INVOCATION

The Invocation was delivered by Father Jonathan Morris, Our Lady of Mount Carmel Church, 627 East 187th Street, Bronx, NY 10458.

I begin as I do in my own faith tradition,
in the name of the Father and of the Son and of the Holy Spirit, Amen.

Almighty God, merciful God, Father of God,
As leaders in our community,
we have been given so much
and we acknowledge when we are humble
that much will be asked of us,
much more than our constituents
or our parishioners ask of us,
that you will ask of us.
Today I ask you to awaken us from our slumber,
awaken us, oh Lord, from the slumber of selfishness
that can grip each and every one of us.
As community leaders, we can easily be mesmerized
by power, fame, money and the deadly desire
of being liked and praised by all.
Yes, much will be asked of us by you;
what is it that you ask of us, Lord?
At least I say this to you now;
I believe that you are asking of me,
and of my brothers and sisters here,
that we be servant leaders.
To be servants not of ourselves or our agendas
but rather to be servants of the women and men that we represent.
Servant leadership is not an easy standard,
we know God, because left to our own powers or desires
it is so tempting to serve our own interests;
but today I ask you, Almighty God,
as a friend of these community leaders
to descend upon these civic leaders in front of me
and to give them a new desire, make it a miracle;
a new desire and commitment to be servant leaders;
give them a burning desire to sacrifice their own interest
to serve the interest of every one of their constituents
even when it's not helpful or convenient to them
and to do so by measuring up their daily objectives,
what they do each day,
with the common good of society,
what is good, beautiful and true
for those that they represent and lead
based on the dignity of every human person.
Finally, I pray that these women, that these men, in this great Chamber

will never ever forget to give preferential treatment
to the poor, the weak, the disadvantaged,
the defenseless in our city.
Amen, Amen.

On behalf of Council Member Torres, the Speaker (Council Member Johnson) moved that the Invocation be spread in the full upon the record.

During the Communication from the Speaker segment of this Meeting, the Speaker (Council Member Johnson) asked for a Moment of Silence in memory of the following individuals:

MTA worker St. Clair Richards-Stephens, 23, died after suffering a head injury from a fall as he was cleaning the tracks near the East 125th Street subway station on March 20, 2018. The Speaker (Council Member Johnson) offered his thoughts and prayers to the young man's family and friends.

REPORTS OF THE STANDING COMMITTEES**Report of the Committee on Education**

Report for Int. No. 262

Report of the Committee on Education in favor of approving a Local Law to amend the administrative code of the city of New York, in relation to requiring the department of education to provide school-level data regarding students receiving special education services.

The Committee on Education, to which the annexed proposed local law was referred on January 31, 2018 (Minutes, page 454), respectfully

REPORTS:**Introduction**

On March 20, 2018, the Committee on Education, chaired by Council Member Mark Treyger, voted on Int. No. 262, sponsored by Council Member Donovan Richards. A hearing was previously held on this bill on February 27, 2018. At that hearing, the Committee heard testimony from representatives from the Department of Education (DOE), unions, parents, advocates, and other members of the public. On March 20, 2018, the Committee passed Introduction No. 262 by a vote of fifteen in the affirmative, zero in the negative, with zero abstentions.

Background

In 2015, the City Council passed Local Law 27, which requires the DOE to annually report on its provision of special education services, including, among other measures, the number of students enrolled who have an individualized education program (IEP).¹ Local Law 27 requires that information to be disaggregated by district, eligibility for the free and reduced price lunch program, race/ethnicity, gender, English Language Learner status, recommended language of instruction, grade level, and disability classification; it does not currently require the information to be disaggregated at the school level.²

Bill Analysis

Section one of Int. No. 262 would amend section 21-955 of the Administrative Code to require the report to disaggregate by school the number of students who have an IEP as of June 30 of the reported academic period. Section two of the bill would provide that the law would take effect immediately.

Update

On March 20, 2018, the Committee passed Introduction No. 262 by a vote of fifteen in the affirmative, zero in the negative, with zero abstentions.

RE: Finance Committee Agenda of March 22, 2018 - Resolution approving a tax exemption for five Land Use items (Council Districts 2, 7 and 38)

Item 1: Red Hook Gardens

Red Hook Gardens consists of 31 multiple dwellings with 62 units of affordable rental housing for low-income households. The project has been granted a variety of tax benefits over the years, including an Article V exemption in 1971, low-income housing tax credits in 2003, and J-51 benefits in 2011, however these benefits have not been adequate for the viability of the project. The property is currently developing plans with the Department of Housing Preservation and Development (HPD) Asset Management Division and the Year 15 program to redevelop the project. Therefore, HPD is requesting that the Council approve a full, Article XI property tax exemption from September 22, 2002, the date the property was acquired by the Red Hook Gardens Housing Development Fund Corporation (HDFC) and the earlier of December 31, 2021 or the closing of the redevelopment financing.

The property has been subject to a low-income housing tax credit regulatory agreement with New York State Homes and Community Renewal (HCR) as of July 31, 2003, and the HDFC and HPD will enter into a regulatory agreement continuing the existing income restrictions.

Item 2: 346 East 21st Street

346 East 21st Street consist of one six-floor, 30-unit building of affordable rental housing for low-income households. The property is owned and operated by 346 East 21st Street HDFC. It is divided into two condominiums: residential (owned by the HDFC) and retail (owned by an affiliate).

The building was the subject of an Inclusionary Housing transaction by BFC Partners in 1999. While initially benefitting from a J-51 tax-exemption and abatement following the moderate tenant-in-place rehabilitation completed by BFC, following acquisition, the project has since experienced limited cash flow and an insufficient tax benefit. The building is also now in need of moderate rehabilitation that the building will be able to self-finance if property taxes are reduced.

HPD is requesting the Council approve a full Article XI tax exemption for a period of 40 years for the residential condominium owned by the HDFC. The full Article XI exemption is sought to preserve affordability for the current tenants, while contributing to the long-term sustainability of the building, and permanent affordable housing in a neighborhood challenged by increasing rental costs. It is further requested that the tax exemption be retroactive to February 8, 2013, the date the residential condominium was conveyed to the HDFC.

Items 3, 4, and 5: Manhattanville Phase I-Unit A, Manhattanville Phase II-Unit B, and Manhattanville Phase II-Unit C

These three items are all related to 3599 Condominium, a newly-constructed building owned by Columbia University built in connection with the university's expansion in Manhattanville. In total, the condominium consists of three residential condominium units (Manhattanville Phase I-Unit A, Manhattanville Phase II-Unit B, and Manhattanville Phase II-Unit C) containing affordable housing, one commercial unit and one community facility unit. As part of its campus expansion, Columbia intends to acquire City-owned Tenant Interim Lease (TIL) buildings located at 602 West 132nd Street and 3289 Broadway. In exchange, Columbia has constructed replacement apartments in the 3599 Condominium to be occupied by the tenants of the TIL buildings. The tenants of 602 West 132nd Street have already relocated to Unit A. The tenants of 3289 Broadway will occupy the apartments in Unit B. In addition, Columbia agreed to provide additional apartments of affordable housing located in Unit C. Each condominium unit will be operated as cooperative housing and owned by a separate HDFC. Upon conversion to cooperative ownership, Columbia will convey Unit A to the Exodus HDFC, Unit B will be conveyed to Monarchs HDFC, and Unit C will be conveyed to UHAB HDFC.

In order to facilitate the project, HPD is requesting that the Council approve a full, 40-year Article XI exemption for each of the three properties and, in exchange, the HDFCs will enter into regulatory agreements with HPD establishing income restrictions.

Report of the Committee on Housing and Buildings

Report for Int. No. 600-A

Report of the Committee on Housing and Buildings in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York, in relation to extending the rent stabilization laws.

The Committee on Housing and Buildings, to which the annexed proposed amended local law was referred on February 15, 2018 (Minutes, page 892), respectfully

REPORTS:**Introduction**

On March 19, 2018, the Committee on Housing and Buildings, chaired by Council Member Robert E. Cornegy, Jr., will hold a hearing and vote on Proposed Introduction No. 600-A and Proposed Resolution No. 188-A. The Committee expects to receive testimony from the Department of Housing Preservation and Development (HPD), tenant advocates and members of the real estate industry.

Background

There are two forms of rent regulation in New York City: rent control and rent stabilization. Both rent regulation systems restrict rent increases and limit evictions.

¹ Rent control is the older of the two systems and dates back to the federal Emergency Price Control Act of 1942.² Rent control primarily applies to dwellings within residential buildings that were completed before February 1, 1947³ and in which a tenant or lawful successor has been living continuously since before July 1, 1971.⁴ Rent stabilization generally applies to buildings with six or more units built before January 1, 1974.⁵ Buildings completed using certain tax incentive programs also become rent stabilized upon completion of construction.

Renewing Rent Regulation

Under State law, both regulatory schemes will expire in June 2019, unless the City conducts a housing vacancy survey and finds that there is still a housing shortage, defined as a less than 5% vacancy rate.⁶ In addition to the City's survey, state law requires that the Council must pass legislation finding that, because there is still a housing shortage, there continues to be a need for rent regulation for the next three years.⁷

HPD recently published the results of the 2017 Housing and Vacancy Survey (HVS).⁸ The current HVS indicates a citywide rental vacancy rate of 3.65%.⁹ According to the HVS, there were approximately 79,190 vacant available rental units in New York City as of the survey period, an increase of approximately 3,600 units since 2014.¹⁰ The HVS also found that the median contract rent, including utility payments, increased by 6.2% from \$1,325 in 2014 to \$1,450 in 2017.¹¹

Int. No. 600-A

In addition to completing the HVS and passing legislation declaring a continued need for rent regulation and control, the Council needs to update the expiration dates for rent regulation and control. Proposed Int. No. 600-A amends the applicable provisions of the New York City Rent Stabilization Law to reflect extension of its provisions to April 1, 2021. This legislation takes effect immediately.

Res. No. 188-A

As a result of the 2017 HVS finding that the citywide vacancy rate is less than 5%, the City can declare that there is still a need for rent regulation. This resolution states that the New York City Council has determined that the continuation of the regulation and control of residential rents and evictions on and after April 1, 2018 is necessary to protect the public health, safety and general welfare and that such regulation and control should be continued.

Update

On March 19, 2018, the Committee on Housing and Buildings approved this legislation.

(The following is the text of the Fiscal Impact Statement for Int. No. 600-A:)

**THE COUNCIL OF THE CITY OF NEW YORK
FINANCE DIVISION
LATONIA MCKINNEY, DIRECTOR
FISCAL IMPACT STATEMENT**

PROPOSED INTRO. NO: 600-A

COMMITTEE: Housing and Buildings

TITLE: A Local Law to amend the administrative code of the city of New York, in relation to extending the rent stabilization laws

SPONSORS: The Speaker (Council Member Johnson) and Council Members Kallos, Rosenthal, Constantinides, Koslowitz and Chin

SUMMARY OF LEGISLATION: Proposed Intro. No. 600-A would extend the existing Rent Stabilization Law from April 1, 2018 to April 1, 2021 on the basis of the finding that a serious public emergency continues to exist in the rental housing market of New York City and that this emergency will continue after April 1, 2018. Under New York state law, whether such an emergency exists is determined by whether the citywide rental vacancy rate is less than five percent.

According to findings from the U.S. Census Bureau's 2017 New York City Housing and Vacancy Survey, which were submitted to the City Council by the New York City Department of Housing Preservation and Development (HPD) in February 2018, the citywide rental vacancy rate for the period between January and May 2017 was 3.63 percent. This figure was calculated by dividing the number of vacant, non-dilapidated units available for rent (79,190 units) by the number of renter-occupied, dilapidated and non-dilapidated units available for rent (2,103,874 units).

EFFECTIVE DATE: This local law would take effect immediately.

FISCAL YEAR IN WHICH FULL FISCAL IMPACT ANTICIPATED: Fiscal 2019

FISCAL IMPACT STATEMENT:

	Effective FY18	FY Succeeding Effective FY19	Full Fiscal Impact FY19
Revenues	\$0	\$0	\$0
Expenditures	\$0	\$0	\$0
Net	\$0	\$0	\$0

IMPACT ON REVENUES: It is estimated that there would be no impact on revenues resulting from the enactment of this legislation. According to the 2017 New York City Housing and Vacancy Survey, rent-stabilized units numbered 966,000 and rent-controlled units numbered 22,000 out of a total of 2,183,064 rental units. If this legislation is not passed and wholesale deregulation occurred, the City could see some increase in property tax

revenue once property assessments were fully increased to reflect higher rents. However, since this legislation would not alter current property assessments, no estimate of such revenue is provided here.

IMPACT ON EXPENDITURES: It is anticipated that this legislation would have no impact on expenditures. Since this legislation is a straight extension of existing rent regulations, its passage should not have any new impact on residential displacement due to affordability issues.

SOURCE OF FUNDS TO COVER ESTIMATED COSTS: Not applicable.

ESTIMATE PREPARED BY: Sarah Gastelum, Principal Financial Analyst

ESTIMATED REVIEWED BY: Chima Obichere, Unit Head
Rebecca Chasan, Counsel

LEGISLATIVE HISTORY: This legislation was introduced to the full Council on February 15, 2018 as Intro. No. 600 and was referred to the Committee on Housing and Buildings (Committee). The legislation was amended after introduction, and the amended version, Proposed Intro. No. 600- A, will be considered by the Committee on March 19, 2018. Following a successful Committee vote, the bill will be submitted to the full Council for a vote on March 22, 2018.

DATE PREPARED: March 16, 2018.

(For text of Res. No. 188-A, please see the Report of the Committee on Housing and Buildings for Res. No. 188-A printed in the voice-vote Resolutions section of these Minutes; for text of Int. No. 600-A, please see below)

Accordingly, this Committee recommends the adoption of Int. No. 600-A and Res. No. 188-A.

Report of the Committee on Public Safety

Report for Int. No. 605-A

Report of the Committee on Public Safety in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York, in relation to requiring the police department to submit reports on the enforcement of marijuana possession.

The Committee on Public Safety, to which the annexed proposed amended local law was referred on February 15, 2018 (Minutes, page 899), respectfully

REPORTS:

I. INTRODUCTION

On March 19, 2018, the Committee on Public Safety, chaired by Donovan Richards, will vote on Proposed Introduction Number 605-A (Prop. Int. 605-A), a local law to amend the administrative code of the city of New York, in relation to requiring the police department to submit reports on the enforcement of marijuana possession. The Committee previously heard this bill on February 26, 2018. Representatives of the New York Police Department (NYPD) and various advocates, stakeholders, and members of the public testified at that hearing.

II. BACKGROUND

The possession and sale of recreational marijuana is prohibited pursuant to New York State Penal Law Article 221.¹ In February 2018, the Misdemeanor Justice Project (MJP) at John Jay College of Criminal Justice issued a report entitled “Trends in Arrests for Misdemeanor Charges in New York City, 1993-2016”, which shows that over the past two decades, arrests for marijuana misdemeanor charges have fluctuated significantly.² In 1993, just 5,221 arrests were made, which skyrocketed to 60,190 in 2000, then dropped to 32,735 in 2004.³ Arrests for marijuana charges then rose again in 2010 (55,623) and dropped in 2016, as the NYPD made 21,457 arrests.⁴ In 2010, under former NYPD Commissioner Raymond Kelly, the NYPD made 50,383 arrests, mostly of young people of color, for possession of fewer than 25 grams of marijuana.⁵ According to the MJP, despite the varying number of arrests made over the years, consistent trends are present.⁶ Between 1993 and 2016, arrestees were overwhelmingly Black and Latino men. In 1993, the arrest rate for marijuana charges for Blacks was 20.9 times higher than the arrest rate for Whites.⁷ According to MJP, this difference increased to a peak of 23.3 times higher.⁸ In 2016, the arrest rate for Blacks was 7.8 times higher than for Whites.⁹

In his 2013 mayoral campaign, Mayor de Blasio acknowledged the racial disparities in marijuana arrests, saying the policy was “unjust and wrong.”¹⁰ In November of 2014, then-NYPD Commissioner William Bratton and Mayor de Blasio announced a new policy for handling low-level marijuana violations whereby possession of 25 grams of marijuana or less would result in a summons and fine instead of an arrest even if it is in public view, unless the marijuana is burning, if there is an intent to sell, or if the individual has an outstanding warrant or is in a school.¹¹ Then-Chief of Department James O’Neill said, “The whole purpose operationally... is to keep people – keep cops on the street...”¹² Despite the new policy, the MJP suggests the racial disparity in low-level marijuana arrests remains high and largely unchanged, and advocates argue the arrest numbers are still too high.¹³

¹³ *Supra* note 10.

There has been a robust public discussion of whether the NYPD's enforcement of marijuana is proactive or reactive to community concerns. Advocates have long maintained that marijuana arrests are part of a "broken windows" policing strategy in which police officers actively seek marijuana arrests,¹⁴ whereas the NYPD has maintained that officers enforce marijuana laws in response to 911 calls and community complaints.¹⁵

III. ANALYSIS OF PROP. INT. 605-A

This bill would add a new administrative code section 14-175 to require NYPD to report quarterly on the enforcement of low-level marijuana possession. This report would include the number of arrests and summonses issued for New York State Penal Law sections 221.05, 221.10 and 221.15. The report also requires the numbers to be disaggregated by offense, race, gender, age, borough in which the enforcement action was taken, and the patrol precinct, housing police service area, and transit district in which the enforcement was taken.

IV. AMENDMENTS TO PROP. INT. NO. 605-A

Prop. Int. No. 605-A has been amended since it was introduced as Introduction Number 605. The original version of the bill required NYPD to submit the report to the council and the mayor within 20 days of the beginning of each fiscal year quarter, and post to the department's website within 30 days of each fiscal year quarter. This was modified to require NYPD to report to the council within 25 days of the end of each calendar year quarter, and post to the department's website five days thereafter. Additionally, the provision requiring the data be disaggregated by age was amended to require the data be disaggregated by year for the age of 20 and under, and by age group as follows: 21 to 24 years old, 25 to 34 years old, 35 to 65 years old, and over 65. Lastly, the effective date was modified from immediately after it becomes law to 60 days after it becomes law.

Special Height and Setback Regulations in Subdistrict A

In Subdistrict A, as shown on Map 1 (Special Jerome Corridor District, Subdistrict and Subareas) in the Appendix to this Chapter, the underlying height and setback provisions are modified by the provisions of this Section.

(a) #Street wall# location

(1) Along the elevated rail structure

For #street walls#, or portions thereof, within 100 feet of #street lines# along the elevated rail structure on Jerome or River Avenues, the provisions of paragraph (a) of Section ~~141-23~~~~141-22~~ shall apply.

(2) Along designated #streets#

In Subareas A1 through A3, along the #streets# designated on Maps 2 through 4 in the Appendix to this Chapter, the following shall apply:

(i) In #Commercial Districts#

For #street walls#, or portions thereof, located in #Commercial Districts#, at least 70 percent of the #aggregate width of street walls# shall be located within eight feet of the #street line# and shall extend to at least a height of 30 feet, or the height of the #building#, whichever is lower. In addition, above a height of 30 feet, at least 50 percent of the #aggregate width of street walls# shall be located within eight feet of the #street line# and shall extend to at least a minimum base height of 60 feet, or the height of the #building#, whichever is lower.

The remaining #aggregate width of street walls# may be recessed beyond eight feet of the #street line#, provided that any such recesses deeper than 10 feet along a #wide street# or 15 feet along a #narrow street# are located within an #outer court#.

The underlying allowances for #street wall# articulation, set forth in paragraph (e) of Section 35-651 shall be permitted to project or recess, where applicable, beyond the #street wall# locations established in this paragraph.

In the corner locations designated on Maps 2 and 3, an open space may be provided within 75 feet of the corner, pursuant to the provisions of paragraph (b) of Section 141-33.

(ii) In #Residence Districts#

For #street walls#, or portions thereof, located in #Residence Districts#, at least 70 percent of the #aggregate width of street walls# shall be located within 15 feet of the #street line# and shall extend to at least the minimum base height set forth in paragraph (b) of this Section, or the height of the #building#, whichever is lower.

The remaining #aggregate width of street walls# may be recessed beyond eight feet of the #street line#, provided that any such recesses deeper than 10 feet along a #wide street# or 15 feet along a #narrow street# are located within an #outer court#.

The underlying allowances for #street wall# articulation, set forth in paragraph (e) of Section 35-651 shall be permitted to project or recess, where applicable, beyond the #street wall# locations established in this paragraph.

In the corner locations designated on Map 4, an open space may be provided within 75 feet of the corner, pursuant to the provisions of paragraph (b) of Section 141-33.

(3) Along other #streets#

In Subareas A1 through A4, along #streets# that are not designated on Maps 2 through 5, no #street wall# location provisions shall apply, and no minimum base heights shall apply.

(b) Base heights, maximum #building# heights, and maximum number of #stories#

The table in this Section sets forth, by zoning district, the maximum base height, the maximum transition height, the maximum height of a #building or other structure# and the maximum number of #stories# for #buildings#.

However, for #street walls# facing the elevated rail structure along Jerome or River Avenues beyond 75 feet of the corner, the maximum base height shall be 30 feet.

A setback is required for all portions of #buildings or other structures# that exceed the maximum base height specified for the district, and shall be provided at a height not lower than the minimum base

height, where applicable, or higher than the permitted maximum base height. Such setback shall have a depth of at least 10 feet from any #street wall# fronting on a #wide street#, and a depth of at least 15 feet from any #street wall# fronting on a #narrow street#. However, for portions of #buildings or other structures# along Cromwell Avenue located beyond 200 feet from a corner, a minimum setback with a depth of at least 30 feet shall be provided. The underlying provisions of paragraphs (c)(2) through (c)(4) of Section 23-662 shall apply to all such setbacks.

In R9A Districts, or #Commercial Districts# mapped over an R9A District, above the required setback, the height of a #building# shall not exceed the maximum transition height set forth in the table in this Section, except that where the #lot coverage# of all #buildings# on the #zoning lot# above the maximum transition height has been reduced to 50 percent on #zoning lots# with a #lot area# less than or equal to 15,000 square feet, 40 percent on #zoning lots# with a #lot area# greater than 15,000 square feet but less than 30,000 square feet, and 30 percent for all other #zoning lots#, a #building# may rise up to the maximum #building or other structure# height set forth in the table in this Section. The maximum #street wall# width of any #story# above the maximum transition height shall not exceed 165 feet, and where two or more non-contiguous portions of a #building# exist at the same level above the maximum transition height, such portions shall provide a minimum distance of 60 feet between facing walls at any point.

Base Heights, Maximum #Building# Heights and Maximum Number of #Stories#

<u>R8A</u>	<u>105</u>	<u>N/A</u>	<u>145</u>	<u>14</u>
<u>R9A</u>	<u>125</u>	<u>175</u>	<u>225</u>	<u>22</u>

(c) Required and permitted articulation

In Subareas A1 through A3, along #streets# designated in Maps 2 through 4 in the Appendix to this Chapter, for #street wall# widths exceeding 100 feet, a minimum of 20 percent of the surface area of #street walls# above the level of the second #story#, or a height of 30 feet, whichever is lower, shall either recess or project a minimum of three feet from the remaining surface of the #street wall#. Any such projections shall be considered a permitted obstruction into a required setback, provided that any projections with a depth greater than five feet shall be considered a dormer.

In addition, the underlying dormer provisions of paragraph (c) of Section 23-621 shall apply, except that in Subareas A1 through A3, for #street walls# intersecting within 100 feet of the corners designated on Maps 2, 3 and 4 in the Appendix to this Chapter, and irrespective of the width of the #street wall# below the maximum base height, dormers shall be permitted within 100 feet of such intersecting #street walls#. Such dormers need not decrease in width as the height above the maximum base height increases.

Any dormers or projections provided in accordance with this paragraph need not be included in the maximum #lot coverage# permitted above the maximum transition height, nor be included in the maximum #street wall# width of a #story#.

141-25
Special Height and Setback Regulations in R8A Districts

For #zoning lots# in R8A Districts, or C1 or C2 Districts mapped within R8A Districts, or in #Commercial Districts# with an R8A residential equivalent, within 100 feet of a #wide street# located outside of #Mandatory Inclusionary Housing areas#, the height and setback provisions of Section 23-662 (Maximum height of buildings and setback regulations) or Section 35-652 (Maximum height of buildings and setback regulations), respectively, shall be modified as follows: the maximum base height shall be 105 feet, the maximum height of a #building or other structure# without a #qualifying ground floor# shall be 140 feet, the maximum height of a #building or other structure# with a #qualifying ground floor# shall be 145 feet, and the maximum number of #stories# shall be 14.

141-32
Ground Floor Use Regulations

For the purposes of applying the special #ground floor level# streetscape provisions set forth in Section 37-30 to this Chapter, any portion of a #ground floor level street# frontage of a #zoning lot# in a #Commercial District# located within 50 feet of #street lines# along the elevated rail structure on Jerome or River Avenues and, in Subdistrict A, for Subareas A1 or A2, a #ground floor level street# frontage along #streets#, or portions thereof, designated on Maps 2 and 3 in the Appendix to this Chapter, shall be considered #primary street frontages#. A #ground floor level street# frontage along any other #street# shall be considered a #secondary street frontage#. For the purposes of this Section, defined terms shall include those in Sections 12-10 and 37-311.

The provisions of this Section shall apply to #developments# or #ground floor level enlargements#.

(a) Along #primary street frontages#

For #buildings# with #primary street frontage#, or portions thereof, #uses# on the #ground floor level#, to the minimum depth set forth in Section 37-32 (Ground Floor Depth Requirements for Certain Uses), shall be limited to non-#residential uses#, except for Type 1 lobbies and entrances and exits to #accessory# parking spaces provided in accordance with the applicable provisions of Section 37-33 (Maximum Width of Certain Uses). #Group parking facilities# located on the #ground floor level# shall be wrapped by #floor area# in accordance with the provisions of paragraph (a) of Section 37-35 (Parking Wrap and Screening Requirements). #Ground floor level street walls# shall be glazed in accordance with the provisions set forth in Section 37-34 (Minimum Transparency Requirements).

The level of the finished floor of such ground floor shall be located not higher than five feet above nor lower than five feet below the as-built level of the adjoining #street#.

141-33 **Special Open Space Provisions**

Along the elevated rail structure on Jerome or River Avenues, where open space is provided between the #street line# of the #zoning lot# and the #street wall# of a #building# facing the elevated rail structure, or in Subdistrict A, for Subareas A1 through A3, where open space is provided between the #street wall# and the corner at a location designated on Maps 2, 3 or 4 in the Appendix to this Chapter, the provisions of Section 28-23 (Planting Areas) shall apply to all #buildings#, whether the ground floor is occupied by #residential uses# or non-#residential uses#, subject to the modifications of this Section.

(a) Along the elevated rail structure

Along the elevated rail structure on Jerome or River Avenues, a sidewalk widening, built to Department of Transportation standards, may be provided as an alternative to planting, provided that the area that would otherwise be allocated to planting, measured in square feet, is allocated to streetscape amenities, including, but not limited to, trees, bicycle racks, benches or wall treatment, are provided along such sidewalk widening, as set forth below.

Where benches are provided as an alternative to such planting, the length of such benches shall not exceed, in the aggregate, 15 feet per every 50 feet of #street wall# frontage. Where bicycle racks are provided, such racks shall be oriented so that the bicycles are placed parallel to the #street wall#, and the width of such bicycle racks shall not exceed, in the aggregate, 10 feet per every 50 feet of #street wall# frontage. Such benches or bicycle racks shall be located entirely within the #zoning lot#, and each bench or bicycle rack so provided shall be equivalent to 15 square feet of planted area.

Where trees, and associated tree pits are provided as an alternative, the minimum depth of any open space between the #street wall# and #street line# shall be eight feet. Each tree provided shall be equivalent to 15 square feet of planted area.

Where a wall treatment is provided as an alternative, it shall be in the form of permitted #signs#, graphic or sculptural art, rustication, decorative screening or latticework, or living plant material along the #street wall#. Such wall treatment shall extend to a height of at least 10 feet, as measured from the level of the adjoining sidewalk or grade, and shall have a minimum width of 10 feet, as measured parallel to the #street wall#. Portions of a #street wall# providing such wall treatment may be exempt from the ground floor glazing requirements of paragraph (a) of Section 141-32, provided that the exempted area not exceed 50 percent of the #street wall#, or a #street wall# width of 20 feet, whichever is less. The portion of the #street wall# allocated to a wall treatment shall satisfy the planting requirement directly in front of such #street wall#.

Where planting is provided, the minimum depth of open space between the #street line# and the #street wall# shall not be less than three feet.

(b) In Subdistrict A

In~~in~~ Subdistrict A, where open space is provided between the #street wall# and the intersection of two #streets#, pursuant to paragraph (a)(2) of Section ~~141-23~~~~141-22~~, streetscape amenities may be provided as an alternative to planting, provided that the area that would otherwise be allocated to planting, measured in square feet, is allocated to trees, benches, or tables and chairs, as set forth below. However, planting shall not be reduced to less than 20 percent of the area of the open space.

Each bench provided shall be equivalent to 10 square feet of planted area, and each set of tables and at least two chairs shall be equivalent to 15 square feet of planted area. Seating shall be publicly accessible, unless tables and chairs are associated with an open eating or drinking establishment on the #zoning lot#. The area under such seating shall be paved with permeable materials and shall either abut the adjoining sidewalk or be connected to such sidewalk by a circulation path at least five feet wide that is also paved with permeable materials,

Each tree and associated tree pits provided shall be equivalent to 15 square feet of planted area, and shall be located at least 10 feet from any #building wall# or the adjoining sidewalk. Where planting is provided, the minimum depth of a planted bed shall not be less than three feet.

Res. No. 264

Resolution approving the decision of the City Planning Commission on ULURP No. C 180051(A) ZMX, a Zoning Map amendment (L.U. No. 18).

By Council Members Salamanca and Moya.

WHEREAS, the City Planning Commission filed with the Council on January 26, 2018 its decision dated January 17, 2018 (the "Decision"), on the application submitted by the New York City Department of City Planning, pursuant to Sections 197-c and 201 of the New York City Charter, for an amendment of the Zoning Map, Section Nos. 3b, 3c, and 3d, which in conjunction with several related actions would enact changes to land use regulations recommended in the Jerome Avenue Neighborhood Plan, a comprehensive planning effort aimed at supporting growth and vitality by fostering a vibrant mix of residential, commercial, and community facility uses along a two-mile stretch of Jerome Avenue in the southwest section of the Bronx, (ULURP No. C 180051(A) ZMX), Community Districts 4, 5 and 7, Borough of the Bronx (the "Application");

WHEREAS, the Application is related to applications N 180050(A) ZRX (L.U. No. 17), a zoning text amendment as modified; and C 170305 MMX (L.U. No. 19), a city map amendment to de-map a portion of Corporal Fischer Place and to map new parkland;

WHEREAS, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(1) of the City Charter;

WHEREAS, upon due notice, the Council held a public hearing on the Decision and Application on February 7, 2018;

WHEREAS, the Council has considered the land use and other policy issues relating to the Decision and Application; and

WHEREAS, the Council has considered the relevant environmental issues, including the Final Environmental Impact Statement (the "FEIS") for which a Notice of Completion was issued on January 5, 2018 (CEQR No. 17DCP019X), which identified significant adverse impacts related to hazardous materials, air quality and noise which would be avoided through the placement of (E) designations (E-442), and additional significant adverse impacts with respect to community facilities (public schools), shadows, transportation (traffic, buses, and pedestrians), and construction activities related to noise.

RESOLVED:

Having considered the FEIS with respect to the Decision and Application, the Council finds that:

- (1) The FEIS meets the requirements of 6 N.Y.C.R.R. Part 617;
- (2) Consistent with social, economic and other essential considerations from among the reasonable alternatives thereto, the action is one which minimizes or avoids adverse environmental impacts to the maximum extent practicable; and
- (3) The adverse environmental impacts disclosed in the FEIS will be minimized or avoided to the maximum extent practicable by (E) designations for Hazardous Materials, Air Quality, and Noise, which form part of the Proposed Actions, or the required mitigation measures.

The Decision, together with the FEIS, constitutes the written statement of facts, and of social, economic and other factors and standards, that form the basis of this determination, pursuant to 6 N.Y.C.R.R. §617.11(d).

Pursuant to Section 197-d and 200 of the City Charter and on the basis of the Decision and Application, and based on the environmental determination and consideration described in the report, C 180051(A) ZMX, incorporated by reference herein, the Council approves the Decision of the City Planning Commission.

Res. No. 188-A

Resolution determining that a public emergency requiring rent control in the City of New York continues to exist and will continue to exist on and after April 1, 2018.

By The Speaker (Council Member Johnson) and Council Members Cornegy, Williams, Kallos, Rosenthal, Constantinides, Koslowitz, Chin, Reynoso and Powers.

Whereas, The City, acting by the Mayor, has caused a survey to be made of the supply of housing accommodations and the need for continuing the regulation and control of residential rents and evictions within the City, and such survey has been submitted to the Council in accordance with the law; now, therefore, be it

Resolved, That the Council hereby determines that the public emergency requiring the regulation and control of residential rents and evictions within the City continues to exist and will continue to exist on and after April 1, 2018, and that an acute shortage of dwellings continues to exist and will continue to exist on and after April 1, 2018, that such shortage constitutes a threat to the citizens of New York City and creates a special hardship to persons and families of limited and moderate means; that unless residential rents and evictions continue to be regulated and controlled, there will be excessive rent increases and evictions for failing to pay such increases, which will produce serious threats to the public health, safety and general welfare, that to prevent such perils to the public health, safety and general welfare, preventive action through local legislation of the City continues to be imperative; that such action, as a temporary measure to be effective until it is determined by the Council that such emergency no longer exists, is necessary in order to prevent threats to the public health, safety and general welfare; that the transition from regulation to a normal market of free bargaining between landlord and tenant, while still the object of State and City policy, must be administered with due regard for such emergency; and be it further

Resolved, That the Council of the City of New York, for the reasons hereinabove set forth, hereby determines, pursuant to subdivision 3 of section 1 of Chapter 21 of the Laws of 1962, as amended, that the continuation of the regulation and control of residential rents and evictions on and after April 1, 2018 is necessary to protect the public health, safety and general welfare and that such regulation and control should be continued as now or hereafter provided pursuant to the provisions of Chapter 3 of Title 26 of the Administrative Code of the City of New York, subject to such amendment as may be enacted into law.

Res. No. 238

Resolution calling upon the New York City Department of Education to ban processed meats from being served in New York City public schools.

By Council Members Cabrera, Rosenthal, Brannan, Vallone, Rivera, King, Menchaca, Maisel, Levine, Chin, Levin, Perkins, Deutsch, Cumbo, Reynoso, Cornegy, Torres and Ampry-Samuel (by request of the Brooklyn Borough President).

Whereas, The Office of School Food (SchoolFood) of the New York City Department of Education (DOE), is responsible for serving school meals within the New York City public school system, serving around 850,000 meals to students daily; and

Whereas, According to SchoolFood's menus, New York City public schools administer numerous food menus containing processed meats, including hot dogs, ham, bacon and sausage; and

Whereas, According to Harvard's T.H. Chan School of Public Health, processed meat, like hot dogs, ham, bacon and sausage, is meat that has been transformed through salting, curing, fermentation, smoking, or other processes to enhance flavor or improve preservation; and

Whereas, According to Harvard's T.H. Chan School of Public Health, meat processing methods like curing, smoking or cooking can lead to the formation of potentially cancer-causing (carcinogenic) chemicals such as N-nitroso compounds (NOCs), polycyclic aromatic hydrocarbons (PAHs), heterocyclic aromatic amines (HAAs) and polycyclic aromatic hydrocarbons (PAHs), all of which can adversely affect one's health; and

Whereas, In 2015, the World Health Organization's (WHO) International Agency for Research on Cancer (IARC) announced that consumption of processed meat is "carcinogenic to humans," which can lead to increased risk of colorectal cancer, pancreatic cancer, prostate cancer, coronary heart disease, stroke and type II diabetes, among other diseases; and

Whereas, In the IARC's 2015 report, experts concluded that each 50 gram portion of processed meat eaten daily increased the risk of colorectal cancer by 18%; and

Whereas, According to a 2017 report by the American Institute for Cancer Research, an estimated 47% of United States colorectal cancer could be prevented each year through healthy lifestyles changes, such as eating more fiber and exercising properly; and

Whereas, According to a 2017 article in the Agricultural Research and Technology Open Access Journal, livestock production, which is responsible for adding to the supply of processed meats, is an important cause of various environmental problems such as increasing greenhouse gas (GHG) emissions, agricultural land expansion and associated deforestation, surface water eutrophication, terrestrial biodiversity loss, and nutrient imbalances; and

Whereas, In 2017, New York City public schools launched "Meatless Mondays," a program that eliminates meat being served on Mondays within specific public schools, as well as added vegan lunch options in 1,200 New York City public schools, however a full ban on processed meats being served in public schools is necessary to ensure New York City public schools offer healthy food choices, while also helping the environment; and

Whereas, Banning processed meats from being served throughout all New York City public schools can help ensure that students stay healthy; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York City Department of Education to ban processed meats from being served within New York City public schools

Referred to the Committee on Education.

Int. No. 725

By Council Members Chin, Menchaca and Koslowitz (by request of the Manhattan Borough President).

A Local Law to amend the administrative code of the city of New York, in relation to limiting the number of sightseeing bus licenses

Be it enacted by the Council as follows:

Section 1. Section 20-375 of the administrative code of the city of New York is amended to read as follows:
§ 20-375. License plate.

a. Upon the payment of the license fee the commissioner shall issue a license to the owner of the sightseeing bus or horse drawn cab together with a license plate to be securely affixed to a conspicuous and indispensable part of such sightseeing bus or securely and conspicuously affixed to the rear axle of such horse drawn cab, on which shall be clearly set forth the license number of such sightseeing bus or horse drawn cab. The license plate issued to the licensee may, in the discretion of the commissioner, be a plate of a permanent nature with a replaceable date tag attached thereto, indicating the expiration date of the plate during each license year and the issuance of such a plate with such date tag to a person possessing such a plate, shall be deemed issuance of a license plate. Such license plate and the replaceable date tag to be issued from year to year to be attached thereto, shall be of such material, form, design and dimension and set forth such distinguishing number or other identification marks as the commissioner shall prescribe. The commissioner upon renewal of the license hereunder, may continue the use of the license plate for as many additional license years as he or she in his or her discretion may determine, in which event he or she shall issue and deliver to the licensee a replaceable date tag as evidence of renewal of the license, which shall be attached or affixed in such manner as he or she may prescribe by rule. The failure to affix or display such date tag in a manner prescribed by the commissioner shall constitute a violation of this section. In the event of the loss, mutilation or destruction of any license plate or date tag issued hereunder, the owner may file such statement and proof of facts as the commissioner shall require, with a fee of twenty-five dollars, at the department, and the department shall issue a duplicate or substitute license plate or date tag.

b. *The commissioner may issue new sight-seeing bus license plates pursuant to this section provided that the number of active license plates is less than two hundred and twenty-five. For purposes of this subdivision an active license plate is a plate that has been issued for purposes of operating a licensed sight-seeing bus. Nothing in this subdivision shall prevent the commissioner from issuing a replacement license plate to a licensed sight-seeing bus operator.*

§ 2. This local law shall take effect one hundred and twenty days after its enactment into law.

Res. No. 240

Resolution acknowledging workers' gains through the American labor movement.

By Council Members Miller, Kallos, King and Ulrich.

Whereas, The American labor movement is based on the concept of a just society, in which social equality and honest labor are celebrated and fostered to improve the lives of workers throughout the nation; and

Whereas, From the late 1700's to present-day, the American labor movement made great accomplishments through workers' increased ability to unionize and collectively bargain for better compensation, benefits and worker safety standards; and

Whereas, According to The American Federation of Labor and Congress of Industrial Organizations (AFL-CIO), key events in American labor history include: the 1892 Homestead Strike, where skilled workers collectively bargained for good wages and fair work rules against a union-busting millionaire; the Triangle Shirtwaist Fire, where more than 100 workers died due to unsafe work conditions, bringing attention to worker safety standards; and the Great Postal Strike of 1970, where federal employees fought for the right to collectively bargain; and

Whereas, These events allowed for important legislation and changes to be made in hopes of creating a more fair and just workplace for all workers, regardless of class, creed, race or income; and

Whereas, American Federation of State, County and Municipal Employees (AFSCME) highlights the American labor movement's top legislative accomplishments in the 1900s which include: the Social Security Act and the National Labor Relations Act in 1935, the Fair Labor Standards Act in 1938, the Civil Rights Act/Title VII in 1964, the Occupational Safety and Health Act in 1970, and the Family and Medical Leave Act in 1993; and

Whereas, These pieces of legislation ensure that American workers have equal access to employment, a fair wage, safe working conditions, and the ability to join a union and collectively bargain, including the use of agency shops; and

Whereas, "The State of the Unions 2017: A Profile of Organized Labor in New York City, New York State, and the United States" (The State of the Unions 2017), a report by the Joseph S. Murphy Institute for Worker Education and Labor Studies, indicates that organized labor in the United States has suffered sharp decline in numbers and influence in recent years, thus making it more important than ever to acknowledge the gains of the American labor movement; and

Whereas, According to the State of the Unions 2017 report, although organized labor has suffered a decline in numbers and influence throughout the United States from 2016 to 2017, New York State had more union members-just under 2 million-than any other state in the United States except California, with New York City accounting for about 876,000 union members; and

Whereas, The American labor movement has made a huge impact on the United States and more specifically, on New York State and New York City, thus it is important to acknowledge the gains of workers that were won to create a more just and equal workforce; now, therefore, be it

Resolved, That the Council of the City of New York acknowledges workers' gains through the American labor movement.

A Local Law to amend the administrative code of the city of New York, in relation to creating a small business lease program for establishing an environment for fair negotiations in the commercial lease renewal process in order to determine reasonable lease terms

Be it enacted by the Council as follows:

§ 22-1205 Rental Guidelines. a. All leases of commercial premises may be renewed at the option of a tenant who did not lose the right to renew a lease under the grounds described in subdivision (d) of this section. Such lease renewals shall be for a minimum term of 10 years, provided however, that at the tenant's option, and with the written approval of the landlord, a lease of shorter or longer duration may be selected.

b. No period of lease extension required by this chapter shall extend beyond the landlord's lawful ability to rent the premises to the tenant, where such ability is limited by:

(1) the obligation to rent the premises to a third party pursuant to a bona fide lease entered into prior to the effective date of this chapter;

(2) the exercise by a third party of a bona fide option to rent the premises provided that such option was given prior to the effective date of this chapter; or

(3) any other lawful reason arising prior to such effective date.

c. Any landlord whose obligations under this chapter are limited by the provisions of this section shall not be required to negotiate or to arbitrate as otherwise provided for in this chapter but shall remain obligated to negotiate and to arbitrate a renewal lease for such period of time for which the landlord has a lawful ability to rent the commercial premises to the tenant. The landlord shall provide notice to the tenant 180 days before the termination of the lease of the basis on which the lease cannot be extended for a full 10-year term.

d. A tenant shall lose the right of renewal and a landlord may refuse to renew a lease only on the following grounds:

(1) The tenant has persistently delayed rent payments without cause. For the purpose of this subdivision, “cause” is defined as the withholding or rental payments by the tenant due to the alleged violations of the rental agreement by the landlord. In order for the landlord to be excused from renewal on this ground, the landlord must have served the tenant at least three prior notices during the term of the lease to the tenant for demand of payment within thirty days, and then show that the lessee has not paid within such thirty day period. The landlord shall not serve such notice unless the rent payment was in arrears for a minimum of fifteen days;

(2) The tenant uses the commercial premises in a manner substantially different from that described in the lease;

(3) The tenant conducts or permits any form of illegal activity on the premises;

(4) The tenant has substantially breached any substantive obligation under the current lease and has failed to cure such breach within thirty days following written notice to cure by the landlord;

(5) Upon the termination of the current tenancy, the landlord intends, in good faith, to demolish or substantially reconstruct the premises or a substantial part thereof, or to carry out substantial work or construction on the commercial premises or substantial part thereof which he or she could not reasonably do without obtaining possession of the commercial premises. The landlord shall notify the tenant of his decision to reoccupy the commercial premises at least one year prior to the termination of the lease. In the event that the lessor fraudulently invokes this justification for a refusal to renew a commercial lease, the defrauded tenant may collect treble damages for any loss suffered as a result of such action;

(6) The current tenancy was created by the subletting of the property, whereby the prime tenant did not notify the landlord by certified mail of the subtenant's existence and did not obtain the written consent of the landlord. This ground is void if the landlord and tenant had agreed in the lease to allow subleasing rights without the consent of the landlord and all obligations of the prime tenant on the issue, were in compliance;

(7) It has been determined by the administering agency or by a civil court of competent jurisdiction that the tenant is a gross and persistent violator of New York city tax laws, of any license obligations related to the use of the premises or of any laws of the city of New York;

(8) Upon the termination of the current tenancy, the landlord intends to occupy the retail premises in order to carry out its own business, which cannot be the same type of business that the current tenant is operating, unless the landlord compensates the tenant at fair market value as determined by an arbitrator as restitution for the loss of such tenant's business. The landlord shall notify the tenant of such landlord's decision to reoccupy the premises at least 180 days prior to the termination of the lease. In the event that the landlord fraudulently invokes this justification for a refusal to renew a commercial lease, the defrauded tenant may collect treble damages for any loss suffered as a result of such action.

e. The following procedure shall apply for lease renewals: (1) Where the landlord agrees to renew the lease of the current tenant, such landlord shall notify the tenant at least 180 days prior to the expiration of the lease of such landlord's willingness to negotiate the renewal of the commercial lease agreement. If the landlord and tenant agree, they may at any time renegotiate a new lease, with any agreed to terms and conditions, not inconsistent with the provisions of this chapter. The tenant is to continue rent payments as set forth in the lease until the parties reach an agreement on a lease renewal or until a decision is otherwise rendered through the arbitration or mediation processes described in the provisions of this subdivision. The first 90 days of the 180-day period is for the purpose of negotiations. Alternatively, if there is a dispute, either party may compel the other party to the dispute to use that 90-day period, or any part thereof, for the purposes of mediation. If either the landlord or tenant chooses mediation, he or she shall notify the other party that a mediation session is requested. The parties shall choose a mediator who is agreeable to both the landlord and tenant, or if no such person is agreeable, then the American Arbitration Association shall appoint a mediator. The mediator shall notify the landlord and tenant, no more than 10 days after his or her appointment, of the date, time, place and rules of the hearing. The mediator shall follow his or her customary rules and may render an opinion concerning the dispute, which shall not be binding on the parties. If after 90 days of negotiation and any mediation sessions, the landlord and tenant do not reach an agreement on a new lease, then the tenant is to notify the American Arbitration Association, within fourteen days of the expiration of the first 90-day period, that an arbitration hearing is requested. Failure by the tenant to notify the American Arbitration Association within fourteen days of the expiration of the first 90-day period shall result in the forfeiture of the tenant's right of renewal.

(2) Where the landlord refuses to renew a lease with the current tenant, such landlord is to notify the tenant a minimum of 180 days before the expiration of the lease that such landlord is not going to renew the tenant's lease and state the reason or reasons for such denial in detail. Failure of the landlord to give such notice shall subject the parties to the provisions of paragraph (3) of this subdivision. The landlord is to furnish the tenant with all pertinent data supporting such reason or reasons. If the tenant still wishes to challenge the refusal to renew the lease and apply for a renewal of the lease, then the tenant must notify the landlord within thirty days after the receipt of the landlord's notice of such tenant's intent to challenge the refusal and seek arbitration on the issue of renewal. The tenant shall then notify the administering agency and the American Arbitration Association or any other recognized arbitration organization within fourteen days after notification by the tenant to the landlord that a hearing is requested to determine whether the landlord's grounds for refusal are valid.

(3) If an arbitration hearing is requested pursuant to either paragraphs (1) or (2) of this subdivision:

(a) The landlord and tenant shall choose the arbitrator from a list of arbitrators provided by the American Arbitration Association. If they cannot agree on the selection of the arbitrator within thirty days of the tenant's

notice to such association that a hearing is requested, the tenant shall notify within fourteen days such organization of the parties' failure to make a selection and such arbitration organization shall determine the arbitrator within five days of receipt of such notice from the tenant.

(b) The arbitrator shall notify both parties of the date, place, time and rules of the hearing within sixty days of receipt by the arbitration association of the request for a hearing. The hearing shall take place in the borough where the commercial premises are located unless otherwise agreed to by the landlord and tenant. The landlord and tenant shall furnish the arbitrator with all relevant documentation, and the arbitrator shall conduct a preliminary meeting prior to the hearing to review the data and familiarize himself or herself with the case. The matters the arbitrator shall determine during the preliminary meeting shall include, but not be limited to, the need to inspect the space and the need to hire expert consultants to certify the accuracy of data. The arbitrator may seek to conduct an inspection of the space after notifying both parties at least three days in advance of the inspection and informing them of their right to be present during the inspection.

(c) The hearing before the arbitrator may be recorded by digital, tape or video device. Such recording shall be transcribed upon the request of any party who posts in advance the estimated cost of the transcription. Either party may provide, at their expense, a reporter to transcribe the hearing. The official record of the hearing shall include all documents and offers of proof presented to the arbitrator, the written decision of the arbitrator and any transcript of the hearing. The landlord and tenant will each be given adequate time to present testimony, witnesses, pictures, videos, documents, including charts, comparable rent data and any other relevant data. Each party shall be allowed to confront and cross-examine adverse witnesses. The arbitrator can choose to investigate any aspect of the case to help arrive at a decision.

(d) For a dispute brought before an arbitrator under paragraph (1) of this subdivision, such arbitrator shall render a written determination setting the rent to be paid during a renewal period of 10 years, together with the basis for the determination of the rent, and shall notify the parties of such determination no later than thirty days after the hearing has been concluded. Failure to notify the parties within thirty days shall not affect the enforceability of such determination. Such determination shall be based on (i) the cost of maintenance and operation of the entire property including land and building improvements, including all service debt such as mortgages, (ii) the kind, quality and quantity of services furnished by the landlord, (iii) the condition of the space including capital improvements made by the tenant, (iv) current interest rates on bank deposits and United States government bonds, (v) the current fair market rates for comparable properties in the area in which the property is located, (vi) the lease history and any relevant sublease history, (vii) the longevity of the business, (viii) the location of the business, (ix) the extent to which the business is bound to its particular location, (x) the size of the space, (xi) the cost of leasing similar premises within a one mile radius of the property, (xii) the past five year rental market history within a one mile radius of the property, and (xiii) all other relevant factors. The arbitrator shall consider that each small business and landlord relationship should be dealt with on a case-by-case basis. Where the commercial premises is located in a mixed-use building with less than twenty-five residential units, the arbitrator shall give special consideration to the criteria listed in items (i) and (ii) of this subparagraph. Within thirty days of the hearing, the arbitrator shall send the decision as to the rent price to the parties involved by certified mail.

(e) For a dispute brought before an arbitrator under paragraph (2) of this subdivision, such arbitrator shall render a written determination stating the basis for such determination and notifying the parties of such determination no later than thirty days after the hearing has been concluded. Failure to render a timely, written determination and to notify parties within thirty days shall not affect the enforceability of such determination. Such determination shall be based on (i) appropriate laws applicable to commercial spaces; (ii) the terms of the lease and compliance therewith; (iii) rental guidelines as set forth by the administering agency; and (iv) any other relevant and material factors that the arbitrator shall deem proper. If the arbitrator decides in favor of the landlord, then the tenant shall have until the end of the current lease to vacate. If the arbitrator decides in favor of the tenant, the parties shall have twenty days upon receipt of the arbitrator's decision to renegotiate the lease consistent with the arbitrator's decision. If the parties cannot agree on the rent to be charged for the commercial premises, the tenant shall notify the arbitrator within 10 days. The arbitrator shall then render a written determination setting the rent to be paid during the renewal period of the lease, together with the basis for the determination of the rent, and shall notify the parties of such determination no later than twenty days after receiving notice of the parties' inability to renegotiate the rent and send such decision to the parties involved by certified mail. Failure to notify the parties within twenty days shall not affect the enforceability of such

determination. Such determination shall be based on (i) the cost of maintenance and operation of the entire property including land and building improvements, including all service debt such as mortgages, (ii) the kind, quality and quantity of services furnished by the landlord, (iii) the condition of the space including capital improvements made by the tenant, (iv) current interest rates on bank deposits and United States government bonds, (v) the current fair market rates for comparable properties in the area in which the property is located, (vi) the lease history and any relevant sublease history, (vii) the longevity of the business, (viii) the location of the business, (ix) the extent to which the business is bound to its particular location, (x) the size of the space, (xi) the cost of leasing similar premises within a one mile radius of the property, (xii) the past five year rental market history within a one mile radius of the property, (xiii) the rental guidelines as set forth by the administering agency; and (xiv) all other relevant factors. The arbitrator shall consider that each small business and landlord relationship should be dealt with on a case-by-case basis. Where the commercial premises is located in a mixed-use building with less than twenty-five residential units, the arbitrator shall give special consideration to the criteria listed in items (i) and (ii) of this subparagraph. The costs of arbitration shall be borne equally by the landlord and tenant.

(f) The arbitrator's decision setting the rent price shall be final and binding on both parties except as provided herein, and they shall enter into a lease incorporating such rent which lease does not diminish any services provided by the landlord pursuant to the existing lease. Such renewal lease shall be entered into by the termination date of the current lease and shall commence at the time of expiration of the existing lease. If, however, the tenant elects not to pay the rent set by the arbitrator, then the landlord and tenant shall not enter into a new lease agreement or renew the existing lease.

(g) If, pursuant to subparagraph 3(f) of this subdivision, the tenant elects to not pay the rent set by the arbitrator, the tenant will be allowed to remain in subsession at a rent no greater than a 10 percent increase of the average rent charged during the final twelve months of the last rental agreement between the landlord and tenant from the termination date of the existing lease until such date on which the tenant shall remove his or her property from the premises as provided herein. In the event the landlord receives a written bona fide offer from a prospective tenant to rent the premises, the landlord must first offer the current tenant the option of entering into a lease at the rent and other terms agreed to by the prospective tenant to the landlord. The landlord is to notify the tenant of such offer within three days of receipt of such written bona fide offer. If the tenant declines to pay the rent or fails to accept the offer within fourteen days of receipt of the landlord's notification to the tenant of such offer, then the tenant has thirty days, from the date such notice is received, to remove property from the commercial premises provided that the lease has expired. If the tenant accepts the option of first refusal, the landlord and tenant shall enter into a lease based upon the terms of the bona fide offer received by the landlord from the prospective tenant.

§ 22-1206 Security deposits. Security deposits shall not exceed an amount equal to two months rent. All security deposits shall be placed in escrow in an interest-bearing account at a federally insured bank located in New York state. The tenant shall be notified in writing of the location of such escrow account. Interest paid on the account shall be paid in full to the tenant upon termination of the lease. The amount of interest paid to the tenant shall equal the interest paid by such federally insured bank less one percent for the landlord's administrative costs.

§ 22-1207 Retaliation. No landlord shall in any way retaliate against any tenant for the tenant's assertion or exercise of any rights under this chapter. Any such retaliation may subject the landlord to a suit for actual and punitive damages, injunctive relief, and attorney's fees. Proof of retaliation by the landlord occurring prior to or during the arbitration proceeding shall be considered by the arbitrator in making a determination as to the rent to be paid.

§ 22-1208 Waiver. No provision in any lease, rental agreement, or agreement made in connection therewith which waives or diminishes any right of tenant under this chapter is valid.

§ 22-1209 Evaluation. At the end of each year, the administering agency shall report to the mayor and the council on the effectiveness of this chapter in carrying out the purposes set forth in the legislative findings. The recommendations should take into account the existing commercial rental market which includes among other factors the inflation and interest rates. This report shall also identify any other positive or negative effects of the law.

§ 22-1210 Penalties. a. A landlord or tenant may seek injunctive relief mandating arbitration and/or appropriate damages against any landlord or tenant who fails to submit voluntarily to arbitration or otherwise fails to act in good faith.

b. Any and all legal expenses incurred by one party as a result of its attempt to compel the other party to comply with the provisions of this chapter may be awarded to the appropriate party by the arbitrator or a civil court of competent jurisdiction.

§ 22-1211 Inconsistency with other laws. In the event of any inconsistency with any other laws of the city of New York, this law shall take precedence.

§ 2. Effect of invalidity; severability. If any section, subsection, sentence, clause, phrase or other portion of this local law is, for any reason, declared unconstitutional or invalid, in whole or in part, by any court of competent jurisdiction, such portion shall be deemed severable, and such unconstitutionality or invalidity shall not affect the validity of the remaining portions of this local law, which remaining portions shall continue in full force and effect.

§ 3. This local law takes effect 180 after it becomes law.

Res. No. 241

Resolution calling upon the United States Congress to pass, and the President to sign, legislation increasing federal investment in the nation's passenger ferry systems

By Council Member Rose.

Whereas, New Yorkers have long used the city's extensive waterways as an important means of transportation; and

Whereas, Ferries play a vital role in the city's current transportation network; and

Whereas, The Stated Island Ferry serves over 23 million passengers each year and the NYC Ferry network served more than 2.8 million passengers in 2017, its first year of operation after absorbing and expanding upon the former East River Ferry service; and

Whereas, In 2011, Representative Rick Larsen and Senator Patty Murray introduced the Ferry System Investment Act (H.R.1879/S.980), a bill which would have provided \$200 million per year for construction of ferry boats and terminal facilities by, made ferries eligible for the Clean Fuels Grant Program, and established both a federal Ferry Joint Program Office and an academic National Ferry Transportation Institute; and

Whereas, The Moving Ahead for Progress in the 21st Century Act (MAP-21), signed into law in July 2012, provided \$67 million annually to construct ferry boats and terminal facilities; and

Whereas, The Fixing America's Surface Transportation Act (FAST Act), signed into law in December 2015, increased that amount to \$80 million annually; and

Whereas, Ferries are not only an important mode of day-to-day travel for many New Yorkers, they are also one of the most resilient forms of transportation and often play an essential role during emergencies; and

Whereas, The federal government should invest in new and upgraded boats and terminal facilities so that both passengers and the communities served by the country's ferry systems can benefit from the safest, most efficient, and most environmentally-friendly infrastructure possible; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the United States Congress to pass, and the President to sign, legislation increasing federal investment in the nation's passenger ferry systems.

Res. No. 242

Resolution calling upon the Metropolitan Transit Authority (MTA) to amend its practice to use age rather than height in determining whether to permit children to ride for free on the New York City Transit system.

By Council Members Rose and Rivera.

Whereas, Currently the MTA allows children under 44 inches who are accompanied by an adult to ride for free on buses and trains; and

Whereas, The MTA utilizes an age requirement for discounted and free fares for children on other public transportation systems that it operates, like Metro-North and the Long Island Railroad; and

Whereas, Other jurisdictions utilize age requirements in determining discounted or free transit fare for children; and

Whereas, In New York State, the Niagara Frontier Transportation Authority that services Buffalo utilizes an age requirement; and

Whereas, In Los Angeles and Washington, DC, two children up to the age of five and accompanied by an adult can ride for free; and

Whereas, In London, four children up to the age of 11 and accompanied by an adult can ride for free; and

Whereas, Also in London, children between the ages of five and 18 can ride for free if they have a "Zip Oyster" photocard corresponding to their age range 5-10, 11-15, and 16+, respectively; and

Whereas, By utilizing age instead of height to provide free rides to children, the MTA could reduce confusion for straphangers regarding whether they must pay a fare for their children, including younger children who are tall for their age; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the Metropolitan Transit Authority (MTA) to amend its practice to use age rather than height in determining whether to permit children to ride for free on the New York City Transit system.

Res. No. 243

Resolution calling upon the New York State Legislature to pass and Governor Cuomo to sign the Child Victims Act.

By Council Members Rosenthal and Levin.

Whereas, According to the National Sexual Violence Resource Center, one in four girls and one in six boys will be sexually abused by their 18th birthday, and nearly three-quarters of all reported sexual assault victims are children; and

Whereas, In 2015, New York State had nearly 2,000 reported cases of child sexual abuse, according to the latest data by the United States Department of Health and Human Services; and

Whereas, Numerous studies have shown that rape and sexual assault are under-reported and that most victims of child sexual abuse do not report their abuse until adulthood; and

Whereas, The National Sexual Violence Resource Center indicated that 63% of sexual assaults are not reported to police, and only 12% of child sexual abuse is reported to the authorities; and

Whereas, Victims of child sexual abuse may pursue justice through both the criminal and civil justice systems, but in many cases, by the time that victims recognize that they have been abused and are able to tell someone about it, the statute of limitations has already expired; and

Whereas, According to advocates, New York is one considered one of the worst states in the nation for child sexual abuse statutes of limitation; and

Whereas, Under current New York State law, victims of childhood sexual abuse have until age 21 to sue institutions where the abuse took place, such as a church or a school; and

Whereas, In addition, survivors of child sexual abuse have until age 23 to file a civil case against their abuser, and criminal charges, with the exception of rape, must also be filed before a survivor turns 23; and

Whereas, Conversely, nationwide the median age of reporting child sexual abuse is 48, according to the national think tank organization Child USA, therefore, the statute of limitations under the current law is a disservice to survivors of child sexual abuse; and

Whereas, Unlike New York, many other states have been taking action to increase justice for child sex abuse victims since 2003; and

Whereas, At least 38 states have eliminated criminal statutes of limitations for child sex abuse, dozens have improved their civil statutes of limitations, and 8 have revived expired claims; and

Whereas, New York has recently seen growing support across the State to effectively change its current law; and

Whereas, S. 809, also known as the Child Victims Act, would make it easier for survivors of child sex abuse to bring criminal and civil cases as adults; and

Whereas, When passed into law, the Child Victims Act would raise the criminal statute of limitations for several child sexual abuse crimes to age 28, and raise the civil statute of limitations to age 50; and

Whereas, Additionally, this legislation would also create a one-year window for past victims of child sexual abuse to initiate lawsuits against their abusers, and hold public and private institutions to the same standard; and

Whereas, Under current law, those abused in a public setting, like a school, have only 90 days from when the incident occurred to formally file an intent to sue; and

Whereas, According to Child USA, there are about 2,000 victims who can no longer sue under the current law, but would be able to do so under the Child Victims Act; and

Whereas, In addition, advocates suggest that passage of the Child Victims act could result in a cost-savings to the State; and

Whereas, Advocates estimate that the State could save approximately \$250 million in Medicaid expenses, because a portion of settlements or judgments recovered by victims would be used to repay Medicaid for past coverage of treatment for problems related to the abuse; and

Whereas, Medicaid repayment accounts for approximately 50% of a settlement; and

Whereas, For too many years, survivors of child sexual abuse in the State of New York had limited recourse in pursuing justice for the sexual violence committed against them, which only exacerbated the trauma they experienced; and

Whereas, It is of utmost importance that New York State recognizes and enacts the much needed, long overdue reforms to better support survivors and enable them to pursue justice in a dignified manner; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to pass and Governor Cuomo to sign the Child Victims Act.

A Local Law to amend the administrative code of the city of New York, in relation to the establishment of a list of landlords who affirmatively agree not to discriminate based on lawful source of income

Be it enacted by the Council as follows:

Section 1. Chapter 1 of title 21 of the administrative code of the city of New York is amended by adding a new section 21-139 to read as follows:

§ 21-139 List of inclusive landlords. a. For purposes of this section, the term “landlord” means an owner, as such term is defined by paragraph 45 of subdivision a of section 27-2004.

b. The commissioner of social services shall establish a list of inclusive landlords.

c. To be eligible to participate in such list, a landlord:

1. Shall affirmatively agree not to discriminate against any tenant, prospective tenant or putative applicant for a housing accommodation based on such tenant’s, prospective tenant’s or putative applicant’s lawful source of income, as such term is defined in subdivision 25 of section 8-102.

2. May not have been found liable within the previous two years for discrimination based on source of income pursuant to section 8-107. Where a landlord participating in the list is found liable for discrimination based on source of income pursuant to section 8-107, the commissioner of social services shall remove such landlord from the list.

3. May not have an aggregate number of open hazardous and immediately hazardous violations of the housing maintenance code that exceeds an average of one violation per dwelling unit for any individual property the landlord owns.

4. May not be subject to an unresolved order to correct an underlying condition pursuant to subdivision c of 27-2091.

d. On at least an annual basis, the commissioner of social services, in a manner selected by such commissioner in consultation with the commissioner of housing preservation and development, shall proactively ask landlords in the city whether they would like to participate in the list of inclusive landlords. Upon request by the commissioner of social services, the commissioner of housing preservation and development shall provide any contact information or other information in the possession of the department of housing preservation and development that is necessary to comply with this subdivision.

e. Participation by landlords in the list created pursuant to this section shall be voluntary.

f. A Local Law to amend the administrative code of the city of New York, in relation to establishing priority for sidewalk repairs at developments operated by the New York city housing authority

Be it enacted by the Council as follows:

Section 1. Subchapter one of chapter one of title 19 of the administrative code of the city of New York is amended to add a new section 19-158 to read as follows:

§19-158 Sidewalk repair priority. a. For purposes of this section, “senior-only housing development” means a housing development or building designated by the new york city housing authority to be occupied exclusively by individuals sixty-two years of age or older.

b. In determining the order of repairs to be made at sidewalks, where the department is required by law or has otherwise undertaken to make such repairs, the commissioner shall give priority to sidewalks in front of or abutting senior-only housing developments operated by the new york city housing authority, followed by non-senior only housing developments operated by the new york city housing authority. Such priority shall not apply where the commissioner determines that the sidewalk in front of or abutting property that is not operated by the new york city housing authority is in need of critical or emergency repairs, provided that the commissioner shall notify in writing the council member in whose district the housing development no longer receiving priority is

located and the community board of the community district in which such development is located of the reasons for such determination.

c. Not later than June 30, 2018, the commissioner shall deliver to the council and shall post to the department's website a report indicating (i) all new york city housing authority developments at which sidewalk repairs have been completed or are in the process of completion and (ii) the proposed timeline for completing sidewalk repairs for those new york city housing authority housing developments at which work has not yet commenced.

Res. No. 244

Resolution calling upon the United States Congress to pass, and the President to sign, a federal version of the New York Secure Ammunition and Firearms Enforcement Act of 2013, known as the SAFE Act.

By Council Members Yeger, Rosenthal, Levine, Rivera, Brannan, Treyger, Ayala and Richards.

Whereas, On February 14, 2018, reports indicate a lone gunman, Nikolas Cruz, walked into Marjory Stoneman Douglas High School in Florida and murdered 17 of his fellow classmates and injured several others; and

Whereas, According to federal law enforcement officers, despite having a documented history of mental illness, Cruz was able to purchase an assault rifle legally; and

Whereas, In the State of Florida, purchasing an assault rifle, such as the AR-15 used in this mass shooting, is easier than purchasing a handgun; and

Whereas, While Florida has a three-day waiting period for handgun purchases, anyone without a felony record, domestic abuse conviction, and other exceptions, such as a commitment to a mental institution, can purchase an assault rifle, magazines, and ammunition on the same day after waiting a few minutes to clear a background check; and

Whereas, Further, under federal law, persons must be 21 years of age to purchase a handgun, however need only to be 18 years of age to purchase semi-automatic rifles; and

Whereas, According to the *New York Times*, since the Sandy Hook Elementary School shooting in December 2012, where 20 first graders and six adults were killed with an assault rifle, more than 400 people have been shot in over 200 school shootings in the United States; and

Whereas, In response to the Sandy Hook Elementary School shooting, New York State enacted the New York Secure Ammunition and Firearms Enforcement Act of 2013, known as the SAFE Act; and

Whereas, The SAFE Act, broadened the definition of assault weapons, including semi-automatic rifles, handguns, and shotguns that accommodate one or more detachable military-like features; and

Whereas, The SAFE Act grandfathered owners of these weapons, allowing them to keep them so as long as they register their guns with the State Police; and

Whereas, While this agreement allowed owners of assault weapons to keep them for life, selling or transferring of them to a New York State resident is prohibited; and

Whereas, The SAFE Act also prohibited high-capacity magazines, providing that only magazines with the capacity of seven rounds could be legally sold in New York; and

Whereas, Magazines purchased with a higher capacity before the law was enacted, are prohibited from being loaded beyond seven rounds; and

Whereas, Further, the SAFE Act requires background checks for private gun sales and mental health professionals to report patients “likely to engage in conduct that would result in serious harm to self of others” into a database that restricts their ability to buy guns; and

Whereas, According to the New York State Office of Mental Health, as of December 2018, approximately 75,000 people have been listed in the database in New York; and

Whereas, While the SAFE Act strengthened New York’s gun laws, states with weaker protections jeopardize the safety of New York State and City; and

Whereas, According to a report issued by the New York State Office of Attorney General, 74% of guns used in crimes between 2010 and 2015 came from states with lax gun laws; and

Whereas, If the federal government were to adopt a version of the New York Secure Ammunition and Firearms Enforcement Act of 2013, law enforcement would be better able to keep guns out of the wrong hands and keep us all safe; therefore, be it

Resolved, That the Council of the City of New York calls upon the United States Congress to pass, and the President to sign, a federal version of the New York Secure Ammunition and Firearms Enforcement Act of 2013, known as the SAFE Act.

Stated Council Meeting.....
Ceremonial Tributes – 1:00 p.m.
Agenda – 1:30 p.m.

Following the Invocation, the Speaker (Council Member Johnson) acknowledged the presence of Kwabena Mensah as those assembled in the Chambers applauded. Mr. Mensah was the father of the late Army National Guard Private Emmanuel Mensah. Private Mensah, 28, an immigrant from Ghana, lost his life after rushing into his burning building in an attempt to rescue others trapped inside. The massive fire took place on December 28, 2017 in the Belmont section of the Bronx. A proclamation hailing Private Mensah as a hero was given to his father by the Speaker (Council Member Johnson) and Council Member Torres in a ceremonial before the Stated Meeting. A proclamation had also been given to Deputy FDNY Fire Chief Jay Jonas who accepted on behalf of the many FDNY and EMS first responders who were at the Belmont fire.

Shortly before the adjournment of this Meeting, the Majority Leader and Acting President Pro Tempore (Council Member Cumbo) congratulated Council Member Kallos and his wife on the recent birth of their daughter.

Whereupon on motion of the Speaker (Council Member Johnson), the Majority Leader and Acting President Pro Tempore (Council Member Cumbo) adjourned these proceedings to meet again for the Stated Meeting on April 11, 2018.
