

RECONSTRUCTION OF ARTHUR KILL ROAD, STATEN ISLAND
DDC CAPITAL PROJECT ID: HWR1140A

The City of New York through its Department of Design and Construction (DDC), proposed to acquire the street areas below for the reconstruction of roadways, sidewalks and curbs, pedestrian ramps, sewers, and water mains within Arthur Kill Road, Staten Island. No homes are being acquired in this project. Rather, this proposed acquisition is for properties, all within the mapped street.

At the public presentation, DDC will outline the purpose, proposed location, and other information about the project. Upon the conclusion of the presentation, DDC will be available to answer questions and concerns about the project and how the properties to be acquired may be impacted at the on-site presentation.
