INVOCATION

The Invocation was delivered by Monsignor Kevin Sullivan, serving as the Executive Director of Catholic Charities, Archdiocese of New York, located at 1011 First Avenue, New York, NY 10022 and In Residence at the Roman Catholic Parish of Our Saviour, located at 59 Park Avenue, New York, NY 10016.

All mighty God, one more we ask your blessing upon this gathering.
 This important meeting in which those elected officials of this great City of New York
 will vote to provide the resources necessary that the City thrive.
 That we take care of those who are in need.
 That we provide for the many things that make this a great metropolis.
 We give you thanks for the diligence,
 that in this time in which there is so much suspicion of those in elected office,
 we ask your blessing that those who have stood for office, that they be blessed.
 They be blessed with integrity, that they be blessed with vision.
 They be blessed with passion and they be blessed with ability to work together.
 And so, we give you thanks for these women and men
 who do this service on behalf of all of them.
 And as we approach this summertime,
 especially bless the children of our city who will finish this school year
 and will have the summertime for relaxation but also, for growth who will work.
 And we also ask your blessing on the new children
 who come to our city, our metropolis,
 from distant countries because they flee the violence, the extortion,
 the lack of opportunity in our southern neighbors.
 Continue to make us a welcoming city,
 so that they might make a new life here but not merely for them,
 but that they continue to enhance and make us a stronger place.
 Bless the families of this great city, they come in so many different shapes and sizes.
 They come in different varieties, bless them all
 that they might be in places where love abounds.
 Where children are supported, and people grow and are empowered.
 And yes, bless our religious institutions and we who invoke your name God,
 may not think that we are all that perfect.
 But bless our institutions with integrity
 and when we have sinned, as my church has,
 bless us with the ability to correct ourselves and to humbly ask for your grace.
 And since it is summer Lord, we just have kind of one more request
 and you are doing a good job in blessing our New York Yankees.
 I might add, two places ahead of our colleagues from Boston.
 Could you do a little better job with the Mets?
 They need your help, so do that and help us to relax this summer.
 And so, we ask you for a special favor.
 Give us all an abundance of ice cream in our favorite colors and flavors
 with a dearth of calories.
 All that we ask,
 Amen.

Thank you.

The Speaker (Council Member Johnson) moved to spread the Invocation upon the record.

REPORTS OF THE STANDING COMMITTEES**Report of the Committee on Finance**

Report for Int. No. 1607

Report of the Committee on Finance in favor of approving and adopting, a Local Law to amend the administrative code of the city of New York, in relation to reducing the commercial motor vehicle tax for medallion taxicabs.

The Committee on Finance, to which the annexed proposed local law was referred on June 13, 2019 (Minutes, page 2225), respectfully

REPORTS:**I. Introduction**

On June 19, 2019, the Committee on Finance, chaired by Council Member Daniel Dromm, will hold a second hearing on Introduction (Int.) Number (No.) 1607, sponsored by Council Member Ydanis Rodriguez, a Local Law to amend the administrative code of the city of New York, in relation to reducing the commercial motor vehicle tax for medallion taxicabs. The legislation was heard as a Preconsidered Int. on June 13, 2019 by the Committee on Finance (“Committee”). The Committee heard testimony from members of the public. The legislation was subsequently introduced to the full Council as Int. No. 1607. The legislation will now be considered by the Committee for a vote.

II. Background

The Commercial Motor Vehicle Tax (CMVT)¹ is a tax imposed on the owner of a 1) vehicle used for the transportation of passengers (including medallion taxicabs,² omnibuses,³ and other passenger vehicles⁴) in the City, and 2) any other non-passenger transporting commercial vehicle used principally in the City or principally in connection with a business carried on in the City.⁵

¹ See generally Chapter 8 of Title 11 of the Administrative Code of the City of New York.

² A medallion taxicab is a motor vehicle for transportation of passengers which is duly licensed as a taxicab by the taxi and limousine commission and permitted to accept hails from passengers in the street. See § 11-801(15).

³ An omnibus is any motor vehicle for transportation of passengers for hire having a seating capacity of more than seven persons. See § 11-801(6).

⁴ Other passenger vehicles include any motor vehicle licensed as a taxicab or as a coach, or any motor vehicle, not so licensed, which carries passengers for compensation, including limousine service, whether the compensation paid by or on behalf of the passenger is based on mileage, trip, time consumed or any other basis. See § 11-801(4)(a).

⁵ A commercial motor vehicle not for the use or transportation of passengers includes any truck, tractor, trailer or semi-trailer, and any other motor vehicle constructed or specially equipped for the transportation of goods, wares and merchandise which is commonly known as an auto truck or light delivery car; Any traction engine, road roller, tractor crane, truck crane, power shovel, road building machine, snow plow, road sweeper, sand spreader, well driller, or well servicing rig; and any earth moving equipment as defined in the vehicle and traffic law. See § 11-801(3).

The CMVT is an annual flat tax based on the type and maximum gross weight of the vehicle as follows:

VEHICLE CLASS	ANNUAL TAX
Passenger Transportation Vehicles:	
Medallion taxicabs	\$1,000
All other vehicles	\$400
Non-Passenger Motor Vehicles with a Maximum Gross Weight	
Of 10,000 pounds or less and vehicles with NYS registration code 26	\$40
10,001 to 12,500 pounds	\$200
12,501 to 15,000 pounds	\$275
15,001 pounds or more	\$300

The CMVT imposed on medallion taxicabs is payable in semi-annual installments of \$500 with the first payment due on June 1 of each year and the second payment due on December 1 of each year.⁶

III. Analysis of Int. No. 1607

Section 1 of Int. No. 1607 would provide that the imposition of a \$1,000 annual tax on medallion taxicabs and a \$400 annual tax on other motor vehicles for the transportation of passengers would be applicable only to tax years beginning on and after June 1, 1990 and ending on or before May 31, 2019.

Section 2 of Int. No. 1607 would provide that for tax years beginning on or after June 1, 2019, the applicable tax would be \$400 for all motor vehicles for the transportation of passengers, including medallion taxicabs.

Section 3 of Int. No. 1607 would provide that any medallion taxicab owner who has already paid any portion of the commercial motor vehicle tax for the tax year beginning on June 1, 2019 that exceeds the reduced \$400 tax may be issued a refund or a credit by the Commissioner of Finance without submission of a written application.

Section 4 of the Int. No. 1607 would provide that the legislation would take effect immediately and be retroactive to and deemed to have been in effect on May 31, 2019.

**THE COUNCIL OF THE CITY OF NEW YORK
FINANCE DIVISION**

LATONIA MCKINNEY, DIRECTOR
FISCAL IMPACT STATEMENT

INTRO. NO: 1607
COMMITTEE: Finance

⁶ See § 11-808(c).

TITLE: A Local Law to amend the administrative code of the City of New York, in relation to reducing the commercial motor vehicle tax for medallion taxicabs. **SPONSOR(S):** Council Member Rodriguez.

SUMMARY OF LEGISLATION: Intro. 1607 would reduce the commercial motor vehicle tax imposed on medallion taxicabs from \$1,000 to \$400 to be equal to the commercial motor vehicle tax imposed on all other for-hire vehicles.

EFFECTIVE DATE: This local law would take effect immediately and is retroactive to and deemed to have been in effect as of May 31, 2019.

FISCAL YEAR IN WHICH FULL FISCAL IMPACT ANTICIPATED: Fiscal 2020

FISCAL IMPACT STATEMENT:

	Effective FY19	FY Succeeding Effective FY20	Full Fiscal Impact FY20
Revenues	(\$1,193,800)	(\$7,162,800)	(\$7,162,800)
Expenditures	\$0	\$0	\$0
Net	(\$1,193,800)	(\$7,162,800)	(\$7,162,800)

IMPACT ON REVENUES: It is anticipated that this legislation would reduce revenues by \$7,162,800 annually. As of March 2019, the Department of Transportation reports that there are 11,938 active taxicab medallions in the City. Therefore, reducing the tax on those vehicles by \$600 dollars would lead to a revenue decrease of \$7,162,800 million annually. Under current law, the \$1,000 tax payment is made in two installments, with \$500 due on June 1 and \$500 due on December 1. Therefore, because the taxi medallions have already paid \$500 on June 1, 2019, and this law reduces their tax liability to \$400 for the year, anyone who has already paid the tax is entitled to a \$100 refund or credit. Therefore, the cost for Fiscal 2019 would be \$1,193,800 in refunds or credits.

IMPACT ON EXPENDITURES: It is anticipated that there would be no impact on expenditures resulting from the enactment of this legislation.

SOURCE OF FUNDS TO COVER ESTIMATED COSTS: General Fund

Report for M-171

Report of the Committee on Finance in favor of approving a Communication from the Office of Management & Budget regarding the transfer of City funds between various agencies in Fiscal Year 2019 to implement changes to the City's expense budget, pursuant to Section 107(b) of the New York City Charter (MN-5).

The Committee on Finance, to which the annexed preconsidered communication was referred on June 19, 2019 and which same communication was coupled with the resolution shown below, respectfully

REPORTS:

Introduction. At a meeting of the Committee on Finance of the City Council of the City of New York (the “City Council”) on June 19, 2019, the Committee on Finance considered a communication, dated June 18, 2019, from the Office of Management and Budget of the Mayor of the City of New York (the “Mayor”), of a proposed request, attached hereto as Exhibit “1” (the “Modification”), to modify units of appropriation and transfer city funds between various agencies in the amount of \$1,264,995,067 in the Fiscal Year 2019 expense budget as adopted by the Council on June 14, 2018, pursuant to Section 107(b) of the Charter of the City of New York (the “Charter”).

Analysis. The Council annually adopts the City’s budget covering expenditures other than for capital projects (the “expense budget”) pursuant to Section 254 of the Charter. On June 14, 2018, the Council adopted the expense budget for Fiscal Year 2019 (the “Fiscal 2019 Expense Budget”). This modification implements expense budget changes which were reflected in the City’s Executive and Adopted Financial Plans and reallocates appropriations that were included in the Fiscal 2019 Adopted Budget to fund City Council local initiatives. The net effect of the Modification is zero.

For more detail on the funding transfer between agencies, see Appendix A of the Modification attached hereto as Exhibit “1.”

Procedure. If the Mayor wishes to transfer part or all of any unit of appropriation to another unit of appropriation from one agency to another; or when a transfer from one unit of appropriation to the another, and such transfer results in any unit of appropriation being increased or decreased by the greater of five percent or \$50,000, section 107(b) of the Charter requires that the Mayor must first notify the Council of the proposed action. Within 30 days after the first stated meeting of the Council following receipt of such notice, the Council may disapprove such proposed action. If the Council fails to approve or disapprove such proposed action within such 30-day period, the proposed action becomes effective and the Mayor has the authority to make such transfer.

Description of Above-captioned Resolution. In the above-captioned resolution, the Council would approve the Modification pursuant to Section 107(b) of the Charter. Such resolution would take effect as of the date of adoption.

Report for M-172

Report of the Committee on Finance in favor of approving a Communication from the Office of Management & Budget regarding the appropriation of new revenues in Fiscal Year 2019, pursuant to Section 107(e) of the New York City Charter (MN-6).

The Committee on Finance, to which the annexed preconsidered communication was referred on June 19, 2019 and which same communication was coupled with the resolution shown below, respectfully

REPORTS:

Introduction. At the meeting of the Committee on Finance of the City Council on June 19, 2019, the Council considered a communication from the Office of Management and Budget of the Mayor, dated June 18, 2019, of a proposed request to modify, pursuant to Section 107(e) of the Charter of the City of New York, the Fiscal 2019 Expense Budget Plan, and the revenue estimate related thereto prepared by the Mayor as of June 18, 2019.

Analysis. The Council annually adopts the City's budget covering expenditures pursuant to Section 254 of the Charter. On June 14, 2018, the Council adopted the expense budget for fiscal year 2019 (the "Fiscal 2019 Expense Budget"). On December 20, 2018, the Council adopted MN-1, modifying the Fiscal 2019 Expense Budget, and MN-2, which appropriated new revenues. On March 28, 2019, the Council adopted MN-3, modifying the Fiscal 2019 Expense Budget, and MN-4, which appropriated new revenues. On June 18, 2019, the Mayor submitted to the Council MN-5, modifying the Fiscal 2019 Expense Budget. On June 18, 2019, the Mayor submitted to the Council a revenue estimate MN-6, related to the Fiscal 2019 Expense Budget.

Circumstances have changed since the Council last amended the Fiscal 2019 Expense Budget.

Section 107(e) provides one mechanism for the Mayor and the Council to amend the Expense Budget and related revenue estimate to reflect changes in circumstances that occur after adoption of a budget. Section 107(e) permits the modification of the budget in order to create new units of appropriation, to appropriate new revenues from any source other than categorical federal, state and private funding, or to use previously unappropriated funds received from any source.

Discussion of Above-captioned Resolution. The above-captioned resolution would authorize the modifications to the Fiscal 2019 Expense Budget and related revenue estimate requested in the communication.

This modification (MN-6) seeks to increase revenues in the net amount of \$1.11 billion compared to the most recent Revenue Budget Modification (MN-4). This represents an increase in City funds of approximately 1.7 percent.

MN-6 recognizes \$1.11 billion in increased revenues. Tax revenues increased by \$642.8 million since the February 2019 Financial Plan. The largest contribution to the increase, \$787.0 million, came from personal income tax collections, which benefited from strong tax extensions in April. Additional tax revenues included \$167 million from the business corporation tax, which benefited from strong corporate profits. Offsetting these increases was \$120.0 million in reduced revenues from the real property tax. There was also \$158.0 million in reduced collections from the unincorporated business tax.

Miscellaneous revenues increased by \$416.8 million since the February 2019 Financial Plan. This included \$150.7 million in Mayoral sundries, mostly pertaining to a legal settlement. There was \$35.0 million in Department of Education sundries, relating to a transfer from an Education Construction Fund surplus. There was \$30.0 million in Small Business Services sundries, relating to an asset sale. There was \$45.9 million from net fines for parking violations, and \$28.3 million from construction permits.

Unrestricted intergovernmental aid increased by \$50.1 million.

This budget modification uses the \$1.11 million in newly additional revenue described above to add \$852.15 million to the Budget Stabilization Account, which will prepay debt service for Fiscal 2020, prepay \$200.0 million to Health and Hospitals, and upwardly adjust the General Reserve by \$57.53 million.

The resolution would also direct the City Clerk to forward a certified copy thereof to the Mayor and the Comptroller so that the Mayor, the Comptroller and the City Clerk may certify the Fiscal 2019 Expense Budget as amended thereby as the budget for the remainder of the fiscal year. The above-captioned resolution would take effect as of the date adopted.

SUBJECT: A Budget Modification (MN-6) for Fiscal 2019 that will appropriate \$1.11 billion in new revenues.

INITIATION: By letter dated June 18, 2019, the Director of the Office of Management and Budget submitted to the Council, pursuant to section 107(e) of the New York City Charter, a request to appropriate \$1.11 billion in new revenues. These new revenues will be used for prepayments of \$852.15 million to increase the Budget Stabilization

Account and \$200.0 million for Health and Hospitals, and to make a \$57.53 million adjustment to the General Reserve.

BACKGROUND: This modification (MN-6) seeks to recognize \$1.11 billion in new revenues, implementing changes reflected in the 2019 Executive and Adopted Financial Plan. These funds will add \$852.15 million to the Budget Stabilization Account to prepay debt service for Fiscal 2020, prepay \$200.0 million to Health and Hospitals, and upwardly adjust the General Reserve by \$57.53 million.

FISCAL IMPACT: This modification represents a net increase in the Fiscal 2019 budget of \$1.11 billion.

Accordingly, this Committee recommends its adoption.

In connection herewith, Council Member Dromm offered the following resolution:

Res. No. 966

RESOLUTION APPROVING A MODIFICATION (MN-6) PURSUANT TO SECTION 107(e) OF THE CHARTER OF THE CITY OF NEW YORK.

By Council Member Dromm.

Whereas, At a meeting of the Committee on Finance of the City Council of the City of New York (the "City Council") on June 19, 2019, the Committee on Finance considered a communication, dated June 18, 2019, from the Office of Management and Budget of the Mayor of the City of New York (the "Mayor"), of a proposed request to recognize a net increase in revenue pursuant to Section 107(e) of the Charter of the City of New York (the "Charter"), attached hereto as Exhibit A (the "Request to Appropriate"); and

Whereas, Section 107(e) of the Charter requires the City Council and the Mayor to follow the procedures and required approvals pursuant to Sections 254, 255, and 256 of the Charter, without regard to the dates specified therein, in the case of the proposed appropriation of any new revenues and the creation of new units of appropriation; and

Whereas, Section 107(e) of the Charter requires that any request by the Mayor respecting an amendment of the budget that involves an increase in the budget shall be accompanied by a statement of the source of current revenues or other identifiable and currently available funds required for the payment of such additional amounts, attached hereto as Exhibit B (together with the Request to Appropriate, the "Revenue Modification");

Report for M-173

Report of the Committee on Finance in favor of approving a Communication from the Chancellor regarding the submission of the proposed five-year Capital Plan FY 2020 – 2024.

The Committee on Finance, to which the annexed preconsidered communication was referred on June 19, 2019 and which same communication was coupled with the resolution shown below, respectfully

REPORTS:

Introduction. On February 1, 2019, the Council of the City of New York (“Council”) received a communication from the Chancellor of the New York City Public Schools (“Chancellor”), officially transmitting the Proposed Five-Year Educational Facilities Capital Plan for Fiscal Years 2020-2024 (the “Revised Proposed Plan”). This resolution constitutes the Council’s approval of the Revised Proposed Plan for the City’s public school system for the period from July 1, 2019 until June 30, 2024. Council approval of each Five-Year Educational Facilities Capital Plan is required pursuant to Section 2590-p of the State Education Law (“Section 2590-p”).

Analysis. The State Education Law sets forth a planning process for repair, maintenance and construction work in the City’s public school facilities. Section 2590-p requires the Chancellor to prepare five-year educational facilities capital plans (each, a “Five-Year Plan”). These Five-Year Plans are required to break down the work proposed to be performed on the school facilities into categories called program elements and to provide cost estimates and start and completion dates for design and construction of projects.

Section 2590-p requires the Chancellor to produce a proposed plan by November 1 of the year prior to the start of the plan period. The law requires the plan to be submitted to the Community District Education Councils which are to hold public hearings. The Chancellor then revises the proposed plan and submits a revised proposed plan to the City Board (now the Panel for Education Policy, or “PEP”) no later than February 1 for its approval. Since 2002, when the State School Governance Legislation brought the City’s school system under increased Mayoral control, Section 2590-p has required the Speaker and the Mayor to approve Five-Year Plans. In addition, Section 2590-p provides for Council approval of amendments to those plans.

In accordance with Section 2590-p, the Chancellor prepared a proposed plan in November 2018. He submitted it to the Community District Education Councils, which conducted public hearings thereon and returned recommendations. The Chancellor then considered those recommendations and on February 1, 2019

submitted the Revised Proposed Plan to the PEP. The PEP approved the Revised Proposed Plan at its meeting on March 27, 2019. The Revised Proposed Plan presents a plan to spend \$17.01 billion over the five-year plan period.

Revised Proposed Plan Funding. The Revised Proposed Plan totals \$17.01 billion, with funding divided into three major categories:

- Capacity Program: \$8.76 billion, including \$7.88 billion for the construction of approximately 57,000 K-12 seats in an estimated 89 buildings.
- Capital Investment Program: \$5.18 billion, including \$2.76 billion for the Capital Improvement Program (CIP) and \$2.42 billion for School Enhancement Projects.
- Mandated Programs: \$3.07 billion for various mandated costs.

Capacity Program (\$8.76 billion). The Revised Proposed Plan allocates \$8.76 billion for the Capacity Program, which is 52 percent of the entire \$17.01 billion plan. The Capacity Program includes four elements:

1. New Capacity (\$7.88 billion). The Revised Proposed Plan reserves \$7.88 billion for new capacity, including the design and construction of 56,917 seats in an estimated 89 buildings.
2. Early Education Initiatives (\$550 million). The Revised Proposed Plan reserves \$550 million for early education capacity including pre-K for four-year-olds and 3-K for three-year-olds. This funding will allow for the identification of new locations and provide 576 new pre-K seats. These funds will also assist with the expansion of the 3-K program by creating new classrooms within existing buildings and new locations.
3. Class Size Reduction (\$150 million). The Revised Proposed Plan reserves \$150 million for Class Size Reduction, which targets additional resources to areas without seats funded through the New Capacity Program. A multi-disciplinary group comprised of representative from the DOE's Planning and Development and Early Education and Student Enrollment Divisions along with the SCA discuss and evaluate buildings that may benefit most from funding in this category. Some of the criteria considered include: high rates of overutilization per enrollment and capacity figures as noted by the Enrollment, Capacity, and Utilization report, unfunded seat need by district, use of Transportable Classroom Units, and geographic isolation.
4. Transportable Classroom Unit ("TCU") Removal (\$180 million). The Revised Proposed Plan reserves \$180 million for the removal of TCUs. The removal of TCUs began in 2013 and many TCUs cannot be removed until the construction of additional capacity is included. This category funds the additional construction of additional capacity order to remove any TCUs present at those specific sites.

Capital Investment Program (\$5.18 billion). The Revised Proposed Plan allocates \$5.18 billion for the Capital Investment Program, which is 30 percent of the entire \$17.01 billion plan. The Capital Investment Program includes two elements:

1. Capital Improvement Program (\$2.76 billion). The Revised Proposed Plan reserves \$2.76 billion for the Capital Improvement Program ("CIP"), which covers infrastructure work in existing buildings. The needs identified under this Plan are based on several factors including, the annual Building Condition Assessment Survey ("BCAS"), which provides an evaluation of the current condition of the SCA's buildings. This evaluation is considered in conjunction with the recommendations from facility personnel, school administration, and the community in which a project is being developed.

2. School Enhancement Projects (\$2.76 billion). Funding for School Enhancement Projects totals \$2.76 billion. This funding will support the continuation of the work from the FY 2015-2019 Plan to upgrade instructional spaces in existing buildings. The two main programs in this category are Facility Enhancements and Technology. Funding for technology totals \$750 million. Funding for facility enhancements totals \$1.67 billion and includes:

- \$287.5 million for facility restructuring;
- \$284 million for the Air Conditioning Initiative;
- \$25 million for the Universal Physical Education Initiative;
- \$100 million for Safety and Security;
- \$50 million for science lab upgrades;
- \$750 million for accessibility;
- \$25 million for physical fitness upgrades; and
- \$50 million for bathroom upgrades.

Mandated Programs (\$3.07 billion). Funding for Mandated Programs totals \$3.07 billion, which is 18 percent of the entire \$17.01 billion plan. This category includes:

- \$650 million for boiler conversions;
- \$200 million for asbestos abatement;
- \$10 million for lead abatement;
- \$25 million for emergency lighting;
- \$125 million for code compliance;
- \$100 million for building condition surveys;
- \$900 million for wrap-up insurance;
- \$500 million for prior plan completion costs; and
- \$550 million for emergency, unspecified, and miscellaneous.

Changes since February 2019. After the February release of the Revised Proposed Plan, additional funding, totaling \$1.09 billion, was moved and added to the City's Capital Budget to support the Plan. This additional funding will increase the total Plan from \$17.01 billion to \$18.10 billion. The specifics of how this additional funding will be allocated to the Plan were outlined by SCA at the May 20, 2019 Executive Budget hearing. These changes will be reflected in future proposed amendments to the Plan and include the following:

- \$140 million for New Capacity, an increase from \$7.88 billion to \$8.02 billion. This increase will fund two additional new schools, increasing the number of K-12 seats funded from 56,917 to 57,965, across an estimated 91 buildings.
- \$15.5 million for Early Education Initiatives: Pre-K and 3-K for All, an increase from \$550 million to \$565.5 million.
- \$254 million for the Capital Improvement Program, an increase from \$2.76 billion to \$3.01 billion.
- \$10 million for school enhancements, an increase from \$2.42 billion to \$2.43 billion.
- \$400 million for prior plan completion, an increase from \$500 million to \$900 million
- \$264 million for discretionary capital projects funded by Borough Presidents and the City Council.

Changes at Adoption. Further changes to the City's Education Capital Budget will be made at Fiscal 2020 Budget Adoption. These changes will be reflected in future proposed amendments to the DOE Five-Year Capital Plan.

Description of Above-Captioned Resolution. In the above-captioned resolution, the Council would approve the Five-Year Educational Facilities Capital Plan for 2020-2024 pursuant to §2590-p.

In connection herewith, Council Member Dromm offered the following resolution:

On motion of the Speaker (Council Member Johnson), and adopted, the foregoing matter was coupled as a General Order for the day (see ROLL CALL ON GENERAL ORDERS FOR THE DAY).

At this point, the Speaker (Council Member Johnson) announced that the following items had been **preconsidered** by the Committee on Finance and had been favorably reported for adoption.

Report for Res. No. 962

Report of the Committee on Finance in favor of approving a Resolution Computing and Certifying Base Percentage, Current Percentage and Current Base Proportion of Each Class of Real Property for Fiscal 2020 to the State Board of Real Property Services Pursuant to Section 1803-a of the Real Property Tax Law.

The Committee on Finance, to which the annexed preconsidered resolution was referred on June 19 2019, respectfully

REPORTS:

Introduction. Section 1803-a of the Real Property Tax Law requires the City Council to certify to the State Board of Real Property Services ("SBRPS") certain calculations used in the process of updating the class shares from the previous year. These calculations are made every year by the Council to reflect the following changes in each class of real property:

- a. Changes in the market value of taxable real property (as determined by SBRPS sample studies),
- b. Physical changes as a result of new construction or demolitions,
- c. Changes in taxable status, and
- d. Transfers of real property among the four classes of real property as a result of changes in use or for other reasons.

Under SBRPS regulations, the Council must update the class shares by making two separate certifications. The action to be taken in the above-referenced resolution constitutes the first step of establishing the class shares of the four classes of taxable real property in the City to which the tax levy for the Fiscal 2020 budget will be applied. The purpose of this step is to give effect to the latest class equalization rates required by Article 18 of the Real Property Tax Law. Using these rates, new estimates of market values for each class are calculated.

The second step, certifying the "adjusted base proportions," is the subject of a separate resolution that takes into account all the changes that are included in the final assessment roll, after the Tax Commission's review of taxpayer protests. Attached hereto, as Exhibit A, are definitions of terms that are used in the analysis below.

Analysis. The class equalization rates described above produce prospective current base proportions that show a decrease in Class 3 and Class 4 below the Fiscal 2019 adjusted base proportion, or "class shares" (as shown in column R of SBRPS Form RP-6700 attached to the above-captioned resolution), and increases in the class shares of Classes 1 and 2. Pursuant to Section 1803-a(1)(c) of the Real Property Tax Law, if the increase in any class exceeds five percent, the Council is directed to shift the excess (and only the excess) to any other class or classes so long as the shift does not cause the current base proportion of any other class to increase by more than five percent. Class 1 is the only class whose class share exceeds this cap. Therefore, in the above-captioned resolution, the excess above five percent from Class 1 is shifted to Classes 3 and 4.

As shown in the chart below, the shift of the increase in class share from Class 1 to Classes 3 and 4 will result in the current base proportions of all four classes to show the following changes from their adjusted base proportions in Fiscal 2019:

Class	Percent Change Before Shifting Excess to Classes 3 and 4	Percent Change After Shifting Excess to Classes 3 and 4
1	+ 10.0	+ 5.0
2	+ 1.9	+ 1.9
3	- 16.4	- 7.5
4	- 2.8	- 2.4

However, these current base proportions must still be adjusted for the physical changes and transfers among classes, which are contained in the final assessment roll. These adjustments will be made in a separate resolution constituting the Council's second step. The "adjusted base proportions" thus derived will be the class shares used for allocating the real property tax levy for Fiscal 2020.

EXHIBIT A

"Class equalization rate" represents the percentage that the total assessed value of each class is of the market value of the class, as shown in SBRPS sample studies.

"Base percentage" represents the percentage of total market value that each class constitutes in the 1989 base tax roll. The 1989 base tax roll is the one that was used in setting the tax levy for Fiscal 1990.

"Current percentage" is similar to the base percentage, but applies to the most recent year for which the SBRPS has established class equalization rates (in this case, the 2018 tax roll).

"Local base proportions" are the class tax shares used to fix the tax rates for Fiscal 1991.

"Current base proportions" are the local base proportions modified to take into account the market value changes revealed by the latest class equalization rates.

Accordingly, this Committee recommends its adoption.

Res. No. 962

RESOLUTION COMPUTING AND CERTIFYING BASE PERCENTAGE, CURRENT PERCENTAGE AND CURRENT BASE PROPORTION OF EACH CLASS OF REAL PROPERTY FOR FISCAL 2020 TO THE STATE BOARD OF REAL PROPERTY SERVICES PURSUANT TO SECTION 1803-a OF THE REAL PROPERTY TAX LAW.

By Council Member Dromm.

Whereas, This Resolution, dated June 19, 2019, computes and certifies the base percentage, current percentage, and current base proportion of each class of real property for the fiscal year beginning on July 1, 2019 and ending on June 30, 2020 ("Fiscal 2020") to the State Board of Real Property Services ("SBRPS") pursuant to Section 1803-a of the Real Property Tax Law; and

Whereas, On February 19, 2019 the SBRPS certified the final State equalization rate, class ratios and class equalization rates for the City's Fiscal 2020 assessment rolls, required by Article 18 of the Real Property Tax Law; and

Whereas, Section 1803-a(1) of the Real Property Tax Law, requires the Council to compute and certify, to the SBRPS, for each tax levy, the base percentage, the current percentage and the current base proportion of each class of real property in the City subsequent to the date on which the SBRPS files with the Clerk of the Council a certification setting forth the final state equalization rate, class ratios and class equalization rates for the City's Fiscal 2020 assessment rolls, pursuant to Section 1212 of the Real Property Tax Law; and

Whereas, Section 1803-a(1)(c) of the Real Property Tax Law requires that if any increase in the current base proportion for any class of real property, as compared with the previous year's adjusted base proportion for such class of property shall exceed five percent, such excess over five percent must be shifted to any other class of property;

NOW, THEREFORE, be it resolved by The Council of The City of New York as follows:

Section 1. Computation and Certification of Base Percentages, Current Base Percentages and Current Base Proportions for Fiscal 2020. (a) The Council hereby computes and certifies the base percentage, the current percentage and the current base percentage for the City's Fiscal 2020 assessment rolls as shown on SBRPS Form RP-6700, attached hereto as Exhibit A and incorporated herein by reference (the "CBP Certificate").

(b) The Clerk of the Council is hereby authorized and directed to execute the CBP Certificate and to file it with the SBRPS after the date on which the SBRPS filed with the Clerk of the Council a certification setting forth the final state equalization rate, class ratios and class equalization rates for the City's Fiscal 2020 assessment rolls, pursuant to Section 1212 of the Real Property Tax Law.

Section 2. Effective Date. This resolution shall take effect as of the date hereof.

Report for M-154

Report of the Committee on Finance approving the Community Development Budget for City Fiscal Year 2020, the Reallocation of Forty-Fifth Year Community Development Funds, and the Forty-Sixth Community Development Program Year.

The Committee on Finance, to which the annexed Community Development Program Budget communication was referred on May 8, 2019, (Minutes, page 1562), and which same communication was coupled with the Capital Budget resolutions shown below, respectfully

REPORTS:

Introduction. The Proposed City Fiscal Year 2020 Community Development Program, Proposed Reallocation of Forty-Fifth Year Community Development Funds, and Proposed Forty-Sixth Year Community Development Program were submitted by the Mayor to the Council on April 25, 2019 and referred to the Committee on Finance.

Analysis. The Committee on Finance held hearings on the 6th, 7th, 9th, 10th, 13th, 14th, 15th, 16th, 17th, 20th, 21st, 22nd, and 23rd of May 2019. The testimony elicited at these hearings regarding the budget as a whole and with respect to specific needs and projects was supplemented by further data developed at the meetings of the Committee on Finance, and from Council staff and representatives of City agencies. The primary concern of the Committee was that the funding contained in the Proposed City Fiscal Year 2020 Community Development Program would meet the actual and perceived needs of the communities the City of New York comprises.

In its deliberations, the Committee on Finance took into consideration the testimony of the citizenry at the public hearings and the information furnished by Council Members, staff assistants, and City agencies.

As a result of the Committee on Finance’s deliberation, the Committee recommends the following:

1. A City Fiscal Year 2020 Community Development Program totaling \$350,033,000; and
2. A Reallocated Forty-Fifth Year Community Development Program totaling \$345,970,000; and
3. A Forty-Sixth Community Development Program totaling \$273,209,000.

The Committee makes this recommendation with the stipulation that the portion of the Forty-Sixth Year Community Development budget, which will be spent in City Fiscal Year 2021 and not City Fiscal Year 2020, will be subject to review and reallocation in the City Fiscal Year 2021 Community Development budget.

The Food Pantry Services program will be administered through the Department of Youth and Community Development. Funds are expected to pay for the administrative staff and for food.

In connection herewith, Council Member Dromm offered the following resolution:

At this point, the Speaker (Council Member Johnson) announced that the following items had been **preconsidered** by the Committee on Finance and had been favorably reported for adoption.

Report for M-174

Report of the Committee on Finance in favor of approving a Resolution of the Council of the City of New York fixing the tax rate for the Fiscal Year 2020, adopted June 19, 2019 upon the recommendation of the Committee on Finance of the Council.

The Committee on Finance, to which the annexed preconsidered communication was referred on June 19, 2019 and which same communication was coupled with the resolution shown below, respectfully

REPORTS:

Introduction. This Resolution, dated June 19, 2019, provides the amounts necessary for the support of the government of the City of New York and the counties therein and for the payment of indebtedness thereof, for the fiscal year beginning on July 1, 2019 and ending on June 30, 2020 by the levy of taxes on the real property in the city of New York, in accordance with the provisions of the Constitution of the State of New York, the Real Property Tax law and the New York City Charter.

On April 25, 2019, the Mayor submitted the executive budget for Fiscal 2020 to the Council pursuant to Section 249 of the Charter. On the date hereof, the Council adopted the budget for Fiscal 2020 pursuant to Section 254 of the Charter (the "Fiscal 2020 Budget"). Pursuant to Section 1516 of the Charter, the Council must fix the annual real property tax rates immediately upon such approval of the Fiscal 2020 Budget. In the resolution, captioned above, fixing the real property tax rates for Fiscal 2020 (the "Tax Fixing Resolution"), the Council fixes the annual real property tax rates, as described in greater detail below, and authorizes the levy of real property taxes for Fiscal 2020.

Determining the Amount of the Real Property Tax Levy. In the Tax Fixing Resolution, the Council determines the amount of the real property tax levy for Fiscal 2020, pursuant to the provisions of Section 1516 of the Charter, in the following manner. First, the Council acknowledges the amount of the Fiscal 2020 Budget to be \$92,771,874,627 as set forth in the communication from the Mayor pursuant to Section 1515(a) of the Charter (the "Fiscal 2020 Budget Amount"). The Council then acknowledges the estimate of the probable amount of all non-property tax revenues to be \$63,156,842,627 as set forth in the communication from the Mayor pursuant to Section 1515(a) of the Charter (the "Fiscal 2019 Revenue Estimate"). (Attached hereto as Exhibit A is an itemization of the Fiscal 2020 Revenue Estimate, detailing all sources of revenues exclusive of real property taxes.) Finally, pursuant to Section 1516 of the Charter, the Council determines the net amount required to be raised by tax on real property to be \$29,615,032,000 by subtracting the amount of the Fiscal 2020 Revenue Estimate from the Fiscal 2020 Budget Amount.

In order to achieve a real property tax yield of \$29,615,032,000 however, due to provision for uncollectible taxes and refunds and collection of levies from prior years equal in the aggregate to \$2,014,792,245 the Council determines that a real property tax levy of \$31,629,824,245 is required. Such amount, levied at rates

on the classes of real property as further described below will produce a balanced budget within generally accepted accounting principles for municipalities.

The Council also provides for the application of the real property tax levy (net of provision for uncollectible taxes and refunds and collection of levies from prior years) to (1) debt service not subject to the constitutional operating limit, (2) debt service subject to the constitutional operating limit and (3) the Fiscal 2020 Budget in excess of the amount of the Fiscal 2020 Revenue Estimate.

Authorizing and Fixing the Real Property Tax Rates. After having determined the amount of the real property tax levy, the Council authorizes and fixes the real property tax rates. On May 28, 2019, the Commissioner of the Department of Finance (the "Commissioner") delivered the certified assessment rolls for all real property assessable for taxation in the City in each borough thereof for Fiscal 2020 to the Council, pursuant to Section 1514 of the Charter (the "Fiscal 2020 Assessment Rolls"). On June 19, 2019 the Council adopted a resolution in which the Council computed and certified the current base proportion, the current percentage and the base percentage of each class of real property in the City for Fiscal 2020 (the "Current Base Proportion Resolution"), pursuant to Section 1803-a(1) of the Real Property Tax Law. On June 19, 2019, pursuant to Section 1803-a(5) of the Real Property Tax Law, the Council adopted a resolution in which the Council adjusted the current base proportions of each class of real property in the City for Fiscal 2020, to reflect the additions to, and full or partial removal from, the Fiscal 2020 Assessment Rolls (the "Adjusted Base Proportion Resolution").

The following sections describe the determinations the Council must make before it fixes the real property tax rates and the process by which the Council fixes the real property tax rates:

Assessed Valuation Calculations. In the Tax Fixing Resolution, the Council sets out the assessed valuation calculations of taxable real property in the City by class within each borough of the City. Next, the Council sets out the assessed valuation by class of real property for the purpose of taxation in each borough of the City.

Compliance with Constitutional Operating Limit Provisions. In the Tax Fixing Resolution, the Council also provides evidence of compliance with constitutional operating limit provisions. The Council determines that the amount to be levied by tax on real property for the Fiscal 2020 Budget does not exceed the limit imposed by Section 10, Article VIII of the Constitution of the State of New York, as amended, and Article 12-A of the Real Property Tax Law (the "Operating Limit Provisions"). The Operating Limit Provisions require that the City not levy taxes on real property in any fiscal year in excess of an amount equal to a combined total of two and one-half percent (2 ½%) of the average full valuation of taxable real property in the City, determined by taking the assessed valuations of taxable real property on the last completed assessment roll and the four preceding assessment rolls of the City and applying thereto the special equalization ratio which such assessed valuations of each such roll bear to the full valuations as fixed and determined by the State Office of Real Property Services ("ORPS"), minus (i) the amount to be raised by tax on real property in such year for the payment of the interest on and the redemption of certificates of other evidence of indebtedness described in the Constitution and (ii) the aggregate amount of business improvement district charges exclusive of debt service. (Attached hereto as Exhibit B is an itemization of net reductions of the amounts to be raised by the Fiscal 2020 tax levy as authorized by New York State law for purposes of the Operating Limit determination.)

Adjusted Base Proportions. The Tax Fixing Resolution sets forth the adjusted base proportions for Fiscal 2020, pursuant to the Adjusted Base Proportion Resolution, to be used in determining the Fiscal 2020 tax rates for the four classes of property.

Tax Rates on Adjusted Base Proportions. Finally, in the Tax Fixing Resolution, the Council authorizes and fixes, pursuant to Section 1516 of the Charter, the rates of tax for Fiscal 2020 by class upon each dollar of assessed valuation of real property subject to taxation for all purposes of, and within, the City, as fixed in cents and thousandths of a cent per dollar of assessed valuation, as follows:

All One-, Two- and Three-Family Residential Real Property	0.22231
All Other Residential Real Property	0.12715
Utility Real Property	0.11598
All Other Real Property	0.10287

(Attached hereto as Exhibit C is a history of the tax rates by fiscal year).

Authorization of the Levy of Property Taxes for Fiscal 2020. The Council authorizes and directs the Commissioner, pursuant to Section 1517 of the Charter, to set down in the Fiscal 2020 Assessment Rolls, opposite to the several sums set down as the valuation of real property, the respective sums to be paid as a tax thereon and add and set down the aggregate valuations of real property in the boroughs of the City and send a certificate of such aggregate valuation in each such borough to the State Comptroller. The Tax Fixing Resolution then requires the City Clerk to procure the proper warrants, in the form attached thereto, such warrants to be signed by the Public Advocate and counter-signed by the City Clerk.

The Tax Fixing Resolution would take effect as of the date of adoption of the Fiscal 2020 Budget.

Accordingly, the Committee on Finance recommends adoption of the Tax Fixing Resolution.

Item 1: MHANY Dumont HDFC.PLP.FY19

MHANY Dumont HDFC.PLP.FY19 is comprised of seven buildings containing 45 rent-stabilized residential units, one superintendent's unit, and one commercial unit. All of the buildings are located in Brooklyn in the East New York neighborhood.

Between August 1, 1979 and April 25, 1983, all the buildings in this project were foreclosed and taken into City ownership. Through the City's Special Initiatives Program, the City conveyed the project sites to Dumont Avenue Housing Development Fund Corporation ("Dumont Avenue HDFC") for one dollar per tax lot on June 10, 1999, and Dumont Avenue HDFC entered into an enforcement lien mortgage agreement. As part of the disposition on June 10, 1999, Dumont Avenue HDFC entered into a 32 year-regulatory agreement with HPD, expiring in 2031, in exchange for receiving an Article XI property tax exemption.

HPD is requesting the Council to approve a partial, 40-year Article XI property tax exemption. Under the proposed project, MHANY Dumont HDFC ("Owner") will acquire the properties and finance their rehabilitation with loans from HPD and the Community Preservation Corporation. The Owner and HPD will enter into a regulatory agreement that would require that 12 units be made available only to households earning up to 50% of AMI, 13 units be made available only to households earning up to 65% of AMI, 13 units be made available only to households earning up to 80% of AMI, and that seven units be made available only to households earning up to 100% of AMI. Upon approval of the Council, the prior Article XI property tax exemption be terminated and replaced with a new Article XI tax exemption that is coterminous with the 40-year term of the new HPD regulatory agreement.

Approve an exemption of the Project from real property taxes pursuant to Section 577 of the Private Housing Finance Law (the “Tax Exemption”);

WHEREAS, the project description that HPD provided to the Council states that the purchaser of the Project (the “Sponsor”) is a duly organized housing development fund company under Article XI of the Private Housing Finance Law;

WHEREAS, the Council has considered the financial implications relating to the Tax Exemption;

RESOLVED:

The Council hereby grants an exemption from real property taxes as follows:

1. For the purposes hereof, the following terms shall have the following meanings:
 - a. “Effective Date” shall mean the later of (i) the date of conveyance of the Exemption Area to the HDFC, or (ii) the date that HPD and the Owner enter into the Regulatory Agreement.

All of the value of the property in the Exemption Area, including both the land and any improvements (excluding those portions, if any, devoted to business, commercial, or community facility use), shall be exempt from real property taxation, other than assessments for local improvements, for a period commencing upon the Effective Date and terminating upon the Expiration Date.
 3. Commencing upon the Effective Date, and during each year thereafter until the Expiration Date, the Owner shall make real property tax payments in the sum of the Nominal Tax. Notwithstanding the foregoing, the total annual real property tax payment by the Owner shall not at any time exceed the amount of real property taxes that would otherwise be due in the absence of any form of exemption from or abatement of real property taxation provided by an existing or future local, state, or federal law, rule, or regulation.
 4. Notwithstanding any provision hereof to the contrary:

Notwithstanding the foregoing, nothing herein shall prohibit the granting of any real property tax abatement pursuant to Sections 467-b or 467-c of the Real Property Tax Law to real property occupied by senior citizens or persons with disabilities.
