

Help keep NYC waterways clean

It's a snap, get the app!

During heavy rains, the **WAIT... App** will tell you it's time to **WAIT** to use water, like doing laundry or washing dishes. When the rain passes the app will tell you it's okay to restart. By **WAITing**, you make it easier for our sewers to do their job and you help protect NYC's waterways and marine wildlife.

Download the WAIT... App Now!
