### INVOCATION

The Invocation was delivered by Rev. Dr. Demetrius S. Carolina, Sr. Senior Pastor at First Central Baptist Church, 117 Wright Street, Staten Island, New York 10011.

Dear, oh wise God.

We come today asking for your divine wisdom and guidance as our city representatives conduct the business of the people.

We pray for all New Yorkers, all mothers and fathers.

We pray for family and loved ones.

We pray for children and the most vulnerable among us.

We asked and we are here reminded in these pressing hours

that as we all are part of the human family

that our actions and our decisions, in fact, impact others in a direct way.

During a time of much anxiety we pray for peace and understanding.

During a time of division and strife we pray for stability and unity.

During a time of inequity we pray for federal, state and city equity and restorative justice.

We pray for our common and collective sense of self.

While these and other decisions and choices we make may be challenging,

we pray for the strength and fortitude to stand tall amongst others

who have fallen prey to compromising forces.

Lastly, allow the seeds we plant grow today,

to grow into blessings not for us only, but for the entire city

as we serve as a beacon light on the hill that all can see and follow.

In the name of the Father, in the name of the Son, in the name of the Holy Spirit,

Amen.

Council Member Rose moved to spread the Invocation in full upon the record.

During the Communication from the Speaker segment of this Meeting, the Speaker (Council Member Johnson) asked for a Moment of Silence in memory of the following individuals and anniversaries:

The Speaker (Council Member Johnson) honored the memory of Eric Garner on the fourth anniversary of his passing. He pointed out that Eric Garner's death on July 17, 2014 helped spark the Black Lives Matter movement and made his name known worldwide. The Speaker (Council Member Johnson) praised Mr. Garner's mother Gwen Carr for helping lead a movement that inspired people and changed the discussion on the concepts of justice. He offered his thoughts and solidarity to both the Carr and Garner families.

The Speaker (Council Member Johnson) recognized the fifteenth anniversary of the shooting and murder of the late Council Member James Davis in the Council Chambers on July 23, 2003. He asked every Council Member to remember Council Member Davis and cherish his service as they gather in the Members Lounge at City Hall that was named in his honor. The Speaker (Council Member Johnson) also expressed gratitude to the NYPD detail that protected those who were assembled in the Chambers that day from further harm.

The Speaker (Council Member Johnson) also honored the memory of three hero FDNY veterans who passed away recently of 9/11 related cancers: retired Captain John Vigiano, Sr., who died at the age of 79 on July 8, 2018, was a former Marine and a decorated member of the FDNY - he had lost two of his sons, both first

responders, during the September 11<sup>th</sup> attacks; former FDNY Battalion Chief Robert Miuccio, who died at the age of 76 on July 12, 2018, served for thirty-nine years in the FDNY following his service with the U.S. Air Force in Vietnam; Chief of Fire Prevention Ronald R. Spadafora, who died at the age of 63 on June 23, 2018, was a forty year veteran of the FDNY and was known for his supervision of the entire safety operation at Ground Zero.

The Speaker (Council Member Johnson) also asked those assembled to keep the following New Yorkers in their thoughts and prayers: Jose Cardoso, 32, died on June 30, 2018 after being hit by a vehicle while working overtime at a Brooklyn warehouse – he was crushed to death by a co-worker in a company van who had fled the scene; and Staten Islander Angel Espinoza, 28., was struck and killed on July 12, 2018 by a falling beam while working at a Morningside Heights construction site in Manhattan. The Speaker (Council Member Johnson) offered his thoughts and prayers to Mr. Cardoso’s wife and two young daughters as well as to the friends and family of Mr. Espinoza.

#### REPORTS:

### INTRODUCTION

On July 17, 2018, the Committee on Aging, chaired by Council Member Margaret Chin, heard and voted on Proposed Int. No. 411-A, sponsored by Council Member Chin, and Proposed Int. No. 399-B, sponsored by Council Member Paul Vallone. Proposed Int. No. 399-B would require the Department for the Aging (DFTA) to report on participation, programming, budgets, costs, and services offered by each of the 249 DFTA-funded senior centers. Proposed Int. No. 411-A would require the Department of Health and Mental Hygiene (DOHMH) to conduct health and safety inspections at social adult day cares (SADCs) and senior centers that qualify as a food service establishment (FSE) under the New York City health code. Proposed Int. No. 411-A would require DOHMH to also post results of its inspections of these establishments on their website. A hearing was previously held on both bills on April 23, 2018. At that hearing, the Committee heard from representatives from DFTA, DOHMH, service providers, and advocates.

On July 17, 2018, the Committee on Aging passed both Proposed Int. No. 411-A and Proposed Int. No. 399-B by a vote of eight in the affirmative and zero in the negative, with zero abstentions.

### BACKGROUND

#### Seniors in New York City

Nationwide, according to the United States Census Bureau, the country's older adult population is increasing.<sup>1</sup> In fact, from 2000 to 2016, the population of individuals age 65 and older increased from 35 million to 49.2 million.<sup>2</sup> Similar to national trends, New York City (NYC) is experiencing an increase in its aging population.<sup>3</sup> In fact, NYC's population of individuals age 65 and older increased from 947,000 in 2005 to 1.13 million in 2015.<sup>4</sup> Today, older adults represent about 13 percent of the City's total population,<sup>5</sup> and researchers predict that by 2040 more than 1.4 million of the City's population will be age 65 or older.<sup>6</sup>

As the City's aging population continues to increase, supportive programs and services will experience an increase in demand.<sup>7</sup> According to a 2017 report released by Comptroller Scott Stringer, "existing programs and services should be adapted to prepare for the inevitable growth in demand that will occur as the population

continues to age.”<sup>8</sup> Among the many supportive care services that will need adaption and preparation are adult day services (ADS), specifically social adult day care (SADC) programs.

### Social Adult Day Care

According to the National Adult Day Services Association, “adult day services (ADS) is a professional care setting in which older adults, adults living with dementia, or adults living with disabilities receive individualized therapeutic, social, and health services for some part of the day.”<sup>9</sup> ADS provides care to individuals who have limited functions or physical limitations because of memory loss.<sup>10</sup> ADS programs are intended to offer a cost-effective alternative to in-patient services while allowing the individual receiving services to maintain a higher quality of life.<sup>11</sup> One form of ADS includes SADCs, which New York State defines as programs which provide functionally impaired individuals, such as those suffering from Alzheimer’s, dementia, or other chronic health conditions with socialization, supervision, monitoring, personal care and nutrition in a protective setting during part of the day.<sup>12</sup> In addition to offering social activities, some SADCs offer transportation services, social support for caregivers, and health aid to participants.

Area aging offices, such as DFTA, are responsible for oversight of directly-funded SADC programs. In Fiscal Year (FY) 2018, DFTA oversaw 10 SADCs that received a total of \$1.46 million in funding.<sup>13</sup> The Council allocated \$1.06 million to fund these programs, an increase of \$106,000, or 11 percent, from FY 2017, while DFTA funded the remaining \$400,000, at the same level as FY 2017.<sup>14</sup> DFTA’s Bureau of HealthCare Connections oversees the 10 SADC contracts. According to DFTA’s 2017 Annual Plan Summary, the department planned to provide 17,577 hours of social adult services in FY 2017.<sup>15</sup>

### New York State Rules

Previously, only SADC programs that receive funding from the New York State Office for the Aging (NYSOFA) or local aging offices, such as DFTA, had to comply with minimum requirements set forth in regulations promulgated by NYSOFA.<sup>16</sup> These regulations require SADC programs to adhere to service standards that include participant eligibility requirements, admission and discharge instructions, and the development of a service plan for each consumer.<sup>17</sup> Programs must provide socialization services, supervision and monitoring, personal care, and nutrition.<sup>18</sup> Allowable optional services include maintenance and enhancement of daily living skills, transportation between the home and the program, caregiver assistance, and case coordination.<sup>19</sup>

In 2011, Medicaid beneficiaries began receiving long-term care in residential or community settings through managed long-term care (MLTCs).<sup>20</sup> Shortly after this policy went into effect, the number of SADC programs increased significantly, especially in NYC. Between 2010 and 2012, the number of SADC programs in New

York City increased from 40 to 200,<sup>21</sup> and in 2015 about 82 percent of the State's 153,191 MLTC members were NYC residents.<sup>22</sup> This rapid increase was largely due to the new availability of Medicaid reimbursement funds.<sup>23</sup>

In May 2015, the New York State Department of Health (DOH) in conjunction with the New York State Office of the Medicaid Inspector General (OMIG) and NYSOFA developed a certification process for SADC programs who contract with MLTCs, but do not receive public funding, requiring these SADCs to also meet the standards and requirements of the Regulations.<sup>24</sup> This policy made it the responsibility of the MLTCs to ensure that SADCs under contract have completed the certification. It further requires MLTCs to only admit patients to an SADC if an individual has a clinical or functional need for community based long-term care services (CBLTCS).<sup>25</sup>

### Local Law 9 of 2015

In January 2015, Council Member Margaret Chin sponsored and the Council passed Local Law 9 of 2015, which sought to regulate SADC programs that did not receive funding from the State or City.<sup>26</sup> As enacted, Local Law 9 requires that all SADCs operating in NYC that do not receive grant funding pursuant to the State Elder Law meet the standards and requirements under the Regulations.<sup>27</sup> DFTA was required to adopt rules establishing civil penalties between \$250 and \$500 per day for SADCs and specifying the violations subject to penalty.<sup>28</sup> The law required that such rules be adopted 12 months after the law's enactment.<sup>29</sup> As of the date of this hearing, DFTA has not proposed any rules concerning SADCs.

Furthermore, beginning on July 17, 2015, all SADCs operating in NYC were required to register with DFTA by November 1, 2015, and programs established after November 1, 2015 are required to register with DFTA within two weeks of establishment.<sup>30</sup> DFTA's prescribed registration form requires each SADC to provide, at a minimum the following:

- The program's name, tax ID number, site address, phone number, days and hours of operation, and year of establishment;
- Certification that the program site is in compliance with the Americans with Disabilities Act (ADA);
- Whether or not the program has certified with the NYS OMIG, and if not, an explanation of the failure to certify;
- The name, title, phone number, and email address of its director;
- Information about its corporate structure, including the entity type and corporate address; and
- The name, address, and phone number of each MLTC, which with the program has a formal agreement.

Any entity that operates as an SADC without registering is subject to a civil penalty of \$250 to \$1,000 per day.<sup>32</sup> The SADC is responsible for providing updated registration information as changes occur.<sup>33</sup>

Local Law 9 authorizes DFTA and employees of another agency designated by the Mayor to issue notices of violation for failure to register or follow program standards.<sup>34</sup> According to DFTA's testimony at the Aging Committee's hearing in February 2017, the Department of Consumer Affairs has not issued any notices of violation.<sup>35</sup>

Finally, Local Law 9 established an ombudsperson at DFTA whose responsibilities include:

- Establishing a system to receive comments and complaints with respect to any SADC;
- Requesting a list once annually of certified SADCs operating within the city from the state Department of Health;
- Investigating complaints and any information known to DFTA that a SADC may be in violation of the provisions of Local Law 9; and
- Upon finding that there has been a violation, the ombudsperson must notify the SADC and reimbursing MLTC of the violation and request that the MLTC respond to the ombudsperson about if and how such violations will be addressed.<sup>36</sup>
- The ombudsperson may also, at their discretion, forward the results of the investigation and the response from the MLTC to appropriate governmental entities.<sup>37</sup>

Additionally, all SADCs registered with DFTA must prominently post a sign onsite with information on how to contact the ombudsperson if an individual has a comment or complaint regarding the SADC.<sup>38</sup> Individuals seeking to make a complaint or comment regarding any SADC in the City may do so by calling 311 or submitting a complaint through DFTA's online portal.<sup>39</sup>

### Social Adult Day Care Ombudsperson's 2018 Report

In March of 2018, pursuant to Local Law 9 of 2015, DFTA sent the third report of the Social Adult Day Care Ombudsperson (or Report) to the Council, which included complaints from January 1, 2017 to December 31, 2017.<sup>40</sup> According to the Report, there are 385 registered SADCs, but only 341 were active because 44 sites closed.<sup>41</sup> Brooklyn and Queens have the most SADCs with 139 and 127 respectively.<sup>42</sup> There are 34 registered SADCs operating in Manhattan, 26 in the Bronx and 15 registered in Staten Island.<sup>43</sup>

In calendar year 2017, according to the Report, 99 individuals filed complaints about 45 sites to the SADC Ombudsperson's Office.<sup>44</sup> There were 126 different allegations within the received complaints, which the office separated into seven categories.<sup>45</sup> Most of the allegations were categorized under "possible Medicaid fraud" (49 complaints), which the Ombudsperson's Office defines as "questionable participant eligibility; cash or goods used as incentives for seniors to join or remain in the program."<sup>46</sup> Additionally, there were 25 complaints about

“participant rights” which means that SADC staff disregarded the rights of participants; for example, “participants are not treated with respect; coerced to sign up for unnecessary services; discriminated against due to disability, ethnicity, etc.”<sup>47</sup> There were 18 complaints related to food, and complaints included “quality is poor; no license or permit; kitchen is unsanitary.”<sup>48</sup> Other complaints were related to staff (13), physical environmental safety (10), services (9), and aggressive marketing practices (2).<sup>49</sup>

According to the Report, each complaint received by the Ombudsperson’s Office were referred to the SADC in question and the appropriate New York State oversight agencies, such as NYSOFA, NYSDOH, or OMIG.<sup>50</sup> The Ombudsperson’s Office reported that, “OMIG has also been very involved with the SADC Ombudsperson’s Office in handling complaints.”<sup>51</sup> Additionally, the Ombudsperson’s Office and NYSDOH developed a process of handling and investigating complaints that helps ensure that complaints are investigated by MLTC programs that contract with SADCs.<sup>52</sup> The process includes the Ombudsperson referring complaints to NYSDOH, which then requires MLTCs to investigate the SADC in question.<sup>53</sup> According to the Report, MLTCs’ investigations have led to them withholding, declining, and terminating contracts of some SADC programs at the conclusion of their investigations.<sup>54</sup> Notably, 23 of the 99 complaints were referred to NYC agencies such as the DOHMH Office of Community Sanitation, which received 16 complaints; the Department of Buildings, which received 6 complaints; and the City Commission on Human Rights, which received 1 complaint.<sup>55</sup>

Although DFTA is required by Local Law 9 to promulgate rules in order to issue violations, the Report indicates that DFTA has not issued any notices of violation.<sup>56</sup> According to the Report, DFTA is still working with the Law Department to finalize the rules.<sup>57</sup> After the SADC Ombudsperson’s Office cross-referenced DFTA’s SADC registry list with OMIG’s SADC registry list, SADC Ombudsperson’s Office realized that five certified OMIG SADC programs were not registered with DFTA.<sup>58</sup> In response, SADC Ombudsperson’s Office contacted the programs and learned that three of the programs were not active.<sup>59</sup> The other two programs did not respond to the Ombudsperson’s Office, and SADC Ombudsperson’s Office plans to send these sites a certified letter and conduct a visit “if needed.”<sup>60</sup>

Additionally, the 2018 Ombudsperson report highlights key activities in which they are engaging in. For example, in June 2017, the Ombudsperson’s Office hired a Director who “has strengthened collaboration with State and Local government agencies by identifying and maintaining relationships with key contact persons at each agency.”<sup>61</sup> In addition, the SADC Ombudsperson’s Office, NYSOFA, and New York State Adult Services Association Inc. are collaborating to train MLTCs on Local Law 9, NYSOFA SADC Standards, and other appropriate City regulations.<sup>62</sup>

Furthermore, pursuant to Local Law 9 of 2018, the SADC Ombudsperson’s Office is developing an online public searchable database that will allow individuals to find SADCs registered in NYC.

Finally, the Ombudsperson’s Office recommended that MLTCs receive training on NYSOFA SADC Standards to help support them with tracking their contracted SADC programs.<sup>63</sup>

<sup>63</sup> DFTA, *Social Adult Day Care Ombudsperson City Council Report* Jan. 2018. Report on file with the Committee on Aging.

**UPDATE:**

On July 17, 2018, the Committee on Aging passed both Proposed Int. No. 411-A and Proposed Int. No. 399-B by a vote of eight in the affirmative and zero in the negative, with zero abstentions.

**PROPOSED INT. NO. 399-B****DFTA's Senior Centers**

DFTA currently contracts with and oversees the operation of 249 neighborhood senior centers (NSCs), 16 Innovative Senior Centers (ISCs) and 29 sites affiliated with these programs.<sup>64</sup> In order to ensure that seniors have consistent services across all centers, DFTA requires that NSCs be open 250 days per year, serve a minimum of 60 meals per day, and have an average daily attendance of at least 75 individuals per day.<sup>65</sup> Common activities and services available at senior centers include:

- Music, art, and dance classes
- Technology classes
- Recreational trips
- Yoga, tai chi, and Walking clubs
- Holiday and birthday celebrations
- Nutrition workshops
- Chronic disease self-management classes for people with arthritis, diabetes, and high blood pressure
- Benefits screenings including screenings for Medicaid, Medicare, the Supplemental Nutrition Assistance Program
- Transportation
- Lunch<sup>66</sup>

In recent years, several issues have arisen related to disparity among the funding allocated to senior centers. In order to remedy these issues, DFTA received \$10 million in additional funding in FY 18 to re-design senior center contracts. Since funding is based on utilization of services, Proposed Int. 399-B would require DFTA to report on the utilization of senior center services.

**PROPOSED INT. NO. 411-A****Health Inspections in SADCs**

SADCs qualify as a “food service establishment” (FSE) under Article 81 of the New York City Health Code. Therefore, the Department of Health and Mental Hygiene should be required to conduct annual health inspections of all SADCs in the City. There are concerns, however, regarding DOHMH’s ability to track all SADCs in the City and ensure that all SADCs are actually being inspected.

The proposed legislation would require DFTA to report all registered SADCs in the City to DOHMH so that DOHMH can conduct the required annual health inspection. DOHMH would also be required to submit a report to the mayor and the council regarding the number of inspections of SADCs conducted on an annual basis, aggregated by Council district, and the results of such inspections.

*See:* Senior social Clubs Beginning in FY 2016, DFTA funded “senior social clubs,” a new service for seniors in 17 public housing developments. Some of the clubs also offer a meal program. In addition to the Senior Social Clubs, DFTA funds another 12 programs through the Neighborhood Center contracts, some of which were previously funded through the NYC Council and are now baselined into DFTA’s budget. These programs vary in size but offer many of the same services as Neighborhood Senior Centers.

## ANALYSIS

### Analysis of Proposed Int. No. 399-B

Since its initial hearing, the bill has received several amendments including what kinds of data to report, when to report that data, and a ten-year sunset clause.

Section one of Proposed Int. No. 399-B would amend the Administrative Code of the City of New York by adding a new section 21-208 to Chapter 2 of Title 21.

New subdivision b would require the Department for the Aging (DFTA) to annually report on the programs, budgets, costs, employees, and services of all senior centers to the speaker of the city council. The data from this subdivision would be required reported by December 31, 2018, and by every December 31<sup>st</sup> thereafter, and posted to DFTA's website.

New subdivision c outlines that the report, which must be in a machine readable format, must include, at a minimum, the following information regarding senior centers:

- An analysis of the logistics of senior centers, including program name, location, council district, designation as a senior center or innovative senior center, and hours and days of operation;
- An analysis of certain budget amounts, including the budgeted annual contract amount and the total annual reimbursement amount for expenditures, and the total budget for personnel services;
- An analysis of the average number of daily participants and the total number of employees;
- An analysis of costs, including cost per meal for each senior center, combined total cost per person for providing services in the areas of: information and assistance, education and recreation, and health promotion; and
- An analysis of utilization in those same areas of service.

New subdivision d would require DFTA to provide information collected on a daily basis, starting no later than December 31, 2019, and provided by December 31 every year thereafter. The information must include:

- The total number of participants per day;
- The total number of congregate meals served per day; and
- The total number of participants served in the service areas of: information and assistance, education and recreation, and health promotion.

New subdivision e seeks to ensure the privacy of a senior's information by requiring that any information reported pursuant to this section not be reported in such a way that violates any federal, state, or local law pertaining to a senior citizen's privacy or interferes with law enforcement interests or investigations.

Section two of Proposed Int. No. 399-B would provide that the local law takes effect immediately and remains in effect until January 1, 2028, when it is deemed repealed.

### Analysis of Proposed Int. No. 411-A

Since its initial hearing, this bill has received several amendments including what section of the administrative code it amends, the removal of letter grading, the requirement that the Department of Health and Mental Hygiene (DOHMH) must post inspection results to their website and DFTA must post information on its website relating to DOHMH's health inspections and their results, and a delayed effective date.

Section one of Proposed Int. No. 411-A would amend the Administrative Code of the City of New York by adding a new section 17-1506 to Chapter 1 of Title 17 and by adding a new section 21-204.1 to Chapter 2 of Title 21.

New subdivision b for new section 17-1506 would require DOHMH to ensure that those senior centers and social adult day cares which are also considered food service establishments under the New York City health code are inspected yearly.

New subdivision c would require DOHMH to post inspection results and any related information for each senior center and social adult day care on its website and keep such information updated.

New subdivision d would require DOHMH to then annually submit reports, starting May 1, 2019 and then every May 1 thereafter, to the mayor and to the speaker of the city council regarding the inspections pursuant to subdivision b. This report would be required to include information about the social adult day cares and senior centers inspected and the results and follow ups of those inspections.

New subdivision a for new section 21-204.1 helps DOHMH conduct the inspections set up pursuant to section 17-199.7 by requiring the department of the aging to annually provide and update the department of health and mental hygiene with a list of all senior centers and all social adult day cares registered with the department.

New subdivision b of this same section would require DFTA to make information about the DOHMH-conducted health inspections of senior centers and social adult day cares available on DFTA’s website.

Section two of Proposed Int. No. 411-B would provide that the local law would take effect 180 days after it becomes law.

## Report of the Committee on Consumer Affairs and Business Licensing

Report for Int. No. 510-B

### Report of the Committee on Consumer Affairs and Business Licensing in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York, in relation to disclosure of premium or compensation charged by bail bond agents.

The Committee on Consumer Affairs and Business Licensing, to which the annexed proposed amended local law was referred on February 14, 2018 (Minutes, page 739), respectfully

#### REPORTS:

### I. INTRODUCTION

On July 17, 2018, the Committee on Consumer Affairs and Business Licensing, chaired by Council Member Rafael Espinal, will hold a vote on two pieces of legislation: Proposed Introductory Bill No. 510-B (Int. 510-B), a Local Law to amend the administrative code of the city of New York, in relation to fees charged by bail bondsmen; and Proposed Introductory Bill No. 724-A (Int. 724-A), a Local Law to amend the administrative code of the city of New York, in relation to requiring that bail bond businesses make certain disclosures. On May 2, 2018, the Committee held a joint hearing with the Committee on Justice System, chaired by Council Member Rory Lancman, to garner feedback on Int. 510-B and Int. 724-A. During the hearing, the Committees hears testimony from the Administration, advocates, and industry representatives. The feedback and suggestions were incorporated into the final versions of the bill.

### II. BACKGROUND

Bail is used to ensure a criminal defendant's appearance in court.<sup>1</sup> Though the process of posting bail has changed over time, in its modern form it is fairly simple: either a defendant or a third party acting on behalf of the defendant gives a certain amount of money or financial resources to the court system, which holds it in what amounts to a form of escrow until the case is resolved.<sup>2</sup> If the defendant appears for their court dates, the money is returned,<sup>3</sup> but if not the money is forfeited.<sup>4</sup>

In New York City, an individual arrested for a crime may be held for up to 24 hours before being arraigned by a judge.<sup>5</sup> Virtually all felonies are arraigned in this manner, and so are many misdemeanors and non-criminal offenses, though defendants in such cases may also be either issued a summons to appear in court at the point of their arrest, or released with a desk appearance ticket to be arraigned at a future date.<sup>6</sup> Upon their arraignment, a judge determines whether to release that defendant during the pendency of a case, set bail on that defendant, or remand them to the custody of the Department Of Correction ("DOC") without bail.<sup>7</sup>

---

<sup>1</sup> See e.g., *Stack v. Boyle*, 342 U.S. 1, 5 (1951) ("the modern practice of requiring a bail bond or the deposit of a sum of money subject to forfeiture serves as additional assurance of the presence of an accused.").

<sup>2</sup> Timothy R. Schnacke, Michael R. Jones, and Claire M. B. Brooker "The History of Bail and Pretrial Release" (September 2010) available at <http://www.pretrial.org/infostop/research-community/>.

<sup>3</sup> If the defendant is convicted, the New York City Department of Finance will deduct three percent (3%) of the amount of the Cash Bail to cover administrative costs before issuing a refund. If the defendant is not convicted and the case was dismissed or acquitted then the full amount is returned. See <http://www1.nyc.gov/site/finance/sheriff-courts/courts-bail-get-refund.page>.

<sup>4</sup> *Id.*

<sup>5</sup> The Court of Appeals held that this 24 hour limit is legally required in *People ex rel. Maxian on Behalf of Roundtree v. Brown*, 77 N.Y.2d 422, 570 N.E.2d 223 (1991).

<sup>6</sup> New York Criminal Procedure Law ("CPL") Articles 130 and 150

<sup>7</sup> CPL Title P.

Bail determinations in New York City are guided entirely by State law.<sup>8</sup> These laws do not permit defendants accused of misdemeanors to be remanded without bail and such defendants must either be released without bail or have bail set.<sup>9</sup> However, those accused of felonies may be remanded without bail.<sup>10</sup> In determining whether to set bail, release without bail, or remand a defendant, the State law provides judges with “wide discretion in deciding if bail should be used as a condition for release and in setting the bail amount” and they often “rely heavily on prosecutors’ bail recommendations.”<sup>11</sup> According to data provided by the DOC to the City’s Comptroller Office, during the 2017 financial year, in 68% of the jail admissions for people awaiting trial, bail was set. This equates to nearly 33,000 cases.<sup>12</sup> Bail must be set in two or more types,<sup>13</sup> and there are nine types of bail available.<sup>14</sup> However, in virtually all criminal cases in which bail is set, commercial bail bonds are one of the forms used.<sup>15</sup>

#### **a. Commercial Bail Bonds**

When a judge orders a commercial bail bond as a form of bail, the defendant or someone acting on their behalf secures the bond payment by paying a non-refundable fee to a commercial bail agent and providing collateral, which should be returned after the finalization of the case if the defendant has made all of their court appearances and complied with any other condition of their bond.<sup>16</sup> As a for-profit business, bail bond companies charge a fee for securing the bond but New York state law limits the amount that agents can charge for this premium. In bond amounts of \$3,000 and under, the bail bond company cannot charge more than ten percent. For amounts over \$3,000 they cannot charge more than ten percent of the first \$3,000 and then eight percent on the excess up to \$10,000, and six percent for the amount over \$10,000.<sup>17</sup> Importantly, many commercial bail bond companies charge additional fees to circumvent the caps set by State law, an illegal practice.<sup>18</sup>

The payment of the premium (limited by the cap) and collateral confirms that the bail bond agent has assumed the financial liability should the defendant fail to appear in court. After the consumer has finalized their payment, the bail bond agent should provide the customer with a receipt detailing the financial exchange.<sup>19</sup> This receipt is crucial in providing proof of the collateral payment and ensures that it can be returned once the defendant has made all of their appearances.<sup>20</sup>

The use of commercial bail bond agents is a unique practice that only exists in the U.S. and the Philippines,<sup>21</sup> and along with cash bail, it is the most common form of securing release in New York City.<sup>22</sup> While data is scarce, it is estimated that approximately 11,000 New Yorkers use commercial bail bonds each year, and in 2016, the industry collected \$14-\$20 million in legal premiums.<sup>23</sup>

The pretrial experience is a particularly stressful time for the defendant and their loved ones, and securing a bail bond can be especially burdensome. The urge to do whatever necessary to secure the release of the defendant makes these consumers particularly vulnerable to predatory and deceptive practices from bail bond agents. A recent case brought to the New York Supreme Court illustrates how this common occurrence plays out, in spite of current laws and regulations. In February 2018, the Department of Consumer Affairs (DCA) filed charges against bail bond agent Marvin Morgan, and the companies that employed him. The DCA argued that Morgan exceeded the Compensation Cap by illegally charging extra fees designed to look like add-on services. For example, Morgan would charge up to \$1,000 for courier services, despite the law clearly prohibiting such fees. Morgan also often failed to return collateral to consumers, did not provide consumers with copies of their bond paperwork, and provided misleading or inaccurate receipts.<sup>24</sup>

### III. BILL ANALYSIS

#### *a. Int. 510-B*

Section 1 of the bill adds a new Subchapter 20 to Chapter 5 of Title 20 of the Administrative Code. § 20-832 requires a bail bond agent to post a sign, produced by the DCA, which outlines the maximum premiums and compensation that can be legally charged. § 20-832 also stipulates that the sign, to be posted in a conspicuous manner, at the location where the transaction occurs, includes information on how the consumer can make a complaint and discloses that a consumer must sign a consumer bill of rights before entering a contract with a bail bond agent.

#### *b. Int. 724-A*

New § 20-830 defines a ‘bail bond business’, ‘bail bond agent’, ‘bailee’ and ‘premium or compensation’ to reflect the provisions of Article 68 of the State Insurance Law. A ‘bail bond business’ and ‘premium or compensation’ are defined in sections 6801 and 6804, respectively, of the New York insurance law”, while a ‘bailee’ is defined as “any person present in any courtroom having criminal jurisdiction or a party to any criminal action or proceeding, who requests a bail bond business to deposit money or property as bail or for whom such request is made.” A bail bond agent means “any individual, corporation, or other entity that acts as an agent or solicitor of a bail bond business in soliciting, negotiating, or effectuating any deposit or bail bond by such bail bond business as referenced in subsection a of section 6802 of the insurance law.” This new section also specifies the term ‘designated citywide languages’ to mean “the top six limited English proficiency languages spoken by the population of the city as determined, by the department of city planning and the office of the language services coordinator.”

New § 20-831 requires DCA to produce a consumer bill of rights regarding bail bond agents. This will be required to be available in a downloadable format on DCA’s website and should include, at minimum, the following:

- “1. What bail bond businesses and agents are and how the process of obtaining a bail bond works;
2. What a bail bond agent is, and is not, required by law to do for a consumer;
3. How to make a complaint regarding a bail bond business or bail bond agent, including the contact information for the city and state agencies to which a complaint may be directed;
4. Explanations of the commonly offered services and commonly used industry terms, such as “premium or compensation” and “collateral,” including, but not limited to, the difference between nonrefundable premium or compensation and refundable collateral;
5. A list of the maximum premium or compensation that can be charged for giving bail bond or depositing money or property as bail under section 6804 of the insurance law, including examples of the maximum premium or compensation for common bail amounts;
6. A statement that a premium or compensation that exceeds the premium or compensation amounts permitted pursuant to section 6804 of the insurance law is illegal;

<sup>24</sup> Department of Consumer Affairs ‘Press release: February 15, 2018’, available at <http://www1.nyc.gov/site/dca/media/pr021518.page>.

7. That a consumer may negotiate the terms of the bail bond contract and take the contract off the premises where a transaction occurs for review prior to signing; and that the contract shall disclose when collateral is to be returned and under which conditions such collateral may be kept by the bail bond agent;

8. That the consumer bill of rights is available upon request in the designated citywide languages; and

9. A statement that a consumer may be eligible for refundable cash bail.”

This new section also requires bail bond agents to post, in a conspicuous manner, information about their business including: the license number and registered name of the bail bond agent, all addresses and phone numbers registered under the license, and the names of any sublicensees.

Under the provisions of this bill, a customer will be required to sign a copy of the bill of rights, provided by the bail bond agent in English and, if necessary, a designed citywide language more suitable for the consumer, prior to signing the contract. The signed copy of the consumer bill of rights, together with the signed contract and receipts, will be required to be kept by the bail bond agent for a period of five years. These documents will also need to be made available to DCA upon request.

The receipts and contracts used by the bail bond agent must include their name, license number and telephone number and the name of the bail bond business, as well as the amount of the bond, when it will be paid, a description of the collateral and when it can be kept, the amount of premium or compensation, and a statement of any money paid to a third party by the consumer. Along with copies of the contract and consumer bill of rights, a copy of these receipts also need to be provided to the consumer.

The bail bond agent is also required to keep a record, for three years, the names of persons employed or subcontracted to interact with consumers, which need to be available upon request from DCA.

§ 20-835 outlines the civil penalties for violating the provisions, which will be no less than \$500 and no more than \$5,000 for each violation. Furthermore, a bail bond business that is party to a transaction in which a violation occurred shall be liable for any civil penalty imposed on a bail bond agent.

### **Report of the Committee on Criminal Justice**

Report for Int. No. 741-A

#### **Report of the Committee on Criminal Justice in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York, in relation to the provision of telephone services to individuals in custody in city correctional facilities.**

The Committee on Criminal Justice, to which the annexed proposed amended local law was referred on April 11, 2018 (Minutes, page 1434), respectfully

#### **REPORTS:**

##### **I. INTRODUCTION**

On July 17, 2018 the Committee on Criminal Justice, chaired by Council Member Keith Powers, will hold a vote on Proposed Int. No. 741-A and Proposed Int. No. 779-A. The Committee previously held a hearing on these bills on April 23, 2018, and received testimony from representatives of the Department of Correction (DOC), as well as unions, advocates and other interested members of the public.

##### **II. BACKGROUND ON PROPOSED INT. NO. 741-A**

The New York City Board of Correction mandates that all inmates are entitled to one free local telephone call “upon admission to a facility,” and that subsequently “indigent” pretrial detainees are entitled to three free local telephone calls per week, while sentenced “indigent” inmate are entitled to two such calls. Long distance calls are always “at the expense” of the inmate. According to the Department of Correction, the DOC collects revenues for the city of approximately \$5 million per year from these fees and contracts with a provider that received \$2.9 million in 2017.<sup>1</sup> The fees charged to inmates are regulated by the Federal Communications Commission, with a cap of 21 cents per minute for certain types of interstate long distance calls and 25 cents per minute for other types of interstate long distance calls.

---

<sup>1</sup> Correspondence from DOC staff on file with the Committee.

### **III. PROPOSED INT. NO. 741-A**

Prop. Int. No. 741-A prohibits the DOC from receiving any revenue for providing telephone services to inmates and requires that all domestic telephone services be provided free of charge to inmates and the receiving party.

### **IV. AMENDMENTS TO PROPOSED INT. NO. 741-A**

Since introduction, the bill has been amended to clarify that the city cannot collect revenue and has an affirmative obligation to actually provide free telephone services to those in their custody making domestic calls and no cost to the call recipients. The effective date was changed from 120 to 270 days after enactment.

### **V. BACKGROUND ON PROPOSED INT. NO. 779-A**

In September of 2016, the DOC announced increased security measures on Rikers Island jail facilities, including the provision of electronic stun guns to certain supervisory correction officers in the Emergency Services Unit (ESU). In February of 2018, the DOC announced that additional electronic stun guns would be provided to correction officers working with the ESU.

### **VI. PROPOSED INT. NO. 779-A**

In order to provide transparency on this use of these devices, Prop. Int. No. 741-A would require that the DOC to issue quarterly reports on the use of devices capable of administering electric shocks.

### **VII. AMENDMENTS PROPOSED INT. NO. 779-A**

Since introduction, the bill has been amended to more closely reflect the variety of current devices used by the Department and include use of any devices capable of administering an electric shock.

COMMITTEE: Criminal Justice**

**TITLE:** A Local Law to amend the administrative code of the city of New York, in relation to the provision of telephone services to individuals in custody in city correctional facilities

**SPONSORS:** The Speaker (Council Member Johnson) and Council Members Brannan, Rosenthal, Powers, Levin, Ampry-Samuel, Rivera, Espinal, Gibson, Rose, Cumbo, Williams, Koslowitz, and Lancman

**SUMMARY OF LEGISLATION:** Proposed Intro. 741-A would require the Department of Correction (DOC) to provide free domestic telephone services to people in the Department's custody and would prevent the City from collecting or retaining any telephone fee revenue.

**EFFECTIVE DATE:** This local law would take effect 270 days after it becomes law.

**FISCAL YEAR IN WHICH FULL FISCAL IMPACT ANTICIPATED:** Fiscal 2020

**FISCAL IMPACT STATEMENT:**

	<b>Effective FY19</b>	<b>FY Succeeding Effective FY20</b>	<b>Full Fiscal Impact FY20</b>
<b>Revenues</b>	\$0	\$5,000,000	\$5,000,000
<b>Expenditures</b>	\$0	\$2,500,000	\$2,500,000
<b>Net</b>	\$0	\$7,500,000	\$7,500,000

**IMPACT ON REVENUES:** The Fiscal 2019 Adopted Budget projects that the City would collect \$5 million in inmate telephone fees; Proposed Intro. 741-A would prevent the DOC from collecting this revenue.

**IMPACT ON EXPENDITURES:** By establishing a prohibition on charging inmates for telephone use, Proposed Intro. 741-A would require the Department to change the way in which it operates the inmate phone system. The Department currently contracts with a vendor to operate and maintain the phone system and pays the vendor through a revenue-sharing agreement. Without revenue, the payment mechanism would change. Based on the last whole year of the revenue sharing data, it is estimated that the cost of operating and maintaining the system would be approximately \$2.5 million per year. Altogether, with the loss of revenue described above, the total fiscal impact of Proposed Intro. 741-A is estimated to be an annual cost of \$7.5 million to the City.

RE: Finance Committee Agenda of July 18, 2018- Resolution approving a tax exemption for two Land Use items (Council Districts 33 and 35)

**Item 1: Breaking Ground – 90 Sands Street**

Breaking Ground proposes to acquire 90 Sands Street in the DUMBO section of Brooklyn in order to convert it to permanent supportive and affordable housing. The building was most recently used as a hotel by the Jehovah's Witnesses and includes 508 units which are a mix of studios and one-bedrooms. The building is currently vacant and does not have any existing deed or regulatory restrictions. The site is currently owned by 90 Sands Owner LLC. The building was formerly owned by the Watchtower Bible and Tract Society of New York, Inc. and was used as a residential hotel. The building previously had a non-profit tax exemption as it was owned by a house of worship.

Under the proposed project, Breaking Ground II Housing Development Fund Corporation (HDFC) will acquire the property in order to convert it to permanent supportive and affordable housing. It will finance the acquisition with a loan from the Department of Housing Preservation and Development (HPD) and the rehabilitation of the property with loans from the New York City Housing Development Corporation (HDC) and HPD. Upon closing of the rehabilitation loans, the HDFC will transfer the property to an affiliated HDFC with the prior written consent of HPD. Eligible tenants will receive project-based rental assistance.

HPD is requesting that the Council approve a full, 40-year Article XI property tax exemption. HPD and the HDFC will enter into a regulatory agreement ensuring that sixty percent of the project (305 units) will be set aside for formerly homeless tenants referred from City shelters and that the remaining units will be underwritten to a range of household incomes, with units affordable to tenants earning 30% Area Median Income (AMI), 40%

AMI, 60% AMI, 80% AMI and 100% AMI. The precise affordability mix is subject to adjustment based on community feedback and final underwriting.

**Item 2: The Astra – 645 Gates Avenue**

645 Gates Avenue, a/k/a The Astra, is a proposed 112-unit affordable housing development in the Bedford-Stuyvesant neighborhood within Brooklyn. The project will include 17 studios, 51 one-bedrooms, 27 two-bedrooms (including one rent-free superintendent's unit), and 17 three-bedrooms. Common areas such as a laundry room, bicycle storage, and a community room will be available to all residents. The proposed seven-story, 102,911 square foot development will be located on a portion of the existing surface parking lot on the site. There are two existing buildings with a total of 192 units and a shared surface parking lot for the 106 required accessory off-street parking spaces. The owner has applied to the Board of Standards and Appeals for a Special Permit to build the proposed affordable housing on existing underutilized parking. A parking waiver for the existing buildings will also be sought.

Under the proposed project, HP Astra HDFC will acquire the property and The Astra at Gates Avenue LLC will be the beneficial owner and will operate the Exemption Area. The HDFC and the LLC will finance the rehabilitation of the property with loans from HDC and HPD and developer equity. The Owner and HPD will enter into a regulatory agreement establishing certain controls upon the operation of the Exemption Area.

HPD is requesting that the Council approve a full, 40-year Article XI property tax exemption. The parent lot currently receives an exemption from and/or abatement of real property taxation pursuant to Section 489 of the Real Property Tax Law ("J-51 Benefits"). Upon completion of a pending lot apportionment, the J-51 Benefits will terminate on the property because it will be a new construction site. HPD and the HDFC will enter into a regulatory agreement ensuring that, in accordance with the Mixed-Middle-Income program terms, the overall proposed affordability mix will be as follows: 50% of the units will be affordable to households earning between 100%-130% of AMI; 30% of the units will be affordable to households earning between 80%-100% of AMI; 17% of the units will be affordable to households earning between 47%-50% of AMI; and 3% of the units will be affordable to households earning between 37%-40% of AMI.

### **Report of the Committee on Housing and Buildings**

Report for Int. No. 981-A

#### **Report of the Committee on Housing and Buildings in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York, in relation to the regulation of short-term residential rentals.**

The Committee on Housing and Buildings, to which the annexed proposed amended local law was referred on June 7, 2018 (Minutes, page 2145), respectfully

#### **REPORTS:**

##### **Introduction**

On July 18, 2018, the Committee on Housing and Buildings, chaired by Robert E. Cornegy, Jr., held a vote on Int. No. 981-A.

The Committee originally heard Int. No. 981-A on June 26, 2018 and received testimony from the Mayor's Office of Special Enforcement (OSE), New York State Senator Liz Krueger, New York State Assemblymember Linda Rosenthal, short-term rental service providers, housing advocates, legal service providers, members of the real estate industry, and interested members of the public. More information about this bill is available with the materials for that hearing, which can be accessed online at <https://tinyurl.com/y7yd47vk>.

##### **Legislation**

This summary is intended for informational purposes only and does not substitute for legal counsel. For more detailed information, you should review the full text of the bill, which is attached below.

**Int. No. 981-A**

To further address the adverse effect, well-documented by a number of reports issued and studies conducted by both governmental and non-governmental organizations, resulting from conversion of permanent housing to rentals under 30 days, despite the 2010 and 2016 legislative amendments to the Multiple Dwelling Law (“MDL”) by the New York State Legislature, this bill would require online short-term (less than 30 days) rental platforms that provide booking services for a fee to provide information about those transactions to the Mayor’s Office of Special Enforcement including:

- The address of the short term rental;
- The name and address of the rental host;
- The URL of the short term rental listing;
- Whether the short term rental was for the entire unit or part of it;
- The number of days the unit is rented;
- The fees collected by the online platform for booking services; and
- Information about rent collected by the booking service, where applicable.

Platforms that solely list or advertise offers for short-term rentals would not be required to report on such listings.

Any personal information obtained by the City must be protected to the fullest extent of all relevant state, federal and local laws including, where applicable, the state Freedom of Information Law and local laws 245/2017 and 247/2017, and maintained, stored and handled in a manner consistent with such laws.

Failure to provide this information would result in a fine that is the greater of either \$1,500 per listing for each reporting period in which the required information is not provided completely or accurately, or the total amount of the fees collected during the preceding year for transactions related to such listing, whichever is greater.

This legislation would take effect 180 days from enactment.

**Update**

On July 18, 2018, the Committee adopted this legislation. Accordingly, the Committee recommends its adoption.

**(The following is the text of the Fiscal Impact Statement for Int. No. 981-A:)**

**THE COUNCIL OF THE CITY OF NEW YORK  
FINANCE DIVISION  
LATONIA MCKINNEY, DIRECTOR  
FISCAL IMPACT STATEMENT**

**SUMMARY OF LEGISLATION:** Proposed Intro. No. 981-A would require online short-term rental platforms that provide booking services for a fee to submit a monthly report to an administering agency, either the Office of Special Enforcement (OSE) or another agency designated by the Mayor, providing certain information about such transactions, including the address of units offered for short-term rental; the name, address, phone number, and email address of the hosts offering such units; the URL of unit listings; whether the rental is for the entirety of the unit or part of a unit; the total amount of fees received by such booking service for such short-term rental; the total number of days the unit was rented; and information about how such rent payments are received (including the amount thereof). Such platforms would be subject to a civil penalty of the greater of \$1,500 or the total fees collected during the preceding year for transactions related to the listing for failure to comply with provisions of this legislation. The legislation would generally exempt class B multiple dwellings that are lawfully used for transient occupancy. A list of such properties would be compiled, updated, and published by the administering agency.

## **REPORTS:**

### **Introduction**

On July 18, 2018, the Committee on Housing and Buildings, chaired by Robert E. Cornegy, Jr., held a hearing on several bills removing certain properties from the Third Party Transfer (TPT) process.

TPT was created by Local Law 37 of 1996, and allows the City to convey tax delinquent residential properties directly to responsible third parties. These properties are then rehabilitated by qualified developers and become rent stabilized units. The current TPT round, Round X, started in 2015.

After properties are identified as delinquent, selected for foreclosure action, and a foreclosure judgment is entered, a four-month mandatory redemption period is provided, during which a property can be redeemed by paying any existing debt in full. After this redemption period, the Council is notified of any remaining properties and provided with 45 days to disapprove of any TPT transfers, which is done by Local Law. The bills below are disapprovals of TPT transfers for certain properties within the sponsoring Council Members' districts.

- b. All of the value of the property in the Exemption Area, including both the land and any improvements (excluding those portions, if any, devoted to business, commercial, or community facility use) shall be exempt from real property taxation, other than assessments for local improvements, for a period commencing upon the Effective Date and terminating upon the Expiration Date.
- c. Commencing upon the Effective Date, and during each year thereafter until the Expiration Date, the New Owner shall make real property tax payments in the sum of the Contract Rent Differential Tax. Notwithstanding the foregoing, the total annual real property tax payment by the New Owner shall not at any time exceed the lesser of either (a) the amount of real property taxes that would otherwise be due in the absence of any form of exemption from or abatement of real property taxation provided by an existing or future local, state, or federal law, rule, or regulation, or (b) seventeen percent (17%) of the contract rents in the applicable tax year.
- d. Notwithstanding any provision hereof to the contrary:
- (1) The New Exemption shall terminate if HPD determines at any time that (i) the Exemption Area is not being operated in accordance with the requirements of Article XI of the Private Housing Finance Law, (ii) the Exemption Area is not being operated in accordance with the requirements of the Regulatory Agreement, (iii) the Exemption Area is not being operated in accordance with the requirements of any other agreement with, or for the benefit of, the City of New York, (iv) any interest in the Exemption Area is conveyed or transferred to a new owner without the prior written approval of HPD, or (v) the construction or demolition of any private or multiple dwelling on the Exemption Area has commenced without the prior written consent of HPD. HPD shall deliver written notice of any such determination to the New Owner and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than sixty (60) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the New Exemption shall prospectively terminate.
  - (2) The New Exemption shall apply to all land in the Exemption Area, but shall only apply to a building on the Exemption Area that exists on the Effective Date.

- (3) Nothing herein shall entitle the HDFC, the New Owner, or any other person or entity to a refund of any real property taxes which accrued and were paid with respect to the Exemption Area prior to the Effective Date.
- e. In consideration of the New Exemption, the owner of the Exemption Area, for so long as the New Exemption shall remain in effect, shall waive the benefits, if any, of any additional or concurrent exemption from or abatement of real property taxation which may be authorized under any existing or future local, state, or federal law, rule, or regulation.
2. Approve, pursuant to Section 125 of the PHFL, the termination of the Prior Exemption, which termination shall become effective one day preceding the conveyance of the Exemption Area from the Current Owner to the New Owner.
3. Consent, pursuant to Section 123(4) of the PHFL, to the voluntary dissolution of the Current Owner.
4. If the conveyance of the Exemption Area from the Current Owner to the New Owner does not occur either (i) within one day following the termination of the Prior Exemption, or (ii) on the same day as the voluntary dissolution of the Current Owner, then all of the approvals and consents set forth above shall be null and void, the dissolution of the Current Owner shall be rescinded, and both the obligations of the Current Owner to remain an Article V redevelopment company and the Prior Exemption shall be reinstated as though they had never been terminated or interrupted.

### **Report of the Committee on Sanitation and Solid Waste Management**

Report for Int. No. 157-B

**Report of the Committee on Sanitation and Solid Waste Management in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York, in relation to reducing permitted capacity at putrescible and non-putrescible solid waste transfer stations in overburdened districts**

The Committee on Sanitation and Solid Waste Management, to which the annexed proposed amended local law was referred on January 31, 2018 (Minutes, page 321), respectfully

**REPORTS:**

## I. Introduction

On June 19, 2018 the Committee on Sanitation and Solid Waste Management (the “Committee”), chaired by Council Member Antonio Reynoso, held a hearing on Proposed Int. No. 157-B, in relation to reducing permitted capacity at putrescible and non-putrescible solid waste transfer stations in overburdened districts. Previous versions of this legislation were introduced in both of the last two sessions, as Int. No. 495 in 2014 and Int. No. 1170 in 2013. The Committee heard testimony from the New York City Department of Sanitation (“DSNY”), environmental justice advocates concerning the districts and neighborhoods where these waste transfer stations are located, transfer station operators, private carters, representatives of several industries likely to be impacted by the legislation, and interested members of the public.

On July 17, 2018, the Committee, chaired by Council Member Antonio Reynoso, will hold a second hearing on Proposed Int. No. 157-C.

## II. Background on New York City’s Solid Waste Transfer Stations

There are 38 putrescible and non-putrescible solid waste transfer stations in New York City, primarily in M-3 heavy industrial zones in 12 different community districts.

<sup>1</sup> As of January 2017, these 38 transfer stations have a total permitted capacity of approximately 46,461 tons of putrescible and non-putrescible waste per day.<sup>2</sup> The average daily amount of solid waste delivered to these transfer stations (referred to as “throughput”) is significantly less than permitted capacity. According to DSNY, the total throughput for all 38 solid waste transfer stations is approximately 20,603 tons per day. For example, the City’s residential waste stream generates approximately 10,676 tons of putrescible waste per day, the majority of which is currently delivered to private transfer stations located in the City.<sup>3</sup> In addition, the City generates approximately 15,000 tons of commercial waste daily, excluding fill material.<sup>4</sup> A majority of this material is delivered to transfer stations located within the City. The City does not maintain precise records of the commercial waste which is delivered to facilities outside of the City.<sup>5</sup>

Solid waste transfer stations are regulated by both the State Department of Environmental Conservation (“DEC”) and the City’s Department of Sanitation (“DSNY”), each of which issues permits for transfer stations. All such permits limit the maximum amount of waste that is permitted to pass through each transfer station on a daily basis. Based on information provided by DSNY, the capacity permitted by DSNY is the same as the amount permitted by DEC at each transfer station located in the City.

Waste delivered to transfer stations is consolidated for recyclables processing, or export to locations outside of the City by means of long-haul truck, rail or barge. The majority of waste delivered to transfer stations in the City is currently exported by long-haul truck, although two transfer stations located in the designated districts currently export waste via rail, and one transfer station not located in the designated districts transports waste by rail.

## III. Health Effects of Overconcentration of Waste Transfer Stations in Four Community Districts

The vast majority of the City’s private waste transfer stations and permitted capacity is located in four different community districts: Bronx Community Districts 1 and 2, Brooklyn Community District 1 and Queens Community District 12 (the “designated districts”). Twenty-six of the City’s 38 private transfer stations are located in the four designated districts, comprising approximately 74% of the City’s total permitted capacity (not including DSNY’s marine transfer stations and the Staten Island Transfer Station)

<sup>1</sup> Specifically, these community districts are Bronx CDs 1 and 2, Brooklyn CDs 1, 5, 6, 7 and 17, Queens CDs 2, 5, 7 and 12, and Staten Island CD 1.

<sup>4</sup> *Id.* According to DSNY, approximately 1,000-2,000 tpd of this amount is transported directly out of the City and does not pass through any New York City-based transfer stations.

and 73% of the City's average daily throughput.<sup>6</sup> The result of this overconcentration is that these districts are disproportionately impacted by the health and other hazards associated with heavy truck traffic.

One of the primary objectives of Proposed Int. No. 157-C is to reduce the truck traffic associated with collecting and exporting solid waste in the designated districts. Exposure to diesel exhaust includes exposure to particulate matter, nitrogen oxides and sulfur dioxides. In addition to containing particulate matter, nitrogen oxides and sulfur dioxides, diesel exhaust contains air toxins, such as benzene (a carcinogen), formaldehyde (a probable carcinogen) and dioxin (known for its non-cancer and reproductive health effects).<sup>7</sup>

The adverse health effects from breathing polluted air include increased mortality, respiratory diseases and hospitalizations, changes in lung function, asthma attacks and lost days from school or work.<sup>8</sup> Links have been documented between air pollution and cardiopulmonary mortality, as well as lung cancer mortality.<sup>9</sup> Air pollution may also increase blood pressure,<sup>10</sup> alter the electrical functioning of the heart,<sup>11</sup> which is particularly dangerous for people with pre-existing coronary artery disease, and may actually cause asthma.<sup>12</sup> Exposure to diesel exhaust was found by one study to promote coronary artery disease and to inhibit the body's ability to dispel blood clots.<sup>13</sup>

Although everyone is potentially impacted by poor air quality, certain groups experience more serious impacts than others to the same levels of air pollution. Many studies have documented a greater susceptibility to air pollutants in vulnerable populations such as the elderly and children.<sup>14</sup>

#### IV. Legislation

Below is a brief summary of the legislation being heard by the Committee at this hearing. This summary is intended for informational purposes only and does not substitute for legal counsel. For more detailed information, you should review the full text of the bill, which is attached below.

#### Proposed Int. No. 157-C

Proposed Int. No. 157-C would reduce putrescible and non-putrescible solid waste transfer station's permitted capacity by 50% in community district one in Brooklyn, and 33% in community district one and two in the Bronx and 12 in Queens.

Proposed Int. No. 157-C would also allow for some portion of certain types of waste and transfer stations to be removed from the permitted capacity before the reductions. These include waste transported barge; source separated organic waste; metal, glass, plastic, paper, and corrugated cardboard for recycling; and recycled construction and demolition debris. Waste transfer stations that do not use a public road to transport by rail and transport all or the majority of the waste by rail would be exempt from the reductions.

Proposed Int. 157-C would also disallow increases of permitted capacity for any putrescible or non-putrescible solid waste transfer stations in an overconcentrated district or if a district would become

overconcentrated due to the increase. There are some exemptions, including if a waste transfer station purchases capacity from another waste transfer station in the same community district or if the waste transfer station does not use a public road to transport by rail and transports all or the majority of the waste by rail.

Proposed Int. 157-C would also mandate an annual report including, but not limited to, a list of permitted solid waste transfer stations by community district and the permitted capacity, amount of waste and material accepted at such transfer stations. The report would also include any change to each transfer station’s permitted capacity and the feasibility of reducing truck traffic through residential neighborhoods by means other than reducing permitted capacity.

Proposed Int. 157-C would also mandate that the Commissioner of Sanitation notify the Mayor and the Speaker of the Council if the amount of waste delivered to a solid waste transfer station in any community district exceeds 90% of the permitted capacity. Additionally, this bill would mandate that the Commissioner of Sanitation maintain a list of any employee formerly employed by a transfer station in certain designated communities that has been displaced due to a reduction in capacity at a waste transfer station. If the employee permits, that list shall be made available upon request to an owner or operator of a different waste transfer station.

This local law would take effect immediately.

*Be it enacted by the Council as follows:*

Section 1. Title 16 of the administrative code of the city of New York is amended by adding a new chapter 4-H to read as follows:

*CHAPTER 4-H - REDUCED PERMITTED CAPACITY AT SOLID WASTE TRANSFER STATIONS*

*16-498 - Definitions*

*16-498.1 - Reduction of Overall Permitted Capacity*

16-498.2 - *Allocating Reductions of Permitted Capacity*  
 16-498.3 - *Waiver*  
 16-498.4 - *Overconcentrated Districts*  
 16-498.5 - *Reporting*  
 16-498.6 - *Notification*  
 16-498.7 - *Displaced Employee List*

§ 16-498 *Definitions. When used in this chapter, terms defined in subdivision a of section 16-130 shall have the meanings given therein and the following terms shall have the following meanings:*

*Designated community districts. The term “designated community districts” means community district one in the borough of Brooklyn, community districts one and two in the borough of the Bronx, and community district 12 in the borough of Queens, as identified on the effective date of the local law that added this section on the map of community districts established pursuant to section 2702 of the New York city charter.*

*Emergency. The term “emergency” means the same as “emergency conditions and potential incidents” as described in subdivision a of section 497 of the New York city charter regardless of whether a multi-agency response is needed.*

*Exempted day. The term “exempted day” means each of the following days: January second; the day after the third Monday in January; February thirteenth; the day after the third Monday in February; the day after the last Monday in May; July fifth; the day after the first Monday in September; the day after the second Monday in October; the Wednesday following the first Monday in November; November twelfth; the day after the fourth Thursday in November; and December twenty-sixth, except that if any such day falls on a Sunday, the exempted day shall be the next following business day.*

*Operational date. The term “operational date” means, for Brooklyn community district one and Queens community district 12, the first date on which a marine transfer station operated by the department and located in the same borough as such district begins accepting residential waste from the department. For Bronx community districts one and two, such term shall mean the date on which the first marine transfer station operated by the department and located in the city begins accepting residential waste from the department.*

*Organic waste. The term “organic waste” has the same meaning as set forth in section 16-303.*

*Overconcentrated district. The term “overconcentrated district” means a community district that contains 10 percent or more of the total citywide permitted capacity for putrescible and non-putrescible solid waste transfer stations, including transfer stations operated by or on behalf of the department.*

*Permitted capacity. The term “permitted capacity” means, for a putrescible solid waste transfer station, the total amount of solid waste that is permitted by the department to be delivered to such solid waste transfer station as measured in tons per day, and for a non-putrescible solid waste transfer station, the average tons per day permitted to be delivered to such solid waste transfer station over the quarter year. For purposes of this chapter, a non-putrescible transfer station shall not include a facility permitted as a fill material transfer station by the department pursuant to sections 16-130 and 16-131 of chapter 4 of this title.*

*Quarter year. The term “quarter year” means any of the four three-month periods of a year that begin with the first day in the months of January, April, July and October.*

*Total quarterly capacity. The term “total quarterly capacity” means, for a non-putrescible solid waste transfer station, the total amount of solid waste allowed to be delivered to such transfer station within any quarter year.*

§ 16-498.1 *Reduction of overall permitted capacity. a. By October 1, 2019 or the relevant operational date, whichever is later, the commissioner shall, for each designated community district, set the permitted capacity for each putrescible and non-putrescible solid waste transfer station operating in such designated community district. The permitted capacity of each putrescible and non-putrescible solid waste transfer station in community district one in the borough of Brooklyn shall be reduced by 50 percent below the permitted capacity for such transfer station on the effective date of the local law that added this section. The permitted capacity of each putrescible and non-putrescible solid waste transfer station in community districts one and two in the borough of the Bronx and community district 12 in the borough of Queens shall be reduced by 33 percent below the permitted capacity for such transfer station on the effective date of the local law that added this section.*

*b. Any reductions in permitted capacity required pursuant to this section for a transfer station in a designated community district shall be implemented at the time that the transfer station’s permit is renewed.*

*c. On exempted days occurring after the date that reductions under this section are implemented for a designated community district, a putrescible solid waste transfer station in such designated community district may process waste in an amount equivalent to such transfer station's permitted capacity prior to the reductions required by this section.*

*§ 16-498.2 Allocating reductions of permitted capacity.*

*a. The commissioner shall not impose the reductions to permitted capacity required by section 16-498.1 on any putrescible or non-putrescible solid waste transfer station that exports by rail all or the majority of the waste accepted at any such transfer station and which does not use a public street to transport such waste between such transfer station and the rail facility.*

*b. The commissioner shall determine the average daily amount of solid waste transported by barge for the three years preceding October 1, 2019, or the operational date, whichever is later, by each putrescible solid waste transfer station within a designated community district. In calculating any required reduction in permitted capacity for a putrescible solid waste transfer station pursuant to section 16-498.1, the commissioner shall not include, in any amount required to be reduced, such average daily amount of waste transported by barge, provided that:*

*1. On or before April 1, 2019, the owner of such transfer station submits an application to the commissioner to modify its permit to restrict the use of its permitted capacity, or a portion thereof, exclusively to putrescible solid waste that is transported out of the city from such transfer station by barge, and that application is approved by the commissioner; and*

*2. By October 1, 2019, or the relevant operational date, whichever is later, any such transfer station restricts the use of its permitted capacity, or such portion thereof, exclusively to putrescible solid waste that is transported from such transfer station by barge.*

*c. A putrescible solid waste transfer station may reserve up to 20 percent of its permitted capacity exclusively for source separated organic waste to be recycled. Such reserved amount shall not be included in the transfer station's permitted capacity when the commissioner calculates any required reduction in permitted capacity for such putrescible solid waste transfer station pursuant to section 16-498.1, provided that:*

*1. On or before April 1, 2019, the owner of such transfer station submits an application to the commissioner to modify its permit to restrict the use of its permitted capacity, or a portion thereof, exclusively to source separated organic waste, and that application is approved by the commissioner; and*

*2. By October 1, 2019, or the relevant operational date, whichever is later, any such transfer station restricts the use of its permitted capacity, or such portion reserved for source separated organic waste, exclusively to source separated organic waste.*

*d. The commissioner shall determine the average daily amount of metal, glass, plastic, paper and corrugated cardboard recycled for the three years preceding October 1, 2019, or the operational date, whichever is later, by each transfer station within a designated community district. In calculating any required reduction in permitted capacity pursuant to section 16-498.1, the commissioner shall not include, in any amount required to be reduced, the lesser of (i) such average daily amount of recycled metal, glass, plastic, paper and corrugated cardboard or (ii) 20 percent of the transfer station's permitted capacity.*

*e. The commissioner shall determine the average daily amount of construction and demolition debris recycled for the three years preceding October 1, 2019, or the operational date, whichever is later, by each non-putrescible solid waste transfer station within a designated community district. In calculating any required reduction in permitted capacity pursuant to section 16-498.1, the commissioner shall not include, in any amount required to be reduced, 50 percent of such average daily amount of construction and demolition debris.*

*f. After a reduction in permitted capacity required by section 16-498.1 in a designated community district, each non-putrescible solid waste transfer station within such community district shall have a total quarterly capacity equal to the permitted capacity allocated to such transfer station multiplied by 78. The amount of non-putrescible waste that may be delivered to a non-putrescible transfer station on any single day may not exceed such transfer station's daily permitted capacity prior to the reductions required by this section.*

*§ 16-498.3 Waiver. a. The commissioner may waive the reductions to permitted capacity and the limits to total quarterly capacity required by this chapter for the duration of any emergency.*

*b. After the reductions in permitted capacity required by section 16-498.1 have been implemented at a transfer station in a designated community district, the commissioner may, on a one-time basis, increase the permitted capacity of any such transfer station that seeks a modification to its permit solely to increase the*

*amount of organic waste or metal, glass, plastic, paper or corrugated cardboard that is separated for recycling, provided that such increase shall be no greater than 20 percent of the transfer station's then-existing permitted capacity.*

*§ 16-498.4 Overconcentrated districts. After October 1, 2019, the commissioner shall not increase permitted capacity for any putrescible or non-putrescible solid waste transfer station in an overconcentrated district or increase permitted capacity for any community district that would result in such district becoming an overconcentrated district, except in accordance with section 16-498.3, and except the commissioner may allow increased permitted capacity for any putrescible or non-putrescible solid waste transfer station that exports by rail all or the majority of the waste accepted at any such transfer station and which does not use a public street to transport such waste between such transfer station and the rail facility, and except that the commissioner may authorize the transfer of permitted capacity from a putrescible solid waste transfer station within a designated community district to another putrescible solid waste transfer station, within the same community district, for which the commissioner has set a reduced permitted capacity in accordance with subdivision a of section 16-498.1, or from a non-putrescible solid waste transfer station within a designated community district to another non-putrescible solid waste transfer station, within the same community district, for which the commissioner has set a reduced permitted capacity in accordance with subdivision a of section 16-498.1, provided that a transfer station receiving a transfer of permitted capacity may use such transferred permitted capacity only after the implementation, in accordance with subdivision b of section 16-498.1, of such reduction, and provided further that the permitted capacity of any transfer station receiving a transfer of permitted capacity may not exceed the permitted capacity of such transfer station that was in effect before the commissioner set a reduced permitted capacity for such transfer station in accordance with subdivision a of section 16-498.1, and provided further that the transfer station that is transferring its permitted capacity will no longer be operating as a waste transfer station after the transfer.*

*§ 16-498.5 Reporting. On or before October 1, 2020, and annually thereafter, the commissioner shall report to the mayor and the speaker of the council the following information:*

*a. A list of permitted solid waste transfer stations and for each such station, organized by community district:*

*1. The community district in which such transfer station is located;*

*2. The type of material permitted for acceptance at such transfer station;*

*3. The permitted capacity of such transfer station;*

*4. The average amount of waste accepted daily at such transfer station for each quarter year of the previous calendar year; and*

*5. a. Any change to such transfer station's permitted capacity during the previous calendar year, specifying which changes were required pursuant to this chapter.*

*b. The feasibility of reducing truck traffic traveling through residential neighborhoods by means other than reductions to permitted capacity for transfer stations.*

*§ 16-498.6 Notification. No later than 120 days after the end of each quarter year, the commissioner shall notify the mayor and the speaker of the council if the amount of waste delivered to permitted solid waste transfer stations located within any community district is in excess of 90 percent of the total permitted capacity for such transfer stations. Such notification shall include the percentage of the total citywide permitted capacity for putrescible and non-putrescible solid waste transfer stations, including transfer stations operated by or on behalf of the department, in such community district for the quarter year and the percentage of the total citywide putrescible and non-putrescible solid waste delivered to such community district for the quarter year.*

*§ 16-498.7 Displaced employee list. The commissioner shall maintain a list containing the names and contact addresses or telephone numbers of persons formerly employed by a transfer station in a designated community district whose employment ended as a result of the a reduction in permitted capacity required pursuant to section 16-498.1. The addition or deletion of information on such list relating to a person on such list shall be made only upon the request of such person. A copy of such list shall be made available upon request by an owner or operator of a transfer facility and shall be sent to all transfer stations on an annual basis. ## **REPORTS:**

### **I. INTRODUCTION**

On July 12, 2018, the Committees on Immigration, chaired by Council Member Carlos Menchaca, General Welfare, chaired by Council Member Stephen Levin, and Health, chaired by Council Member Mark Levine, will hold an oversight hearing on the Impacts of Trump Administration Family Separation Policy on New York City. The Committees will also hear and vote on the following Resolution: Preconsidered Res. No. 459, sponsored by Council Member Carlina Rivera, in relation to the Keep families Together Act (S. 3036). The committees expect to receive testimony from the Mayor's Office of Immigrant Affairs ('MOIA'), the Administration for Children's Services ('ACS'), the Department for Health and Mental Hygiene ('DOHMH'), and the Health and Hospitals Corporation ('H+H'), as well as advocates, legal and social services providers and members of the public.

## II. BACKGROUND

### *Legal Framework for Child Detention*

The national standards for the housing, detention, and release of migrant children seeking asylum or other forms of humanitarian, immigration relief are prescribed by the terms of a settlement in the 1997 lawsuit *Flores v. Reno* ('Flores settlement').<sup>1</sup> Additional requirements were later established by the Homeland Security Act of 2002 and the Trafficking Victims Protection Reauthorization Act of 2008.<sup>2</sup> Although the terms and implementation of the settlement and relevant legislation have faced multiple legal challenges over the years, the government's obligations relating to the care and processing of migrant children remained largely unchanged.<sup>3</sup>

Generally, the Flores settlement proscribes that child migrants under 18 years of age may only be held in civil, immigration detention for a maximum of 20 days. Further, it requires that children be released as soon as possible to either their parent(s), a legal guardian, another relative, or a vetted entity willing to take legal custody of the child.<sup>4</sup> While in custody, children must be placed in the least restrictive conditions possible, and have access to food, water and medical treatment, as well as housed separately from adults to whom they are not related.<sup>5</sup> Legislatively, the Department of Homeland Security must place unaccompanied children in the care of the Office of Refugee Resettlement, an office within the Department of Health and Human Services.<sup>6</sup>

In 2014, federal authorities began to detain family units with the intention of maintaining custody throughout deportation proceedings which were to be processed in an expedited manner. As average processing times surpassed twenty days, there was question of whether the requirements of the Flores settlement applied to *accompanied* children, in addition to *unaccompanied* children. Ultimately, the Ninth Circuit Court of Appeals held that the requirements applied to all children in federal immigration custody.

### *Zero Tolerance and Family Separation*

On April 6, 2018, U.S. Attorney General Jeff Sessions announced a 'zero tolerance' policy at the U.S.-Mexico border and directed federal prosecutors to criminally prosecute all adult immigrants entering the country unlawfully, including adults entering with their minor children.

In order to comply with the requirements of the Flores settlement, the Department of Justice ('DOJ') in coordination with the Department of Homeland Security ('DHS') and the Department of Health and Human Services ('DHHS') began implementing a 'family separation' policy, whereby children and infants were separated from their parents and placed in shelters with DHHS's Office of Refugee Resettlement ('ORR') contracts located near the southern border, while their parents remained detained elsewhere, including federal prisons. As local shelters reached capacity, children were sent to ORR contracted facilities across the nation, in most cases without notifying the parent of the child's location. Separated children were then treated as 'unaccompanied minors,' and issued Notices to Appear in Immigration Court.

On April 20, 2018, the *New York Times* published a report detailing that over 700 children have been taken from their parents since October 2017, 100 of those were under the age of 4.<sup>7</sup> Various Trump administration officials and agency heads made conflicting statements in the days and weeks that followed. Ultimately, the

DHS confirmed on June 15, 2018 that nearly 2,000 children were separated from their parents between April 19, 2018 and May 31, 2018. DHS Secretary Kirstjen Nielsen responded to the ensuing intense public outcry by stating that the administration “will not apologize” for separating families. Amid bipartisan calls to end family separation, President Trump finally signed an Executive Order ending the family separation policy on June 20, 2018.

### *Executive Order Aftermath*

The Executive Order (‘EO’) lays out four courses of action to end the family separation policy:<sup>8</sup>

- The DHS was directed to keep families in its custody until both the criminal case for unlawful entry and the family’s immigration case(s) are completed, subject to the availability of appropriations and where the safety of the child is not at risk;
- The Department of Defense, and other unnamed executive departments and agencies, were instructed prepare to house immigrant families, if needed;
- The Attorney General was instructed to file a request with the U.S. District Court for the Central District of California to modify the Settlement Agreement in *Flores v. Sessions*, so that that children may be detained with their parents for longer than 20 days; and
- The Attorney General was also directed to prioritize the immigration proceedings of detained families.

While the order does not end the ‘zero tolerance’ policy of criminally prosecuting all unlawful entrants into the U.S., there have been unconfirmed reports of a temporary halt or reduction of criminal prosecutions.<sup>9</sup>

Notably, the EO failed to designate a reunification policy for the families that had already been separated at the border. After sustained public outcry, DHHS initiated their Emergency Management Group on June 22, 2018 and created an “unaccompanied children reunification task force,” to begin the process of reunifying families. On June 23, 2018, DHS released a fact sheet, claiming that a well-coordinated reunification effort was underway, and included strong communication between DOJ, DHS, DHHS, and foreign consulates.<sup>10</sup> However, City and International officials in New York have had consistent difficulty getting accurate information or timely responses from federal agencies, belying the quality of coordination.

On June 26, 2018, Judge Dolly Gee of the U.S. District Court for the Central District of Central California, issued an order that set deadlines for family reunification: The government was to reunite children under five years of age with their parents within 14 days of the order, and children ages five and older within 30 days of the order. Additionally, the government was to establish phone contact between parents and their children within 10 days of the order.

On July 6, 2018, only days before the first reunification deadline, the federal administration requested an extension, stating that many of the documents linking parents to their children are missing or may have been destroyed.<sup>11</sup> Judge Dana Sabraw of the U.S. District Court for the Southern District of California ultimately denied the extension request, stressing that the court had set “firm deadlines” as opposed to “aspirational goals” for reunification.<sup>12</sup> Only 51 small children of the total 98 children under 5 years old have been reunited with their parents by July 10, 2018.<sup>13</sup>

### *Children Transferred to New York City*

News of children being transferred to ORR contracted foster agencies and shelters across the nation first broke the week of June 18<sup>th</sup>, 2018. In New York City, at least three of the four ORR contracted facilities received children who were separated from their parents on account of the ‘zero tolerance’ policy.

Despite placing a significant number of children in the care of facilities located in New York City, no federal agency has clearly communicated to City officials the exact number of children, nor information relating to their placement, or the location of their parent(s). Consulates for Mexico, Guatemala, Honduras, El Salvador, and Costa Rica have been working around the clock, with limited information from the federal government, to identify nationals whose families were impacted by the separation and ‘zero tolerance’ policies with goal of helping to reunify families.<sup>14</sup>

At the same time, immigration legal services providers in New York City are working closely with the ORR contracted facilities to help establish contact between parents and children, as well as screen the children for their legal immigration cases. Children are also screened for social services needs and referred to social workers and case managers, as appropriate.

On June 20, 2018, Mayor de Blasio visited the ORR contracted facility Cayuga Centers in East Harlem with the Commissioners of MOIA, and ACS, as well as a representative of the Department of Education, to ascertain the situation and meet with the children. Since then, more information has come to light about several of the other shelters and foster care agencies that have been contracted by ORR and are likely receiving separated children, but very little has been verified by the federal administration.

The *New York Times* estimates that roughly 300 children who were separated from their parents were placed in facilities in New York City.<sup>15</sup> Currently, 243 children are at Cayuga Center in East Harlem, with a smaller number of children at Catholic Guardian Services and Lutheran Social Services in the Bronx.<sup>16</sup> The children range in age from 9 months old to 17 years old.<sup>17</sup> According to representatives of ACS who have visited the sites, the children receive education, recreation, and health care services in the daytime at non-profit agencies that contract with the federal government to take in unaccompanied minors.<sup>18</sup>

While most of the separated children are living in foster homes around New York City, New York City’s Administration for Children’s Services (‘ACS’) has no oversight over the care of these children as their services are contracted through ORR.<sup>19</sup> Notably, all of these providers also hold contracts with the City, specifically have ACS, to care for children in the child welfare system.<sup>20</sup>

Due to the federal government’s lack of coordination with the City, ACS may not be informed on how or when the displaced children will be reunited with their families.<sup>21</sup> As a result ACS, which traditionally oversees foster care and foster homes related to child abuse and neglect, has offered to serve these children as needed.<sup>21</sup>

### *City Services Available to Separated Children*

On July 3, 2018, ACS, along with MOIA, DOHMH, and H+H, announced specific services New York City has begun providing the children including training for foster parents and staff at the non-profit agencies working with children, on how to work with young people who have suffered trauma.<sup>23</sup> The services the City is providing are open-ended, since it is not clear how long the separated children will be in New York City.<sup>24</sup> Other services mentioned include:

- On-site child and adolescent psychiatric consultation services;
- Expedited referrals and a 24-hour hotline for access to health care for children at public; hospitals citywide, through expedited referrals and a 24-hour hotline;
- Legal services;
- Parenting coaching for teenage mothers of infants, separated from their mothers at the border;
- Toys and art supplies and other recreational activities and outings; and
- Increased security through specialized NYPD patrols at day facilities and transportation between intake centers and foster homes.

The Committees look forward to hearing from ACS, DOHMH, H+H and MOIA about the details of these services, and how already existing programs, such as ThriveNYC and NYCwell, are being incorporated into the services made available for separated children.

#### *Family Separation as Immigration Policy*

Family separation as a tool to deter unlawful immigration existed long before the current federal administration. The idea stems from the questionable theory that undocumented immigrants will choose to self-deport and leave the U.S. if their life circumstances in the U.S. and/or detention becomes unbearable. The family separation that was seen at the Southern Border and ended by the EO is just one example of a larger system of family separation perpetrated by DHS. Immigration and Customs Enforcement (ICE) routinely conducts immigration arrests at private residences. Recently, ICE has increased their enforcement activities near houses of worship, hospitals, and schools. The separation of families or constant fear that, at any time, ICE could arrive at the home and arrest a loved one causes significant stress and trauma. Many experts believe that the continuous stress will likely have negative, long-term impacts on the health and resiliency of immigrant communities.

#### *Family Separation is a Public Health Issue*

Separating children from their families has significant health impacts on all those involved, and can have lifelong negative impacts on one's mental and physical health.<sup>22,23</sup> Changes in eating and sleeping, frequent crying, increased fear and anxiety, withdrawal, anger, and speech and developmental difficulties, such as regression and reversal of developmental milestones, are all potential consequences of exposing children to traumatic events and prolonged or toxic stress, including forced separation from a family member. In addition, toxic stress can increase the risk and frequency of infections in children because high levels of stress hormones suppress the body's immune system, and toxic stress is associated with damage to areas of the brain responsible for learning and memory.<sup>24</sup> Toxic stress may manifest as poor coping skills and stress management, unhealthy lifestyles, adoption of risky health behaviors, mental health issues, and physical conditions, such as obesity, diabetes, asthma, cancer, and post-traumatic stress disorder over a long period of time. Detaining children, even if only for a short period of time, deepens their exposure to high levels of psychiatric distress.<sup>25</sup>

In addition to causing new trauma, the act of separating a child from their parent(s) compounds any existing trauma and stress that families have endured in their home country, from which they are fleeing, and/or during their time traveling to the U.S. Many who present at the southern border in search of humanitarian relief have experienced or witnessed violence first-hand, as many families are fleeing their countries of origin because their lives are at risk.<sup>26</sup>

The children impacted by family separation and detention policies must receive timely and adequate medical care. *The New York Times* reported in late June 2018 that doctors face many challenges when treating children

who are separated from their parents.<sup>27</sup> At least 12 of the estimated 300 children in New York City have received care at an H+H facility. Since these children do not have their parents to assist them, doctors are subsequently left in the dark about their medical histories.<sup>28</sup> Furthermore, children who have experienced traumatic events generally seek or receive treatment once they are removed from the source of trauma. For these separated children who have been detained and who now reside in facilities or within foster care in New York City, this is not the case. Their trauma is ongoing.<sup>29</sup> Therefore, medical professionals are in a uniquely difficult position: treating children in the midst of their trauma, with no clear end in sight.

### **III. LEGISLATIVE ANALYSIS**

#### **Preconsidered Res. No. 459 (Rivera)**

Preconsidered Res. No. 459 (Rivera) calls on the U.S. Congress to pass, and the President to sign, the Keep Families Together Act (S. 3036), introduced by Sen. Feinstein (CA-D). The act would immediately stop the DHS from taking children from their parents at the U.S. border, except with express directive from a child welfare expert. The resolution also calls on Congress to pass and the President to sign additional legislation that would end family detention as an unsafe and harmful alternative.

### **IV. CONCLUSION**

The Committees hope this hearing will provide clarity on the circumstances in New York City and the continued service needs of children separated from their parents.

*Accordingly, this Committee recommends its adoption, as amended.*

**Whereas**, Cases of intruders entering K-12 schools and shooting students and staff have become more common and severe; and

**Whereas**, The deadliest mass shooting at a school in United States' history occurred on December 14, 2012 at Sandy Hook Elementary School in Newtown, Connecticut, where 20 children between 6 and 7 years old, as well as 6 adult staff members, were fatally shot; and

**Whereas**, More recently, on February 14, 2018, a mass shooting occurred at Marjory Stoneman Douglas High School in Parkland, Florida, where 17 people, 14 students and 3 teachers, were killed and 17 more were wounded, making it one of the world's deadliest school massacres; and

**Whereas**, In addition to active shooters, there are concerns that lax school security could allow those with criminal backgrounds, such as sex offenders, access to vulnerable children; and

**Whereas**, For those reasons, it is important to improve the monitoring of school visitors; and

**Whereas**, New York City public schools generally require all visitors to show identification and sign in at the front entrance before entering the school building; and

**Whereas**, However, there are electronic ID systems that can scan a visitor's ID and search a criminal database or sex offender registry and, if there are no matches, print out a visitor's badge; and

**Whereas**, Such electronic ID systems are already in use in schools in parts of the U.S., such as the Edwardsville, Illinois School District; and

**Whereas**, Given the importance of protecting the lives and safety of the City's public school children and staff; now, therefore, be it

**Resolved**, That the New York City Council calls upon the New York City Department of Education to use electronic ID systems that would determine criminal background of school visitors.

## Res. No. 456

**Resolution calling upon the New York State Legislature to pass and the Governor to sign A.2747, legislation to require motor vehicle and motor cycle tires and rims to bear a permanent serial number.**

By Council Members Cabrera and Yeger.

**Whereas**, Legislation has been introduced in the New York State Legislature by Assembly Member Michael Miller, A.2747, which would require motor vehicle and motor cycle tires and rims to bear a permanent serial number; and

**Whereas**, Due to the absence of serial numbers, police are unable to identify stolen tires and rims and return them to their rightful owners because they cannot be traced to any specific vehicle or owner; and

**Whereas**, Short of being caught red-handed in the act of stealing tires or rims, offenders cannot be prosecuted; and

**Whereas**, Tire and rim theft is a recurring problem in areas of New York City; and

**Whereas**, According to a December 12, 2017, Bronx News 12 report, police said that wheel thefts have been on the rise in areas of Riverdale in the Bronx, requiring police to increase patrols in marked and unmarked vehicles in an effort to thwart thefts; and

**Whereas,** According to an April 1, 2018, CBS local news report, a rash of stolen tires have been reported in the Queens neighborhoods of Astoria, Jackson Heights and East Elmhurst since February 2018, targeting newer Honda Accords, Acura MDXs and Toyota Camrys because of their stylized wheels; and

**Whereas,** A car can be stripped in a matter of minutes and preventative measures such as wheel locks are not always effective; and

**Whereas,** According to the sponsor of A.2747, requiring serial numbers on tires and rims is a common sense measure that would provide evidence for police to arrest and prosecute offenders; and

**Whereas,** Serial numbers on tires and rims may also serve as a theft deterrent that enhances security for drivers and car owners who wish to park their vehicles on New York City streets; now, therefore, be it

**Resolved,** That the Council of the City of New York calls upon the New York State Legislature to pass and the Governor to sign A.2747, legislation to require motor vehicle and motor cycle tires and rims to bear a permanent serial number.

Referred to the Committee on Transportation.

**Resolution calling upon the United States Senate to oppose the confirmation of President Donald Trump's nominee, Judge Brett Kavanaugh, to the United States Supreme Court.**

By Council Members Levine, Ayala, Rosenthal, Brannan, Powers, Kallos, Levin, Constantinides, Richards, Koslowitz, Reynoso, Williams, Rivera and Rodriguez.

**Whereas**, On June 27, 2018, Justice Anthony Kennedy announced his decision to retire from the United States (U.S.) Supreme Court, creating a vacancy on the country's highest court; and

**Whereas**, President Donald Trump has the power to nominate judges to the U.S. Supreme Court with advice and consent of the U.S. Senate under the Constitution; and

**Whereas**, On July 9, 2018, President Donald Trump nominated Brett Kavanaugh, a federal appeals court judge for the District of Columbia Circuit, to the U.S. Supreme Court to replace the retiring Justice Anthony Kennedy; and

**Whereas**, Brett Kavanaugh's decisions on the bench and writings off the bench offer insights into how he might make decisions on the highest court; and

**Whereas**, In *Garza v. Hargan (2017)*, Brett Kavanaugh sought to undercut women's reproductive rights, contending that an undocumented 17-year-old in immigration detention should not be allowed to seek an abortion unless she has a sponsor, but the full appeals court overturned his decision; and

**Whereas**, In *Priest of Life v. United States Department of Health and Human Services (2015)*, Brett Kavanaugh undermined women's health in the name of extreme religious ideology, arguing in his dissent that the Affordable Care Act's contraception coverage mandate infringes on religious liberty; and

**Whereas**, In a 2009 law review article, Brett Kavanaugh proposed that a sitting president should be exempt from criminal prosecution and investigation, which professes a dangerous level of unchecked executive authority; and

**Whereas**, In *PHH Corporation et al. v. Consumer Financial Prosecution Bureau (2016)*, Brett Kavanaugh expressed unfettered presidential control of an independent agency, arguing in his dissent that it is unconstitutional to give the director of the Consumer Financial Protection Bureau fixed 5 years term where s/he can only be removed for good cause since this gives the bureau too much independence from the president; and

**Whereas**, In *Heller v. District of Columbia (2011)*, Brett Kavanaugh held hostile views against gun control, claiming in his dissent that the Second Amendment included the right to own semi-automatic rifles, and the

government cannot ban semi-automatic rifles since they “have not traditionally been banned and are in common use by law-abiding citizens”; and

**Whereas**, Brett Kavanaugh frequently sided with corporations at the detriment of worker’s rights in his dissents, including *National Labor Relation Board v. CNN America, Inc. (2017)*, in which he claimed that CNN did not violate labor law since its hiring decision to replace union workers with non-union workers was not based on anti-union amicus, and *AGRI Processor Co Inc. v. National Labor Relation Board (2008)*, in which he argued that undocumented immigrants are not covered by the National Labor Relation Act since it is illegal to employ them, and therefore undocumented immigrants have little collective bargaining and unionization rights; and

**Whereas**, Brett Kavanaugh’s confirmation to the U.S. Supreme Court threatens to erode progress on women’s reproductive rights and healthcare protections, and undermine labor rights and gun control laws given his views on these critical issues; and

**Whereas**, The City of New York is a bastion of progressive causes, including healthcare protections, gun control, reproductive rights and labor rights; now, therefore, be it

**Resolved**, That the Council of the City of New York calls upon the United States Senate to oppose the confirmation of President Donald Trump’s nominee, Judge Brett Kavanaugh, to the United States Supreme Court.

## Preconsidered Res. No. 459

**Resolution calling on the U.S. Congress to pass, and the President to sign, the Keep Families Together Act (S. 3036), to immediately stop the Department of Homeland Security from taking children from their parents at the U.S. border, except with express directive from a child welfare expert, and for additional legislation that would end family detention as an unsafe and harmful alternative.**

By Council Members Rivera, the Speaker (Council Member Johnson), Ayala and Levin.

**Whereas**, On May 7, 2018, Attorney General Jeff Sessions announced a ‘Zero Tolerance’ initiative, whereby all adults apprehended for crossing the U.S. border unlawfully would be prosecuted for illegal entry, even if they attempt to seek asylum; and,

**Whereas**, This policy has resulted in thousands of children being separated from their parents when they arrive in the U.S. and detained while their parents face criminal charges for illegal entry; and,

**Whereas**, The Keep Families Together Act (Feinstein, CA-D) was developed in consultation with child welfare experts to ensure that the federal government is acting in the best interest of children; and,

**Whereas**, The bill would immediately stop the Department of Homeland Security from taking children from their parents at the U.S. border, except in the event that they are being trafficked or abused by their parents; and,

**Whereas**, The bill calls for an immediate review by a superior upon the recommendation to separate, and only after consultation with a child welfare expert; and,

**Whereas**, At a May 24, 2018 Senate Judiciary Committee hearing, Customs and Border Protection informed Senator Dianne Feinstein that 658 children were taken from 638 parents during a 14-day period in May, an average of 47 children being taken from their parents each day; and,

**Whereas**, On June 20, 2018, President Trump signed an Executive Order (‘E.O.’) that ended family separation at the border, by requiring parents to be detained with their children while being processed for illegal entry, if practicable; and,

**Whereas**, The E.O. fails to designate a reunification plan for children already separated from their parents, contains significant loopholes that may lead to continued separation where resources are lacking, and will invariably ensure that families remain in detention together for undetermined lengths of time; and,

**Whereas**, In the aftermath of the E.O., federal agencies including U.S. Customs Border Patrol (‘CBP’), the federal Office of Refugee Resettlement (‘ORR’) and the Department of Health and Human Services (‘DHHS’) were in disarray, finally activating the Emergency Management Group to reunify families on June 22, 2018 after extensive public outcry; and,

**Whereas**, Under the new E.O., more than 4,000 children could be detained with their families, based on current population flows; and,

**Whereas**, Both family separation and family detention policies unquestionably inflict trauma on the most vulnerable as the early years of a child’s life are critical for later life development outcomes; and,

**Whereas**, Traumatic events can cause toxic stress, which disrupts brain development and has long-term health consequences; and,

**Whereas**, The federal DHHS has stated that expedited family reunification is contingent on parents self-deporting and abandoning their pending asylum cases; and,

**Whereas**, DHHS has failed to maintain open communication between children and their parents, and continues to shield information from City officials and the public about the implementation of family reunification; and,

**Whereas**, The right to seek asylum is a legitimate and critical form of humanitarian relief enshrined in U.S. immigration law; and,

**Whereas**, Holding children hostage to deter individuals from seeking humanitarian relief from violence in their nations of origin is inhumane and shortsighted; and,

**Whereas**, Immigrants are integral to the U.S., and especially to New York City: making up nearly 38% of the city’s population, 45% of the city’s workforce and contributing \$195 billion to the city’s Gross Domestic Product in 2017; now, therefore, be it

**Resolved**, That the Council of the City of New York calls on the U.S. Congress to pass, the President to sign, the Keep Families Together Act (S. 3036), to immediately stop the Department of Homeland Security from taking children from their parents at the border, except with express directive from a child welfare expert, and for additional legislation that would end family detention as an unsafe and harmful alternative.

Adopted by the Council by voice-vote (preconsidered and approved by the Committee on Immigration).
