INVOCATION

The Invocation was delivered by: Muhammad Shamsi Ali, Spiritual Leader of Jamaica Muslim Center, 84-42 Chapin Parkway, Jamaica, N.Y. 11432.

Let's pray.

In the name of God, most gracious, most merciful.

Praise be to God the cherisher and the sustainer of the world.

Oh, God, whose glory is found in, yes,

in majestic forms far beyond our reach,

but also any of the imperfection of the human family.

Help us to approach this hour, this day and yes everyday

in the way and many years to come,

as a gift from you full of glorious possibilities
as well as holy expectations.

Loving God, look with compassion on the whole human family.

Help us to build bridges of understanding and cooperation,

break down the walls that separate us,

and unite us in bonds of love,

and work through our struggles

to accomplish your purpose on earth that in your good time

all peoples of all races and creeds

may obtain joy and happiness, justice and prosperity

and may all live in peace and harmony.

May all of us learn to honor and enjoy our diversity

and differences as people

even as we more deeply touch our fundamental unity.

May we as people undergo a transformation

that will draw forth individuals

to lead our city and our nation

who embody courage, compassion and a higher vision.

God, guide our leaders to inspire us

with their commitment, honesty

and their ability to put harmony and partnership

over conflicts and divisions.

Enable us to inspire one another with our potentials,

both as individuals, as a group that a new spirit

of caring and sharing, love and compassion be born in our world.

Let the wounds of separation and division be healed

by opening our hearts to listen to the truth on all sides,

allowing us to find a higher truth that includes all.

May we collectively move with clear directed purpose to take our place within the community of diverse grounds to help build a better future for our society and our world, and may God continue to bless our great city of New York and bless the United States of America.
Amen.

Council Member Miller moved to spread the Invocation in full upon the record.

ADOPTION OF MINUTES

Council Member Constantinides moved that the Minutes of the Stated Meeting of May 25, 2016 be adopted as printed.

Report of the Committee on Consumer Affairs in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York, a Local Law to amend the administrative code of the city of New York, in relation to licensing ticket sellers.

The Committee on Consumer Affairs, to which the annexed proposed amended local law was referred on April 7, 2016 (Minutes, page 905), respectfully

REPORTS:

INTRODUCTION

On June 20, 2016, the Committee on Consumer Affairs, chaired by Council Member Rafael Espinal, will hold its second hearing on Proposed Int. No. 1149-A, a local law in relation to licensing ticket sellers. The first hearing on this bill was held on April 12, 2016, at which time the Committee heard testimony from the New York City Department of Consumer Affairs (DCA) and other interested stakeholders.

BACKGROUND

The New York City Administrative Code defines any person selling “goods or services” as a general vendor.¹ General vendors may not hawk, peddle, sell, or offer goods or services without first obtaining a license.² In 2011, the New York City Police Department (NYPD) began ticketing ticket sellers in the area

surrounding the Empire State Building following complaints by building owners and community members that the sellers were aggressive and were harassing pedestrians.³ Later that year, NY Skyline—a company offering a flight simulation amusement ride located inside the Empire State Building—challenged the City’s interpretation of the general vending laws as requiring their ticket sellers to be licensed.⁴ A New York State appellate court determined that tickets do not constitute goods or services and therefore a general vending license is not required to sell tickets on the City’s sidewalks.⁵ As such, ticket sellers are not subject to any licensing requirements or specific locational restrictions that apply to others that vend products or food on sidewalks.

Concerns regarding ticket sellers have once again grown in Manhattan, particularly in Times Square and Battery Park. Following an increase in the number of incidents involving costumed characters aggressively soliciting donations in exchange for taking photographs with tourists and the growth in the number of individuals posing for photographs in the Times Square pedestrian plaza, the City convened a task force to discuss quality of life issues in the plaza.⁶ The City’s task force on Times Square released recommendations to address a number of issues related to quality of life in the area, noting—in part—that ticket sellers “currently overwhelm areas of Times Square.”⁷ A survey conducted by the Times Square Alliance found that 40 percent of those surveyed said they had an “unpleasant interaction” with ticket sellers.⁸ In order to help curb issues concerning these sellers, the task force’s recommendations called for a law to “create a new category of vendors to include ticket sellers....”⁹

While there are no official statistics available on the number or types of tickets sold on New York City sidewalks, 75 to 100 individuals selling sight-seeing bus and comedy club tickets can regularly be found in the areas surrounding Times Square.¹⁰ Comedy clubs in Times Square tend to use daily workers from “street teams,” to hawk tickets on the streets.¹¹ Some of these individuals have been accused of misleading potential buyers by promising that the shows will feature prominent comedians or be part of a television taping in order to secure a purchase, even though they know such information to be untrue.¹²

Areas of lower Manhattan surrounding the Staten Island ferry terminal currently can see dozens of individuals selling tickets for helicopter rides, cruises, and other tours.¹³ The area began to see a notable uptick in ticket selling activity following the temporary closure of Ellis and Liberty Island due to damage from Superstorm Sandy.¹⁴ Prior to the storm, cruise tours provided by the sole, official provider of ferry services for the Liberty Island to the Statue of Liberty—Statue Cruises—dominated the market. However, once service to

the Statue of Liberty was suspended, other providers moved into the market, as they could now offer a comparable service.¹⁵ Employees of Statue Cruises have been attacked and threatened by ticket sellers and the company now uses private security guards in an attempt to maintain order and deter aggressive solicitation.¹⁶ Other incidents of violence have been directed at potential buyers, most notably when a ticket seller attacked a man who refused to buy a cruise tour ticket, resulting in the man's hospitalization for a fractured skull.¹⁷

Proposed Int. No. 1149-A would require that anyone selling tickets for events, tours, transportation, or other forms of amusement in a public space have a ticket seller license issued by DCA. In addition, the proposed local law would prohibit aggressive solicitation, fraud or misrepresentation relating to sales, and would prohibit venues and businesses from giving tickets to unlicensed ticket sellers.

ANALYSIS OF PROPOSED INT. NO. 1109-A

Proposed Int. No. 1149-A would add a new subchapter 34 to chapter 2 of title 20 of the Administrative Code, with new sections 20-550 through 20-559, relating to the licensure of ticket sellers. Section 20-550 would set forth the definitions for the new subchapter. "Guide" would have the same meaning as in section 20-242, which defines a guide as "any person who engages in the business of guiding or directing people to any place or point of public interest or who, in connection with any sightseeing trip or tour, describes, explains or lectures concerning any place or point of public interest to any person within the City or obtains the patronage of any person for such trip." That definition does not include any person or persons who describes, explains, or lectures concerning any place or point of public interest while aboard a sightseeing boat or vessel regularly engaged in scheduled trips around Manhattan. "Mode of transportation" would mean any device used to transport people or property on street, highway, body of water, or in the air, including both motorized and non-motorized devices. "Place of entertainment" would mean any entertainment facility, such as a theater, stadium, arena, racetrack, museum, amusement park, observatory, or other place where attractions, performances, concerts, exhibits, sports, or contests are held, for which an entry fee is charged. "Public space" would mean all publicly owned property that is between the property lines on a street, as such property lines are shown on the City Record, including but not limited to, a park, plaza, pedestrian plaza, roadway, shoulder, tree space, sidewalk, or parking space, as well as publicly owned or leased land, buildings, piers, wharfs, stadiums, and terminals. "Guided tour" would mean any event with a guide. "Ticket" would mean any evidence of the right to enter or participate in any place of entertain, mode of transportation, or guided tour. "Ticket seller" would mean a person who: (1) vends tickets in a public space; or (2) provides tickets to another person for vending in a public place. Ticket sellers would not include places of entertainment, modes of transportation, guided tours, or those vending tickets for a mode of transportation operating on behalf of the City or pursuant to a contract with the City. "Vend" would mean the retail hawking, peddling, selling, leasing, or offering to sell or lease tickets. "Vend in an aggressive manner" would mean: (1) approaching or speaking to a person, or following a person before, during or after vending, if that conduct is intended or is likely to cause a reasonable person to fear bodily harm, damage to or loss of property, or the commission of any offense defined in New York State Penal Law § 10, or to be intimidated into giving money or something else of value; (2) intentionally blocking or interfering with the safe or free passage of a pedestrian or vehicle while vending by any means; (3) intentionally touching or causing physical contact with another person without their consent while vending, or intentionally touching or causing physical contact with a person in the company of another being vended to without their consent; or (4) using violent or threatening gestures while vending.

Section 20-551 would require ticket sellers to have a license issued by DCA. It would also make it illegal to sell, give, or otherwise transfer any tickets that would be sold in a public place to an unlicensed ticket seller. Ticket seller licenses would be valid for no more than a year and expire on July 31 of each year. The fee for a new license or renewal would be \$45, prorated to the effective date of the license.

Any applicant for a ticket seller license would be required to file an application, as prescribed by DCA. The application would require, at a minimum: (1) the applicant's name and at least one piece of valid photo identification issued by a government; (2) the address of any person on whose behalf the applicant vends, if any, or the applicant's home address; (3) a recent full-face photograph of the applicant; and (4) if the applicant is not a resident of the City, the name and address of a registered agent within New York City, or a designation of DCA as their agent. If any information on the application changes, the licensee would be required to notify DCA within 10 days.

Once an application is approved, DCA would be required to issue a license, which would not be transferable. Licenses would include the licensee's name and photograph, as well as their license number. DCA would be permitted to promulgate rules exempting non-profits from compliance with licensing requirements.

Section 20-552 would provide for the denial of a license in certain circumstances. DCA could refuse to issue or renew a license: (1) if the applicant has pending any unanswered summons, unsatisfied fines, or penalties for violations related to a ticket seller license or any general DCA licensing provisions; or (2) for any cause related to a ticket seller license or any general DCA licensing provisions that is set forth as a ground for suspension, or revocation, or non-renewal. DCA must refuse to issue or renew a license if they become aware that an applicant: (1) is convicted of a misdemeanor for aggressive vending; (2) has failed to answer or appear for a summons, or pay a penalty for violations related to a ticket seller license or any general DCA licensing provisions two or more times within a year; or (3) has been convicted of a crime while acting as a ticket seller.

Section 20-553 would provide that, unless otherwise specifically provided, notice and hearings regarding the denial, suspension, or revocation of a ticket seller license or the imposition of penalties would be in accordance with chapter one of title 20—which sets forth general provisions related to DCA license enforcement—and any rules promulgated pursuant to that chapter.

Section 20-554 would require that ticket sellers display their license and wear certain identifying apparel. Ticket sellers would be required to wear their license conspicuously at all times while engaged in vending and to exhibit their license upon demand to any police officer or other authorized City employee. In any civil or criminal action or proceeding for a violation related to ticket selling, failure by a ticket seller to exhibit their license would be presumptive evidence that such person is not licensed.

Ticket sellers would be also be required to wear a jacket, vest, or other apparel on their upper body as the outermost garment while vending. The apparel must include the seller's license number and the name of any business on whose behalf they are vending, if any, in a font that is readable from at least ten feet away.

Section 20-555 would require ticket sellers to keep written records as prescribed by DCA and to make such records available for inspection by an authorized City employee. Ticket sellers would be required to allow inspection of their records and to provide information relating to the tickets, including the name and address of the each business whose tickets are being vended.

Section 20-556 would set forth restrictions on ticket sellers. Ticket sellers would be prohibiting from:

- (1) vending in an aggressive manner;
- (2) vending within at a bus stop, unless vending on behalf of a business that is authorized to operate at the stop;
- (3) vending within a taxi stand, within the portion of the sidewalk abutting any 'no standing' zone adjacent to a hospital, within 10 feet of any driveway, within 20 feet of any subway entrance or exit, or within 10 feet any corner;
- (4) vending in the bed of a road or restricting the continued maintenance of a clear passageway for pedestrians or vehicles;

(6) vending on the median strip of a divided roadway, unless the strip is intended for use as a pedestrian mall;

(7) vending in a park without written authorization from the Department of Parks and Recreation;

(8) vending on any street in the area bounded by Broadway on the east, Liberty Street on the south, West Street on the west, and Vesey Street on the north;

(8) using equipment, stands, vehicles, racks, or displays in connection with vending that is not carried at all times, except as necessary to accommodate a disability; or

(9) making fraudulent, misrepresentative, or false statements related to vending tickets.

Ticket sellers would be permitted to vend in a pedestrian plaza pursuant to Department of Transportation rules. Where exigent circumstances exist and a police officer or City employee tells a ticket seller to temporarily move from any location, a ticket seller would be required to comply. For purposes of this subdivision, exigent circumstances would include, but not be limited to, unusually heavy pedestrian or vehicular traffic, existence of any obstructions in the public space, an accident, fire or other emergency situation, a parade, demonstration, or other such event or occurrence at or near such location.

Section 20-557 would address suspensions and revocations of ticket seller licenses. Any ticket seller license could be suspended or revoked for any of the following causes:

(1) fraud, misrepresentation, or false statements contained in the application for the license or any renewal application;

(2) fraud, misrepresentation, or false statements made in connection with ticket selling;

(3) violation of any laws or rules related to general DCA license enforcement; and

(4) four or more violations of any laws or rules related to ticket selling issued on different days within a two-year period.

DCA must revoke a ticket seller's license if they become aware that an applicant: (1) is convicted of a misdemeanor for aggressive vending; (2) has failed to answer or appear for a summons, or pay a penalty for violations related to a ticket seller license or any general DCA licensing provisions two or more times within a year; or (3) has been convicted of a crime while acting as a ticket seller. DCA would also be authorized to revoke the license of a seller if they determine that continued licensure would pose an exigent danger to the public.

Section 20-558 would allow authorized DCA employees, NYPD, and any agency designated by DCA, the power to enforce any laws and rules related to ticket selling. Police officers would also be authorized to seize tickets sold by an unlicensed seller.

Section 20-559 would set forth the penalties for violations of laws and rules related to ticket selling. Any person who vends without a ticket seller license or who vends aggressively, or who causes another person to commit such violations, would be guilty of a misdemeanor punishable by a fine of \$250 to \$1,000, or by imprisonment of up to 90 days, or by both such fine and imprisonment. In addition, any person who violates any law or rule relating to ticket selling, or who causes another person to commit such violations, would face the following fines:

(1) for the first violation, a fine of \$25 to \$50;

(2) for the second violation issued for the same offense within a year, a fine of \$50 to \$100;

(3) for the third violation within two years, a fine of \$100 to \$250; and

(4) for any subsequent violations within two years, a fine of not more than \$500.

In addition, any person who violates any law or rule relating to ticket selling, or who causes another person to commit such violations, would face the following civil penalties, in addition to any fines levied:

(1) for the first violation, a civil penalty of \$25 to \$50;

(2) for the second violation issued for the same offense within a year, a civil penalty of \$50 to \$100;

(3) for the third violation within two years, a civil penalty of \$100 to \$250; and

(4) for any subsequent violations within two years, a civil penalty of not more than \$500.

There would be a rebuttable presumption that any violation of a law or rule related to ticket selling was caused by the business whose ticket is vended and/or the person on whose behalf the ticket is vended. A proceeding to recover any civil penalty would be commenced by service of a notice of violation returnable to the Office of Administrative Trials and Hearings.

Section two of Proposed Int. No. 1149-A would require that DCA begin a study of pedestrian mobility and safety in location where ticket sellers vend by September 1, 2016. No later than February 1, 2017, DCA, in consultation with the Department of Transportation and NYPD, must issue to the Mayor and the Council recommendations on whether it is advisable to restrict the portions of the sidewalk where ticket sellers may vend, limit such vending to the portion of the sidewalk that is at or near the curb, limit the number of ticket seller licenses, and/or limit the locations in which ticket sellers may vend in order to improve pedestrian mobility and public safety.

Section three of Proposed Int. 1149-A would provide that if any clause, sentence, paragraph, section or part of the proposed local law is found to be invalid, such judgment would not affect, impair or invalidate the remainder of the law.

Section four of Proposed Int. 1149-A states that the proposed local law would take effect on August 15, 2016, except that DCA may take all actions necessary for its implementation, including the promulgation of rules and processing of applications, prior to such effective date.

**THE COUNCIL
OF THE CITY OF NEW YORK
FINANCE DIVISION
LATONIA MCKINNEY, DIRECTOR
FISCAL IMPACT STATEMENT**

**PROPOSED INTRO. NO.: 1149-A
COMMITTEE: Consumer Affairs**

TITLE: A Local Law to amend the administrative code of the city of New York, in relation to licensing ticket sellers **Sponsor:** By Council Members Garodnick, Chin and Cohen

SUMMARY OF LEGISLATION: Proposed Intro. 1149-A would require that anyone selling tickets for any place of entertainment, mode of transportation, or guided tour in a public space have a ticket seller license issued by the Department of Consumer Affairs. The legislation would also set forth the rules and regulations that must be followed by licensed ticket sellers and impose civil penalties for violations of those rules and regulations. In addition, the legislation would require the Department of Consumer Affairs to conduct a pedestrian safety and mobility study to recommend whether it would be advisable to restrict the portions of the sidewalk or locations where ticket sellers may vend or the number of available ticket seller licenses.

EFFECTIVE DATE: This local law would take effect August 1, 2016; except that the Commissioner of the Department of Consumer Affairs would take all actions necessary for its implementation, including the promulgation of rules and the processing of applications prior to such effective date.

FISCAL YEAR IN WHICH FULL FISCAL IMPACT ANTICIPATED: FISCAL 2018

FISCAL IMPACT STATEMENT:

	Effective FY17	FY Succeeding Effective FY18	Full Fiscal Impact FY17
Revenues (+)	\$45,000	\$45,000	\$45,000
Expenditures (-)	\$110,000	\$45,000	\$110,000
Net	\$65,000	\$0	\$65,000

IMPACT ON REVENUES: It is estimated that there would be an impact on revenue as a result of this legislation; however the exact impact is unknown at this time. While it is anticipated that there would be no impact on revenues from the collection of civil penalties as full compliance is expected, revenues would be impacted by the collection the license fees. However, the amount that would be collected would be based on the number of licenses issued and renewed and the number of ticket sellers in New York City who would seek such a license is currently unknown. Unofficial estimates of the number of ticket sellers in the areas where they most frequently vend (crowded tourist areas like Battery Park, the World Trade Center site, and Times Square) lead Council Finance to believe there may be less than 1,000 licenses issued and renewed annually. It is believed that Times Square has fewer than 200 ticket sellers at the peak period of Saturday evening, while Lower Manhattan has about 80 ticket sellers at its peak of Saturday afternoon. Revenues will largely be offset by the expense of processing the licenses. While the exact demand for licenses is unknown, for the purposes of this fiscal impact it is estimated that 1,000 licenses will be issued annually.

IMPACT ON EXPENDITURES: It is estimated that there would be some impact on expenditures resulting from the enactment of this legislation, but such expenditures would also depend on the number of ticket seller licenses issued and enforced. Such expenditures would involve hiring of additional compliance officers, but would likely largely be offset by the revenues derived from the license fees. Based on expected demand for licenses, it is expected that at most one new full time hire would be needed to implement this legislation. As a result, the ongoing net financial impact to the City's budget is expected to be zero. However, in there will be one-time costs associated with the implementation of this legislation, including \$15,000 to design and publish informational materials about the new law, and \$50,000 to complete the pedestrian mobility and safety study, for a net expense cost of \$65,000 in the first fiscal year.

§ 20-558 Enforcement and rules. a. Authorized officers and employees of the department, and any department designated by the commissioner, as well as any police or peace officer, shall have the power to enforce any provision of this subchapter or any rule promulgated pursuant to this subchapter. RE: Finance Committee Agenda of June 21, 2016 - Resolution approving a tax exemption for eleven Land Use items (Council Districts 8, 11, 17, 27, 31, and 35)

Item 1: 603 Pontiac Place

603 Pontiac Place is a new construction project that will consist of 1 building with 25 units of rental housing. The units will be a mix of one- and two-bedroom units, and the building, which will be constructed on what is now a vacant lot, will also include approximately 6,046 square feet of community facility and/or commercial space and 1,561 square feet of tenant storage space.

The project is being constructed under the Department of Housing Preservation and Development's ("HPD") Neighborhood Construction Program which sponsors purchase City-owned or privately owned land or vacant buildings and construct multifamily buildings in order to create up to 30 units of affordable rental housing on infill sites. Construction and permanent financing is provided through loans from private institutional lenders and from public sources including HPD, the State of New York, and the federal government. Additional funding may also be provided from the syndication of low-income housing tax credits. The newly constructed buildings provide rental housing to low-, moderate-, and middle-income families.

Under the proposed project, the property will be owned by HP Jackson Avenue Housing Development Fund Company, Inc. ("HDFC") as legal and fee owner and 603 Pontiac Associates, LLC as beneficial owner. The LLC will construct on the property. The HDFC and the LLC will enter into a regulatory agreement with HPD establishing that all units must be rented to households whose incomes do not exceed 90% of Area Median Income ("AMI"). In 2015, 90% of AMI was as follows:

AMI	Family of Four	Family of Three	Family of Two	Individual
90%	\$77,670	\$69,930	\$62,190	\$54,450

In order to facilitate the project, HPD is requesting that the Council approve, pursuant to Section 577 of the Private Housing Finance Law, a full, 40-year property tax exemption that will be coterminous with the term of the regulatory agreement.

Norwood Gardens is a new construction project that will consist of 1 building with 118 units of rental housing. In addition, there will be approximately 10,890 square feet of community facility/commercial space, and approximately 2,480 square feet of recreational space. The project is being developed under HPD's Mixed Income Program through which sponsors purchase City-owned or privately owned land or vacant buildings and construct multifamily buildings in order to create affordable rental housing units with a range of affordability in which at least half of the units are affordable to low-income households earning up to 60% of AMI and the remaining units are affordable to other low-income households.

On May 25, 2016, the Council approved Resolution 1082 (the “Prior Resolution”) granting the property a full, 40-year exemption from real property taxes. In exchange, the HDFC agreed to enter into a regulatory agreement with HPD requiring that the housing units remain affordable for at least 40 years.

In granting the tax exemption, the Prior Resolution did not explicitly set forth the uses of the community facility portion of the project which would qualify for an exemption. Specifically, those uses would include a job counseling or training service provider, pre-kindergarten or day care, senior center, or federally qualified health center. Therefore, HPD is requesting that the Council amend the Prior Resolution to so clarify.

- Block/Lot – 3330/52
- Number of Buildings – 1
- Number of Units – 118

Item 3: Story Avenue West

Story Avenue West is a new construction project that will consist of 1 building with 223 units of rental housing. The project is the second part of a two-phase, mixed-use project located in the Soundview neighborhood in the Bronx. Both phases of the project will be constructed on the northern end of the existing Lafayette-Boynton complex, a former Mitchell-Lama development that consists of four 19-story residential towers. The first phase of the project, Story Avenue East, will include a 12-story building on the northeastern end of the site, where there is currently a parking lot.

The project is being developed under HPD's Mixed Income Program through which sponsors purchase City-owned or privately owned land or vacant buildings and construct multifamily buildings in order to create affordable rental housing units with a range of affordability in which at least half of the units are affordable to low-income households earning up to 60% of AMI and the remaining units are affordable to other low-income households.

Under the proposed project, which will be financed with funds provided by HPD and HDC and low-income housing tax credits, HP Story Avenue HDFC will acquire the property and Story Avenue West Residential LLC will be the beneficial owner and will operate the property. The HDFC and the LLC will construct the building.

The HDFC and the LLC will enter into a regulatory agreement with HPD establishing that all units must be rented to households whose incomes do not exceed 30%, 50%, 60%, 90%, or 125% of AMI. In 2015, those AMIs were as follows:

30%	\$25,890	\$23,310	\$20,730	\$18,150

In order to facilitate the project, HPD is requesting that the Council approve, pursuant to Section 577 of the Private Housing Finance Law, a full, 40-year property tax exemption that will be coterminous with the term of the regulatory agreement.

Item 4: Montauk Apartments

Montauk Apartments is a preservation project consisting of 3 building with 128 units of rental housing and 1 superintendent's unit. Under the proposed project, HP Montauk Apartments HDFC, will acquire the fee interest in the property and Montauk Housing, LLC will acquire the beneficial interest and will operate the property. The HDFC and the LLC will finance the acquisition of the property with a private loan. Eligible tenants will continue to receive project-based Section 8 rent subsidies.

The HDFC and the LLC will enter into a regulatory agreement with HPD establishing that all units must be rented to households whose incomes do not exceed 50% of AMI. In 2015, 50% of AMI was as follows:

AMI	Family of Four	Family of Three	Family of Two	Individual
50%	\$45,300	\$40,800	\$36,250	\$31,750

In order ensure affordability of the property, HPD is requesting that the Council approve, pursuant to Section 577 of the Private Housing Finance Law, a partial, 40-year property tax exemption that will be coterminous with the term of the regulatory agreement.

Seagirt Housing consists of 1 building with 151 units of rental housing for low-income senior citizens. Seagirt Housing Development Fund Corporation (“HDFC”) developed the project under the Section 202 Supportive Housing Program for the Elderly, with financing and operating subsidies from the United States Department of Housing and Urban Development (“HUD”) and a tax exemption from the City.

On March 23, 2009, in order to facilitate the refinancing of the property’s HUD mortgage in order to fund needed repairs and decrease debt service, the Council approved Resolution 1967 (the “Prior Resolution”) granting the property a partial, 30-year exemption from real property taxes. In exchange, the HDFC agreed to enter into a regulatory agreement with HPD requiring that the housing units remain affordable to low-income seniors for at least 30 years.

In granting the tax exemption, the Prior Resolution incorrectly referenced Section 577 of the Real Property Tax Law rather than Section 577 of the Private Housing Finance Law. HPD is now requesting that the Council make a technical correction to the Prior Resolution in order to reference the appropriate section of law.

Summary:

- Council District – 31
- Council Member – Richards
- Council Member approval – Yes
- Borough – Queens
- Block/Lot – 15810/30

480 St. Marks Avenue is a preservation project consisting of 1 building with 71 units of rental housing. 480 St. Marks Avenue is one building in the Alma Realty Corp. Brooklyn Portfolio, otherwise known as the Apartments at Prospect Place. The portfolio is an adaptive reuse project of the Brooklyn Jewish Hospital, which was constructed in the early 20th Century, and is comprised of 540 residential units and a grocery store in 7 buildings. Alma applied for J-51 real estate tax abatements for the rehabilitation work to convert the

property to residences, and proactively issued rent-stabilized leases to tenants in anticipation of receiving the tax benefit. However, when the project was not granted the tax benefit, Alma subsequently provided tenants with market-rate leases upon lease renewal and stopped registering the rents with the State Division of Housing and Community Renewal as rent-stabilized apartments.

In response to requests from elected officials, the tenants, and HPD, Alma Realty Corp. has agreed to keep the properties affordable in exchange for receiving partial, 30-year Article XI exemptions for each property, with varying shelter rent payments by property.

Under the proposed project, 480 St. Marks Avenue LLC will convey the fee interest in the property to 480 St. Marks Avenue HDFC. The LLC will remain the beneficial owner and will continue to operate the property. The HDFC and the LLC will enter into a regulatory agreement with HPD establishing that all units must be rented to households whose incomes do not exceed 120% of AMI. Report of the Committee on Housing and Buildings in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York, a Local Law to amend the administrative code of the city of New York, the New York city plumbing code and the New York city building code, in relation to gender-neutral single-occupant bathrooms.

The Committee on Housing and Buildings, to which the annexed proposed amended local law was referred on August 13, 2015 (Minutes, page 3164), respectfully

REPORTS:

Introduction

On June 20, 2016, the Committee on Housing and Buildings, chaired by Council Member Jumaane D. Williams held a hearing to consider Int. No. 871-A.

The Committee previously considered Int. No. 871-A at a hearing on January 14, 2016. The Committee received testimony from representatives of the New York City Commission on Human Rights, legal service providers, and other interested members of the public.

Int. No. 871-A

Int. No. 871-A would require single-occupant toilet rooms to be usable by persons of any gender.

Section one of Int. No. 871-A would amend article 315 of title 28 of the administrative code of the city of New York, which lays out certain retroactive requirements, to add a new section 28-315.9 which would require that single-occupant toilet rooms be usable by persons of any sex in accordance with section 403.2.1 of the New York city plumbing code by not later than January 1, 2017

Section two of Int. No. 871-A would amend section PC 202 of the New York city plumbing code, which contains definitions. The amendment would define single-occupant toilet rooms as rooms with no more than one water closet and no more than one urinal and provide an exception to the definition for toilet rooms with one urinal and a door to such room that is not securable from within.

Section three of Int. No. 871-A would amend note j of table 403.1 of the New York city plumbing code, which lays out the minimum number of required plumbing fixtures, to clarify certain instances where section 403.2.1 would be applicable and to change the term unisex to single occupant.

Section four of Int. No. 871-A would amend section 403.1 of the New York city plumbing code, which lays out the minimum number of required plumbing fixtures, by adding a new section 403.1.3. New section 403.1.3 would provide that fixtures located within single-occupant toilet rooms, other than those located within toilet rooms where egress is through a room permissibly restricted by sex, are permitted to be included in the number of fixtures required for either male or the female occupants.

Section five of Int. No. 871-A would amend section 403.2 of the New York city plumbing code, which requires code-mandated plumbing fixtures to be installed in facilities separated by sex, by adding a new section 403.2.1. New section 403.2.1 would require that single-occupant toilets rooms be usable by persons of any sex by January 1, 2017, except where access is possible through a room permissibly restricted by sex.

Section six of Int. No. 871-A would amend section 403.4 of the New York city plumbing code, requiring that mandatory public facilities be designated by a legible sign for each sex, to require that mandatory public

facilities which are single-occupant toilet rooms be designated by a legible sign for all sexes by January 1, 2017.

Section seven of Int. No. 871-A amends item 4 of section 1110.2 of the New York city building code, which requires directional signage to be posted at each sex-separated toilet and bathing room indicating the location the nearest accessible family or assisted-use toilet or bathing room. The legislation would require such signage to also be posted at each inaccessible single-occupant toilet room by January 1, 2017.

Section eight of Int. No. 871-A contains the enactment clause and provides that the local law take effect 120 days after enactment, except that the commissioner of buildings, commissioner of health and mental hygiene and commissioner of consumer affairs shall take all actions necessary for its implementation, including the promulgation of rules, prior to such effective date.

Changes to Int. No. 871-A

All of the changes to Int. No. 871-A were technical edits.

Update

On June 20, 2016, the Committee adopted this legislation. Accordingly, the Committee recommends its adoption.

Report for M-415

Report of the Committee on Rules, Privileges and Elections in favor of approving the appointment of Rosanna Vargas as the Bronx County Democratic Commissioner of Elections.

The Committee on Rules, Privileges and Elections, to which the communication was referred on June 14, 2016 (Minutes, page 1560) and which same communication was coupled with the resolution shown below, respectfully

REPORTS:

Topic 1: *New York City Board of Elections – (Candidates for appointment by the Democratic Members of the Council)*

- **Rosanna Vargas**

In a communication dated June 4, 2016, the Bronx County Democratic Committee formally submitted the name of Rosanna Vargas to the Council of the City of New York, nominating her for appointment to the New York City Board of Elections (“BOE”).

The BOE consists of ten commissioners, two from each of the City’s five counties, who are directly appointed by the New York City Council. Not more than two commissioners shall be registered voters of the same county. Each commissioner serves a term of four years or until a successor is appointed. Commissioners shall be registered voters from each of the major parties in the county for which they are appointed [*New York State Election Law* § 3-200(3)].

Party recommendations for election commissioner shall be made by the County Committee, or in such fashion as the rules of a party may provide. Each of the major political parties shall be eligible to recommend appointment of an equal number of commissioners [*New York State Election Law* § 3-200(2)]. The BOE and its commissioners are responsible for the maintenance and administration of voting records and elections. The BOE also exercises quasi-judicial powers by conducting hearings to validate nominating petitions of candidates for nomination to elective office. The BOE is required to make an annual report¹ of its affairs and proceedings to the New York City Council once every twelve months and no later than the last day of January in any year. A copy of said annual report shall be filed with the New York State Board of Elections [*New York State Election Law* § 3-212(4)(a)].

At least thirty days before the first day of January of any year on which an elections commissioner is to be appointed, the Chair or Secretary of the appropriate party County Committee shall file a *Certificate of Party Recommendation* with the Clerk of the appropriate local legislative body [*New York State Election Law* § 3-204(1)]. In New York City, the City Clerk serves as the Clerk of the Council. If the Council fails to appoint an individual recommended by a party for appointment as a Commissioner within thirty days after the filing of a *Certificate of Party Recommendation* with the Council, then members of the Council who are members of the political party that filed the certificate may appoint such person. If none of the persons named in any of the certificates filed by a party are appointed within sixty days of the filing of the designating certificate, then such party may file another certificate within thirty days after the expiration of any such sixty day period recommending a different person for such appointment. If the party fails to file a *Certificate of Party Recommendation* within the time prescribed, the members of the Council who are members of such party may appoint any eligible person to such office [*New York State Election Law* § 3-204(4)].

¹ The annual report shall include a detailed description of existing programs designed to enhance voter registration. The report shall also include a voter registration action plan to increase registration opportunities [*New York State Election Law* § 3-212(4)(b)].

If at any time a vacancy occurs in the office of any election commissioner other than by expiration of term of office, party recommendations to fill such vacancy shall be made by the county committee in such fashion as the rules of the party may provide.² *Certificates of Party Recommendation* to fill such vacancy shall be filed no later than forty-five days after the creation of a vacancy. Anyone who fills a vacancy shall hold such office during the remainder of the term of the commissioner in whose place he/she shall serve [*New York State Election Law* § 3-204(5)].

BOE elects a President and a Secretary who cannot belong to the same political party [*New York State Election Law* § 3-312(1)]. The commissioners receive a \$300 per-diem for each day's attendance at meetings of the BOE or any of its committees, with a maximum of \$30,000 per year [*New York State Election Law* § 3-208].

Should the Council appoint Ms. Vargas, she will fill a vacancy and serve the remainder of a four-year term that ends on December 31, 2016.

Copies of the Candidates' résumés and their answers to the pre-hearing questions are annexed to this briefing paper.

Topic II: New York City Civil Service Commission – (Mayoral nominees for re-appointment upon advice and consent of the Council)

- **Larry Dais [M-411]**
- **Allen Cappelli [M-412]**

In a letter dated June 3, 2016, the mayor formally submitted the names of Larry Dais, a resident of Manhattan, and Allen Cappelli, a resident of Staten Island, to the Council of the City of New York, for its advice and consent, regarding their nomination for appointment to the New York City Civil Service Commission ("CSC").

New York City Charter ("Charter") § 813 (d) provides for a Civil Service Commission to hear and determine appeals by any person aggrieved by an action of the Commissioner of the New York City Department of Citywide Administrative Services ("DCAS").^[1] CSC may affirm, modify or reverse such action or determination. Any such appeal is taken by application in writing to CSC within thirty days after the action or determination appealed from. CSC is also vested with the powers and responsibilities of a municipal civil service commission under New York Civil Service Law § 26. Moreover, CSC is authorized to promulgate rules of procedure, including rules establishing time schedules, for authorized hearings and determinations.^[2] CSC, upon its own initiative, or upon request of the Mayor, Council or DCAS Commissioner, has the power and duty to conduct reviews, studies or analyses of the administration of personnel in the city, including classification of titles by the DCAS Commissioner. Charter § 813(e). CSC is also required to prepare and transmit directly to the Mayor departmental estimates. The Mayor includes these

proposed appropriations for CSC as a separate agency in the preliminary and executive budgets to assure sufficient funding for CSC to fulfill the obligations assigned to it by the Charter or other law. Charter § 813 (b).

CSC consists of five members, not more than three of whom may be members of the same political party. The members of CSC are appointed by the Mayor from a list of nominations provided by a six member Screening Committee,^[3] of whom four members are appointed by the Mayor and two by the Municipal Labor Committee. The Screening Committee submits the list of nominees upon the occurrence of a vacancy on CSC, or at least three months prior to the expiration of the term of an incumbent member. Charter § 813(b).

Members of CSC are appointed to six-year terms, and may be removed from office in the manner provided for the members of a municipal Civil Service Commission outlined in the New York State Civil Service Law. The Mayor designates a member of CSC as Chair and Vice Chair, respectively, for one-year terms. Members are reimbursed on a per-diem basis for attendance at regularly scheduled meetings and hearings of CSC. Charter § 813 (a). Report of the Committee on Small Business

Report for Int. No. 851-B

Report of the Committee on Small Business in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York, in relation to curtailing harassment of small businesses and other non-residential tenants.

The Committee on Small Business, to which the annexed proposed amended local law was referred on July 23, 2015 (Minutes, page 2947), respectfully

REPORTS:

INTRODUCTION

On Monday, June 20, 2016, the Committee on Small Business, chaired by Council Member Robert Cornegy, will hold a hearing on Proposed Int. No. 851-B, a local law that would create a private right of action against any landlord who harasses a commercial tenant with intent to cause such tenant to vacate a covered property or to waive any right under a lease or other rental agreement.

The Committee held a hearing Proposed Int. No. Int. No. 851-A, on September 25, 2015. Representatives of the Department of Small Business Services (SBS), the various Chambers of Commerce, and small business owners testified. The legislation was subsequently amended.

ANALYSIS OF LEGISLATION

PROPOSED INT. NO. 851-B

Bill section 1 would amend title 22 of the Administrative Code of the City of New York (“the Code”) by adding a new chapter 9 titled “Non-Residential Tenant Harassment” as described herein.

Section 22-901 of new chapter 9 of title 22 of the Code would provide that throughout chapter 9 the following terms have the following meanings.

The term “commercial tenant” would mean a person or entity lawfully occupying a covered property pursuant to a lease or other rental agreement.

The term “covered property” would mean any building or portion of a building that is lawfully used for any lawful business, commercial, professional services or manufacturing activities, and for which a certificate of occupancy authorizing residential use of such building or such portion of a building has not been issued.

The term “essential service” would mean a service that a landlord must furnish to a commercial tenant pursuant to a lease or other rental agreement between such commercial tenant and landlord, or pursuant to applicable law.

The term “landlord” would mean an owner of covered property or such owner’s agent.

Section 22-902 of new chapter 9 of title 22 of the Code would be titled “Commercial tenant harassment.”

Subdivision a of section 22-902 would provide that a landlord commits commercial tenant harassment by engaging in any of the following conduct with intent to cause the tenant (i) to vacate covered property or (ii) to surrender or waive any right of such tenant under a lease agreement:

1. using force against a tenant or a tenant’s invitee or making express or implied threats that force will be used against the same;
2. causing repeated interruptions or discontinuances of one more essential services;
3. causing an interruption or discontinuance of an essential service for an extended period of time;

4. causing an interruption or discontinuance of an essential service where such interruption or discontinuance substantially interferes with the tenant's business;
5. repeatedly commencing frivolous court proceedings against a tenant or a tenant's invitee;
6. removing from covered property any personal property belonging to a tenant or a tenant's invitee;
7. removing from covered property a door, window or lock or a mechanism connected to a door, window or lock;
8. preventing a tenant or a tenant's invitee from entering covered property occupied by such tenant;
9. on or near covered property commencing unnecessary construction or repairs which substantially interfere with the tenant's business;
10. engaging in any other repeated or enduring acts or omissions that substantially interfere with the comfort, repose, peace or quiet of a tenant or a tenant's invitee.

Subdivision b of section 22-902 would provide that a landlord's lawful termination of a tenancy, lawful refusal to renew or extend a lease or other rental agreement, or lawful reentry and repossession of the covered property shall not constitute commercial tenant harassment for purposes of this chapter.

Section 22-903 of new chapter 9 of title 22 of the Code would be titled "Private right of action."

Subdivision a of section 22-903 would provide that a commercial tenant may bring an action in any court of competent jurisdiction for a claim of commercial tenant harassment, and would provide further that if a court of competent jurisdiction finds that a landlord has engaged in commercial tenant harassment in relation to such commercial tenant, the court shall impose a civil penalty in an amount not less than one thousand dollars and not more than ten thousand dollars for each covered property in which such commercial tenant has been the subject of commercial tenant harassment and may further:

1. issue an order restraining the landlord from engaging in commercial tenant harassment and directing the landlord to ensure that no further violation occurs; and
2. award such other relief as the court deems appropriate, including but not limited to injunctive relief, equitable relief, compensatory damages, punitive damages and reasonable attorneys' fees and court costs.

Subdivision b of section 22-903 would provide that a commercial tenant shall not be relieved of the obligation to pay any rent for which the commercial tenant is otherwise liable. Further, section 22-903 would provide that any monetary remedy awarded to a commercial tenant pursuant to subdivision a of section 22-903 shall be reduced by any amount of delinquent rent or other sum for which a court finds such commercial tenant is liable to the landlord.

Subdivision c of section 22-903 would provide that this section does not limit or abrogate any claim or cause of action a person has under common law or by statute and that the provisions of such section are in addition to any such common law and statutory remedies.

Subdivision d of section 22-903 would provide that this chapter does not create a cause of action for a commercial tenant's invitee.

Subdivision e of section 22-903 would provide that nothing contained in this section shall be construed as granting a private right of action against New York City.

Section 22-904 of new chapter 9 of title 22 of the Code would be titled "Affirmative defenses." Such section would provide that except when commercial tenant harassment consists of the use of force or threats of force against a tenant or a tenant's invitee or making express or implied threats that force will be used against the same, or of repeatedly commencing frivolous court proceeding against a tenant or a tenant's invitee, it is an affirmative defense to an allegation of commercial tenant harassment as otherwise described in section 22-902, that (i) the condition or service interruption was not intended to cause any commercial tenant to vacate a covered property or waive or surrender any rights in relation to such covered property, and (ii) the landlord

acted in good faith in a reasonable manner to promptly correct such condition or service interruption, including providing notice to all affected lawful tenants in a covered property of such efforts, where appropriate.

Bill section 2 would provide that this local law takes effect 90 days after it becomes law.

Highlights between the B-version and the A-version

Proposed Int. No. 851-B of contains the following amendments to Section 22-901:

The definition of the term “non-residential tenant” in the A-version was replaced in the B-version with a definition for “commercial tenant.”

The definition of the term “covered property” in the A-version was amended in the B-version to refer to property that is lawfully used for a lawful business that is not subject to a residential certificate of occupancy.

Proposed Int. No. 851-B adds a definition of “essential service.”

The list of acts that form the basis of a claim of commercial tenant harassment was amended in the B-version of the bill. Proposed Int. No. 851-B adds a new subdivision b to section 22-to provide that a landlord’s lawful refusal to renew or extend a lease or rental agreement, or lawful reentry and possession of covered property shall not constitute commercial tenant harassment.

The private right of action was amended in the B-version and the affirmative defenses were updated.

FISCAL IMPACT STATEMENT

PROPOSED INTRO. NO: 851-B

COMMITTEE: Small Business

TITLE: A local law to amend the administrative code of the city of New York, in relation to curtailing harassment of small business and other non-residential tenants.

SPONSOR(S): Council Members Cornegy, Levine, Chin, Constantinides, Cumbo, Gibson, Koslowitz, Rosenthal, Johnson, Reynoso, Menchaca, Wills, Rodriguez and Lander

SUMMARY OF LEGISLATION: This legislation would prohibit commercial tenant harassment, which is defined as an act or omission by a landlord that is intended to cause a commercial tenant to vacate a property lawfully occupied pursuant to a lease or other agreement or to surrender or waive rights held under a lease or other rental agreement if such act or omission is accompanied by one of several additional acts, including, but not limited to: 1) use or threat of force; 2) causing interruptions of essential services; 3) repeatedly commencing frivolous court proceedings against the commercial tenant; or 4) interfering with entry to the premises.

The legislation would create a private right of action for a commercial tenant to make a claim of commercial tenant harassment in a court of competent jurisdiction. A court that finds that a landlord has committed commercial tenant harassment would be required to impose a civil penalty on the landlord in an amount not less than \$1,000 and not more than \$10,000 for every property in which the commercial tenant was the subject of commercial tenant harassment. The court would also be authorized to issue an order restraining the landlord from harassing the commercial tenant, and to award such other relief as the court deems appropriate, including injunctive relief, equitable relief, compensatory damages, punitive damages and reasonable attorneys' fees and court costs. The legislation further specifies that the commercial tenant would still be obligated to pay any rent for which the tenant is liable.

EFFECTIVE DATE: This local law would take effect 90 days after it becomes a law.

FISCAL YEAR IN WHICH FULL FISCAL IMPACT ANTICIPATED: Fiscal 2018

FISCAL IMPACT STATEMENT:

	Effective FY17	FY Succeeding Effective FY18	Full Fiscal Impact FY18
Revenues	\$0	\$0	\$0
Expenditures	\$0	\$0	\$0
Net	\$0	\$0	\$0

IMPACT ON REVENUES: Although the legislation would impose civil penalties for non-compliance with the legislation, full compliance with this legislation is anticipated, hence it is estimated that there would be no impact on the City's revenues.

IMPACT ON EXPENDITURES: It is estimated that there would be no impact on expenditures resulting from the enactment of this legislation because it does not impose any obligations on the City.

Report of the Committee on Technology

Report for Int. No. 868-A

Report of the Committee on Technology in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York, a Local Law to amend the administrative code of the city of New York, in relation to reporting on the implementation of next generation 911.

The Committee on Technology, to which the annexed proposed amended local law was referred on August 13, 2015 (Minutes, page 3161), respectfully

REPORTS:

I. INTRODUCTION

On Friday, June 17, 2016, the Committee on Technology, chaired by Council Member James Vacca, will hold a hearing and vote on Proposed Introduction 868-A, in relation to reporting on the implementation of next generation 911. The committee previously held a hearing on this bill on January 14, 2016.

II. NEXT GENERATION 9-1-1

A 9-1-1 standard known as Next Generation 9-1-1 ('NG911') has been developed that would permit digital information (including voice, video, pictures and text) to be transmitted from the public through an internet protocol-based system to emergency responders. This would permit, for instance, a member of the public to report an emergency condition via text message. It would also permit emergency 'calls' to be placed by other non-traditional methods, such as by video or personal safety devices, through any IP-enabled communications device. Municipal compliance with NG911 is not currently mandated by the FCC.¹

However, under an FCC rule adopted in 2014, all wireless carriers and other text messaging providers are required to deliver emergency texts, if requested by the local emergency call center. If an individual attempts to send a text to 911 where the service is not yet available, the FCC requires all wireless carriers to send an automatic "bounce-back" message advising the caller to contact emergency services by other means. Those wireless carriers that were not already supporting text-to-911 were directed to be capable of doing so by the end of 2014 and must respond to requests to deliver texts within six months of the request.² As of January, 2016, text-to-911 was available in 7 New York counties: Chemung, Monroe, Montgomery, Oneida, Onondaga, Steuben, and Rockland.³

According to the FCC, text-to-911, or similar NG911 services, "could be helpful if you are deaf, hard of hearing, or have a speech disability, or if a voice call to 911 might otherwise be dangerous or impossible."⁴ And, it has already been used for that purpose in some of the locations where it is available. On December 31, 2015, an Alpharetta, Georgia woman who is deaf observed two young children alone in a car and texted 911 to report them. Her initial text asked "Does anyone work on text?" and she received the response

“Alpharetta/Milton 9-1-1. If it is safe to do so please call 9-1-1. If not, what is the address of the emergency?” The caller and the dispatcher continued texting to fill in additional details, and an officer was successfully dispatched to the location.⁵

However, despite such successes, concerns do remain about text-to-911. For instance, the location data that Enhanced 911 systems transmit when a person calls 9-1-1 from a wireless phone is generally not transmitted when text-to-911 is used.⁶ Additionally, text messages sometimes take longer to route through the wireless network than a call from the same device. Further, they could be subject to substantial delivery delays, particularly as texts sent to 9-1-1 are not prioritized over other texts, due to technical barriers presented by the ‘store and forward’ nature of Short Message Service (‘SMS’) text systems.⁷ Finally, text messages take longer to convey less information and are therefore seen as inefficient when a voice call could have been made. A bold faced message on the FCC’s website cautions “But even where text-to-911 is available, if you are able to make a voice call to 911, and if it is safe to do so, you should always make a voice call to 911 instead.”⁸

III. ECTP and Nextgen911 in NYC

The New York City Police Department (‘NYPD’), Fire Department of the City of New York (‘FDNY’) and the FDNY Emergency Medical Services operate New York City’s 9-1-1 system and the coordination between the agencies is handled by the Office of Citywide Emergency Communication (‘OCEC’).⁹ When people with emergencies dial 9-1-1, they are connected to an NYPD call taker. Based on the nature of the emergency, the NYPD call taker transmits information to dispatchers in the NYPD, FDNY and Emergency Medical Services. NYPD receives over 30,000 calls to 9-1-1 each day.¹⁰

In 2004, the City established the Emergency Communications Transformation Project (‘ECTP’), a comprehensive effort to modernize its emergency communication system.¹¹ Those planned upgrades, however, did not include NG911, as its standards were then first being developed.¹² The ECTP project, however, suffered from mismanagement and fell behind both its schedule and budget, prompting Mayor Bill de Blasio to order an investigation in May 2014.¹³ The resulting assessment found that “[c]omponents of the program were designed in a way that will not support development of the latest 911 technology standards... and will require obsolete technology to be replaced in order to integrate NextGen 911 functionality, such as allowing text message communications with 911.”¹⁴ It also recommended that “[b]eyond the scope of ECTP work should commence to develop a longer-term strategy for 911 technologies, including but not limited to the implementation of NextGen 911.”¹⁵

The City has previously indicated some support for text-to-911, with the then-Director of OCEC even writing to the FCC in 2012 that “[w]hile voice communication to 9-1-1 is preferred, we can’t ignore that there

are situations that occur where a voice call just isn't an option... We also know that texting is now the primary way hearing and speech impaired individuals communicate electronically. There are tremendous benefits to using Next Generation 9-1-1 technology, of which texting is just one example."¹⁶ However, the immediate focus of the Administration has been on first completing the delayed elements of the ECTP project, including the Public Safety Answering Center 2 ('PSAC2'), FDNY Computer Aided Dispatch ('FDCAD'), and PSAC1 enhancements.¹⁷ Text-to-911 was therefore specifically not included among the program scope deliverables in the 2014 assessment. However, in the Technology Committee's hearing of January 14, 2016, the administration did indicate an intention to implement Next Generation 9-1-1, and text capability, in the future and an NG911 Request for Information was issued January 27, 2016.¹⁸

IV. Summary of Proposed Int. No. 868-A

Proposed Int. No. 868-A would amend Title 10 of the Administrative Code to create a new section requiring the Commissioner of Information Technology and Telecommunications, in consultation with the Police Commissioner and Fire Commissioner, to issue an annual report on the implementation of Next Generation 911 within the City's 9-1-1 emergency assistance system. The report would contain a description of the current plan, next steps, steps taken since the prior report and a description of the feasibility of implementing a text-to-911 capability prior to full implementation.

V. Changes to Proposed Int. No. 868-A

In addition to technical amendments, Proposed Int. No. 868-A has been amended in the following manner:

- The report is now required annually, until full implementation is achieved or no further implementation will occur.
- The report now requires consideration be given to an earlier implementation of text-to-911 and that the NG911 implementation plan's status and progress be updated.
- The section requiring the report now contains a sunset after which it is repealed.

Report of the Committee on Women's Issues

Report for Int No. 1122-A

Report of the Committee on Women's Issues in favor of approving, as amended, a Local Law to amend the administrative code of the city of New York, in relation to requiring that the department of correction issue feminine hygiene products to inmates.

The Committee on Women's Issues, to which the annexed proposed amended local law was referred on March 22, 2016 (Minutes, page 773), respectfully

REPORTS:

I. INTRODUCTION

On Monday, June 20, 2016, the Committee on Women's Issues, chaired by Council Member Laurie Cumbo held a hearing to consider Proposed Int. No. 1122-A, sponsored by Speaker Mark-Viverito and Council Members Ferreras-Copeland and Rodriguez, which would require that the Department of Correction provide feminine hygiene products to inmates and to arrestees and detainees in its custody for at least 48 hours. The Committee also considered Proposed Int. No. 1123-A, sponsored by Speaker Mark-Viverito and Council Members Levin, Ferreras-Copeland, and Rodriguez, which would require the provision of feminine hygiene products in certain homeless shelters, foster care and juvenile justice facilities, and Proposed Int. No. 1128-A, sponsored by Council Member Ferreras-Copeland, Speaker Mark-Viverito, and Council Member Rodriguez, which would require the provision of feminine hygiene products in schools.

The first hearing on Int. 1122, Int. 1123, and Int. 1128 was held on June 2, 2016. Witnesses who testified at the hearing at the hearing included Azadeh Khalili, Executive Director of the NYC Commission on Gender Equity, the NYC Department of Correction, the NYC Department of Education, the Department of Homeless Services/Human Resources Administration, government officials, education advocates, women's health organizations, women's rights organizations, prison rights organizations, housing advocates, and other interested parties. The legislation was amended to many of the concerns of the advocates and the Administration.

UPDATE

On June 20, 2016 the Committee voted 4 to 0, with no abstentions, in favor of each of these bills.

II. BACKGROUND

Globally, approximately 52% of the female population (26% of the total population) is of reproductive age.¹ Most of these women and girls will menstruate each month for between two and seven days.² Menstruation is a natural part of the reproductive cycle, in which blood is lost through the vagina.³ However, in most parts of the world, it remains taboo and is rarely addressed.⁴ As a result of the stigmas associated with menstruation, the practical challenges of menstrual hygiene are made even more difficult by various socio-cultural factors.⁵ To manage menstruation hygienically, it is essential that women and girls have access to feminine hygiene products.

Feminine hygiene products are vital for the health, well-being and full participation of women and girls. Inadequate menstrual hygiene management is associated with both health and psycho-social issues, particularly among low-income women.⁶ It has been reported that a lack of access to feminine hygiene products can cause emotional duress, physical infection and disease, and can lead to cervical cancer.⁷

Access to feminine hygiene products has proven to be limited for vulnerable populations. Currently the cost of feminine hygiene products (FHP) are not included in health insurance⁸ or flexible spending accounts⁹, nor in public benefits programs such as the Supplemental Nutrition Assistance Program (SNAP)¹⁰ or Women, Infants, and Children (WIC) benefits.¹¹ Many shelters and homeless centers in New York City distribute FHP to their female residents, along with toothpaste and shampoo.¹² However, social workers indicate that FHP are often harder to source from public donors.¹³ Rosanna Montilla, an Associate at Care for the Homeless, indicated in an Al Jazeera article that FHP are “not one of the items that people automatically think of when

they donate toiletries.”¹⁴ Increased awareness about the plight of low-income women caused by the inability to afford FHP has recently led to a higher number of FHP donations at homeless shelters.¹⁵ In 2015, donations at Care for the Homeless, which runs a major New York City homeless shelter but also provides health care to homeless individuals in a variety of locations, are already five times higher than for all of 2014.¹⁶

Access to feminine hygiene products in the New York State prison system is also limited. A February 2015 report by the Women in Prison Project revealed that the New York State prison system fails to provide sufficient FHP to incarcerated women.¹⁷ According to Department of Correction (DOC) Commissioner Ponte, DOC’s current policy specifies that all female inmates be provided necessary feminine hygiene products at the Department’s expense. At the Rose M. Singer Center, where female inmates are housed, generic sanitary napkins are distributed to each housing unit on a weekly basis. Each week, housing units are provided one 144 count box of sanitary napkins to accommodate up to 50 inmates housed in the unit. If needed, additional supplies are available upon request.

In September 2015, Council Member Ferreras-Copeland and the High School for Arts and Business in Queens launched a pilot program of free tampons and pads by installing a free dispenser in the girls’ restroom.¹⁸ In March of 2016, Council Member Ferreras-Copeland and the Department of Education expanded the program to 25 middle and high schools in Queens and the Bronx.¹⁹ Since the program was introduced to the High School for Arts and Business, there was a 2.4% increase in attendance rates.²⁰ The school’s principal attributes this increase to the dispenser that was installed to ensure tampons and pads are freely available.²¹

On May 25, 2016, the New York State Legislature passed bills to exempt feminine hygiene products from the tax on retail sales. The bills, S. 7838 and A.7555A were introduced by New York State Senator Susan Serino and New York State Assembly Member Linda Rosenthal respectively. Once the bill is enacted, New York will become the sixth state to exempt tampons and other feminine hygiene products from sales taxes. The five other states that exempt feminine hygiene products from their sales taxes are Maryland, Massachusetts, Minnesota, New Jersey, and Pennsylvania.

III. PROPOSED INT. NO. 1122-A

Section one of Proposed Int. No. 1122-A would amend chapter 1 of title 9 of the administrative code of the city of New York to add a new section 9-141. Pursuant to this section, feminine hygiene products would be defined as tampons and sanitary napkins for use in connection with the menstrual cycle.

The legislation would require that all female inmates in the custody of the department of correction be provided, at the department expense, with feminine hygiene products as soon as practicable upon request.

Proposed Int. No. 1122-A would also require that all female individuals arrested and detained in the custody of the department for at least 48 hours be provided, at the department's expense, with feminine hygiene products as soon as practicable upon request.

Section two of the legislation would establish that this local law takes effect immediately.

IV. PROPOSED INT. NO. 1123-A

Section one of Proposed Int. No. 1123-A would amend chapter 2 of title 12 of the administrative code of the city of New York to add a new section 12-207. Pursuant to this section, feminine hygiene products would be defined as tampons and sanitary napkins for use in connection with the menstrual cycle. Temporary shelters would be defined as Department of Homeless Services family with children shelters, adult family shelters, single adult women shelters and single adult men shelters; and human resources administration domestic violence shelters and HIV/AIDS Services Administration (HASA) shelters.

The legislation would require that the Department of Citywide Administrative Services make available to agencies operating or having oversight of providers operating temporary shelters, a supply of feminine hygiene products sufficient to meet the needs of residents. The Department would also be required to make available a supply of feminine hygiene products sufficient to meet the needs of youth in secure detention facilities operated by the Administration for Children's Services (ACS) as well as youth in congregate care facilities operated by ACS who are awaiting placement with a licensed foster care agency.

Section two of the legislation would establish that this local law takes effect 120 days after it becomes law.

V. PROPOSED INT. NO. 1128-A

Section one of Proposed Int. No. 1128-A would amend chapter 8 of title 21-A of the administrative code of the city of New York to add a new section 21-968. Pursuant to this section, feminine hygiene products would be defined as tampons and sanitary napkins for use in connection with the menstrual cycle. School building would be defined as any facility that is leased by the Department of Education (DOE) or over which the DOE has care, custody, and control, in which there is a public school, including a charter school, serving female students in grades six through twelve.

The legislation would require that the DOE make feminine hygiene products available at no cost to students in bathrooms of school buildings.

Section two of the legislation would establish that this local law takes effect 120 days after it becomes law.

VI. PROPOSED RES. NO. 1012-A

Proposed Res. No. 1012-A would note that the power of taxation in the State of New York is exclusively reserved to the New York State Legislature and that the City of New York has no inherent ability to levy or forgive any taxes, but has only the powers to administer and collect taxes as delegated and directed by the State.

Proposed Res. No. 1012-A would indicate that Chapter 60 of the Consolidated Laws of the State of New York details the laws of taxation in the State of New York and is commonly referred to as the Tax Law. The resolution would further point out that Article 28 of the Tax Law contains provisions for the assessment and collection of sales taxes throughout the state. The Resolution would indicate that Section 1101 of the Tax Law details the imposition of sales and use taxes on certain goods and services and that Section 1115 of the Tax Law details exemptions to the imposition of sales and use taxes on certain goods and services. The Resolution would acknowledge that Item three on this list of exemptions includes "drugs and medicines... and products consumed by humans for the preservation of health."

The Resolution would also acknowledge that Publication 840 issued by the New York State Department of Taxation and Finance describes feminine hygiene products as items that "maintain personal cleanliness" rather than items necessary for the preservation of health, and thereby determines that feminine hygiene products are subject to sales taxes.

The Resolution would further note that Tax Bulletin ST-193 issued by the New York State Department of Taxation and Finance further categorizes feminine hygiene products as general merchandise, rather than products necessary for the preservation of health.

Proposed Res. No. 1012-A would indicate that the continued categorization of feminine hygiene products as general merchandise fails to recognize the evolving public sentiment, as documented by recent reports by the New York Times and The Guardian, as well as letters from residents of New York City sent to Council Members and expressed by various national and international organizations and movements, that menstruation is a core component of a woman's reproductive and overall health and well-being.

The Resolution would indicate that feminine hygiene products are vital for the health, well-being and full participation of women and girls, and it has been reported that a lack of access to feminine hygiene products can cause emotional duress, physical infection and disease, and can lead to cervical cancer. The Resolution would further indicate that according the U.S. Census Bureau, women and girls comprise over half the population of New York City, New York State, and across the United States of America, thus the needs of women to maintain their health and well-being are indeed necessary for the preservation of public health.

Proposed Res. No. 1012-A would indicate that the New York State Senate has passed S.7838, introduced by Senator Sue Serino, and the New York State Assembly passed A.7555A, introduced by Assembly Member Linda Rosenthal, which seek to repeal the state sales tax on tampons and other feminine hygiene products.

The Resolution would further note that the tax laws of several states, including Massachusetts and New Jersey, recognize feminine hygiene products as necessary products and thus exempt such products from the imposition of sales taxes. The Resolution would indicate that the State of New York should join those states in relieving the imposition of the sales taxes on feminine hygiene products.

Finally, Proposed Res. No. 1012-A would assert that that the Council of the City of New York acknowledges the passage by the New York State Legislature and calls upon the Governor to sign legislation that amends the Tax Law to exempt feminine hygiene products from all state and local sales taxes.

Revenues	\$0	\$0	\$0
Expenditures	\$360,000	\$540,000	\$540,000
Net	\$360,000	\$540,000	\$540,000

IMPACT ON REVENUES: It is anticipated that there would be no impact on revenues as a result of this legislation.

IMPACT ON EXPENDITURES: It is estimated that this legislation would impact expenditures in the amount of approximately \$540,000 per year to supply feminine hygiene products to females residing in temporary shelters operated by DHS. This estimate is based on the current population in temporary shelters and assumes that all females would require and utilize feminine hygiene products.

There are approximately 23,000 females residing in temporary shelters who might require feminine hygiene products. Based on the type and number of products used by women on average, it is estimated that approximately two million tampons and 3.5 million sanitary napkins would be used each year by females residing in temporary shelters. Using current bulk prices, the total cost to purchase sanitary napkins and tampons as required by Proposed Intro 1123-A would be approximately \$540,000.

With respect to the portion of the legislation that would require the provision of feminine hygiene products at HRA operated temporary shelters and certain youth in ACS operated facilities, the anticipated impact on expenditures is \$0 as feminine hygiene products are already provided to those populations.

In order to certify that the proposed modification to an existing arcade is consistent with the provisions of this Section, the applicant shall submit to the Chairperson a site plan and other detailed plans demonstrating that the proposed obstructions within the existing arcade and, where applicable, pursuant to paragraph (a)(2) of Section 91-822, the adjacent #publicly accessible open area#, will comply with the provisions of this Section. The placement of publicly accessible tables and chairs within a #publicly accessible open area# pursuant to paragraph (a)(2) of Section 91-822 shall not constitute a design change pursuant to the provisions of Section 37-625 (Design changes).

All plans for arcades or other #publicly accessible open areas# that are the subject of a certification pursuant to this Section shall be filed and duly recorded in the Office of the City Register of the City of New York, indexed against the property in the form of a legal instrument, in a form satisfactory to the Chairperson, providing notice of the certification of the arcade, pursuant to this Section. The filing and recording of such instrument shall be a precondition to certification. The filing and recording information shall be included on **any temporary or final** ~~the~~ certificate of occupancy for any #building#, or portion thereof, on the #zoning lot# issued after the recording date.

91-822

Requirements for furnishings

The following provisions shall apply to all furnishings, including tables, chairs, shade umbrellas and heating lamps, permitted by Section 91-82 (Amenities Within Public Access Areas) and Section 91-821 (Certification for outdoor cafes within arcades).

(a) Size, location and other requirements

(1) Requirements for all furnishings

All furnishings shall be moveable. Permanent fixtures may be installed in the ground of a #publicly accessible open area# or arcade for the purposes of supporting shade umbrellas or heating lamps provided that such fixtures are flush-to-grade.

No furnishings shall be permitted within five feet of any #building# entrance, nor shall they be permitted within any required circulation paths.

(2) Additional requirements for outdoor cafes located within arcades

Where an outdoor cafe is provided pursuant to Section 91-821, a minimum of four tables and 16 chairs shall be provided and made available to the public without restriction, which may be located within an arcade or within a #publicly accessible open area# and shall be outside of the permitted cafe boundary.

Outdoor cafes shall be located at the same elevation as the adjoining sidewalk area or

#publicly accessible open area#, except that they may be located no more than six inches below or on a platform no more than six inches above such adjoining sidewalk area or #publicly accessible open area#. The border of the outdoor cafe shall be permanently marked in accordance with the applicable standards for open air cafes set forth in paragraph (b) of Section 37-73.

Fences, planters, walls, fabric dividers or other barriers that separate outdoor cafe areas from other portions of the arcade, adjacent sidewalks or #publicly accessible open areas# shall be prohibited. No kitchen equipment shall be installed within an outdoor cafe.

Litter receptacles shall be provided in accordance with the standards for #public plazas# set forth in Section 37-744 (Litter receptacles).

(3) Circulation requirements for outdoor cafes located within arcades

For arcades with a depth of ten feet or less, as measured from the column face furthest from the #street line# or #publicly accessible open area# to the #building# wall fronting on such #street line# or #publicly accessible open area# , an unobstructed path not less than three feet wide shall be provided. For arcades with a depth greater than ten feet, as measured from the column face furthest from the #street line# or #publicly accessible open area# to the #building# wall fronting on such #street line# or #publicly accessible open area#, such unobstructed pedestrian way shall be increased to at least six feet. For #through block arcades#, an unobstructed pedestrian way, except for approved doorways, of at least eight feet shall be provided connecting each #street# on which the #through block arcade# fronts.

(b) Operation

Except as otherwise provided in paragraph (b)(2) of this Section, tables, chairs, shade umbrellas and heating lamps may be stored or secured within an arcade between the hours of 9:00 p.m. and 7:00 a.m., but may not be stored or secured within a #publicly accessible open area#.

(2) Additional requirements for outdoor cafes located within arcades

Publicly accessible tables and chairs that are required by paragraph (a)(2) of this Section may not be removed or secured while the cafe is in active use.

All furnishings within the boundary of an outdoor cafe, including tables, chairs, shade umbrellas, bussing stations and heating lamps, shall be completely removed from the arcade when the outdoor cafe is not in active use, except that tables and chairs may remain in such arcade if they are unsecured and may be used by the public without restriction.

91-83

Retail Uses Within Existing Arcades

A horizontal #enlargement# of the ground floor and second floor levels within an arcade located within Area A on Map 9 in Appendix A of this Chapter may be permitted upon certification by the Chairperson of the City Planning Commission to the Commissioner of Buildings that such #enlargement# complies with the provisions of this Section, and the following conditions are met:

- (a) the horizontal #enlargement# meets the requirements of Section 91-831 (Ground floor requirements);
- (b) a compensating amenity is provided pursuant to the provisions of Section 91-832 for plaza improvements, Section 91-834 for indoor public spaces, or Section 91-835 for alternative improvements; and
- (c) the additional requirements of Section 91-836, as applicable.

For #zoning lots# with one or more #publicly accessible open area#, unless an alternative improvement has been identified in Section 91-835, an improvement to all #publicly accessible open areas# pursuant to the provisions of Section 91-832 shall be required as the compensating amenity required by condition (b) of this Section, and a certification for design changes pursuant to Section 37-625 (Design changes) shall not be required. Where a #publicly accessible open area# was improved and is fully compliant with a prior certification pursuant to Section 37-625 that was granted before January 19, 2016, the further improvement of such #publicly accessible open area# shall not be required.

The provision of a compensating amenity as part of a prior certification pursuant to this Section or a prior authorization pursuant to Section 91-841 (Authorization for retail uses within existing arcades) may satisfy the requirements of condition (b) of this Section for a compensating amenity.

As part of the certification, a horizontal #enlargement# of the ground floor level may be permitted within the area between a #street wall# and an arcade that did not generate a #floor area# bonus prior to [effective date of amendment]. The provisions of Section 91-831 (Ground floor requirements) shall not apply to such portion of the horizontal #enlargement#.

As part of the certification, a horizontal #enlargement# of the ground floor level may be permitted along existing #building# walls that do not face an arcade, **but such #enlargement# shall not occupy any #publicly accessible open area#.** The locational requirements of paragraph (a)(1) of Section 91-831 and the frontage prohibitions of paragraph (b)(1)(ii) of Section 91-831 shall apply to such #enlargement#. Where an #enlargement# is located adjacent to a #publicly accessible open area#, the #use# and transparency requirements of Section 91-831 for new #building# walls facing a #publicly accessible open area# shall apply.

For a horizontal #enlargement# of 7,500 square feet or greater, a special permit pursuant to Section 91-85 (Special Permit for Enlargements of 7,500 Square Feet or Greater) shall also be required. For the purposes of calculating the total area of the horizontal #enlargement# that is subject to the special permit, the aggregate area of the horizontal #enlargement# permitted by prior certifications pursuant to this Section and Section 91-837 (Subsequent design changes) and prior authorizations pursuant to Section 91-841 shall be included in such calculation, except the area of an indoor public space shall be excluded from such calculation.

Where any portion of the arcade remains open and accessible, such remaining arcade area shall maintain a minimum level of illumination of not less than five horizontal foot candles between sunset and sunrise. Any non-transparent portion of a #building# wall between columns that fronts on such arcade area shall be treated with artwork, planting or decorative material. Additional requirements for

transparency in paragraph (c)(3) of Section 91-831 may apply.

91-831

Ground floor requirements

The provisions of this Section shall apply to the #street wall# of the ground floor and second floor level #enlargement#. For the purposes of this Section, a #building# wall that faces a #publicly accessible open area# or #through block arcade# shall also be considered a #street wall#, and the provisions of this Section for new #building# walls fronting on a #publicly accessible open area# shall also apply to new #building# walls fronting on a #through block arcade#, except as otherwise specified. The City Planning Commission may authorize a modification of the provisions of this Section pursuant to Section 91-842 (Authorization to modify design requirements).

(a) Location of #enlargement#

(1) Location of new #building# walls

All new #building# walls shall extend to the full height of the arcade. New #building# walls may only be located between the column face closest to an existing #street wall# and the column face furthest from an existing #street wall# or the #street wall# location of the floor above, except that new #building# walls within an existing #through block arcade# that do not face a #street# may extend past the column face furthest from the existing #street wall# provided that the standards for #through block arcades# set forth in Section 12-10 (DEFINITIONS) and all other provisions of this Section are met. New #building# walls within an existing #through block arcade# that do not face a #street# shall not be required to extend for the full height of the #through block arcade#.

(2) Length of new #building# walls

An #enlargement# shall extend for the full length of the #street wall#, except for the locations specified on Map 9 in Appendix A of this Chapter and except if a corner arcade that adjoins the Water Street #street line# and another #street line# or #publicly accessible open area# is provided in accordance with the provisions of paragraph (c) of Section 37-53 (Design Standards for Pedestrian Circulation Spaces) which may provide a clear path ten feet wide. However, an #enlargement# shall not be required along the length of the #street wall# occupied by an existing parking or loading entrance. Where an #enlargement# within an arcade extends along two or more #street walls#, the #enlargement# shall also include the area where the arcade areas intersect, except as otherwise provided in this Section, and the location of new #building# walls in such area shall be subject to the provisions of paragraph (a)(1) of this Section.

(b) Permitted #uses# within an #enlargement#

(1) Requirements for all frontages

(i) Retail #uses#

The #street# frontage or frontage along a #publicly accessible open area# of the #enlarged# portion of the ground floor level shall be allocated exclusively to indoor public spaces that are provided in accordance with the provisions of Section 91-834 ~~to or~~ the #uses# permitted by Sections 91-111 (Additional uses in C5 Districts) and 91-12 (Uses on Designated Retail Streets), except that Use Groups 5A, 7A, 7B, 8B, 9A, 10A, 12A, 12B, or 12C shall not be permitted, ~~or to indoor public spaces that are provided in accordance with the provisions of Section 91-834. However, bicycle rental or repair shops and studios for art, music, dancing or theater shall be permitted.~~ #Residential uses# shall be limited to lobbies permitted by paragraph (c)(2) of this Section.

All #uses# permitted by this paragraph shall occupy a height no less than that of the ground floor level, and shall occupy a depth no less than that of the #enlargement#.

(ii) Parking, loading and mechanical equipment

No garage entrances, driveways, parking spaces or loading berths shall be permitted within an #enlargement#. No exhaust vents or mechanical equipment shall be permitted on any new #building# wall unless such exhaust vents are more than 15 feet above the level of the curb.

(iii) Maximum #street wall# width

On the ground floor portion of an #enlargement# for the following Use Group 6 #uses#, the maximum #street wall# width of a bank or loan office shall not exceed 30 feet, and the maximum #street wall# width of a drug store shall not exceed 50 feet.

(2) Additional #use# requirement for a #publicly accessible open area# or #through block arcade#

At least 50 percent of the total frontage of all new #building# walls fronting on a #publicly accessible open area# or #through block arcade#, excluding such frontage occupied by #building# lobbies, shall be occupied by retail or service establishments permitted by paragraph (b)(1) of this Section. As an alternative, the amount of frontage required by this paragraph for occupancy by retail or service establishments may be partially or fully located along existing #building# walls fronting on the #publicly accessible open area# or #through block arcade# and the transparency requirements of paragraph (c)(3) of this Section shall apply to such frontage.

Libraries, museums and art galleries are permitted #uses# that may front on a #publicly accessible open area#. Banks shall not be a permitted #use# on any #publicly accessible open area# or #through block arcade#. #Uses# required by this paragraph shall be directly accessible from the #publicly accessible open area# or #through block arcade#.

(c) Frontage

(1) Number of establishments

Along the longest #street wall# of the ground floor level #enlargement#, at least two establishments permitted by paragraph (b) of this Section shall be provided on the ground floor level. Frontage that is solely dedicated to access a #use# on a level other than the ground floor level shall not constitute an establishment for the purposes of this paragraph.

(2) Access, entrances and lobbies

The #street wall# frontage of an #enlarged# portion of the ground floor level may be occupied by the #primary entrance# for the principal #use# of the #building#, provided that such #primary entrance# shall not exceed a #street wall# width of 50 feet along Water Street, or, along other #streets#, a #street wall# width of 40 feet, or 25 percent of the #aggregate width of street wall# along such #street# frontage, whichever is less.

For a #primary entrance# that fronts on a #publicly accessible open area#, such entrance shall occupy a minimum frontage length of 20 feet or a length equal to the distance between the two closest columns adjacent to the #publicly accessible open area#, whichever is less. A #primary entrance# for the principal #use# of the #building# may be located along a #through block arcade# or indoor public space provided in accordance with Section 91-834 (Indoor public spaces), but may only occupy a maximum frontage length of 25 feet.

Where more than 50 percent of the length of the #enlargement# is occupied by a #primary entrance# permitted by this paragraph, retail or service establishments with an aggregate frontage length equal to at least 50 percent of the length of the #enlargement# shall be required along new or existing #building# walls along the same #street# frontage as the #enlargement#, and the transparency requirements of paragraph (c)(3) of this Section shall apply to such frontage along existing #building# walls.

(3) Transparency and flood resilience

The ground floor level #street wall# between existing columns shall be glazed with transparent materials, which may include #show windows#, transom windows or glazed portions of doors, except for certain #uses# set forth in Section 37-31 (Applicability). Such transparent materials shall occupy at least 70 percent of the surface area of such ground floor level #street wall# between a height above grade of two feet and 14 feet or the height of the ground floor ceiling, whichever is lower.

Where the #use# located within the ground floor level #enlargement# fronts on an arcade that remains open and accessible, the length of such frontage shall be glazed with transparent materials in accordance with the provisions of this paragraph.

Permanent fixtures for temporary flood control devices and associated emergency egress systems that are assembled prior to a storm and removed thereafter and are affixed to a column may obstruct any transparent portion of a new #building# wall. Such permanent fixtures may be considered a transparent portion of a new #building# wall. Additionally, such

permanent fixtures shall be encased in a decorative material. Temporary flood control devices and associated emergency egress systems shall be permitted in front of any new #building# wall for a reasonable period of time prior to and after a storm event, as determined by the Department of Buildings.

91-832

Plaza improvements

A #publicly accessible open area# shall be improved in full accordance with the provisions of Section 37-70 (PUBLIC PLAZAS) as modified by this Section, and as further modified by Section 91-833 (Special regulations for plazas less than 40 feet in depth) for #publicly accessible open areas# with a maximum depth of less than 40 feet, as measured perpendicular to any #street line#. Subsequent design changes to any #publicly accessible open area# improved pursuant to the provisions of such Sections may only be permitted pursuant to Section 91-837 (~~Additional-Subsequent~~ design changes). The City Planning Commission may authorize a modification of the provisions of this Section and Section 91-833 pursuant to Section 91-842 (Authorization to modify design requirements).

- (a) For the purposes of applying the provisions of this Section, any portion of the #publicly accessible open area# occupied by a garage entrance, driveway, loading berth or gratings for electrical vaults may be excluded from the calculation of the total area or total #street# frontage of the #publicly accessible open area#. Such area shall remain open and accessible to the public at all times.
- (b) The area dimension requirements of Section 37-712, the locational restrictions of Section 37-713, the orientation restrictions of Section 37-714 and the requirements for major and minor portions of #public plazas# set forth in Sections 37-715 and 37-716, respectively, shall not apply.
- (c) The #through block public plaza# provisions of Section 37-717 that require a setback along any #building# wall or walls that adjoin a #through block public plaza# or through #block# portion of a #publicly accessible open area# shall not apply.
- (d) The sidewalk frontage provisions of Section 37-721 shall be modified as follows:
 - (1) The requirements of paragraph (a) may be reduced to the minimum extent necessary to allow existing walls or structures within such area to remain, provided that such walls or structures do not increase in height or length along the #street# frontage, and all portions of the #publicly accessible open area# are accessible from a #street#, arcade or other portion of the #publicly accessible open area#.
 - (2) Paragraph (b) shall be modified to allow planters with bounding walls that exceed a height of two feet that are permitted by paragraph (g) of this Section to be located in such area.
 - (3) For #corner public plazas#, where there is a change in elevation permitted by paragraph (e) of this Section 91-832 for the area within 15 feet of the intersection of any two or more #streets# on which the #publicly accessible open area# fronts, such area shall not be required to be at the same elevation as the adjoining public sidewalk, but must be free of obstructions except as may otherwise be provided in paragraph (d)(1) of this Section.

- (e) The provisions of Section 37-722 (Level of plaza) shall be modified to permit any elevation of the #publicly accessible open area# existing on [effective date of amendment] to remain.

 - (2) Paragraph (d) shall allow garage entrances, driveways or loading berths fronting on a #publicly accessible open area# and existing on [effective date of amendment] to remain, provided that they are separated from the remainder of the #publicly accessible open area# by a barrier sufficient to substantially conceal these facilities and any vehicles therein when viewed from any point in the #publicly accessible open area#. A #building# trash storage facility may be accessed or serviced through the portion of a #publicly accessible open area# that is occupied by a garage entrance, driveway or loading berth.
- (g) The provisions of Section 37-742 (Planting and trees) may be modified where the Chairperson of the City Planning Commission has been **furnished provided with materials documentation** sufficient to establish that subsurface conditions do not allow the required soil depth for shrubs or trees to be provided below grade or within a planter with bounding walls no higher than 18 inches in height above an adjacent walking surface or the highest adjacent surface where the bounding wall of such planter adjoins two or more walking surfaces with different elevations. A raised planter may be provided with bounding walls up to three feet for shrubs, or three feet six inches for trees, provided that fixed seating with backs is integrated into the planter for at least 50 percent of the perimeter of the planter that is adjacent to a walking surface. If such planter, or any portion thereof, is located within ten feet of a #street line#, fixed seating with backs shall be integrated into at least 75 percent of the perimeter of the planter that is adjacent to a walking surface. Where it is demonstrated that no required trees can be planted flush-to-grade or planted at grade within planting beds with no raised curbs or railings, the Chairperson may allow all trees to be planted within raised planters.
- (h) The calculation of the minimum number of entry plaques required by paragraph (a) of Section 37-751 (Public space signage systems) may be modified for #publicly accessible open areas# that occupy more than one #street# frontage to alternatively require a minimum of one entry plaque at each #street# frontage of the #publicly accessible open area#, and to further require one additional entry plaque at each #street# frontage that measures 80 feet or more in length.

A #publicly accessible open area# with a maximum depth less than 40 feet measured perpendicular to any #street line# shall be improved in full accordance with the provisions of Section 37-70 (PUBLIC PLAZAS) as modified by Section 91-832 (Plaza improvements) and as further modified by this Section. Where a #publicly accessible open area# may be considered a #corner public plaza#, the maximum depth shall be measured from a #street line# to a #street wall#. The City Planning Commission may authorize a modification of the provisions of this Section pursuant to Section 91-842 (Authorization to modify design requirements).

- (a) The provisions of Section 37-721 (Sidewalk frontage) shall not apply. In lieu thereof, the provisions of this paragraph (a) shall apply to the area of the #publicly accessible open area# located within ten feet of a #street line# or sidewalk widening line:

 - (ii) such unobstructed access area shall extend to a depth of ten feet measured perpendicular to the #street line#. The width of such access area need not be contiguous provided that no portion of such area shall have a width of less than five

feet measured parallel to the #street line#, and at least one portion of such area shall have a width of at least eight feet measured parallel to the #street line#.

The requirement of this paragraph for unobstructed access may be reduced to the minimum extent necessary to allow existing walls or structures within such area to remain provided that such walls or structures do not increase in height or length along the #street# frontage, and all portions of the #publicly accessible open area# are accessible from a #street#, arcade or other portion of the #publicly accessible open area#.

- (2) In the remaining 60 percent or more of such area, the provisions of paragraph (b) of Section 37-721 shall apply, except that no more than 40 continuous linear feet of any #street# frontage occupied by a #publicly accessible open area# may be obstructed. Furthermore, planters with bounding walls that exceed a height of two feet that are permitted by paragraph (g) of Section 91-832 may be located in such area.
 - (3) For #corner public plazas#, the requirements of this paragraph (a) shall apply separately to each #street# frontage, and the area within ten feet of the intersection of any #street# and Water Street or Wall Street shall be at the same elevation as the adjoining public sidewalk, except where there is a change in elevation permitted by paragraph (e) of Section 91-832, and such area shall be free of obstructions except as may otherwise be provided in paragraph (a)(1) of this Section.
- (b) The provisions of Section 37-723 (Circulation paths) shall be modified so that the required circulation path of at least eight feet clear width shall be located adjacent to the #street wall# and shall extend for at least 80 percent of the length of such #street wall#. Where there are multiple #street walls#, the provisions of this paragraph shall apply separately to each frontage. In addition to the obstructions that are permitted within circulation paths, moveable tables and chairs, fixed seating and planting beds not exceeding six inches above any adjacent walking surface shall also be considered permitted obstructions provided that an unobstructed path of at least five feet wide is provided.
- Where an open air cafe pursuant to Section 37-73 (Kiosks and Open Air Cafes) is provided adjacent to a #building# wall, such open air cafe may occupy a portion of the required circulation path provided that there is an unobstructed clear path of at least six feet wide between the #building# wall and any furnishings of the open air cafe. The unobstructed path shall be included in the calculation of the area occupied by the open air cafe.
- (c) The provisions of Section 37-741 (Seating) that require seating within 15 feet of the #street line# shall not apply to #street# frontages that measure less than 40 feet in length.
 - (d) The provisions of Section 37-742 (Planting and trees) shall be further modified as follows:
 - (1) For #publicly accessible open areas# with an area less than 2,000 square feet, the number of required trees shall be reduced to two, and only one tree shall be required to be planted flush-to-grade or planted at grade within planting beds with no raised curbs or railings, except as may be modified by paragraph (g) of Section 91-832.
 - (2) The total area of required planting beds may not be concentrated within one continuous planter or planting bed, except when a #publicly accessible open area# has an area of 1,000

square feet or less.

- (e) The provisions of Section 37-746 (Drinking fountains) shall be modified to require only #publicly accessible open areas# containing an area of 2,000 square feet or more to provide a minimum of one drinking fountain.

91-834

Indoor public spaces

- (e) The provisions of Section 37-723 (Circulation paths) for #through block public plazas# shall apply to #through block arcades# except as otherwise provided in Section 91-821 (Certification for outdoor cafes within arcades) when a cafe is provided. Trees planted flush-to-grade that measure less than four caliper inches at the time of planting, as permitted by paragraph (h) of this Section, shall not be considered permitted obstructions within circulation paths.
- (f) The provisions of paragraphs (a) and (b) of Section 37-726 (Permitted obstructions) shall apply. A kiosk shall be a permitted obstruction provided that the requirements of paragraph (a) of Section 37-73 (Kiosks and Open Air Cafes) are met. A certification pursuant to Section 37-73 shall not be required to locate a kiosk within an indoor public space. A cafe permitted by certification pursuant to Section 91-821 shall be considered a permitted obstruction within an indoor public space and may not occupy more than 20 percent of the indoor public space area.

- (g) The provisions of Section 37-741 for seating shall apply, except as modified as follows:
- (1) The requirements for seating within 15 feet of a #street line# shall not apply.
 - (2) All of the linear seating capacity may be in moveable seats. Any moveable seats that are provided must remain in the indoor public space during the hours of operation.
 - (3) The requirement that seats that face walls must be a minimum of six feet from such wall shall only apply to fixed seating.

91-836**Additional requirements**(a) **Legal requirements**

All plans for arcades, #publicly accessible open areas#, required open areas, and indoor public spaces that are the subject of a certification pursuant to Section 91-83 (Retail Uses Within Existing Arcades) shall be filed and duly recorded in the New York County Office of the City Register of the City of New York, indexed against the property in the form of a legal instrument, in a form satisfactory to the Chairperson of the City Planning Commission, providing notice of the certification pursuant to Section 91-83. The filing and recording of such instrument shall be a precondition to certification. The recording information shall be included on the certificate of occupancy for any #building#, or portion thereof, on the #zoning lot# issued after the recording date. Where compensating amenity required by condition (b) of Section 91-83 is located on the same #zoning lot# as an #enlargement#, no temporary or final certificate of occupancy shall be issued for such #enlargement# until the compensating amenity has been substantially completed in accordance with the approved plans, as certified by the Department of City Planning to the Department of Buildings.

Where a compensating amenity is located within a #street# or #public park# pursuant to Section 91-835 (Alternative improvements), the commitment to provide or maintain such compensating amenity shall be duly recorded in the form of a signed declaration of restrictions, including a

maintenance agreement with the Department of Parks and Recreation or other relevant agency, indexed against the #zoning lot#, binding the owners, successors and assigns. Such declaration or maintenance agreement may require security in the form of a bond or letter of credit to ensure that the compensating amenity is maintained in accordance with the declaration or maintenance agreement. The form and content of the legal instrument shall be satisfactory to the Chairperson, and the filing of such instrument in the New York County Office of the City Register shall be a precondition to certification. The recording information shall be included on the certificate of occupancy for any #building#, or portion thereof, on the #zoning lot# issued after the recording date. Modifications to the declaration required by this paragraph may only be allowed upon approval by the Chairperson.

(b) Existing approvals by the Board of Standards and Appeals

Where a #zoning lot# is subject to a variance or special permit that was granted by the Board of Standards and Appeals, the application pursuant to Section 91-83 shall be referred for thirty (30) days to the Board of Standards and Appeals who shall certify to the Department of City Planning whether such application would not result in a departure from the findings and conditions specified in the original approval.

(c) Community Board review

No earlier than the date on which the application for certification pursuant to Section 91-83 is filed, a copy of the application shall be submitted by the applicant to the affected Community Board ~~and local Council Member for, which shall have~~ 45 days to review said application. The Chairperson shall not issue a certification for an application during the Community Board review period, unless the Community Board has submitted to the Chairperson comments regarding such proposal or informed the Chairperson that the Community Board has no comments.

91-837

Subsequent ~~Additional~~ design changes

Design changes to any #publicly accessible open area#, required open area or indoor public space ~~previously~~ improved pursuant to the provisions of Sections 91-832 (Plaza improvements) or 91-834 (Indoor public spaces) may only be made upon certification by the Chairperson of the City Planning Commission that such changes would result in a #publicly accessible open area# or indoor public space that is compliant with the Section under which it was previously approved. As part of the certification, a horizontal #enlargement# on the ground floor level may be permitted along existing #building# walls that face the #publicly accessible open area# and do not face an arcade, **but such #enlargement# shall not occupy any #publicly accessible open area#.** The locational requirements of paragraph (a)(1) of Section 91-831 (Ground floor requirements) and the #use# and transparency requirements of Section 91-831 for new #building# walls facing a #publicly accessible open area# shall apply. The legal requirements of paragraph (a) of Section 91-836 shall apply.

91-84

Authorizations

91-841

Authorization for retail uses within existing arcades

The City Planning Commission may authorize a horizontal #enlargement# of the ground floor and second floor levels within an arcade located within Area B on Map 9 in Appendix A of this Chapter. In order to grant an authorization, the Commission shall find that:

- (a) the requirements of Section 91-831 (Ground floor requirements) are met;
- (b) a compensating amenity is provided pursuant to the provisions of Section 91-832 for plazas, Section 91-834 for indoor public spaces or Section 91-835 for alternative improvements;
- (c) sufficient unobstructed space exists adjacent to the proposed #enlargement# to facilitate pedestrian circulation; and
- (d) the #enlargement# will maintain a visual or physical connection to Water Street from another #street#, #public park# or #publicly accessible open area#.

As part of the authorization, the Commission may modify the requirements for the location of new #building# walls of paragraph (a) of Section 91-831 (Ground floor requirements).

For #zoning lots# with one or more #publicly accessible open area#, unless an alternative improvement has been identified in Section 91-835, an improvement to all #publicly accessible open areas# pursuant to the provisions of Section 91-832 shall be required as the compensating amenity required by finding (b) of this Section, and a certification for design changes pursuant to Section 37-625 (Design changes) shall not be required. Where a #publicly accessible open area# was improved and is fully compliant with a prior certification pursuant to Section 37-625 that was granted before January 19, 2016, the further improvement of such #publicly accessible open area# shall not be required.

The provision of a compensating amenity as part of a prior certification pursuant to Section 91-83 (Retail Uses Within Existing Arcades) or a prior authorization pursuant to this Section may satisfy the requirement of finding (b) of this Section for a compensating amenity.

As part of the authorization, a horizontal #enlargement# of the ground floor level may be permitted within the area between a #street wall# and an arcade that did not generate a #floor area# bonus prior to [effective date of amendment]. The provisions of Section 91-831 (Ground floor requirements) shall not apply to such portion of the horizontal #enlargement#.

As part of the authorization, a horizontal #enlargement# of the ground floor level may be permitted along existing #building# walls that do not face an arcade. The locational requirements of paragraph (a)(1) of Section 91-831 and the frontage prohibitions of paragraph (b)(1)(ii) of Section 91-831 shall apply to such #enlargement#. Where the #enlargement# is located adjacent to a #publicly accessible open area#, the #use# and transparency requirements of Section 91-831 for new #building# walls facing a #publicly accessible open area# shall apply.

For a horizontal #enlargement# of 7,500 square feet or greater, a special permit pursuant to Section 91-85 (Special Permit for Enlargements of 7,500 Square Feet or Greater) shall also be required. For the purposes of calculating the total area of the horizontal #enlargement# that is subject to the special permit, the aggregate area of the horizontal #enlargement# permitted by prior certifications pursuant to Sections 91-83 and 91-837 (Subsequent design changes) and prior authorizations pursuant to this

Section shall be included in such calculation, except the area of an indoor public space shall be excluded from such calculation.

Where any portion of the arcade remains open and accessible, such remaining arcade area shall maintain a minimum level of illumination of not less than five horizontal foot candles between sunset and sunrise. Any non-transparent portion of a #building# wall between columns that fronts on such arcade area shall be treated with artwork, planting or decorative material. Additional requirements for transparency in paragraph (c)(3) of Section 91-831 may apply.

All plans for arcades, #publicly accessible open areas#, required open areas and indoor public spaces, once authorized, shall be filed and duly recorded in the Borough Office of the City Register of the City of New York, indexed against the property in the form of a legal instrument, in a form satisfactory to the Commission, providing notice of the authorization pursuant to this Section. The filing and recording of such instrument shall be a precondition to the issuance of a building permit. The recording information shall be included on the certificate of occupancy for any #building#, or portion thereof, on the #zoning lot# issued after the recording date. Where a compensating amenity required by condition (b) of Section 91-83 is located on the same #zoning lot# as an #enlargement#, no temporary or final certificate of occupancy shall be issued for any #enlargement# unless and until the compensating amenity has been substantially completed in accordance with the approved plans, as verified by the Department of City Planning to the Department of Buildings.

Where a compensating amenity is located within a #street# or #public park# pursuant to Section 91-835 (Alternative improvements), the applicable legal requirements of Section 91-836 (Additional requirements) shall apply.

Where a #zoning lot# is subject to a variance or special permit that was granted by the Board of Standards and Appeals, the requirements of paragraph (b) Section 91-836 shall apply.

The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorization.

91-842

Authorization to modify design requirements

The City Planning Commission may authorize a modification of the requirements of Section 91-831 (Ground floor requirements), the provisions of Sections 91-832 (Plaza improvements) and 91-833 (Special regulations for plazas less than 40 feet in depth) for #publicly accessible open areas# and the provisions of Section 91-834 for indoor public spaces. In no event shall an #enlargement# be permitted within a #publicly accessible open area# or other required open area unless specified on Map 9 of Appendix A of this Chapter.

In order to grant such authorization, the Commission shall find:

- (a) the location, #use#, access, size, and treatment of the #enlargement# would result in a superior urban design relationship with the surrounding #streets#, #buildings# and open areas; ~~and~~
- (b) the usefulness and attractiveness of the #publicly accessible open area#, required open area or indoor public space will be assured by the proposed layout and design, and that such modification will result in a superior urban design relationship with surrounding #streets#, #buildings# and **public** open

areas; and

(c) any waiver of required amenities and circulation paths is the minimum necessary to create a better site plan.

The Commission may prescribe appropriate conditions and controls to enhance the relationship between the #enlargement#, #publicly accessible open area#, required open area or indoor public space and the surrounding #streets#, #buildings# and open areas.

91-843

Authorization to modify requirements for alternative improvements

The City Planning Commission may authorize an alternative improvement not listed in Section 91-835 provided that the Commission finds that the new amenity will better serve the purpose of the Water Street Subdistrict described in Section 91-00 (GENERAL PURPOSES).

As a condition of the authorization, for a compensating amenity that is located within a #street# or #public park#, the commitment to provide or maintain such compensating amenity shall be duly recorded in the form of a signed declaration of restrictions, including a maintenance agreement with the Department of Parks and Recreation or other relevant agency, indexed against the #zoning lot#, binding the owners, successors and assigns. Such declaration or maintenance agreement may require security in the form of a bond or letter of credit to ensure that the compensating amenity is maintained in accordance with the declaration or maintenance agreement. The form and content of the legal instrument shall be satisfactory to the Commission, and the filing of such instrument in the New York County Office of the City Register shall be a precondition to the issuance of a building permit. The recording information shall be included on the certificate of occupancy for any #building#, or portion thereof, on the #zoning lot# issued after the recording date.

The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorization.

91-85

Special Permit for Enlargements of 7,500 Square Feet or Greater

In addition to any certification pursuant to Section 91-83 (Retail Uses Within Existing Arcades), inclusive, or an authorization pursuant to Section 91-841 (Authorization for retail uses within existing arcades), the City Planning Commission may permit a horizontal #enlargement# of 7,500 square feet or greater within Areas A or B on Map 9 in Appendix A of this Chapter, provided that the Commission finds that the public amenity or improvement that is provided on the #zoning lot# is of equal or greater benefit to the public than the arcade to be eliminated or reduced.

For the purposes of calculating the total area of the horizontal #enlargement# that is subject to the special permit, the aggregate area of the horizontal #enlargement# permitted by any prior certification pursuant to Section 91-83, inclusive, and prior authorizations pursuant to Section 91-841 shall be included in such calculation, except the area of an indoor public space provided in accordance with the provision of Section 91-834 (Indoor public spaces) shall be excluded from such calculation.

As part of the special permit, the Commission may modify the requirements of Sections 91-831 (Ground floor requirements), the provisions of Sections 91-832 (Plaza improvements) and 91-833 (Special regulations for plazas less than 40 feet in depth) for #publicly accessible open areas# and the provisions of Section 91-834 for indoor public spaces. In no event shall an #enlargement# be permitted within a #publicly accessible open area# or other required open area unless specified on Map 9 in Appendix A of this Chapter.

The Commission may prescribe additional conditions and safeguards to enhance the relationship between the #enlargement# and the surrounding #streets#, #buildings# and public open areas.

~~Any underlying provisions restricting the placement of tables and chairs within such arcades may be modified where the Chairperson of the City Planning Commission certifies to the Commissioner of Buildings that such modifications are consistent with the provisions of this Section, as follows:~~

~~(a) Tables and chairs~~

~~Publicly accessible tables and chairs and outdoor cafes, as well as shade umbrellas and other furnishings, shall be permitted obstructions within an arcade, provided that such obstructions comply with the provisions listed in paragraphs (a) and (b) of this Section, as applicable.~~

~~(1) Number and size of tables and chairs~~

~~A minimum of four tables and sixteen chairs shall be provided within an arcade.~~

~~(i) Publicly accessible tables and chairs~~

~~Publicly accessible tables, and related chairs, shall constitute a minimum of 40 percent of the total number of tables provided within an arcade. Fractions equal to or greater than one half resulting from such calculation shall result in one additional~~

~~table. Every publicly accessible table required by such calculation shall be required to have four chairs.~~

~~— All tables shall have a minimum diameter of two feet. All publicly accessible chairs shall have seat backs, and the seats shall have a minimum depth of 12 inches and a maximum depth of 20 inches.~~

~~(ii) — Outdoor cafe~~

~~— Outdoor cafe tables, and related chairs, shall constitute a maximum of 60 percent of the total number of tables provided within an arcade. Fractions equal to or greater than one-half resulting from such calculation shall result in one additional table.~~

~~(2) — Location restrictions and other prohibitions~~

~~— Tables or chairs shall not be permitted within five feet of any #building# entrance. For arcades with a depth of ten feet or less, as measured from the column face furthest from the #street line# to the #street wall#, a clear pedestrian circulation pathway not less than three feet shall be provided. For arcades with a depth greater than ten feet, such required clear pedestrian pathway shall be increased to at least six feet. In addition, for #through block arcades#, a continuous clear path of ten feet shall be provided, connecting each #street# on which the public access area fronts.~~

~~(i) — Publicly accessible tables and chairs~~

~~and chairs may be removed or secured within the arcade.~~

~~Where publicly accessible tables and chairs and outdoor cafes are provided within an arcade, such publicly accessible tables and chairs shall be subject to the hours of operation of an outdoor cafe, as set forth in paragraph (a)(3)(ii) of this Section.~~

~~(ii) Outdoor cafe~~

~~Outdoor cafes must be in operation and provide service a minimum of 225 days per year.~~

~~All furnishings of an outdoor cafe, including tables, chairs, bussing stations and heating lamps, shall be completely removed from the arcade when the outdoor cafe is not in active use, except that tables and chairs may remain in such arcade if they are unsecured and may be used by the public without restriction.~~

~~(4) Locating publicly accessible tables and chairs within an adjacent #publicly accessible open area#~~

~~Where tables and chairs are provided in an arcade located on the same #zoning lot# as an existing #publicly accessible open area# that fronts upon Water Street, the Chairperson of the City Planning Commission may certify that publicly accessible tables and chairs, provided pursuant to paragraph (a)(2)(i) of this Section, may be located within such a #publicly accessible open area#.~~

- ~~(i) no more than 50 percent of the publicly accessible tables and chairs required to be within 25 feet of the Water Street #street line#, pursuant to paragraph (a)(2)(i), shall be located within such #publicly accessible open area#. However, where the entirety of an arcade is located beyond 25 feet of the Water Street #street line#, the entirety of the publicly accessible tables and chairs required to be within 25 feet of such #street line#, pursuant to paragraph (a)(2)(i), may be located within such #publicly accessible open area#;~~
- ~~(ii) such publicly accessible tables and chairs shall in no event constitute required seating for such existing #publicly accessible open area#; and~~
- ~~(iii) such publicly accessible tables and chairs comply with the hours of operation provisions of paragraph (a)(3) of this Section.~~

~~Any proposed design change to an existing #publicly accessible open area# beyond the findings permitted in this Section shall be subject to the requirements of Section 37-62.~~

~~(b) Litter receptacles~~

~~Litter receptacles shall be permitted obstructions within an arcade pursuant to the provisions set forth in Section 37-744.~~

~~In order to certify that the proposed modification to an existing arcade is consistent with the provisions of this Section, the applicant shall submit, to the Chairperson, a site plan demonstrating the proposed obstructions within the existing arcade and, where applicable, the adjacent #publicly accessible open area#, and a detailed seating plan illustrating compliance with paragraph (a) of this Section.~~

~~All plans for arcades or other #publicly accessible open areas# that are the subject of a certification pursuant to this Section shall be filed and duly recorded in the Office of the City Register of the City of New York, indexed against the property in the form of a legal instrument, in a form satisfactory to the Chairperson, providing notice of the certification of the arcade, pursuant to this Section. 91-82

Existing Publicly Accessible Open Areas

~~The purpose of this Section is to facilitate temporary programmatic changes to existing public spaces to:~~

RESOLUTIONS*presented for voice-vote*

The following are the respective Committee Reports for each of the Resolutions referred to the Council for a voice-vote pursuant to Rule 8.50 of the Council:

Report for voice-vote item Res. No. 664-A

Report of the Committee on Cultural Affairs, Libraries and International Intergroup Relations in favor of approving, as amended, a Resolution calling upon the United States Congress and the New York State Legislature to pass and the President of the United States and Governor of the State of New York to sign, legislation to establish October 9th annually, as Haitian Day in recognition of the historic contributions of Haitians to the United States of America.

The Committee on Cultural Affairs, Libraries and International Intergroup Relations, to which the annexed resolution was referred on April 28, 2015 (Minutes, p. 1514), respectfully

REPORTS:**Introduction**

On June 21, 2016, the Committee on Cultural Affairs, Libraries and International Intergroup Relations, chaired by Council Member James Van Bramer, held a hearing on Proposed Res. No. 664-A, a resolution calling upon the United States Congress and the New York State Legislature to pass and the President of the United States and Governor of the State of New York to sign, legislation to establish October 9th annually, as Haitian Day in recognition of the historic contributions of Haitians to the United States of America. Community-based organizations, nonprofit groups, professional associations with ties to, and interest in, the Haitian community have been invited to testify.

Proposed Res. No. 664-A

Proposed Res. No. 664-A would recognize that Haitians have made great contributions to the United States of America throughout the nation's history, from major achievements in athletics, art, music and culture, to social advancement for persons of African descent to leadership in elected offices from the local to the national level. Proposed Res. No. 664-A would acknowledge that in 1770, Jean Baptiste Point du Sable, an American revolutionary, born on the portion of the island now known as Haiti, became the founder of Chicago by becoming the first person to live in the city's limits at the mouth of the Chicago River. Proposed Res. No. 664-A would also acknowledge that Monsieur du Sable now has a school, museum, park, harbor and bridge named in his honor, with the place he settled recognized as a National Historic Landmark.

Proposed Res. No. 664-A would recognize that in 1779, Haitian soldiers fought for American Independence in the Revolutionary War at the Battle of Savannah and have since been honored by a monument in the State of Georgia. Proposed Res. No. 664-A would also recognize that on October 9, 1779 more than 500 recruits from Saint-Domingue, a French colony which later became Haiti, fought alongside American colonial troops against the British Army during the siege of Savannah, one of the most significant foreign contributions to the Revolutionary War.

Proposed Res. No. 664-A would note that in 1803, France was forced to sell Louisiana and associated lands as a result of the revolution taking place in Haiti led by Toussaint L'Ouverture, thereby greatly increasing the land owned by the United States. Proposed Res. No. 664-A would also note that Haitian

philanthropist and freed slave, Pierre Toussaint contributed personal funds and helped to raise money for Saint Patrick's Cathedral in Manhattan, New York, for which he was Venerated by the Catholic Church in 1996. Proposed Res. No. 664-A would indicate that Brooklyn born architects of Haitian descent, Nicole Hollant-Denis and Rodney Leon, have designed several New York buildings and sites of significance including the African Burial Ground Memorial in lower Manhattan and Leon's "Arc of Return," a permanent memorial at the United Nations dedicated to the victims of slavery and the Transatlantic Slave Trade.

Proposed Res. No. 664-A would note that according to the 2009 United States Census, there are over 830,000 persons of Haitian descent living in the United States today. Finally proposed Res. No. 664-A would further note that according to the 2009 United States Census, there are over 191,000 persons of Haitian descent living in New York State today, with 140,000 living in New York City, which maintains the largest concentration of Haitians in the country.

Accordingly, this Committee recommends its adoption, as amended.

(The following is the text of Res No. 664-A:)

REPORTS:

Introduction

On June 21, 2016, the Committee on Cultural Affairs, Libraries and International Intergroup Relations, chaired by Council Member James Van Bramer, held a hearing on Proposed Res. No. 687-A, a resolution establishing October 9th annually as New York City Haitian Day, in recognition of the historic contributions of the Haitian diaspora to the City of New York. Community-based organizations, nonprofit groups, professional associations with ties to, and interest in, the Haitian community have been invited to testify.

Proposed Res. No. 687-A

Proposed Res. No. 687-A would recognize that Haitians have made great contributions to the City of New York and to the United States throughout its history, from major achievements in athletics, art, music and culture, to social advancement for persons of African descent, to leadership in elected offices from the local to the national level. Proposed Res. No. 687-A would acknowledge that on October 9, 1779 more than 500 recruits from Saint-Domingue, a French colony which later became Haiti, fought alongside American colonial troops against the British Army during the siege of Savannah, one of the most significant foreign contributions to the Revolutionary War.

Proposed Res. No. 687-A would indicate that in the early 19th Century, Haitian philanthropist and freed slave, Pierre Toussaint, started an orphanage on Franklin Street in New York City for poor girls and boys, paying for their education and setting them up with jobs. Proposed Res. No. 687-A would also indicate that Toussaint also started a credit bureau, an employment agency and a refuge for priests and destitute travelers and became a resource for Haitian immigrants moving to New York City due to his ability to speak French and English. Proposed Res. No. 687-A would further note that Toussaint raised funds and donated much of his own money to build Old Saint Patrick's Cathedral on Mulberry Street in Manhattan, where he was the first lay person to be buried and for which he was eventually venerated by the Catholic Church in 1996 by Pope John Paul II.

Proposed Res. No. 687-A would acknowledge that Activist, civil rights leader and famed writer of Haitian descent, W.E.B. Du Bois became the editor of the magazine *The Crisis* in 1910 in New York City, aimed at exposing the widespread prejudice against persons of color, and which became a major publication critiquing segregation and advocating for civil rights, women's rights and labor rights. Proposed Res. No. 687-A would also acknowledge that New York City native and famed artist of Haitian descent, Jean-Michel Basquiat was a leader of the neo-expressionist movement in New York City, working with other major artists including Andy Warhol, with major exhibits at the Whitney Museum of American Art. Proposed Res. No. 687-A would also acknowledge that Brooklyn born architects of Haitian descent, Nicole Hollant-Denis and Rodney Leon, have designed several buildings in New York City, including significant sites such as the African Burial Ground Memorial in lower Manhattan and Leon's "Arc of Return," a permanent memorial at the United Nations dedicated to the victims of slavery and the Transatlantic Slave Trade.

Finally proposed Res. No. 687-A would further note that According to the 2009 United States Census, there are over 140,000 persons of Haitian descent living in the City of New York today.

Accordingly, this Committee recommends its adoption, as amended.

Report of the Committee on Women's Issues in favor of approving, as amended, a Resolution acknowledging the passage by the New York State Legislature and calling upon the Governor to

REPORTS:

(For text of report, please see the Report of the Committee on Women's Issues printed in the Reports of Standing Committees section of these Minutes)

Accordingly, this Committee recommends its adoption, as amended.

(The following is the text of Res No. 1012-A:)

Res. No. 1012-A

Resolution acknowledging the passage by the New York State Legislature and calling upon the Governor to sign legislation that amends the Tax Law to exempt feminine hygiene products from all state and local sales taxes.

By Council Members Rodriguez, Ferreras-Copeland, Dickens, The Speaker (Council Member Mark-Viverito), Williams, Vacca, Constantinides, Rose, Chin, Koslowitz, Treyger, Eugene, Menchaca, Kallos, Cohen, Cumbo, Rosenthal, Levin and Ulrich.

Whereas, The power of taxation in the State of New York is exclusively reserved to the New York State Legislature; and

Whereas, The City of New York, therefore, has no inherent ability to levy or forgive any taxes, but has only the powers to administer and collect taxes as delegated and directed by the State; and

Whereas, Chapter 60 of the Consolidated Laws of the State of New York details the laws of taxation in the State of New York and is commonly referred to as the Tax Law; and

Whereas, Article 28 of the Tax Law contains provisions for the assessment and collection of sales taxes throughout the state; and

Whereas, Section 1101 of the Tax Law details the imposition of sales and use taxes on certain goods and services; and

Whereas, Section 1115 of the Tax Law details exemptions to the imposition of sales and use taxes on certain goods and services; and

Whereas, Item three on this list of exemptions includes "drugs and medicines... and products consumed by humans for the preservation of health;" and

Whereas, Publication 840 issued by the New York State Department of Taxation and Finance describes feminine hygiene products as items that "maintain personal cleanliness" rather than items necessary for the preservation of health, and thereby determines that feminine hygiene products are subject to sales taxes; and

Whereas, Tax Bulletin ST-193 issued by the New York State Department of Taxation and Finance further categorizes feminine hygiene products as general merchandise, rather than products necessary for the preservation of health; and

Whereas, The continued categorization of feminine hygiene products as general merchandise fails to recognize the evolving public sentiment, as documented by recent reports by the New York Times and The

Guardian, as well as letters from residents of New York City sent to Council Members and expressed by various national and international organizations and movements, that menstruation is a core component of a woman's reproductive and overall health and well-being; and

Whereas, Feminine hygiene products are vital for the health, well-being and full participation of women and girls, and it has been reported that a lack of access to feminine hygiene products can cause emotional duress, physical infection and disease, and can lead to cervical cancer; and

Whereas, According the U.S. Census Bureau, women and girls comprise over half the population of New York City, New York State, and across the United States of America, thus the needs of women to maintain their health and well-being are indeed necessary for the preservation of public health; and

Whereas, The New York State Senate has passed S.7838, introduced by Senator Sue Serino, and the New York State Assembly passed A.7555A, introduced by Assembly Member Linda Rosenthal, which seek to repeal the state sales tax on tampons and other feminine hygiene products; and

Whereas, The tax laws of several states, including Massachusetts and New Jersey, recognize feminine hygiene products as necessary products and thus exempt such products from the imposition of sales taxes; and

Whereas, The State of New York should join those states in relieving the imposition of the sales taxes on feminine hygiene products; now, therefore, be it

Resolved, That the Council of the City of New York acknowledges the passage by the New York State Legislature and calls upon the Governor to sign legislation that amends the Tax Law to exempt feminine hygiene products from all state and local sales taxes.

INTRODUCTION AND READING OF BILLS

Res. No. 1135

Resolution calling on the New York State Legislature to pass and the Governor to sign legislation that would make it illegal to declaw a cat.

By The Speaker (Council Member Mark-Viverito) and Council Members Levine and Chin.

Whereas, Declawing or onychectomy is a surgical procedure administered by veterinarians, generally at the request of a cat's owner to prevent the animal from scratching; and

Whereas, Onychectomy is the amputation of a cat's toe bones and the connective tendon, which then prevents the claw from continuing to grow; and

Whereas, According to the Humane Society of the United States, scratching is a natural inclination that cats have and they begin scratching as early as 8 weeks old; and

Whereas, Cats scratch in order to stretch out their bodies, remove debris from underneath their claws, and to trim their claws; and

Whereas, Many cats can be trained not to scratch furniture and to instead use scratching posts in the house or to wear protective claw caps;

Whereas, Cat owners are advised to trim their cat's claws frequently to reduce the amount of destruction; and

Whereas, According to a report released by the American Veterinary Medical Association (AVMA) in 2016, 163 cats were observed after undergoing onychectomy and 61 of the cats appeared to be in pain for as many as 42 days after the surgery and 26% of the cats observed showed signs of lameness for as many as 54 days; and

Whereas, According to The North American Veterinary Community Clinician's Brief from 2005, cats have a stoic demeanor and may not show signs of pain until months or years after this surgery, and they may frequently shift their weight from side to side, grimace, decrease their amount of activity and appetite while their aggressive behavior increases; and

Whereas, According to the American Society for the Protection of Animals (ASPCA), a declawed cat's behavior may get worse after the surgery, as cats turn to biting rather than scratching; and

Whereas, The American Society for the Protection of Animals and the Humane Society of the United States believe that the procedure should only be used if it is medically necessary; and

Whereas, Cat declawing is banned in more than 20 countries and in 7 cities in California; and

Whereas, The proscription of the declawing procedure in New York would ensure that cats and other animals are not subject to an unnecessary procedure that negatively alters their physiology; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to pass and the Governor to sign legislation that would make it illegal to declaw a cat.

Res. No. 1136

Resolution calling upon the New York State Legislature to pass, and the Governor to sign, S.6279, the Deny Firearms to Dangerous Terrorists Act, which would prohibit individuals on the federal Terrorist Watchlist from obtaining and possessing firearms.

By The Public Advocate (Ms. James) and Council Members Dromm and Chin.

Whereas, The most recent terrorist attack in the U.S. occurred in San Bernardino, California, in December 2015, when a married couple suspected of religious extremism opened fire on a holiday party, resulting in 14 deaths and 22 injuries; and

Whereas, Among the many tools sought by lawmakers and advocates to prevent gun violence is legislation prohibiting known and suspected terrorists from possessing weapons; and

Whereas, The San Bernardino incident prompted renewed efforts on the federal level to prohibit individuals on the Terrorist Watchlist from purchasing and possessing firearms; and

Whereas, According to the Federal Bureau of Investigation (“FBI”), the Terrorist Watchlist (“Watchlist”) is also known as the Terrorist Screening Database and is maintained by the Terrorist Screening Center (“TSC”), a division of the FBI; and

Whereas, The Watchlist contains identifying information about individuals known to be or reasonably suspected of being involved in terrorist activity; and

Whereas, According to the FBI, the Watchlist is a consolidated database that combines lists formerly maintained by separate agencies into a single resource, including the “No-Fly List,” which prohibits known or suspected terrorists from boarding a commercial aircraft that departs from or arrives in the United States; and

Whereas, An FBI fact sheet titled “Ten Years After: The FBI Since 9/11” shows that as of September 2011, the Watchlist contained approximately 420,000 individuals; and

Whereas, The day after the San Bernardino mass shooting, the United States Senate voted to block a bill that would prohibit individuals on the Watchlist from purchasing and possessing guns; and

Whereas, According to the federal Government Accountability Office, individuals on the Watchlist cleared a background check for a firearm transaction in 91% of attempts between February 2004 and December 2014, resulting in 2,043 clearances for suspected terrorists to obtain guns; and

Whereas, New York State Senator Jeffrey D. Klein, citing his frustration that federal legislation is stalled in Congress, introduced S.6279, the Deny Firearms to Dangerous Terrorists Act, which would prohibit individuals on the federal Watchlist from obtaining a firearm license in New York State; and

Whereas, The act would also grant the Division of State Police the authority to revoke existing licenses of gun owners if they appear on the Watchlist; and

Whereas, In addition, the act would mandate a review of the Watchlist at least once a year by the state police, who must remove all firearms from a suspected terrorist if one is found to have been issued a license; and

Whereas, These measures are important steps in preventing known and suspected terrorists from obtaining guns and committing violence; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to pass, and the Governor to sign, S.6279, the Deny Firearms to Dangerous Terrorists Act, which would prohibit individuals on the federal Terrorist Watchlist from obtaining and possessing firearms.

A Local Law to amend the administrative code of the city of New York, in relation to increasing the contract award threshold requiring a vendor doing business with the city to complete a VENDEX questionnaire

Be it enacted by the Council as follows:

Section 1. Paragraph v of subdivision b of section 6-116.2 of the administrative code of the city of New York, as amended by local law 13 for the year 1991, is amended to read as follows:

(v) Where a contractor or subcontractor becomes obligated to submit information required by this subdivision by reason of having been awarded a contract or subcontract, the value of which, when aggregated with the value of all other contracts or subcontracts awarded to that contractor or subcontractor during the immediately preceding twelve-month period, is valued at [one hundred thousand dollars] \$250,000, or more, such information shall be submitted no later than thirty days after registration of the contract which resulted in the obligation to submit such information. A contractor or subcontractor who fails to provide such information as required by this paragraph shall be ineligible to bid or propose on a contract or subcontract until such information is provided and shall be subject to such other penalties as may be prescribed by rule of the procurement policy board, where applicable, or any rule of the council relating to procurement.

§2. Paragraph 3 of subdivision i of section 6-116.2 of the administrative code of the city of New York, as amended by local law 44 for the year 1992, is amended to read as follows:

(3) "contract" shall mean and include any agreement between an agency, New York city affiliated agency, elected official or the council and a contractor, or any agreement between such a contractor and a subcontractor, which (a) is for the provision of goods, services or construction and has a value that when aggregated with the values of all other such agreements with the same contractor or subcontractor and any franchises or concessions awarded to such contractor or subcontractor during the immediately preceding twelve-month period is valued at [one hundred thousand dollars] \$250,000 or more; or (b) is for the provision of goods, services or construction, is awarded to a sole source and is valued at [ten thousand dollars] \$10,000 or more; or (c) is a concession and has a value that when aggregated with the value of all other contracts held by the same concessionaire is valued at [one hundred thousand dollars] \$100,000 or more; or (d) is a franchise. However, the amount provided for in clause a herein may be varied by rule of the procurement policy board, where applicable, or rule of the council relating to procurement, or, for franchises and concessions, rule of the franchise and concession review committee, as that amount applies to the information required by paragraphs 7, 8, 9 and 12 of subdivision b of this section, and the procurement policy board, where applicable, or the council, or, for franchises and concessions, the franchise and concession review committee, may by rule define specifically identified and limited circumstances in which contractors may be exempt from the requirement to submit information otherwise required by subdivision b of this section, but the rulemaking procedure required by chapter forty-five of the charter may not be initiated for such rule of the procurement policy board or franchise and concession review committee less than forty-five days after the submission by the procurement policy board or, for franchises and concessions, the franchise and concession review committee, to the council of a report stating the intention to promulgate such rule, the proposed text of such rule and the reasons therefor;

§3. This local law takes effect 45 days after it becomes law.

Res. No. 1137

Resolution raising the small purchase limit for goods, services, construction and construction-related services to two hundred thousand dollars upon adoption of a concurrent rule amendment by the Procurement Policy Board.

By Council Members Rosenthal and Rose.

Whereas, Pursuant to Section 314 of the New York City Charter, concurrent action by the Council of the City of New York and the Procurement Policy Board is necessary to establish dollar limits for the procurement of goods, services, construction or construction-related materials that may be made without competition or public advertisement-better known as the small purchase limits; and

Whereas, In June 2002, the Council adopted the rule amendments of the Procurement Policy Board raising the small purchase limits for construction and construction-related services from fifty thousand dollars to one hundred thousand dollars, and in May 2004, the Council adopted the rule amendments of the Procurement Policy Board raising the small purchase limits for goods and services to one hundred thousand dollars; and

Whereas, The small purchase limit has remained at one hundred thousand dollars for all procurement categories since 2004; and

Whereas, The Council finds it necessary and desirable to streamline the procurement process and reduce the processing time for all procurements while maintaining the integrity of the procurement system, and raising the small purchase limit to two hundred thousand dollars for all categories will allow agencies to process a greater number of procurements in a more efficient and cost-effective manner; and

Whereas, Recognizing that such efficiencies must not compromise the integrity of the procurement system, the Council of the City of New York calls upon the Mayor and Comptroller to vigilantly monitor agency small purchases under the new limits to ensure that they comply with citywide rules; now, therefore, be it

Resolved, That the Council of the City of New York establishes that the small purchase limit for goods, services, construction and construction-related services shall be two hundred thousand dollars upon adoption of a concurrent rule amendment by the Procurement Policy Board.
