INVOCATION

The Invocation was delivered by Pastor Baylor Lee of the First Chinese Baptist Church located at 21 Pell Street, New York, NY 10013.

Let us bow down for prayer.
 We close our eyes in prayer so that our heart may see
 first our blind spots so that we may not stumble,
 our limitations so that we may be humble,
 but not discourage our accomplishments
 so that we may have hope in our great potentials.
 We will call upon the power greater than ourselves.
 For some, the holy one whom we worship in truth and spirit.
 For others, the forces of the universe and the very ground of our being.
 For still others the memories of our ancestors
 and the heroes of our celebration like Dr. Martin Luther King, Jr.
 who laid down his life to help set his people and us free
 like Dr. Mabel Lee who came to live and serve in Chinatown from 1900 to 1966.
 Keep our diverse communities from division and strife.
 Inspire us to by the example of our Latina Congresswoman
 whose office is across from Mabel's place where she died,
 who sponsored H.R. 4463 to dedicate
 the Mabel Lee Memorial Post Office on 6 Doyers Street.
 We pray that the same spirit of reaching out across cultural and ethnic aisles
 will keep us in check from the propensity of some leaders for hubris
 as well as Digital Goliath who seek to dominate.
 Resist them with little Davids from our communities.
 Yet our city does need these made in America giants.
 May they continue to seek to do good rather than to scheme to do harm we pray.
 We close with Reverend Dr. King's inspiring words on faith
 to take the first step even when we don't see the whole staircase.
 His word on hope to accept finite disappointment such as the Queens Project,
 but never lose infinite hope.
 He urges us to stick with love because hate is too great a burden to carry.
 Empower us with faith, hope, and love, we thus pray.
 Amen.

Council Member Chin moved to spread the Invocation in full upon the record.

REPORTS OF THE STANDING COMMITTEES

Report of the Committee on Environmental Protection

Report for Int. No. 268-A

Report of the Committee on Environmental Protection in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York, in relation to backflow prevention device reporting, and to repeal subdivision d of section 24-343.1 of the administrative code of the city of New York, relating to reporting on the installation of backflow prevention devices

The Committee on Environmental Protection, to which the annexed proposed amended local law was referred on January 31, 2018 (Minutes, page 458), respectfully

REPORTS:

I. INTRODUCTION

On February 25, 2019, the Committee on Environmental Protection, chaired by Council Member Costa Constantinides, will hold a hearing on Proposed Int. No. 268-A, which would improve transparency and efficiency in the installation of backflow devices and enforcement for failure to install backflow devices, Proposed Int. No. 424-A would require the city ensure that sewer segments causing a confirmed backup is inspected and cleaned within 10 calendar days of the confirmation; and Proposed Int. No. 425-A, would require the city to prepare a plan to prevent sewer system backups. The Committee previously held a hearing on these bills on June 25, 2018, and received testimony from the New York City Department of Environmental Protection (DEP), plumbing experts, and interested members of the public.

The Committee will also hear Res. No. 509, related to the United States Army Corps of Engineers' proposals made in the New York - New Jersey Harbor and Tributaries Coastal Storm Risk Management Feasibility Study. The Committee previously held a hearing on this resolution on October 22, 2018, and received testimony from the Mayor's Office of Recovery and Resiliency, the U.S. Army Corps of Engineers, environmental advocates, riverside community members and interested members of the public. More information about these bills is available with the materials for that hearing, which can be accessed online at <http://legistar.council.nyc.gov/>.

II. PROPOSED INT. NO. 268-A

Proposed Int. No. 268-A will require the DEP to submit an annual report to the Mayor and the Council on the number of backflow devices required, installed, and tested and the number of violations issued for failure to install a backflow device. The new provision would require the DEP to report annually on or before February 15, 2020, and on or before every February 15 thereafter, to the Council on: (1) the number of facilities and hazardous facilities estimated to require the installation of backflow prevention devices; (2) the number of such facilities in which backflow prevention devices have already been installed in the preceding calendar year; (3) the number of annual backflow prevention device test reports filed with DEP in the preceding calendar year; and (4) the number of violations issued for the failure to install a backflow prevention device and for the failure to file an annual backflow prevention device test report with DEP. This local law would take effect immediately.

III. PROPOSED INT. NO. 424-A

Proposed Int. No. 424-A would require the DEP Commissioner to ensure that where a sewer segment causing a confirmed backup is identified, that such segment is inspected and cleaned as necessary within 10 calendar days of the confirmation. This local law would take effect immediately.

IV. PROPOSED INT. NO. 425-A

Proposed Int. No. 425-A would require DEP to prepare a plan to prevent and reduce sewer backups, and to target recurring backups. As tree roots can also cause sewer backups, the proposed local law also requires DEP to review the tree root control strategies of other municipalities and, following the review, consider recommending tree root control strategies for private property owners. This local law would take effect 90 days after enactment.

V. RES. NO. 509

Res. No. 509 calls on the United States Army Corps of Engineers to reconsider the proposals made in the New York - New Jersey Harbor and Tributaries Coastal Storm Risk Management Feasibility Study (the Study) to consider sea rise in addition to storm surge. Four out of six of the proposals in the Study include in-water barriers throughout the New York Harbor. The in-water barriers are intended to protect against storm surge, the temporary sea level rise created by a coastal storm. However, storm surge barriers include restriction of tidal flow, contaminant and sediment transport, and migration of fish. The restricted tidal flow would prevent sewage and other contaminants from flushing to the ocean, creating more frequent algae blooms and also lower dissolved oxygen that is essential for aquatic life.

RE: Finance Committee Agenda of February 28, 2019 - Resolutions approving a tax exemption for four Land Use items (Council District 3, 5, 9 and 17)

Item 1: 241 West 111th Street

241 West 111th Street consists of one building with 19 units of cooperative housing in Central Harlem, Manhattan. The 19 units include two one-bedroom units, six three-bedroom units, five four-bedroom units, and six five-bedroom units.

The 241 West 111th Street Housing Development Fund Company, Inc. (“HDFC”) acquired the property from the City in 1985. In 2005, the HDFC executed a 30-year regulatory agreement with the Department of Housing Preservation and Development (“HPD”) as a part of a tax amnesty program, closed on a construction loan to rehabilitate the building, and applied for a J-51 property tax abatement. The J-51 benefits subsequently lapsed

after construction delays, rendering the HDFC's debt service on its construction loan unaffordable. The HDFC's construction is now winding to completion.

HPD is requesting that the Council approve a full, 40-year Article XI property tax exemption to help the HDFC support operations and debt service upon conversion of its construction debt into a permanent loan. HPD would enter into a new regulatory agreement, limiting the re-sale of the units to purchasers making below 120% Area Mean Income ("AMI").

Item 2: The Charlie West Condominium

The Charlie West Condominium at 505 West 43rd Street in Manhattan ("Charlie West") will be a newly constructed 15-story residential building containing 123 residential apartments, nine of which will be set-aside as affordable as part of the Voluntary Inclusionary Housing Program ("the Inclusionary Units"). The nine Inclusionary Units will consist of four one-bedroom and five two-bedroom apartments. The 113 market rate units will be sold as individual condominiums, with one reserved for the superintendent, while the nine Inclusionary Units will together be legally structured as a HDFC. Amenities will be located on the ground floor and will be accessible to both Inclusionary and market-rate units at no extra fee.

As part of the inclusionary housing program, the HDFC, the LLC, and HPD are entering into a regulatory agreement, ensuring that the nine Inclusionary Units will be sold only to households earning up to 80% of AMI. HPD is requesting that the Council approve a full, 40-year Article XI property tax exemption for the Inclusionary Units.

316 East 91st Street will be a newly constructed affordable housing project in Manhattan constructed as part of the Voluntary Inclusionary Housing Program. The project includes 18 residential rental units (inclusive of a superintendent's unit). The project will also include approximately 7,000 square feet of community facility space, to be occupied by a day care facility, on the cellar and ground floor level of the building. Upon completion, the project will be master-leased to Women In Need, Inc., a not-for-profit corporation focused on providing housing and supportive services for homeless families.

On October 26, 2016, ADHP HDFC acquired the property and 316 E 91 ST LLC became the beneficial owner and operates the property. The HDFC and the LLC financed the acquisition and construction of the project with a loan from a private lending institution. As part of the inclusionary housing program, the HDFC, the LLC, and HPD entered into regulatory agreement guaranteeing that the apartments would be rented to households earning up to 80% AMI. In order to facilitate the project, HPD is requesting that the Council approve a partial, 40-year Article XI property tax exemption.

Under the proposed project, BPR HDFC will acquire the property and BPR Development Corporation will be the beneficial owner and will operate the property. The HDFC and the Corporation will finance the

rehabilitation of the project with a loan from a private lending institution. The HDFC, the Corporation, and HPD will enter into a regulatory agreement ensuring that 15 units will be rented to households earning up to 60% of AMI, and that 15 units will be rented to 80% of AMI. The property currently receives an exemption from (but not an abatement of) property tax pursuant to Section 489 of the Real Property Tax Law (“J-51 Benefits”).

In order to ensure the continued affordability of the property, HPD is requesting a partial, 35-year Article XI exemption that will be reduced by an amount equal to any concurrent J-51 Benefits.

Report of the Committee on Housing and Buildings

Report for Int. No. 353-B

Report of the Committee on Housing and Buildings in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York, in relation to the provision of e-mail notifications for construction project status updates.

The Committee on Housing and Buildings, to which the annexed proposed amended local law was referred on January 31, 2018 (Minutes, page 540), respectfully

REPORTS:
Introduction

On February 26, 2019, the Committee on Housing and Buildings, chaired by Council Member Robert E. Cornegy, Jr., will hold a hearing on three bills: Proposed Int. No. 353-B, Proposed Int. No. 862-A and Int. No. 979. These bills were originally heard on October 16, 2018. More information about these bills is available with the materials for that hearing, which can be found at <https://on.nyc.gov/2NnwQJt>.

Proposed Int. No. 353-B

To facilitate the ability of interested individuals to easily access information about construction projects, Proposed Int. No. 353-B (Rosenthal) would require the Department of Buildings (DOB) to provide a service whereby users of its website can sign up to receive e-mail updates whenever a change in status is recorded in relation to selected construction projects.

This bill would take effect 180 days after becoming law.

Proposed Int. No. 862-A

In order to promote safety at construction sites and to ensure that construction ceases when there is evidence that work is occurring in violation of the law and the rules of DOB, Proposed Int. No. 862-A (Vallone) would amend the administrative code to allow DOB to issue stop work orders when a notice to revoke a permit is issued.

This bill would take effect 180 days after becoming law.

Int. No. 979

Local Law 67 of 2018 requires the Department of Housing Preservation and Development (HPD) to enter into a regulatory agreement with a community land trust that applies for the regulatory agreement and meets certain criteria. In an effort to provide HPD with more flexibility in pursuing a partnership with a community land trust, Int. No. 979 (Richards) would make HPD's decision to enter into a regulatory agreement with a given community land trust discretionary.

This bill would take effect immediately and be retroactive to May 19, 2018.

WHEREAS, by Executive Order No. 25, dated August 23, 1995, the Mayor has designated the New York City Department of Transportation (DOT) as the responsible agency for the granting of franchises for bus lines; and

WHEREAS, pursuant to Section 363 of the New York City Charter, (Charter) the Commissioner of DOT (Commissioner) has made the initial determination of the need for a non-exclusive franchise for bus lines providing common carrier service to passengers along designated routes, between the boroughs of Staten Island and Manhattan (Bus Service) in the City of New York; and

WHEREAS, the Council has determined that the granting of such non-exclusive franchise will promote the public interest, and enhance the health, welfare and safety of the public and the City's transportation network; and

WHEREAS, it is necessary to provide for the preparation of a solicitation for such Bus Service, to conduct appropriate environmental review, to review proposals to provide Bus Service, and to make such technical evaluations as may be necessary to determine appropriate service levels, and fare structures;

NOW THEREFORE, BE IT RESOLVED,

That the Council hereby authorizes DOT to grant a non-exclusive franchise for bus lines providing common carrier service to passengers along designated routes, between the boroughs of Staten Island and Manhattan, in the City of New York provided that such non-exclusive franchise shall be subject to the approval of the Franchise and Concession Review Committee (FCRC) and the separate and additional approval of the Mayor. The authorization to grant a non-exclusive franchise pursuant to this Resolution shall expire on the fifth anniversary of the date on which this Resolution is adopted by the City Council (Expiration Date). No franchise shall be granted pursuant to this Resolution by DOT, nor approved by the FCRC or the Mayor, after the Expiration Date;

AND BE IT FURTHER RESOLVED,

FIRST, that there shall be one uniform maximum fare for the Bus Service. The appropriate maximum fare shall be included in the solicitation and the franchise agreement. With regard to the uniform maximum fare, DOT may request from the FCRC a modification to any franchise agreement authorized by this Resolution changing the uniform maximum fare. Any franchise agreement for Bus Service shall specify that upon the approval of the FCRC of any such proposed change, the franchise agreement shall be deemed to be modified to provide for the revised maximum fare;

SECOND, that prior to the granting of any such non-exclusive franchise, one or more Requests For Proposal (“RFP”) shall be issued by DOT for each route or group of routes. DOT may group routes in such a way as to maximize potential efficiencies, increase competition, and/or increase revenue. Prior to issuing any such solicitation, environmental and land use review, if necessary, shall be conducted in accordance with City Environmental Quality Review and Section 197c of the Charter. Upon request of the City, a proposed franchisee shall, as a condition of receiving a franchise, assume the cost of, or reimburse the City for, the City's costs of any such environmental or land use review or shall provide for the conduct of such review itself, at its own cost;

THIRD, the franchisee operating service pursuant to this Resolution may receive funding from the State of New York through the City or, if such funds are not available, may receive funding directly from the City;

FOURTH, the evaluation criteria to be used in assessing the responses to such RFPs shall be the following:

- (1) An assessment of the relative fitness of the respondents with regard to:
 - a. experience operating bus or other transportation services in New York City or other urban environments;
 - b. demonstrated ability in the management of bus or other transportation service, including, without limitation, satisfactory performance on:
 - i. service indicators (*e.g.*, percentage of scheduled service actually operated, adherence to published schedules, interruptions to service resulting from mechanical failures, vehicle cleanliness, and handling of customer inquiries), and
 - ii. management indicators, (*e.g.*, employee absentee rates, number of vehicular accidents, training programs, adherence to inspection, insurance, driver training, and safety requirements, and bus scheduling efficiency and effectiveness);
 - c. business integrity and financial soundness, including without limitation adequate access to sources of operating capital and the demonstrated ability to adequately maintain books and records;

- (2) the amount of franchise fee proposed and the amount of service proposed.

FIFTH, initial schedules need to be specified in the RFP only to the extent that the level of service must be specified for purposes of completing an environmental review, as appropriate;

SIXTH, that any non-exclusive franchise granted pursuant to this Authorizing Resolution shall be by written agreement that shall without limitation, provide that:

- (1) the term of the franchise shall be fixed and shall be in accordance with the terms of the solicitation pursuant to which it was issued. A franchise may contain a renewal clause, however, in no case shall the term of a franchise, including all renewal periods, exceed twenty-five (25) years;
- (2) the compensation, if any, to be paid to the City shall be fixed as a percentage of the gross revenues, cash or non-cash, derived by the franchisee from any source, in any manner, either directly or indirectly arising from or related to the operation of the Bus Service described in the franchise. Such compensation shall not be considered in any manner to be in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description which are now or may at any time hereafter be required to be paid pursuant to any local law of the City or any law of the State of New York; or any law of the federal government;
- (3) the maximum fare shall be the uniform maximum fare for such service set by DOT, as such may be from time to time amended by DOT upon request to and approval by the FCRC;
- (4) the franchisee may be required to maintain integrated or reduced fare programs, the requirements for which shall be contained in the appropriate solicitation documents and franchise agreement;
- (5) the franchise may be terminated or canceled by the Commissioner in the event of the franchisee's failure to comply with the material terms and conditions of the agreement;
- (6) there shall be remedies, including liquidated damages, to protect the City's interests in the event of the franchisee's failure to comply with the terms and conditions of the agreement;
- (7) a security fund or other appropriate method shall be established to insure the performance of the franchisee's obligations under the agreement;
- (8) the franchise may permit or require advertising in the interior and/or exterior of buses; provided however, that advertising which is false or misleading, which promotes unlawful or illegal goods, services or activities, or which is otherwise unlawful, including but not limited to advertising that constitutes the public display of offensive sexual material in violation of Penal Law Section 245.11, shall be prohibited. In addition, advertising related to tobacco products and electronic cigarettes shall also be prohibited;
- (9) there shall be provisions regulating the technical specifications of bus equipment used to provide authorized Bus Service;
- (10) there shall be provisions to ensure adequate oversight and regulation of the franchisee by the City, including adherence to standards of performance and guidelines for service;
- (11) the City shall have the right at all times to inspect the facilities, service and equipment used by the franchisee and to order compliance with operational requirements and performance standards set forth in the agreement;
- (12) there shall be adequate insurance and indemnification requirements to protect the interests of the public and the City;
- (13) the franchisee shall be required to maintain complete and accurate books of account and records in compliance with any and all specific requirements for recordkeeping as shall be established by DOT. Such books and records shall be made available on demand to the City for inspection;
- (14) the franchisee shall be required to maintain an office in the City of New York;
- (15) there shall be provisions containing the agreements required pursuant to paragraph 6 of subdivision (h) of Section 363 of the Charter relating to collective bargaining and other matters;

- (16) there shall be provisions requiring the franchisee to comply with applicable City laws, regulations and policies related to, but not limited to employment and investigation;
- (17) there shall be provisions requiring the franchisee to comply with all applicable federal, state, and local laws whatsoever, including those relating to accessibility for persons with disabilities;
- (18) there shall be provisions to restrict the subcontracting, assignment or other transfer of the franchise or portions thereof, without the prior written consent of the City and provisions to restrict changes in control of the carrier without the prior written consent of the City;
- (19) the franchisee, with the exception of public transportation authorities, shall submit to the City's Procurement and Sourcing Solutions Portal (PASSPort) review;
- (20) the franchisee shall obtain all necessary authorizations, licenses, and/or permits from and comply with all applicable provisions of the New York State Vehicle and Traffic Law, and all applicable rules of the New York State Department of Motor Vehicles, the New York State Department of Transportation and any other governmental body having jurisdiction over bus operations;
- (21) the franchisee shall at all times maintain on file with DOT a complete, accurate, and current schedule of service, which will constitute an appendix to the agreement(s) and shall be fully part of the agreement(s);
- (22) for Bus Service pursuant to this Authorizing Resolution, written notification shall be given to the Commissioner not less than thirty days prior to any modification of the weekly scheduled vehicle revenue miles or change to the span of service of any route, provided, however, that the Commissioner may waive such notice requirement in the case of special events or other short-term contingencies where he/she deems it in the public interest to do so. Any changes in the number of weekly scheduled vehicle revenue miles on any route that **exceed** twenty-five percent (25%) or changes in the span of service of greater than four hours of any given route, either cumulatively within a three year period or singly, must receive the prior written approval of the Commissioner, a copy of which shall be sent to the FCRC;
- (23) there may be provisions for free reciprocal transfer privileges between routes operated by the franchisee and intersecting surface routes of the Metropolitan Transportation Authority New York City Transit ("MTA NYCT"), the Manhattan and Bronx Surface Transit Operating Authority ("MABSTOA"), and the MTA Bus Company (together "the Operators"), and in addition with the franchisee's own intersecting routes . To the extent that such reciprocal transfer privileges require the agreement of the Operators, the franchisee shall take all reasonable steps to obtain such agreement and DOT shall assist the franchisee in obtaining such agreement.

SEVENTH, the streets comprising the route over which franchised Bus Service will be provided shall be described in the RFP and included in the franchise agreement. All changes to the routes or those streets must receive the prior written approval of the Commissioner before such change may be implemented. Where such changes to that route or those streets, either cumulatively within a three year period or singly, represent twenty-five percent (25%) or less of the total mileage of the route, a copy of the Commissioner's approval shall be sent to the FCRC for its information; where such changes to that route or those streets, either cumulatively within a three year period or singly, represent more than twenty-five percent (25%) of the total mileage of the route the written approval of the Commissioner shall be submitted to the FCRC for its additional approval prior to the implementation thereof.

And be it further **RESOLVED**, that DOT shall file with the Council the following documents:

- (1) within fifteen (15) days of issuance, a copy of each RFP issued pursuant to this Resolution;

Report of the Committee on Sanitation and Solid Waste Management

Report for Int. No. 1329-A

Report of the Committee on Sanitation and Solid Waste Management in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York, in relation to trade waste industry labor unions.

The Committee on Sanitation and Solid Waste Management, to which the annexed proposed amended local law was referred on January 9, 2019 (Minutes, page 89), respectfully

REPORTS:

I. Introduction

On February 27, 2019, the Committee on Sanitation and Solid Waste Management (the "Committee") will hold a second hearing on Proposed Int. No. 1329-A, Proposed Int. No. 1373-A, and Proposed Int. No. 1368-A. On January 29, 2019, the Committee, chaired by Council Member Antonio Reynoso, held a first hearing on Int. No. 1329, a local law to amend the administrative code of the city of New York, in relation to trade waste industry labor unions, Int. No 1373, a local law to amend the administrative code of the city of New York, in relation to referral of labor and wage violations, and Int. No. 1368, a local law to amend the administrative code of the city of New York, in relation to providing information to private sanitation employees. The Committee heard testimony from the Business Integrity Commission (BIC), private carters, union representatives, and interested members of the public.

II. Background

The basic rights of private sector employees to organize into trade unions are guaranteed and regulated by the National Labor Relations Act (NLRA) passed in 1935.¹ Federal law protects the rights of workers to choose their own union and prohibits employers from interfering with that choice.² Workers do not always understand that these rights are protected by federal law.³

There have been reports in the private carting industry of “independent,” “sham,” or “company” unions.⁴ These unions work with employers instead of employees, securing low wages, low safety standards and poor benefits for the union members.⁵ Workers at some of these companies report never having heard of their so-called union or rarely interacting with union representatives.⁶

III. Legislation

Below is a brief summary of the legislation being heard by the Committee at this hearing. This summary is intended for informational purposes only and does not substitute for legal counsel. For more detailed information, you should review the full text of the bill, which is attached below.

Proposed Int. No. 1329-A

Proposed Int. No. 1329-A would give BIC the authority to regulate labor unions that seek to represent employees directly involved in the collection, removal, transportation or disposal of trade waste. This bill would also give BIC the authority to issue and establish standards for the registration of these labor unions.

This bill would also mandate that labor unions regulated by BIC register and disclose information to BIC, including the names of all officers and agents of the unions. The registration requirement would not apply to labor unions for clerical or other office workers, or affiliated national or international labor unions of local labor unions. The registration would be valid for a period of five years.

Proposed Int. No. 1329-A would mandate that an officer of a labor union or labor organization inform BIC of all criminal convictions, pending civil or criminal actions to which the officer is a party, and any criminal or civil investigation in the five year period preceding the date of registration wherein the officer has been the subject of the investigation or received a subpoena to produce documents or information in connection with the investigation. This bill would also allow BIC to fingerprint the officer if they have reasonable cause to believe the officer lacks good character, honesty and integrity.

This bill would also give BIC the authority to disqualify an officer of a labor union or labor organization from holding office when such person has failed to be fingerprinted or provide truthful information, is subject of a pending indictment or criminal action if the crime is directly related to the trade waste industry, has been convicted of a crime which is directly related to the trade waste industry, has been convicted of racketeering activity or is associated with someone who has been convicted of racketeering activity, or has associated with any member or associate of an organized crime group. Proposed Int. No. 1329-A would take effect 120 days after it becomes law.

Proposed Int. No. 1373-A

Proposed Int. No. 1373-A would mandate that the Chair of BIC inform an appropriate state or federal agency if there is reason to believe that a licensee or registrant of BIC has engaged or is engaging in actions

Proposed Int. No. 1368-A

Proposed Int. No. 1368-A would mandate that the Chair of BIC post information on the BIC website about the rights of employees of businesses that are registered or licensed by BIC. (iii) any criminal or civil investigation by a federal, state, or local prosecutorial agency, investigative agency or regulatory agency, in the five-year period preceding the date of registration pursuant to subdivision c of this section and at any time subsequent to such registration, wherein such officer has (A) been the subject of such investigation, or (B) received a subpoena requiring the production of documents or information in connection with such investigation. Any material change in the information reported pursuant to this subdivision shall be reported to the commission within 10 business days thereof. If the commission has reasonable cause to believe that such an officer lacks good character, honesty and integrity, it may require that such officer be fingerprinted by a person designated by the commission for such purpose and pay a fee to be submitted to the division of criminal justice services and/or the federal bureau of investigation for the purpose of obtaining criminal history records.

§ 5. Section 16-506 of the administrative code of the city of New York, as added by local law number 42 for the year 1996, is amended to read as follows:

§ 16-506 Term and fee for license or registration. a. [A] Except as provided in subdivision b of this section, a license or registration issued pursuant to this chapter shall be valid for a period of two years.

b. A labor union or labor organization registration issued pursuant to this chapter shall be valid for a period of five years.

c. The commission shall promulgate rules establishing the fee for any license or registration required by this chapter. Such rules may provide for a fee to be charged for each vehicle in excess of one that will transport waste pursuant to such license and for each such vehicle operated pursuant to such registration.

§ 6. Section 16-509 of the administrative code of the city of New York, as amended by local law number 56 for the year 2015, is amended by adding new subdivisions g, h, i, j, and k to read as follows:

g. The commission may, after notice and the opportunity to be heard, disqualify an officer of a labor union or labor organization from holding office when such person: (i) has failed, by the date prescribed by the commission, to be fingerprinted or to provide truthful information in connection with the reporting requirements of subdivisions c and d of section 16-505; (ii) is the subject of a pending indictment or criminal action against such officer for a crime which bears a direct relationship to the trade waste industry, in which case the commission may defer a determination until a decision has been reached by the court before which

such action is pending; (iii) has been convicted of a crime which, under the standards set forth in article 23-A of the correction law, bears a direct relationship to the trade waste industry, in which case the commission shall also consider the bearing, if any, that the criminal offense or offenses will have on the fitness of the officer to perform his or her responsibilities, the time which has elapsed since the occurrence of the criminal offense or offenses; the seriousness of the offense or offenses, and any information produced by the person, or produced on his or her behalf, in regard to his or her rehabilitation or good conduct; (iv) has been convicted of a racketeering activity or associated with a person who has been convicted of a racketeering activity, including but not limited to the offenses listed in subdivision one of section nineteen hundred sixty-one of the Racketeer Influenced and Corrupt Organizations statute (18 U.S.C. § 1961, et seq.) or of an offense listed in subdivision one of section 460.10 of the penal law, as such statutes may be amended from time to time, when the officer knew or should have known of such conviction; or (v) has associated with any member or associate of an organized crime group, as identified by a federal, state or city law enforcement or investigative agency, when the officer knew or should have known of the organized crime associations of such person. An officer required to disclose information pursuant to subdivisions c and d of section 16-505 may submit to the commission any material or explanation which such officer believes demonstrates that such information does not reflect adversely upon the officer's good character, honesty and integrity. If the commission determines pursuant to this subdivision that there are sufficient grounds to disqualify a person from holding office in a labor union or labor organization, the commission shall suspend such person from holding office pending a final determination and, in the event such person is disqualified, such suspension shall continue pending resignation or vacatur of or removal from office.

h. Upon written request of a person suspended pursuant to subdivision g of this section within 10 business days of the commission's determination, the director of the office of collective bargaining shall prepare a list of the names of the first fifteen arbitrators selected at random from the roster of arbitrators approved by the office of collective bargaining and present the first five names on such list to the suspended person and the commission. Within alternating periods of five business days the suspended person and then the commission shall each strike a name from the list of selected arbitrators. If the parties cannot within two additional business days jointly appoint an arbitrator from those remaining on the list, the suspended person and then the commission shall within alternating periods of two business days each strike an additional name from the list. The remaining arbitrator shall then be appointed as the arbitrator for that proceeding and shall establish a schedule for such proceeding. In the event that such arbitrator declines the appointment or for any reason is unable to accept the appointment, then the director of the office of collective bargaining shall within five business days present to the suspended person and the commission the next five names on the list of arbitrators previously selected at random and the procedures set forth in this subdivision for appointing an arbitrator shall be applied to this second group. In the event that the arbitrator appointed from this second group declines the appointment or for any reason is unable to accept the appointment, then the director of the office of collective bargaining shall present the remaining five names from the list of arbitrators selected at random and the suspended person shall select an arbitrator from such group. Such arbitrator shall make a final report and recommendations in writing concerning the disqualification. The commission shall accept such report and recommendations and issue its final determination consistent with such report and recommendations. In the event that the suspended person does not make a request for arbitration within the ten business-day period, he or she shall be disqualified from holding office.

i. Upon receiving a final determination from the commission pursuant to subdivision h disqualifying a person from holding office in a labor union or labor organization, such person shall resign or vacate such office within fourteen business days or, if such person fails to resign or vacate such office within such time period, such union or organization shall remove such person forthwith from such office. Failure of such a person to resign or vacate office within such time period shall subject such person to the penalties set forth in section 16-515. Nothing in this section shall be construed to authorize the commission to disqualify a labor union or labor organization from representing or seeking to represent employees of a business required to be licensed or registered pursuant to section 16-505.

j. In reaching a determination to fingerprint an officer of a labor union or labor organization pursuant to subdivision d of section 16-505 or to suspend or disqualify such an officer pursuant to subdivisions g and h of this section, the commission shall give substantial weight to the results of any investigation conducted by an independent investigator, monitor, trustee or other person or body charged with the investigation or oversight

of such labor union or labor organization, including whether such investigation has failed to return charges against such officer.

k. Notwithstanding any other provision of this chapter to the contrary, the provisions of this section shall apply to any labor union or labor organization representing or seeking to represent employees of businesses required to be licensed or registered pursuant to this chapter.

§ 7. This local law takes effect 120 days after it becomes law, except that the business integrity commission may take such measures as are necessary for the implementation of this local law, including the promulgation of rules, before such date.

Accordingly, this Committee recommends its adoption.

(The following is the text of Res. No. 509:)

Res. No. 509

Resolution calling on the United States Army Corps of Engineers to reconsider the proposals made in the New York – New Jersey Harbor and Tributaries Coastal Storm Risk Management Feasibility Study pursuant to the National Environmental Policy Act (NEPA) to consider sea rise in addition to storm surge.

By Council Members Constantinides, Koslowitz, Chin, Gjonaj and Treyger.

Whereas, In 2012, coastal storm Sandy ravaged the New York City metropolitan area causing 60 fatalities and damaging significant resources throughout the area; and

Whereas, As a result of Sandy New York City was left without power, with damaged critical public and private infrastructure, and many New York City residents had limited access to food, drinking water and healthcare; and **Whereas**, The storm inflicted an estimated \$19 billion in damages and lost economic activity across New York City; and

Whereas, Coastal flooding and storm surge remain a significant risk six years later and present a threat with deadly consequences for people and wildlife; and

Whereas, The New York City metropolitan area has a gross metropolitan product of over \$1.66 trillion and there was a \$15 billion federal investment in post-hurricane Sandy recovery and resilience projects; and

Whereas, The United States Army Corps of Engineers (Army Corps), working with the New Jersey Department of Environmental Protection and the New York State Department of Environmental Conservation, in partnership with the New York City Mayor’s Office of Recovery and Resiliency, have proposed to develop measures to manage the risk of coastal storm damage in the New York City metropolitan area; and

Whereas, The Army Corps plans to address coastal risk management focusing primarily on the creation of surge barriers, flood walls and levee systems that do not address sea level rise; and

Whereas, The coastal risk management feasibility study acknowledges that no coastal risk management project can eliminate the risk of flooding and that given time each design will eventually be exceeded; and

Whereas, The Army Corps feasibility study focuses on a number of options which involve the construction of large permanent in-water barriers that could result in adverse impacts to the New York and New Jersey harbor ecology; and

Whereas, Sea level is rising along the East Coast of the United States faster than it has risen for the last 2,000 years, is accelerating in pace, and could rise by one to two meters this century, threatening millions of Americans with severe flooding; and

Whereas, The New York New Jersey Harbor and Tributaries Coastal Risk Management Feasibility Study does not include an evaluation of the impact of sea level rise on the study area; and

Whereas, The New York City panel on climate change has predicted that sea level will rise at least a foot by 2050 and possibly more; and

Whereas, Local environmentalists have voiced concerns that the Army Corps needs to do a more thorough review of the environmental impacts of each alternative measure and allow for more meaningful public input and participation; and

Whereas, The information provided in the study’s scope of work does not give the public sufficient ability to comment on the program design, including the frequency and duration of barrier closures, the barrier heights or the reliance on risk-based assessment; and

Whereas, The extremely large in-water barriers and gates that will close or open for shipping fail to protect New York City and the surrounding communities against sea level rise; and

Whereas, These huge barriers are likely to restrict the migration of striped bass, Atlantic sturgeon, herring, shad, eel and other species important to the Hudson estuary; and

Whereas, These storm surge barriers would also restrict natural flushing from the ocean and inhibit free water movement along the length of the Hudson and its estuary, causing contamination to once again be concentrated in New York Harbor; now, therefore, be it

Resolution calling on the New York State Legislature to pass, and the Governor to sign, legislation that would increase poll worker pay to at least the New York State minimum wage, and for the Mayor of the City of New York to raise the poll worker pay for New York City poll workers to the City's minimum wage of \$15 per hour by January 2019.

By Council Members Cabrera, Powers, Brannan and Koslowitz.

Whereas, Poll workers are currently required to report to polling locations at 5AM and remain until after the polls close at 9PM, the poll site votes are tallied, all equipment is put away and the police officer assigned onsite retains possession of the tally; and

Whereas, This translates into at least a sixteen hour work day for poll workers on Election Day; and

Whereas, Poll worker pay is set in the New York State Election Law § 3-420(1) as a per diem minimum of \$130 for election inspectors and \$200 for election coordinators; and

Whereas, Poll worker pay for mandatory training is set out in New York State Election Law § 3-420(2) as a minimum of \$25 for each training meeting regardless of length; and

Whereas, Poll worker pay in New York City was last increased by Mayor Giuliani in 2001 to \$200 per day for election inspectors and \$300 per day for election coordinators, respectively; and

Whereas, The 2001 increase often translates to less than the New York City minimum wage, as shifts vary from sixteen to eighteen hours; and

Whereas, The New York State minimum wage in 2018 is \$10.40 per hour, and the New York City minimum wage is \$13 per hour currently and will be \$15 per hour after December 31, 2018 for employers with more than 11 employees; and

Whereas, The New York City Board of Elections trained 62,949 poll workers in 2017; and

Whereas, Poll workers should be compensated for the critical value of their service; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to pass, and the Governor to sign, legislation that would increase poll worker pay to at least the New York State minimum wage, and for the Mayor of the City of New York to raise the poll worker pay for New York City poll workers to the City's minimum wage of \$15 per hour by January 2019.

§ 4. Paragraphs 1, 3, 5 and 6 of subdivision i of section 6-129 of the administrative code of the city of New York, as amended by local law 1 for the year 2013, and paragraph 2 of such subdivision, as added by local law number 129 for the year 2005, are amended to read as follows:

(1) Prior to issuing the solicitation of bids or proposals for individual contracts *that present opportunities for participation by certified firms*, agencies shall establish participation goals for MBEs, WBEs and/or EBEs. Such goals may be greater than, less than or the same as the relevant citywide goal or goals established pursuant to subdivision d of this section. Taking into account the factors listed in this subdivision, an agency may establish a goal for a procurement that may be achieved by a combination of prime contract and subcontract dollars, *and/or* a combination of construction and services performed *by a contractor or subcontractor* pursuant to the contract, and/or a combination of MBEs, WBEs and/or EBEs. [Alternatively, an] *An* agency may establish specific goals for particular types of *goods* or services *to be provided by the prime contractor or subcontractors*, and/or goals for particular types of certified firms. In determining the participation goals for a particular contract, an agency shall consider the following factors:

(a) the scope of work;

(b) the availability of MBEs, WBEs and EBEs able to perform the particular tasks required in the contract;

(c) the extent to which the type and scale of work involved in the contract present prime contracting and subcontracting opportunities for amounts within the capacity of MBEs, WBEs and EBEs;

(d) the agency's progress to date toward meeting its annual participation goals through race-neutral, gender-neutral and other means, and the agency's expectations as to the effect such methods will have on participation of MBEs, WBEs and EBEs in the agency's future contracts; and

(e) any other factors the contracting agency deems relevant.

(2) A contracting agency shall not be required to establish participation goals [for]

[(i)](a) for procurements described in subdivision q of this section; [or]

[(ii)](b) when the agency has already attained the relevant goal in its annual utilization plan, or expects that it will attain such goal without the use of such participation goals; *or*

[(iii)](c) *for a procurement to be made in a year for which the director determines that the city has already attained the relevant goal for the industry as set forth in subdivision d of this section.*

(3) (a) For each contract in which a contracting agency has established participation goals, such agency shall state in the solicitation for such contract that bidders and/or proposers shall be required to agree as a material term of the contract that the contractor shall meet the participation goals unless such goals are waived or modified by the agency in accordance with this section.

(b) A contractor that is an MBE, WBE or EBE shall be permitted to count its own participation toward fulfillment of the relevant participation goal, provided that the value of such a contractor's participation shall be determined by subtracting from the total value of the contract any amounts that the contractor pays to direct subcontractors.

(c) A contractor that is a qualified joint venture shall be permitted to count a percentage of its own participation toward fulfillment of the relevant participation goal. The value of such a contractor's participation shall be determined by subtracting from the total value of the contract any amounts that the contractor pays to direct subcontractors, and then multiplying the remainder by the percentage to be applied to total profit to determine the amount to which an MBE, WBE or EBE is entitled pursuant to the joint venture agreement. Notwithstanding any provision of this paragraph to the contrary, a contractor's achievement of participation goals shall be determined as described in paragraph two of subdivision j of this section.

(d) *Where the agency chief contracting officer determines that it is practicable in light of the nature of goods or services being procured and the expected duration of the contract, a contracting agency shall require bidders or proposers to identify in their bids the MBEs, WBEs or EBEs they intend to use in connection with the performance of the contract, including their names, addresses and telephone numbers, and require that any substitutions may only be made with the approval of the contracting agency.*

(5) For each contract for which participation goals are established, the contractor shall be required to submit with its bid or proposal a contractor utilization plan indicating:

(a) whether the contractor is an MBE, WBE, EBE, or a qualified joint venture;

(b) the percentage of work it intends to award to direct subcontractors; [and]

(c) in cases where the contractor intends to award direct subcontracts, a description of the type and dollar value of work designated for participation by MBEs, WBEs and/or EBEs, and the time frames in which such work is scheduled to begin and end; *and*

(d) *if required by the contracting agency pursuant to subparagraph d of paragraph 3 of this subdivision, the identity of the MBEs, WBEs or EBEs the contractor intends to use in connection with the contractor's performance of the contract, including their names, addresses and telephone numbers.*

When the contractor utilization plan indicates that the bidder or proposer does not intend to meet the participation goals, the bid or proposal shall not be deemed responsive unless the agency has granted a pre-award request for change pursuant to paragraph 11 of this subdivision.

(6) (a) For each contract for which a contractor utilization plan has been submitted, the contracting agency shall require that within thirty days of the issuance of notice to proceed, and at least [once] *twice* per year thereafter, the contractor submit a list of persons to which it intends to award subcontracts within the next twelve months. In the event that a contracting agency disapproves a contractor's selection of a subcontractor or subcontractors, the contracting agency shall allow such contractor a reasonable time to propose alternate subcontractors.

(b) The contracting agency may also require the contractor to report periodically about the contracts awarded by its direct subcontractors to indirect subcontractors.

§ 5. Clause (iii) of subparagraph a of paragraph 12 of subdivision i of section 6-129 of the administrative code of the city of New York, as amended by local law 1 for the year 2013, is amended to read as follows:

Where such a contractor has paid or is obligated to pay a direct [contractor] *subcontractor* that is both an MBE and a WBE, such amount shall be credited toward the relevant goal for MBEs or the goal for WBEs.

Resolution declaring January 17th as Muhammad Ali Day in the city of New York.

By Council Members Eugene and Holden.

Whereas, Muhammad Ali, born Cassius Marcellus Clay Jr., was born on January 17, 1942 in Louisville, Kentucky; and

Whereas, Muhammad Ali was a historically great boxer, accumulating a record of 56 wins and five losses including 37 knockouts, a gold medal in the 1960 Olympic Games, and multiple world heavyweight titles and successful title defenses; and

Whereas, Muhammad Ali was a powerful voice against racial inequality and injustice by boldly speaking his mind and unapologetically stating his personal opinions, including the famous phrase “black is beautiful”, unheard of at the time for black men; and

Whereas, Muhammad Ali’s conscientious objection to being drafted for the Vietnam War marked a turning point for civil rights movements across the United States and further increased his status as a voice for civil rights; and

Whereas, In 2005 Muhammad Ali was awarded the Presidential Medal of Freedom for his work as a cultural figure and activist; and

Whereas, Muhammad Ali was a leading advocate for individuals suffering from Parkinson’s disease after contracting the illness himself, sharing his personal struggles with the disease and attracting unprecedented attention and funding for Parkinson’s disease until ultimately passing away from it on June 3, 2016; and

Whereas, Muhammad Ali was named both the BBC’s and Sports Illustrated’s “Sportsman of the Century” in 1999; and

Whereas, Muhammad Ali holds unique significance in New York City, training for his first and historic heavyweight championship title against heavy favorite Sonny Liston at Gleason’s Gym in the Bronx; and

Whereas, Muhammad Ali fought historic bouts such as “The Fight of the Century” in venues across New York City, including Madison Square Garden and Yankee Stadium; and

Whereas, Muhammad Ali conducted many of his philanthropic efforts in Harlem and in fundraisers all across New York City, frequently donating money and inviting schools to watch his matches; and

Whereas, The declaration of January 17th as Muhammad Ali day will remind Americans of valuable history and the state of our society, as well as celebrate and commemorate a man who was and continues to be a role model and icon for New Yorkers; now, therefore, be it

Resolved, That the Council of the City of New York declares January 17th as Muhammad Ali Day in the city of New York

c. Whenever the department shall determine that a sidewalk flag should be installed, constructed, reconstructed, or repaved, or that a vacant lot should be fenced, or a sunken lot filled or a raised lot cut down, it may order the owner of the property abutting on such sidewalk flag or the owner of such vacant, sunken or raised lot by issuing a violation order to perform such work. Such order shall provide a detailed explanation of the inspection and the sidewalk defects according to sidewalk flags including a detailed diagram of the property and defects by type. *Prior to issuing an order requiring an owner to install, construct, reconstruct or repave a sidewalk flag, the department shall first determine whether the department of parks and recreation has included such flag in a program by which the department of parks and recreation repairs, reconstructs or repaves sidewalk flags due to damage caused by a street tree under the jurisdiction of the department of parks and recreation, and the order shall note which sidewalk flags the department of parks and recreation has included in such program.* The order shall also inform the owner of the existence of the borough offices within the department together with an explanation of the procedures utilized by the borough office as provided for in paragraph [eighteen] 18 of subdivision a of section [twenty-nine hundred three of the New York city] 2903 of the charter as well as a complaint and appeal process, including the right to request a reinspection and then the

Such order shall specify the work to be performed, an estimate of the cost of the work to repair the defects and the order shall also specify a reasonable time for compliance, provided that the time for compliance shall be a minimum of 75 days. The department shall, by appropriate regulations, provide for a reinspection by a different departmental inspector than the inspector that conducted the first or original inspection upon request of the property owner to the appropriate borough office. Where appropriate, the department shall notify the property owner of the date of reinspection at least five days prior to the reinspection date. Such inspector conducting the reinspection shall conduct an independent inspection of the property without access to the reports from the first inspection. The inspector conducting the reinspection shall file a new report and the department shall issue a new order to the owner specifying the results of the reinspection with a detailed diagram of the property and defects by type. Such order shall also advise the owner of the procedures utilized by the borough office as provided for in paragraph [eighteen] 18 of subdivision a of section [twenty-nine hundred three of the New York city] 2903 of the charter and also of the right to challenge the notice of account and/or the quality of the work performed by filing a notice of claim with the office of the comptroller and thereafter a petition and commence a proceeding to review and/or correct the notice of account and/or the quality of the work performed under the direction of or by the department as provided in sections 19-152.2 and 19-152.3 of the code and specify the procedures as to how to appeal by filing a notice of claim with the office of the comptroller of the city of New York and how to file a petition and commence a proceeding to review and/or correct the notice of account and/or the quality of the work performed and the location where the forms may be obtained.

Upon entry by the city collector, in the book in which such charges are to be entered, of the amount definitely computed as a statement of account by the department, such debt shall become a lien prior to all liens or encumbrances on such property, other than taxes. An owner shall be deemed to have complied with this subdivision if he or she obtains a permit from the department to perform such work as specified in the order within the time set forth therein and completes such work within [ten] 10 days thereafter. *Notwithstanding the foregoing provisions, if an owner shows that the department of parks and recreation included any portion of the sidewalk abutting the property in a program by which such department repairs, reconstructs or repaves sidewalk flags due to damage caused by a street tree under the jurisdiction of such department, then costs and expenses incurred by the department of transportation for work performed under this subdivision shall be waived, except with respect to sidewalk flags that the department of parks and recreation expressly indicated that it would not repair pursuant to such program.*

Res. No. 765

Resolution calling on the New York State Legislature to pass, and the Governor to sign, legislation rectifying any conflicts between the state’s medical marijuana regulations and recreational marijuana regulations.

By Council Member Rivera.

Whereas, On July 7, 2014, New York Governor Andrew Cuomo signed into law the Compassionate Care Act (CCA), making New York the 23rd state to legalize medicinal marijuana; and

Whereas, Within the New York State Public Health Law, medical marijuana is defined as all parts of the plant of the genus Cannabis, including the seeds, resin extracted from any part of the plant, and every compound, manufacture, salt, derivative, mixture, or preparation of the plant, its seeds or resin, intended for medical use; and

Whereas, According to the New York Times, studies have documented positive medical outcomes when one uses medical marijuana, including the complete resolution of nausea and vomiting due to chemotherapy; and

Whereas, New Yorkers can obtain medical marijuana if they have certain debilitating or life-threatening conditions, such as cancer, HIV or AIDS, amyotrophic lateral sclerosis (ALS), Parkinson’s disease, multiple sclerosis, chronic pain, or post-traumatic stress disorder; and

Whereas, As of June 30, 2018, a total of 61,198 patients in New York State had active certifications to use medical marijuana; and

Whereas, Governor Cuomo has announced his intention to legalize recreational marijuana throughout the state, which raises concerns for those enrolled in the medical marijuana program; and

Whereas, According to the Burlington Free Press, Vermont had two conflicting sets of marijuana laws on the books once recreational marijuana was legalized, such as different possession laws, and this caused confusion and concerns for those who used medical marijuana; and

Whereas, According to City & State, the Governor’s current proposal to legalize recreational marijuana mostly transfers the program intact to a new office, the Office of Cannabis Management; and

Whereas, Despite the program mostly remaining intact, there is a risk the medical marijuana program would suffer because registered patients may turn to recreational marijuana use, since it is significantly

cheaper, unless the addition of recreational marijuana drives down the medical marijuana prices, the Times Union points out; and

Whereas, City & State notes that many patients would still benefit from consultations with doctors who can recommend the best course of action, even if they have access to recreational marijuana; and

Whereas, The creation of a recreational marijuana program should not hinder the use of medical marijuana in our communities, which, with a guardian or caregiver's support, a person of any age can obtain; and

Whereas, Currently individuals who receive medical marijuana can receive up to a 30 day supply of the dosage they are prescribed and must follow strict guidelines to transport and carry their medical marijuana, and the legalization of recreational marijuana should mirror these protocols as closely as possible; and

Whereas, The Times Union points out the concerns over who can cultivate and distribute recreational marijuana, a topic which must be taken seriously and pursued cautiously to ensure that communities that have been the prime targets of marijuana criminal enforcement for decades, largely communities of color with high poverty levels, share in the benefits; and

Whereas, The State should ensure the medical marijuana program continues to grow, for example, by increasing advertising and instituting further patient protections, such as ensuring providers within all medical facilities can prescribe medical marijuana; and

Whereas, To ensure the medical marijuana program stays intact and available to those who utilize it, and to ensure it keeps improving and becomes even more accessible to the public, the state should examine the impacts the legalization of recreational marijuana could have on the program; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to pass, and the Governor to sign, legislation rectifying any conflicts between the state's medical marijuana regulations and recreational marijuana regulations.

Resolution calling on the State Legislature to pass, and the Governor to sign legislation amending its Multiple Dwelling Law to encourage lawful conversions of underused industrial and commercial environments in order to create diverse, affordable, and safe living environments for New Yorkers.

By Council Member Rosenthal.

Whereas, New York City is facing a housing shortage, with a city-wide rental vacancy rate of 3.6 percent according to the 2018 New York City Housing and Vacancy Survey; and

Whereas, The City's population has increased by over 400,000 since the 2010 census; and

Whereas, Approximately 180,000 housing units have been created in the City this past decade; and

Whereas, Over half of New York City's renters are "rent-burdened" meaning that they pay more than 30 percent of their income in rent; and

Whereas, 76,000 workers are employed in manufacturing jobs in New York City, a decrease from the high of 1,000,000 workers in 1950; and

Whereas, There is a surplus of underused space, due to the continuing decline of the manufacturing sector in New York City; and

Whereas, Many New Yorkers are forced to resort to living in interim dwelling units, which are illegally converted commercial buildings, factories, and cellars that do not have valid certificates of occupancy; and

Whereas, Many of these illegally converted spaces do not comply with the New York City building or housing maintenance codes with respect to the requirements for heat, hot water, fire safety, ventilation, pests, vermin, mold, and allergens; and

Whereas, The tenants of these interim dwelling units should have a right to habitable living standards and protections such as rent stabilization and a lease renewal option; and

Whereas, The landlords of these interim dwelling units should have a recognized lease agreement with their tenants and be able to provide tenants with safe living standards; and

Whereas, Better regulation of these converted spaces will enable greater safety and enforcement; and

Whereas, Penalties for violations of the Multiple Dwelling Law would discourage landlords from neglecting maintenance of the interim dwelling units; and, now therefore be it

Resolved, That the Council of the City of New York calls on the State Legislature to pass, and the Governor to sign legislation amending its Multiple Dwelling Law to encourage lawful conversions of underused industrial and commercial environments in order to create diverse, affordable, and safe living environments for New Yorkers.

A Local Law to amend the administrative code of the city of New York, in relation to requiring reports on police department response times to minor traffic crashes

Be it enacted by the Council as follows:

Section 1. Section 14-153 of the administrative code of the city of New York, is amended by adding a new subdivision e to read as follows:

e. 1. Definitions. For the purposes of this section, the following terms have the following meanings:

Dispatch time. The term "dispatch time" means the interval of time between the time the information received by the 911 telephone operator is entered into the 911 emergency assistance system and the assignment of a police unit to the scene of the incident.

Non-critical vehicular crash. The term "non-critical vehicular crash" means a traffic crash where no injuries were sustained or any injury would not be deemed critical by emergency service personnel responding to such incident.

Response time. The term "response time" means the sum of dispatch time and travel time.

Travel time. The term "travel time" means the interval of time between the assignment of a police unit and the arrival of the first police unit at the scene of the non-critical vehicular crash.

2. No later than June 1, 2019, and every month thereafter, the department shall complete a study of response times to non-critical vehicular crashes, including, but not limited to, those involving pedestrians, and shall file with the mayor and the speaker of the council, and post on the department's website, a report disclosing the following:

- (a) The amount of time between the 911 call, dispatch time, and response time;*
- (b) Whether any pedestrians were involved in the non-critical vehicular crash; and*
- (c) Whether any injuries were sustained due to the non-critical vehicular crash.*

3. All the information reported pursuant to this subdivision shall be disaggregated by police precinct, borough and zip code.

4. No later than December 1, 2019, and every December 1 thereafter, the police commissioner shall submit to the mayor and the council recommendations to reduce department response times to non-critical vehicular crashes.

§ 2. This local law takes effect immediately.

Res. No. 767

Resolution calling upon the New York State Legislature to pass and the Governor to sign legislation requiring domestic violence and sexual assault awareness education for persons engaged in the practice of nail specialty, waxing, natural hair styling, esthetics and cosmetology, and providing a meaningful discount for salon professionals renewing their licenses.

By Council Members Salamanca, Brannan and Holden.

Whereas, Domestic violence (DV) is a pattern of offenses committed by and against members of the same family or household, and individuals who are or have been in an intimate relationship, where the abuser exerts power and control over the victim; and

Whereas, Intimate partner violence (IPV), a subset of DV, refers to a pattern of abusive behavior involving victims and offenders who are married, formerly married, have a child in common, or are involved in an intimate relationship to gain or maintain power and control; and

Whereas, DV and IPV, which includes economic, emotional, physical and sexual abuse and controlling behaviors, occurs in all settings and among all cultural, religious and socioeconomic groups but primarily affects women and racial and ethnic minorities; and

Whereas, DV is a crime in the state of New York, and while overall crime rates have fallen in New York City (NYC) over the past decade, the number of DV homicides has remained steady and DV has assumed a larger percentage of overall crime; and

Whereas, Annually, more than 80,000 phone calls are placed to the NYC Domestic Violence Hotline, 1-800-621-HOPE, and the New York Police Department (NYPD) responds to approximately 230,000 DV incidents; and

Whereas, NYC Family Justice Centers (FJCs), co-located multidisciplinary service centers operated by the Mayor's Office to End Domestic and Gender-based Violence (ENDGBV), exist in each borough to assist DV survivors with securing emergency shelter and permanent housing, orders of protection, financial aid, health care and filing police reports, as well as to connect them with organizations that provide case management, economic empowerment, counseling, civil legal and criminal legal assistance; and

Whereas, Although FJCs provide free and confidential services to all survivors of domestic and gender-based violence and their children regardless of age, sexual orientation, gender identity, language spoken, immigration status, or income, many are either unaware of available support or have concerns that discourage them from accessing services; and

Whereas, Decades of research shows that most women experiencing abuse never call the police or go to a shelter, and are more likely to disclose to someone they trust; and

Whereas, In 2017, the state of Illinois passed a law to require Barber, Cosmetology, Esthetics, Hair Braiding and Nail Technology licensees to complete one hour of DV and sexual assault awareness education; and

Whereas, According to WYCA Evanston/North Shore, the largest provider of comprehensive DV services serving north suburban Cook County in Illinois, salon professionals are in a unique position to recognize the signs and symptoms of DV in their clients and co-workers and directly refer them to supportive services; and

Whereas, S.96, sponsored by State Senator Todd Kaminsky, would amend the general business law in relation to ensuring the availability of training for all nail specialty, waxing, natural hair styling, esthetics and cosmetology licensees and those applying for license renewal, as well as a 10 percent reduction in licensing and renewal fees for any applicant who has completed such training; and

Whereas, According to the justification for S.96, “[salon professionals] frequently have a good rapport with their customers, a basis of trust has often been established, and the salon itself can be viewed a safe haven for many victims,” and “[t]he regular patronization of salon services is a common denominator among the vast majority of [DV victims]; and

Whereas, A.57, sponsored by State Assembly Member Linda Rosenthal, would require DV and sexual assault awareness education for individuals engaged in the practice of nail specialty, waxing, natural hair styling, esthetics and cosmetology and establishes such education programs; and

Whereas, Since 2017, after Illinois became the first state to require salon professionals to complete a one-hour awareness and training course about domestic violence and sexual assault in order to renew their two-year license, 14 other states have introduced or passed similar pieces of legislation; and

Whereas, Mandatory DV and sexual assault training for salon professionals would expand awareness in the state of New York, as well as add a new opportunity for DV survivors to be connected to counseling services, safe housing and, where warranted, access to protections and criminal justice services; and

Whereas, According to the Division of Licensing Services at the Department of State, the majority of fees for initial application and renewal fees for salon professionals is \$40, meaning the reduction prescribed by S.96 would only be \$4, while a 25 percent, or \$10, reduction in licensing and renewal fees for license renewal would encourage more individuals to undergo such education; now, therefore be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to pass and the Governor to sign legislation to requiring domestic violence and sexual assault awareness education for persons engaged in the practice of nail specialty, waxing, natural hair styling, esthetics and cosmetology, and providing a meaningful discount for salon professionals renewing their licenses..

3. The division shall develop and maintain relationships with organizations representing LGBT owned business enterprises and solicit their support and assistance in efforts to increase participation of LGBT owned business enterprises in city procurement. The division shall further keep agencies informed of conferences, contractor fairs, and other services that are available to assist them in pursuing the objectives of this section.

4. The division shall also educate prime contractors on opportunities to partner or subcontract with certified LGBT owned business enterprises.

d. Rulemaking. The commissioner shall promulgate such rules and regulations as are necessary to enforce this section.

During the Communication from the Speaker segment of this Meeting, the Speaker (Council Member Johnson) asked that the public contact their Congressional representatives to urge them to replenish the 9/11 Victims Fund before survivor benefits are cut by 70%. The Fund was set up to help 9/11 survivors who were struggling with the sicknesses that developed as a result of their time at Ground Zero. He thanked advocates John Feal and Jon Stewart for bringing this issue to the attention of Congress at a recent Washington, D.C. Victim Funds rally. The Speaker (Council Member Johnson) also acknowledged that the New York Congressional delegation was leading the fight for the Fund in a bi-partisan manner.

Also during the Communication from the Speaker segment of this Meeting, the Speaker (Council Member Johnson) acknowledged that March 1st marks the twenty-fifth anniversary of the death of 16-year-old Ari Halberstam. Ari was targeted and brutally murdered in an act of terrorism by a gunman on the ramp to the Brooklyn Bridge. The Speaker (Council Member Johnson) asked that we all stand up against the rise of anti-Semitism in the world. He emphasized that he stood with the Council's Jewish Caucus in the fight against anti-Semitism as well as hatred and bigotry of all forms.

Additionally during the Communication from the Speaker segment of this Meeting, the Speaker (Council Member Johnson) acknowledged that it was Black History Month and praised the Council's Black, Latino and Asian Caucus for the previous evening's celebration of African-America culture. He commended Council Adams for her singing at the City Hall gala and praised Council Members and caucus co-chairs Miller and Rodriguez for their leadership in organizing the event.

Finally during the Communication from the Speaker segment of this Meeting, the Speaker (Council Member Johnson) congratulated Council Member Jumaane Williams on his victory in the February 26th, 2019 Special Election for Public Advocate. He noted that Council Member and Public Advocate-elect Williams had embodied the spirit of helping New Yorkers in need. The Speaker (Council Member Johnson) praised Council Member Williams for his achievements as those assembled in the Chambers applauded and cheered. He also acknowledged and congratulated Council Members Espinal, Rodriguez, and Ulrich on their respective campaigns for Public Advocate as well.

Whereupon on motion of the Speaker (Council Member Johnson), the Majority Leader and Acting President Pro Tempore (Council Member Cumbo) adjourned these proceedings to meet again for the Stated Meeting of Wednesday, March 13, 2019.

MICHAEL M. McSWEENEY, City Clerk
