Fleet Calendar

New York City operates over 30,000 owned and leased vehicles, representing the largest municipal fleet in the United States. Of these, more than 12,000 (40 percent) are emergency service units assigned to NYPD and FDNY. Today, DCAS operates one of the largest alternative fuel fleets in the world, with more than 18,000 units using some type of alternative fuel, including electric, solar, hybrid-electric, natural gas, and biodiesel.
