autism Awareness Day in 2007, observed on April 2 every year since 2008; and

Whereas, The main components of the UN resolution include, in addition to establishing April 2 as World Autism Awareness Day, the participation of UN organizations, member states and non government organizations in raising awareness of autism at all levels of society; and

Whereas, Observance of World Autism Awareness Day occurs yearly in April throughout the United States, including Chicago, Atlanta and Los Angeles; and

Whereas, On World Autism Awareness Day in 2014, in New York City, the Empire State Building and 30 Rockefeller Center, were illuminated in "autism blue"; and

Resolution recognizing June as Gun Violence Awareness Month in New York City.

By Council Members Williams, Arroyo, Cabrera, Chin, Constantinides, Eugene, Johnson, Rose, Cohen and Rodriguez.

Whereas, Gun violence is a national and local problem affecting many Americans and New Yorkers on a daily basis; and

Whereas, According to the Gun Violence Archive, there were 51,377 incidents of gun violence in the United States in 2014, resulting in 12,518 deaths and 22,886 injuries; and

Whereas, National attention is often drawn to large scale tragedies, yet there are gun violence injuries occurring every day throughout many American cities; and

Whereas, In New York City, while the number of murders dropped to 328 in 2014, the lowest since records began in 1963, the number of shootings increased from 1,103 in 2013 to 1,171 in 2014; and

Whereas, In the first two months of 2015 in New York City, there were 151 shootings, an increase of 19.8% compared with the same period in 2014; and

Whereas, Close to 75% of the murders in the City during the first two months of 2015 involved the use of a gun; and

Whereas, Gun violence disproportionately impacts certain neighborhoods and populations in the City; and

Whereas, In 2013, 74.4% of the City's shooting victims were Black and 21.6% Hispanic; and

Whereas, It is therefore clear that gun violence is a serious problem in our communities that must be addressed; and

Whereas, Furthermore, gun violence and the resulting injuries and deaths typically increase substantially in the summer months; and

Whereas, It is important for the City of New York to once again work to increase public awareness about guns and the severity of their impact on our communities; and

Whereas, Recognition of the month of June as Gun Violence Awareness Month by local and state officials will increase efforts to protect all New Yorkers, especially those who are disproportionately affected by such violence, by furthering the dialogue with our local, state and federal partners to help examine the causes of gun violence and create meaningful solutions in an effort to prevent the violence from peaking again in the summer; now, therefore, be it

Resolved, That the Council of the City of New York recognizes June as Gun Violence Awareness Month in New York City.
